Competition Process

The basics on competing for EPA assistance programs

March 2023

Competitive Process

1. EPA prepares announcement
2. EPA posts announcement on program office website and grants.gov
3. EPA receives applications from applicants
4. EPA evaluates applications and makes selections
5. EPA Issues awards

Note: Award Official will check the Federal Awardee Performance and Integrity Information System (FAPIIS) prior to award to ensure applicant is qualified (see 2 CFR 200.206)

Overview

Objectives

To support developing, expanding, planning, implementing, and improving environmental training associated with source water and drinking water. To develop and expand capabilities of programs to carry out the purposes of the Safe Drinking Water Act (SDWA). Funding Priorities - Fiscal Year 2021: Funding priorities include providing assistance for the following training activities: (1) training personnel who manage or operate public water systems; (2) training personnel for occupations involving the public health aspects of providing safe drinking water; (3) training to develop and expand the capabilities of states and municipalities to carry out the SDWA; and (4) expanding, planning, implementing, and improving training to enable small public water systems to meet the requirements of SDWA.

Examples of Funded Projects

Fiscal Year 2021: Funding will continue to support: training states in effective implementation of SDWA requirements; training assistance to states in ground water protection and conservation; developing utility planning tools and training; capacity development support and training; training for source water protection through prevention; expanding, planning, implementing, and improving training to enable small public water systems to meet the requirements of SDWA.

Assistance Listing Description

Funding supports training associated with source water and drinking water, and projects to develop and expand capabilities of programs to carry out the purposes of the Safe Drinking Water Act (SDWA). Assistance is for expanding, planning, implementing, and improving training to enable small public water systems to meet the requirements of SDWA.

Authorizations

Before you Apply

SAM.gov and Grants.gov Registration

Before you Apply to an EPA Competitive Opportunity: SAM.gov Registration

If you want to apply for an EPA Competitive Opportunity, you need an active SAM.gov registration.

- As part of registration, SAM.gov will assign you a Unique Entity ID.
 - If you do not want to apply directly for awards, then you do not need a registration. If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete a registration. You may only need a Unique Entity ID, which is NOT the same as a SAM.gov registration.
- To see comprehensive instructions and checklist for entity registration, download the SAM.gov [Entity Registration Checklist \(PDF\)](#).
- A key part of the SAM.gov registration is identifying an [EBiz point of contact](#) (name and email address). This is key as you move forward to register in Grants.gov and apply.
- Please note that SAM.gov utilizes [Login.gov](#) since 2018. Login.gov is a free secure sign in service used by the public to sign in to participating government agencies system. The public can use the same username and password to access any agency that partners with Login.gov. This streamlines processes and eliminates the need to remember multiple usernames and passwords.

Before you Apply to an EPA Competitive Opportunity: Grants.gov Registration

You completed SAM.gov Registration and identified an [EBiz point of contact](#). Now what?

- Once you have registered in SAM.gov, and before applying for a funding opportunity, you need to register an account with Grants.gov.
 - For instructions, please view the [Intro to Grants.gov How to Register with Grants.gov video](#).
- Once you have a Grants.gov account, users may [add a profile](#) to associate with an applicant organization. See [Applicant Registration](#) for more details.
- Prior to being able to complete or submit application packages in grants.gov on behalf of your organization, your organization's EBiz POC must authorize roles. This safeguards your organization from individuals who may attempt to submit grant application packages without permission.
- Please note that Grants.gov utilizes [Login.gov](#) since February 2022. ([RAIN-2022-G03](#))

EPA Solicitation Clauses

This page identifies additional provisions that apply to competitive grant solicitations and/or awards made under solicitations, including, but not limited to, those related to confidential business information, contracts and subawards under grants, proposal assistance and communications, reporting and use of information concerning recipient integrity and performance, unique entity identifier/DUNS, SAM, disputes, and administrative capability. These solicitation clauses are important and applicants must review them when preparing applications under solicitations.

Please note that as clauses are updated, prior versions of the clauses are archived and posted on this page. The clauses applicable to a specific solicitation are based on the version of the clauses in effect as of the closing date of the solicitation. It is possible they will be updated during the open period before the solicitation is closed; therefore, to ensure that applicants are aware of the most current version of the clauses applicable to the solicitation they are applying to they should periodically check this page to see if the clauses applicable to their solicitation have been updated.

For Solicitations that Close on or after June 6, 2022

- [EPA Solicitation Clauses \(2022/06/06\)](#): Applies to solicitations that close on or after June 6, 2022.

EPA Solicitation Clauses

Except as noted all clauses apply to every award and/or solicitation. Questions about the applicability of any of these clauses should be raised to the EPA contact identified in the solicitation.

Modifications

EPA occasionally modifies announcements

- Due dates, clarification of requirements, etc.

Automatic Notification

- Sign up on Grants.gov for automatic notification of modifications to specific announcements
- Modifications posted on Grants.gov

Communicating with Applicants: Do's and Don'ts

Communications with Applicants

- See Section 11 of the [Competition Policy](#)
- Limitations on what can be discussed and when
- Pre-proposal Assistance
 - Many programs will post Q&As on a website
 - Some programs offer conference calls/webinars where applicants can ask questions
 - This type of information is usually in Section IV or VII of announcements, if applicable

Communications with Applicants

EPA can:

- Answer applicant eligibility questions-if uncertain if you are eligible or your project is eligible ask before proposal submission
- Clarify info on administrative aspects of proposal submission
- Respond to requests for clarification of the announcement

NOTE: Clarifications that result in changes to the announcement must be communicated (via modification to the announcement) to all potential applicants

Communications with Applicants

EPA **cannot**:

- Offer to write applications for applicants
- Review or comment on draft applications
- Provide information on the Agency's approach to evaluating applications beyond what is described in Section V of the announcement
- Provide a competitive advantage to any applicant

Evaluation and Selection

EPA Program Offices evaluate each eligible application using the criteria in Section V and make selections based on ranking and Other Factors listed in the funding opportunity announcement.

Applicants that are ineligible or not selected will be notified and have 15 days to request a debriefing. See [EPA's Solicitation Clauses](#) for information on requesting debriefings and filing disputes.

Selected applicants will be notified and instructed on next steps.

Selection Notification Is Not Approval to Begin Work

Selected applications undergo additional review to ensure compliance with programmatic and administrative grant requirements.

Only a Notice of Award signed by an EPA Award Official legally obligates federal funds and indicates the recipient can begin work.
