# ACRES | QUICK REFERENCE GUIDE

### Associating an Existing property to a Cooperative Agreement

••••

When a property is funded by multiple cooperative agreements, the property should be associated to each of those cooperative agreements in ACRES. ACRES allows users to associate existing ACRES properties to those cooperative agreements without creating duplicates.

The instructions and steps below show how to associate an existing property to an additional cooperative agreement.

#### Logging into ACRES

To log into ACRES, open your Internet Browser and enter the following URL: https://acres6.epa.gov

- **1.** Select the button.
- 2. Enter your Login.gov Email address and Password.
- **3.** Enter your security codes.

CONTRACTOR United States Environmental Protection Agency EPA GA	TEWAY						
	Select a Login Method						
	Login.gov WAA Username & Password PIV Card						
	IOGIN.GOV						
	EPA Gateway is using a credential provider to allow you to sign in to your account safely and securely.						
	If you do not have an existing Login.gov account, you will be able to create one before you log in.

#### Adding an Existing Property to one of My CA

You can add an existing property (or multiple properties) to your CA.

1. On the My Accounts card on your homepage, click the Total Cooperative Agreements link.

## ACRES QUICK REFERENCE GUIDE

2. On the My Cooperative Agreement screen, navigate to the CA to which you will add the property.

••••

- 3. Select the +View Details link.
- 4. Select the +Add a Property button.

A Quick Start - Work Packages Reports - My Account -								e or ID Advanced Search

5. For adding a property, on the Step 2 - Search for Existing Property (Avoid Duplication) screen (below), you can add filters to search the system and ensure that you are not adding a duplicate property to the CA.

May 2023

**IMPORTANT:** The best practice is to first conduct a broad search, such as selecting the **Property State** or **City**, to ensure that the property does not already have a record in the system before creating a new record.

6. Once the filters are entered, select the Apply Filter/Display Properties button.
