

REGION 6

DALLAS, TX 75270

May 31, 2024

Mr. David A. DeSha
Director Environmental Compliance
Safety-Kleen, Inc.
Clean Harbors Environmental Services, Inc.
1722 Cooper Creek Road
Denton, Texas 76208

RE: The United States Environmental Protection Agency Region 6 Extension of Current Approval of Safety-Kleen, Inc. – Denton Recycle Center to Operate as a Commercial Storage Facility for Polychlorinated Biphenyls (PCBs) at its Facility Located in Denton, TX; EPA ID TXD077603371

Dear Mr. DeSha:

The EPA is currently reviewing your renewal application submitted in January 2024 and supplemental information submitted through May 2024 for compliance with 40 CFR 761.65. In addition, the EPA is fulfilling its obligations under the Endangered Species Act and the National Historic Preservation Act.

On May 22, 2024, the EPA Region 6 requested additional information to be submitted by June 14. The EPA is extending your current approval pursuant to regulations promulgated under section 6(e) of the Toxic Substances Control Act and codified in 40 CFR Part 761. The EPA finds that extending your current approval for operation of the commercial storage facility until October 31, 2024, does not present an unreasonable risk of injury to health or the environment.

If you have questions or comments, please contact Harry Shah at (214) 665-6457 or shah.harry@epa.gov.

Sincerely,

Smith, Melissa
