INSTRUCTIONS FOR COMPLETING EPA FORM 8500-17 PAPERWORK REDUCTION ACT NOTICE

This form is to be used to request certification to purchase and apply Restricted Use Pesticides in Indian Country from the U.S. Environmental Protection Agency.

1. Fill out all of the information. An email address is requested but is not required. The phone number and address listed should be your business phone number and business address, if applicable. The phone number should be one at which you can be reached during business hours. For commercial applicators, both the address and phone number will be posted to EPA's website.

2. Enter your birth date using the numerical month-month-date-date-year-year format.

3. Enter your EPA Federal Applicator Identification number if this is a renewal or request for a replacement card.

4. Certificate Type: Check appropriate box. If this is your first application for a pesticide applicator certification in Indian Country, check "Initial Certificate". If this is a certification renewal, check "Renewal/Recertification". If contact information submitted on a previous form is erroneous or outdated (e.g., name change), please use the "Replacement (Lost Card)" option.

5. Applicator Type: Check "Private Applicator" ONLY if you will be or are applying pesticides for production of an agricultural commodity on property owned or rented by you or your employer. All other applicators check "Commercial Applicator". There is no "noncommercial" or "public" federal applicator type.

6. Certification Method: In most cases you will check "Requesting federal certificate based on valid federal, state or tribal pesticide applicator certificate or license".

6a. Enter the two-character state for which you hold a valid certificate/license, if applicable, the applicator number for your existing certificate, and expiration date. Enter the code for the category or categories for which you are currently certified/licensed. **Attach a photocopy of both sides of your current and valid federal, state or tribal pesticide applicator certification or license.** The underlying certificate needs to come from a state or tribe that shares a contiguous boundary with the area of Indian country in which you intend to apply RUPs.

6b. If you do not hold a valid federal, state or tribal applicator certificate and you are applying to be a private applicator, you may be certified after submitting documentation of completion of the on-line training course provided by EPA. A false statement in this certification, including regarding the completion of training, may be grounds for denial of certification and may be punishable by fine or imprisonment (U.S. Code, Title 18, Section 1001). **Include documentation of completion of the required training course(s).**

To apply for recertification, complete one of the options described above during the 12 months preceding the expiration of your current certificate.

7. Sign and date the application and mail or email the application with a photocopy of both sides of your existing federal, state, or tribal pesticide applicator certificate/license (if you are requesting certification based on a federal, state, or tribal certification) to the appropriate Regional office (see addresses on page 3). **To determine the appropriate Regional office and email address, see <https://www.epa.gov/pesticide-applicator-certification-indian-country/regional-contacts-pesticide-applicator>.**

Paperwork Reduction Act Notice: This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2070-0029). Responses to this collection of information are mandatory for certain persons, as specified at 40 CFR Part 158. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and record keeping burden for this collection of information is estimated to be 10 minutes per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Information Engagement Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Privacy Act Statement: Title 7 United States Code, section 136i(a)(1) authorizes the collection of this information. The primary use of this information is to identify persons certified by EPA under the Agency's federal certification plan which administers and oversees certification of applicators of restricted use pesticides. Disclosures of this information may be made pursuant to published routine uses, including to appropriate agencies for law enforcement purposes and to an EPA website for information purposes. Providing the requested information is voluntary, but failing to do so may result in EPA's inability to approve your request to become, or maintain your status as, a certified applicator of restricted use pesticides. For a full description of this system notice, including routine uses, see EPA-59 [77 FR 2060; January 12, 2012].
