EPA

Volatile Organic Liquid Storage Vessels NSPS

On September 28, 2023, EPA proposed amendments to the new source performance standards (NSPS) for Volatile Organic Liquid Storage Vessels (including petroleum liquid storage vessels).

These amendments would help reduce emissions of volatile organic compounds (VOC) and other hazardous air pollutants.

EPA Informational Webinar

EPA is holding an informational webinar on **October 24, 2023**, at 4 PM (EST) to provide an overview of the proposed rule, information on how to effectively engage in the regulatory process, and an opportunity to participate in a Q&A session.

The webinar is free and open to the public with the target audience being Tribes and communities and organizations that may have environmental justice concerns.

Registration Information

Information about the rulemaking, including how to register for the webinar, can be found on EPA's website at <https://www.epa.gov/stationary-sources-air-pollution/volatile-organic-liquid-storage-vessels-including-petroleum>
