In accordance with Section 309(g)(4)(A) of the Clean Water Act, 33 U.S.C. § 1319(g)(4)(A) and 40 C.F.R. § 22.45(b)(1), the United States Environmental Protection Agency (EPA), Region 3 is hereby giving notice that it is proposing to file a Consent Agreement and Final Order (“CAFO”) assessing the maximum available administrative penalty under the Clean Water Act for penalties assessed in 2023: Three Hundred Twenty-Three Thousand Eighty-One Dollars (\$323,081) against Respondents manufactured home community Lyons Creek MHC, LLC and its property management company Horizon Land Management, LLC, for alleged violations of Section 301(a) of the Clean Water Act, 33 U.S.C. § 1311(a), for violations of the community’s Wastewater Treatment Plant’s National Pollutant Elimination Discharge permit.

The Respondents previously entered into an Administrative Order on Consent (“AOC”) addressing injunctive relief to improve operations at the Wastewater Treatment Plant. *See* EPA Docket No. CWA-03-2024-0007DN. The AOC was finalized on December 11, 2023. Please contact the EPA contacts listed below if you would like a copy of the AOC.

There are concurrent proposed CAFOs for three other manufactured communities also managed by Horizon Land Management, LLC: Boone’s Estates MHC, LLC (Dkt. No. CWA-03-2024-0010); Maryland Manor MHC, LLC (Dkt. No. CWA-03-2024-0012); Patuxent MHC, LLC (Dkt. No. CWA-03-2024-0013).

Notice of this proposed administrative penalty and CAFO was previously posted to EPA’s website from January 23, 2024 to March 4, 2024, but the public notice was missing EPA’s full mailing address. The administrative penalty and CAFO are being re-noticed here to cure this error. Any comments received during the previous comment period will be considered in conjunction with any comments received during this current comment period.
