2022-NFO-03050	and a regular eater, - Pro epa		Environment In concern. The drilling down south is making a negative effect, all the way up in the Quad Cities the instable ground is reaching its far effects, all the way up the Mississippi River , and now into neighboring towns. WE are from the continent. And no drill should be dissolving our stability, this far north. We are approximately 900 miles far north, of the drill, in the gulf. Please stop. And it's time to use cleaner fuels. We would like to integrate fuel alternatives, including adding ethanol and it's time for palm. There are many resources to mining the palm. Let's use it. Begin the tree farm, again, please. Let's find ways to harness that energy and good greed, for a safer atmosphere. Nor do I drive daily. And where you flying to? Let's conserve cleaner energy. Today. For cleaner atmospheric conditions. Let's keep up the ozone check.	03/14/2022

2022-NFO-03055	Kimball, Selena	Langan Engineering and Environmental Services	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) for the property located at 4900 NW 27th Avenue, Ocala FL 34475, which consists of parcel Marion County Parcel IDs 13462-000-00, 13188-000-00 and 13517-006-00. In support of this ESA, Langan is requesting information concerning this property including the following: Health department and/or environmental department information relating to environmental code violations, storage, generation, usage, and/or spillage of hazardous substances. This also includes storage tanks, petroleum products, pollutants, and controlled substances. Building department and/or planning and zoning records concerning Certificates of Occupants, building permits from development to current date, and Activity and Use Limitations (AULs), including engineering and institutional controls. Please respond if there is a fee for request of this information. Please forward this email request to the appropriate contacts/departments. Responses can be emailed to: skimball@langan.com. If there is no information regarding the site, please respond so. Thank you.	03/14/2022

Specifically, I am looking for records regarding the storage and/or release of hazardous substances or petroleum products, including any incidents involving water or land contamination, and any permits, registrations, inspection reports, and/or notices of violation. Thank you!	03/14/2022
2022-OECA-03063	Ginsburg, Alexa	-	Hi there, I am requesting inspection records of Concentrated Animal Feeding Operations (CAFOs) from 2020-2021 in regards to the Clean Water Act.	03/14/2022
2022-NFO-03075	Adler, Samantha	Tectonic Engineering	We are performing an environmental study of Community Childcare Center, LLC located at 707 Broadway, Paterson, NJ, Block 8414, Lot 5. We wish to obtain any and all property records on file for this parcel or that includes this parcel, but not limited to: ISRA documents, planning and zoning records, health department records, construction records, emergency department files, records of chemical inspections, right to know of hazcom information, permits of any kind, environmental records, inspection records, and any underground storage tank installation/removal/records.	03/14/2022
2022-OCSPP-03076	Padilla, Merrick	-	Based on this information, "EPA's Toxics Release Inventory tracks the management of 770 chemicals that pose a threat to human health and the environment. Our latest data shows that the release of these toxic chemicals declined by 10% between 2019 and 2020." I would like to access the records relating to this study. I am a student journalist at San Francisco State University practicing FOIA requests.	03/14/2022
2022-NFO-03079	Schlegel, Kalie	-	I am requesting records regarding the property located at 2850 Soquel Avenue, Capitola, California. Specifically, I am looking for records regarding the storage and/or release of hazardous substances or petroleum products, including any incidents involving water or land contamination, and any permits, registrations, inspection reports, and/or notices of violation. Thank you!	03/14/2022
2022-OCSPP-03082	Z., Lily	-	Please provide an e-copy of Volume 1 - EPA (Registration) Jacket - for EPA Reg. No. 11556-154, Flumethrin Technical.	03/14/2022
2022-OAR-03087	Snashall, Micaela	Perkins Coie LLP	<p>1. On July 1986, the EPA submitted an information request under Section 114 of the Clean Air Act ("1986 Request") to miscellaneous sterilizers and fumigators identified during an "extensive survey of potential users." At least 113 facilities responded to the survey, and the EPA used this information to build at least part of an "EPA sterilization data base," which included 203 facilities. See PDF p. 15.</p> <p>I request any and all documents and communications related to the 1986 Request, including any documents and communications the EPA sent to or received from sterilization operators. I also request any and all documents and communications related to the EPA's "extensive survey of potential users." See PDF p. 15.</p> <p>2. On July 1988 and July 1989, the EPA requested additional information from sterilization operators, again under Section 114 of the Clean Air Act. The July 1988 Section 114 letter ("July 1988 Request") was sent to 44 of the 203 facilities represented in the 1986 database and was used to obtain detailed operating parameters for a short-term health risk assessment analysis; data on vacuum pumps, gas types, control devices, and aeration rooms. The July 1989 Section 114 letter ("July 1989 Request") was sent to 39 of the 203 facilities in the 1986 database. The purpose of this letter was to update EPA's Air Toxics Exposure and Risk Information Systems database. The July 1989 Section 114 letter was also used to obtain updated information regarding EO (ethylene oxide) use, emission controls and vacuum pumps. See PDF p. 138.</p> <p>I request any and all documents and communications related to the July 1988 EPA Request, including any documents and communications the EPA sent or received from sterilization operators. I also request any and all documents and communications related to the July 1989 EPA Request, including any documents and communications the EPA sent or received from sterilization operators. See PDF p. 138.</p> <p>3. I request any and all documents and communications related to the "EPA sterilization data base," as identified in the attached document, including all iterations of the data base and all identifying information related to the sterilization operators listed in the data base, including the operators' names, addresses, and any other information the EPA maintains or maintained.</p>	03/14/2022

We are particularly interested in the runways and taxiways only.</p>	03/14/2022
2022-OW-03096	Moody, Chris	American Water Works Association	<p>We request the data collected to-date under UCMR4 up to and at least including the records associated with the summary data released to-date by EPA. In July 2019, AWWA made a similar request for the UCMR4 data collected as of the May 2019 summary; the form and substance of EPA's response to that FOIA request met AWWA's needs with the exception of a means to identify data associated with consecutive systems. A similar response now updated for more recently acquired data and subsequent revisions from quality assurance and quality control activities would be appreciated. To help identify data associated with consecutive systems, AWWA requests that the response includes an additional data file that includes inventory information for all sampling point locations that have at least one analytical result in the October 2020 NCOD files and that are categorized as "CC" for "Facility Type". The inventory fields required are as follows:</p> <ul style="list-style-type: none"> <li>• Public Water System Identification (PWSID) Code</li> <li>• Facility Identification Code</li> <li>• Facility Type</li> <li>• Sampling Point Identification Code</li> <li>• Sampling Point Type Code</li> </ul>	03/15/2022

2022-OCSP-03249	pehrson, casey	-	We would like to request all DERs on file associated with EPA Reg. 65109-1.	03/22/2022
2022-R09-03246	Rutherford, Philip	Phil Rutherford Consulting	In July 2007, USEPA Region IX initiated a site-wide Preliminary Assessment / Site Inspection (PA/SI) of SSFL to be performed by Weston Solutions Inc. <a href="https://www.philrutherford.com/SSFL/Superfund/EPA_2007-07_SSFL_Superfund_Factsheet.pdf">https://www.philrutherford.com/SSFL/Superfund/EPA_2007-07_SSFL_Superfund_Factsheet.pdf</a> .  USEPA issued the final PA/SI report on November 30, 2007. <a href="https://www.epa.gov/sites/default/files/documents/SSFL-PASI-report-r2-complete.pdf">https://www.epa.gov/sites/default/files/documents/SSFL-PASI-report-r2-complete.pdf</a> .  On December 6, 2007, less than a week later, USEPA recommended to Arnold Schwarzenegger, Governor of California, that SSFL be put on the Superfund National Priorities List (NPL). USEPA requested a 30-day concurrence from the State of California. <a href="https://www.etec.energy.gov/Library/Main/dec6letterepassfl.pdf">https://www.etec.energy.gov/Library/Main/dec6letterepassfl.pdf</a>  The Weston Solutions PA/SI report neither provided the HRS analysis, the HRS numerical result, nor recommended that SSFL be listed on the NPL. I have not been able to locate this information on the EPA Region IX website. Please provide the HRS analysis, and numerical HRS result and internal documentation showing Region IX's decision to recommend listing SSFL on the NPL.  Cited documents are attached.	03/22/2022
2022-OCSP-03252	Owings, Shannon	-	I herein request the publicly available data evaluation records (DERs) for the following MRIDs:  MRID 50137801 - Milesen, B. 2022-R09-03251	Dorion, Connor	Bridge House	For the site: General Circuits Inc. Address: 3549 J Haven Ave Site EPA ID: CAD074665704	03/22/2022
2022-OW-03242	Levey, Brian	Hunton Andrews Kurth LLP	Documentation in relation to the no further activity decision made for this site.  On August 6, 2021, we submitted a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and the U.S. Environmental Protection Agency's ("EPA") FOIA regulations, 40 C.F.R. pt. 2, for records of the EPA. See EPA-2021-005883. Following a discussion with EPA on August 18, 2021, we agreed to an initial search for responsive documents that include (i) presentations given to upper management and any underlying data, and (ii) documents received from external stakeholders that are not available in the docket. On October 22, 2021 EPA released 10 documents consisting of 122 pages of records in response to the first item, and on December 5, 2021 EPA issued a letter indicating that as to the second item, EPA did not find any responsive documents. With the issuance of the December 5, 2021 letter, EPA mistakenly closed request number EPA-2021-005883.  In discussions with EPA on March 1 and March 18, 2022, Ms. Lynn Zipf, Acting Director, Organizational Support Services, Management and Operations Staff, Office of Water, recommended submitting a new FOIA request to continue the search for documents responsive to the initial request. Included herein is the new request.  In accordance with 5 U.S.C. § 552 and 40 C.F.R. pt. 2, please make available a copy of any of the following responsive documents,1 including but not limited to: any and all documents, including supporting materials, dated November 10, 2020 through August 3, 2021, relating to EPA's review of the 2020 Steam Electric Reconsideration Rule, 85 Fed. Reg. 64,650 (Oct. 13, 2020), and EPA's decision, announced in a press release on July 26, 2021 and published in the Federal Register at 86 Fed. Reg. 41,801 (Aug. 3, 2021), to undertake a rulemaking to revise the Steam Electric Power Generating Effluent Limitations Guidelines and Standards.	03/22/2022
2022-OCSPP-03245	Drudy, Jeremy	Haviland Consumer Products, Inc.	I am in need of all of the CSF's on file for EPA Registration Numbers: 45458-20003 and 45458-20005	03/22/2022
2022-OCSPP-03253	Huddy, Nancy	SciReg, Inc.	We are the registration holders for these registration numbers and I want to verify the CSF's I have on file match what the EPA has. Please send all EPA's Data Evaluation Records/Science Reviews associated with MRID Nos. 48105511, 48593401 and 48613501. This request does not encompass any information that may be entitled to confidential treatment, or that otherwise may be exempt from disclosure under FOIA.	03/22/2022

Thank you.	03/23/2022
2022-NFO-03267	kallenborn, kirk	Langan	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 47 Grudevich Road, Canonsburgh, Washington County, Pennsylvania. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.	03/23/2022
2022-OCSP-03265	Fernandez, Cynthia	Grown In	The records I seek are from Edward Messina, Michael Goodis, Arnold Layne, Anita Pease, Neil Anderson, Charles "Billy" Smith, Jan Matuszko, Dana Vogel, Elissa Reaves, and Marietta Echeverria at the EPA's Office of Pesticide Programs. I'm also seeking records from Jeffrey Prieto at the Office of General Counsel, Inspector General Sean O'Donnell, JoAnn Chase at the American Indian Environmental Office, and Jennifer McLain from the Office of Ground Water and Drinking Water.□  I'm looking for emails, memos, policies, and other documents from January 1, 2017 through January 1, 2022. □  For clarity, I'm looking for records concerning illegal pesticide use in medical and adult use cannabis. <a href="https://www.documentcloud.org/documents/21435297-records-responsive-to-epa-hq-2018-011056-formal">https://www.documentcloud.org/documents/21435297-records-responsive-to-epa-hq-2018-011056-formal</a>	03/23/2022

Hello:

03/23/2022

Pursuant to the United States Freedom of Information Act, 5 U.S.C. § 552, I request information regarding the following EPA investigation:

Approximately 2 years ago I contacted the US Environmental Protection Agency about some of the illegal activities of JEVS Human Services/Orleans Technical College. On February 14, 2020, the proctor administering the EPA Certifications Exams to my class, committed crimes by changing students' answers/results and then submitted the false/misleading information to the US Federal Government's EPA server via the internet. My classmates and I are eyewitnesses/victims of this fraud and more than likely there are other prior classes that also had the same thing happen. There is a security camera surveillance system recording of this February 14, 2020 incident.

Mr. Robert Hamilton is the Special Agent at the Philadelphia EPA office who is investigating or finished investigating (I do not know what the status of the investigation is actually, so this is why I am making this F.O.I.A. Request):

Robert Hamilton | Special Agent  
U.S. Environmental Protection Agency  
Criminal Investigation Division  
Mid-Central Area Branch  
Philadelphia Investigations Section  
1650 Arch Street, 3CE00  
Philadelphia, PA 19103  
hamilton.robertc@epa.gov  
Desk: 215-814-2379  
Cell: (b) (6)

He is not permitted to tell me the status of any investigation that may or may not have happened (sorry EPA, but if no one tells me anything, then how is anyone supposed to know what's going on, if anything has been done regarding the crimes committed and so on...?), so I am filing this FOIA Request to obtain the information. If Mr. Hamilton was permitted by his superiors to tell me basic things like; if the investigation has actually happened or is still in process/ongoing, etc., I would not be filing this FOIA Request. However, this is the only way apparently that I will ever know if anything has been done about some of the crimes that happened.

Thank you very much for your help.

I am requesting records regarding the property located at the following addresses:

03/23/2022

918 Atlantic Ave. Brooklyn, NY 11238;  
182 Henry St. Hempstead, NY 11550;  
124-15 Rockaway Blvd. South Ozone Park, NY 11420;  
1511 North Town East Blvd. Mesquite, TX 75150;  
2121 North Belt Line Rd. Mesquite, TX 75150;  
8870 Stacy Rd, McKinney TX 75070;  
450 NY-25A, Miller Place, NY 11764;  
1007 W McDermott Dr, Allen, TX 75013;  
5075 Highway 95, Fort Mohave, AZ 86426;  
3581 Hickory Hill Road, Memphis, TN 38115;  
1202 Getwell Road, Memphis, TN 38111;  
500 Coors Boulevard NW, Albuquerque, NM 78121.

Specifically, I am looking for records regarding the storage and/or release of hazardous substances or petroleum products, including any incidents involving water or land contamination, and any permits, registrations, inspection reports, and/or notices of violation. Thank you!

2022-NFO-03277	Oswald, Sarah	BBJ Group	I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address:  * 1026 Ruritan Boulevard, Chesapeake, VA 23324	03/23/2022

Phase I Report, Phase II Report if available. Public records only, we do not need the denial log of CBI. Unable to located a date range. We do not require email communications or attachments. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. Thank you!, Lexi **Please send all invoices to Accounting@PhaseEngineering.com** (Phase Job #20223182)</p>	03/28/2022

2022-R06-03315	Anchondo, Carlos	E&E News/POLITICO	<p>Environmental Protection Agency</p> <p>1200 Pennsylvania Avenue, N.W.</p> <p>Washington, DC 20460</p> <p>To Whom It May Concern:</p> <p>This is a request under the Freedom of Information Act (FOIA).</p> <p>I request all records concerning an application from Oxy Low Carbon Ventures for a Class VI permit under EPA's Underground Injection Program. I want to know the location of the proposed well. If possible, I would prefer to receive the largest number of records or documents in electronic form.</p> <p>I am filing this FOIA request as a "representative of the news media" since I am a reporter for E&amp;E News. This designation entitles me to a waiver of fees accumulated during the actual search and review process. Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use.</p> <p>The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, <a href="http://www.eenews.net">www.eenews.net</a>, which has more than 40,000 unique visitors a day. We expect the information that is produced through this and other FOIA requests to serve as the basis for several articles that explain the government's actions and operations to the public. For more information about E&amp;E News, please refer to <a href="http://www.eenews.net">www.eenews.net</a>.</p> <p>FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance.</p>	03/28/2022
2022-NFO-03321	Lennon, Diana	Verdantas	<p>If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at three (3) contiguous properties; the addresses are as follows: 1) 80 Creek Road (Block 17 Lot 2.02), Frenchtown, Hunterdon County, NJ; 2) 60 Creek Road (Block 17 Lot 2), Frenchtown, Hunterdon County, NJ; and 3) 2 Hilltop Avenue (Block 17 Lot 2.05), Frenchtown, Hunterdon County, NJ. Specifically, for all three addresses, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.</p>	03/28/2022

2022-OMS-03314 McLaughlin, Timothy The Atlantic

To Whom It May Concern:

03/28/2022

This is a request under the Freedom of Information Act. I hereby request the following records:

Any records regarding Carrie Lam Cheng Yuet-ngor A/K/A Carrie Lam and the world she did while at the EPA. Lam who served at the EPA through a Fulbright Fellowship in 1988. As such the search can be limited from January 1, 1988 to December 31, 1988.

I'm a member of the news media. The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Tim McLaughlin

2022-OCSP-03322	Schulson, Daniel	Beverdige & Diamond, P.C.	Email correspondence, including attachments, from Mr. Jonathan Williams in EPA's Office of Pesticide Programs, relating to Generic Data Call-In (GDCI) 128997-1598 for tebuconazole. This specifically includes, but is not limited to, an email from Mr. Williams to Mr. Phillip Ross with the subject line "RE: Information Requested About Tebuconazole GDCI," dated August 15, 2018.1 2. All personal notes, meeting minutes, and any memoranda prepared by the Agency under 40 C.F.R. § 155.30, relating to the August 14, 2018 meeting between EPA and the "United Phosphorus Inc. cost-sharing consortium" including, but not limited to, any OneNote files.	03/28/2022
2022-NFO-03316	Minarovic, Raymond	RMS Enviromental LLC	Please provide RCRA and CERCLA records for 156 Route 35, Aberdeen Township, Monmouth County, New Jersey	03/28/2022
2022-AO-03324	Bravender, Robin	E&E News	I am seeking EPA Administrator Michael Regan's calendars dated from Jan. 1, 2022 until the date this FOIA is processed. I am a member of the media seeking to use the information to advance the public's understanding of government operations.	03/28/2022
2022-OCSP-03317	Talarek, Walter	Walter G. Talarek PC	I request copies of all the non-confidential information in the registration jacket for the pesticide product with the brand name "A1101.08", EPA Reg. No. 91234-264. Atticus, LLC (EPA Company No. 91234) holds the registration for this product. The product contains spinosad (PC Code 110003) as the active ingredient. These records are maintained by the Registration Division in the Office of Pesticide Programs. Thank you.	03/28/2022

2022-R06-03363	Moffitt, Maria	-	Please provide information regarding the RCRA NonGen/NLR listing for Advanced Rubber Molding at 1801 109th St, Grand Prairie, TX 75050. EPA ID TXD982285207.	03/29/2022
2022-NFO-03337	Williams, Jeremiah	Fisher Refrigeration, Inc.	Our organization serves the industrial refrigeration industry and are looking to identify the systems in which we service throughout the United States. Typically we are servicing Anhydrous Ammonia systems that are over 10,000 lbs. However, we are also experiencing demand for Freon and CO2 systems. We would like to see the concentration of facilities across the United States to position ourselves to effectively serve those potential clients as well as to which systems might be best to implement given the type of climate these regions experience. I believe that most of these facilities would utilize a RMP "Risk Management Plan" that adheres to the EPA requirements for operation. If we could receive a list we can sort the data to our business model.	03/29/2022
2022-NFO-03343	McMahon, Julia	Brightfields	Please provide all files pertinent to historical investigations, enforcement, regulatory violations, emergency response, solid waste, and hazardous waste for the properties in Wilmington listed on the attached spreadsheet. Please copy kwilkinson@brightfieldsinc.com on responses.	03/29/2022
2022-OW-03348	Hartquist, Mike	Scoular	I am inquiring for a list of all entities that have permitting under the EPA rule CWA 502( 14) and implementing regulations at 40 CFR Section 122.23 and 40 CFR Part 122, Appendix B, "concentrated animal feeding operations" are point sources subject to the NPDES permits program.	03/29/2022

2022-R04-03361	Wilson, Jessica	Conservancy of Southwest Florida	<p>RE: FREEDOM OF INFORMATION ACT REQUEST Pertaining to Underground Injection (IUC) wells proposed by Burnett Oil Company in or near Big Cypress National Preserve in Florida after May 25, 2021</p> <p>Dear FOIA Officer:</p> <p>I write on behalf of the Conservancy of Southwest Florida (Conservancy) to request disclosure of records pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and 40 C.F.R. § 2.100-2.406. The Conservancy's address is: 1495 Smith Preserve Way, Naples, FL 34102. The Conservancy is a non-profit corporation organized under the laws of the State of Florida.</p> <p><del>I</del> Requested Records and Disclosure Method</p> <p>Please produce records of the following types in the Environmental Protection Agency's possession, custody or control that relate to permit applications, including for Underground Injection (UIC), associated with oil and gas development proposed by Burnett Oil Company in or near Big Cypress National Preserve in Florida, after the date of our last request, May 25, 2021.</p> <p>Please email responsive records to me at jessicaw@conservancy.org (or work with me to set up an online platform to transfer the materials such as through OneDrive). Please release responsive records to me on a rolling basis. If you determine that any of the records I've described above are already publicly available, please let me know where to find them.</p> <p>If you determine that portions of any records covered by this request are exempt from disclosure, please separate the exempt portions from the nonexempt portions and provide us with copies of the nonexempt portions. For any records that you determine to be exempt from release, please provide us with a specific description of the record or portion of the record along with a particularized description of the legal basis for withholding it as is required. See Vaughn v. Rosen, 484 F.2d 820, 827(D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974).</p> <p>If any of the documents for which copies are requested of by the Conservancy are available electronically, you may send them to jessicaw@conservancy.org or arrange an alternative method to provide them to me electronically. If there are not electronic versions available, please send paper copies to me at the address contained in this request.</p> <p>If you anticipate any delay for valid legal reasons in processing this request or if you foresee any problem relating to our request for a fee waiver, please notify me as soon as possible at (b) (6). Thank you for your time and consideration in this matter.</p>	03/29/2022
2022-R05-03351	Albro, Peter	Habush Habush & Rottier S.C.	<p>1) <del>A</del> documents related to general groundwater quality in Juneau County.</p> <p>2) <del>A</del> Enforcement, RCRA, and Water-related documents (including but not limited to all WPDES permits) related to Central Sands Dairy (N15927 County Road G Nekoosa, WI 54457), Wysocki Produce Farm (8550 Central Sands Rd, Bancroft WI 54921), or their agents, representatives, or counsel, including but not limited to communications, correspondence, reports, and data. This includes (but is not limited to) documents sent to/from the law firm Michael Best &amp; Friedrich and the Wisconsin Department of Natural Resources.</p> <p><del>E</del> For the EPA's Region 5 office, these records need only go back to February 1, 2019.</p> <p><del>E</del> For the EPA's Washington DC and Denver offices, and any other EPA office with involvement in Central Sands Dairy and/or Wysocki Produce Farm, this request goes back to January 1, 2015. At this time, we would like copies of communications or documents from Anna Wildeman and David Ross in the EPA's Washington, DC office, and David Parker in the EPA's Denver office that involve Central Sands Dairy and/or Wysocki Produce Farm, going back to January 1, 2015. Ms. Wildeman, and Mr. Ross and Mr. Parker appear to have been consulted on this matter based on documents in FOIA # EPA-R5-2020-003751</p> <p>3) <del>We</del> further request all documents dating back to January 1, 2013 related to any EPA official's recusal from matters involving Central Sands Dairy and/or Wysocki Produce Farm. Anna Wildeman, Kurt Thiede (Chicago), David Ross (DC) and Cathy Stepp (Chicago) all seem to have been recused according to documents found in FOIA # EPA-R5-2020-003751. However, there may be more of which we are unaware.</p>	03/29/2022

Sec. 7522(a) to competition or racing use vehicles including any guidance or assistance in providing parts to competition or racing use vehicles.</li> </ul>	03/30/2022

2022-OAR-03398	Helms, Tyner	Beasley, Allen, Crow, Methvin, Portis & Miles, P.C	<p>I wanted to follow up on the EPA's letter asking for information regarding our FOIA request. In an attempt to clarify, I will explain our priorities with respect to the Volkswagen ("VW") vehicles first. For the VW vehicles, we are most interested in documents relating to any post-sale software updates or modifications to the emission control system of the vehicles, including post-sale updates or modifications occurring during recalls. This includes but is not limited to, updates to the emission control system of the vehicles occurring from 2012-2016. There are three updates that we are particularly interested in – updates with the software part 23O6, 23N4, and 23N5 – that occurred during recalls. Documents relating to those software updates are a priority for us.</p> <p>For the Mercedes vehicles, there are also a couple of particular categories of documents that we are particularly interested in. Specifically, the documents that we are most interested in in the immediate future are documents relating to post-sale updates or modifications to the Mercedes vehicles' emission control system in our vehicle list via field fixes, and or recalls campaigns. However, in addition to the field fixes, any documents reflecting post-sale updates or modifications that Mercedes implemented in the vehicles' emission control system are a priority for us.</p> <p>In addition, part 1 of our request states, "To the extent the EPA has already produced documents to Volkswagen3 pursuant to a FOIA request by its counsel, the EPC requests the same documents produced by the EPA in connection with said FOIA request." Then, the beginning of part II states, "From the date of the EPA's production of documents pursuant to any Volkswagen FOIA request to the present, please produce the following documents." Please note that this only applies to documents relating to the VW vehicles. For the Mercedes vehicles, we are interested in documents concerning any post-sale updates or modifications to the emission control system going back to any period of time after those vehicles were on the market.</p> <p>Lastly, we are in pending litigation in which we have asked the court in our litigation for 90 days to receive and review documents produced from the EPA pursuant to our FOIA request. If there is any way for the EPA to accommodate this timeline in its production to us, that would be greatly appreciated.</p>	03/30/2022
2022-OCSP-03401	Bungum, Peter	Organic Materials Review Institute	<p>To support the creation of a report:</p> <p>Ecological Incident Information System (EIS) on copper-based pesticides between 2009 and the current time (or other similar incident data if this system has been replaced). The specific materials of interest are:</p> <ul style="list-style-type: none"> <li>Copper sulfate (pentahydrate or other forms)</li> <li>Basic copper sulfate</li> <li>Copper hydroxide</li> <li>Cuprous oxide</li> <li>Copper carbonate</li> <li>Copper ammonium complex</li> <li>Copper ammonium carbonate complex</li> <li>Basic copper chloride</li> <li>Copper oxychloride</li> <li>Copper oxychloride sulfate</li> <li>Copper salts of fatty and rosin acids</li> <li>Copper ethylenediamine</li> <li>Copper triethanolamine complex</li> <li>Copper ethanolamine complex</li> <li>Copper octanoate</li> </ul> <p>The purpose of this data is to review whether ecological incidents involving copper pesticides have been reported since the EPA's 2009 RED report on copper products.</p>	03/30/2022
2022-NFO-03376	Chaudhry, Usman	PWGC	<p>Requesting any information pertaining to environmental records, easements, chemical storage, oil tanks, spills, and tank closure reports for the site located at 14 Hammond Street, Patchogue, New York and 26 West Avenue, Patchogue, New York. The tax lots identified in the Suffolk county Lot Map are as follows: 0204-009.00-06.00-018.000 and 0204-009.00-06.00-024.000</p>	03/30/2022

2022-NFO-03385	Clark, Audrey	Roux	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 242-244-07, 242-244-08, 242-244-12, 242-161-04, 242-161-03, 242-161-06, 242-161-05, 242-163-04, and 242-242-24. The Site is located at 10811 Bloomfield Street, 3701 Catalina Street, 3721 Catalina Street, 3751 Catalina Street, 3801 Catalina Street, 3821 Catalina Street, 3722 Catalina Street, and 10591 Humbolt Street, Los Alamitos, CA, 90630. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	03/30/2022

2022-R07-03377	HUBERTZ, ELIZABETH	Interdisciplinary Environmental Clinic, Washington	<p>Clarification: On April 4, 2022, EPA Region 7 sent a request for clarification, indicating your FOIA request did not reasonably describe the records sought in a way that will permit EPA employees to identify and locate them. On April 19, 2022, you provided a response to EPA Region 7's request for clarification. In your response you clarified your request to include the following records: "The first request is revised as follows: 1. All documents pertaining to the permits or permit applications for Magnitude 7 Metals' ("M7M") operation and construction of its Marston, Missouri aluminum smelter, including any discussions or communications regarding existing Part 70 Operating Permits and Nonattainment New Source Permits and any pending applications. This request includes, but is not limited to, communications and discussions regarding the construction and operating permits previously issued to Noranda Aluminum Inc., the former owner-operator of the facility ("Noranda"), communications with M7M, Noranda, or their representatives regarding such permit applications, and internal EPA communications and discussions regarding the permit(s). Specifically, this request includes documents related to M7M's pending Part 70 permit application submitted to the Missouri Department of Natural Resources ("MDNR") on or about January 10, 2019. Timeframe: January 1, 2015 to present. MDNR personnel, including: Michael J. Stansfield or any other person in the role of Operating Permit Unit Chief at MDNR; David Buttig; Jill Wade; Kendall B. Hale; and/or Stephen Hall Specific documents: (1) Application by M7M for renewal of Part 70 permit, dated January 10, 2019 and any amendments or supplements to that document; (2) Any Part 70 operating permit issued to M7M; (3) Correspondence or communications between any of the above MDNR personnel and EPA Region 7 Air personnel with responsibility for the state of Missouri that relate to any of the above; and (4) Correspondence or communications among EPA Region 7 Air personnel with responsibility for the state of Missouri that relate to any of the above.</p> <p>For the second request, I have accepted your revisions and added some clarifying information: 2. All emails, text messages, faxes, voicemails, and other forms of discussion, communication, and correspondence regarding the state implementation plan ("SIP") for the New Madrid County SO2 nonattainment area (designated 4/30/21) and the controls (or lack of controls) used by M7M and AECL New Madrid to address SO2 emissions in or around the nonattainment area. Timeframe: January 1, 2017 to present. MDNR personnel, including: Adel Alsharafi, Emily Wilbur; Michael J. Stansfield; David Buttig; Jill Wade; Kendall B. Hale; and/or Stephen Hall" As a result of your narrowed request, EPA Region 7 began an initial search for responsive records. Region 7 estimated a fee of \$450 to complete the search and review. The current fee limit for the request is \$50. In response to this fee discrepancy, Angela Stillwagon with Region 7 Office of Regional Counsel, scheduled a call to discuss your request. During the call, you provided additional points of clarification and identified the priority in which you would like to receive records. Specifically, you indicated you would like to receive records related to the first part of your request; correspondence or communications between the above referenced MDNR personnel and EPA employees regarding the M7M Permit and Noranda facility. Ms. Stillwagon shared she would provide an estimate of the fees before moving forward with this request. You and Ms. Stillwagon also agreed in the event you would like to move forward with the second portion of your request, Region 7 will provide another fee estimate and opportunity to modify or alternatively, finalize your request.</p>	03/30/2022

2022-R09-03400	Pujari, Davina	Wilmer Hale Law Firm	All information, documents, and third party communications (including, but not limited to emails, letters, correspondence, meeting minutes, notes, or memoranda) relating to EPA's design. construction. oversight. operation, and maintenance of the Toro Canyon oil water separator system/facility, located in Santa Barbara County, California.	03/30/2022
2022-R10-03371	Dixon, Buck	Troutman Pepper	Any and all written or electronic information—including all submittals, correspondence, and/or meetings between EPA and Non-EPA parties—related to the Former Rhone-Poulenc, Inc. Facility located in Tukwila, WA and/or EPA Region 10 Administrative Order on Consent Docket No. 1091-11-20-3008(h) that has been produced or occurred since May 13, 2021.  In an April 8, 2022 email, requestor confirmed that EPA may exclude submittals and correspondence that are sent to the Respondents under Administrative Order on Consent Docket No. 1091-11-20-3008(h) and that were received by their law firm.  In an April 27, 2022 email, the requestor also agreed to the following additional clarifications that were similar to those that they agreed to in relation to their prior FOIA regarding this matter (FOIA EPA-R10-2021-004293): • Exclude records that arise from the Lower Duwamish Waterway Superfund Site public outreach efforts (e.g., quarterly/semi-annual meetings with the community and other stakeholders). • Recognizing that the request is primarily focused on the RCRA Section 3008(h) matter that relates to the former Rhone-Poulenc facility, you are not seeking Lower Duwamish Waterway records that may mention the former Rhone-Poulenc facility along with various other properties within that larger NPL-listed Superfund Site. The exception to this exclusion are those records that pertain specifically to the former Rhone-Poulenc facility.	03/30/2022

Re: FOIA REQUEST in reference to Emails Received and Deleted by EPA Region 6 Administrator David Gray on March 4, 2019

To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), I am requesting an opportunity to inspect or obtain copies of the items listed below regarding emails that were deleted from the inbox of Region 6 Administrator David Gray dated March 4, 2019. This request is limited in scope to March 4, 2019.

• The complete email, in its original form, sent on March 4, 2019, at 1:32:20 PM by Jorge Lavastida (Jorge-lavastida@denka-pe.com) to Patrick Walsh (Patrick-walsh@denka-pe.com), Bob Holden (bholden@joneswalker.com), and Andrew Frank (adf@karvcommunications.com). Jim Harris (jharris@hdaissues.com), Akihiko Kusaka (akihiko-kusaka@denka-pe.com), Edward Krenik (Edward.krenik@bracewell.com), Elise Henry (ehenry@joneswalker.com), David Laplante (dlaplante@hdaissues.com), Jonathan Leibowitz (jhl@karvcommunications.com), Nao Kawamura (nao-kawamura@denka-pe.com), Masanobu Kosaka (masanobu-kosaka@denka-pe.com), Koki Tabuchi (koki-tabuchi@denka-pe.com), Jeff Holmstead (jeff.holmstead@bracewell.com), and David Gray (gray.david@epa.gov) were CC'd on this email. The subject line of the requested email is "RE: [EXTERNAL] RE: Meeting on 3/6 – Privileged and confidential".

• The complete email, in its original form, sent on March 4, 2019, at 1:57:58 PM by Bob Holden (bholden@joneswalker.com) to Jorge Lavastida (Jorge-lavastida@denka-pe.com), Patrick Walsh (Patrick-walsh@denka-pe.com), and Andrew Frank (adf@karvcommunications.com). Jim Harris (jharris@hdaissues.com), Akihiko Kusaka (akihiko-kusaka@denka-pe.com), Edward Krenik (Edward.krenik@bracewell.com), Elise Henry (ehenry@joneswalker.com), David Laplante (dlaplante@hdaissues.com), Jonathan Leibowitz (jhl@karvcommunications.com), Nao Kawamura (nao-kawamura@denka-pe.com), Masanobu Kosaka (masanobu-kosaka@denka-pe.com), Koki Tabuchi (koki-tabuchi@denka-pe.com), Jeff Holmstead (jeff.holmstead@bracewell.com), and David Gray (gray.david@epa.gov) were CC'd on this email. 2022-AO-03414	McCall, Ginger	Demand Progress Education Fund	<p>This is a Freedom of Information Act (FOIA) request under 5 U.S.C § 552. On behalf of the Demand Progress Education Fund, a Project of the New Venture Fund (hereinafter "Demand Progress"), I am writing to request all lists created by your agency "that identif[y] all plans and reports the agency produces for Congress, in accordance with statutory requirements or as directed in congressional reports," as required by 31 U.S.C. §1125(a)(1).</p> <p>In 2010 Congress passed the Government Performance and Results Act (GPRA) Modernization Act of 2010. See GPRA Modernization Act of 2010, available at: <a href="https://www.congress.gov/111/plaws/publ352/PLAW-111publ352.pdf">https://www.congress.gov/111/plaws/publ352/PLAW-111publ352.pdf</a>. The bill was signed into law in early 2011. See Congress.gov GPRA Modernization Act of 2010, <a href="https://www.congress.gov/bill/111th-congress/house-bill/2142/actions">https://www.congress.gov/bill/111th-congress/house-bill/2142/actions</a>. Within the GPRA Modernization Act is a provision which requires each agency to "compile a list that identifies all plans and reports the agency produces for Congress, in accordance with statutory requirements or as directed in congressional reports." 31 U.S.C. §1125(a)(1). This law requires agencies to compile such a list on an annual basis, and then use the list to identify outdated or duplicative plans or reports. Id at subsection (b).</p> <p>We are requesting all lists that have been created by your agency as required by this law since it was enacted in 2011.</p>	03/31/2022
2022-NFO-03426	Langridge, Cristina	SCS Engineers, Santa Rosa	My company is doing a Phase I on three properties in Eureka. There are no physical addresses for these locations, but the APN's are: 003-062-019, 007-051-009 and 007-051-010. Would it be possible to pull records from just the APN's? And if there are records available would it be possible to review them electronically?	03/31/2022
2022-NFO-03402	Beiza, Raul	Langan Engineering and Environmental Services	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 3310 Ambassador Caffery Parkway (Lat: 30.18073726, -92.07802597), Lafayette, Louisiana. The property is also identified within Lafayette Parish Assessor Office, Assessor No: 6165596. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.	03/31/2022

Re: ~~FOIA~~ REQUEST in reference to Emails Received and Deleted by EPA Region 6 Administrator David Gray on March 4, 2019

To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), I am requesting an opportunity to inspect or obtain copies of the items listed below regarding emails that were deleted from the inbox of Region 6 Administrator David Gray dated March 4, 2019. This request is limited in scope to March 4, 2019.

• The complete email, in its original form, sent on March 4, 2019, at 1:32:20 PM by Jorge Lavastida (Jorge-lavastida@denka-pe.com) to Patrick Walsh (Patrick-walsh@denka-pe.com), Bob Holden (bholden@joneswalker.com), and Andrew Frank (adf@karvcommunications.com). Jim Harris (jharris@hdaissues.com), Akihiko Kusaka (akihiko-kusaka@denka-pe.com), Edward Krenik (Edward.krenik@bracewell.com), Elise Henry (ehenry@joneswalker.com), David Laplante (dlaplante@hdaissues.com), Jonathan Leibowitz (jhl@karvcommunications.com), Nao Kawamura (nao-kawamura@denka-pe.com), Masanobu Kosaka (masanobu-kosaka@denka-pe.com), Koki Tabuchi (koki-tabuchi@denka-pe.com), Jeff Holmstead (jeff.holmstead@bracewell.com), and David Gray (gray.david@epa.gov) were CC'd on this email. The subject line of the requested email is "RE: [EXTERNAL] RE: Meeting on 3/6 – Privileged and confidential".

• The complete email, in its original form, sent on March 4, 2019, at 1:57:58 PM by Bob Holden (bholden@joneswalker.com) to Jorge Lavastida (Jorge-lavastida@denka-pe.com), Patrick Walsh (Patrick-walsh@denka-pe.com), and Andrew Frank (adf@karvcommunications.com). Jim Harris (jharris@hdaissues.com), Akihiko Kusaka (akihiko-kusaka@denka-pe.com), Edward Krenik (Edward.krenik@bracewell.com), Elise Henry (ehenry@joneswalker.com), David Laplante (dlaplante@hdaissues.com), Jonathan Leibowitz (jhl@karvcommunications.com), Nao Kawamura (nao-kawamura@denka-pe.com), Masanobu Kosaka (masanobu-kosaka@denka-pe.com), Koki Tabuchi (koki-tabuchi@denka-pe.com), Jeff Holmstead (jeff.holmstead@bracewell.com), and David Gray (gray.david@epa.gov) were CC'd on this email. The subject line of the requested email is "RE: [EXTERNAL] RE: Meeting on 3/6 – Privileged and confidential".

Please advise when we should expect to receive production of these records, the method of production and any fees associated with the production. Do not hesitate to contact us with any questions or concerns. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify us of the appeal procedures available.

Thank you for considering our request.

Sincerely,

The Delaware City Refinery is required to obtain (and renew) Title V permits.

I am looking to obtain records regarding the its Title V permits and APC-81/0832 permits for Delaware City Refinery (sometimes called the Delaware City Refining Company), from the years 1974 - 2005 (although I am under the impression the permit didn't exist until either the 1980s or 1990s).

Thank you.

2022-OCSP-03444	Busch, Jon	American Chemistry Council	<p>Re: Freedom of Information Act Request for Three Carcinogenicity Studies Concerning Diphenylamine (CAS # 122-39-4)</p> <p>04/01/2022</p> <p>Dear Freedom of Information Officer:</p> <p>Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552 et seq., and implementing regulations promulgated by the U.S. Environmental Protection Agency (EPA), 40 C.F.R. Part 2, I request copies of the following three records, as that term is defined in FOIA. The requested records are three studies concerning the carcinogenicity and chronic toxicity of diphenylamine (CAS # 122-39-4):</p> <p>--Botta, J.A., Jr (1994a): 18 Month oncogenicity evaluation of diphenylamine in the mouse. Unpublished report No. 426H-002-646-91 from T.P.S., Inc., Mt Vernon, Indiana, USA.</p> <p>Submitted to WHO by the DPA Task Force, John Wise &amp; Associates Ltd, Liberty, Missouri, USA.</p> <p>--Botta, J.A., Jr (1994b): 24 Month Combined Oncogenicity/Toxicity Evaluation of Diphenylamine in Rats. Unpublished report No. 426D-102-048-91 from T.P.S., Inc., Mt Vernon, Indiana, USA. Submitted to</p> <p>WHO by the DPA Task Force, John Wise &amp; Associates Ltd, Liberty, Missouri, USA.</p> <p>--Botta, J.A., Jr (1994c): One-year chronic study of diphenylamine in dogs. Unpublished report No. 426B-502-044-91 from T.P.S., Inc., Mt Vernon, Indiana, USA. Submitted to WHO by the</p> <p>DPA Task Force, John Wise &amp; Associates Ltd, Liberty, Missouri, USA.</p> <p>These three studies are cited in various EPA documents or EPA databases related to diphenylamine. One such database is the EPA HERO database for the substance, and can be found here (Draft EPA review summarizing diphenylamine and Botta studies; see reference section):</p> <p><a href="http://www.inchem.org/documents/jmpr/jmpmono/v098pr07.htm">http://www.inchem.org/documents/jmpr/jmpmono/v098pr07.htm</a></p> <p>Here are the three studies mentioned when using the EPA HERO database ID links:</p> <p>--18 Month oncogenicity evaluation of diphenylamine in the mouse   Health &amp; Environmental Research Online (HERO)   US EPA</p> <p>-- <a href="https://hero.epa.gov/hero/index.cfm/reference/details/reference_id/627618">https://hero.epa.gov/hero/index.cfm/reference/details/reference_id/627618</a></p> <p>--One-year chronic study of diphenylamine in dogs [unpublished]   Health &amp; Environmental Research Online (HERO)   US EPA</p> <p>Other EPA documents citing these three same "Botta studies" can be found in each of the two attached pdf documents in my email, such as the attached Reregistration Eligibility Decision (RED) dated 1998. There were three MRID numbers associated with these three studies noted in the RED: MRID 43369501 (mouse study); MRID 43401401 (rat study); MRID 43000601 (dog study).</p> <p>I understand that pursuant to EPA's FOIA regulations, I can expect a response to this request within 20 working days of your receipt of this letter. To facilitate a timely response, please forward me interim responses as subsets of responsive records become available.</p> <p>My organization is willing to pay reasonable fees, up to \$300, for responding to this request. If costs will exceed that amount, or if you have any questions regarding this request, please contact me.</p> <p>Thank you for your prompt attention to this matter.</p> <p>Kind Regards, Jon Jonathon T. Busch</p> <p>Requesting any and all environmental records pertaining to the property located at 54 Bodwell Street, Avon, MA 02322.</p> <p>FOIA</p> <p>Requestor seeks, pursuant to the Freedom of Information Act, the following records:</p> <p>All documents, including any spreadsheet or attachments thereto, that Chemours (or its affiliate(s) or representative(s) on its behalf) submitted in response to the Environmental Protection Agency's December 2021 Data Request under Clean Water Act Section 308 for the OCPSE Effluent Guidelines Rulemaking.</p> <p>Requesting any information pertaining to environmental records, easements, chemical storage, oil tanks, spills, and tank closure reports for the site located at 3070 veteran memorial highway, Bohemia, New York. 2022-NFO-03467	Smith, Claris	Cooper Law Firm	Dear Freedom of Information Officer:	04/04/2022

This request for data is submitted pursuant to the Freedom of Information Act ("FOIA"), as amended, 5 U.S.C. § 552, et seq.

On behalf of our clients, Sheree Kerner, George Barisich and John Thibodeaux, the undersigned requests an opportunity to inspect or obtain electronic copies of certain research data. The research data sought, which is described below is within the control of the NIH and is subject to FOIA.

The "dermal" research data requested includes the following:

A. ~~The~~ estimated GULF DREAM Unit (GDU) for broad exposure groups by substance, chemical and time period (similar to the data in Table 6 from the supplemental materials – see attached) for each of the individual job descriptions seen in Table 3 from the supplemental materials – see attached.

B. ~~Any~~ data pertaining to the conversion factor from exposure to dose.

C. ~~Any~~ data pertaining to the conversion factor from GDUs to milligrams

#### FEDERAL CONTRACTOR-HELD RESEARCH DATA

To the extent any of the research data sought is not within the custody or control of NIH, and resides only with a federal contractor, we request that this research data nevertheless be sought by NIH pursuant to the Shelby Amendment, Pub. L. No. 105-277, Title III, 112 Stat. 2681 (1998), OMB Circular A-110, codified at 2 C.F.R. §215.36, and implementing regulations promulgated by the Department of Health and Human Services ("HHS") 45 C.F.R. Part 5 and § 74.36. As used in this request, the term "Research Data" is consistent with the meaning in 45 C.F.R. § 74.36(d)(2)(1).

Please treat this FOIA request as a request for expedited processing. Our clients Sheree Kerner, George Barisich and John Thibodeaux currently have claims pending in federal court and/or administrative proceedings, and thus there is a compelling need to obtain this information on an expedited basis. Our clients' constitutional due process rights may be impaired unless access to the requested information is provided in an expedited manner. This research was federally funded, and the above cited reports were drafted by employees and contractors of the NIH. Under FOIA, the NIH and its contractors are required to provide access to the requested data, and there are no applicable exemptions to disclosure as set forth in 5 U.S.C. § 552(b).

We have copied Dr. Mark R Stenzel who is the corresponding author on the referenced research.

If the NIH or its contractors decline to comply with this FOIA request, please issue a written explanation citing each specific exemption you feel justifies the refusal to release the information. If the research data resides with any federal contractor, please list each federal contractor that has had or does have this research data.

Sincerely,

Claris E. Smith, MS, JD

On behalf of Sheree Kerner, George Barisich and John Thibodeaux

2022-R05-03494	Walker, Scott	Geosyntec Consultants	<p>I am requesting that a copy of the following document(s) be provided to me: Public documents related to the Buckeye Terminal, LLC Underground Fluid Injection project in Woodhaven, Wayne County, Michigan (Region 5) including but not limited to: (1) Permit Applications for the following: Class I Permits: BDW-1: MI-163-11-0004; BDW-2: MI-163-11-0005; BDW-3: MI-163-11-0006; BDW-4: MI-163-11-0007; BDW-5: MI-163-11-0008; and Class III area permit: MI-163-3A-0001. (2) Cavern permits. (3) Project administration files and records that are available for the project.</p> <p>In order to help you determine my status for the purpose of assessing fees, you should know that I am affiliated with a private business and am seeking information for use in the company's business. I am willing to pay the appropriate fees for this request up to \$1,000. If you estimate that the fees will exceed this limit, please inform me first.</p> <p>Attached is the EPA notices that describes the project of interest.</p>	04/04/2022
2022-R06-03491	Belaire, Chris	Belaire Environmental, Inc.	<p>The EPA opened and enforcement action (Docket No. 6-89-0037A2/6-90-0037A2) for the City of Corpus Christi-King Construction Company, Flour Bluff Pier Project (Corps of Engineers Permit No. 17852). Enforcement action resulted in the construction of a seagrass mitigation site (Kleberg County, Texas, Property ID Number 11644) to offset unauthorized seagrass impacts which occurred during pier construction. Following mitigation site construction and monitoring, it was determined mitigation site re-planting was required. The EPA/City/Corps of Engineers/GLO agreed to allow the City to acquire 18 acres of wetland to offset impacts in lieu of replanting the constructed mitigation site. According to City's Certification of Funds document (11/8/2000), "EPA, by letter received by the City on December 13, 2000, has agreed to allow the City to use the \$85,000 to acquire 18 acres of wetlands on Corpus Christi Beach." We are requesting a copy of this letter. The purpose of producing this letter is to support the City/Corps of Engineers/Texas General Land Office in their desire to release the easement associated with the previous unsuccessful mitigation site as it is now obsolete and its purpose is not to offset previous unauthorized impacts.</p>	04/04/2022
2022-R07-03495	Bubbosh, Paul	N/A	<p>With regards to the EPA Region 7 announcement on April 4, 2022 (headline copied below), I would like to request information about how the EPA was able to determine that the auto sellers had installed "defeat devices." I am interested in this because I teach a class on environmental law and I have used the VW "defeat device" case in my classroom instruction. I am curious to know how EPA was able to uncover the wrongdoing in this case. Thank you, Paul Bubbosh</p> <p>EPA Penalizes Iowa and Missouri Sellers of Automobile 'Defeat Devices' U.S. Environmental Protection Agency, Region 7 - 11201 Renner Blvd., Lenexa, KS 66219 Iowa, Kansas, Missouri, Nebraska, and Nine Tribal Nations EPA Penalizes Iowa and Missouri Sellers of Automobile 'Defeat Devices' Contact Information: Ben Washburn, washburn.ben@epa.gov, (b) (6)</p>	04/04/2022

2022-NFO-03583 Wilson, Jasmine -

On behalf of the Woodring Apartments Phase I, LLC, the responsible entity under 7 CFR 1970, Professional Services Industries Inc, (PSI) is submitting this request for information and concurrence related to the proposed construction of a residential development located on the 600 block of Bilbo Street in Lake Charles, Calcasieu Parish, Louisiana. The property is the block bound by Bilbo, Mill, Hodges, and Division Street. The property is 3 acres +/- and a combination of 9 properties (Property IDs: 00562610, 00580775, 00583235, 00586374, 00587699, 00599239, 00612960, 00836982, 00893978).

04/06/2022

The proposed development requires an environmental assessment in accordance with USDA regulations and requirements under the National Environmental Policy Act (NEPA). To meet the requirements set forth in these regulations, an assessment of potential impacts to the following resources must be conducted:

- Significant changes to surface features (i.e. wetland fill, deforestation, water diversion, etc.)
- Groundwater and Sole Source Aquifers
- Other elements applicable to the National Environmental Policy Act (NEPA)

Your assistance in this matter would be greatly appreciated. Please feel free to contact me anytime if you have any questions or require additional information.

Regional Freedom of Information Officer  
United States Environmental Protection Agency  
Region 2  
290 Broadway, 26th Floor  
New York, NY 10007

RE: FREEDOM OF INFORMATION LAW REQUEST

Dear FOIA Officer:

Pursuant to the provisions of the Freedom of Information Act (5 U.S.C. § 552) (FOIA), Taylor Research Group LLC (TRG) requests access to or copies of any and all documents, which are in the possession, custody, or control of the United States Environmental Protection Agency (EPA) Region II pertaining to an incident on May 11, 1978 that involved an unidentified transformer, which caused a spill of 600 gallons of polychlorinated biphenyls (PCBs) and oil in Queens, NY.

This incident was documented in a table published in an EPA report titled "Hazardous Material Incidents Reported to U.S. Environmental Protection Agency Regional Offices From October 11, 1978 Through September 1979." The report did not provide any further information such as a specific address the transformer was located at or who was responsible for/owned the transformer. I have attached the excerpt of this report that documents the incident.

To the extent that any relevant documents have exemptions, I request that you sanitize the documents for our review. If there are exempt documents that you will not release and/or sanitize, I request that you identify any and all such documents by listing date, author, recipient(s), page numbers, and subject matter. If any documents contain exemptions, please specify the exemptions claimed for each page or passage. In addition, please advise me of any destruction of records and include the date of and authority for such destruction.

TRG agrees to pay all reasonable and standard processing fees up to \$25. If the fees will exceed this amount, please call me with an estimate of the costs so that I can specifically request authorization for expenditures beyond \$25.

If you have any questions, please contact me at (b) (6) or e-mail me at [rachelreilly@taylorresearchgroup.com](mailto:rachelreilly@taylorresearchgroup.com).

Best Regards,  
Rachel Reilly  
Research Associate  
[rachelreilly@taylorresearchgroup.com](mailto:rachelreilly@taylorresearchgroup.com)

All records relating to the response to EPA's January 21, 2022 letter sent to New-Indy Catawba, LLC pursuant to Section 114 of the Clean Air Act, including without limitation any request by New-Indy for an extension of time and EPA's response to same.

2022-R03-03549	Casey, Kathleen	Due Diligence Group LLC	<p>The following request is being made in accordance with the Freedom Of Information Act (5 U.S.C. § 552). 2022-OW-03567	Cansler, Tim	Cansler Consulting, LLC	In December 2020 EPA published a document, titled: Public Comment and Response Document for the Final Lead and Copper Rule Revisions. In the document (bottom page 159-160) EPA determines to exclude an NSF-61 certified pipe lining technology from compliance with § 141.84.  I would like to better understand the Administrative Procedures followed by EPA Office of Water and Office of Research and Development in how this decision was reached during promulgation of the National Primary Drinking Water Regulations: Lead and Copper Rule Revisions (EPA-HQ-OW-2017-0300). EPA must base its reasoning and conclusions on the rulemaking record. Please provide from the pre-rule and proposed rule stages:  * Names of individuals, organizations and corresponding ID numbers of public comments submitted to EPA and used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. * Names of individuals and organizations that provided EPA with scientific data that EPA used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. * Names of individuals and organizations who provided EPA expert opinions that were used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. * Names of individuals, organizations that submitted facts to EPA that were used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84.  Please provide how EPA used the above public comments, scientific data, expert opinions and facts submitted to conclude that its determination to exclude an NSF-61 certified pipe lining technology from compliance with § 141.84 would: * not assist disadvantaged communities with mitigating lead from their water system 1. quicker, and 2. less costly? * not provide financially-strapped water systems with another certified, viable alternative to mitigate lead? * not provide reduction of GHG emissions from less use of heavy equipment and transportation of lead pipes to disposal sites? * benefit the environment by removing lead pipes and hauling the heavy material to a landfill where there are varying state rules on disposal of hazardous materials?	04/07/2022
2022-NFO-03566	Henize, Vanessa	-	I am requesting copies of any complaints made by myself to the agency and all subsequent reports and /or investigative findings related to informayion i provided.  Thank you.	04/07/2022

2022-OCSP-03578	McCall, Joanna	COGENCY GLOBAL INC.	<p>April 7th, 2022</p> <p>National Freedom of Information Officer U.S. EPA, Records, FOIA and Privacy Branch 1200 Pennsylvania Avenue, N.W. (2822T) Washington, DC 20460</p> <p>Re: Freedom of Information Act Request</p> <p>Dear Sir or Madam:</p> <p>Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the U.S. Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, COGENCY GLOBAL INC., hereby requests from EPA copies of all documents in the registration jackets for Sharda Cropchem Limited (EPA Co. No. 82633) and/or Sharda USA LLC's (EPA Co. No. 83529) (c/o Wagner Regulatory Associates, Inc.) registration applications for products containing spirodiclofen as an active ingredient, including (1) Sharda Spirodiclofen Technical (EPA Reg. No. 82633-68); (2) Sharda Spirodiclofen 24% SC and (3) Sharda Spirodiclofen 23.5% SC. This request includes, but is not limited to, any correspondence or submissions relating to the applications, any EPA Form 8570-1 (Application for Pesticide Registration/Amendment); any EPA Form 8570-27 (Formulator's Exemption Statement); any EPA Form 8570-32 (Certification of Attempt to Enter into an Agreement with Registrants for Development of Data); any EPA Form 8570-34 (Certification with Respect to Citation of Data); and any EPA Form 8570-35 (Data Matrix).</p> <p>Documents responsive to this request likely will be maintained by the Office of Pesticide Programs. This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request.</p> <p>COGENCY GLOBAL INC. is first and foremost interested in receiving any documents that do not contain confidential business information (CBI) as soon as possible. COGENCY GLOBAL INC. understands that some of the documents responsive to this request may contain CBI. COGENCY GLOBAL INC. requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible.</p> <p>If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. COGENCY GLOBAL INC. consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information.</p> <p>COGENCY GLOBAL INC. requests that you provide us with accurate copies or a complete and accurate account of the information requested. This is a commercial request. COGENCY GLOBAL INC. agrees to pay reasonable search and reproduction costs; if these costs exceed \$200, however, COGENCY GLOBAL INC. requests that you notify us before reproducing the documents.</p> <p>COGENCY GLOBAL INC. understands that it can expect a response within twenty days of your receipt of this letter. We prefer electronic copies of the documents, but if courier or overnight delivery is necessary, please contact us for delivery or pickup information.</p>	04/07/2022
2022-OGC-03569	Marrapese, Martha	Wiley Rein LLP	OGC to provide confidentiality determination for information initially withheld under FOIA Exemption 4 in response to FOIA request no. EPA-2022-003298. 2022-R10-03658	McReynolds, Christopher	Syndel	<p>Looking for investigation/compliance reports.</p> <p>On March 25, 2022, The Environmental Protection Agency received a complaint (CAA - FY22-242899-3714-CV) from a person or organization making the following claim about our business , "Release of alcohol vapors when drying product. they have a condenser that is too small but don't want to spend money to get a proper system." Please see the attached file. After the EPA received the complaint, they forwarded the complaint to the Department of Ecology, Whatcom County Health Department, Northwest Clean Air Agency and the City of Ferndale. After the complaint was distributed, the Whatcom County Health Department and Northwest Clean Air Agency each sent representatives to our facility to investigate the claim. In both cases, the two agencies both concluded that the complaint was unfounded, and that our facility was operating properly. Our facility located at 1441 Smith Road, Ferndale, Washington 98248 is an FDA approved pharmaceutical manufacturing facility, that operates in full compliance with GMP standards. The facility is regularly inspected by the Whatcom County Health Department, FDA, Fire Marshall, DEA, Department of Homeland Security, EPA etc. We are requesting a copy of the original complaint that was delivered to the Environmental Protection Agency. The person or organization that filed the original complaint has requested that their complaint be kept anonymous. It is our belief that we have the right to know who is filing these types of unfounded complaints against our organization, as their actions could have directly impacted our ability to conduct our business .</p>	04/11/2022

Part 2, Asarco LLC ("Asarco") by and through its counsel, McGuireWoods LLP, hereby requests the release of all documents and information associated with the soil and groundwater contamination and remediation for Operable Unit 2 and Operable Unit 3 at the Richardson Flat Superfund site ("Site"), EPA Site ID #UTD980952840, located in Park City, Utah. We request the following information:</p> <ol style="list-style-type: none"> <li>1. <del>A</del> documents regarding and evidencing costs incurred, to date, towards the remedy and clean-up of OU2 and OU3 at the Richardson Flat Tailings site near Park City Utah, including but not limited to any costs incurred for characterization work, assessing the depth and extent of tailings, assessing the impacts on groundwater, any sampling work, data collection, and anything else the EPA has done at the Richardson Flat Tailing site;</li> <li>2. <del>E</del>mized Cost Summaries for OU2 and OU3 for the years 2019 and 2020;</li> <li>3. <del>A</del> documents regarding and evidencing the deposit of Asarco settlement funds into any accounts related to activities at the Site.</li> </ol>	04/11/2022

2022-R04-03612	Hansen, Michael	GASP	<p>April 9, 2022</p> <p>Dear FOIA Officer,</p> <p>This is a request under the Freedom of Information Act.</p> <p>The Greater-Birmingham Alliance to Stop Pollution (GASP) is a non-profit health advocacy organization fighting for healthy air in Alabama. GASP's mission is to advance healthy air and environmental justice in the greater-Birmingham area through education, advocacy, and collaboration. <a href="https://gaspgroup.org/">https://gaspgroup.org/</a> GASP is also actively involved in addressing community concerns involving air quality issues in communities throughout the State.</p> <p>On behalf of GASP, we request a copy of the Technical Support Document (TSD) supplementing the Proposed Interim Approval of Operating Permits Program; Alabama Department of Environmental Management, Jefferson County Department of Health, and the City of Huntsville Department of Natural Resources and Environmental Management, 60 Fed. Reg. 47,522-23 (Sept. 13, 1995) (to be codified at 40 C.F.R. pt. 70). We also request the Alabama Department of Environmental Management (ADEM)'s and Jefferson County Department of Health (JCDH)'s operating permit program submissions dated Dec. 15, 1993; Dec. 14, 1993; and Nov. 15, 1993, respectively (referenced in the proposed interim approval).</p> <p>The document is contained in the docket at the following location: Environmental Protection Agency, Region 4, Air Programs Branch, 345 Courtland Street, NE, Atlanta, Georgia 30365.</p> <p>Under the statute, the agency is required to respond within 20 working days. 29 C.F.R. 2201.6(a).</p>	04/11/2022
2022-R10-03641	Nanevicz, Tom	AEI Consultants	<p>Records for the property located at 130 East Sprague Avenue, Spokane, WA (Spokane Roofing). EPA Registry ID 110071089913. ACRES Property ID 242953.</p>	04/11/2022
2022-NFO-03633	Lennon, Diana	Verdantas	<p>Looking specifically for any environmental reports and/or subsurface investigations.</p> <p>We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at 2 Como Court (Block 41 Lot 1.4), Montville, Morris County, NJ. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.</p>	04/11/2022
2022-NFO-03611	Wheeler, Margot	-	<p>I would like all EPA records and details relating to my address 7419 SW 35th Ave Portland, OR 97219 going back 12 months. I would like a copy of the complaint and any other details that are available.</p>	04/11/2022
2022-OW-03617	Olson, Erik	Natural Resources Defense Council	<p>SEE FULL REQUEST AND FEE WAIVER REQUEST ATTACHED/EMAILED.</p> <p>Please produce records of the following types in EPA's possession, custody or control: All records submitted to EPA or its agents or contractors by any state or territorial agency in furtherance of EPA's completion of its next Drinking Water Infrastructure Needs Survey and Assessment pursuant to Safe Drinking Water Act section 1452(h)(2), 42 U.S.C. 300j-12(h)(2). Specifically, we seek any records submitted after January 1, 2021 by any state or territory that:</p> <ul style="list-style-type: none"> <li>(a) Estimate the number of lead service lines in the state or territory;</li> <li>(b) Estimate the costs to replace all lead service lines of public water systems in the state or territory; and/or,</li> <li>(c) Estimate the costs associated with replacing the portions of such lead service lines that are owned by an eligible public water system and the costs associated with replacing any remaining portions of such lead service lines in the state or territory.</li> </ul> <p>If such records include total drinking water infrastructure needs that must be estimated under SDWA subsection 1452(h)(1) as well as those that must be estimated under subsection 1452(h)(2), please provide the full record.</p> <p>Please either email responsive records to me at <a href="mailto:eolson@nrdc.org">eolson@nrdc.org</a>, or upload them to an accessible share drive. Please note that my email account cannot accept .zip files. Please release responsive records to me on a rolling basis. If you determine that any of the records I've described above are already publicly available, please let me know where to find them.</p>	04/11/2022
2022-OLEM-03621	Lovelace, John	Maximum Rd Credit, Inc.	<p>Request listing of Generators, in excel format, that have submitted an EPA 8700-12 form (See section 11(D)) to declare their intent, as a Healthcare Facility, to manage their Hazardous Waste Pharmaceuticals under Subpart P of 40 CFR 266.</p>	04/11/2022

2022-NFO-03629	Tostado, Diana	-	I am requesting information from the Environmental Protection Agency (or EPA) regarding the Clean Air Act. In this request I am requesting recordkeeping and reporting requirements that are specific to different persons or companies involved with stationary refrigeration and air conditioning equipment.	04/11/2022
2022-OGC-03630	Cordis, Adriana	Winthrop University	<p>To Whom It May Concern:</p> <p>I am working on a research paper; I would like to obtain:</p> <p>(1) the number of FOIA or public records requests submitted to the EPA by state in each year from 1990 to 2020 and</p> <p>(2) the number of FOIA or public records requests regarding Enforcement and Compliance (or submitted to the EPA Office of Enforcement and Compliance) by state in each year from 1990 to 2020.</p> <p>I do not need copies of any of the requests. I just need the annual numbers of requests filed by state each year to complete my data analysis.</p> <p>If there are fees associated with my request, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request to be filled electronically, by e-mail attachment, if possible. Thank you very much.</p> <p>Sincerely,</p> <p>Adriana Cordis</p> <p>Adriana S. Cordis, Ph.D., CMA Associate Professor of Accounting Winthrop University Department of Accounting, Finance, and Economics 421 Thurmond Building Rock Hill, SC 29733 (b) (6) www.winthrop.edu/cba/</p>	04/11/2022
2022-OECA-03638	Holman, Amy	Calfo Eakes LLP	Resubmittal of EPA-R10-2022-001996: Any materials relating to any activities involving Environmental Protection Agency (EPA) personnel that occurred at or near (within .5 miles of) 4716 Airport Way S, Seattle, WA 98108, between January 1, 2017, and March 7, 2019.	04/11/2022
2022-NFO-03646	Mortenson, Peter	Trident Environmental	I am requesting any and all records pertaining to the storage, manufacturing, or discharges of any hazardous substances. In addition, any site remediation records or reports pertaining to underground or above ground storage tanks. This would include their removal/installation and any reported discharges. The subject property is located at 1200-1218 Clinton Avenue, Irvington, NJ. Block 81, Lot 3.	04/11/2022
2022-OCSPP-03631	Brooks, Matthew	Ag-Chem Consulting	We are requesting that a copy of ADAMA AGAN Limited, most recent Public Data Matrix Form 8670-35 (Data Matrix) for the following product be provided to me: Galigan (R) Oxyfluorfen Technical (EPA Reg. # 11603-29)	04/11/2022
2022-OCSPP-03640	Gartner, Eve	Earthjustice	Please see attached document for description of requested records.	04/11/2022
2022-OCSPP-03645	Horan, Jennifer	ERIS	<p>Good Afternoon!</p> <p>I would like to submit this FOIA for a currently available National PFAS dataset to additionally request physical site address details be included, specifically a modified file version of the PFAS Manufacture and Imports downloadable file: "TSCA CDR PFAS Dataset (XLSX)" as listed on this EPA page: <a href="https://echo.epa.gov/tools/data-downloads/national-pfas-datasets/">https://echo.epa.gov/tools/data-downloads/national-pfas-datasets/</a> . This file is directly available for download through the following site link (although the file creation date on the EPA page and file name differ from the actual downloadable file - this file is also attached to confirm accuracy with TSCA related PFAS data): <a href="https://echo.epa.gov/files/PFAS_Production_Data_02-28-2022_0.xlsx">https://echo.epa.gov/files/PFAS_Production_Data_02-28-2022_0.xlsx</a> and this spreadsheet has limited location details in these fields: Column W= State Territory or Tribe; Column X= EPA Region; Column Y= Latitude; Column Z= Longitude. If possible, I would like to request for all records in the spreadsheet to also include the Physical Street Address of the Facility, Facility City, Facility Zip Code. For example for the first record in the Excel file, ID 110033659878, based on the Facility Name and ECHO Facility Report link - the facility address is listed as 5525 HWY 3115, Geismar, LA 70734. Can I please request this same excel file to include those 3 additional column details: Facility Physical Address, Facility City, Facility Zip? Thank you very much for your time and assistance with my request! Have a wonderful day!</p>	04/11/2022

2022-OCSP-03636	Kern, Hardy	American Bird Conservancy	<p>April 11, 2022</p> <p>Via online submission</p> <p>FOIA Officer United States Environmental Protection Agency, FOIA Office 1200 Pennsylvania Avenue, NW (2310A) Washington, DC 20460</p> <p>Dear FOIA Officer,</p> <p>American Bird Conservancy ("ABC") hereby requests disclosure, under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq., and implementing regulations, 43 C.F.R. § 2.1 et seq., of the records described below in the possession, custody, or control of the United States Environmental Protection Agency ("EPA").</p> <p>Background</p> <p>On February 09, 2022, ABC Director of Government Relations, Pesticides and Birds Campaign E. Hardy Kern III sent an email to the EPA's inquiry portal on the Pesticide Science and Assessing Pesticide Risk website requesting information on the existence of a repository of reported pesticide ecological incidents and where it could be viewed.</p> <p>The EPA Office of Pesticide Programs ("OPP") responded on February 16, 2022, stating that the database on adverse incidence from pesticide registrants, and from the public, is kept by the office as required by the Federal Insecticide, Fungicide, and Rodenticide Act ("FIFRA") § 6(a)(2).</p> <p>FIFRA § 6(a)(2) states, "If at any time after the registration of a pesticide the registrant has additional factual information regarding unreasonable adverse effects on the environment of the pesticide, the registrant shall submit such information to the Administrator." This has been extended in practice to include incidents reported by members of the public as well as registrants.</p> <p>The EPA website includes instructions on how to report ecological incidents, defining them as "any exposure or effect from a pesticide's use that is not expected or intended. Pesticide incidents may involve humans, wildlife, plants, domestic animals (e.g., pets) and bees. Pesticide spills can also be a type of incident."</p> <p>The National Pesticide Information Center ("NPIC") website also includes a guide for submitting an ecological incident, stating "ecological incidents are when adverse field effects involve non-target entities such as: wildlife, birds, fish, shell fish, bees, and plants (including non-crop damage from dicamba or other herbicide use)."</p> <p>Accordingly, it appears likely from these websites that documents falling within this request do exist.</p> <p>Documents Requested</p>	04/11/2022
2022-OCSP-03625	Bee, Madeleine	Exponent	<p>Hello, I'd like to request the data matrix, antimicrobial efficacy DER, and acute toxicity DER for EPA reg. no. 92082-2. Thanks!</p>	04/11/2022

? Please provide documents on a rolling basis if and to the extent possible.</p>	04/11/2022

Pursuant to the Freedom of Information Act, I hereby request the following records:

Copies of all correspondence, written or electronic; memoranda; faxes; and all other written or electronic communications produced as a consequence of the 1996 to 1998 investigation conducted by EPA Special Agent in Charge Scott West regarding environmental hazards, toxic material disposals, and other issues of both ecological concern as well as human health and safety concern, at the Groom Lake facility in Nevada, also know as Homey Airport (KXTA), or colloquially "Area 51." I am also requesting a copy of the report itself.

This report is over 25-years-old and my hope is that the report and documents peripheral to the report itself can be released in some form soon.

(For reference, the report was discussed in a December 16, 2000 article in the Las Vegas Review-Journal by Keith Rogers, and elsewhere in the media: <https://cryptome.org/area51-lie.htm>)

PLEASE NOTE: I am a freelance reporter and would request that the relevant fees be waived. My past work has appeared at Slate.com, the New Republic, the New York Review of Books, Inverse.com, Scienceline.org, Gawker, Earther, Chemical Engineering magazine, and elsewhere. I would like to request expedited processing for this request.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Matthew Phelan

2022-NFO-03679 Kennedy, William RMS Environmental

RMS Environmental has been retained to conduct Phase I Environmental Site Assessment of the property located at: 10 Union Avenue Lakehurst, Ocean County, NJ 08733 Block # 70 Lot # 9

04/12/2022

As part of the investigation, we are required to include any information such as health code violations, permits for air, soil and/or water; records of any spills; hazardous materials used on site, odor complaints; community right to know information; any environmental reports you may have on file. RMS requests, under the Open Public Records Act (OPRA), any information on this property that you have at your disposal.

2022-NFO-03675 Cronin, Jennifer BBJ Group

I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 333 North Bluff Road, Collinsville, IL.

04/12/2022

This is the second modification of my previously submitted request under the Freedom of Information Act (5 U.S.C. § 552).?

I request that electronic copies of selected permit files issued by the Environmental Protection Agency and associated records, analytical data, forms, and inspections related to Taller Santa Rita located at PR-116 3.2 INT in Guánica, Puerto Rico be provided to me. For reference, this entity carries the following publicly-listed EPA Program IDs and permit numbers: FRS ID: 110006119075; RCRAInfo ID: PRD118157403.

Specifically, I request reports and other documents relating to the above site including: maps, sampling data, proposals, studies, inspection reports; enforcement actions; remedial investigation reports; remedial action work plans; spill/discharge incident reports; records of storage and disposal of hazardous substances; records of underground and above ground storage tanks (USTs/ASTs) and leaking underground storage tanks; records pertaining to polychlorinated biphenyl (PCB) abatement actions; and any other environmental reports that your agency may have in relation to the site. I am interested in documents pertaining to this site created or received by U.S. EPA between 1930 and 2022.

Such documentation may include written material as well as photographs, building descriptions, blueprints, diagrams, and maps. I would prefer electronic copies of all requested records.?

I request the release of the above materials pursuant to FOIA. To the extent EPA decides to withhold any document(s), I request that all reasonably segregable factual portions of these documents be released, consistent with FOIA practice. I also ask that if any materials are withheld or redacted, that I be provided with an index showing the basis under FOIA for each such redaction or withholding. I request to receive responsive records on a rolling basis as they are made available. I understand that due to the scope of this request, EPA may not be able to make a final determination until August 1, 2022.

I understand that due to EPA recordkeeping guidelines that the retrieval, screening, and production of correspondence documents is an extensive exercise. Therefore, I will follow up in a subsequent FOIA request for correspondence files related to this Site.

I am willing to pay the appropriate fees for this request up to a maximum amount of \$250. If you estimate that the fees will exceed this limit, please notify me with an estimate of the total costs in order that expenditures beyond \$250 may be authorized.

?

This is the second modification of my previously submitted request under the Freedom of Information Act (5 U.S.C. § 552).?

I am requesting electronic copies of files held by the Puerto Rico Electric Power Authority (PREPA) and associated records, analytical data, forms, and inspections, related to the Guánica Transmission Center located at the end of Camino Ojo de Agua and substation located at the crossroads of Puerto Rico Highway 116R and Calle Gobernador Yaguer in Guánica, Puerto Rico.

??

Specifically, I request historical maps of the electrical infrastructure in Guánica, including locations of substations, hub locations, pole-mounted transformers, subgrade vaults from 1930 to the present day; inspection, maintenance, or associated reports detailing the inventory and use of transformers, voltage regulators, capacitors, and cables at the Guánica Transmission Center and substation; enforcement actions; remedial investigation reports; remedial action work plans; notices of violations (NOVs); spill/discharge incident reports; records of storage and disposal of hazardous substances; records pertaining to polychlorinated biphenyl (PCB) abatement and replacement activities; and any other environmental reports that your agency may have in relation to the electrical infrastructure in Guánica. I am interested in documents pertaining to this site created or received by U.S. EPA between 1930 and 2022.

Such documentation may include written material as well as photographs, building descriptions, blueprints, diagrams, and maps.?I would prefer electronic copies of all requested records.?

I request the release of the above materials pursuant to FOIA. 2022-NFO-03651	Grauslys, Matt	Aeterra, LLC	Records of known environmental contamination at the following properties: 2215 Allenwood Road, Wall Township, NJ and 2230 Landmark Place, Allenwood, NJ	04/12/2022
2022-OCSPP-03648	Shorey, Arianna	Pyxis Regulatory Consulting, Inc.	Request for all available EPA reviews (product chemistry and toxicology) conducted for the Loveland Products, Inc. product, LPI.A024 (EPA Reg. No. 34704-1170). Of particular need are reviews conducted between 2021-2022. This product is assigned to PM 10. Pyxis Regulatory Consulting, Inc. is a consultant for Loveland Products, Inc. A letter of authorization attesting to this is included with this request.	04/12/2022
2022-R10-03673	Munson, Brad	Perkins Coie	I am requesting any documents related to the storage, use, presence, disposal, and/or labeling of PCBs and/or any enforcement documents regarding the use, presence, disposal of, and/or labeling of PCBs, including but not limited to a 1989 order, for D&K Frozen Foods, Cliffstar Corporation, Refresco Beverages, or any other entity located at 1164 Dell Avenue, Walla Walla, WA 99362.	04/12/2022

EPA-2022-003693	Schilling, Rob	Energy Policy Advocates	This a referral from U.S. Securities & Exchange Commission: We have received the attached FOIA request from Mr. Rob Schilling, dated and received in this office on November 3, 2021, for "all electronic correspondence, whether email, text, SMS, etc., and any accompanying information, including also any attachments, (a) sent to or from or which copies (whether as cc: or bcc:), ii) khannas@SEC.gov, that b) was also sent to or from or which copies (again, whether as cc: or bcc:), i) Cassidy.Allison@epa.gov, ii) Katims.Casey@epa.gov and/or iii) Adhar.Radha@epa.gov, for the period of January 21, 2021, to the present. "We completed our search and have located four pages of records concerning khannas@SEC.gov which contain information of interest to your agency. Accordingly, we are referring the four pages to your office for direct response to the requester. A copy of the requester's initial letter and any other significant correspondence is attached for your information. The requester has been notified of this referral.	04/12/2022
2022-OCSPP-03684	Mannion, Rebecca	SRC	Please provide a copy of the data matrix for Virex 64, EPA Reg. No. 70627-85. If not available, please provide a copy of the 8570-1. For reference this registration was granted in March 2023.	04/13/2022
2022-OCSPP-03689	pehrson, casey	-	We would like to request a copy of the following data volume and any related data evaluation records, reviews, and assessments: MRID No. 48258001: Malekani, K. (2010) Evidence for Insignificant Potential for Long Range Transport and Persistence of IN-QDY64 (R413834 or Compound 26). Project Number: DUPONT/31278. Unpublished study prepared by E.I. Du Pont De Nemours and Company. 9 p.	04/13/2022
2022-NFO-03686	Cronin, Jennifer	BBJ Group	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 1691 Thouvenot Lane, O'Fallon, IL	04/13/2022
2022-NFO-03700	Cronin, Jennifer	BBJ Group	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 2150 Hampton Avenue, St. Louis, MO 63110	04/13/2022
2022-NFO-03696	Lennon, Diana	Verdantas	We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at three addresses, all part of the same parcel; they are as follows: 500-502 Davis Avenue (Block 37 Lot 33), Harrison, Hudson County, NJ; 504-506 Davis Avenue (Block 37 Lot 31), Harrison, Hudson County, NJ; and 3) 545-547 Central Avenue (Block 37 Lot 26.01), Harrison, Hudson County, NJ. Specifically, for all three addresses, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.	04/13/2022
2022-OECA-03683	Galasso, Anthony	Nova Group, GBC	WILKES BARRE; EPA Registry Id: 110028113681; 67 PUBLIC SQUARE, WILKES BARRE WILKES BARRE, PA 18701. Requesting documentation related to ICIS-HQ-2005-8000 FORMAL ENFORCEMENT ACTION.	04/13/2022
2022-OECA-03685	Kalmenovitz, Joseph	Drexel University	The request pertains to the ICIS FE&C dataset ( <a href="https://echo.epa.gov/tools/data-downloads/icis-fec-download-summary#scope">https://echo.epa.gov/tools/data-downloads/icis-fec-download-summary#scope</a> ), which tracks all civil and administrative federal EPA enforcement cases. I am interested primarily in the fiscal years 2000-2020. For those years, I request that you provide two additional items per each case: 1. For each case, the full text of the original complaint (as a PDF file). 2. For each case, the full name of the leading attorney and any other attorney involved in the litigation. To link the data that I request to the public ICIS FE&C dataset, please include the case identifiers in the data which you provide: activity ID and case number. If you retain only partial records, please consider my request as if it pertains only to those records available. For example, if your records include only item #1 (PDF files) but not item #2 (names of the attorneys), provide only item #1. As another example, if you have records only for the fiscal years 2006-2015, please provide records for those years alone. Please let me know if clarifying the request might speed the release of the data or reduce any programming time.	04/13/2022

2022-OCSP-03682	Hawkins, Eric	Hawkins Parnell & Young	EPA Asbestos Risk Evaluation - I am requesting the responses from Drs. Marty Kanarek, Steven Markowitz, and Henry Anderson to the "4 Questions Regarding Impartiality: Asbestos." These questions were provided in relation to their involvement with the peer review or ad hoc committees. The form is attached and the questions ask (1) Do you know of any reason that you might be unable to provide impartial advice on the matter to come before the panel/committee/subcommittee or any reason that your impartiality in the matter might be questioned? (2) Have you had any previous involvement with the review document(s) under consideration including authorship, or previous peer review functions? If so, please identify and describe that involvement. (3) Have you served on previous advisory panels, committees or subcommittees that have addressed the topic under consideration? If so, please identify and describe that involvement. (4) Have you made any public statements (written or oral) on the issue that would indicate to an observer that you have taken a position on the issue under consideration? If so, please identify those statements.	04/13/2022
2022-OGC-03707	Mullins, Brody	Wall Street Journal	Request the following records within 20 business days: For all employees who entered into a position at the agency since January 2017:  - Any conflicts or ethics waivers or authorizations for the individual, including authorizations pursuant to 5 C.F.R. Section 2735.502 and pursuant to 18 U.S. Code Section 208(b)  - Any records related to any recusal determinations made or issued for the individual.  If you determine that any of the documents sought by this request are exempt from disclosure, and you decide to apply an exemption, please state the legal and factual basis for that decision. If you determine that only portions of either document must be withheld under an exemption, I request that the documents be produced with redactions (see attached).	04/13/2022
2022-R01-03698	Gibson, Juanita	Conservation Law Foundation	Please see attached letter regarding communications between EPA and MWRA.	04/13/2022

2022-OCFO-03826	Bogardus, Kevin	E&E News	<p>I request the operating plan described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:</p> <p>"Operating Plan.--Within 30 days of enactment of this Act, the Agency is directed to submit to the House and Senate Committees on Appropriations its annual operating plan for fiscal year 2022. The operating plan shall adhere to the program area levels, and where applicable, the program project levels, specified within this explanatory statement. For program project levels not otherwise specified herein, the operating plan should detail how the Agency plans to allocate funds at the program project level. Further, the budgets of each major office should be itemized to indicate the source of funds for each major office by program project level. Further, the Agency is directed to continue the longstanding practice of submitting quarterly statement of balances reports, and the Agency is directed to display data separately for both the current fiscal year and the prior fiscal year."</p> <p>Please see page 48 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this operating plan for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/20/2022

2022-OCFO-03824	Bogardus, Kevin	E&E News	<p>I request the spend plan described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:</p> <p>"Enforcement.-The agreement provides \$335,934,000 for Enforcement, of which, \$94,159,000 is for environmental justice to make significant progress implementing tasks outlined in the 'EJ 2020 Action Agenda,' and to continue its EJ grant programs. The budget structure for Environmental Justice remains consistent with prior years. In lieu of the House directives regarding Environmental Justice contained in House Report 117-83, the Agency is directed to provide the Committees with a spend plan 30 days after enactment of this Act and to provide a subsequent comprehensive briefing on how Environmental Justice work will be conducted across the Agency. Concurrently, the Committees expect the Agency to outline a comprehensive Environmental Justice proposal in its fiscal year 2023 budget, including specifics about a proposed national program office and relevant program metrics, so that the proposal can be transparently considered by all stakeholders."</p> <p>Please see page 52 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this spend plan for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/20/2022

2022-OECA-03823	HASSLER, THOMAS	HASSLER DIESEL	An epa agent told me two of my compeditors reported me to the epa. I would like to know who reported hassler diesel, Tom Hassler to the epa. For the simple fact other places call us for support on working on vehicales and I wish to no longer offer them support.	04/20/2022

2022-OECA-03828	Rector, Lisa	NESCAUM	<p>Per 40 CFR60.534(g) The manufacturer of an affected wood heater model line must notify the Administrator of the date that certification testing is scheduled to begin by email to WoodHeaterReports@epa.gov. This notice must be received by the EPA at least 30 days before the start of testing. The notification of testing must include the manufacturer's name and physical and email addresses, the approved test laboratory's name and physical and email addresses, the third-party certifier name, the model name and number (or, if unavailable, some other way to distinguish between models), and the dates of testing.</p> <p>We believe that this information must be made publicly available pursuant to Clean Air Act Section 114(c) precludes emission data from being considered confidential and requires that such data be available to the public. This data request meets the definition of "emission data" at 40 CFR2.301(a)(2)(i). at 40 CFR2.301(a)(2)(i) section C states that emission data must include a general description of the location and/or nature of the source to the extent necessary to allow for the source to be identified and distinguished from other sources. Furthermore, the data contained in the thirty day notices does not contain any substantive criteria for use in determining confidentiality determinations. (40 CFR 2.208)</p> <p>We are requesting copies of thirty day notices for all units for which manufacturers have submitted 30 day notice of a manufacturer's intent to conduct certification testing for the period of September 11, 2019 through January 31, 2021. We respectfully request that all data pertaining to those notifications include all required information including but not limited to the manufacturer names, models, date of test request, test lab and 3rd party certifier. This is a similar request to the one filed and granted in April of 2018 and February 2022.</p>	04/20/2022
2022-R04-03820	Caelwaerts, Ashlin	Langan Engineering and Environmental Services	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 1350 Technology Way, Morristown, Hamblen County, Tennessee. The report should also evaluate the adverse effects pesticides may have on pol-linators and other insects, wildlife and water quality."</p> <p>Please see page 99 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OCFO-03840	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260:</p> <p>"Slash and Precommercial Thinnings.-The Committees are aware of the interest in using low-grade and low-value forest biomass as a feedstock for development of alternative fuels. The Agency is directed to report to the Committees, within 180 days of enactment of this Act, on the progress made to engage with other Federal agencies, states, private landowners, and stakeholders on efforts to create markets for low-grade and low-value wood."</p> <p>Please see page 57 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OCFO-03848	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 116-448:</p> <p>"Reducing Plastic Waste in Commerce.—The Committee notes that while the Agency's focus on improving recycling rates across the country is appreciated, the Committee is disappointed that waste reduction efforts appear to play a minimal role in the Agency's current sustainability efforts. In particular, the Committee believes that efforts to reduce the production and use of virgin plastics, especially single-use plastics, must be part of any overall strategy to reduce the landfilling of waste materials and a transition to a circular economy. The Committee directs the Agency to prepare a report on single use plastics. The report should analyze plastics by plastic type, and should evaluate the recyclability of each type of plastic, the average recycled content of each type of plastic, and the national and regional rates at which each plastic type is recycled. The report should also evaluate the efficacy of state and local policies to reduce the use of single-use plastics, including bans, fees, and other mandatory and voluntary policies designed to reduce or discourage the use of single-use plastics. The report should also include estimates on the potential impacts in generated waste if such policies were adopted at the national level. The Agency shall submit this report to the Committee within 270 days after enactment of this Act."</p> <p>Please see page 95 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OCFO-03842	Bogardus, Kevin	E&E News	<p>I request the study described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260:</p> <p>"Innovative Waste Management Systems.—In lieu of the direction in House Report 116-448 under the heading "Estimating Air Emissions from Animal Operations," the Committees direct the Agency to study new and innovative lagoon and sprayfield waste management systems, including biodigesters and methane recapture systems on animal waste lagoons, and whether these or other methods and technologies can help mitigate health or environmental impacts on communities living near swine and dairy farms. The Agency shall submit this study to the Committees not later than 180 days after enactment of this Act."</p> <p>Please see page 57 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this study for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OCSP-03843	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 116-448:</p> <p>"Asbestos.—The Committee is concerned the Agency is not taking steps to eliminate the future use of asbestos in a variety of applications. The Agency is directed to submit a report to the Committee within 180 days of enactment of this Act on its efforts to monitor, remove, and eliminate the use of asbestos."</p> <p>Please see page 97 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OW-03859	Bogardus, Kevin	E&E News	<p>I request the study described in the following excerpt from House Report 116-448:</p> <p>"Waters of the U.S. (WOTUS).—The Committee is disappointed in the final "The Navigable Waters Protection Rule: Definition of 'Waters of the United States'", published in the Federal Register on April 21, 2020 (85 Fed. Reg. 22250). The Committee notes that the Scientific Advisory Board "concluded that the proposed WOTUS rule does not incorporate best available science and as such [the SBA] finds[s] that a scientific basis for the proposed Rule, and its consistency with the objectives of the Clean Water Act, is lacking. The proposed Rule does not present new science to support this definition, thus the SAB finds that the proposed Rule lacks a scientific justification, while potentially introducing new risks to human and environmental health" (EPA-SAB-20-002). The Committee further notes that the final rule did not address the technical findings of the SAB. Not later than 30 days after the date of enactment of this Act, the Agency is directed to submit a report to the Committee addressing the six technical deficiencies identified in the SAB's commentary. In addition, the Agency shall contract with the National Academy of Sciences to prepare a report studying the impacts of the final rule on improving the physical, biological, and chemical integrity of the Nation's waters as directed under the Clean Water Act. In particular, the report shall compare the aforementioned final rule to the regulations contained in the final rule published at 80 Fed. Reg. 37,054 (June 29, 2015) and estimate any foregone economic benefits related to flood damage, drinking water source contamination, impacts on swimming and fishing, and any additional impacts to other ecosystem services. The Agency shall transmit to the Committee the final report containing the results of the study not later than one year after the date of enactment of this Act."</p> <p>Please see page 99 through 100 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this study for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OCFO-03845	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 116-448:</p> <p>"Lead and Copper Rule.—The Committee is concerned by the re-cently proposed revisions to the Lead and Copper Rule (LCR), published in the Federal Register on November 13, 2019, which may delay the rate at which cities and municipalities replace lead service lines. No later than 180 days after enactment of this Act, the Agency shall submit to the Committee a report on the economic and health impacts of allowing cities and municipalities to remove lead lines at a slower pace than previously mandated, as well as the effect of not replacing entire networks of lines. Additionally, as the Agency works to finalize its the revisions to the LCR, The Committee urges the Agency to conduct an environmental justice analysis on the rule's impact. Specifically, the Agency is urged to quantify how the lead service line replacement provisions in the final rule will impact health equity disparities. The Agency is also encouraged to incorporate into its economic analysis of the final LCR, the societal benefits of its proposal in terms of potential reductions of cardiovascular disease mortality and consider those in its decisions as appropriate. The Agency is directed to submit a report to the Committee after the revised LCR is finalized of the rule's impact on environmental justice issues, health equity disparities, and potential reductions of cardiovascular disease mortality."</p> <p>Please see page 98 through 99 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills-116/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills-116/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OLEM-03855	Bogardus, Kevin	E&E News	<p>I request the strategy described in the following excerpt from House Report 116-448:</p> <p>"Recycling Needs Survey and Assessment.—The Committee directs the Agency to begin a comprehensive data collection effort to strengthen residential recycling and accelerate the move towards a circular economy. The data collected should include: the number of community curbside recycling programs; the number of community drop-off programs; the total amount of residential packaging materials collected through deposit programs; the total amount of residential materials collected through curbside programs annually; the types of materials accepted by each program; the number of citizens with access to recycling services on par with access to disposal; and the inbound contamination and capture rates of community recycling programs. The Agency should also collect data on single use plastics, including the types of single-use plastics currently in commerce, the recyclability of these plastics types, and the rates at which these plastics are currently recycled by plastic type and by region. Additionally, the Agency should collect data on aluminum, including the rates at which aluminum cans are recycled. Further, the Agency should develop estimates of the infrastructure investment required to modernize the Material Recovery infrastructure to achieve consistent collection across the nation and maximize the efficient delivery of materials to the circular economy. The Agency should also develop estimates for the amounts of investment needed to provide all citizens with access to recycling services on par with access to disposal. The updated strategy with recommendations should be reported to the Committee within 270 days of enactment of this Act."</p> <p>Please see page 95 through 96 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills-116/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills-116/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this strategy for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OCFO-03841	Bogardus, Kevin	E&E News	<p>I request the study described in the following excerpt from House Report 116-448:</p> <p>"Estimating Air Emissions from Animal Operations.—The Committee is aware of the Agency's ongoing work developing emission estimating methodologies for Animal Feeding Operations (AFOs), with a timeline for the release of draft emission estimating methodologies through 2020 and 2021. The Committee supports the Agency's efforts to develop accurate, robust, and accessible models for estimating these emissions by livestock type and pollutant and urges the Agency to prioritize these efforts so that these methodologies can be finalized as quickly as possible. Additionally, the Committee directs the Agency to conduct a cumulative impacts study to better understand the health effects, air quality impacts, and water quality impacts of lagoon and spray-field waste management systems on communities living near swine and dairy farms. The study should also investigate methods to mitigate these impacts, including through the use of biodigesters and methane recapture systems on animal waste lagoons. The Agency shall submit this study to Committee not later than 180 days after enactment of this Act."</p> <p>Please see page 86 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this study for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-R05-03838	Bogardus, Kevin	E&E News	<p>I request the implementation plan described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260:</p> <p>"Great Lakes and Lake Champlain Invasive Species Program.—The Committees look forward to reviewing the plan directed in Public Law 116-94 on the Agency's expected actions in fiscal year 2020 to implement the Great Lakes and Lake Champlain Invasive Species Program (GLLCISP) as authorized by the Vessel Incident Discharge Act (Public Law 115-282). In fiscal year 2021, the Committees direct the Agency to build on these implementation efforts to reduce the risk of introduction of invasive species into the Great Lakes and Lake Champlain. The Agency is directed to include details of this program as part of the Agency's operating plan and to submit a GLLCISP implementation plan for fiscal year 2021 within 180 days of enactment of this Act."</p> <p>Please see page 60 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this implementation plan for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OW-03850	Bogardus, Kevin	E&E News	<p>I request the strategy described in the following excerpt from House Report 116-448:</p> <p>"Mississippi River Restoration and Resiliency Strategy.—The Committee recognizes that the Mississippi River basin from Minnesota to Louisiana is a vital American waterway. From funds within the Water: Ecosystems program area, the Committee directs the Agency to establish a Mississippi River Restoration and Resiliency Strategy, in coordination with the U.S. Army Corps of Engineers, the Department of Agriculture, the Department of the Interior, the Federal Emergency Management Agency, the National Oceanic and Atmospheric Administration, as well as state, local, and tribal governments, and business and non-profit stakeholders. The strategy will inventory existing federal and state investments in the Mississippi River basin, identify gaps, and make recommendations for policy actions focused on improving water quality, restoring habitat and natural systems, improving navigation, eliminating aquatic invasive species, and building local resilience to natural disasters. The Committee directs the Agency to report the findings, strategy, and recommendations not later than 270 days after enactment of this Act. The Committee provides \$2,000,000 to develop this strategy."</p> <p>Please see page 96 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this strategy for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OCFO-03844	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 116-448:</p> <p>"Benefits of the Mercury and Air Toxics Standards (MATS).—The Committee is concerned with the Agency's final action regarding MATS announced on April 16, 2020 and directs the Agency to publish, within 180 days of enactment, a report comprehensively assessing the public health benefits, environmental protections and compliance costs of the existing MATS, and to compare those benefits with the estimated change in benefits that could result if the MATS rule were to be invalidated."</p> <p>Please see page 97 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OLEM-03846	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 116-448:</p> <p>"Superfund Cleanup.—The Committee recommends \$814,306,000, \$19,566,000 above the enacted level and \$131,908,000 above the re-quest. The Committee urges the Agency to prioritize work at sites where activities will result in reduced human exposure to toxic substances. The Committee provides an additional \$2,500,000 with-in the Superfund: Remedial program, to support regulatory work needed to designate PFAS chemicals as hazardous substances under section 102 of CERCLA. The Committee also directs the Agency, within 180 days of enact-ment of this Act, to submit a report on the status of each time-crit-ical removal action for which Federal funds greater than \$1,000,000 have been expended since January 1, 2017, along with the Federal cost of clean-up efforts, whether responsible parties have faced criminal charges, and the amount of recovered Federal dollars."</p> <p>Please see page 102 through 103 of House Report 116-448 (<a href="https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf">https://www.congress.gov/116/crpt/hrpt448/CRPT-116hrpt448.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, which requires House Report 116-448 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022
2022-OCFO-03856	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260:</p> <p>"Targeted Airshed Grants.—The agreement provides \$59,000,000. These grants shall be distributed on a competitive basis to nonattainment areas that the Agency determines are ranked as the top five most polluted areas relative to annual ozone or particulate matter 2.5 standards, as well as the top five areas based on the 24-hour particulate matter 2.5 standard where the design values exceed the 35 mg/m3 standard. To determine these areas, the Agency shall use the most recent design values calculated from validated air quality data. The Committees note that these funds are available for emission reduction activities deemed necessary for compliance with national ambient air quality standards and included in a State Implementation Plan submitted to the Agency. Not later than the end of fiscal year 2021, the Agency should provide a report to the Committees that includes a table showing how fiscal year 2019 and 2020 funds were allocated. The table should also include grant recipients and metrics for anticipated or actual results."</p> <p>Please see page 68 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

2022-OCFO-03860	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260:</p> <p>"Water: Human Health-The agreement provides \$108,487,000 for Water: Human Health. The Committees direct the Agency to maintain the Beach/Fish program project at the enacted level. Of the increase provided, \$1,000,000 is to further support implementation of requirements under America's Water Infrastructure Act of 2018 (Public Law 115-270). Within available funds, not less than \$3,000,000 is for the Agency's work within the Underground Injection Control program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency. These funds should be used by the Agency to review and process Class VI primacy applications from States and Tribes and to directly implement the regulation, where States have not yet obtained primacy by working directly with permit applicants. Additionally, the Agency is directed to submit a report and provide a briefing to the Committees not later than one year after enactment of this Act on recommendations to improve Class VI permitting procedures for commercial and research carbon sequestration projects. The report should be drafted in consultation with the Department of Energy, relevant State agencies, previous permit applicants, and nongovernmental stakeholders."</p> <p>Please see page 62 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2021, Public Law No: 116-260, for more detail on this requirement (<a href="https://docs.house.gov/bills/thisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf">https://docs.house.gov/bills/thisweek/20201221/BILLS-116RCP68-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	04/21/2022

Washington, D.C. 20460 ☐

04/21/2022

Re: Freedom of Information Act Request ☐

Dear Sir or Madam: ☐

Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the U.S. Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, COGENCY GLOBAL INC., hereby requests from EPA copies of information and any original submissions for the Toxic Substances Control Act (TSCA) Chemical Substance Inventory (Inventory) regarding two chemical substances: ☐

1. ~~2~~5-Furandione, 3-(hexadecen-1-yl)dihydro- (also known as succinic anhydride, hexadecenyl- or 2,5-furandione, 3-(hexadecenyl)dihydro-) (Chemical Abstracts Service Registry Number (CAS RN) 32072-96-1); and ☐

2. ~~2~~5-Furandione, dihydro-3-(octadecen-1-yl)- (also known as succinic anhydride, octadecenyl- or 2,5-furandione, dihydro-3-(octadecenyl)-) (CAS RN 28777-98-2). ☐

The following specific information is requested: ☐

Any and all original TSCA Inventory reporting forms submitted to report these substances for inclusion on the TSCA Inventory, such as any Form A (e.g., EPA Form 7710-3A), Form B (e.g., EPA Form 7710-3B), Form C (e.g., EPA Form 7710-3C), or Form D (e.g., EPA Form 7710-3D), any premanufacture notices (PMN), and any notices of commencement (NOC); ☐

Any TSCA Inventory correction requests received for these substances; and ☐

The number of companies, if any, that reported these substances for inclusion on the TSCA Inventory and claimed the company's identity as confidential. ☐

Documents responsive to this request will be likely maintained by the Office of Pollution Prevention and Toxics (OPPT). This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. This request does not include information relating to the TSCA Inventory Update Rule or TSCA Chemical Data Reporting Rule for these substances. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents are included expressly within the scope of this request. ☐

COGENCY GLOBAL INC. understands that some of the documents responsive to this request may have to undergo confidential business information (CBI) review. COGENCY GLOBAL INC. requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible. ☐

If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. COGENCY GLOBAL INC. consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any

2022-NFO-03857 Slater, Robert

CG Environmental  
Services, LLC

Pursuant to the Freedom of Information Act, CG Environmental Services, LLC is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below:

04/21/2022

Commercial Property  
2905 North Broadway Street  
Pittsburg, Kansas 66762

CGES File Number 22-0636

Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Data Management System (HWDMS), and any reported problems in water, air and hazardous spills.

This request does not include information regarding storage tanks or PCBs.

Please contact me prior to incurring any expense associated with this request.

If you have any questions, please give me a call. Thank you for your assistance.

03852

Jenkins, Peter

Public Employees for  
Environmental  
Responsibility

On its webpage about per- and polyfluoroalkyl substances (PFAS) in pesticides, <https://www.epa.gov/pesticides/pfas-packaging> in the 3rd paragraph from the top, EPA highlights a letter dated March 16, 2022, as follows:

04/21/2022

"On March 16, 2022, EPA provided information to manufacturers (including importers), processors, distributors, users, and those that dispose of fluorinated high-density polyethylene (HDPE) containers and similar plastics (i.e., fluorinated polyolefins) about the potential for PFAS to form and migrate from these items. EPA issued an open letter to: (1) raise awareness to industry of this issue in order to help prevent unintended PFAS formation and contamination and (2) outline the requirement under TSCA as it relates to PFAS and fluorinated polyolefins. These efforts are in line with EPA's PFAS Strategic Roadmap, which includes steps to further the science and research to restrict these dangerous chemicals from impacting human health and the environment. View the letter."

REQUEST 1: Please provide all records, including but not limited to emails, letters, memos, reports, texts, notes, electronic chats, and/or data from any source whatsoever from January 1, 2021, to the present regarding the factual basis, background, drafting, and all other internal communications regarding EPA's March 16, 2022, letter.

REQUEST 2 : Regarding the March 16, 2022, letter also provide all follow-up questions, notices, reviews, reports, or any other communications of any nature since the letter's issuance from any "manufacturers (including importers), processors, distributors, users, and those that dispose of fluorinated high-density polyethylene (HDPE) containers and similar plastics" in response to the March 16 letter, and also provide all EPA responsive communications of any nature whatsoever back to any manufacturer, including importers, that has communicated with EPA on the topic.

This request includes all final documents that have ever been within the agency's custody or control, whether they exist in agency "working," investigative, retired, electronic mail, or other files currently or at any other time. All electronic records should be delivered in their original file format with metadata and any attachments included. Physical records should be scanned or otherwise converted into electronic format.

For electronic records, please provide all records in their native file formats (i.e. not converted to PDF) with all metadata included, and for records such as emails which have files embedded or attached, please provide all attachments in their native formats. For instant messages, plain text is acceptable consistent with guidance issued by the National Archives and Records Administration.

For any documents or portions of documents that you block release due to specific exemption(s) from the requirements of the Freedom of Information Act, please provide an index itemizing and describing the documents or portions of documents withheld. The index should, pursuant to the holding of *Vaughn v. Rosen* (484 F.2d 820 [D.C. Cir. 1973] cert. denied, 415 U.S. 977 [1974]), provide a detailed justification for claiming a particular exemption that explains why each such exemption applies to the document or portion of a document withheld.

2022-OCSP-

Jenkins, Peter

Public Employees for  
Environmental  
Responsibility

On its webpage about per- and polyfluoroalkyl substances (PFAS) in pesticides, <https://www.epa.gov/pesticides/pfas-packaging>, under "4. What should pesticide registrants do if they find PFAS in their production lines?", EPA states:

"EPA considers any level of PFAS to be potentially toxicologically significant and may trigger 159.179(b) in the Code of Federal Regulations (CFR). Under 40 CFR 159.155(a)(5), information about impurities must be received by EPA no later than the 30th calendar day after the registrant first possesses or knows of the information.

In a shared interest to remove PFAS from the environment, if companies find PFAS in their product, they should notify EPA and take action to remove contaminated product. If product packaging is suspected as a source and you are considering replacing the packaging, please consult with EPA on data to be submitted for review prior to distribution of the pesticide product with the alternative packaging."

Provide all records from September 1, 2020, to the present resulting from the above 2 EPA statements, including, but not limited to, emails, letters, notifications from industry, consultations to and from industry, memos, reports, texts, notes, electronic chats, and/or data to or from any pesticide registrant regarding PFAS in any pesticide production line, product, or any pesticide product packaging.

This request includes all final documents that have ever been within the agency's custody or control, whether they exist in agency "working," investigative, retired, electronic mail, or other files currently or at any other time. All electronic records should be delivered in their original file format with metadata and any attachments included. Physical records should be scanned or otherwise converted into electronic format.

For electronic records, please provide all records in their native file formats (i.e. not converted to PDF) with all metadata included, and for records such as emails which have files embedded or attached, please provide all attachments in their native formats. For instant messages, plain text is acceptable consistent with guidance issued by the National Archives and Records Administration.

For any documents or portions of documents that you block release due to specific exemption(s) from the requirements of the Freedom of Information Act, please provide an index itemizing and describing the documents or portions of documents withheld. The index should, pursuant to the holding of *Vaughn v. Rosen* (484 F.2d 820 [D.C. Cir. 1973] cert. denied, 415 U.S. 977 [1974]), provide a detailed justification for claiming a particular exemption that explains why each such exemption applies to the document or portion of a document withheld.

2022-R01-03833 Furlong, Thomas Northeast Legal Aid

Re: Request for records under the Freedom of Information Act, 5 U.S.C. 522, and in accordance with 40 C.F.R. Part 2

04/21/2022

To Whom It May Concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. 522, I request the following documents from United States Environmental Protection Agency as they pertain to the Lowell Regional Wastewater Utility at 451 1st Street Boulevard (Route 110), Lowell, MA 01850 dating from January 1, 2011 to present unless otherwise noted:

1. Capacity, Maintenance, Operation, and Management (CMOM) reports for 2020 and 2021.
2. Monthly summaries of Daily Monitoring Reports including written reports describing noncompliance and its cause, including Discharge Monitoring Reports, required NPDES monitoring data, summaries of CSO Discharges, and summaries of high flow bypasses for their below defined period.  
o Please include for every month through January 2015 to December 2016.  
o Please also omit reports from January 2017 through June 2021, except please include September 2019.  
o For 2021, please include the months of July, August, September, October, November, and December, but omit the remaining months.
3. Testing data, results, and reports for fecal coliform, e. coli, total suspended solids, pH, chlorine, phosphorous, biochemical oxygen demand (BOD), carbonaceous BOD (CBOD), and any other bacteria, chemical, pollutant, or other effluent from January 2021 to present from the Merrimack River.
4. Aggregate CSO Report for Quarter 4 of 2021
5. June 16, 2003 Administrative Order on Consent
6. Fact sheet that accompanies City of Lowell's permit appeal MA0100633 NPDES appeal number 19-03, decided on June 29th, 2020
7. Any information concerning annual average flow limitation violations, since 2011.

Should you determine that some portion of the document(s) I have requested is not public record, I reserve my right to appeal such a decision and request that you release any portion of the document(s) that is public information. If you determine that the requested document(s), or any portion of the requested document(s), is exempt from disclosure, please note the specific exemption under the law and explain why. I understand that you may have to redact portions of these records for privacy reasons.

Please contact me at (b) (6) at your earliest convenience if you have any questions.

2022-R02-03872 Trautman, Amy -

Please provide any documentation related to the Epic Ventures/Epic Holdings Superfund site located at 22 Hudson Falls Road, South Glens Falls, NY 12803. The EPA ID # is NYN000202729.

Pursuant to the Freedom of Information Act, 5 U.S.C. §552, we request access to and copies of any and all records, correspondence, reports, citations, memoranda, photographs, layouts, maps, schematics, blueprints, witness statements, notes, photos, air-sampling data, and/or any other documents generated in connection with any asbestos-related activities and asbestos abatement actions taken regarding the two facilities listed below from 1963 to present:

1. Wire Rope, 609 N. 2nd Street, St. Joseph, Missouri 64501
2. Wire Rope in Memphis, Tennessee

In accordance with the Freedom of Information Act, please provide us with complete copies of any and all (1) records, (2) investigatory reports, (3) decisions and orders, and (4) citations regarding any relevant incidents in connection with any environmental or health-related hazards (i.e. asbestos, silica, chemical fumes, or any other toxic or hazardous compounds).

This request is being made with regard to civil litigation to which the United States and the U.S. Environmental Protection Agency are not and will not be parties. We represent Western Auto Supply Company in civil litigation brought by Frank and Helen Byorick, which is currently pending in St. Louis City, Missouri (Case No. 1922-CC12083).

We will be happy to reimburse your office's reasonable costs in connection with processing this request. Please contact me directly should you have any questions.

Very truly yours,

Shannon M. Luschen

2022-R05-03932	Wagner, Stephanie	Illinois State Geological Survey/University of Ill	Please send me any releasable electronic CERCLA documents dated after May 30, 2016, pertaining to assessment or remediation activities completed for the following active Superfund site located in Joliet, Will County, Illinois:	04/26/2022
----------------	-------------------	--	--	------------

EPA ID #ILD000675264 - American Cyanamide Company, 1306 McKinley Avenue, Joliet, Illinois.

Please send all technical documents, except legal or proprietary documents, that have already been screened by USEPA attorneys.

Because my office has previously received files for American Cyanamide Company in 2016 (FOIA # EPA-R5-2017-000899), I am only requesting an update to the previous request. This information will be used to complete a preliminary environmental site assessment for a proposed road improvement project for the Illinois Department of Transportation (IDOT). Thank you and please do not hesitate to call me if you have any questions about this request.

2022-R05-03933	Wagner, Stephanie	Illinois State Geological Survey/University of Ill	Please send me any releasable electronic CERCLA documents dated after February 6, 2018, pertaining to assessment or remediation activities completed for the following active Superfund site located in Joliet, Will County, Illinois:	04/26/2022
----------------	-------------------	--	--	------------

EPA ID #ILD148348287 - Matheson Gas Products Inc, Manhattan Road & Richards Street, Joliet, Illinois.

Please send all technical documents, except legal or proprietary documents, that have already been screened by USEPA attorneys.

Because my office has previously received files for Matheson Gas Products in 2018 (FOIA # EPA-R5-2018-009762), I am only requesting an update to the previous request. This information will be used to complete a preliminary environmental site assessment for a proposed road improvement project for the Illinois Department of Transportation (IDOT). Thank you and please do not hesitate to call me if you have any questions about this request.

2022-R05-03934	Wagner, Stephanie	Illinois State Geological Survey/University of Ill	<p>Please send me any releasable electronic CERCLA documents dated after January 1, 2014, pertaining to assessment or remediation activities completed for the following active Superfund site located in Rockdale, Will County, Illinois:</p> <p>EPA ID #ILD980497721 - Carlstrom Landfill, 639 Rock Island Avenue, Rockdale, Illinois.</p> <p>Please send all technical documents, except legal or proprietary documents, that have already been screened by USEPA attorneys.</p> <p>Because my office has previously received files for Carlstrom Landfill in 2014 (FOIA # EPA-R5-2014-001706), I am only requesting an update to the previous request. U.S. EPA				
FOIA re: Courtney Ridge Landfill, SWMP facility #0109521; Part 70 air permit #OP2017-086; NPDES Permit No. MO-0117790				
Hello:				
<p>This is a request for public records pursuant to the United States Freedom of Information Act submitted by Great Rivers Environmental Law Center on behalf of individuals living near the Courtney Ridge Landfill (the "Facility"), with concerns about the environmental and public health effects of the Facility. Please provide copies of the following records pertaining to the Facility; electronically delivered records are requested:</p> <p>Any and all documents relating to the above-referenced source's Clean Air Act Permit generated by the U.S. EPA, including but not limited to inspections, enforcements or other actions against or concerning Courtney Ridge Landfill for the last five years. This request includes, but is not limited to, the joint Missouri Department of Natural Resources and U.S. Environmental Protection Agency Unannounced Full Compliance Evaluation, including Surface Emission Monitoring, taken by the EPA May 22-24, 2018.</p> <p>We request that the Agency separate by redaction any record containing exempt and nonexempt material if possible and provide redacted copies of such record herewith. If separation within a given record is not possible and access to such record responsive to this request is being denied, in whole or in part, as an exempt record, we request that the EPA provide a written statement of the grounds for such denial, stating the specific provision of law under which access is being denied. We hereby waive our right to such written statement within three business days of receipt of this request on the condition that such statement is provided with the EPA's open records response occurring within a reasonable time of receipt of this request. We also ask as a professional courtesy that if access to records is not being denied under any exemption, that the Agency state this fact in its response.</p> <p>We request a fee waiver for all fees associated with this request. This request is not being made for commercial use. Rather, it is being made on behalf of concerned citizens interested in the environmental impacts resulting from the operation of the Facility. As a result, the request is likely to contribute significantly to public understanding of the activities of the Facility and the Agency's regulation thereof. However, if this request for fee waiver is denied, please contact me directly if the fees for this request will exceed \$50.00. Thank you for your time.</p> <p>Sincerely,</p> <p>Cynthia K. Boxerman</p> <p>Cynthia K. Boxerman Attorney at Law Email: cboxerman@luc.edu (b) (6)</p>				
2022-NFO-03963	Quinn, Tyler	Arecon Ltd.	Arecon Ltd. is assisting a client with the transaction subject to the Industrial Site Recovery Act (ISRA) rules at a property listed at 2180 Hedding Road, Columbus, NJ 08022 (Block 51.02, Lot 5.01). We are kindly requesting that your office provides us with any copies of files of environmental concerns, hazardous material incidents, storage tanks, land use, environmental and site plans. Thank you.	04/27/2022

2022-NFO-03992	Haulton, Kenneth	Weaver Consulting Group	<p>Dear FOIA Officer:</p> <p>Pursuant to the federal Freedom of Information Act, Weaver Consultants Group North Central, LLC is requesting any paper and microfiche documents that may be on file concerning current or historical risk management plans; building permits; current or historical underground or aboveground storage tanks; hazardous materials incidents; and any other environmental conditions, inspections, releases, or violations located at the following address/Parcel Index Number:</p> <p>2925 W 4th Street Williamsport, PA Tax ID: 67-017-200</p> <p>Thank you in advance for your assistance with this request. Should you require any additional information, please do not hesitate to contact our office at (b) (6), or contact me directly at khaulton@wcgrp.com.</p> <p>Sincerely, Weaver Consultants Group</p> <p>Kenneth Haulton, G.I.T. Project Scientist</p>	04/28/2022
2022-OW-03996	Cansler, Tim	Cansler Consulting, LLC	<p>In December 2020 EPA published a document, titled: Public Comment and Response Document for the Final Lead and Copper Rule Revisions. In the document (bottom page 159-160) EPA determines to exclude an NSF-61 certified pipe lining technology from compliance with § 141.84. I would like to better understand the Administrative Procedures followed by EPA Office of Water and Office of Research and Development in how this decision was reached during promulgation of the National Primary Drinking Water Regulations: Lead and Copper Rule Revisions (EPA-HQ-OW-2017-0300). EPA must base its reasoning and conclusions on the rulemaking record. Please provide from the final rule stages:</p> <p>*Names of individuals, organizations and corresponding ID numbers of public comments submitted to EPA and used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with §141.84. * Names of individuals and organizations that provided EPA with scientific data that EPA used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. * Names of individuals and organizations who provided EPA expert opinions that were used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. * Names of individuals, organizations that submitted facts to EPA that were used to conclude that NSF-61 certified pipe lining technology would be excluded from compliance with § 141.84. Please provide how EPA used the above public comments, scientific data, expert opinions and facts submitted to conclude that its determination to exclude an NSF-61 certified pipe lining technology from compliance with § 141.84 would:</p> <p>* not assist disadvantaged communities with mitigating lead from their water system 1. quicker, and 2. less costly?</p> <p>* not provide financially-strapped water systems with another certified, viable alternative to mitigate lead?</p> <p>* not provide reduction of GHG emissions from less use of heavy equipment and transportation of lead pipes to disposal sites?</p> <p>* benefit the environment by removing lead pipes and hauling the heavy material to a landfill where there are varying state rules on disposal of hazardous materials?</p>	04/28/2022
2022-NFO-03999	Sharpe, Elizabeth	private citizen	<p>410 E Main Street Rangely CO 81648</p> <p>Please provide me any records for closed or open records/actions for this address.</p> <p>I am planning to have a phase one assessment done.</p> <p>Thank you</p>	04/28/2022

This is a request for production of records under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and the implementing regulations of the National Archives and Records Administration ("NARA"), 36 C.F.R. Part 1250. I am writing to request certain records relating to the testing and registration of certain gasoline deposit control additives by Chevron Oronite Company LLC and Chevron Products Company under Title 40, Part 79 of the Code of Federal Regulations.

Statutory Basis: EPA requires that "[a]ny manufacturer of a designated fuel additive who wishes to register that additive shall submit an application for registration including all of the information set forth in § 79.21. Each application shall be signed by the fuel additive manufacturer and shall be submitted on such forms as the Administrator will supply on request." 40 C.F.R. § 79.20. Under section 79.21, "[e]ach application for registration submitted by the manufacturer of a designated fuel additive shall include the following...(j) If the purpose-in-use of the additive identified pursuant to the requirements of paragraph (d) of this section is a deposit control additive for use in gasoline, the manufacturer must submit the following in addition to the other information specified in this section: (1) The lowest additive concentration (LAC) that is compliant with the gasoline deposit control requirements of 40 CFR 1090.260. (2) The deposit control test method in 40 CFR 1090.1395 that the additive is compliant with." 40 C.F.R. § 79.21(j)(1-2).

Request: The undersigned requests all documents submitted by Chevron Oronite Company LLC and Chevron Products Company sufficient to show (1) the lowest additive concentration (LAC) that is compliant with the gasoline deposit control requirements of 40 CFR 1090.260, and (2) the deposit control test method in 40 CFR 1090.1395 that the additive is compliant with, including the results of the deposit control test, for the following detergent additives registered with EPA:

Chevron Oronite Company LLC - OGA 402 (CARB-based Certification); OGA 402E (CARB-based Certification); OGA 412DC (CARB-based Certification); OGA 72305 (CARB-based Certification)  
Chevron Products Company - Chevron 72040 Bulk Gasoline Additive (National Generic Certification); Techron Gasoline Additive (National Generic Certification)

If EPA takes the position that any portion of the requested records contain information that falls within statutory exemptions to mandatory disclosure, we request that such information be reviewed for possible discretionary disclosure. See *Chrysler Corp. v. Brown*, 441 U.S. 281, 293 (1979). We also request that, in accordance with 5 U.S.C. §552(b), any and all reasonably segregable portions of otherwise exempt materials be produced. To the extent that the request is denied, we expect to receive notice in writing, including a description of the information withheld, the reasons for denial, and any exemptions relied upon. See 45 C.F.R. §5.31.

To be clear, this request does not seek information relating to the ingredients or formulation process of the subject gasoline additive packages. Instead, we seek information regarding the portions of the reports described in 40 C.F.R. §§ 79.21(i-j), 1090.260, and 1090.1395 which demonstrate test results and information sufficient to fully interpret those test results. Federal Courts have held that such information is not protected CBI. For example, in *Center For Auto Safety v. National Highway Traffic Safety Administration* (D.C. Cir. 2001) 244 F.3d 144, the Center sought access to information provided to the National Highway Transportation Safety (NHTS) Administration by nine airbag manufacturers and importers. The Court of Appeals for the District of Columbia Circuit agreed with the Center that the information that the NHTS withheld did not qualify as CBI as the information sought only related to "the end product—what features an airbag has and how it perf

2022-OAR-04010	Williamson, David	Williamson Law + Policy, PLLC	Request Dear Sir/Madam:  Please accept this letter as a request to the U.S. Environmental Protection Agency ("EPA") for information pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 522, as amended. The scope of this request regards an EPA press release dated 4/19/2022 titled:  "The Biden-Harris Administration and EPA Continue Progress in Cutting Super-Pollutants, Barring Illegal Imports, and Speeding Transition to Cleaner New Technologies to Fight Climate Change and Save Money."  We respectfully request all information regarding the following:  (1) All information, correspondence and documents related to what EPA describes in the above press release as "EPA also provided notice to three companies of the Agency's intent to retire some of their allowances, due to misreporting data and improperly importing without allowances."  We will reimburse you for processing fees up to the amount of \$200. If the processing fees will exceed this amount, please contact me at the above telephone number. Thank you very much for your assistance.	04/28/2022

(2005) Enforcement Method to Determine% Active Ingredient in CDRW-D5.") on file in the product registration jacket for OXONE CDRW D5, EPA 39967-139. The files may be under the previous registration number 71654-9. Per the registration and data transfer LANXESS Corporation is the owner of the registration and the denoted MRIDs; a copy of the transfer approval is available upon request. The requester will provide a link to a secure upload site if files cannot be sent by certified mail due to current work from home practices. Please only release files to LANXESS Corporation as they are contain confidential Business information.	04/29/2022
2022-R03-04011	Barr, Alyssa	Langan Engineering	Langan Engineering and Environmental Services, Inc. is performing an environmental investigation at 3121 Pleasant Boulevard in Altoona, PA. Based on our research, the Site is listed in the RCRA Generator and TSD databases under the names: Carol Cable Company Inc, BICC General Cable Industries Inc, and General Cable Corp and the EPA IDs PAD361134083 and PAD004374955. In addition, the facility is listed in the SEMS-ARCHIVE database under the names Sylvania Tube Products (EPA ID PAD039067160) and Carol Cable Company (PAD004374955). According to the SEMS-ARCHIVE listings a Preliminary Assessment was performed in 1989 and again in 1991. Langan would like to request any documentation you may have related to the Site described above. We are particularly interested to review copies of the 1989 and 1991 preliminary assessments. Thank you.	04/29/2022

2022-OGC-04017	Peterson, Kyle	The Wall Street Journal	OGC to provide confidentiality determination for information initially withheld under FOIA Exemption 4 in response to FOIA request no. EPA-2022-003313. Do not perfect the request. Please assign to OGC without correspondence to the requester.	04/29/2022
2022-R02-04014	Larson, Alyssa	-	Documentation related to a USEPA investigation conducted between the early 1980s and early 1990s for the Former Emerson Street Landfill in Rochester, NY, including documents related to the preliminary assessment, site inspection, agency/city correspondence, subsurface investigation reports, analytical data, site maps/diagrams, and archive report.	04/29/2022
2022-R02-04015	Larson, Alyssa	-	Documentation related to investigation and remediation activities performed in association with Brownfields grants issued to the property located at 1695-1715 Emerson Street in Rochester NY in the early 2000s. Requested documentation includes Phase I ESAs, investigation and remediation reports, agency correspondence, analytical data, site diagrams/maps, and any other relevant information.	04/29/2022
2022-R02-04016	Larson, Alyssa	-	see comments section for revised details from the requester obtained during a telecon on 5/11/2022	04/29/2022
2022-R03-04024	Melus, Gregory	Tully Rinckey, PLLC	I amend my FOIA request as follows:  1. <del>I</del> omit letter A. EPA's DOC FMC RPT - 2014-05-20 FMC NTCRA Bldgs Final Report; 2. <del>P</del> lease provide the certificate of authenticity as requested in the FOIA. 3. <del>I</del> f you could provide the documents in electronic form, I would appreciate it.	04/29/2022

To Whom It May Concern,

I am requesting information regarding the former Coster Shops cleanup site.

EPA ID CODE: TND 03-067-1085

There are three EPA registry ID's associated with this site:

110021015587 - [https://ofmpub.epa.gov/frs\\_public2/fii\\_query\\_detail.disp\\_program\\_facility?p\\_registry\\_id=110021015587](https://ofmpub.epa.gov/frs_public2/fii_query_detail.disp_program_facility?p_registry_id=110021015587)

110070735934 - [https://ofmpub.epa.gov/frs\\_public2/fii\\_query\\_detail.disp\\_program\\_facility?p\\_registry\\_id=110070735934](https://ofmpub.epa.gov/frs_public2/fii_query_detail.disp_program_facility?p_registry_id=110070735934)

110027699550 - [https://ofmpub.epa.gov/frs\\_public2/fii\\_query\\_detail.disp\\_program\\_facility?p\\_registry\\_id=110027699550](https://ofmpub.epa.gov/frs_public2/fii_query_detail.disp_program_facility?p_registry_id=110027699550)

The EPA registry pages list the address of this cite as:

900 Tennessee Avenue Knoxville, TN 37917

Please Note that Govt. Documents seem to most commonly list an address that is different from the address included on the registry pages:

900 Tennessee Avenue Knoxville, TN 37917

The Tennessee Department of Environment and Conservation (TDEC) ID: TND030671085

I am interested in any and all documents associated with this site so far as it pertains to the EPA. This site was ultimately handed over to the TDEC for cleanup operations. I am NOT seeking any TDEC records as those have already been obtained from that agency directly through a different request. Specifically, I am interested in records which detail the hazardous waste that was generated and stored on the site as well as any records detailing the transfer of hazardous waste from the site. Further, I am interested in any documents, notes, and records which pertain to EPA personnel visits to the site; this includes (but is not limited to): Potential Hazardous Waste Site Assessments, Hazardous Waste Inspection Reports, Hazardous Waste Notification Reports, Hazardous Waste Descriptions, Hazardous Waste Manifests, etc. I am also looking for all documents pertaining to the Biennial Hazardous Waste Report which were required to be submitted to the EPA. I have attached a few EPA docs that were obtained from the TDEC for reference.

A number of hazardous wastes were generated and disposed of on the site including:

Tetrachloroethylene

Spent Grit & Paint

White Lead Compound

Methylene Chloride

Waste Paint Sludge & Solvent

2022-R04-04023	Diaz-Robles, Juan	Ramboll	<p>To whom it may concern:</p> <p>Pursuant to the Public Information Act, Ramboll is submitting an open records request for any information regarding the following listings:</p> <p>-<del>E</del>y Fries, Inc. in Theodore Industrial Park or Creanova, Inc. at 4301 Degussa Road, Theodore, AL listed in CERCLIS – NFRAP and CORRACTS databases. Superfund Site, from January 1, 2015 to the present. For reference, please see the attached Memorandum of Understanding dated May 16, 2018.	05/02/2022
2022-AO-04031	Guillen, Alex	POLITICO	I request all documents detailing Administrator Michael Regan's schedule from April 1 through April 30, 2022. Such documents include but are not limited to itineraries, scheduling documents, and "tick-tocks" detailing Regan's activities and records of in-person, telephonic or electronic meetings, including a list of who participated in those meetings and details on topics discussed. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information.	05/02/2022
2022-AO-04033	Guillen, Alex	POLITICO	I request all photographs of Administrator Michael Regan, or any related materials from events which he attended, that were created by Eric Vance or any temporarily assigned employee or contractor on or between April 1 through April 30, 2022. This request includes meetings, public appearances, press conferences, photo sessions or any other activity, whether public or private, Regan participated in during the course of official EPA business. This includes materials not previously made public by EPA. Please organize the material by date, and include each event's location, subject and any other relevant information.	05/02/2022
2022-AO-04034	Guillen, Alex	POLITICO	I request all responses to congressional Questions for the Record sent from EPA to Congress from April 1 through April 30, 2022.	05/02/2022
2022-AO-04035	Guillen, Alex	POLITICO	I request all records concerning logs of correspondence that record letters between members of Congress and EPA from April 1 through April 30, 2022. Please include the control number, send/receive date, sender/recipient and subject. Please redact constituents' names and other personal information detailed in these logs in order to expedite this request.	05/02/2022
2022-OAR-04037	Guillen, Alex	POLITICO	I request all documents detailing Principal Deputy Assistant Administrator of the Office of Air and Radiation Joseph Goffman's schedule from April 1 through April 30, 2022. Such documents include but are not limited to itineraries, scheduling documents, and "tick-tocks" detailing Goffman's activities and records of in-person, telephonic or electronic meetings, including a list of who participated in those meetings and the topics discussed. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information.	05/02/2022

2022-AO-04036	Guillen, Alex	POLITICO	<p>I request all records concerning logs of correspondence that record letters between EPA and the following list of governors from April 1 through April 30, 2022. Please include the control number, send/receive date, sender/recipient and subject. Please redact constituents' names and other personal information detailed in these logs in order to expedite this request.</p> <p>Alabama Gov. Kay Ivey  Alaska Gov. Mike Dunleavy  Arizona Gov. Doug Ducey  Arkansas Gov. Asa Hutchinson  California Gov. Gavin Newsom  Colorado Gov. Jared Polis  Connecticut Gov. Ned Lamont  Delaware Gov. John Carney  Florida Gov. Ron DeSantis  Georgia Gov. Brian Kemp  Hawaii Gov. David Ige  Idaho Gov. Brad Little  Illinois Gov. J.B. Pritzker  Indiana Gov. Eric Holcomb  Iowa Gov. Kim Reynolds  Kansas Gov. Laura Kelly  Kentucky Gov. Andy Beshear  Louisiana Gov. John Bel Edwards  Maine Gov. Janet Mills  Maryland Gov. Larry Hogan  Massachusetts Gov. Charlie Baker  Michigan Gov. Gretchen Whitmer  Minnesota Gov. Marnie Funk (please search for the email &quot;Marnie.Funk@shell.com")

2022-OCSP-04057	O'Loughlin, Nicole	Pyxis Regulatory Consulting, Inc.	Please provide an MRID No. listing (bibliography) of data considered by the Agency in support of the tolerance decisions for the herbicide safeners, benoxacor and dichlormid. Please include the submitter and submission date with the MRID No. listing, if possible.	05/03/2022
2022-R02-04049	Lennon, Diana	Verdantas	We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at 100 Bomont Place (Block 133 Lot 3), Totowa, Passaic County, NJ. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.	05/03/2022

2022-OGC-04060	Castro, Gina	-	I am requesting documents showing the EPA's investigations into the state agency Alabama Department of Environmental Management. The time frame I am requesting is 2008 to present. I submitted this request on April 25, 2022. The EPA FOIA Officer for District 4 Jennifer Pearce stated that the only EPA investigations her district has access to is investigations that involve a specific site. Pearce explained that, to her knowledge, ADEM isn't a site, so her district doesn't have a record for my request. She suggested on May 2, 2022, for me to resubmit my request to the EPA's Office of Inspector General. That is what I am doing now by resubmitting this record request. I know of at least one instance where the EPA investigated ADEM. It was for a civil rights violation in 2018. I'm interested in receiving those documents as well as any other investigation the EPA has done into ADEM as a state agency for other violations from 2008 to present.	05/03/2022
2022-OCFO-04067	Farzamfar, Arshia	York University	Dear Sir or Madam: Pursuant to the Federal Freedom of Information Act, I request information on the breakdown of annual budget by the EPA agency by each state, for years 2000 to 2021. Please contact me at (+1) (b) (6) with any questions or send your response to my attention at arshiafa@schulich.yorku.ca. Thank you in advance for your cooperation. Sincerely, Arshia Farzamfar	05/03/2022
2022-OCSP-04056	Kendrick, Cody	Landis International, Inc.	I am submitting this Freedom of Information Act request to the EPA's Office of Pesticide Programs for any Agency reviews or product performance data evaluation records (DERs) for MRID 51615606.	05/03/2022
2022-R05-04061	Wolin, Matthew	-	Any and all records relating to any letter or correspondence submitted by Annette Wiesel on behalf of R & Z Metal Corporation and/or Leo Ziegel in 2014 responding to the Special Notice Letter for the Chemetco Superfund site that the EPA sent to R&Z Metal/Leo Ziegel in 2014.	05/03/2022
2022-OCSP-04059	Janus, Erik	Steptoe & Johnson, LLP	Please provide all publicly-available electronic materials from the registration jacket to support EPA Registration 87358-1, including all Data Evaluation Records, as well as any e-mail correspondence between the registrant/applicant (and its representative TSG Consulting) and EPA.	05/03/2022
2022-OCSP-04051	Maira, Crystal	-	Please provide the Efficacy DER for MRID 50100801 for EPA registration 90150-2	05/03/2022
2022-R04-04064	Steever, Rebecca	Arcadis	Location: 2180 Irvindale Way, Chamblee, Georgia Site ID: 0401549 EPA ID: GAD072472707 Moreland McKesson Co.	05/03/2022
2022-NFO-04058	Rachman, Natalie	RPS Group	Any documents related to CERCLA, Preliminary Site Assessments, Site Investigations, communications or data. I would like to request records regarding potential: spills/releases, USTs/ASTs, water wells and/or septic systems, notices of violations/complaints, records of inspection, hazardous materials storage / waste generation reporting, known or suspected environmental impacts, or other regulatory investigations identified in connection with the property located at: 104 Hill Court, Mukwonago WI	05/03/2022
2022-OCSP-04066	Lahiff, Chris	McDermott Will & Emery LLP	I request a copy of the application dated on or about August 17, 2020, submitted by Albaugh LLC to amend the label for EPA Registration Number 42750-388, product name Albaugh Mancozeb Technical. EPA accepted the amendment on or about October 26, 2020 by decision number 566362. Please note that I am not requesting any data that may have been submitted with the application. I do specifically request a copy of any Data Matrix that may have been submitted with the application or after. I also request EPA's comments on the application. Thank you.	05/03/2022
2022-OCSP-04062	Fulford, Jennifer	TOXCEL, LLC	Good afternoon. We would like information on whether any FOIA requests have been received by the Agency for information relating to: International Chemical Co., EPA Company Number 93807, or either registered product 93807-1 or 93807-2. And if so, what information was requested and/or provided, and the names of the requester(s). The products were first registered in July, 2021. This is further to the request EPA-2021-006451 that was closed in November 2021 - we are looking for anything since the previous request. Thanks for your help.	05/03/2022
2022-NFO-04063	Feick, Amelia	Roux Associates	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APNs: 532130017, 532130018, 532130020, and 532130021. These APNs are associated with the address: 2421 East Westward Avenue, Banning, California. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	05/03/2022

2022-NFO-04065	Feick, Amelia	Roux Associates	<p>We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APNs: 413270004 and 413270014. These APNs are associated with the addresses: 3607 Cherry Valley Boulevard and 10400 Calimesa Boulevard, Calimesa, California 92320, respectively. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p>	05/03/2022

Condich-Scantland Environmental Scientist (b) (6) (b) (6) (cell)</p>	05/03/2022
2022-R04-04055	Barker, Mark	Blue Ridge Environmental Defense League	<p>Requesting an electronic copy of the RAW air monitoring data collected by all of the EPA remote, temporary air monitors which gathered data around the Weaver Fertilizer Plant Fire, Winston-Salem, NC. Dates requested are from Feb. 1, 2022 - Feb. 8, 2022. A link to download the data would be preferred. I am NOT requesting the summary data that is available at the EPA response site: <a href="https://response.epa.gov/site/site_profile.aspx?site_id=15489">https://response.epa.gov/site/site_profile.aspx?site_id=15489</a> . I am requesting the RAW data for ALL the temporary, mobile monitors that EPA setup during this event.</p> <p>Thank You for your time and assistance!</p>	05/03/2022

To whom it may concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. §552, we request access to and copies of any and all records, correspondence, reports, citations, memoranda, photographs, layouts, maps, schematics, blueprints, witness statements, notes, photos, air-sampling data, and/or any other documents generated in connection with any asbestos-related activities and asbestos abatement actions taken regarding the two facilities listed below:

1. Wire Rope, 609 N. 2nd Street, St. Joseph, Missouri 64501
2. Wire Rope in Memphis, Tennessee

The relevant time frame associated with request pertains to 1963 to present.

This request is being made with regard to civil litigation to which the United States and the U.S. Environmental Protection Agency are not and will not be parties. We represent Western Auto Supply Company in civil litigation brought by Frank and Helen Byorick, which is currently pending in St. Louis City, Missouri (Case No. 1922-CC12083).

We will be happy to reimburse your office's reasonable costs in connection with processing this request. Please contact me directly should you have any questions.

Very truly yours,

Shannon Luschen

Hydro-Environmental Technologies, Inc (HETI) is conducting an inquiry into environmental operations on behalf of DoorDash for the following addresses: 2016 East Lincoln Highway, Langhorne, PA (PARID: 22-040-029-007). Please provide any information as to historical environmental operations regarding the two program incident numbers and case number.

This environmental file inquiry is being conducted as part of a Phase 1 Assessment. The purpose of this inquiry is to obtain information from your files pertaining to the current and historic environmental status and detailed information about the site including compliance and enforcement, environmental management, land use, site remediation, and water quality associated with the case numbers as well as its present and past uses and recognized environmental conditions (e.g., hazardous waste, discharges, waste storage, underground storage tanks).

Please contact me if you have any further environmental information for the site, or if you have any questions.

2022-OCSP-04072	Brodie, Meshea	UPL NA Inc	UPL NA Inc. (UPL) is submitting this Freedom of Information Act (FOIA) to request the records from the jackets for EPA Reg. No. 87373-117. This request is including labels, forms, matrices, and transmittal documents.	05/04/2022
			If you have any questions or comments, please feel free to contact me at (b) (6) or meshea.brodie@upl-ltd.com.	
2022-NFO-04077	Witkowski, Madison	-	Hi, I am looking for any current or historical documents related to environmental impact matters for the property located at 3649/3663 Southland Drive, Flowery Branch, Georgia 30542	05/04/2022

2022-R09-04080	Smith, Ellen	Wood E & IS	I am conducting a Phase I ESA and am requesting information regarding property at 2525 W. 190th St., Torrance, CA, 90504.	05/04/2022
2022-OCSP-04078	Lahiff, Chris	McDermott Will & Emery LLP	In response to my request assigned EPA-2022-000605, the Agency provided the document attached below. Thank you for doing so. The document EPA provided references two other documents that I respectfully request, specifically, "102816 Mancozeb FMC Offer to Pay Data Compensation.pdf" and "8570-32manco.pdf"/"Form 8570-32 Certification of Attempt to Enter into an Agreement with other Registrants for Development of Data". See pages 1-2 of the attached. The documents I request are additionally identified as "Uploaded Documents" on the record attached.	05/04/2022
2022-OCSP-04075	Lahiff, Chris	McDermott Will & Emery LLP	For the registration of ARG Mancozeb MUP, EPA Registration Number 87373-1171, I request a copy of: 1) the Application for Registration (EPA Form 8570-1); 2) the Certifications with Respect to Citation of Data (EPA Form 8570-34); and 3) any Data Matrixes (EPA Form 8570-35) submitted in support of the registration. That registration was granted on or about 22 April 2022. Please note that I am not requesting any data that may have been submitted with the application (e.g., Product Chemistry data). Thank you.	05/04/2022

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, The Downs Law Group (DLG) requests records<sup>1</sup> for laboratories audited by the Environmental Protection Agency (EPA) regarding the following information, or access to it for inspection or duplication, which are in possession of or generated by the EPA for the time periods provided below:

1. All documents submitted by TDI-Brooks and/or B&B Laboratories, Inc.<sup>2,3</sup> to the EPA from 2005 – 2015.
2. All draft and final copies of standard operating procedures (SOPs), quality assurance and quality control auditing reports, and corrective action logs for the Laboratories from 2005 – 2015.
3. All documents related to laboratory accreditation, auditing, and audit results of the Laboratories, including handwritten notes, jottings, and notes recorded during inspections and/or visits to the Laboratories from 2005 – 2015.
4. All documents related to compliance with any laboratory audit of the Laboratories from 2005 – 2015, including:
  - a. documents submitted to EPA related to the scope of analysis of the Laboratories;
  - b. the methods the Laboratories proposed to use for analytical testing;
  - c. the Laboratories' proficiency testing, including any plan(s), testing results, and/or performance measurements used or compared to the Laboratories' ability to repeat/reproduce performance;
  - d. the Laboratories management summaries;
  - e. descriptions of the Laboratories' instrumentation; and
  - f. documentation submitted by the Laboratories to prove the Laboratories had all the necessary procedures and qualifications for their accreditations.
5. All documents evincing the laboratory testing methods that were acceptable by EPA as part of its auditing process at the time of the Deepwater Horizon Oil Spill on April 20, 2010.
6. All communications related to the National Institute of Standards and Technology (NIST) laboratory intercalibrations from April 1, 2010 – April 30, 2012, including using search term @nist.gov for email communications.
7. All communications related to the interlaboratory study coordinated by NIST and the National Oceanic and Atmospheric Administration (NOAA) on Standard Reference Material and Gulf of Mexico Crude Oil (SRM 2779)<sup>4</sup> from April 1, 2010 – April 30, 2012.
8. All email communications involving TDI-Brooks International (@tdi-bi.com), Berniebernard@tdi-bi.com, and/or drjmbrooks@aol.com from 2005 – 2015.

2022-R05-04108	Hamper, Martin	Roux Associates, Inc.	<p>Kaushal Gupta (EPA Region 5) informed me that there are a subset of documents which have potentially sensitive information and therefore may be exempt from release under FOIA and asked that I submit a FOIA request to obtain a formal determination of the releasability of these documents.</p> <p>The site name is Ethyl Corporation  The EPA ID number is ILD 055 871 370  The time period of interest is 1983 to 2022.</p> <p>In 1984, a CERCLA 106 Order was issued for the site and I would like to see all orders, correspondence, maps, figures, reports, notes, inspection reports, internal EPA memoranda including action memoranda associated with the order.</p>	05/05/2022
2022-OW-04090	Spalding, David	-	<p>I do not wish to see the RCRA Compliance Evaluation Inspection Report by Todd Brown and Andrea Dierich, EPA Region 5 with the date of evaluation November 16-18, 2021 as I understand it contains confidential information.</p> <p>1. What is the average cost on a 'per gallon' basis to clean and produce EPA CERTIFIED water from a waste treatment site in a major Texas city - during the past 20 years.</p> <p>2. What is the average cost, across the United States, for EPA certified - per gallon of water, produced from a EPA waste treatment site, during the past 20 years.</p> <p>3. What is the timeline of on a weekly basis, on the production rate of EPA certified, per gallon of drinking water, from standard municipal waste treatment sites, across the United States?</p>	05/05/2022
2022-NFO-04109	Tummon, Rebecca	WSP	For the property at 614 Division Street, Vineland, NJ 08360 (Block 2327, Lot 2), any records associated with environmental concerns for a Phase I ESA including federal environmental designations, hazardous waste, chemical storage and spills, tanks records, complaints, violations, permits, etc. pertaining to the property listed above.	05/05/2022
2022-AO-04101	Bogardus, Kevin	E&E News	I request all records related to EPA Deputy Administrator Janet McCabe's schedule from April 1 to May 1, 2022.	05/05/2022
2022-OMS-04102	Bogardus, Kevin	E&E News	<p>Please include all records that document McCabe's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables.</p> <p>I request a list of "special government employees" (SGEs) employed by EPA during the pay periods that ended between April 1 to May 1, 2022.</p>	05/05/2022
2022-AO-04104	Bogardus, Kevin	E&E News	<p>A SGE is an agency employee that performs temporary duties, with or without compensation, for not more than 130 days during any period of 365 consecutive days, as defined in 18 U.S.C § 202.</p> <p>I request records of all responses to Questions for the Record provided to Congress from EPA from April 1 to May 1, 2022.</p> <p>These records are responses to formal questions posed by lawmakers in association with witness testimony at congressional committee hearings.</p>	05/05/2022

2022-OGC-04105	Bogardus, Kevin	E&E News	<p>I request records of all approval of outside activity forms; certifications of qualified trusts; certificates of divestiture; impartiality determinations; notices of disqualification; recusals; screening arrangements; waivers, including those resolving financial conflicts of interest; and all other ethics-related records filed by and/or given to EPA's political appointees – either classified as Administratively Determined, Schedule C, Non-career Senior Executive Service, Presidential Appointment without Senate Confirmation or Presidential Appointment with Senate Confirmation – from April 1 to May 1, 2022.</p> <p>These documents would likely be prepared under 18 U.S.C. § 207; 18 U.S.C. § 208; 5 C.F.R. Part 2634; 5 C.F.R. Part 2635; and 5 C.F.R. Part 2641 as well as be in the care of the Designated Agency Ethics Official.</p>	05/05/2022
2022-OMS-04103	Bogardus, Kevin	E&E News	<p>Please do not consider these individuals' OGE Form 278 public financial disclosure reports as responsive records to this request.</p> <p>I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from April 1 to May 1, 2022.</p> <p>Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes.</p>	05/05/2022
2022-AO-04098	Bogardus, Kevin	E&E News	<p>I request all records concerning all logs of correspondence that record letters from members of Congress to EPA from April 1 to May 1, 2022.</p> <p>The logs should detail the correspondence's control number, the date it was received, what congressional office sent it and its subject. Please redact constituents' names and other personal information detailed in these logs in order to expedite this request.</p>	05/05/2022
2022-OGC-04099	Bogardus, Kevin	E&E News	<p>I request all documents related to EPA employees' ethics waivers in resolving financial conflicts of interest from April 1 to May 1, 2022.</p> <p>These documents are maintained by federal agencies and are released to the public upon request under 18 U.S.C. 208.</p>	05/05/2022
2022-AO-04100	Bogardus, Kevin	E&E News	<p>I request all records related to EPA Administrator Michael Regan's schedule from April 1 to May 1, 2022.</p> <p>Please include all records that document Regan's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables.</p>	05/05/2022
2022-OLEM-04085	Downes, Anthony	Downes Process Safety, LLC	<p>Dear Sir or Madam,</p> <p>I would like to obtain the non-OCA data from the EPA's RMP database. This involves essentially ALL the tables with the exception of those related to the Offsite Consequence Analyses. Ideally, I would like the different submissions over time, as may sites (aka Stationary Sources) will have submitted at least 5 times now. I'm more interested in the "5-year Accident History" information as well as normative information about the operating sites and the organizations they are a part of. I have previously received this information, in the form of an Access database on a CD-ROM, back in ~ 2002. I wish to compare accident history data over the past 20 years to see if there are patterns of progress. As one example, back in 2002 I found that accident costs within similar, normed facilities were generally Log-Normally distributed. Other organizations (notably Irv Rosenthal &amp; Paul Kleindorfer at Wharton School) have also tried to study this data (for example, concluding that occupational injury rate is not well-correlated with process safety incident performance). Back in 2002, I found that OSHA VPP sites in the same NAICS group had significantly fewer - and smaller - process safety incident "rates" than non-VPP sites.</p> <p>If I am able to find correlations, or an improving trend - or a plateauing effect - I would likely present the results at a peer-reviewed conference like the Global Congress on Process Safety, where I have previously presented papers several times. NOTE: If someone in EPA would like to collaborate on this analysis, I'd like to speak with them.</p> <p>About me: I'm a Process Safety engineer living in New Jersey, with more than 30 years of specific experience with several different companies, most recently Honeywell Performance Materials. I've been very active with the Center for Chemical Process Safety's Technical Steering Committee. I have been meaning to get back to this topic for at least 10 years, but have not had the time. Now, I have just "semi-retired", and I'm interested in picking up this work again, especially as more modern data analytics tools like Power BI are readily available.</p>	05/05/2022

2022-OCSP-04097	Kay, Jennifer	Silent Spring Institute	<p>I am requesting documents for the following pesticides, and am attaching the MRID for each requested document</p> <p>Dichlorvos [MRIDs: 42483901]  Fenbuconazole [MRIDs: 41893301; 41635303; 41635301, 41635302; 41875015]  Folpet [MRIDs: 00098054; 43640201; 00151075; 00125718; 00015160; 00157493; 40135901; 00151489, 40051401]  Hexythiazox [MRIDs: 00147577, 00156896; 00146559; 00147578]  Imazalil [MRIDs: 00162412; 44858001; 42972001; 42570701; 42949402]  IPBC [MRIDs: 42008206; 42008206, 42008202; 43819001; 44478801; 40990402]  Paraquat Dichloride [MRIDs: 00059727, 00087924, 00138637, 00153223, 40202401, 40202402 41317401; 00126783, 00149749, 00149748]  Propazine [MRIDs: 00041408; 00041409]  Propylene oxide [MRID: 50731592, 42039901]</p> <p>Modification: I was wondering if I could add just one more study to my FOIA request? It would be the Cancer Assessment Review Committee's assessment of Folpet, with an ID of TXR No. 0055509.</p> <p>The following requests have been consolidated into this request:  EPA-2022-006051  EPA study reports for Triclopyr MRID 40356601 and alachlor MRID 00091050</p> <p>EPA-2021-005221  Requesting access to the studies with the following MRIDs for the following chemicals:  Alachlor [MRIDs: 00139021, 00075709, 00091050, 00141060, 43507601]  Ametryn [MRIDs: 40349904, 41184201; 40382001]  Atrazine [MRIDs: 40629302, 42227001, 40431302, 40629302, 40431303]  Chlorpyrifos [MRIDs: 41930301; 00029064, 00064934; 00130401]  Coumaphos [MRIDs: 05009938, 40836001, 43061701]  Dichlorvos [MRIDs: 00057695, 00632569, 40299401, 40299401]  Malathion [MRIDs: 43975201]  Oxyfluorfen [MRIDs: 00037939, 00083445]  Chlorpyrifos [MRIDs: 00054352, 00142902, 42172802; 40952802, 42534201]  Difenoconazole [MRIDs: 43090015, 42710006; 23090019, 42710010, 42090018]  Difenzoquat [MRIDs: 42800402, 00036710]  Dimethomorph [MRID: 42233912, 42233916, 42233914, 42233920]</p>	05/05/2022
2022-NFO-04092	Jensen, Thomas	Impact Environmental	<p>Impact Environmental is performing a Phase I Environmental Site Assessment for the below mentioned Site. We are seeking documentation, permits, and reports associated with Asbestos, Lead Based Paint, Underground Storage Tanks, Site Investigation(s), Remedial Investigation(s), Environmental Remediation, Heating Oil Tanks, bulk chemical storage, building violations, complaints, spills, property liens, wetlands, monitoring wells, and any other related environmental documentation for the Site: 471 Blydenburgh Road, Hauppauge, NY 11788. Tax ID: 0500-027.00-02.00-017.000</p>	05/05/2022

2022-R06-04107	Holden, Robert	Jones Walker	<p>To this end, please provide copies of all documents, including but not limited to any and all reports, scientific studies, guidance documents, memoranda, communications, and correspondence, related to: 1. EPA 's decision to deny the Request for Correction submitted to the Information Quality Guidelines Staff of the EPA on July 15, 2021 by Patrick A. Walsh on behalf of OPE (assigned RFC 21005 for tracking purposes (referred to herein as the "RFC" or "DPE's RFC"), as communicated to OPE via a letter to Mr. Walsh dated March 14, 2022, including but not limited to all documents which the EPA relied on in forming its decision to deny DPE's RFC; 2. The applicability or relevance of Physiologically-Based Pharmacokinetic ("PBPK") models, including but not limited to the Ramlbol 2021 PBPK model for chloroprene submitted in support of DPE's RFC, in assessing human health risks to the public from chloroprene exposure; 3. EPA's review of, and decision on, the 2021 Ramboll PBPK Model for Chloroprene submitted as Exhibit A to DPE's RFC submitted on July 15, 2021, including the Courtesy Technical Review of New Scientific Information Presented in RFC 21005, attached as Appendix A to the letter to Mr. Walsh dated March 14, 2022; 4. The Comment Report, Follow-up External Peer Review of a Report on Physiologically Based Pharmacokinetic (PBPK) Modeling for Chloroprene and a Supplemental Analysis of Metabolite Clearance, prepared by Versar, Inc., December 6, 2021, including but not limited to the composition of and participants on the peer review panel, the development of the charge questions, draft reports, and EPA review of the peer review comments; 5. The applicability or relevance of the principles of Environmental Justice, as defined at <a href="https://www.epa.gov/environmentaljustice">https://www.epa.gov/environmentaljustice</a>, to the assessment of DPE's RFC or the Rambo II PBPK model, or to the assessment of the significance or the health impacts of chloroprene emissions; 6. Policy or guidance documents related to criteria for EPA's consideration of Requests for Correction generally under the Information Quality Guidelines; 7. Policy or guidance documents related to criteria for EPA's consideration of DPE's RFC under the Information Quality Guidelines; and 8. All documents communicating with, or containing or summarizing communications with, persons, organizations or governmental authorities, other than EPA, related to the OPE facility located near La Place, Louisiana, and/or related to potential human health risks from exposure to chloroprene. The time period covered by this request is July 1, 2020 to the present. Please provide all documents prepared or received by anyone at EPA, or that entered into EPA's possession, since November 1, 2020.</p>	05/05/2022
2022-R04-04096	Largen, John	The Downs Law Group	<p>The Downs Law Group (DLG) requests any and all Recon Reports that relate to the BP Deepwater Horizon Oil Spill clean-up operations. Our office previously submitted a request to FEMA and received a response requiring further instructions to resubmit our request to the Environmental Protection Agency. Specifically, we wish to identify any and all "Recon Reports" that our client, Rodney Boblitt, completed and/or authored. Mr. Boblitt, at the time of the oil spill, was a special agent for the Florida Department of Environment Protection and, as a result, was tasked with completing these reports on a daily basis and submitting them to DHSEOC portal.1 The reports prepared by Rodney Boblitt were given labels such as "Recon Report No. E110-2" and were submitted from April 2010 to October 2010.</p>	05/05/2022

2022-OCSP-04086	Rhoads, Lucas	NRDC	<p>Please produce the following records in EPA's possession, custody, or control:</p> <p>(1) Acetamiprid, imidacloprid, dinotefuran, and thiamethoxam were all conditionally registered and EPA required the registrants to submit supplemental data. Please provide all records that were submitted to EPA to support the registration of each of those listed pesticides (including the date that they were submitted to EPA). For any studies that are responsive to this request, NRDC requests only the Data Evaluation Records for those studies, and not the studies themselves.</p> <p>(2) Please provide DERs for all studies submitted to EPA relevant to evaluating potential impacts to bees and other pollinators of pesticides containing any of the following active ingredients: acetamiprid, imidacloprid, dinotefuran, clothianidin, and thiamethoxam.</p> <p>(3) All records pertaining to the benefits, or lack of benefits, of neonicotinoid seed treatments for corn and soybeans. Benefits include, but are not limited to, economic and agricultural benefits. Neonicotinoids include clothianidin, imidacloprid, acetamiprid, dinotefuran, and thiamethoxam. As to any studies that are responsive to this request, NRDC requests only the DERs for those studies. To the extent a DER is available for a particular study, NRDC does not request that EPA produce the study itself.</p>	05/05/2022
2022-NFO-04087	Federico, Heather	-	Any inspection reports and or summons issued at 44 Hillside Ave, Airmont, NY. Please include any drainage and wetlands inspections that may be related to this property. Please include any communications with the Village of Airmont, Town of Ramapo, County of Rockland, Developer Berel Karnoil and Bruce Friedman at Ecological Analysis (wetlands expert for the site).	05/05/2022
2022-R02-04095	Seslar, Carmella	-	Please provide any and all reports, correspondence, and environmental information relating to the remediation, removal actions, and excavation performed by the USEPA at the site identified as "Turnpike Dump #5", Jersey City, Hudson County, NJ. There are at least two separate EPA cases relating to the property, including one commenced in 1992, and one in 2007. The case number associated with the '92 matter is Case Number: 02-1992-0283. The CERCLIS No. associated with the 2007 case is CERCLIS No: NYD980532899. The site may also be identified as site 6A; Block 60, Lot 19H; or NJ Turnpike Dump No. 5 at Jersey Avenue and Aetna Street. The EPA contact associated with the case is Andrew Confortini. Our records indicate that Jim Hackler has knowledge about the site. In addition to the above requests, we are specifically requesting any and all correspondence with the Jersey City Redevelopment Agency and/or NJDEP relating to the site from 1990-present.	05/05/2022
2022-R06-04094	Bussewitz, Cathy	Associated Press	<p>This is a request under the Freedom of Information Act.</p> <p>I request that a copy of the following documents [or documents containing the following information] be provided to me:</p> <p>Report of 2021 emissions data provided by Cheniere Energy, Inc. to the EPA, regarding all of its LNG processing, import and export facilities.</p> <p>I request these records be provided in a tabular electronic format.</p> <p>In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with The Associated Press, a news wire, and this request is made as part of news gathering and not for a commercial use.</p> <p>The most recent data EPA has available on emissions is for 2020, and that was an anomalous year due to the coronavirus pandemic, so it's in the public interest to make the 2021 emissions data for this company available to the public.</p>	05/05/2022
2022-R03-04091	King, Matt	Targus Associates	<p>We are requesting regulatory files for the R207 LLC Drum Site in Ruther Glen, Virginia. This is a Superfund site. I have reviewed relevant available information for the site that is provided online at the EPA records collection website. That information cutoff at 2012 when it appeared the EPA was stepping in to add this facility to the superfund site list, which would allow for disposal of the materials identified and assessment of the area as required. I am requesting information from 2012 to present regarding this site, preferably the information regarding site assessment. I have attached the funding request for approval into the superfund site list that was the last relevant document on the collection website. Please contact me at your earliest convenience with questions or concerns. Thank you and have a great day.</p> <p>-Matt</p>	05/05/2022

2022-R07-04093	Paterson, Marlena	BBJ Group LLC	To Whom It May Concern:	05/05/2022
			<p>I am looking for information regarding environmental assessments, remedial activities, and/or case closure documents in connection to the following location:</p> <p>137 Clarkson Road, Ellisville, MO.</p> <p>Currently, the above property is occupied by Tidal Wave for use as a car wash and gasoline filling station and is listed under the address 127 Clarkson Road. The Subject Property was formerly occupied by First Baptist Church of Ellisville (137 Clarkson Road) which is listed on the SEMS-ARCHIVE database under the EPA ID: MOD980852453. If it is possible to provided any additional information about the above property such as remedial reports, site assessments, and/or closure documents, I would appreciate it.</p> <p>Thank you for your time.</p>	
2022-R06-04118	Mendoza-Haensel, Mary	Johnston Clem Gifford PLLC	We request all communications to and from Allied BioSciences Inc. ("ABS") regarding: (1) the Environmental Protection Agency's ("EPA's") August 20, 2020 Advisory Letter to ABS; (2) the EPA's Consent Agreement and Final Order with ABS filed on March 3, 22 in Docket No. FIFRA-06-2002-0401; (3) the EPA's Stop Sale, Use, or Removal Order related to ABS dated July 8, 2021 in Docket No. 06-2021-0325; and (4) the EPA's Nov. 16, 2021 Modification of Stop Sale, Use or Removal Order, EPA Docket No. FIFRA 06-2021-0325, issued to ABS.	05/06/2022
2022-R10-04111	Roth, Maureen	EnviroAnalytics Group	Any records pertaining to the facility located at 1301 Wynooski Street in Newberg, Oregon. Facility ownership history: SP Fiber Technologies, Smurfit Newsprint, WestRock, Newberg OR LLC.	05/06/2022
2022-R06-04123	Haynes, Alexis	Phase Engineering, Inc.	Records to include preliminary assessment petitions, site evaluations, emergency spill response actions, hazardous substances, and any investigations. We would like to make a request for files for the following Brownfield Site for a Phase I site assessment we are conducting. Site Name: "ACUNA SITE (C.A.N. INDUSTRIES)"; Facility Address: EAST SIDE OF 1400 BLOCK OF S. FLORES BETWEEN THE UPRR TRACKS AND E. CEVALLOS ST., SAN ANTONIO, TX 78204; ACRES Property ID: 14966; EPA Registry ID 110039540985; Date Range: ~2005-05/21/2009. We are interested specifically in any information regarding the media contaminated and remediation. Phase I Report, Phase II Report if available. Public records only, we do not need the denial log of CBI. We do not require email communications or attachments. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. Thank you!, Lexi **Please send all invoices to Accounting@PhaseEngineering.com** (Phase Job #202205039)	05/06/2022
2022-NFO-04114	Larango, Mike	Summit Environmental, Inc.	FOIA Request for Phase 1 ESA for attached property description.	05/06/2022
2022-NFO-04116	Olin, Lawanda	ALO Advisors	Looking for any environmental records on 5961 Highway 44, Corpus Christi, TX 78406. Fire department response, spills, tanks, leaks, hazmat. Thank you.	05/06/2022

RCC is specifically looking for any groundwater, soil or vapor impacts identified on-site.	05/06/2022
2022-R10-04124	Martin, Connie Sue	Schwabe	Please provide the following records associated with the Oeser Company Superfund Site, EPA ID: WAD008957243 (Bellingham, Washington):  (1) Construction Completion Report for the Area 1 Cap. ENSR Corporation. May 2008. (2) Construction Completion Report for Area 2 Phases 1 and 2, the Oeser Company, Bellingham, Washington. AECOM. June 2010. (3) Little Squalicum Creek Removal Action Construction Completion Report. CH2MHILL. July 2012. (4) Operation and Maintenance Plan, Oeser Superfund Site. Bellingham, Washington. AECOM Inc. July 2012. (5) Little Squalicum Creek Area Operations, Maintenance, and Monitoring Plan. CH2MHILL. February 2013.	05/06/2022
2022-R02-04112	Hanley, Krista	Fox Rothschild	Requestor seeks, pursuant to the Freedom of Information Act, the following records: for any results for sampling of PFAS or emerging contaminants at the Bridgeport Disposal, L.L.C. RCRA Corrective Action site in Bridgeport, New Jersey EPA ID: NJD053288239 Location: US Route 322 & I 295, Bridgeport, New Jersey 07036	05/06/2022
2022-R04-04117	DeHope, Lewis	Southern Environmental Law Center	All records within the EPA file pertaining to Case Number 04-2021-0505. This request specifically includes, but is not limited to, records pertaining to the unauthorized discharged dredge and/or fill material into the approximately 3 acres of wetlands on the site, and the unauthorized excavation of approximately 1,300 linear feet of Mary Ann Branch.  2. This request also specifically includes, but is not limited to, all records within the EPA file pertaining to the progress and/or completion of the remedial actions that EPA required of the respondent to come into compliance with the Clean Water Act.	05/06/2022

2022-OMS-04110 Cantello, Nicole	AFGE Local 704	<p>Background to Request:</p> <p>Under the Collective Bargaining Agreement between U.S. EPA and the National Treasury Employees Union (effective date October 8, 2015), EPA employees covered by that agreement can telework full time in accordance with Article 54 of the EPA-NTEU Collective Bargaining Agreement if they receive written approval from their immediate supervisor and the Deputy Assistant Administrator or Deputy Regional Administrator (or their designees), typically indicated on a form called the "EPA-NTEU Telework Agreement." The EPA-NTEU Telework Agreement form is attached as Appendix D to the EPA-NTEU Collective Bargaining Agreement. It is not clear who with the Office of General Counsel would approve requests to telework full time (presumably a Deputy General Counsel or designee), but we understand that employees within the Office of General Counsel have been approved to telework full time.</p> <p>Under the Remote Work Article to the Collective Bargaining Agreement between U.S. EPA and the American Federation of Government Employees Council 238 (AFGE) (the Remote Article became effective in 2022), EPA employees covered by that article can work full time from a remote work location (i.e., can telework full time) if they receive written approval from the "Deciding Official" (or their designee), typically indicated on a form called the "EPA-AFGE Remote Work Application/Agreement." That form is also called "EPA Form 3181-10."</p> <p>On or about March 8, 2022, EPA developed a form called "Remote Work Agreement" that is applicable to "ESC/NAGE/NAI/NTEU" Bargaining Employees. The Remote Work Agreement form, which is also called "EPA Form 3181-7," was updated 4/2022. That form is another form upon which requests for Remote Work for certain EPA employees can be approved by an Approval Official or designee.</p> <p>We also understand that some EPA employees who are in EPA management (e.g., Managers, Supervisors, Management Officials, or people in SSES positions) in Region 9, and perhaps elsewhere, have also been approved at some time in 2022 to do full time telework or remote work in 2022 after May 2, 2022: i.e., they have been approved at some point in 2022 to work full time after May 2, 2022, from an Alternative Work location other than the Official Agency Worksite.</p> <p>We are interested in obtaining copies of all of the above-described forms that have been completed for any employee who has been approved for full time telework or Remote Work. We are also interested in obtaining copies of documents indicating the names, job titles and locations of EPA management who have been approved for work full time full time after May 2, 2022, from an Alternative Work location other than the Official Agency Worksite.</p> <p>Specific Request:</p> <p>(1) Please provide copies of all "EPA-NTEU Telework Agreements," "EPA-AFGE Remote Work Application/Agreements" (also known as EPA Form 3181-10) and "Remote Work Agreements" (also know as EPA Form 3181-7) that have been approved by: any Deputy Assistant Administrator (or designee), any Deputy Regional Administrator (or designee), any Deciding Official (or their designees), any Approval Official (or designee), anyone in the Office of General Counsel, or anyone else; and</p> <p>(2) For each EPA employee who is in EPA management who has been approved at some point in 2022 to work full time after May 2, 2022, from an Alternative Work location other than the Official Agency Worksite, please provide a copy of the document or document indicating that the employee has been approved to work full time.</p> <p>These requests are for all such documents from anywhere within EPA, including but not limited to all EPA Headquarters Offices and all Regions</p>	05/06/2022
2022-NFO-04121 Woytus, Eric	Apex Companies, LLC	<p>I am an Environmental Scientist reviewing a property at 210 South 59th Lane in Kansas, City, Kansas for a Phase I Environmental Site assessment. Apex is required to collect reasonably ascertainable information about the current and historical condition of the site and the surrounding properties that may affect the Site. In my research, I determined that the property was once developed as part of the Lake Park Drive-In Theatre (250 South 59th Lane), and it is listed on the CERCLIS NFRAP and SEMS archive databases.</p> <p>Site ID: 0700678 Site EPA ID: KSD980962864</p> <p>Given the history of this Site, Apex requests under the Freedom of Information Act copies of the site assessments, cleanup actions, and no further action reports pertaining to this facility and the historical contamination indicated in the environmental databases.</p>	05/06/2022

2022-NFO-04115	Paterson, Marlena	BBJ Group LLC	<p>To Whom it May Concern:</p> <p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any current or historical facilities at the following addresses:</p> <p>5677 South Lindbergh Boulevard, St. Louis, Missouri Parcel ID: 28K440312</p> <p>3720 South Lindbergh Boulevard, St. Louis, Missouri Parcel ID: 26M440330</p> <p>1912 Bowles Avenue, Fenton, Missouri Parcel ID: 26P320507</p> <p>127 Clarkson Road, Chesterfield, Missouri Parcel ID: 22T211762</p> <p>I believe the properties are occupied by Tidal Wave car washes. I am looking for documents relating to historical occupants as well as the current occupants. If it is possible to locate and provide any information regarding the above properties, I would appreciate it.</p> <p>Thank you for your time.</p>	05/06/2022
2022-NFO-04152	Simon, Haley	RH Environmental	<p>My name is Haley Simon and I work for RH Environmental in Louisville, Kentucky. I am working on a Phase I ESA for the property located at 5500 Poplar Level Road, 6211 R Old Shepherdsville Road, and 6211 Old Shepherdsville Road. I would like to submit a FOIA Request on any relevant environmental historical documents you might have pertaining to these three addresses. RH Environmental's mailing address is 444 Terry Boulevard, Louisville, Kentucky 40229. Unsure of normal price for record request. Please let me know cost before submittal.</p>	05/09/2022

2022-NFO-04128	Slater, Robert	CG Environmental Services, LLC	<p>Pursuant to the Freedom of Information Act, CG Environmental Services, LLC is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below:</p> <p>Lakeroad Village Mobile Home Park 23067 Potter Trail □ Kirksville, Missouri 63501</p> <p>CGES File Number 22-0643</p> <p>Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Data Management System (HWDMS), and any reported problems in water, air and hazardous spills.</p> <p>This request does not include information regarding storage tanks or PCBs.</p> <p>Please contact me prior to incurring any expense associated with this request.</p> <p>If you have any questions, please give me a call. Thank you for your assistance.</p>	05/09/2022
2022-R02-04125	Bayack, Nick	-	<p>Good morning,</p> <p>I would like to get the results/documentation of visits by the United States Government Wetlands experts on two properties near my house. The properties are owned by Mark Ford. The first one is 90 Slaughter Road- Middletown, NY 10941...The second lot is 382 Stony Ford Road- Middletown, NY 10941.</p> <p>This is in relation to the current EPA lawsuit against my neighbor: United States v. Ford, et al., No. 19 Civ. 9600 (PMH) (JCM)</p> <p>A wetlands expert just visited the properties and took a large number of core samples (from areas where unpermitted fill was deposited). This was in March 2022. Could I please have all documentation from this visit? If available please include a map showing the location of the test sites and all results of the soil testing.</p> <p>Thanks so much for your help.</p> <p>Nick Bayack</p>	05/09/2022

2022-R05-04126	Boyle, Kathleen	-	<p>I, Kathleen Regina Boyle, am requesting information about Air Quality testing that was done in Cicero School District 99, in Cicero, Illinois, by the Weaver Consultants Group, under the Freedom of Information Act. I would like the records of any and all tests that were completed for Mold or Air Quality/Mold Air Sampling, by the Weaver Consultants Group, of or pertaining to that capacity. This includes, but is not limited to, "records, reports, forms, writings, letters, emails, memoranda, books, tapes, recordings, electronic letters, lab tests and test results, photographs, microfilms, cards, maps. electronic data processing records, electronic communications, recorded information, and all other documentary materials, pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been used by or being used by, received by, in the possession of, or under the control of the School District" (as stated in the Cicero School District 99 School Board Policies regarding access to Public Records).</p> <p>More specifically, I am requesting letters, emails, tests/lab reports, test results/test documentation, or correspondence which have been received by or sent from any faculty, staff, or administrator, an employee of the school district and/or any individual on behalf of Cicero District 99, that includes any employee past or present, staff members or sub-contractor, employed by Weaver Consultants Group, or letters, emails, tests, lab reports, work orders, or related correspondence which have been sent or created by from any faculty, staff, or administrator, an employee, or subcontractor from Weaver Consultants Group to the aforementioned parties in Cicero School District 99, in Cicero, IL, that includes correspondence with any reference to Weaver Consultants Group, Mold Air testing, Mold testing, Air Quality testing, asbestos, test results/testing recommendations, work estimates, or any form of consultation and testing provided to the district by Weaver Consultants Group to the district. My request was written in good faith with regard to mold concerns and as well as "suspected" asbestos throughout the building. I have subsequently filed a FOIA with my school district, although I have not received a response and it has been more than 10 days. However, I have also been made aware of exposed and possibly friable ABSETOS within my school building. I was wondering if per the AHERA ACT, schools are required to report their asbestos management plans/asbestos yearly notifications to the EPA, and if the EPA was the governing body with regard to that AHERA &amp; CLEAN AIR ACT. IF the schools are required to prove their compliance reports and proof of ASBESTOS management, to what agency does it need to be submitted? If not the EPA would it be the local school board, Board of Education, or the Department of Education? Also, the company that performed the mold inspection was Weaver Consultants Group which is a private company but must still adhere to governmental regulations. When a private company performs an inspection and finds toxic substances are they required to report it to the EPA, or only if/when they are participating in its removal or remediation?</p> <p>Per your email questions:</p> <ul style="list-style-type: none"> <li>* When the Mold or Air Quality/Mold Air Sampling was completed - testing was done over a period of weeks beginning from March 14-March 28th. 2022.</li> <li>* Which addresses it was completed at - Daniel Burnham School 1630 S 59th Ave, Cicero, IL 60804</li> <li>* What was the reason it was done? - Mold/Air Quality Testing &amp; Asbestos Testing &amp; Remediation</li> </ul> <p>I have concerns that the parents, staff, and students are not being given the testing results or the details with regard to mold testing &amp; asbestos testing results. What is the district's responsibility to provide that information, and if they do not, what government agency is responsible for the decimation of this vital</p>	05/09/2022
2022-R07-04135	Shea-Cahir, Sarah	Burns & McDonnell Engineering Co.	<p>SEMS/CERCLIS documents for the site 2422 5th Avenue South, Fort Dodge, Iowa 50501 (known as the Sunshine Laundry, Fort Dodge; EPAID - IAN000706520).</p> <p>Date range 9/1/2021 through present.</p>	05/09/2022

2022-R05-04130	Cantello, Nicole	AFGE Local 704	<p>AFGE 704 is seeking copies information, documents and other materials related to, or concerning, Region 5, EPA's March 8, 2022 denial of a Remote Work application (Denial) submitted to the agency on February 3, 2022 by Mr. David Ogulei.</p> <p>Mr. Ogulei is employed as an Environmental Engineer in the Air Programs Branch, Air and Radiation Division, Region 5, U.S. Environmental Protection Agency (EPA), 77 West Jackson Boulevard, Chicago, Illinois. The Denial was sent to Mr. Ogulei by Mr. Willard (Bud) Lowe, Labor &amp; Employee Relations Specialist, Region 5, EPA on behalf of Ms. Newton, Deputy Regional Administrator, Region 5, EPA, the Deciding Official in the matter.</p> <p>For the purposes of this request, the term "information, documents and other materials," includes, but is not limited to, any typewritten or handwritten memoranda, reports, summaries, notes, charts, graphs, computer database information or materials, issuances, advisor letters, audio/or video recordings, or other data in whatever form it may appear.</p> <p>AFGE 704 requests copies of the following documents:</p> <ol style="list-style-type: none"> <li>1) A copy of a 2019 Policy document issued by the Air and Radiation Division, Region 5, EPA cited several times in Mr. Ogulei's Denial. The Policy is referred to in the Denial as the "2019 Air and Radiation Division Policy allowing supervisors to require staff be physically present in the office one day per week." The document is cited in Mr. Ogulei's Routing Sheet (February 5, 2022, Genevieve Damico) and by Cheryl Newton in her February 17, 2022 email to Willard Lowe discussing Mr. Ogulei's Remote Work application. AFGE requests that a copy of this document be promptly produced to Mr. Ogulei by the Agency, as AFGE has not identified any applicable privilege that would apply to this document.</li> <li>2) A unredacted copy of an email dated February 28, 2022, sent at 9:08am, from Willard Lowe to Genevieve Damico, concerning Mr. Ogulei's Remote Work application.</li> <li>3) A unredacted copy of an email dated February 28, 2022, sent at 9:13am, from Willard Lowe to Genevieve Damico, concerning Mr. Ogulei's Remote Work application.</li> <li>4) A unredacted copy of one or more emails, starting with an email dated March 4, 2022, sent at 6:57am, from Willard Lowe to Cheryl Newton, concerning Mr. Ogulei's Remote Work application. It is not clear from the redactions whether the redactions are of one email message or multiple email messages. If multiple email messages have been redacted, provide completely unredacted copies of all these email messages.</li> <li>5) Any information, document and/or materials related to or concerning, in any way, Mr. Ogulei's Remote Work application and/or denial.</li> <li>6) Any information, document, record and/or other materials, including emails, texts, meeting invitations, notes, call logs, etc., on Agency or personal devices, in which this Region 5, EPA employee's Remote Work application or denial is considered, mentioned or discussed.</li> <li>7) Any information, document, record and/or other materials, created by, sent to or received by any employee, supervisor, manager in Region 5, EPA employee concerning or discussing the review, approval and/or denial of Remote Work for this employee.</li> <li>8) Any information, document and/or other materials, showing that any of the managers of the Air and Radiation Division and or the Mission Support Division reviewed or discussed the approval or denial of this Region 5, EPA employee's Remote Work application prior to his denial.</li> </ol>	05/09/2022

2022-NFO-04138	Rivas, Daniela	-	<p>Hello,</p> <p>I am trying to obtain the following information regarding 15245 &amp; 15255 Birmingham Hwy, Milton, GA 30004.</p> <p>Any documents regarding the following in the last 5 years:</p> <ul style="list-style-type: none"> <li>- Demolition permits</li> <li>- Building permits</li> <li>-Septic tank permits</li> <li>- Environmental site assessment</li> <li>- Soil test</li> <li>- Plat maps</li> <li>- Well decommission</li> <li>-Biological Survey Report</li> <li>- Environmental Impact Report</li> <li>- Archeologist Study</li> <li>- Acoustic Study</li> </ul> <p>My client would like to build an estate behind the current home at 15245 Birmingham Hwy and we would like to see if there are foreseeable issues. The home would be a 4 bedroom one-story home with an in-ground swimming pool. No basement but possibly an underground garage. We know previous owners removed structures without a permit and there was an appeal process. It appears that the owners won but we would like to make sure there is nothing else flagged for this property. The survey that is currently filed with the county references a well. The new owners conducted a survey on March 3, 2022, and there is no reference to a well. We sent out a licensed well inspector and he could not locate an existing well and did not see evidence of a previous well. We would like to know if the well has since been decommissioned. If not, what would be the process to do so. Requests have been sent to the city and county level to no avail.</p>	05/10/2022

2022-R07-04170	Miller, Robert	Thiele Geotech, Inc.	I'm looking for all documents pertaining to 201 35th Avenue, Council Bluffs, IA. This property's current address is 100 Power Drive, Council Bluffs, IA. The site name is "CHEVRON CHEMICAL CO-FORMER SITE OF" and the EPA ID is IAD000651026. The facility was in operation from about 1965 to around 1991 to 1994 area. I have information suggesting that there should be records under RCRA as well as CERCLA. The RCRA information seems to date from as early as 1980 when it was categorized as a LQG, to as late as 1998 when it received a non-financial records review. The CERCLA information pertains to a 12/1/1982 Preliminary Assessment that resulted in the property getting an NFRAP status. I'm just looking for scans of the documents in a PDF. Please contact me in the event any fees will be required. EPA Registry ID #110001409324 Thank you, Robert Miller	05/11/2022
2022-R03-04165	Spreckley, Sandra	Langan	Address of Interest: 1700 Harrisburg Pike, Carlisle, PA 17015. Records of interest pertain to: hazardous substances or hazardous wastes; asbestos; lead based paint; emergency response; environmental investigations and cleanup; well records; septic records; permits; violations; enforcement actions; spills/releases; underground and aboveground storage tanks; activity or land use restrictions; tenant records; deed notices; property liens; wetlands; soil, groundwater, surface water, sediment or air data; material safety data sheets; safety plans; and/or government agency correspondence regarding the subject property.	05/11/2022
2022-NFO-04164	Spreckley, Sandra	Langan	Addresses of Interest: 175 Logistics Drive, Hanover Township, PA 18706 and 125 Logistics Drive, Hanover Township, PA 18706. Records of interest pertain to: hazardous substances or hazardous wastes; asbestos; lead based paint; emergency response; environmental investigations and cleanup; well records; septic records; permits; violations; enforcement actions; spills/releases; underground and aboveground storage tanks; activity or land use restrictions; tenant records; deed notices; property liens; wetlands; soil, groundwater, surface water, sediment or air data; material safety data sheets; safety plans; and/or government agency correspondence regarding the subject property.	05/11/2022
2022-R05-04173	Bucala, Robert	Wayne County Michigan Water and Soil Conservation District	I am seeking documents regarding a supposed investigation which was handed off to EGLE in Michigan. It was "investigated" by Andrew Hartz and Jeremy Richardson. This is in regard to alterations to a natural watercourse connecting to the Clark-Morey Drain in Sumpter Township Michigan. This alteration was done by a County employee, off duty, within a County Drain, a Watercourse, a Wetland, and Floodplain all without a permit or oversight. This has caused damage to neighboring properties. I am building a civil case against the offender, and need information why the EPA did not enforce any action on this. If you need physical addresses or more information, please email me.  The attached maps show a "Branch" in 1921. The 1958 map shows a natural watercourse. If you look at Google Earth for this and scroll back the timeline, you can see the alterations.  This area is now being farmed. A drain tile of insufficient size and incorrect depth was placed in the waterway and buried. This not only effects all the land to the south, it effects roadside drainage in the area.  I cannot seem to get any assistance from ANY agency on this, so I have to do this on my own.	05/12/2022
2022-OLEM-04179	Morici, Joseph	Cardno Inc	Please provide a list of applications received for the EPA Brownfields Multipurpose, Assessment, Revolving Loan Fund (RLF), and Cleanup (MARC) Cooperative Agreements (Funding Opportunity Numbers EPA-OLEM-OBLR-21-04, EPA-OLEM-OBLR-21-05, and EPA-OLEM-OBLR-21-06). Please include the Applicant Name, Region, State, Type of Proposal (Multipurpose, Assessment, or Cleanup), Cleanup or Site-specific Assessment Site Name (if applicable), Funding Requested, whether they were considered a New or Existing Grantee, and the Overall Score of the application (if passed Threshold Review), and whether the application was funded. Thank you.	05/12/2022

May 12, 2022  
Environmental Protection Agency  
Office of the Secretary  
Via [ost.foia@dot.gov](mailto:ost.foia@dot.gov)

Records request: IPAs and communications

To Whom It May Concern:

This is a request under the Freedom of Information Act. Per the statute, please provide responsive records within 20 business days.

Please search the timeframe of January 1, 2017 to present for this request. If necessary, please forward to the appropriate record custodian/s.

Please provide all Intergovernmental Personnel Act Mobility Program (IPA) and all other employment-related agreements with the following companies/firms. In addition, please search for all communications to and from the Office of the Secretary from the below companies' relevant domains.

- Federation of American Scientists, usually with the email domain @fas.org.
- Day One, usually with the email domain @dayoneproject.org.
- Schmidt Futures, usually with the email domain @schmidtfutures.com.
- America's Frontier Fund, usually with the email domain @americasfrontier.org.
- The Center for Digital Talent, usually with the email domain @techtalentfordefense.org.
- Competitive Studies Project, usually with the email domain @scsp.ai.

Please provide all records in a machine readable format, including, whenever possible, having performed Optical Character Recognition (OCR) on .pdf files. Word or .doc and/or .docx files are acceptable. If applicable, spreadsheets, whenever possible, should be provided in .csv or .xlsx format.

I request all communications and responsive records regarding this request to be sent electronically to the email provided.

This request is sent on behalf of the Tech Transparency Project. The Tech Transparency Project is a research initiative of Campaign for Accountability, a 501(c)(3) non-profit, nonpartisan watchdog organization that uses research, litigation and aggressive communications to expose how decisions made behind the doors of corporate boardrooms and government offices impact Americans' lives.

I preemptively agree to pay fees up to \$100 for the search and production of the above-described records and ask to be notified only if the estimated fees exceed that amount. Once records are compiled, please justify each deletion separately by reference to specific exemptions of the law and release all reasonably segregable portions of otherwise-exempt material.

I look forward to your response within the act's statutory time limit.

Thank you for your acting in a timely manner on this request.

Database Subset: 2015-20191 • U.S. EPA, 2,4-D CHOLINE: RESPONSE TO WHITE PAPERS SUBMITTED BY CORTEVA RELEVANT TO RUNOFF EXPOSURE & RISKS OF 2,4-D TO LISTED SPECIES IN WETLAND & TERRESTRIAL HABITATS THAT RECEIVE RUNOFF FROM ENLIST-TREATED CORN, COTTON, OR SOYBEAN (2021) (DP 463523)2 • U.S. EPA, 2,4-D: EFED RESPONSES TO CORTEVA'S SUBMISSIONS OF THREE WHITE PAPERS (MRIDS 51667101, 51667103, 51667104) & SUMMARIES OF REVIEWS FOR NINE OPEN LITERATURE LEPIDOPTERAN STUDIES (2021) (DP# 463524) 3 • D. Simpson, White Paper on Enlist™ Weed Control System & Weed Resistance Management (2021) (white paper submitted to U.S. EPA by Corteva, MRID 51564401)4 • Confidential Appendices	05/12/2022
2022-OCSP-04197	Sinclair, Kristina	Center for Food Safety	Please see attached document.	05/12/2022

The EPA negligently and/or fraudulently concealed by NOT searching at least 50 email accounts which the EPA identified in EPA's documents that contained responsive records in the EPA-HQ-2018-007088 search in Chelmowski v USA, FCC, EPA & NARA DDC 1:17cv1394 and Federal Appeal case number DCC 21-5208.

See attached EPA Timothy Epp's June 11, 2021 Declaration under the penalty of perjury. See attached list of 50 email addresses the EPA did not search in December of 2018.

Chelmowski should have received these responsive records in 2019. Therefore, any delay, denial of expedition service, or any demand for fees should be deemed by Federal Courts as fraudulently concealment, obstruction, and/or extortion.

This FOIA and Privacy Act request is for the search of the email accounts the EPA identified in a document that were involved with Chelmowski's FOIA, Privacy Act, and/or District Court Subpoena processing prior to the EPA's December 2019 search in District Court that was not included in EPA's attorney Timothy Epp's Declaration under the penalty perjury executed and filed on June 11, 2021.

#### Description of records:

This request is pursuant to FOIA 5 USC 552 and Privacy Act 5 USC 552a for all EPA emails and attachments regarding James Chelmowski, me the requester from January 1, 2014, to December 31, 2018. EPA FOIA response should include all possible certifications of the completeness of these searches in the response.

This search should include searching entire EPA emails including email body, heading, metadata, email attachments, etc. with any identification of this Requester.

The email search MUST include the following email accounts (also attached):

Marlyn Aguilar ~~with~~ email address: ~~A~~guilar.Marlyn@epa.gov  
 Jeffrey Anouilh ~~with~~ email address: ~~A~~nouilh.Jeffrey@epa.gov

2022-R04-04220	Blau, Max	ProPublica	documents on COUNTY LINE RECYCLING METHANE Superfund Site EPA ID: GAN000410543 Dear EPA FOIA officer:  This is a request under the Freedom of Information Act.  I request that a copy of documents containing the following information be provided to me:  -Latest GIS files that EPA staffers used to create maps that documented the progress of soil sampling and remediation work in the communities that are located within the 35th Avenue Superfund site in Birmingham, Alabama. The GIS files can include—but are not limited to—files that end with the extensions shp, shx, dbf, prj, gdb, gpkg, geojson, kml. -Maps created since January 1, 2021, that document the progress of soil sampling and remediation work in the communities that are located within the 35th Avenue Superfund site in Birmingham, Alabama. -GIS files defining the boundary of the 35th Avenue Superfund site. -Documents containing data — either in GIS format or spreadsheets with address/coordinate information — of soil sample results (including concentrations of contaminants) found at each property in the superfund site in Birmingham. -Any documents such as keys or dictionaries created by EPA that explain methodology around the final maps created with these files.  I am willing to pay fees for this request up to a maximum of \$100. If you estimate that the fees will exceed this limit, please inform me first.  I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the activities of the government's effort to control air pollution and is not primarily in my commercial interest.  Thank you for your consideration of this request. Sincerely, Max Blau 504 E. Ontario Avenue Atlanta, GA, 30310 224-436-2120	05/13/2022
2022-R05-04224	Burggraff, Trevor	Hiser Joy	On April 21, 2022, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Massachusetts, in a lawsuit entitled United States v. Schnitzer Steel Industries, Inc., Civil Action No. 1:22-cv-10604. The decree requires Schnitzer to, among other things, implement an EPA-approved refrigerant recovery management program ("RRMP"). See 87 FR 25045. The Consent Decree (attached) states that "By email dated December 10, 2021, EPA preapproved Defendant's initial RRMP." Paragraph 14. I request copies of the RRMPs submitted to EPA on December 10, 2021.	05/13/2022
2022-R05-04225	Burggraff, Trevor	Hiser Joy	On January 7, 2022, the Department of Justice posted a consent agreement (attached) with Derichebourg Recycling USA, Inc. in The US District Court for the Southern District of Texas, Houston Division. As part of the consent agreement, Derichebourg was required to submit to EPA a Refrigerant Recovery Management Program ("RRMP") for use at each of its facilities within 30 days of the effective date of the agreement. I request copies of each RRMP Derichebourg submitted to EPA in 2022 as part of this consent agreement.	05/13/2022

2022-OCFO-04228	Bogardus, Kevin	E&E News	<p>I request the implementation plans described in the following excerpt from House Report 117-83:</p> <p>"Environmental Justice. —The Committee recommends \$141,973,000 for a new Environmental Justice program area. Compared to the enacted level within EPM, the Committee recommendation for fiscal year 2022 is an increase of \$130,135,000. Additional resources for Environmental Justice are also provided within the Hazardous Substance Superfund and State and Tribal Assistance Grants accounts, and include new grantmaking authorities and funds.</p> <p>The Committee is aware there are front-line communities that are overly-burdened by corporate pollution and environmental degradation, leading to a disproportionate negative impact on the health of community members. The Committee directs the Agency to develop a definition for disproportionately exposed communities. The definition should include: communities in which climate change, pollution, or environmental destruction have exacerbated systemic racial, regional, social, environmental, and economic injustices by disproportionately affecting indigenous peoples, communities of color, migrant communities, deindustrialized communities, depopulated rural communities, the poor, low-income workers, women, the elderly, the unhoused, people with disabilities, or youth. The Agency is expected to incorporate this definition into its ongoing environmental justice work.</p> <p>With these substantial increases in resources, the Committee expects the Agency to make significant progress implementing tasks outlined in the "EJ 2020 Action Agenda," including working in one hundred overburdened communities and on cumulative risk assessments. Within 60 days of enactment of this Act, the Committee expects the Agency to submit implementation plans with anticipated milestones that will be achieved over the course of the year, and provide periodic reports on progress achieved to date."</p> <p>Please see page 86 through 87 of House Report 117-83 (<a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<a href="https://docs.house.gov/bills/thisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/bills/thisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p>	05/16/2022

2022-NFO-04235	Weir, Danielle	AEI Consultants	<p>AL-22-000-1771 Sen. Kyrsten Sinema</p> <p>To whom it may concern:</p> <p>Please accept this as request for any documentation with your department regarding the property located at 708 West 1st Street, Wapato, 98951. Tax ID # 19111034015.</p> <p>AEI Consultants is currently conducting the Phase I Environmental Site Assessment for the property. The ASTM Practice E1527-13 Standard Practice of Environmental Site Assessments requires that a records search be conducted with local regulatory departments for information regarding the subject property. Of particular interest are the following items:</p> <ul style="list-style-type: none"> <li>• Records regarding hazardous materials usage/storage/incidents or known environmental concerns/contamination which may have affected the property.</li> <li>• Records on the cleanup at Tony's Conoco Service. I already have the Facility Tank Summary, Facility Summary and Facility Tank Information.</li> </ul> <p>I will be submitting my report for review on May 24th so it would be greatly appreciated if I could obtain the records for the cleanup before that date.</p> <p>Thank you, Danielle Weir</p>	05/16/2022
2022-R05-04247	Wylie, Amari	BBJ Group LLC	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address:</p> <p>7557 St Louis Ave, Skokie, IL 60076</p>	05/16/2022

2022-OLEM-04244	Gottesfeld, Perry	Occupational Knowledge International	<p>May 16, 2022</p> <p>National Freedom of Information Officer U.S. EPA, Records, FOIA and Privacy Branch 1200 Pennsylvania Avenue, N.W. (2822T) Washington, D.C. 20460</p> <p>Re: Freedom of Information Act Request</p> <p>To Whom It May Concern:</p> <p>Occupational Knowledge International is requesting information under the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the United States Environmental Protection Agency's (EPA) rules (40 C.F.R. Part 2) of all notices of exports to all countries except Canada for 2021 and all annual reports of actual exports (in weight and dollar value) of used/ spent lead batteries from the U.S. to all other countries except Canada for 2021, including the exporter and importer. This information is reported to EPA under the Universal Waste Export Rules in §262.83.</p> <p>Occupational Knowledge International (OK International) is a nonprofit organization dedicated to improving public health. Among other environmental health concerns, the organization has a focus on lead poisoning prevention. OK International has published reports, peer-reviewed research articles and a newsletter on related issues that it uses to provide information to interested members of the public, media, and NGOs.</p> <p>OK International requests that you provide accurate electronic copies or a complete and accurate account of the information requested. Further as a public interest nonprofit organization, we request a fee waiver based our intended use of this information for noncommercial public interest purposes that will contribute to the understanding of government operations.</p> <p>If portions of the requested documents are exempt from disclosure under FOIA, please delete the exempt material and provide us with copies of those portions of the document that you determine not to be exempt.</p> <p>Please contact me with any questions at (b) (6) or pgottesfeld@okinternational.org</p> <p>Sincerely,</p> <p>Perry Gottesfeld Executive Director</p>	05/16/2022
2022-R04-04233	Barr, Alyssa	Langan Engineering	<p>Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 1351 Key Road, Columbia, South Carolina. The property is also identified as Richland County parcel number R11209-03-02. The facilities "Plasti Line Incorporated" (SC-EFIS ID SC0000012601, EPA Registry ID 110002243670) and "Service Printing Co" (SC-EFIS ID SC0000012668, EPA Registry ID 110017874816) are associated with the property. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.</p>	05/16/2022

2022-ORD-04255	Holden, Robert	Jones Walker	<p>All documents which the EPA relied on in forming its decision to deny DPE's RFC, please provide copies of all documents, including but not limited to any and all reports, scientific studies, guidance documents, memoranda, communications, and correspondence, related to:</p> <p>1. <del>EPA</del>'s review and consideration of and/or related to the epidemiological studies by Marsh, GM; Youk, AO; Buchanich, JM; Cunningham, M; Esmen, NA; Hall, TA; Phillips, ML. <p>May 17th, 2022</p> <p>Submitted via FOIAonline</p> <p>Re: Freedom of Information Act Request</p> <p>To Whom It May Concern:</p> <p>Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq., Conservation Law Foundation ("CLF") hereby requests all records pertaining to communication between the Massachusetts Water Resources Authority (MWRA) and the Environmental Protection Agency (EPA) as follows:</p> <p>All audits of MWRA by EPA, PG Environment, and/or other third-party consulting firms from January 1, 2017 to present.</p> <p>All MWRA responses to audits conducted by EPA, PG Environment, and/or other third-party consulting firms from January 1, 2017 to present.</p> <p>All communications between MWRA and EPA employees discussing the effectiveness of MWRA's enforcement of the Industrial Pretreatment Program January 1, 2017 to present.</p> <p>Please provide the requested records in electronic format if possible. To the extent you believe any requested record is exempt from disclosure, please provide a log identifying which documents you claim are exempt, specify the exemption or privilege that you assert is applicable, and explain why you believe such exemption or privilege is applicable.</p> <p>CLF requests that any fees incurred in conjunction with this request be waived, as disclosure of the requested records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. 5 U.S.C. § 552(a)(4)(A)(iii); 40 C.F.R. § 2.107(l); Mass. Gen. Laws Ann. ch. 66, § 10(d)(v) (West). CLF is a 501(c)(3) organization and is seeking this information to determine the environmental impacts of this facility and what environmental harms are affecting our members. This information will inform CLF's litigation and legislative advocacy. As part of both litigation and legislative work, CLF informs CLF members and the public, including residents near the facility, about the current state of environmental permitting and compliance at the facility listed above. This information will also assist in strategizing and prioritizing other components of CLF's work, including communications, community-based advocacy, and community-engaged research. Those efforts all involve communicating and working with members of the public and informing them of ongoing environmental concerns. Communications is an integral part of CLF's advocacy. We have a professional communications team that develops multi-media strategic communications plans for our initiatives and campaigns designed to deliver our message on multiple platforms to reach and engage diverse audiences. Communications tactics may include traditional media outreach, opinion pieces, blogs, features, and the creation and distribution of visual content to build a strong narrative and raise public awareness. We also disseminate environmental news and analysis by our staff of experts to CLF members throughout New England via USEPA copies of all documents relating to or comprising USEPA Contract No. 68-0J-6699 and TDD No. F3-8601-L.5 as referenced in the attached letter. Exclude the names of contract personnel.</p>

2022-R02-04351	Howington, Eryn	Crowell & Moring LLP	<p>All correspondence prior to January 1, 1991 between EPA and potentially responsible parties, or other third parties, related to the Lower Passaic River Study Area of the Diamond Alkali Superfund site (LPRSA), relating to or providing notice of potential liability for the investigation and/or remediation of the LPRSA, including but not limited to CERCLA 104(e) Requests for Information and any responsive communications.</p>	05/20/2022
2022-R02-04361	Toro, Paola	Maraziti Falcon LLP	<p>Please see supporting documentation for FOIA request uploaded by the requester and refer to the comments section for more details about the regulatory programs of interest. Email received 5/27/2022 also uploaded to case file/correspondence section.</p>	05/20/2022
2022-R01-04347	Veale, Sara	EBI Consulting	<p>Hi, I'd like any recent information (specifically groundwater sampling data) associated with the New Hampshire Plating Company NPL site (EPA ID:NHD001091453 Site ID:101092) that has not already been posted on the EPA superfund website. Thanks!</p>	05/20/2022
2022-R01-04349	Veale, Sara	EBI Consulting	<p>Hi, I'd like any remedial information available on the JCI Jones Chemical site in Merrimack, NH Site ID:0102302 EPA ID:NHD052016540.  Thanks!</p>	05/20/2022
2022-R01-04352	Lamphear, Jill	EBI Consulting	<p>Requesting any available information for Enforcement Action ID #01-2010-9054 with an Enforcement Action Type noted as "EPCRA 325 Action For Penalty at Consolidated Fabricators facility located at 17 SAINT MARKS ST, AUBURN, MA 01501</p>	05/20/2022

2022-R04-04356	Adams, James	Universal Engineering Sciences	Pickettville Road Landfill Requesting the most recent groundwater monitoring report. The five year review available online is from 2016. Also a map showing the institutional control boundary would be helpful. I am conducting a Phase I ESA on an adjoining property.	05/20/2022
2022-OAR-04358	Volcovici, Valerie	-	Reuters is seeking any correspondence or documents exchanged between representatives of Cheniere Energy and of the Environmental Protection Agency related to National Emission Standards for Hazardous Air Pollutants of Stationary Combustion Turbines for the company's LNG terminals in Texas and Louisiana. We are seeking any emails, meeting requests and other documents dating back to January 2020 to the present.	05/20/2022
2022-R08-04362	Ciscione, Wilson	InvestigateWest	Emails mentioning the words "meconium" and Suzanne McDermott or Katie Hailer to or from remedial project manager Nikia Greene (greene.nikia@epa.gov), toxicologist Charlie Partridge (partridge.charles@epa.gov) or environmental health officer Michelle Watters (watters.michelle@epa.gov) from November 1, 2019 until November 30, 2020. This request relates to study conducted on metals in the Butte, Montana area.	05/20/2022
2022-R08-04369	Ruble, Tina	Terracon	All environmental files related to site investigation, remediation, and correspondence for the Cheyenne Progress Center Industrial Park at I-80, South Parsley Boulevard and Uncover Drive in Cheyenne, WY. TDD No. 0108-0011, EPA Registry Id: 110015335877	05/20/2022
2022-NFO-04370	Regan, Rebecca	Matrix New World	The requester has specified they are looking for the TBA Phase 2 report and if there were any other reports/remediation completed after that. Provide the following records for 348 Dyckman Street, New York, NY – Block 2178, Lot: 530: Status and description of any reported petroleum spills or tanks, copies of any record of decision regarding investigation of clean-up of site; notification of the lead agency that is primarily responsible for investigating the cleaning up of the site; notification of any legal action involving the site, and detailed reports, monitoring data, regulatory non-compliance documents and/or studies regarding any pollution problems at the site.	05/20/2022
2022-R10-04371	Hurlbutt, Bryan	-	R10 ORC to provide confidentiality determination for information initially withheld under FOIA Exemption 4 in response to FOIA Tracking Number, EPA-R10-2022-002526. Do not perfect the request. Please assign to ORC in Region 10 without correspondence to requester.	05/20/2022
EPA-R3-2022-004365	Posas, Paula	Maryland Sierra Club	The enclosed Freedom of Information Act request was received by this office on April 21, 2021. While processing this request, DOT located the enclosed records which originated in EPA. These records were found in the FHWA Maryland Division Office files and may or may not be responsive to the request. DOT is referring the material and a copy of the request to you for a direct response to the requester. The information contained in these records is of primary interest to EPA.	05/20/2022
2022-OAR-04391	Furlow, Bryant	NM In Depth/ProPublica LRN, The Lancet newsdesks	1. I do not seek individual environmental sample lab reports, or field sampling logs. 2. Rather, I seek only the spreadsheet data document (presumably a .csv file) summarizing environmental sampling times, dates, locations, radioisotope species and lab-determined levels or concentrations, reported to EPA by state environment agencies such as the N.M. Environment Department. 3. I seek spreadsheet documents summarizing environmental monitoring samples' analyses dated after Jan. 1, 2001, not 2010. I regret the error. 4. Some of the records I seek appear to be underlie or to be queried by the search engine at <a href="https://enviro.epa.gov/enviro/erams_query_v2.simple_query">https://enviro.epa.gov/enviro/erams_query_v2.simple_query</a> . However, I find no .csv download version for the underlying data at that site. It is this record that I seek, for sampling records dating after Jan. 1, 2000.	05/23/2022
2022-R06-04387	Furlow, Bryant	NM In Depth/ProPublica LRN, The Lancet newsdesks	I hereby request the following documents and documents containing the following information in their electronic form: any and all lab reports and results and lessons learned (and/or after-action) reports regarding airborne radioisotope monitoring associated with wildfire smoke from the Cerro Pelado Fire (records dated after April 21, 2022).	05/23/2022
2022-R06-04389	Furlow, Bryant	NM In Depth/ProPublica LRN, The Lancet newsdesks	I hereby request the following documents and documents containing the following information in their electronic form: any and all lab reports and results, tracking logs and/or spreadsheets, and lessons learned (and/or after-action) reports regarding airborne radioisotope monitoring associated with wildfire smoke from the Las Conchas Fire (documents dated between June 26, 2011 and June 26, 2011), and the Cerro Grande Fire (records dated May 4, 2000 through May 4, 2001).	05/23/2022

2022-R01-04407    Dose, Charline    Consulting Solutions Inc.    Modified on 5/26/22: Not interested in any handwritten notes, news articles and enforcement correspondence including the decision not to pursue. We are interested in: Site Assessment material; Removal reports, sampling & analysis data; and work plans.    05/23/2022

White Plains, New York  
Langan Project No. 170434361

Dear Sir or Madam:

Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.

The Subject Property is located at 1 and 4 Lyon Place in White Plains, New York. The Subject Property is identified as Section 125.84, Block 4, Lot 8.3 and Section 125.84, Block 5, Lot 2. The Subject Property is bound by a commercial building to the north, South Broadway followed by vacant land and commercial buildings to the east, mixed-use residential and commercial buildings to the south, and mixed-use residential and commercial buildings to the west.

Please contact me at 914-323-7432 with any questions or send your response to my attention at [lgrose@langan.com](mailto:lgrose@langan.com) or at the below address:

Langan Engineering and Environmental Services, P.C.  
1 North Broadway, Suite 910  
White Plains, New York 10601

Thank you in advance for your cooperation.

Sincerely,

Langan Engineering, Environmental, Surveying  
Landscape Architecture, and Geology D.P.C.

Hello,

05/24/2022

Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 1614 South Mildred Street, Tacoma WA, 98466. A coordinate for the subject property is Latitude: 47.1447°, Longitude: -122.3142°. The subject property is also identified as Pierce County tax parcel identification number: 0220038022. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, specifically pertaining to lead paint or asbestos abatement records.

Thank you.

2022-NFO-04423	Kan, Forest	Fulcrum Resources Environmental	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses:</p> <p>2500 South Loomis Avenue, Chicago, IL 60608 2506 South Loomis Avenue, Chicago, IL 60608</p>	05/24/2022
2022-NFO-04420	Turner, Vann	BBJ GROUP	<p>I am looking for information regarding: specific air permits, inspection reports, violations notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following parcel identification numbers: 112.018.03, 112.018.05, and 112.018.00. The property is approximately 53.13-acres, located along Trotwood Avenue in Columbia, TN</p>	05/24/2022
2022-NFO-04415	Cwieka, Kenneth	First Environment, Inc.	<p>311 Main Street - Chatham, NJ 07928 - Block 85 - Lot 9</p> <p>Records for: Environmental Spills, Releases, Site Inspections, Notice of Violations, Aboveground Storage Tanks, Underground Storage Tanks, Monitoring Wells.</p>	05/24/2022
2022-NFO-04416	Bowles, Olivia	Roux	<p>We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APN: 310-260-003. This APN is associated with the address: 23761 Sherman Road, Menifee, Riverside County, California 92585. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p>	05/24/2022
2022-OLEM-04421	Gottesfeld, Perry	Occupational Knowledge International	<p>Revision to Request EPA-2022-004244</p> <p>To Whom It May Concern:</p> <p>Occupational Knowledge International is requesting information under the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the United States Environmental Protection Agency's (EPA) rules (40 C.F.R. Part 2) an electronic summary compiled from all notices of exports to all countries except Canada for 2021 and an electronic summary of all annual reports of actual exports (in weight or quantities) of used/ spent lead batteries and lead battery components from the U.S. to all other countries except Canada for 2021, including the exporter and importer. This information is reported to EPA under the Universal Waste Export Rules in §262.83.</p> <p>Occupational Knowledge International (OK International) is a nonprofit organization dedicated to improving public health. Among other environmental health concerns, the organization has a focus on lead poisoning prevention. OK International has published reports, peer-reviewed research articles and a newsletter on related issues that it uses to provide information to interested members of the public, media, and NGOs.</p> <p>OK International requests that you provide accurate electronic copies or a complete and accurate account of the information requested. Further as a public interest nonprofit organization, we request a fee waiver based our intended use of this information for noncommercial public interest purposes that will contribute to the understanding of government operations.</p> <p>If portions of the requested documents are exempt from disclosure under FOIA, please delete the exempt material and provide us with copies of those portions of the document that you determine not to be exempt.</p> <p>Please contact me with any questions at (b) (6) or pgottesfeld@okininternational.org</p> <p>Sincerely,</p> <p>Perry Gottesfeld Executive Director</p>	05/24/2022
2022-R03-04418	Hatcher, Kendra	Downstream Strategies	<p>Please provide any documents related to the Former West Virginia Plastics, also known as Baby World, property in Grafton, West Virginia. The EPA Registry ID: 110038743036, ACRES ID: 10343. I am specifically looking for a Phase II Environmental Assessment completed in June 2003, a Phase II Environmental Assessment completed in September 2003, and a Supplemental Assessment completed in December 2003.</p>	05/24/2022

2022-OW-04424	Goddard, Jessica	SimpleLab	<p>I'm looking to obtain an extract of all public drinking water system chemical/radiological sample results across all public water systems and all biological/coliform sample results across all public water systems in 6 states:</p> <p>In <b>**Washington DC**</b> for the recent 4 year period (from January 1, 2018 to the most recently available data).</p> <p>In <b>**New Hampshire**</b>, <b>**Louisiana**</b>, <b>**North Carolina**</b>, <b>**New Mexico**</b>, <b>**South Dakota**</b> for the recent 12 year period (01/01/2010- present) for chemical/radiological sample data and the recent ~4 year period for bacteriological data (01/01/2018-present).</p> <p>The columns of interest are:</p> <ul style="list-style-type: none"> <li>• <b>sample id*</b> (a unique identifier for the sample result)</li> <li>• <b>sample date*</b></li> <li>• <b>result concentration*</b></li> <li>• <b>less than indicator / less than code / non-detect*</b></li> <li>• <b>detection limit type</b> (mdl/mrl/lrl)</li> <li>• <b>detection limit</b> (value of detection limit)*</li> <li>• <b>detection limit unit*</b></li> <li>• <b>analyte code*</b></li> <li>• <b>analyte name</b></li> <li>• <b>sample type code</b></li> <li>• <b>sample point type</b></li> <li>• <b>source type code*</b> (indicator of whether result is finished or raw water)</li> <li>• <b>facility type code</b></li> <li>• <b>facility id.</b></li> </ul> <p>The columns with asterisks are of particular importance.</p> <p>In a prior request I made regarding Washington DC, there was no data provided for detection limit values or units. Would it be possible to include these columns, or substitute columns representing the same type of data, in this data pull?</p> <p>If your data is stored in the standard "SDWIS State" data schema, I can also provide the specific table names and columns, and an SQL query, to easily pull this data. Lastly, if there are any additional crosswalk tables to explain any codes used in the data, that would be very useful.</p> <p>I can provide a link for data uploads if email cannot handle the file size. I am only looking for electronic records stored in a database, not paper records. Please let me know if there are any amendments you think I should make to this request.</p> <p>Thank you so much for your time and effort. We are open to the cost – I put an estimate for processing fee.</p> <p>Jess</p>	05/24/2022

2022-R09-04447	Lovejoy, Sharon	Starn O'Toole Marcus & Fisher	<p>Dear Sir or Madam:</p> <p>This law firm represents Sergio Vasquez, the tenant of the property located at 959 Kamilonui Place, Honolulu, Hawai'i 96825 (Property). On Mr. Vasquez's behalf, and pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (FOIA), I am requesting copies of all files, documents, and/or records (collectively, Records) identified in Section B of this correspondence.</p> <p>In addition, I am requesting that the Records be furnished without charge insofar as disclosure is in the public interest where the information sought is likely to contribute significantly to public understanding of the operations or activities of the government, and because disclosure is not primarily in Mr. Vasquez's commercial interests. See 5 U.S.C. § 552(a)(4)(A)(iii). If Mr. Vasquez's request for a fee waiver is denied, Mr. Vasquez asks that if fees incurred will exceed Five Hundred Dollars (\$500.00), that he be informed, through the undersigned, before you fill the request.</p> <p>A. <del>R</del>levant Background.</p> <p>On or about September 27, 2018, the United States Environmental Protection Agency, Region IX (EPA), and the Trustees of the Estate of Bernice Pauahi Bishop, d.b.a. Kamehameha Schools (KS) entered into a Consent Agreement and Final Order (CA/FO), which resolved the civil administrative proceeding brought by the EPA against KS pursuant to § 1423(c) of the Safe Drinking Water Act (SDWA), 42 U.S.C. § 300h-2(c), for violations of the SDWA, and the Underground Injection Control requirements set forth in 40 C.F.R. Part 144. See Ex. 1 at 1-2 (¶¶ 1-2). The CA/FO alleged inter alia that KS owned or leased at least 3,000 properties in the State of Hawai'i, and that certain of those properties contained prohibited Large Capacity Cesspools (LCCs). See id. at 4 (¶ 19).</p> <p>As part of the terms of settlement between the EPA and KS, KS agreed, among other things, to perform a compliance audit (Audit) of its properties in the State of Hawai'i to identify and close the prohibited LCCs. Id. at 8 (¶ 44). The Audit was to take place over three phases. Phase I required the auditor to identify all "Target Properties" on the island of Oahu. Phase II required the auditor to identify all Target Properties on the islands of Kauai, Maui, and Molokai. Phase III required the auditor to identify all Target Properties on the island of Hawai'i. See, generally, id. at 8-13 (¶¶ 46(a)-(c)).</p> <p>In short, the Audit required (1) inspections to identify Target Properties, (2) submission of "Inspection Phase Completion Reports" documenting the auditor's findings during the inspections and otherwise setting forth a plan for closure of any identified LCCs, and (3) submission of "Final LCC Closure Reports" describing and documenting completion of the LCC closure plans.</p> <p>As part of Phase I of the Audit, the Property was identified as a Target Property. We understand there were various other properties located in the Kamilo Nui Valley in Hawaii Kai on the island of Oahu that were likewise identified as Target Properties.</p> <p>B. <del>T</del>he Requested Records.</p> <p>Pursuant to this FOIA request, please produce the following Records:</p> <ul style="list-style-type: none"><li>• <del>R</del>ecords concerning the inspection of the Property and/or all other Target Properties in the Kamilo Nui Valley in Hawaii Kai on the island of Oahu.</li><li>• <del>T</del>he Phase I Inspection Phase Completion Reports, and, in particular, Inspection Phase Completion Reports pertaining to or referencing any Target Properties in the Kamilo Nui Valley.</li><li>• <del>T</del>he Phase I Final LCC Closure Reports, and, in particular, Final LCC Closure Reports pertaining to or referencing any Target Properties in or around the Kamilo Nui Valley.</li></ul> <p>Region 3 field sampling investigation report titled:</p> <p>PFAS Screening of Goose Creek &amp; Goose Creek Industrial Users (EPA Region 3, 2019)</p> <p>Address of subject property: 353 Richard Mine Road, Wharton, New Jersey, 07885. Rockaway Township, Morris County, Block 11509, Lot 2.</p> <p>Records of interest pertain to: hazardous substances or hazardous wastes; asbestos; lead based paint; emergency response; material data sheets; safety plans; environmental investigations and cleanup; well records; septic records; permits; violations; enforcement actions; spills/releases; underground and aboveground storage tanks; activity or land use restrictions; tenant records; deed notices; property liens; wetlands; soil, groundwater, surface water, sediment and/or air data; and government agency correspondence regarding the subject property.</p>	05/26/2022

Specifically, we request:  1. The number and placement (i.e., assignment) of "administratively determined" hires through the special hiring authority established by the Safe Drinking Water Act or other streamlined hiring authority; and  2. The number and placement of Schedule C appointments.  We request this information broken down by fiscal year for every fiscal year from FY 2012 through FY 2022.	05/31/2022
2022-OECA-04511	Ruch, Jeff	PEER	Pursuant to the Freedom of Information Act, 5 U.S.C. 552, as amended, Public Employees for Environmental Responsibility (PEER) requests information about the force levels, retention rate and/or turnover rate for criminal investigative agents within the Criminal Investigation Division (CID) of the U.S. Environmental Protection Agency (EPA). turnover. Specifically, we request the following: 1. The number of criminal investigators currently assigned to the Office of Criminal Investigations;  2. For FY 2022:  A) Any summary reflecting the percentage or rate of CID agent turnover (or retention), including the seniority level of departing agents;  B) Any summary of exit interviews from departing agents giving the reason or reasons for their departures; and  C) Any analysis of whether CID agents are leaving the agency more quickly after initial training than was the case in prior years.  3. Any analysis generated from the beginning November 2021 to present on the rate of declination of criminal referrals from CID by the Department of Justice.	05/31/2022
2022-R02-04487	Capella Noya, Juan -		I want to receive a certified copy of all the documents that are part of the case with Docket Number CWA-02-2011-3122. In that case, the EPA issued an Administrative Compliance Order under the Clean Water Act during the construction of a sewer system in Sector Punta Pozuelos, Guayama, Puerto Rico. The order was issued to Rullan Ruiz Group, Inc.  I am interested in having a certified copy of all the documents because I intend to present them at trial before the Guayama Superior Court (Guayama, Puerto Rico), in civil action number GPE 2012-0083. I am a lawyer representing the plaintiff in civil action number GPE 2012-0083.  To help the EPA identify the documents, I am attaching a copy of a letter in which the EPA notifies Rullan Ruiz Group, Inc. that it found violations to the Clean Water Act.	05/31/2022
2022-R03-04486	Blose, Cereese	self	I thank you in advance for all the assistance you may provide with this request.  Hello, I am interested in information about how the EPA monitored the Allegheny River Mining Company's clean up operations in Cadogan, PA after they abandoned the mining site there and/or how the EPA monitored their pollution.	05/31/2022
2022-R04-04495	Eisenstat, Matthew	-	Investigations or environmental samplings at the Palmer Products Corporation located at 146 St. Matthews Avenue Louisville, KY	05/31/2022
2022-R05-04494	Sanocki, Kristen	Thompson Coburn LLP	This request concerns the superfund site ALCOA PROPERTIES EAST ST. LOUIS, IL. I seek a copy of the OU-1 completion report, wherein it is detailed that a 2 feet clean soil cover was achieved. Thank you!	05/31/2022
2022-R05-04497	Shamblin, Penny	-	Risk Management Plan for the NEW CHESTER RENEWABLE ENERGY, LLC, with RMP ID 100000243818, located at 2563 5TH AVENUE, GRAND MARSH, WI 53936. Particularly interested in description of activities at the facility that are subject to RMP.	05/31/2022
2022-R05-04512	Cooper, Kayla	-	I am writing on behalf of concerned residents at The Liv Apartments in Livonia, MI. I would like to receive a list of health and environmental violations since 2019 found at the West Bay Exploration Company Wellhead located at Lat/Long: 42.43092664083449, -83.42808435160289 in Livonia, MI, ran by West Bay Exploration Company out of Traverse City, MI. Residents are witnessing excessive flaring at the facility and we want to know if this wellhead is impacting our health.	05/31/2022

2022-R05-04502	Cann, Chris	Apex Environmental	I would like information regarding the General Electric facility located at 8556 Trade Center Drive, West Chester, OH 45011. Specifically any information regarding their handling of hazardous wastes (EPA Handler ID OHR000214304). This information will be used for a Phase I report .	05/31/2022

As far as we can tell, California's waiver request is not yet publicly available.</p> <p>Sincerely,</p> <p>Hadas Livnat Research Librarian JONES DAY® - One Firm Worldwide® 3161 Michelson Drive, Suite 800 Irvine CA 92612 Office +1.949.553.7574</p>	06/01/2022
2022-R09-04548	Erlach, Adam	-	I would like all the information I can get on Mercury detection in zip code 94801. I believe the Richmond Rod and Gun Club at 3155 Goodrick Avenue Richmond California 94801 may have mercury onsite from gold mining activity that took place around 15-20 years ago. I do believe that Mercury was detected by UV photography from satellites and the EPA came out to the club to investigate. I'm looking for any info related to elemental mercury or mercury vapor detected as coming from in around our gun club, so that we can mitigate any impact to the public health. There was remediation done without state permits and I believe the material is still onsite buried under a structure and is unmonitored, unmarked and in close proximity to a waterway.	06/01/2022

2022-R09-04550	Hamilton, Kris	-	I would please like a full copy of the Federal Clean Air Grant application that Madera County submitted and received to partially pay for a roundabout project in North Fork, CA. I believe the time frame would be between 2015-2020. I would like the full grant application and all letters of support or correspondence from citizens, Indian Tribes, businesses, non-profits or organizations and from Madera County or its officials. I also would like a copy of all signatures for this Grant's submittal and any "final" documents that certify this project was totally completed and funds fully disbursed. Please call me if any questions....Kris Hamilton	06/01/2022

2022-R05-04588	Johnson, Paul	The Driscoll Firm, P.C.	<p>Monsanto Company's W.G. Krummrich Plant in Sauget, Illinois, manufactured PCBs from 1936-1977, when the U.S. Government outlawed their further production. The W.G. Krummrich Plant has been a major focus point in two separate but related EPA/IEPA administrative proceedings: (1) "Sauget Area 1", "<a href="https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0500753">https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0500753</a>"; and (2) "Sauget Area 2" "<a href="https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0500047">https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0500047</a>."</p> <p>We are interested in obtaining all soil and air samples, analyses of soil and air samples, and reports concerning such soil and/or air sampling taken at, on, in, or around the W.G. Krummrich Plant, both before and after the two administrative proceedings commenced, and to include any sampling done in or around East St. Louis, Illinois, to the north/northeast, and/or Cahokia Heights, Illinois, to the south. The primary contaminant of interest in this search is polychlorinated biphenyls, or PCBs.</p> <p>If there are any questions or ambiguities with this request, please give me a call at #618-444-4514. Please let me know of any processing fees or the like and thanks!</p> <p>Paul Johnson The Driscoll Firm, P.C. 211 North Broadway, Suite 4050 St. Louis, Missouri 63102 #314-328-2220 (office) #(b) (6) (cell) <a href="mailto:paul@thedriscollfirm.com">paul@thedriscollfirm.com</a></p>	06/03/2022

2022-R02-04619	SCHACHNER, BERNIE	-	INSPECTION REPORT ON MOONBEAM GATEWAY MARINA SWPP PROGRAM REPORTING INSPECTION	06/06/2022
2022-R04-04631	Johnson, Glenn	University of Utah	CDM Federal Programs Corporation. 2000. Draft Remedial Investigation Report Georgia Pacific Hardwood Site Plymouth, North Carolina. Work Assignment No. 027-RICO-04RF, CDM Federal Programs Corporation, Atlanta, Georgia.	06/06/2022
2022-R05-04630	Huska, Livan	Borderless Magazine	I would like to see the results of initial EPA radiation surveys and subsequent remediation activity on several parcels of West Chicago Park District land part of the EPA Kerr-McGee West Chicago superfund sites. These surveys and remediation took place between 1980-2015. These parcels are located on the west side of Pioneer Park: 0409403058, 0409404057, 0409405029, 0409406043.	06/06/2022
2022-R05-04650	Payne, Jeremy	The Vertex Companies, LLC	Requesting all records pertaining to Consent Agreement and Final Order (CAFO) which resolves docket No. CAA-05-2022-0013, dated April 4, 2022, involving the Green Bay Metropolitan Sewer District, including any environmental reporting, inspection results, and correspondence related to the reported pollution event, development of the civil penalty, and Administrative Consent Order EPA-5-22-113(a)-WI-01. Per our conversation this morning, you are modifying the scope of your June 7, 2022 request to: documents specific to the pollution event reported on November 17, 2019 leading up to the Consent Agreement and Final Order (CAFO), docket No. CAA-05-2022-0013, April 4, 2022, involving the Green Bay Metropolitan Sewer District.	06/06/2022
2022-R05-04632	Stonier, Peggy	Haley & Aldrich, Inc	SEMS/Superfund files for Goodyear Tire & Rubber Co. Blue Pond, EPA ID OHD980609986, located at Johns Avenue, Akron, Ohio.	06/06/2022
2022-R06-04629	Mendoza, Jessica	-	I would like to request a complete copy of the application submitted by the Texas Commission on Environmental Quality, or any of its predecessor agencies, e.g., Texas Natural Resources Conservation Commission, for Underground Injection Control (UIC) primacy. More specifically, I am requesting a copy of the complete application that was approved in 1982, and the application for revision that was approved in 2004.	06/06/2022
2022-NFO-04640	Spencer, Roy	Advantage Environmental Consultants	I am seeking any documents related to the ERNS and RCRA Generators listings for the property located at 6215 Livingston Avenue in Oxon Hill, Maryland.	06/06/2022
2022-R04-04635	Kingsbury, Richard	HETI	<p>I am interested in the Region 4 RCRA Corrective Action Program Agreement with Walter Coke, Inc., located at 3500 35th Avenue, North Birmingham, AL. The agreement was finalized on 9/24/2012. I am also interested in remediation plans, maps, progress reports, and completed corrective actions conducted since 2012. The EPA identified 5 main areas encompassing 50 specific smaller areas needing a remedy.</p> <p>Please let me know what documents are available so that I can decide what files are needed and whether to conduct an in-person file review.</p> <p>Regards- Richard Kingsbury</p>	06/06/2022

2022-OCSP-04621	Brown, Lewis	Independent	<p>I need the following Emails with these dates:</p> <p>June 3, 2019 to one Lewis R. Brown from Sujatha Sankula Between 6:45AM-11AM</p> <p>April 4-24, 2019 Email sent to Lewis R. Brown from Marietta Echeveria (Then EFED Division Director). Subject: Meeting in conference room</p> <p>September 2018 email sent to Lewis R. Brown from EFED Division Director Marietta Echeveria.</p>	06/06/2022
2022-OIG-04673	Carman, Ashley	-	<p>Email sent to Lewis R. Brown from Joe Edgell dating from March 2019-April 2019.</p> <p>I'm requesting info about the criminal investigation of Region 7 employee, Bryant Harris. In 2015, I informed EPA that when applying for employment, Bryant concealed his arrest for Child Molestation and he submitted an untruthful resume with fake employment history. Bryant testified at our Family Court in Jun 2017 that "I was investigated by the criminal division. The case is still ongoing. And I'm on a 2-year probationary period until I become a full-time EPA employee on April 2018."</p> <p>JUDGE: You said something about being on 2-year probation with the EPA. Was that because of the criminal investigation, or is that just standard procedure?</p> <p>BRYANT: That's standard procedure.</p> <p>JUDGE: But you said the criminal investigation was ongoing?</p> <p>BRYANT: Right. They haven't closed it yet. I tried to request a FOIA. They said it was still open.</p> <p>Bryant also texted me on Jan 16, 2022 about this investigation (attached). I'm requesting all info available to public regarding this investigation.</p>	06/07/2022

2022-OLEM-04665	Goguen, Matthew	Geosyntec Consultants, Inc.	June 7, 2022	06/07/2022
<p data-bbox="639 211 995 314">National FOIA Office U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2310A) Washington, DC 20460</p> <p data-bbox="639 350 953 370">Subject: FOIA Request – Sauer Dump</p> <p data-bbox="639 406 805 427">Dear FOIA Officer:</p> <p data-bbox="639 462 1953 563">Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. §552, I am requesting electronic copies of records pertaining to the preparation of the Preliminary Climate Vulnerability Assessment Technical Memorandum for the Sauer Dump (EPA ID: MDD981038334) Superfund Site dated March 1, 2022 and prepared by ICF, Inc. under Task Order 008 of EPA Contract EP-W-14-001 in consultation and collaboration with the EPA Office of Superfund Remediation and Technology Innovation (OSRTI).</p> <p data-bbox="639 599 1946 672">Specifically, I am requesting electronic copies of drafts of the technical memorandum along with any supporting documents, references, exhibits, data sets or figures as well as any summaries, briefs, presentation materials and work product used in the preparation of the memo as well as email correspondences between ICF, Inc. and EPA OSRTI during the lifetime of the Task Order.</p> <p data-bbox="639 708 1959 809">Please note that I am not interested in receiving copies of documents, reports, or studies authored by Geosyntec Consultants, Inc., Conestoga Rovers Associates, and/or GHD pertaining to the Sauer Dump Superfund Site unless such documents have been annotated by ICF, Inc. and/or EPA OSRTI. Specific Geosyntec-authored documents may include a Draft Detailed Analysis of Alternatives dated August 6, 2021, subsequent draft dated November 17, 2021, and a Feasibility Study Report dated February 14, 2022.</p> <p data-bbox="639 845 1962 946">I am interested in receiving documents on a rolling basis, as they become available, rather than waiting until all records have cleared the review process. In addition, if my request is denied in whole or in part, I request a written statement regarding the reason(s) for denial, including the specific FOIA exemption that justifies the denial for release. If it is determined that portions of the requested records are exempt from disclosure, I request receiving all non-exempt portions that can be disclosed.</p> <p data-bbox="639 982 1948 1055">I agree to pay reasonable search and duplication fees for the processing of this request in an amount not to exceed \$250. Should the fees exceed this amount, please contact me with an estimate of the total costs and the volume of responsive material in order that specific expenditures beyond \$250 may be authorized.</p> <p data-bbox="639 1091 1950 1139">I look forward to receiving the requested materials. If you have any questions, please contact me via telephone or e-mail. Thank you for your assistance in this matter.</p> <p data-bbox="639 1175 721 1195">Sincerely,</p> <p data-bbox="639 1231 787 1251">Matthew Goguen</p>				
2022-NFO-04672	Capik-Berman, Karen	-	<p data-bbox="639 1257 1959 1357">I am requesting dates and times of quarry blasting near my home residence that is collected by the the Pennsylvania DEP. I asked the DEP informally three weeks ago and received no response. I require the information to discover intent in an investigation of fraud against myself. The house is new and has been shaken to breakage with no concern by the builder, who never disclosed the potential damage to the home prior to purchase, during build and continuing to this day.</p> <p data-bbox="639 1393 1900 1441">The dates needed are July 24 through July 28th, 2020. The names of potential quarries less than 1 mile of my house are called by: Egypt Quarry, LaFarge, and New Enterprise Stone and Lime.</p> <p data-bbox="639 1477 1294 1497">A summary of this request will also be sent to other stakeholders in the house.</p>	06/07/2022

2022-NFO-04664	Burt, Madeleine	BBJ Group	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 1640 Lockwood Road Billings, Montana 59101	06/07/2022

2022-OCSP-04662	MacDonald, Bob	Scientific & Regulatory Consultants, Inc.	EPA Reg. No. 70627-85, Virex (R) 24 - Data Matrix and DERs in support of recent registration accepted March 23, 2022	06/07/2022
2022-OCSP-04666	Bee, Madeleine	Exponent	Hello, I'd like to request the DERs for the acute toxicity, product chemistry and antimicrobial efficacy for the following registration numbers: 84683-3 and 84683-3-74771.	06/07/2022
2022-OCSP-04671	Bee, Madeleine	Exponent	Hello, I'd like to request the the DERs for chemistry and acute toxicity for the following EPA Registration Numbers: 6836-165, 6836-169, 6836-168, 3573-94, 777-94, 39967-5, 39967-6, 777-110, 777-111, 777-112, 4582-74, 4822-549, 4822-592, 4822-593, 67619-45, 69132-4, 88472-1, 100312-1, 92760-4, 89494-1, 39967-9	06/07/2022
2022-R05-04663	Horan, Ron	Ramboll	I am looking for investigation and RCRA closure data for a facility located at 30 North 8th Avenue in Maywood, Illinois. I have some correspondence but none of the analytical or technical reporting for the facility. The work appeared to have occurred from 1992 to 2007.	06/07/2022

The area includes 8 parcels:

08-08-14-00-100-005Z

08-08-13-00-100-001

08-08-12-00-300-001

08-08-12-00-300-002

08-08-12-00-300-009

08-08-12-00-100-007

08-08-12-00-300-002I

08-08-12-00-100-007I

Please forward this request to any additional departments that may be able to provide information. I am seeking the following information for each parcel:

- 1) Do you have any records of fuel or chemical storage at the site? If yes, please provide details (install, removal, size, contents, Closure Assessments, etc.).
- 2) Do you have any records of hazardous waste disposal at the site?
- 3) Are you aware of any environmental impacts at the site (chemical or petroleum spills, releases, etc.)?
- 4) Is your agency aware of any environmental emergencies at the site?
- 5) Do you know whether there are any groundwater use restrictions or other environmentally related activity and use restrictions at or near the site?
- 6) Do you know the past use of the site?
- 7) When were the current structures constructed? What is their approximate square-footage?
- 8) What is the current zoning of the site? What is the past zoning of the site?

I am requesting documents pertaining to site demolition, closure, cleanup, and monitoring activities at the Marshall Velsicol facility in Marshall, Illinois – documents to support in the drafting of a Phase I ESA.

Specifically we are looking for documents that discuss site cleanup activities (general remediation, pond/lagoon closure and capping, ongoing monitoring requirements, etc).

Feel free to reach out with any questions. Thank you very much. I am requesting documents pertaining to site demolition, closure, cleanup, and monitoring activities at the Marshall Velsicol facility in Marshall, Illinois – documents to support in the drafting of a Phase I ESA.

Specifically we are looking for documents that discuss site cleanup activities (general remediation, pond/lagoon closure and capping, ongoing monitoring requirements, etc).

For purposes of this request, the term "records" means information of any kind, including, but not limited to, documents (handwritten, typed, electronic or otherwise produced, reproduced, or stored), letter, e-mails, facsimiles, memoranda, correspondence, notes, databases, drawings, graphs, photographs, minutes of meetings, electronic records of meetings, and any other compilation of data from which information can be obtained.?</p> <p>?Claims of Exemption from Disclosure? See attached list identifying documents</p>	06/08/2022
2022-R06-04691	Sandoval, Yolanda	Montgomery & Andrews, P.A.		06/08/2022

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request the following documents from the United States Environmental Protection Agency:

1) All data submitted to the EPA by the City of Lowell regarding the "Clean Streams Initiative" referenced in City of Lowell's Integrated Plan, submitted to the EPA on or around December 29th, 2019

2) All EPA Compliance Schedules relating to City of Lowell's Long Term CSO Control Plan, their Integrated Plan, and any Compliance Schedules sent in conjunction with Administrative Consent Orders relating to CSOs since the year 2000

Should you determine that some portion of the document(s) I have requested is not public record, I reserve my right to appeal such a decision and request that you release any portion of the document(s) that is public information. If you determine that the requested document(s), or any portion of the requested document(s), is exempt from disclosure, please note the specific exemption under the law and explain why. I understand that you may have to redact portions of these records for privacy reasons.

2022-R02-04682	Seslar, Carmella	-	<p>We respectfully request any and all documents which were submitted, filed, drafted, sent, received, or issued for for the property (or the buildings located thereon) identified as:</p> <p>Military Ocean Terminal, Bayonne Block 404, Lot 1 Foot of 32nd Street, Bayonne, Hudson County, New Jersey aka KCSL # NJ0210022752 PI #207592 Master Site ID: 00014201 aka PI #207593 Master Site ID: 207592 aka PI # 011992 Master Site ID: 00014201 aka Bayonne Logistics Center Block 1180, Lots 1 &amp; 2 Block 900, Lot 1 Block 1000, Lot 1 Portion of Road "A" aka The Peninsula at Bayonne Harbor aka US Naval Reservation - Bayonne Supply Depot aka Bayonne Auto Terminal aka Block 4.04, Lot 2.01 (formerly a portion of Block 404, Lot 1) Block 1180, Lot 1 (formerly a portion of Block 4.04, Lot 2.01)</p> <p>The request includes, but is not limited to: occupancy permits, building permits, construction permits, engineering reports, inspection reports, planning and zoning applications and resolutions, hearing transcripts, appeals, correspondence regarding remediation or land use, any alleged violations relating to the Property, any Flood Hazard, Waterfront Development, or any other applicable waterfront development approvals; any environmental permits or applications; any tidelands applications, approvals, or information; any CERCLA, RCRA, or Spill Act submissions and correspondence, including but not limited to final remediation documents, preliminary assessment, feasibility study, remedial action work plans, biennial certifications, environmental baseline studies, remedial action permit applications or approvals, well restriction areas, memoranda of understanding, covenants not to sue, Phase I Environmental Site Assessments and Preliminary Assessments, any documents relating to the landfill operations, cessation, and closure/post-closure plans or activities; and any other documents relating to the remediation of the property.</p>	06/08/2022
2022-R02-04681	Roberts, Justin	Keller & Heckman	<p>Under the Freedom of Information Act (FOIA) (5 U.S.C. &amp; section 552), we request the following information located within the Region 2 Office of the U.S. Environmental Protection Agency (U.S. EPA). We ask for copies of the production reports (EPA Form 3540-16 Pesticide Report for the Pesticide-Producing and Device Producing Establishments) including Confidential Business Information (CBI) from 2017 to 2021 for Diamond Chemical Company, Inc. with EPA establishment number 4238-NJ-1. Included in the production reports, we request amounts produced, repackaged, or relabeled, amounts sold or distributed in the U.S., amounts sold or distributed in foreign markets, and amounts to be produced, repackaged, or relabeled, which corresponds to boxes 50 to 53 of EPA Form 3540-16.</p> <p>We agree to pay reasonable search and reproduction costs for this information. Should the cost exceed \$250, please provide us an estimate of the cost and contact us for Authorization. Your prompt attention to this request is appreciated.</p>	06/08/2022

Hello,☐

This is a request for records under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.☐

Requester Information☐

Noah Wicks☐

Associate Editor☐

Agri-Pulse Communications, Inc.☐

22245 462nd Ave. ☐

Nunda, SD 57050☐

Phone: (b) (6) ☐

noah@agri-pulse.com☐

Records Sought☐

I request disclosure of the following records:☐

1. Any and all records of correspondence, such as emails, letters, memos, directives, talking points, relating or referring to the department's policies and actions regarding the herbicide known as Dicamba. This search may be limited to department heads and/or program directors in the Office of Pesticide Programs who work with Dicamba, along with their immediate aids. The date range for this records search is between Sept. 1, 2021, and the date this request is processed.☐

Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552 (a)(8)) ☐

(A) An agency shall--☐

(i) withhold information under this section only if--☐

(I) the agency reasonably foresees that disclosure ☐  
would harm an interest protected by an exemption ☐  
described in subsection (b); or ☐

(II) disclosure is prohibited by law; and☐

(ii)(I) consider whether partial disclosure of information ☐  
is possible whenever the agency determines that a full ☐  
disclosure of a requested record is not possible; and☐

(II) take reasonable steps necessary to segregate and ☐  
release nonexempt information....☐

EPA and its components should not fail to comply with this mandatory part of the FOIA as recently amended by Congress and release responsive records to me in full or at least in part. It is also required to identify what reasonably foreseeable harm would flow from release of any information withheld. ☐

Instructions Regarding Search☐

Hello,

This is a request for records under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.

Records Sought

I request disclosure of the following records:

1. All communications between the Office of Pesticide Programs, along with any office or officials within the EPA tasked with communicating with the White House, and the White House that mention or refer to the herbicide known as Dicamba.

Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552 (a)(8))

(A) An agency shall--

(i) withhold information under this section only if--

(I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption described in subsection (b); or

(II) disclosure is prohibited by law; and

(ii)(I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and  
(II) take reasonable steps necessary to segregate and release nonexempt information....

EPA should not fail to meet the requirements of Section 551(a)8 when processing my request and release responsive records to me in full or at least in part.

Instructions Regarding Search

Request for Public Records

Please search for any records even if they are publicly available.

Request for Electronic and Paper/Manual Searches:

I request that searches of all electronic and paper/manual indices, filing systems, and locations for any and all records relating or referring to the subject of my request be conducted. I further request that the agencies conduct a search of its "soft files" as well as files in its locked cabinets.

Request regarding Photographs or other Visual Materials:

Hello,

This is a request for records under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.

Records Sought

I request disclosure of the following records:

1. Any and all records of correspondence, such as emails, letters, memos, directives, text messages, etc., exchanged between employees of Bayer or Monsanto and the following EPA employees: Lindsay Roe, Mindy Ondish, Margaret Hathaway, Emily Schmid, Rachel Holloman, Shaja Joyner, Heather McFarley, Marietta Echeverria, Dan Rosenblatt, and Paul Di Silvo that relate or refer to the herbicide known as Dicamba. To speed up the process, it is not necessary to search the records of EPA employees listed that do not work with Dicamba or communicate with Bayer or Monsanto employees in any capacity. The date range for this search is between Sept. 1, 2020, and the date this request is processed.

Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552 (a)(8))

(A) An agency shall--

(i) withhold information under this section only if--

(I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption described in subsection (b); or

(II) disclosure is prohibited by law; and

(ii)(I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and

(II) take reasonable steps necessary to segregate and release nonexempt information...

EPA should not fail to meet the requirements of Section 551(a)8 when processing my request and release responsive records to me in full or at least in part.

Instructions Regarding Search

Request for Public Records

Please search for any records even if they are publicly available.

Request for Electronic and Paper/Manual Searches:

I request that searches of all electronic and paper/manual indices, filing systems, and locations for any and all records relating or referring to the subject

2022-OCFO-04758	Bogardus, Kevin	E&E News	<p>Thank you and please do not hesitate to call me at (217) 300-2996 if you have any questions about this request.</p> <p>I request the report described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:</p> <p>"Transboundary Watersheds.-The Committees direct the Agency to continue and expand its work coordinating with Federal, State, local, and Tribal agencies to monitor and reduce transboundary mining pollution in the Kootenai watershed and other U.S.-British Columbia transboundary watersheds. The Agency is also directed to report to the Committees within 90 days of enactment of this Act on its progress to document baseline conditions and mining-related impacts, and any additional staff or resources needed for this project. These efforts are funded at no less than the enacted level."</p> <p>Please see page 57 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	06/13/2022

I request the reports described in the following excerpt from House Report 117-83:

"Clean Air. —The Committee recommends \$139,188,000, \$20,563,000 above the enacted level and equal to the request. The Committee is dismayed that the Agency yet to take any action on long-pending Electric Pathway II applications under the Renewable Fuels Standard. Within 10 days of enactment of this Act, the Committee directs the Administrator to take final action on applications that have been pending for more than 12 months. The Committee notes the Agency released its new Motor Vehicle Emissions Simulator (MOVES) model, known as MOVES3, in November 2020, and looks forward to receiving the briefing the Agency was directed to provide. Within 60 days of enactment of this Act, the Committee directs the Agency to provide a report outlining the updates that were incorporated in MOVES3 regarding emissions effects of ethanol-blended fuels in light-duty vehicles in comparison to the MOVES2014 modeling tool. If no updates were incorporated into MOVES3, the Committee directs the Agency to provide a subsequent report within 90 days of enactment of this Act determining if updates are necessary, and if warranted, a timeline detailing planned Agency action to carry out the necessary emission studies to integrate updated data for these vehicles."

Please see page 79 through 80 of House Report 117-83 (<https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf>).

I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.

Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<https://docs.house.gov/bills/thisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf>).

Please consider any final briefing materials accompanying these reports for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.

"Research: Air and Energy. —The Committee recommends \$125,000,000, \$29,750,000 above the enacted level and \$31,210,000 below the request. Within available funds, the Committee supports the Agency's plans to revitalize its climate change program and supports additional research in the four focus areas outlined in the request. The Committee also supports the Agency's ongoing work providing human exposure and environmental modeling of air pollution, understanding of air pollution sources, fate, transport, and effects, and the development and application of new approaches to evaluate impacts of the transition to a low-carbon energy system, including fuel standards. The Committee expects the Agency to consult with and seek approval from the Committee prior to undertaking any collaborative research with the Department of Energy on climate adaptation or resilience work. Additionally, the Committee provides \$3,700,000 to continue supporting year 5 of the Partnership Research as outlined in the explanatory statement accompanying Public Law 115–141. This jointly funded, multi-year government-industry research initiative should be used to produce credible science of national scope on such development, including periodic review and tracking of existing exposure and health studies already underway, and continuation of research initiated under this section. The Agency is encouraged to submit a report updating the Committees on the implementation of this partnership within 90 days of enactment of this Act."

2022-OCFO-04762	Bogardus, Kevin	E&E News	I request the report described in the following excerpt from House Report 117-83:	06/13/2022
			<p>"Slurry Injection of Complex Waste Pilot Projects. —The Committee recognizes the potential of new, technological innovations to lower costs and environmental impacts of complex waste management, including biosolids, per-and- polyfluoroalkyl substances (PFAS) remediation sites, and superfund sites. The Committee directs the Agency, through the challenge and prize program or the Small Business Innovation Research (SBIR) program, to consider supporting pilot projects to test and evaluate the feasibility of safely and permanently disposing of complex waste materials using slurry injection technology. Within 90 days of enactment of this Act, the Agency is directed to report to the Committee on plans and associated costs to support such pilot technologies and how these technologies may reduce greenhouse gas emissions."</p>	
			Please see page 83 of House Report 117-83 ( <a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a> ).

			Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.	

"Water: Ecosystems. —The Committee recommends \$59,899,000, \$8,777,000 above the enacted level and \$3,037,000 above the request. From within the amount provided, the Committee provides \$750,000 per estuary for National Estuary Program (NEP) grants funded under Section 320 of the CWA, an increase of \$50,000 per estuary above the enacted level. An additional \$2,000,000 is provided for competitive grants. The Committee encourages the Agency to work in consultation with the NEP directors to identify worthy projects and activities.

The Committee recognizes the value of leveraging existing Agency programs and expertise to improve water quality in the Mississippi River Basin and to mitigate and control hypoxia in the Gulf of Mexico. The Committee expects the Agency, through the Hypoxia Task Force, to provide executive level direction and assistance to state and tribal partners as they implement comprehensive water quality solutions designed to reduce nutrient loads in waterways throughout the greater Mississippi River Basin, consistent with the Gulf Hypoxia Action Plan. The Committee directs the Agency to utilize available funding from the Gulf of Mexico Geographic Program, National Estuary Program/Coastal Waterways, and Sec. 319 Non-point Source grants, as appropriate, to support the implementation of State Nutrient Reduction Strategies and to develop modeling tools to understand the collaborative effects and impacts of these strategies on mitigating hypoxia. Not later than 90 days after enactment of this Act, the Committee directs the Agency to provide a spend plan to support these efforts and a report noting any additional authorities the Agency needs to carry out this work. Of the increase provided to the National Estuary Program/Coastal Waterways program project, \$1,000,000 shall be used to support the Task Force's work."

Please see page 91 and 92 of House Report 117-83 (<https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf>).

-

I am requesting, under the Freedom of Information Act (FOIA), records for the following property:

06/13/2022

700 EDGEWOOD DRIVE, MAUMELLE, ARKANSAS 72113

Please provide the following information for the above property:

Any records pertaining to past or present: environmental matters; alleged or confirmed compliance issues; hazardous materials use or storage at this property; alleged or confirmed releases on this property; environmental complaints, investigations, or violations; environmental liens, use or activity restrictions; and/or building or demolition permits, approvals or records, records of storage tank (underground or aboveground) installation or removal.

In order to help to determine my status for purposes of determining the applicability of any fees, you should know that I am affiliated with a private corporation and am seeking information for use in the company's business.

I am willing to pay fees associated with this request but request to be advised of estimated costs prior to any such costs being incurred.

If you deny any part of this request, please cite each specific reason that you think justifies your refusal to release the information. Please notify me of appeal procedures available under the law.

Responses may be emailed (to amy@RMAgreen.com) or mailed directly to our office. Thank you for your prompt attention to this matter.

2022-NFO-04774	Ryan, Ferrell	Snake River Waterkeeper	<p>This is a request under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, as amended, for certain records and documentation within the control of your agency related to Clean Water Act ("CWA"), 33 U.S.C. §§ 1251, et seq., for the wastewater treatment plant owned and/or operated by the City of Gooding in Gooding, Idaho ("WWTP"). The facility is located at 1775 S 1800 E, Gooding, Idaho 83330 and holds NPDES Permit ID0020028. If you believe the name, address, and/or permit number or ID is incorrect, please reach out to SRW for clarification. The subject of this request concerns documentation for the WWTP and its associated National Pollutant Discharge Elimination System ("NPDES") permit(s) relating to all CWA or NPDES reporting and effluent violations by the WWTP documented or known by EPA. SRW requests copies of the following records within the EPA's custody or control related to this WWTP received, issued, or created since June 13, 2016:</p> <ol style="list-style-type: none"> <li>1. Any material submitted by a WWTP owner and/or operator related to its compliance with the CWA, including but not limited to: daily, monthly, and/or nonmonthly discharge monitoring reports, annual reports, status/progress reports, investigations and inspections, permit applications, and permit compliance reports and plans; and</li> <li>2. Any material prepared by the EPA regarding the WWTP's compliance with the CWA, including but not limited to inspections and evaluations of facilities, formal or informal enforcement actions against the facilities, determinations for terminating and/or renewing NPDES permits for the WWTP, and analyses of the WWTP's compliance with past or existing NPDES permits as well as applications for renewal/new NPDES permits.</li> </ol>	06/13/2022
2022-NFO-04754	Turner, Vann	BBJ GROUP	<p>I am looking for information regarding specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses:</p> <p>1255 Bartons Creek Road Lebanon, TN;  1316 Bartons Creek Road Lebanon, TN;  1850 Franklin Road Lebanon, TN; and  Parcel IDs: 080-048.00-000, 080-048.00-001</p>	06/13/2022

2022-NFO-04753	Smith, Mindy	Antero Group	<p>Hello,</p> <p>I am supporting the completion of a Phase I Environmental Site Assessment and would like to request any documents or records you may have on file of current or historical liens, underground or above ground storage tanks, leaks or spills, incident reports, environmental permits, conditions, inspections, investigations, or violations associated with the following properties:</p> <p>-<del>58</del> E 950 N. Chesterton, IN 46304 and 937 N Calumet Ave Chesterton 46304</p> <p>While we will also check available public sources any other records you may have in the interest of fulfilling the ASTM requirements for All Appropriate Inquiries would be greatly appreciated.</p> <p>Thank you,</p>	06/13/2022
2022-NFO-04773	Gounaris, Michelle	KCI Technologies, Inc.	<p>KCI is interested in obtaining any information your office may have regarding landfilling/solid waste disposal (including historic, abandoned, and non-permitted site information), underground storage tanks, hazardous waste releases, chemical spills, emergency release reports, contaminated public wells and/or surface water bodies, or environmental regulatory actions pertaining to the below referenced locations.</p> <p>Request Information Locations: RIDGECREST APARTMENTS Located on Square 5894 in Washington, DC 20020 Lot 45 – 2200-2206 Savannah Street SE Lot 46 – 2000-2004 Savannah Street SE Lot 47 – 1920-1926 Savannah Street SE Lot 48 – 1911-1917 Ridgecrest Court SE (previously Shipley Terrace SE) Lot 49 – 2001-2005 Ridgecrest Court SE (previously Shipley Terrace SE) Lot 50 – 2101-2107 Ridgecrest Court SE (previously Shipley Terrace SE)</p>	06/13/2022
2022-R07-04780	Jacobson, Paul	Spencer Fane LLP	<p>I request all communications (including e-mails, letters, memoranda, and records of phone calls) between or including any of the entities listed below, created on or after June 30, 2021, discussing the AltEn, LLC facility in Mead, Nebraska.</p> <p>ENTITIES: the U.S. Environmental Protection Agency; the Nebraska Department of Environment and Energy; past and present federal and state legislators, officials, and employees, including but not limited to Nebraska Senator Carol Blood and her office; federal or state government agencies; Creighton University; the University of Nebraska System; individual citizens; citizens groups.</p>	06/13/2022
2022-OAR-04735	Cade, William P	None	<p>All emails and other documentation associated with Section 1039.125 (f) language change that eliminated "on the first page" to "in" the 25-Oct-2016 revision.</p> <p>Prior to 25-Oct-2016 revision the paragraph read "State clearly on the first page of your written maintenance instructions that a repair shop or person of the owner's choosing may maintain, replace, or repair emission-control devices and systems." After 25-Oct-2016 revision reads "State clearly in your written maintenance instructions that a repair shop or person of the owner's choosing may maintain, replace, or repair emission-control devices and systems."</p>	06/13/2022

2022-R04-04748	Moody, Joe	-	I am requesting any records on the measurement of PCB levels within the soil and water of Anniston, Alabama between 2020 and the current year (2022).	06/13/2022
2022-R05-04744	Moy, Jessica	Edge Consulting Engineers, Inc	Requesting for additional information on superfund site FIRST INDUSTRIAL CORP CHIPS located at GREEN RIVER INDUSTRIAL PARK RT 4, Dixon, Illinois (EPA ID: ILD053436747). Requesting for any Phase I/II Environmental Site Assessments or Remediation reports.	06/13/2022
2022-R05-04777	Casey, Kathleen	Due Diligence Group LLC	<p>(1) I am requesting copies of any records of environmental violations, enforcements, spills, investigations, and/or complaints, associated with and/or filed against Michigan Steel, Inc and/or Cast Steel Technology between 2002 and 2022.</p> <p>(2) I am requesting copies of any records of environmental violations, enforcements, spills, investigations, and/or complaints, associated with and/or filed against entities associated with Vaughn Makary.</p>	06/13/2022
2022-R05-04778	Iskovich, Susan	-	<p>Records on file for the Richards Wilcox (aka RW Manufacturing and/or Hupp Inc.) facility at 174 3rd Street, Aurora, IL 60407. Site ID 0500130, EPA ID ILD004524856</p> <p>This facility underwent a discovery in 1981 for possible inclusion as a Superfund Site. It was determined not to qualify for inclusion on the NPL site and was archived in 1984. I am an environmental consultant performing a Phase I ESA for an adjoining site and thus am interested in any documents you may still have on file from 1981 through 1984 pertaining to the inspections regarding this site.</p>	06/13/2022
2022-R05-04741	Salo, Maddy	Ramboll	Ramboll Us Consulting, Inc. is requesting records pertaining to the property located at 2929 32nd Street SE in Grand Rapids, Michigan. We are interested in receiving documents pertaining to the Superfund Enterprise Management System-Archive database, and documents regarding the following activities/dates: the property is listed with a discovery date of June 1, 1984. Preliminary assessments were conducted on July 29, 1986 and February 7, 1990. The property was archived on February 7, 1990.	06/13/2022
2022-R06-04734	Wesson, Cheddy	Enviro-Site	For research purposes I would like a copy of the Section 112(r) of the Clean Air Act Amendments Risk Management Plan (RMP) rule for all petrochemical facilities and operators in Texas, Oklahoma and New Mexico.	06/13/2022
2022-R06-04776	Boever, Andie	Reaud, Morgan & Quinn, LLP	<p>Thank you.</p> <p>We wish to be provided with all disclosable information pertaining to the advisory letter attached hereto as Exhibit A wherein, on March 31, 2021, the EPA wrote to H-E-B Grocery about its website marketing for BioErase. We also wish to be provide with any information request letter, or Consent Agreement and Final Order, and all correspondence pertaining thereto.</p>	06/13/2022

2022-R07-04755	Bugajski, Nicholas	GZA	I would like to request hazardous waste manifests, hazardous waste inspection records, hazardous waste annual reports, and compliance/violation records to the generation permits: Michael Foods Inc. Norwalk Facility. EPA Handler ID: IAR000525774  101 DELAWARE ST NORWALK IA 50211	06/13/2022
2022-NFO-04775	Dyer, Jake	EWI	EWI is requesting documentation regarding any investigations or information involving PFAS onsite with ID numbers 5576, 5577, and 5578 regarding the subject property at 2350 Arrowhead Road, Moundridge, KS (MJ'S Truck Repair).	06/13/2022
2022-R09-04736	Ayer, Jacqueline	The Acton Town Council	I would like to obtain copies of records/information that are in the EPA's possession regarding all the underground injection wells for which EPA has inventory data within the Community of Acton in California (specifically in zip code 93510). I understand that Ms. Kate Rao from the EPA Region IX office in San Francisco has particular knowledge of this information, thus it may be helpful to forward this request to her office for the sake of expediency.	06/13/2022
2022-R09-04737	Ayer, Jacqueline	The Acton Town Council	On behalf of the Acton Town Council, I am requesting copies of records/information that are in the EPA's possession pertaining to the source water assessment that was conducted for Waterworks District 37 in the Community of Acton, California (also known as water system #1910248) in accordance with 40 CFR 144.86. The records sought by this request include, but are not limited to, the boundaries of the assessment area that were delineated for this community water system, the significant potential sources of contamination identified within these delineated boundaries, the determination of the susceptibility of the community water system to such contaminants, and the plan that was developed to make the completed assessment for the Acton water system available to the public. I understand that Ms. Kate Rao from the EPA Region IX office in San Francisco has particular knowledge of this information, thus it may be helpful to forward this request to her office for the sake of expediency.	06/13/2022
2022-R05-04781	Redweik, Lora	-	According to the ECHO Detailed Facility Report, Waelz Sustainable Products, LLC (FRS ID-110070817752) has been given three High Priority Violation (HPV) under the Clean Air Act (CAA) for Quarter's 10, 11, and 12. I am requesting the following documents for the three quarters of HPV; *Correspondence letters between EPA and WSP via emails, text, scanned documents, faxed documents including but not limited to those listed below. **Enforcement documents of warning letters, violation letters, notices of violation, agreed orders, and Commissioners Orders. *Information concerning the enforcement process that was implemented toward WSP. *Follow-up correspondence due to violations.	06/13/2022
2022-NFO-04788	Kennedy, William	RMS Environmental	Thank you for your time and consideration on this matter. RMS Environmental has been retained to conduct Phase I Environmental Site Assessment of the property located at: 78 Bishop Street Jersey City, Hudson County, New Jersey 07304 Block:15402 Lot:5 As part of the investigation, we are required to include any information such as health code violations, permits for air, soil and/or water; records of any spills; hazardous materials used on site, storage tanks, odor complaints; community right to know information; any environmental reports you may have on file. RMS requests, under the Open Public Records Act (OPRA), any information on this property that you have at your disposal.	06/14/2022
2022-R05-04786	Cronin, Jennifer	BBJ Group	I am looking for information regarding, specific air permits, inspection reports, violation notices, annual emissions reports, asbestos information, leaking underground storage tanks, site remediation program enrollment, compliance reports, ground-water information, sampling results, complaints, and incident notices for any facility at the following address:  800 Oakwood Road, Lake Zurich, IL 60047	06/14/2022
2022-R05-04793	Cronin, Jennifer	BBJ Group	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses:  410 West Industrial Street, Le Center, MN 140 South Montgomery Avenue, Le Center, MN	06/14/2022
2022-NFO-04787	Clark, Audrey	-	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APN: 8264-009-023. The Site is located at 17969 Railroad Street, City of Industry, Los Angeles County, California 91748. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	06/14/2022
2022-NFO-04789	Becker, Alex	Roux Associates, Inc.	Requesting all RCRA, CERCLA, NPDES permits, inspections, violations, and reports for the property located at 6 West Belt, Wayne, Passaic County, NJ.	06/14/2022

2022-NFO-04790	Burt, Madeleine	BBJ Group	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address:</p> <p>549 E Cucharras Street Colorado Springs, CO 800903</p>	06/14/2022
2022-NFO-04796	Bowles, Olivia	Roux	<p>We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to Vacant Land located at the Northwest Corner of Van Buren Street &amp; Enterprise Way, Indio, California and associated with the APNs: 611410065, 611410066, 611410067, 611410068, 611410069, 611410070, 611410071, 611410072, 611410073, and 611410075. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p>	06/14/2022
2022-ORD-04795	Isaac, Jason	Life:Powered, Texas Public Policy Foundation	<p>In response to FOIA Request EPA2022-000999, EPA produced a document with the file name ED_006316_00006937_Formal_RWR that was Bates stamped ED_006316_000069317_00001 through 00002 (attached). That document mentions additional records that TPPF would like to see.</p> <p>As a follow-up to EPA-2022-000999, please provide us with the following records:</p> <p>1. Please provide the documents referenced in the email exchange at Bates-stamped page ED_006316_00006937_00001. Specifically, in the email dated February 1, 2021, from Dr. D'Amico to Dr. Orme-Zavaleta, Dr. D'Amico states that the author of a previous email was "referencing one of the slides that was used in the report on the environmental workshop last week." Please provide the slides to which Dr. D'Amico was referring.</p> <p>2. Please provide all records from the "workshop" referenced in the February 1, 2021 email from Dr. D'Amico to Dr. Orme-Zavaleta (ED_006316_000069317_00001), including, but not limited to, any presentations, notes, or draft papers</p>	06/14/2022
2022-R02-04792	Januta, Andrea	Reuters News	<p>I am a journalist for Reuters News. I am working on a story related to conservation easements on contaminated sites, and I am seeking documents related to the conservation easement on the Kin-Buc Landfill Superfund site in New Jersey. As part of fulfilling the Superfund settlement, a conservation easement over the Kin-Buc Landfill was granted to the Clean Land Fund with the understanding that the Clean Land Fund would transfer it to a different non-profit or government organization. However, the Clean Land Fund dissolved in 2012 prior to this transfer.</p> <p>I hereby request the following records pursuant to the Freedom of Information Act, 5 U.S.C. § 552 et seq.:</p> <ul style="list-style-type: none"> <li>•Any documents from 2011 through the date this request is fulfilled – including published reports, emails, letters, memos, etc – related to the 2012 dissolution of the Clean Land Fund</li> <li>•Any documents from 2011 through the date this request is fulfilled – including published reports, emails, letters, memos, etc – related to establishing a suitable replacement at the Kin-Buc site for the Clean Land Fund following its dissolution</li> <li>•Any documents from 2011 through the date this request is fulfilled – including published reports, emails, letters, memos, etc – related to imposing financial penalties the EPA may have levied as a result of failure to fulfill the Consent Decree related to the Kin Buc Landfill Superfund Site.</li> </ul> <p>Please note that I have an active media inquiry with the EPA Region 2 Media Center and have been in contact with Stephen McBay and Elias Rodriguez regarding that request. This media inquiry is taking longer than expected and so I am pursuing a FOIA in addition to my media request.</p> <p>To aid in your search, I am attaching the 2004 conservation easement granted to the Clean Land Fund, as well as my prior correspondence with the EPA about this request. I am also attaching my full FOIA request as a separate document.</p> <p>I request the foregoing records in digital format.</p>	06/14/2022

2022-R03-04784	Tetrick, Krista	Schnabel Engineering	I am requesting files on the VSQG located at 8647 George Washington Memorial Highway, Yorktown, VA 23692. This property is currently developed as a 7 Eleven petroleum filling station and convenience store. This facility is identified as RCRA-VSQG 1004791488. I am requesting documentation from 1/1/1982 to the present.	06/14/2022
2022-R04-04791	Owens, Sandra	Honu Compliance Solutions LLC	I am requesting an updated copy of the RMP database for EPA Region 4.	06/14/2022
2022-R01-04794	Casey, Kathleen	Due Diligence Group LLC	<p>The following request is being made in accordance with the Freedom of Information Act (5 U.S.C. § 552). I am requesting copies of the following records:</p> <p>(1) Complaints (2007-Present): I am requesting copies of any complaints involving Filtrine Manufacturing and/or The Filtrine Manufacturing Co Inc from 2007-present.</p> <p>(2) Correspondence (2007-Present): I am requesting copies of any incoming and outgoing correspondence between the United States Environmental Protection Agency (EPA) and Filtrine Manufacturing and/or The Filtrine Manufacturing Co Inc from 2007-present.</p> <p>(3) Fines/Penalties (2007-Present): I am requesting copies of any fines/penalties involving Filtrine Manufacturing and/or The Filtrine Manufacturing Co Inc from 2007-present.</p> <p>(4) Violations (2007-Present): I am requesting copies of any violations involving Filtrine Manufacturing and/or The Filtrine Manufacturing Co Inc from 2007-present.</p>	06/14/2022
2022-R06-04783	Rubin, Caitlin	SI Global Partners	<p>Freedom of Information Act (FOIA) Request (letter attached and copied below)</p> <p>Dear EPA FOIA Officer:</p> <p>This is a request for records under the Freedom of Information Act. I am requesting copies of any and all documents related to the EPA's Consent Decree of 2014 (Case No. 5:13-cv-3065) requiring the City of Shreveport, Louisiana to fix its sewage problem. Specifically, all documents and communications relating to and mentioning: CDM Smith Inc. ("CDM Smith").</p> <p>*This request includes, but is not limited to: Case initiation documents; All communications relating to the selection and approval of CDM Smith as the General Contractor; All documents and communication regarding the progress of CDM Smith's work as the General Contractor; All documents and communication regarding the inspection of the work; and all reports and communications regarding compliance of the City of Shreveport and its contractors within the Consent Decree</p> <p>If any exemptions are asserted, I prefer the Commission grant a partial fulfillment of my request by providing our office with any documents which are not in dispute as this time. Please detail what is being withheld and cite the exemption under the FOIA.</p> <p>If possible, for those records where confidential treatment is asserted, we request that the FOIA office provide us with the estimated number of pages and date range of the pages at issue. This will help us assess whether we want the FOIA office to proceed with confidential treatment processing.</p> <p>For the purposes of determining what, if any, fees may be assessed in connection with the processing of this request, I am affiliated with a private corporation and am seeking information for use in the company's business.</p> <p>I agree to pay all necessary costs up to the amount of \$250.00. Please invoice me where appropriate and we will pay the invoices promptly. Please contact me if you expect that the costs will exceed that amount at +1 (646) 596-5400 and +1 (305) 205-8228.</p> <p>If you have any questions regarding this request, I can be contacted by phone at +1 (646) 596-5400 and +1 (305) 205-8228; or by email at <a href="mailto:crubin@siglobalpartners.com">crubin@siglobalpartners.com</a> and <a href="mailto:oneill@siglobalpartners.com">oneill@siglobalpartners.com</a>.</p> <p>Sincerely, Caitlin Rubin SI Global Partners 199 Water St, 16TH Floor New York, NY 10038</p>	06/14/2022

2022-NFO-04785	Quinones, Rocio	Roux Associates, Inc.	<p>We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the property at 1629 21st Street, 2111 Q Street, and 2131 Q Street, Sacramento, California 95811. 2022-R04-04857	Steeby, Ashley	-	I would like to receive the documents and data of the reports and instructions that the EPA used to direct St. Johns County Florida to enact a June 1st "Maintenance" on the water system. The County claims the EPA has directed them to add additional chlorine, etc to the St. Johns County Utility CR 214 Mainland Water System. The Chlorine is almost unbearable.  The county directed me to a 2020 water quality report. This is unhelpful. I would like the current figures of both what the county is adding into the water as well as what the EPA told them to do.	06/16/2022

2022-NFO-05008	Koopowitz, Corinne	none	My husband and I live in Riddle Oregon. We are opposing a Douglas County application to start a rock quarry, boundary on one end is 1350 feet from our home, and is adjacent to our pastures. I did reach out to Bryn Thoms of DEQ with concerns of soil contamination, air and water contamination. The proposed site is the old settling pond from the Hanna Nickle Mine which Mr. Thoms confirmed is contaminated and requires clean up. Based on the County Planning Commission and Board of Commissioners approving this rock quarry regardless of so many concerns brought to their attention, I am seeking as much help as possible. We do have an attorney helping us. But I recently learned that State or Federal agencies are not provided with all documentation so what information is provided is unknown and if it includes our multiple lists of concerns and that of our attorney, is unknown. The application has discrepancies, inconsistencies and the applicants naturally have tried to make it all seem like this rock quarry is all good. But it is not, not by a long shot. We live here and do not support a rock quarry so close to us-- contamination, noise, dust, wildlife, our wetlands, possible our well water if they have to dig down 30-50 feet. There is so much information to offer but this description of my inquiry I hope is enough to demonstrate the concerns. The County Planning Dept. mentions ESEE consequences in favor of the quarry. We have pointed out the true ESEE consequences, not benefits, of allowing this rock quarry. I would like to ask if EPA can also get involved, we hope not permitting this quarry. Whose to say another debacle like the Formosa Mine would not happen again, but on a smaller scale. Thank you. Corinne Koopowitz (b) (6), (b) (6).	06/23/2022

2022-OAR-05045	Knight, Christopher	Argus Media	I am a reporter gathering information for a story focused on regulations affecting liquefied natural gas facilities (LNG) on the U.S. Gulf coast. On March 8, 2022, Cheniere Energy Inc. submitted (through its attorney Brittany Pemberton at the law firm Bracewell) an emailed request to the U.S. Environmental Protection Agency related to its February 28, 2022, final rule that amended national emission standards for stationary combustion turbines (87 FR 13183). Specifically, Cheniere suggested the final rule removing a stay could impair its ability to operate "62 of the combustion turbines" at its two LNG facilities on the U.S. Gulf coast.  Under FOIA, I am seeking copies of and access to EPA documents, letters and emails responding to the letter filed by Cheniere (or to the law firm Bracewell, as its counsel). I am a representative of the news media seeking this information as part of a news gathering effort and not for commercial use.  For the purposes of running a search, you can search for any emails, letters and documents sent between March 8, 2022, and June 27, 2022. I am interested in any emails, letters of documents that EPA has sent to the following individuals, either through email, fax or letter: Bracewell LLP attorney Brittany Pemberton brittany.pemberton@bracewell.com Bracewell LLP attorney Matthew Paulson matthew.paulson@bracewell.com Cheniere Energy senior counsel Michael Weller michael.weller@cheniere.com  Thanks, Chris	06/27/2022

2022-AO-05037	Stanley, Chris	Functional Government Initiative	<p>Please see the attached letter for more details. FGI requests records from May 1, 2022, until the date the agency completes the search, of any communications (emails, calendar items, text messages, and logs from virtual meeting platforms) related to public webinars or other events open to the public, employee-focused events and webinars, statements distributed to employees from agency leadership, or publicly released statements, videos, or social media posts that focused any of the following topics:</p> <ul style="list-style-type: none"> <li>• "Bride Month"</li> <li>• "Gender identity"</li> <li>• "Pronouns"</li> <li>• "LGBT" and other similar abbreviations</li> </ul>	06/27/2022
2022-OCSPP-05029	Stowe, Harold	TSG Consulting	Technology Sciences Group Inc. (TSG) hereby submits this FOIA request to obtain all physically and electronically releasable copies of OSCPP 810.2200 – Germicidal Spray Products as Disinfectants Using Electrostatic Spraying supporting the initial FIFRA Section 3 registration of Envirocleanse A (85134-1), and any subsequent amendments to the subject registration. The subject pesticide products are registered by Envirocleanse LLC (EPA Co. No. 85134). All releasable documents in regard to the below MRID Numbers 51527801 and 51527802 are to be included in this request.	06/27/2022
2022-R07-05067	Spikes, Parker	-	<p>Good Afternoon,</p> <p>I am attempting to update my agencies files on tribal listings of underground storage tanks and leaking underground storage tanks for region 7. In your downloadable file information for Missouri is not available. I would like to request this information, preferably in two separate files, one for UST and one for LUST. 2022-NFO-05030	Schemmel, Lydia	-	Hello, my name is Lydia Schemmel and I live at 208 Clarion Street. We have land near a water pond, not sure the exact name but I own 1/3 of it. Southbend Township has exercised their view to have the right of way easement through their lawyer and I have the letter. Plus my neighbors attained a prescriptive easement. I have paid for a survey and submitted it to Zoning Administrator, George Cleary. I have two no trespassing signs posted at the beginning and at the end of this piece of land by the water. I want to landscape but do not know if I can. The survey was done with easement in mind. The township acknowledges my ownership. I don't know if I can have no trespass signs posted or if I can have the local landscaper make it nice to look at. I would also like to change the sign saying to "The property of Daniel and Lydia Schemmel." I have requested George Cleary to record my survey. I don't know if he will. The township and my neighbor acknowledge my ownership. Also, what are my responsibilities on upkeep because I also own about another 400 ft of shore to the water?	06/27/2022
2022-OCSP-05035	Wright, John	Aceto Life Sciences, LLC	Data Evaluation Reviews (DERs) associated with EPA Reg. No. 33427-14 (formerly 33427-RU) Original Product Chemistry Review – DP 461015 Product Chemistry Review of 75-day letter response – DP 464262 Original Acute Toxicity Review – DP 461016 Acute Toxicity Review of 75-day letter response – DP 464815 Since this is a registratn request, the CDI should not be redacted.	06/27/2022

2022-NFO-05062	Regan, Rebecca	Matrix New World	<p>Provide records for a parcel of land located in a right-of-way adjacent to the Cross Island Parkway at the northeast corner of Waters Edge Dr and 24th Avenue in Queens, NY. This parcel does not have an address or Block and Lot. The property is bordered to the Cross Island Expressway to the east and Waters Edge Drive to the west and 24th Avenue to the south. A location photo is attached. We are interested in the following records: status and description of any reported petroleum spills or tanks, copies of any record of decision regarding investigation of clean-up of site; notification of the lead agency that is primarily responsible for investigating the cleaning up of the site; notification of any legal action involving the site, and detailed reports, monitoring data, regulatory non-compliance documents and/or studies regarding any pollution problems at the site.</p>	06/27/2022
2022-R10-05081	Gebhardt, Christian	AFGE Local 1110	<p>AFGE Local 1110 (Union) requests all remote work applications and approval and denial communications for remote work applicants in U.S. EPA Region 10. The Union understands that this information is organized within an electronic record keeping system, largely administered by Human Resource specialist Heidi Kaplan. The Union requests this information electronically. Thus, the cost of researching and transmitting this electronic information to the Union should be relatively minimal. If the Agency determines that the requested documentation contains PII, the Agency may redact the PII information associated with names of the individual remote work applicants.</p>	06/27/2022
2022-OECA-05082	Clark, Diane	Stepan Co.	<p>We are interested in obtaining copies of the paper version of the 2020 Revised 3540-16 that would have been filed since March, with our Stepan company products unredacted ie. all production data with the 1839- product # (Stepan Company EPA Registration #). Our Licensee - Diamond Chemical Company has been terminated and they have not provided us with this required disclosure although it has been requested. If data was provided electronically only, please provide the production information for the 1839 (Stepan) products only. Non-Stepan products can be redacted from both versions of this document. Thank you! Attached please find a copy of the original 2020 Form 3540-16.</p>	06/28/2022

These assessments were performed with funding issued to the West Central Indiana Economic Development District, Inc. (Cooperative Agreement #BF00E94401). The assessments were completed in 2012. The property has the ACRES ID number 144881.</p>	06/28/2022

2022-R01-05085	Teubner, Colleen	Public Employees for Environmental Responsibility	<p>Dear FOIA Officer:</p> <p>Pursuant to the Freedom of Information Act, 5 U.S.C. 552, as amended, Public Employees for Environmental Responsibility (PEER), requests information from the U.S. EPA regarding the Sakonnet Harbor in Little Compton, Rhode Island.</p> <p>PEER requests the following information:</p> <p>1) <del>All</del> communications and records of correspondence between U.S. EPA and the individuals Louise Durfee and/or Richard Lisle dated between January 1st, 2020 and present, which concern the Sakonnet Point Club, Sakonnet Harbor, and/or RIPDES Permit Number RI0023558</p> <p>Responsive records should include all documents, including but not limited to, electronic messages (including email, texts, chats, and instant messaging via Google, iMessage, WhatsApp, Facebook, Slack, Microsoft Teams, Skype, and any similar services), letters, memos, notes (including handwritten notes), and reports. Please also provide all attachments or linked materials if they are in the agency's possession or control.</p> <p>For electronic records, please provide all records in their native file formats (i.e. not converted to PDF) with all metadata included, and for records such as emails which have files embedded or attached, please provide all attachments in their native formats. For instant messages, plain text is acceptable consistent with guidance issued by the National Archives and Records Administration.</p> <p>For any documents or portions of documents that you block release due to specific exemption(s) from the requirements of the Freedom of Information Act, please provide an index itemizing and describing the documents or portions of documents withheld. The index should, pursuant to the holding of Vaughn v. Rosen (484 F.2d 820 [D.C. Cir. 1973] cert. denied, 415 U.S. 977 [1974]), provide a detailed justification for claiming a particular exemption that explains why each such exemption applies to the document or portion of a document withheld.</p> <p>Custodians of the requested records are employees assigned to EPA's Region 1 office, specifically the Water Division and Enforcement and Compliance Assurance Division.</p> <p>Because PEER cannot know with precision which individual custodians would maintain such records, it has specified the region and divisions applicable such that the agency has reason to know which places may contain responsive documents.</p>	06/28/2022
2022-NFO-05100	Lennon, Diana	Verdantas	<p>We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at an unnumbered address known as Block 2 Lot 56 in Clarkson, Rockland County, NY. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.</p>	06/28/2022

			National FOIA Office U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2310A) Washington, DC 20460		
			Re: Freedom of Information Act Request		
			Dear Sir or Madam:		
			Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. 552, I am requesting copies of and/or access to records held by the U.S. Environmental Protection Agency (USEPA).		
			Specifically, I am requesting the release of supporting documentation associated with the attached July 1979 final report prepared by the Midwest Research Institute under Contract No. 68-01-4121 for the USEPA Office of Toxic Substances entitled "An Assessment of the Need for Limitations on Trichloroethylene, Methyl Chloroform, and Perchloroethylene" (Attachment A).		
			I am specifically interested in supporting documentation compiled to create the report's Appendix B: Results of the Written Questionnaire, for which six manufacturers of trichloroethylene and methyl chloroform provided written responses. As the report states on page 628 of the pdf, PPG Industries, Inc. provided responses to Midwest Research Institute's questionnaire.		
			If fulfilling this request is not possible, we request information as to why, as we understand that these records are publicly accessible under statutory regulations. History Associates agrees to pay all reasonable and standard processing fees authorized by 5 U.S.C. 552(a)(4)(A) and the applicable regulations up to \$250. Should the fees exceed this amount, please call me with an estimate of the total costs in order that specific expenditures beyond \$250 can be authorized.		
			Should you have any questions or concerns regarding this request, please contact me at (301) 279-9697 or via email at ckim@historyassociates.com.		
			Sincerely, Colleen Kim

2022-NFO-05137	Crampton, Sarah	Apex Companies LLC	<p>Apex Companies, LLC is evaluating all units at the property located at 300 West Sunrise Highway Section 39 Block 560 Lot 68, Valley Stream, NY 11581 for an Environmental Site Assessment. We kindly ask your office to provide any information regarding underground or above ground storage tanks, spills, septic tanks or drinking water wells, code compliance, calls for emergency response, or any other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information, but you know where it can be found. Please reference the Site Name "Valley Stream" in all correspondence regarding this project. Please feel free to email or reach me at any of the numbers below should you have any questions or comments.</p>	06/30/2022
2022-OCSP-05151	Post, Gloria	New Jersey Dept. of Environmental Protection	<p>I request any information submitted to USEPA under the Toxic Substances Control Act for chemicals with the CAS Registry Number 69991-62-4.</p>	06/30/2022

2022-NFO-05156	Davis, Caroline	-	<p>WSP USA would like to review any available information regarding air emissions, ground water quality, solid and hazardous wastes, spills or releases, aboveground and/or underground storage tanks, records of environmental permits, complaints, violations, or incident reports for the following property:</p> <p>19406-9500 Guy R Brewer Blvd Jamaica, NY 11433</p> <p>Also known as: Block 10160, Lot 1, 10159, Lot 3. Corresponding addresses: 164-02 – 164-26 Liberty Avenue, Queens, NY 11433; 103-02 – 103-22 165th Street, Queens, NY 11433; 163-02 – 163-28 Liberty Avenue, Queens, NY 11433; 103-26 – 103-50 164th Street, Queens, NY 11433; 163-03 – 163-29 South Road, Queens, NY 11433; and 105-09 – 105-57 New York Avenue, Queens, NY 11433</p> <p>Please email the following records if possible. Please advise me of the appropriate time during normal business hours for inspecting the following records prior to obtaining. If all of the requested records cannot be emailed to me, please inform me by email of the portions that can be emailed and advise me of the cost for reproducing the remainder of the records requested. If the requested records cannot be emailed to me due to the volume of records identified in response to my request, please advise me of the actual cost of copying all records onto a CD or floppy disk.</p> <p>If my request is too broad or does not reasonably describe the records, please contact me via email so that I may clarify my request, and when appropriate inform me of the manner in which records are filed, retrieved or generated. If it is necessary to modify my request, and an email response is preferred. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing and provide the name, address and email address of the person or body to whom an appeal should be directed.</p> <p>We will reimburse the Department for copying. Certified copies are not requested. Thank you in advance for your assistance.</p>	06/30/2022
2022-NFO-05157	Clark, Audrey	Roux	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APN: 2146-008-022. The Site is located at 5633 and 5645 Topanga Canyon Blvd, Woodland Hills (Los Angeles), CA 91367. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	06/30/2022
2022-R04-05153	Mehta, Divya	-	I would like to review records pertaining to aboveground storage tanks, underground storage tanks, hazardous material storage, releases/spills, or remediation reported for the TRW INC/ROSS GEAR DIV (EPA ID: TND000830844) property at 1103 West Baddour Parkway in Lebanon, Tennessee. We would like to review available records through 2008.	06/30/2022
2022-R02-05130	Lanciotti, Patrick	Napoli Shkolnik PLLC	FOIA request for information pertaining to the Nepera Plant. Please see attached for additional information.	06/30/2022
2022-R02-05141	Díaz, Lilliam	Movimiento Ciudadano Pro-Cierre Vertedero de Arecibo	The semi-annual operations reports of Landfill Technologies Arecibo that must be submitted to the Environmental Protection Agency since 2014 are of our community interest. Where can we obtain the reports?	06/30/2022
2022-R03-05142	Marshall, Jeffrey	County of Greene	That the case is being managed by ECAD-RCB-RSET, to be sure that it is quickly routed in the right direction.	06/30/2022
2022-R04-05129	Furman, Melanie	Partner Engineering and Science	Any and all emails or communications between Stephanie Branche Environmental Education/Justice Liaison, The Office of Communities, Tribes, and Environmental Assessments (OCTA) EPA Region 3 and the County of Greene. Period of the record search can be limited to January 1, 2020 to current.	06/30/2022
2022-R05-05135	Titus, Kevin	Litchfield Cavo LLP	Good Morning, I am conducting a Phase I ESA in South Florida and am requesting any available records for the property regarding the CERCLIS/SEMS listings, and groundwater/soil contamination if applicable. From the state records I'm able to review on our state database it appears the facility was granted a No Further Action (NFA) on July 2, 2007 for a discharge in 1998. I'd like to confirm whether or not there are any outstanding environmental issues on this property. The address is as follows: 1441 Southwest 32nd Avenue, Pompano Beach, Florida 33069. If relevant records exist, please advise and email copies of available documents. Thank you! Melanie Furman, Partner ESI	06/30/2022
2022-R05-05144	Mauck, Branson	Arcadis U.S., Inc.	Records pertaining to 1992 visual site inspection at Anaconda-Ericson, Inc. facility, ILD 062 406 608. The notice was sent to Robert Boey, President of American Bare Conductor, Inc. in Sycamore, Illinois on March 30, 1992.	06/30/2022
2022-R05-05134	Senkewitz, Shelby	Envirologic Technologies, Inc.	Requesting a summary of any reported releases to surface waters in Will County, IL between May 1, 2022, and June 30, 2022.	06/30/2022

2022-OW-05227	Malat, Brian	-	<p>To Whom It May Concern:</p> <p>I write on behalf of 3M Company ("3M") to request information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations, 40 C.F.R. Part 2, from the United States ("U.S.") Environmental Protection Agency ("EPA"). As described in further detail below, I respectfully request copies of agency records relating to EPA's reliance on benchmark dose ("BMD") modeling from the article entitled "Application of benchmark analysis for mixed contaminant exposures: Mutual adjustment of perfluoroalkylate substances associated with immunotoxicity" authored by Esben Budtz-Jorgensen and Philippe Grandjean ("Budtz-Jorgensen and Grandjean 2018"). I understand that EPA considered and relied upon Budtz-Jorgensen and Grandjean 2018 in the development of draft Maximum Contaminant Level Goal ("MCLG") documents for perfluorooctanoic acid ("PFOA") and Perfluorooctanesulfonic acid ("PFOS"), Drinking Water Health Advisories for PFOA, PFOS, hexafluoropropylene oxide dimer acid ("GenX"), and perfluorobutanesulfonic acid ("PFBS") announced on June 15, 2022, and other agency actions including emergency orders. Specifically, I request the following agency records:</p> <ol style="list-style-type: none"> <li>1. <del>A</del> modeling details, modeling output, and underlying data provided to EPA relating to Budtz-Jorgensen and Grandjean 2018, including all records relating to BMD modeling.</li> <li>2. <del>A</del>y supplemental or background documents and information provided to EPA by the authors of Budtz-Jorgensen and Grandjean 2018.</li> <li>3. <del>A</del>y records, details, summaries or conclusions related to EPA's review of Budtz-Jorgensen and Grandjean 2018 or to EPA's consideration or use of BMD modeling.</li> </ol> <p>For purposes of this request, "agency records" shall be given the broadest construction possible under FOIA and 40 C.F.R. Part 2, and shall be read to include, but not be limited to, electronically stored information, spreadsheets, memoranda, and emails. This request is not meant to be exclusive of any other records which, though not specifically requested, would have a reasonable relationship to the subject matter of this request.</p> <p>I am willing to pay reasonable fees up to \$500 without prior notice. If fees are estimated to exceed this amount, please notify me first.</p> <p>Should you decide to withhold any documents because you believe they are exempt from disclosure, please set forth, in detail, the reasons you are claiming the exemption, a description of the documents being withheld, and a description of those documents' content, as well as all appeals procedures available under law.</p> <p>If possible, please provide the information requested in electronic format, either to the email address indicated below or on a portable media device.</p> <p>If you have any questions regarding this request, please contact me immediately at the email address or telephone number listed below. Thank you for your assistance in supplying this information. I look forward to your timely reply.</p>	07/05/2022
2022-NFO-05201	Flynn, Eamon	PES Associates Inc.	<p>PES Associates, Inc. 2022-OECA-05228	blau, patrick	-	TSCA FOIA	07/05/2022
<p>1. Records related to or associated with any submittals made by Moses Lake Industries (MLI) in 2022 via CDX under EPA's Audit Policy related to discovery by MLI of past violations of requirements of the TSCA program. Without limitation, this request seeks documents regarding the import of chemicals that are not on EPA's current TSCA list and which were imported (and then used and distributed in commerce) without the benefit of a Low Volume Exemption (LVE). For context, there should be two chemicals that are known internally by MLI as SG-01 and SG-02, but which will have separate CAS numbers that were used in the CDX audit program submittal.</p> <p>2. All communications from January 1, 2022 to the present day between EPA, the Washington State Department of Ecology, MLI (or MLI lawyers or agents), related to TSCA compliance by Moses Lake Industries.</p> <p>3. All 2022 communications related to the assessment of compliance related to TSCA by Moses Lake Industries from January 1, 2022, to the present day.</p> <p>4. All EPA policies, practices, and/or procedures that relate to or are associated with how the EPA would deal with an inaccurate or knowingly false submittal under the CDX Audit Program.</p> <p>5. All EPA policies, practices, and/or procedures that relate to or are associated with how the EPA would deal with the situation under TSCA if a company were to discover a past multi-year history of improperly importing non-TSCA listed chemicals that were utilized to manufacture/formulation of multiple products.</p>

 Britt Fleming of Van Ness Feldman ☐  
 Marnie Funk (please search for the email "Marnie.Funk@shell.com") ☐  
 Michael J Bradley (Please search for the email "mbradley@mjb Bradley.com") ☐

I am seeking a list and details of all oil and gas wells in the United States.

I am seeking details such as API #, Well Type, Well Status, Well Location, and any other relevant fields available.

If possible, can I please receive this in electronic format?

I am seeking data for all of the United States. I am seeking a list of all Oil or Gas and Oil & Gas Wells in the United States. I understand there a national well inventory for water wells but I do not see information on Oil and Gas wells.

If the EPA is not the holder of this information, can you please advise where you think I can locate this information?

2022-NFO-05255	Cronin, Jennifer	BBJ Group	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following location:</p> <p>The location does not have an address, it is located in naples, florida the lat/long is 26°13'52.7"N 81°30'30.1"W, and the parcel number is 40752480006. I have also attached a location map with the property outlined in red.</p>	07/06/2022
2022-OECA-05235	Hoff, Maleah	-	<p>See attached. Any responsive documents relating to this case. Thank you</p>	07/06/2022
2022-OECA-05240	Holst, Taylor	-	<p>Archer Daniels Midland Company Taylor Holst 1216 King Street, #300 Alexandria, VA 22314</p> <p>July 6, 2022</p> <p>Dear Public Records Officer,</p> <p>In accordance with the Freedom of Information Act, I am writing to request the following records:</p> <ul style="list-style-type: none"> <li>• All email communications, including attachments, between the following Environmental Protection Agency officials and Senator Marco Rubio or any member of Rubio's staff. This includes – but is not limited to – any individuals using the email domain @rubio.senate.gov:</li> </ul> <ul style="list-style-type: none"> <li>o Fuel Teams Leader and/or Attorney-Adviser Jeffrey A. Kodish</li> <li>o Environmental Protection Specialist John Connell</li> <li>o Administrator Andrew Wheeler</li> <li>o Assistant Administrator Susan Bodine</li> <li>o Director Rosemarie A. Kelley</li> <li>o Acting Director Evan Belser</li> <li>o <input type="checkbox"/></li> </ul> <p>My request extends from January 1, 2020 through December 31, 2020.</p> <p>I understand that there might be costs associated with this request. I am willing to pay up to \$50 for your office to fulfill this request in full. If the cost of fulfilling this request in full will exceed that amount, I request that you provide me with a written cost estimate prior to incurring any costs.</p> <p>My preferred reproduction format is an electronic file e-mailed to (b) (6) If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are feasible, I request that you mail paper copies of the records to me at the address provided above.</p> <p>I would appreciate your communicating with me by e-mail at (b) (6) or by phone (b) (6) rather than by mail, if you have questions regarding this request.</p> <p>If only portions of a record are exempt from the Freedom of Information Act, I ask that you release the entire document with any necessary redactions. If all or any part of this request is denied or redacted, please cite the specific exemption which you believe justifies your redactions or refusal to release the information and inform me of your agency's administrative appeal procedures available to me under the law. If your agency does not possess records for all of the dates I have requested, please cite your agency's retention schedule to justify any record destruction and please provide me with any records that you do have.</p>	07/06/2022

2022-R02-05269	Leonard, Amy	Unicorn Management Consultants, LLC	Request for information related to the Lehigh Valley Railroad Derailment Superfund Site, Town of LeRoy, Genesee County, New York, CERCLA-02-2006-2006, specifically any information including but not limited to emails, letters, memorandums, reports, etc., from 1995 - 2002, used to prepare and respond to the following documents: (1) July 27, 1999, letter correspondence from Jeanne M. Fox (Regional Administrator) to Michael J. O'Toole, Jr., P.E., regarding EPA's concurrence with select components of New York State Department of Environmental Conservation's (NYSDEC's) March 1997 Record of Decision (ROD); and, (2) May 15, 2002, letter correspondence from Richard L. Caspe, P.E. (Director Emergency and Remedial Response Division) to Jane M. Kenny (Regional Administrator), regarding comments/issues regarding the March 1997 ROD issued by NYSDEC.	07/07/2022

2022-R04-05267	Biggs, Stephanie	Southern Environmental Law Center	<p>Under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, as amended, the Southern Environmental Law Center ("SELC") requests access to certain documents created, received, or reviewed by the U.S. Environmental Protection Agency ("EPA") related to the Mid Valley Pipeline—an approximately 1,000-mile pipeline originating in Texas and ending in Michigan—which recently ruptured in Chester County, Tennessee and released approximately 201,600 gallons of crude oil into the surrounding area, including Horse Creek.<sup>1</sup> Specifically, we request copies (electronic, if possible) of the following documents that were created, received, or reviewed by EPA from June 29, 2022 to the date of search for records responsive to this request:</p> <ol style="list-style-type: none"> <li>1. All photographs, videos, maps and visual depictions related to the rupture of the Mid Valley Pipeline and resultant spill in Chester County, Tennessee.</li> <li>2. All documents related to the rupture of the Mid Valley Pipeline and resultant spill in Chester County, Tennessee.</li> <li>3. All documents related to any investigation into the rupture of the Mid Valley Pipeline in Chester County, Tennessee, including any potential, proposed, or identified causes of the rupture.</li> <li>4. All documents related to any corrective actions which have been proposed, identified, and/or implemented to address the rupture of the Mid Valley Pipeline and resultant spill in Chester County, Tennessee.</li> <li>5. All documents related to potential, proposed, and/or implemented cleanup efforts of the Mid Valley Pipeline rupture, including any analysis, data, or photographs related to these efforts as well as potential or identified short, medium, and long-term effects the event may or will have on the surrounding environment.</li> <li>6. All correspondence between EPA and any of the following entities, their subsidiaries, parent corporations, officers, employees, officials, or agents regarding the Mid Valley Pipeline and its rupture and resultant spill in Chester County, Tennessee, including any subsequent investigations, corrective actions, and clean-up efforts related to this event: <ol style="list-style-type: none"> <li>a. Pipeline and Hazardous Materials Safety Administration;</li> <li>b. U.S. Chemical Safety and Hazard Investigation Board;</li> <li>c. Tennessee Department of Environment and Conservation;</li> <li>d. Energy Transfer Partners;</li> <li>e. Mid-Valley Pipeline Company;</li> <li>f. Sunoco Logistics Partners L.P.</li> </ol> </li> </ol>	07/07/2022

2022-OCSP-05299	Crofton, Kevin	-	<p>This request is made on behalf of myself under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.</p> <p>I am currently a developmental neurotoxicologist and private citizen working on a project that aims to support the transition from animal-based testing to the use of alternative non-animal testing methods for assessing the potential developmental neurotoxicity hazards of chemicals. I have conducted research developmental neurotoxicity research for more than 40 years. My publication record includes more than 150 peer-reviewed journal articles, book chapters, and government reports (e.g., ORCID ID: 0000-0003-1749-9971). The overall goals of this project are to: 1) facilitate the development of non-animal alternative models for development neurotoxicity by informing the comparison to in vivo results from regulatory driven testing; and 2) make the data and findings publicly available by publication in a peer reviewed journal or other publicly accessible format. I note that this goal is in line with the previous Administrator Andrew Wheeler's statement on 09/10/2019 to reduce animal testing by 30% in 2025.</p> <p>For the chemicals listed in the attached, I provide a chemical name, PC Code, the study MRID and title, and evidence from public sources that the study has been reviewed.</p> <p>1. Please search your records for any available DNT or Extended One Gen studies for these chemicals and release DERs, and any supplemental DERs, for these studies.</p> <p>2. If the study has been submitted to EPA and not reviewed, please provide an explanation for the lack of review (e.g., registration withdrawn/cancelled, review not yet finished)</p>	07/08/2022
2022-R04-05295	Cronin, Jennifer	BBJ Group	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following location:</p> <p>The location is located in Naples, Florida and does not have an address, the lat/long is 26°11'01.0"N 81°30'19.0"W, and the parcel numbers associated with the property are 00355840203, 00355560004, and 00355360000. I have also attached a location map.</p>	07/08/2022
2022-OECA-05283	Hamisheh Bahar, Hosein	York University	<p>Dear Sir/Madam,</p> <p>Previously, I requested to receive the linkage between CAA violations and their corresponding enforcement actions. My previous FOIA request (i.e., EPA-2022-002155) contains that information from 2000 onwards. Hereby, I want to request an extension in the sample period. Particularly, I will appreciate it if you can let me access the same information during 1995-2000. This data is used for academic research at York University.</p> <p>Best regards,</p>	07/08/2022

So we are trying to make sure there are no problems with the property(contamination.)	07/08/2022
2022-R01-05288	Evans, Justin	HRP Associates	Details for a specific facility's EPA Risk Management Plan (RMP) - information submitted to CDX, including: most recent submission date, program level, and any other available information. The EPA RMP ID for the facility is 100000130976. The name of the site is BIC CONSUMER PRODUCTS MANUFACTURING CO., INC. and the address is 500 Bic Drive, Milford, CT 06461.	07/08/2022
2022-R05-05294	Giles, Andrea	Giles Environmental	I am requesting information regarding any closure documentation and processes, and/or official closure letters for EPA ID OHD980609994, Site ID 504617, Site Name Summit National for addresses 8186 US RT 224, Deerfield, OH 44411 and/or 1240 Alliance Road, Deerfield Township, OH 44411, to complete the due diligence for a Phase I Environmental Site Assessment.	07/08/2022
2022-OW-05284	Patton, Patrick	B3	•Class VI Injection Well Application Materials oAll application material available for Class VI injection well applications in the states of Texas, New Mexico, Louisiana, Ohio, and Illinois. oRequesting all submitted information available for all application statues (Pending, Active, Application Withdrawn, etc.)	07/08/2022

2022-R06-05296	Waldron, Lucas	ProPublica	<p>Please provide a cross walk (or any other form of machine readable document) linking the wells listed in Table 6 of the 2009 Health and Human Services ATSDR health consultation to known well IDs. (<a href="https://www.atsdr.cdc.gov/hac/pha/homestake/homestakemcojun091.pdf">https://www.atsdr.cdc.gov/hac/pha/homestake/homestakemcojun091.pdf</a>). The specific table is attached to this request. The ATSDR attributes the source of the table to EPA: "ATSDR reviewed the historical database compiled by Homestake and provided by USEPA, which contained samples dating back to 1975 for some of the wells (USEPA 2005)." The scope of this request is limited to the known well IDs for the 58 wells listed in this table.</p> <p>A portion of this request was previously submitted in March 2022 (# EPA-R6-2022-003293). The request was closed administratively because I did not respond to the agency's request for clarification. I was on medical leave at the time and did not see the request for clarification.</p> <p>This is the request for clarification that I received:  The Superfund and Emergency Management Division is in need of the following clarification:  Are you seeking publicly available information only, or is a denial log of withheld information needed?  If any Proprietary Business Information (PBI) is located, do you wish to pursue the substantiation process? The process can take up to one year to complete, and the cost is incurred by you at a minimum fee of \$1,000, which is separate from the costs associated with your FOIA request. You may receive an index of records withheld for PBI at no additional cost and opt to substantiate the information at a later date, should you determine you would like access to the information.</p> <p>This is my response to that request for clarification:</p> <p>I am seeking publicly available information only.  I do not wish to pursue a substantiation process for Proprietary Business Information at this time. However, I would like to receive an index of records withheld for PBI to determine if I may want to pursue substantiation at a later date.</p>	07/08/2022
2022-OCSP-05313	Parekh, Jaimini	Earthjustice	<p>I applied for a chemist position with EPA on December 31, 2021. Since the hiring process is now complete, I request a copy of my agency's comments (supervisory, chain of command, human resources or other comments made by US Army, DEVCOM CBC in regard to the below applied position:</p> <p>Vacancy Announcement: RTP-MC-ODH-2022-0001  Position Title: Chemist  Series: 1320  Grade: 12, 13  Location(s): Fort Meade, MD, US</p> <p>Thank you very much.</p> <p>Respectfully,  Jacquelyn V. Harris</p>	07/08/2022

2022-NFO-05348	Sherk, James	America First Policy Institute	Here is some clarification. I would like this search performed on (1) the three most senior career (e.g. non-political) employees every EPA Office and Region, along with every EPA SES employee not captured in (1) who reports to work in the National Capital Region.  I would further like to expand the time frame to 10/1/2020 to 1/31/2021, and add the search term "resistance" to "Trump" "Biden" and "Election."  This request excludes "all staff" "all office" or "all region" mass e-mails, and also excludes cases when the search terms are included only in a news article or news clipping but are not otherwise used by EPA employees.	07/11/2022
2022-OMS-05357	Anic, Monika	FD Stonewater	I would like to submit a request for an inventory of all active leases completed under Environmental Protection Agency independent leasing authority. Specific information that I am looking for is: tenant agency, rent per square foot, annual rent, lessor name, square footage occupied, Lease commencement/expiration, and address. Please provide the document in excel spreadsheets.	07/11/2022
2022-R01-05344	Linder, Danielle	American Stormwater Institute	Hope all is well. This is a public records request for the contact names and email addresses for all municipalities with Massachusetts for Construction and Industrial stormwater general permit permittees in excel format. Thank you, hope to hear from you soon and have a great day!	07/11/2022

2022-R05-05345	Newman, Justin	AltmanNewman	<p>To whom it may concern:</p> <p>I write to request the records relating to the R+L Diesel spill in Wilmington, Ohio in March 2022 and thereafter. I am a partner with the law firm of AltmanNewman Co., LPA.</p> <p>This site is identified with NRC#: 1330341. By way of background, on March 5, 2022, U.S. EPA was notified that 80,000 gallons of diesel oil was released into Dutch Creek in Wilmington, Ohio from a 1-million-gallon storage tank owned by R+L Carriers.</p> <p>The release affected Dutch Creek between the spill location and at least 4 miles downstream.</p> <p>I am particularly interested in information and records regarding the cause of the diesel release (failure of the tank), any facts relating to the absence or bypassing of containment, and any inspections of the diesel tank from March 2018 through present.</p> <p>Furthermore, I request records relating to the testing and sampling of Dutch Creek and other affected tributaries, creeks and surface water bodies; cleanup, excavation, and testing of soil and groundwater (including soil located on site between the tank and Dutch Creek and soil along the length of Dutch Creek), and memoranda or other records of investigations by Ohio EPA personnel, including the Ohio EPA Director, and USEPA in response to the diesel release. Finally, I ask for reports concerning the impact and short and long term remedies for and response to the diesel release.</p> <p>Many of these records should be readily accessible, so I would ask that they be expedited if possible. If you have any questions or need additional clarification, please let me know. If possible, I would ask that the documents be sent by electronic file transfer, as is customary practice at EPA. If any records are withheld, please identify them and any basis for withholding.</p> <p>Best regards, Justin</p>	07/11/2022
2022-R06-05350	Hudman, Kenny	Reed Engineering	<p>Reed Engineering Group is conducting a Phase 1 environmental site assessment for a property in Fort Worth that adjoins 5555 N. Beach Street, Fort Worth, Texas, 76137. Our database search yielded that the aforementioned property appears in the Toxic Release Inventory Program with program FD #: 76137MTRLN5555N. The information provided in the TRI facility report reveals multiple releases of Trichloroethane and Freon that occurred over the course of 4 years.</p> <p>We at Reed are requesting the forms R and A that were filed for these chemical releases. In addition, we are requesting any pertinent information on these releases that would help identify where in the facility these releases occurred, and the potential horizontal extent of these releases, as well as if these releases impacted the local groundwater in any way.</p> <p>Thank you very much for your assistance. -Kenny Hudman, Environmental Scientist</p>	07/11/2022
2022-R04-05327	Wu, Kang	-	<p>Could you please check if you have any records or documents regarding the following superfund site in Savannah, Georgia?</p> <p>Name: Kidney Clinic HQ EPA ID: GAN000410223 Address: 500 E 66th Street, Savannah, Chatham County, Georgia</p> <p>Based on the EDR radius map, this site is not on the National Priority list and the Non NPL status is removal only site (No site assessment work needed).</p> <p>Please feel free to contact me if you have any questions. My email is kwu@terracon.com. Thanks!</p>	07/11/2022

National FOIA Office  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW (2310A)  
Washington, DC 20460

Dear EPA FOIA Coordinator:

This is a request under the Freedom of Information Act. I hereby request the following records:

Please provide copies of any, and all FCC information regarding the use and amount of Radio Frequency and / or Microwave Radiation in the Princess Anne, MD area for Zone 2 and a map and graph showing the ranges of frequency with the GigaHertz listed per location in zone 2; specifically, 30031 Deanwood Rd. Princess Anne, MD 21853.

Currently, the requested documents will be used for personal use, but may be made available to the general public in the future

In order to determine my status to assess fees, you should know that I am an individual seeking information for personal use. Additionally, I will be thankful if you would inform me of the total charges in advance by explaining the charges and the reason for the charges via email.

The maximum dollar amount I am willing to pay for this request is \$0. Please notify me if the fees will exceed \$0 or the maximum dollar amount I entered.

It will be a pleasure to pay for these charges electronically through the use a secure payment site.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

LaAsia Cesar

07/12/2022

Hello:

This is a request under the Freedom of Information Act.

Please provide all records cross-referencing or pertaining to property located at 5998 E 3000 S Fort Duchesne, Utah, 84026. Please include in your search all site visits, complaints lodged, and any and all references to 5998 E 3000 S Fort Duchesne, Utah, 84026. Please search for records from 1980 to present.

If fees are deemed applicable, please notify me of estimated costs prior to processing.

I prefer the requested file(s) be delivered in pdf by email but I agree to other delivery means if considered more practical or efficient.

Thank you for your attention to my request.

Sincerely,

Jack Brewer

ERIS

Good Afternoon! I would like to request an updated list of NPL PFAS Sites (specific only to NPL sites and related SAA sites with PFOA/PFAS contamination for all EPA regions) in Excel format. I was last provided an Excel spreadsheet with NPL PFAS Sites in April of this year by Mr. David Reynolds (in the EPA's Office of Land and Emergency Management, Office Of Superfund Remediation and Technology Innovation) for FOIA EPA-2022-003481. Please include the same fields as previously received which were the following: Region, EPA ID, Site Name, NPL Status Code, SAA (entry as Y or N), FF (entry as Y or N), Street Address, City, State, Zip Code, County, Latitude Decimal Value, Longitude Decimal Value, Primary (entry as Y or N), SPP Link. That April 2022 FOIA received File is attached for reference. Thank you very much for you time and assistance with my request! Have a nice day!

2022-R04-05393	Mueller, Nick	SCS Engineers	Any files related to the Three Lakes Dump off Three Lakes Road in North Charleston, South Carolina 39418. EPA ID SCD987566049 and 110002197079	07/13/2022
2022-R07-05409	Schaldenbrand, Anna	Glen J. Dunn & Associates	We request all records and complaints of WM - Johnson County Landfill regarding blasting, shaking, tremors, noise, smell/odor, pollution, and dust from 01/01/2015 to present. The address of the landfill is 17955 Holliday Dr, Shawnee, KS 66217.	07/13/2022

2022-R08-05403    Lawson, Scott

Paralegal Consulting  
Services

07/13/2022

I respectfully request that the U.S. Environmental Protection Agency (EPA) produce a copy of all of the following records (in electronic format, or print versions if electronic versions are not available):

Any and all documents, including emails, reports, memoranda, investigative reports or other public records related to US Magnesium LLC, situated at 238 North 2200 West, Salt Lake City, Utah 84116-2921, regarding the disposal of dioxins, chlorine gas, and any other toxic compounds that were found or could have been found in watershed, aquifers, water supply, atmosphere, or any other location especially if such contamination caused or could have caused health issues or other concerns for humans, livestock, and/or agriculture.

I believe that the documents sought are publicly available, of great public interest, and not exempt from required disclosure under FOIA. This request is made with the understanding that it will be forwarded to any other offices that may be in possession of the requested documents.

In addition, given that disclosure of these records would be in the public interest, even if you determine that certain of the documents sought are exempt under FOIA, I request that you disclose these documents as a matter of agency discretion.

If you deny any part of this request, please cite each specific reason that you believe justifies your refusal to release the information, together with a synopsis of the records withheld. In the case of deletions, please state a reason for each partial denial of access. To expedite this request, I would be willing to discuss specific instances of deletion or other exemption claims in advance of a final decision by the agency.

Request for a Fee Waiver:

I am willing to pay a fee up to \$100. Any and all fees exceeding this are likely to fall under the request for a fee waiver under all the circumstances.

Under FOIA, agencies must waive such fees where disclosure is likely to contribute significantly to public understanding of the operations and activities of the government and disclosure is not primarily in the commercial interest of the requester. 5 U.S.C. § 552(a)(4)(A)(iii). EPA has incorporated this requirement in its regulations for responding to FOIA requests. 40 C.F.R. § 2.107. Under the criteria set forth in the EPA regulations, such a waiver is appropriate here and permitted hereunder "Whether the subject of the requested records concerns 'the operations or activities of the government.'" 40 C.F.R. § 2.107(k)(2)(i).

Please send all the requested materials to my attention, at the address provided above, within 20 days, and produce all records currently existing in electronic format on a CD, pursuant to 5 U.S.C. § 552(a)(3)(B). Please contact me at (b) (6) or FOIA@paralegalconsulting.net if you have any questions about this request.

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C § 552, as amended, and its implementing regulations, I hereby make this request for production of records pertaining to Dow Magnesium, a subsidiary company of Dow Chemical Company. This request describes: (1) the records sought, and (2) request for a fee waiver for production of these records.

**Request for Materials**

I respectfully request that the U.S. Environmental Protection Agency (EPA) produce a copy of all of the following records (in electronic format, or print versions if electronic versions are not available):

Any and all documents, including emails, reports, memoranda, investigative reports or other public records related to Dow Magnesium, a subsidiary company of Dow Chemical Company, situated at 2030 Dow Center, Midland, MI 48674, United States, and exited its Magnesium business in 1998, regarding the disposal of dioxins, chlorine gas, and any other toxic compounds that were found or could have been found in watershed, aquifers, water supply, atmosphere, or any other location especially if such contamination caused or could have caused health issues or other concerns for humans, livestock, and/or agriculture.

I believe that the documents sought are publicly available, of great public interest, and not exempt from required disclosure under FOIA. This request is made with the understanding that it will be forwarded to any other offices that may be in possession of the requested documents.

In addition, given that disclosure of these records would be in the public interest, even if you determine that certain of the documents sought are exempt under FOIA, I request that you disclose these documents as a matter of agency discretion.

If you deny any part of this request, please cite each specific reason that you believe justifies your refusal to release the information, together with a synopsis of the records withheld. In the case of deletions, please state a reason for each partial denial of access. To expedite this request, I would be willing to discuss specific instances of deletion or other exemption claims in advance of a final decision by the agency.

**Request for a Fee Waiver**

I am willing to pay a fee up to \$100. Any and all fees exceeding this are likely to fall under the request for a fee waiver under all the circumstances.

Under FOIA, agencies must waive such fees where disclosure is likely to contribute significantly to public understanding of the operations and activities of the government and disclosure is not primarily in the commercial interest of the requester. 5 U.S.C. § 552(a)(4)(A)(iii). EPA has incorporated this requirement in its regulations for responding to FOIA requests. 40 C.F.R. § 2.107. Under the criteria set forth in the EPA regulations, such a waiver is appropriate here and permitted hereunder "Whether the subject of the requested records concerns 'the operations or activities of the government.'" 40 C.F.R. § 2.107(k)(2)(i).

Please send all the requested materials to my attention, at the address provided above, within 20 days, and produce all records currently existing in electronic format on a CD, pursuant to 5 U.S.C. § 552(a)(3)(B). Please contact me at (b) (6) or FOIA@paralegalconsulting.net if you have any questions about this request.

Sincerely,  
Scott Lawson

2022-OCSP-05416	Cox, Calvin	EssickAir Products, INC	<p>I am a process engineer with EssickAir in Little Rock, AR. We provide a bacteriostatic product currently registered with EPA under EPA #81371-1 (EPA Est. No. 8250-AR-1). The current signal word for this product is DANGER. We would like to determine if we can adjust one or more active ingredients that would permit using the signal word CAUTION.</p> <p>To accomplish this I will need a copy of the CSF (Confidential Statement of Formula) for this product. I have not been able to locate a copy of the formula in our files. Please advise if you need more information from me to support this request.</p>	07/14/2022

To Whom It May Concern:

This letter constitutes a request under the federal Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"), and is submitted on behalf of the Reporters Committee for Freedom of the Press ("Reporters Committee" or "RCFP") to the U.S. Environmental Protection Agency ("EPA"). The Reporters Committee is a nonprofit association dedicated to protecting First Amendment freedoms and the newsgathering rights of journalists.

#### I. Requested Documents

Pursuant to the FOIA, I, on behalf of the Reporters Committee, request access to and copies of EPA's FOIA handbooks, operating manuals, standard operating procedures, and all other records concerning its procedures and guidance for processing of FOIA requests. Such records could be referred to as any of the following (and to the extent they exist, the Reporters Committee specifically requests them):

- FOIA handbook
- FOIA policy
- FOIA procedure
- FOIA reference guide
- FOIA SOP
- FOIA standard operating procedure
- FOIA toolkit
- Freedom of Information Act handbook
- Freedom of Information Act Procedures
- Information guide
- Procedures for Handling Requests under the Freedom of Information Act and the Privacy Act
- Public information handbook

Please note that if there are multiple versions of a record (e.g., a FOIA handbook that has been updated over time, the Reporters Committee seeks only the latest in time version. Please also note that the Reporters Committee does not seek copies of your agency's FOIA regulations.

Please provide the requested records in digital format via email to [amarshall@rcfp.org](mailto:amarshall@rcfp.org).

#### II. Fees and fee categorization

As a representative of the news media, the Reporters Committee is only required to pay for the direct cost of duplication after the first 100 pages. 5 U.S.C. §552(a)(4)(A)(iii)(II). This information is being sought on behalf of the Reporters Committee for inter alia, analysis and free dissemination to the public through multiple avenues, including RCFP's website,<sup>3</sup> social media accounts,<sup>4</sup> and email newsletter.<sup>5</sup>

If there are duplication fees for responding to this request, the Reporters Committee is willing to pay up to \$50. Please let me know in advance if fees for responding to this request will exceed that amount before proceeding.

#### III. Conclusion

If this request is denied in whole or part, please justify all such denials by reference to specific exemptions and explain why the EPA "reasonably foresees that disclosure would harm and interest" protected by that exemption or why "disclosure is prohibited by law[.]" 5 U.S.C. §552(a)(8). Please also ensure

Dear Sir or Madam:

07/14/2022

This is a request under the Freedom of Information Act. This request concerns the chemical commonly known as trichloroethylene and often abbreviated as "TCE."

Request No. 1: This request is limited by the following parameters: a) records that mention trichloroethylene or TCE, and b) were created by EPA between January 1, 1990 and December 31, 2005, and c) concern any violation of the Clean Air Act and/or the Clean Water Act that occurred in the State of Illinois. Subject to these limitations, I request an electronic copy of the documents listed below:

1. all notices of violation;
2. all Superfund notice letters;
3. all orders directing an individual, a business, or other entity to take action to come into compliance with the Clean Air Act and/or the Clean Water Act; and
4. all orders directing an individual, a business, or other entity to clean up a site.

Request No. 2: Electronic copies of all forms submitted to EPA as part of the Toxics Release Inventory (TRI) program that reported the manufacture, processing, or use of trichloroethylene in the State of Illinois between January 1, 1990 and December 31, 2005.

Request No. 3: Electronic copies of all Tier II submissions that reported the use or storage of trichloroethylene in any workplace in the State of Illinois between January 1, 1990 and December 31, 2005. In order to help to determine my status to assess fees, you should know this request is not made for commercial purposes. This request concerns the chemical commonly known as trichloroethylene, which is commonly abbreviated as TCE. This request is limited by the following parameters: a) records that mention trichloroethylene or TCE, and b) were created between January 1, 1990 and December 31, 2005, and c) concern any violation of the Clean Air Act and/or the Clean Water Act that occurred in the State of Illinois. Subject to these limitations, I request a copy of the documents listed below:

1. all notices of violation;
2. all Superfund notice letters;
3. all orders directing an individual, a business, or other entity to take action to come into compliance with this the Clean Air Act and/or the Clean Water Act; and
4. all orders directing an individual, a business, or other entity to clean up a site.

In order to help determine my status to assess fees, you should know that this request is not made for a commercial use.

Thank you for your consideration of this request.

Sincerely,  
Lisa K. Gouwens, Ph.D.

We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 590-051-04. The Site is located at 2 Sterling Street, Irvine, CA 92618. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

McCall, Joanna

COGENCY GLOBAL  
INC.

National Freedom of Information Officer  
U.S. EPA, Records, FOIA, and Privacy Branch  
1200 Pennsylvania Avenue, N.W. (2822T)  
Washington, DC 20460

Re: Freedom of Information Act Request

Dear Sir or Madam:

Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the U.S. Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, COGENCY GLOBAL INC., hereby requests from EPA copies of test reports or robust summaries submitted with premanufacture notice (PMN) P-13-0037. This request includes information that may be disclosed from any health and safety study, except for information that has been claimed as confidential business information (CBI), such as any substance that has been claimed as CBI.

Documents responsive to this request likely will be maintained by the Office of Pollution Prevention and Toxics (OPPT). This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request.

COGENCY GLOBAL INC. understands that some of the documents responsive to this request may have to undergo confidential business information (CBI) review. COGENCY GLOBAL INC. requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. COGENCY GLOBAL INC. consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information.

COGENCY GLOBAL INC. requests that you provide us with accurate copies or a complete and accurate account of the information requested. This is a commercial request. COGENCY GLOBAL INC. agrees to pay reasonable search and reproduction costs; if these costs exceed \$200, however, COGENCY GLOBAL INC. requests that you notify us before reproducing the documents.

COGENCY GLOBAL INC. understands that it can expect a response within 20 days of your receipt of this letter. We prefer electronic copies of the documents, but if courier or overnight delivery is necessary, please contact us for delivery or pickup information.

If you have any questions about this request or require further information, please contact us at (b) (6) or [agency@cogencyglobal.com](mailto:agency@cogencyglobal.com). Thank you for your attention to this matter.

Sincerely,

Joanna McCall, Assistant Secretary

On behalf of:

Cogency Global Inc.

			Under the Freedom of Information Act, 5 U.S.C. 552, I am requesting access to records that: 1. Identify any entities presently required to comply with the recordkeeping requirements set forth in 40 CFR 761.79(f)(2) specifically by use of a video or photo of each unit processed under the regulations authorizing use of self-implementing decontamination procedures that are alternative to the measurement-based decontamination methods specified in 40 CFR 761.79(b).	
			In order to help you determine my status for the purpose of assessing fees, you should know that I am counsel to a private business and I'm seeking information for use in my client's business. I am willing to pay fees for this request up to a maximum of \$100. If you estimate that the fees will exceed this limit, please inform me first.	
			If you have any questions about this request, you may telephone me at (b) (6) or email me at Skipp.Kropp@Steptoe-Johnson.com.	

2022-OMS-05489	Santos, Rose	FOIA Group Inc	[Reference FGI# 22-79070] Relevant to 68HERC20D0016, we seek copies of the following: (1) Awarded contract with Statement of Work/Performance Work Statement and winning proposal, (2) Complete and original RFP with all amendments, modifications, exhibits, attachments, Task Orders and Q&A's.	07/18/2022
2022-ORD-05482	(b) (6)	-	I am making a Freedom of Information Act (FOIA) request to obtain the e-mails related to and the completed copy of the [SSA DCR Form (PIV Signature).pdf] recommendation form that was submitted on my behalf (about me only: (b) (6) for the Social Security Administration (SSA) Senior Executive Service (SES) Candidate Development Program (CDP) Class 9 (Class IX). The [SSA DCR Form (PIV Signature).pdf] recommendation form was signed and submitted either by Chris Robbins (Deputy Assistant Administrator for Management, Deputy Civil Rights Official, Office of Research and Development) of EPA's Office of Research and Development (Robbins.Chris@epa.gov; (b) (6)) or Maureen Gwinn (gwinn.maureen@epa.gov; 1-(b) (6) (b) (6)). Maureen Gwinn reports to the EPA Deputy Administrator, Janet McCabe (mccabe.janet@epa.gov; no phone numbers provided). I was not selected for the Social Security Administration (SSA) Senior Executive Service (SES) Candidate Development Program (CDP) Class 9 (Class IX), and this recommendation form is the reason why I was not selected for this SES leadership training program, which would have been at no cost to EPA had I been selected for the program. This recommendation form is a component of my personnel record under the Privacy Act of 1974 as amended. I am requesting all e-mails sent to and received by Chris Robbins and Maureen Gwinn between Monday June 6 2022 through Monday July 18 2022 which discuss the SSA DCR Form (PIV Signature).pdf recommendation form and have the SSA DCR Form (PIV Signature).pdf form as an e-mail attachment. A blank copy of the SSA DCR Form (PIV Signature).pdf recommendation form is attached along with a copy of the instructions/information for completing the recommendation form. A copy of my resume/CV is also attached.	07/18/2022
2022-OMS-05493	Sherk, James	America First Policy Institute	I request copies of all term collective bargaining agreement articles that members or representatives of AFGE Council 238 (including any of Council 238's constituent unions, such as AFGE Local 704) have proposed as part of collective bargaining negotiations with EPA under Chapter 71 of title 5, United States Code, from April 15, 2021 to the date of the completion of this request.  This request only pertains to term contract negotiations, and does not encompass impact and implementation bargaining.	07/18/2022

2022-R02-05476 Reilly, Rachel

Taylor Research Group Dear FOIA Officer:

07/18/2022

Pursuant to the provisions of the Freedom of Information Act (5 U.S.C. § 552) (FOIA), Taylor Research Group LLC (TRG) requests access to or copies of any and all documents, which are in the possession, custody, or control of the United States Environmental Protection Agency, Region II (EPA) pertaining to an EPA evaluation of material dredged by Brooklyn Union Gas Company (BUG).

According to Permit #8541 issued in 1972 by the United States Army Corps of Engineers (USACE), BUG was allowed to remove 25,000 cubic yards of material from Newtown Creek located adjacent to its site at 287 Maspeth Avenue, Brooklyn, NY 11211. The dredged material was to be deposited at an approved government dumping ground. Furthermore, according to a USACE disposition form, the EPA wrote a letter dated July 27, 1972, in which it stated it had no objection to the work or disposal of this dredged material into an approved government dumping ground, which was indicated as a disposal site in the Atlantic Ocean. Additionally, according to this same form, the EPA provided a laboratory evaluation of the dredged material.

Other agencies issued permits for this maintenance dredging, including the New York State Department of Environmental Conservation (NYSDEC) (Permit #224-72-003) and the New York City Department of Ports and Terminals (Permit #720047), which issued a "Notice of Completion" that indicated the dredging was completed on November 13, 1972.

Therefore, responsive materials may include correspondence between EPA, BUG, USACE, NYSDEC, and the Department of Ports and Terminals related to this maintenance dredging event; EPA documents related to its laboratory evaluation of the dredged material; and any additional related reports or materials about the dredging work such as subsequent permits issued, follow-up correspondence, etc. We request that you make these materials available for our review in a research room at your site and per your agency's current COVID-19 protocols. This approach allows TRG researchers to identify a limited number of responsive documents to be copied, thereby reducing the amount of time required by agency officials to review and process documents for release and avoiding a time consuming item by item examination of the requested files by EPA. Please contact me concerning the feasibility of this arrangement in this instance. Alternatively, we would be happy to receive responsive documents electronically or via mail if a limited amount is identified.

To the extent that any relevant documents have exemptions, I request that you sanitize the documents for our review. If there are exempt documents that you will not release and/or sanitize, I request that you identify any and all such documents by listing date, author, recipient(s), page numbers, and subject matter. If any documents contain exemptions, please specify the exemptions claimed for each page or passage. In addition, please advise me of any destruction of records and include the date of and authority for such destruction.

TRG agrees to pay all reasonable and standard processing fees up to \$250. If the fees will exceed this amount, please call me with an estimate of the costs so that I can specifically request authorization for expenditures beyond \$250.

If you have any questions, please contact me at (b) (6) or e-mail me at rachelreilly@taylorresearchgroup.com.

2022-OGC-05477 Schafer, Amelia

07/18/2022

This is a request under the Freedom of Information Act.

I request that a copy of the following documents regarding or documents containing the following information be provided to me:

Any notices of violation of the clean air act, clean water act, or other federal environmental laws from Jan. 1, 2012 to the present day regarding the zip codes:

13120

13215

74360

13084

13159

84535

I expect responsible documents would include:his information could include but is not limited to:

Notices of violation of the clean air act, clean water act, or other federal environmental laws.

Other records related to contamination include surface water and soil contamination.

2022-R03-05480 Rosato, Kyle

University of  
Pennsylvania

Please send me the recent 2022 Notice of Violation sent to the Hospital of the University of Pennsylvania for EPA Generator No. PAD980715536

2022-OW-05483	Patton, Patrick	B3	<p>EPA UIC Data</p> <p>o application and permit material available for Class I, II, III, IV, V, and VI injection well applications in the United States. Including permitted or application in progress information. Specifically looking for a tabulated list of all UIC wells with column information that includes:</p> <ul style="list-style-type: none"> <li>UIC Well Class</li> <li>Well Identifier or UIC Permit Number</li> <li>Location Information (Lat/Long, State, County, Address, etc.)</li> <li>Operator Information</li> <li>Status Information (approved, active, plugged, abandoned, etc.)</li> <li>Key Dates (approval, submittal, etc.)</li> </ul> <p>Additionally, requesting all available data contained within EPA Gateway system and is described in "Resources for Transition to the New UIC Data Reporting Process". <a href="https://www.epa.gov/uic/resources-transition-new-uic-data-reporting-process">https://www.epa.gov/uic/resources-transition-new-uic-data-reporting-process</a> - "The EPA has transitioned from previous data collection methods to a web-based application that streamlines and modernizes the process that UIC programs use to submit well inventory and compliance data (Form 7520-1, -2A, -2B, -3, and -4) to EPA. The new UIC Data Application replaced both hardcopy submissions of the Form 7520 and electronic submissions to the National UIC Database starting in spring 2019. Inventory is also now submitted through the new application instead of through the Inventory and Measures Reporting System." "The new application allows programs to submit inventory and Form 7520 data in two ways: manual entry of data into a webform or upload data into the application using an Excel spreadsheet (.xlsx) or comma-separated value (.csv) file (referred to as "batch upload"). If a program chooses to batch upload data, the application will automatically populate the appropriate webform with data from the uploaded file. Programs must format their batch upload data according to the appropriate template, which is available for download below. If the data is not formatted in the same way as the template, the application will not accept the data."</p>	07/18/2022
2022-R05-05491	Cooksey, Allen	Illinois State Geological Survey	<p>I'm requesting SEMs records for the following location in Athens, Illinois:</p> <p>MAPCO INC (SIA), Rural Route (USEPA #ILD042849547).</p> <p>I'm requesting technical files only. 2022-NFO-05550	Lennon, Diana	Verdantas	We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at 229-243 18th Avenue (Block 2569 Lot 1), Newark, Essex County, NJ. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.	07/19/2022
2022-R09-05551	Brown, Ann	Center for Biological Diversity	<p>The Center the is requesting from the U.S. Environmental Protection Agency ("EPA"): California's application for primacy for Underground Injection Control Class II that the state submitted to EPA under Section 1425 of the Safe Drinking Water Act on April 20, 1982.2</p> <p>Please note: EPA published notice of its receipt of this application on May 4, 1982, stating that "the application is available for inspection and copying."3</p> <p>The application was originally submitted by a state agency called the California Division of Oil and Gas (now named CalGEM).</p>	07/19/2022

The Center is requesting the records outlined below from the U.S. Environmental Protection Agency ("EPA") Headquarters and Region 9, from the date EPA searched for records to respond to the Center's February 8, 2022 FOIA request (response letter dated April 21, 2022) to the date EPA conducts this search:

1. ~~C~~lass VI injection well permit applications and draft permits in EPA's possession for sites in California, including the attachments and records submitted with such applications through the Geological Sequestration Data Tool (GSDT), formal correspondence (letters) between EPA and the applicant, and determinations made by EPA;
2. ~~O~~ther applications and approvals for carbon geologic storage wells in California that are in EPA's possession, including the records and attachments submitted with or in support of such applications, and the associated records sent from the California Geologic Energy Management Division ("CalGEM") to EPA; and
3. ~~R~~ecords of communications between Class VI injection well applicants or prospective applicants and EPA about carbon capture and storage projects in California.

Please note: It is the Center's understanding that EPA may have new applications or correspondence referencing the following projects:

- ~~C~~hevron Eastridge (Chevron project in the Kern River oilfield);
- ~~D~~elano BECCS (Clean Energy Systems, Schlumberger, and Chevron project at the Covanta Delano biomass powerplant);
- ~~K~~imberlina BECCS (Clean Energy Systems project at biomass powerplant and former CCS demonstration site);
- ~~S~~tockton DTE BECCS (DTE project at biomass powerplant);
- ~~A~~emetis BECCS 1 and 2 (two Aemetis Carbon Capture projects at biofuels powerplant);
- ~~C~~lean Energy Systems Placerita (Clean Energy Systems project at the Placerita powerplant);
- ~~S~~entinel Peak (Sentinel Peak project in the McKittrick oilfield); and
- ~~C~~ES Madera BECCS (Clean Energy Systems project at agricultural waste to energy plant).

In addition, it is the Center's understanding that EPA may have sent or received new materials associated with the following projects:

- ~~M~~endota BECCS (Clean Energy Systems, Schlumberger, & Chevron project at the Covanta Mendota biomass powerplant);
- ~~E~~lk Hills Terravault (two Terravault projects in the Elk Hills oilfield); and
- ~~S~~an Joaquin Renewables (San Joaquin Renewables, LLC project at McFarland biomass plant).

The project lists above are based on information provided by EPA or available through public sources, and are meant to help guide EPA's record search. If records associated with other projects are found, please include records related to those projects as well. This request is not meant to exclude any other records that, although not specially requested, are reasonably related to the subject matter of this request.

To the extent feasible, the Center requests that EPA please provide the records in separate folders for each project under review.

Please note: the Center is not seeking modeling data at this time. Consistent with prior responses from EPA, the Center would appreciate if EPA could include a placeholder document stating the number of modeling files associated with each application under review and noting that we can contact EPA's Region 9 FOIA office for access in the future. We also are not seeking substantiated confidential business information, which EPA could not provide anyway under FOIA Exemption 4, but we are seeking claimed confidential business information insofar as those claims are later found to be

2022-R09-05554	Brown, Ann	Center for Biological Diversity	<p>The Center is requesting the records outlined below from the U.S. Environmental Protection Agency ("EPA") Headquarters and Region 9, from the date EPA searched for records to respond to the Center's February 8, 2022 FOIA request (response letter dated April 21, 2022) to the date EPA conducts this search:</p> <ol style="list-style-type: none"> <li>1. <del>C</del>lass VI injection well permit applications and draft permits in EPA's possession for sites in California, including the attachments and records submitted with such applications through the Geological Sequestration Data Tool (GSDT), formal correspondence (letters) between EPA and the applicant, and determinations made by EPA;</li> <li>2. <del>O</del>ther applications and approvals for carbon geologic storage wells in California that are in EPA's possession, including the records and attachments submitted with or in support of such applications, and the associated records sent from the California Geologic Energy Management Division ("CalGEM") to EPA; and</li> <li>3. <del>R</del>ecords of communications between Class VI injection well applicants or prospective applicants and EPA about carbon capture and storage projects in California.</li> </ol> <p>Please note: It is the Center's understanding that EPA may have new applications or correspondence referencing the following projects:</p> <ul style="list-style-type: none"> <li>• <del>C</del>hevron Eastridge (Chevron project in the Kern River oilfield);</li> <li>• <del>D</del>elano BECCS (Clean Energy Systems, Schlumberger, and Chevron project at the Covanta Delano biomass powerplant);</li> <li>• <del>K</del>imberlina BECCS (Clean Energy Systems project at biomass powerplant and former CCS demonstration site);</li> <li>• <del>S</del>tockton DTE BECCS (DTE project at biomass powerplant);</li> <li>• <del>A</del>emetis BECCS 1 and 2 (two Aemetis Carbon Capture projects at biofuels powerplant);</li> <li>• <del>C</del>lean Energy Systems Placerita (Clean Energy Systems project at the Placerita powerplant);</li> <li>• <del>S</del>entinel Peak (Sentinel Peak project in the McKittrick oilfield); an</li> <li>• <del>C</del>ES Madera BECCS (Clean Energy Systems project at agricultural waste to energy plant).</li> </ul> <p>In addition, it is the Center's understanding that EPA may have sent or received new materials associated with the following projects:</p> <ul style="list-style-type: none"> <li>• <del>M</del>endota BECCS (Clean Energy Systems, Schlumberger, &amp; Chevron project at the Covanta Mendota biomass powerplant);</li> <li>• <del>E</del>lk Hills Terravault (two Terravault projects in the Elk Hills oilfield); and</li> <li>• <del>S</del>an Joaquin Renewables (San Joaquin Renewables, LLC project at McFarland biomass plant).</li> </ul> <p>The project lists above are based on information provided by EPA or available through public sources, and are meant to help guide EPA's record search. If records associated with other projects are found, please include records related to those projects as well. This request is not meant to exclude any other records that, although not specially requested, are reasonably related to the subject matter of this request.</p> <p>To the extent feasible, the Center requests that EPA please provide the records in separate folders for each project under review.</p> <p>Please note: the Center is not seeking modeling data at this time. Consistent with prior responses from EPA, the Center would appreciate if EPA could include a placeholder document stating the number of modeling files associated with each application under review and noting that we can contact EPA's Region 9 FOIA office for access in the future. We also are not seeking substantiated confidential business information, which EPA could not provide anyway under FOIA Exemption 4, but we are seeking claimed confidential business information insofar as those claims are later found to be</p>	07/19/2022

2022-OECA-05546	Monahan, Joseph	Gordon Rees Scully Mansukhani	<p>Dear Custodian of Records: This firm represents Clean Earth, Inc. ("Clean Earth"), one of the defendants in litigation currently pending in the United States District Court for the Western District of Kentucky, Civil Action No. 4:22-cv-40-JHM (the "Litigation"). Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I write on behalf of Clean Earth to request certain documents produced or maintained by the EPA. This request is being made in connection with our investigation for purposes of the litigation. Specifically, I request copies of the following: 1. Documents regarding all inspections of the Ensign Bickford Aerospace &amp; Defense Company ("Ensign Bickford") facility located at 118-198 Bickford Street, Graham, Kentucky (the "Ensign Bickford Facility"), including all communications between the EPA and Ensign Bickford regarding the same; 2. Documents regarding all investigations of Ensign Bickford and/or the Ensign Bickford Facility relating to a March 2020 incident whereby certain barrels of Glycidyl Azide Polymer ("GAP") or other explosive materials were provided to Clean Earth, which barrels Clean Earth then provided to Green America Recycling, LLC ("Green America") located at 10107 State Highway 79, Hannibal, Missouri (the "Green America Facility") on or about April 7, 2020, without having knowledge of their explosive nature; 3. Documents regarding Ensign Bickford's compliance and/or non-compliance with all statutes and regulations governing the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials; 4. Documents regarding Ensign Bickford's policies, practices and/or procedures with respect to the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials; and 5. All permits issued to Ensign Bickford relating to the operation of the Facility as they pertain to the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials. 6. Documents regarding all inspections of the Green America Facility, including all communications between the EPA and Green America regarding the same; 7. Documents regarding all investigations of Green America and/or the Green America Facility relating to an April 11, 2020 incident whereby GAP or other explosive material was placed in Green America's quad shredder, and an explosion occurred; 8. Documents regarding Green America's compliance and/or non-compliance with all statutes and regulations governing the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials; 9. Documents regarding Green America's policies, practices and/or procedures with respect to the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials; 10. All permits issued to Green America relating to the operation of the Facility as they pertain to the handling, transport and/or disposal of hazardous materials, including GAP and other explosive materials. I am requesting the documents in electronic form where possible, otherwise in paper form. To the extent you will be providing paper copies, please provide an estimate of your production costs if you expect them to exceed \$100. Thank you for your attention to this matter.</p>	07/19/2022
2022-OCSP-05555	Maira, Crystal	-	<p>Please provide any available electronic records of data evaluation reports (DERs) and administrative forms for EPA Reg. No. 60061-128.</p>	07/19/2022

2022-OW-05556	Olsson, Grant	The Environmental Law Group LLP Varco & Rosenbaum	<p>This request seeks all records, documents, or writings, including communications sent or received, memoranda, notes, reports, papers, files, books, electronic mail, and transcripts, containing or relating to the definition or interpretation of the term "vehicle" as that term is used in Part 122 of Title 40 of the Code of Federal Regulations. This request further seeks all records, documents, or writings, including communications sent or received, memoranda, notes, reports, papers, files, books, electronic mail, and transcripts, containing or relating to the consideration of cranes as either "vehicles" or "equipment" as those terms are used in Part 122 of Title 40 of the Code of Federal Regulations. Records produced in response to this request should be produced as they are kept in the usual course of business. We would request that all hard-copy records be scanned and produced electronically in Adobe Acrobat PDF format, and that all records produced be transmitted electronically. If any of the records described above are deemed exempt from disclosure for any reason, please provide the specific exemption being relied upon for each individual record that is withheld, and the person responsible for making that determination. Additionally, if any portion of a record is deemed exempt, please provide a copy of the record with the confidential information redacted and inform me of the specific exemption relied upon for the redaction. If the response is voluminous, we would prefer that responsive records are produced on a rolling basis. Thank you very much for your time and assistance!</p>	07/19/2022

2022-OCSP-05596	Cheng, Aaron	Portman Square Group LLC	<p>21 July 2022</p> <p>Chief FOIA Officer, US EPA 1200 Pennsylvania Avenue, NW Washington, DC 20460</p> <p>RE: Freedom of Information Act request for records</p> <p>Dear EPA FOIA Officer:</p> <p>This is a request under the Freedom of Information Act ("FOIA"). We hereby request copies of any records, documents, correspondence, files, or reviews (or portions thereof) pertaining to EPA's total US production data (or production plus imports data if that is the only total available) for the following two chemicals, for any/all years in which totals are available from 1977 through 2020:</p> <ul style="list-style-type: none"> <li>• 1,1,1-Trichloroethane (AKA "Methyl chloroform," and "TCA"): CAS Number 71-55-6.</li> <li>• 1,4-Dioxane (AKA "Dioxane," and "1,4-Diethylene oxide"): CAS Number 123-91-1.</li> </ul> <p>PSG understands that some company specific data is withheld as Confidential Business Information ("CBI") in EPA's inventory reporting. In the event that any such limitations prevent EPA from disclosing specific production totals, we would be happy to receive redacted versions of any reports, documents, records, or raw data (as we are primarily interested in the total US market production and/or production plus imports figures, not company-specific figures). PSG has reviewed inventory data from EPA publications and IUR/CDR data accessible online, as well as data provided in response to an eCDR team email request (via eCDRweb@epa.gov). To date, this data has only revealed specific US totals for the following years:</p> <ul style="list-style-type: none"> <li>• Specific annual totals were provided/obtained for: 2012-2015</li> <li>• Ranges (but not specific totals) were provided for: 1986, 1990, 1994, 1998, 2002, 2006, 2016-2019</li> <li>• Totals were listed as "Withheld as CBI" for: 2010-2011</li> <li>• No data was identified, nor response provided for 1977-1986, 1991-1993, 1995-1997, 1999-2001, 2003-2005, 2007-2009, 2020</li> </ul> <p>If EPA possesses specific inventory totals (for US Production or US Production + Imports) for any of the years missing, the years for which only ranges were provided, or the years in which the data was withheld as CBI, and EPA can provide us the specific US totals (and/or any documents/records containing that information), that would be ideal. In the event that any redactions of company-specific production/import levels are required in order to provide us these totals (or any documents/records containing them), providing any information available with any required redactions will be considered an acceptable response to this request.</p> <p>I understand that if there are copying/duplication fees required for processing this request, I am willing to pay those fees up to a maximum of \$250.00. If you expect that the fees will exceed this, please contact me before processing my request.</p> <p>If you have any questions or need to discuss this request, I can be reached at (b) (6) or acheng@portmansquaregroup.com. I look forward to receiving your response within the 20-day statutory period. Thank you for your consideration of this request.</p>	07/21/2022
2022-R02-05616	McCormick, Allison	ztek Environmental, Inc.	<p>We are seeking all investigation, remediation, and enforcement files dated August 2018 to present for the Combe Fill South Landfill Site in Chester Township, NJ (NJD094966611). These files are not available through the MyProperty site, or the EPA's Superfund Sitepage. Please contact me with any questions.</p>	07/21/2022
2022-R09-05619	Doster, John	TRC Companies	<p>I am inquiring about obtaining information on a property at FM67+G8P (230 Industrial Ave) in Piti, Guam. The site operates a cement company. I am requesting any environmental response records including spills, releases, UST/ASTs, stormwater/wastewater permits, air permits, violations, emergency responses, analytical testing, previous reports, or recorded incidents pertaining to the health of the Site and surrounding area.</p>	07/21/2022
2022-R05-05597	Taylor, Jessalyn	Terracon Consultants Inc	<p>Please provide a copy of the 2005 Phase I ESA that was performed at the US Brownfields site located at 14146 S. Mackinaw Ave, Burnham, IL. Please include relevant reports of this site's contamination, remediation, and brownfield program enrollment.</p>	07/21/2022

RE: Freedom of Information Act Request  
Heniff Transportation – Channelview  
15855 Wood Drive  
Channelview, Harris County, Texas, 77530

Apex Companies, LLC is conducting a Phase I Environmental Site Assessment (ESA) at the above-mentioned property. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs) that may have an adverse environmental impact upon the subject property. Apex's client is requesting a due diligence investigation. According to ASTM Standards E 1527-21, property record reviews are required prior to completing this investigation.

Apex is requesting any records you may have concerning the property of interest. Records may include, but are not limited to:

- Records indicating former operations/owners
- Site remediation/investigation activities
- Contamination issues in soil or groundwater
- Environmental violations
- Fires, leaks or spills of hazardous materials
- Sewer or septic issues; issued permits
- Storage or use of hazardous materials
- No further action letters
- Monitoring well installations and/or  
sampling results
- Consultations with the U.S. Environmental Protection Agency (USEPA)
- Underground or aboveground storage tanks  
(tank abandonment, removals and closures)
- Sites that may be classified as State Hazardous Waste sites

If you have any questions or concerns regarding this request or if you need additional information to assist with your record search, please feel free to contact me via phone at (b) (6) or email at Roxanne.Kelly@apexcos.com. Thank you in advance for spending time on this matter.

Sincerely,

Roxanne Kelly  
Environmental Scientist

2022-NFO-05622	Ackerman, Carly	-	Find EPA report on 410 South Main Street Pen Argyl, PA 18072. We would like to see the EPA report that was done on the proposed vacant land that a developer wants to turn into 280+ dwellings. We were told by the Engineer that this study was done on "Sunny's Creek" We would just like the study done and any information that is public knowledge.	07/22/2022
2022-NFO-05637	Rubalcava, Valerie	Roux	Thank you. We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 7503-006-005. The Site is located at 500 North Pacific Coast Highway, Redondo Beach, CA 90277. Previous address range includes 504 and 506 North PCH, 504 and 506 North Camino Real, 519 and 525 Beryl Street, and 511 Beryl Street. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	07/22/2022
2022-NFO-05646	Campbell, Iona	-	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the properties located at the northwest corner of the intersection of N. Williams Street and E. 40th Avenue in Denver, CO. The Site contains the properties with Denver schedule numbers 0223403001000, 0223403006000, 0223403007000, 0223403039000, 0223403040000, 0223403045000, and 0223403046000. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.	07/22/2022
2022-NFO-05648	Madsen, Christine	EBI Consulting Inc	Requesting files pertaining to the registration, closure report, closure permits, investigation reports or details regarding 11 underground storage tanks (USTs) and 1 aboveground storage tank (AST) that were reportedly closed prior to 1988. the tanks were located at the 289 Pennington Street, Trenton, NJ facility operated by HM Royal Inc. since approximately 1973.	07/22/2022
2022-NFO-05638	Rachman, Natalie	RPS Group	I would like to request records regarding potential: spills/releases, USTs/ASTs, water wells and/or septic systems, notices of violations/complaints, records of inspection, hazardous materials storage / waste generation reporting, known or suspected environmental impacts, or other regulatory investigations identified in connection with the property located at: 1202 New Market Avenue, Plainfield, NJ	07/22/2022
2022-OCSPP-05640	Akers, Rodney	Rodney Akers, Regulatory Consulting LLC	Please provide an electronic copy of the Data Matrix, EPA Form No. 8570-35, for the product Finesse Cereal and Fallow Herbicide, EPA Reg. No. 279-9610. The active ingredients in this product are Chlorsulfuron 62.5% + Metsulfuron methyl 12.5%. The Agency had previously released a data matrix, dated June 17, 2020 but only two studies were listed. Would you please see if there is another more complete data matrix available? I am willing to pay up to \$25.00 for this information. Thank you.	07/22/2022
2022-OAR-05621	Cade, William P	None	Per Title 42, Chapter 85, Sub Chapter II, Part A, Section 7521, (m)(5) please provide any and all information that is required to be submitted by a manufacturer of new vehicles or new motor vehicle engines for all manufactures of agricultural and construction machinery. Additionally, where possible include associated product model identification so that we can independently validate required compliance including the necessary information for individual product inspection in the field.	07/22/2022
2022-OCSPP-05635	Bee, Madeleine	Exponent	Hello, I'd like to request the DERs and testing protocol for antimicrobial efficacy, as well as the data matrix for EPA Reg. No. 9402-10.	07/22/2022
2022-R07-05639	Leonard, Jennifer	KEMRON Environmental Services Inc	Remedial Design for the Valley Park TCE Site	07/22/2022
2022-R03-05645	Hwang, Marian	Miles & Stockbridge P.C.	In connection with the New Jersey Fireworks Site, located at 1726 Old Philadelphia Road, Elkton, MD 21912 (EPA ID: MDSFN0305563), one of EPA's subcontractors, Enviroscan, Inc. conducted a survey for unexploded ordinance (UXO) at the site in December 2007. While the UXO survey is referenced in an attached Trip Report by Tetra Tech EM Inc., dated 6/24/2008, the actual results of the UXO are not reported. Please provide a) a report or summary of the UXO Survey conducted by Enviroscan of the Site in December 2007; and b) and other reports or final reports of the Site issued after the above referenced Trip Report by Tetra Tech, dated 6/24/2008.	07/22/2022

2022-R05-05628	Evans, Laura	ADM	<p>Please provide copies of all Underground Injection Control (UIC) Class VI Well applications submitted to USEPA Region V, along with all supporting documents and related correspondence amongst the agency, applicants and third parties, associated with the following facilities identified in the attached Table of Class VI Wells Permitted by EPA (last updated on June 23, 2022) -</p> <ol style="list-style-type: none"> <li>1. <del>W</del>abash Carbon Services, LLC, Vigo County, IN</li> <li>2. <del>L</del>arain Carbon Zero Solutions LLC, Lorain County, OH</li> </ol> <p>1. <del>A</del>n extension of the response date to February 3, 2023</p> <p>2. <del>O</del>missions: EPA is required to omit certain information from FOIA requests. In this case, omitted information would include:</p> <ol style="list-style-type: none"> <li>a. <del>F</del>inancial Instrument Documentation, Letter of Credit/Trust Information;</li> <li>b. <del>G</del>eological and geophysical information and data, including maps, concerning wells; and</li> <li>c. <del>A</del>ny other well logs that may also contain specific geologic and geophysical information.</li> </ol>	07/22/2022
2022-NFO-05649	Decker, Peter	Pioneer Engineering & Environmental Services	Any records regarding the site at 2 Washington Street in Madison, IL (#170000124229 and/or #1190650001).	07/22/2022
2022-NFO-05650	Decker, Peter	Pioneer Engineering & Environmental Services	Any records regarding the site at 2702 Odgen Avenue in Sauget, IL (#170000759436 and #1631215014).	07/22/2022
2022-R06-05642	Garcia, Joe	TGE Resources	<p>Needing information regarding contamination at 2 separate brownfield sites that are apparently associated. Specifically, Phase I/II reports, delineation reports, GW monitoring report, and closure/NFA if applicable.</p> <p>11800 Alameda Rd. Houston, TX (Acres ID: 40441)</p> <p>Taylor Heirs Property (Acres ID: 33141) 11755 - 11825 Alameda Rd Houston TX</p>	07/22/2022
2022-R01-05632	Goddard, Jessica	SimpleLab	<p>I'm looking to obtain an extract of all public drinking water system chemical/radiological sample results in compliance and non-compliance testing across all public water systems and all biological/coliform sample results across all public water systems in New Hampshire (from EPA Region 1 Office) for the recent 12 year period (01/01/2010- present) for chemical/radiological sample data and the recent ~4 year period for bacteriological data (01/01/2018-present).</p> <p>The columns of interest are: sample id* (a unique identifier for the sample result); sample date*; result concentration*; less than indicator / less than code / non-detect*; detection limit type (mdl/mrl/lrl); detection limit (value of detection limit)*; detection limit unit*; analyte code*; analyte name; sample type code; sample point type; source type code* (indicator of whether result is finished or raw water); facility type code; facility id.</p> <p>The columns with asterisks are of particular importance.</p> <p>If the data is stored in the standard "SDWIS State" data schema, I can also provide the specific table names and columns, and an SQL query, to easily pull this data.</p> <p>Lastly, if there are any additional crosswalk tables to explain any codes used in the data, that would be very useful. I can provide a link for data uploads if email cannot handle the file size. I am only looking for electronic records stored in a database, not paper records. Please let me know if there are any amendments you think I should make to this request. Thank you so much for your time and effort. We are flexible on the cost fee – I put an estimate but would be willing to pay more if this is required.</p>	07/22/2022
2022-R08-05647	Campbell, Iona	Langan Engineering	Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the properties located at the intersection of E. 40th Avenue and Franklin Street with the address 1717 E 39th Ave in Denver, CO 80205. The Site contains the property with Denver schedule number 0223405036000. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.	07/22/2022

2022-R06-05657	Griggs, Todd	-	Oxy Low Carbon Ventures, LLC. Oxy Low Carbon Ventures has filed a class VI well permit in Allen County/Parish, Louisiana that is pending. Verde Co2 also has a land lease nearby where we plan to file a class VI well for permanent Co2 sequestration	07/25/2022
2022-NFO-05665	Wylie, Amari	BBJ Group LLC	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following parcel within Naples, Collier County, FL: Parcel number: 223000007 (or 00223000007)	07/25/2022
2022-NFO-05656	Callicoat, Melissa	-	Dioxin Soil Testing Records; In accordance with the Freedom of Information Act (MCL 1.5.231 et seq, Public Act 553 of 1997), as amended, I am asking for the following information: Dioxin soil testing records for property owner by Melissa and Ryan Callicoat, located at 2056 S. Sasse Road, Midland MI 48640. Including records of dioxin soil testing and air testing, of residential and non residential addresses located on roads that border address 2056 S. Sasse Road: Gordonville Rd, Poseyville Rd, Brooks Road, Sasse Road, Schreiber Rd (properties on roads listed above are located in both Midland and Ingersoll counties). Residential property owner was told by Art Ostaszewski (Michigan Department of Environment, Great Lakes, an Energy), that many properties surrounding residence located on 2056 S. Sasse Road were sampled over the past 50 years, and there is record. However, he is withholding public information, via FOIA requests, through multiple denials of information. The local Midland County Health Department is also involved and is aware that records are being withheld from public use, as they were made aware by speaking with Art Ostaszewski via numerous phone calls with property owner listed above, and/or Jim Henry (Midland County Health Department), in which Art spoke of known testing around residential property above, but when requested via FOIA, it had been denied multiple times.	07/25/2022

2022-OCSP-05663	Walsh, Jessica	-	I am seeking a testing methodology, that was conducted by Arch Chemicals and submitted to the US EPA under MRID# 47695602.	07/25/2022

Subject: Freedom of Information Act (FOIA) Request/File Review Request

Burgin Express

107 East Main St

Burgin, KY 40310

Parcel ID#:300.20-01001.00

To whom it may concern:

Please accept this as request for any information/documentation/files with your department regarding the above-referenced property.

AEI Consultants is currently conducting the Phase I Environmental Site Assessment for the property. The ASTM Practice E1527-13 Standard Practice of Environmental Site Assessments requires that a records search be conducted with local regulatory departments for information regarding the subject property. Of particular interest are the following items:

- Permit summary (date, type of permit, applicant/tenant) or available permits from construction to present. Upon review of a permit summary we may request review of individual permits.
- Construction date (current building, previous buildings if applicable)
- List of tenants which have occupied the subject property
- Permits of environmental concern (petroleum storage tanks, septic systems, oil/water separators)
- Oldest and most recent site layout plan from the above mentioned property if available
- Erosion control plans on record for the subject property
- Record violations or complaints registered against the subject property

Thank you for your time and attention regarding this matter.

2022-R05-05742	Prather, Sarah	Arnold & Porter Kaye Scholer LLP	<p>This request is directed toward any office, subdivision, or personnel that may have responsive records, and in particular offices, subdivisions, and personnel that are familiar with the subject area of this request and will be able to identify and locate responsive records with a reasonable amount of effort, including, but not limited to, EPA Headquarters, EPA Region 5, EPA Office of Inspector General, and EPA Office of Environmental Justice.□</p> <p>1. All records relating to the Technical Assistance Grant (TAG) program for the USS Lead Superfund Site in East Chicago, including, but not limited to, applications by, awards to, management of, and oversight by EPA of any applicants, prospective applicants, and recipients, including, but not limited to, the East Chicago Calumet Coalition Community Advisory Group Inc. or any other person or entity, including, but not limited to, all application forms, grant proposals, proposed grant budgets, TAG agreements (and any negotiations regarding the requirements included therein), quarterly progress reports, finance status reports, annual reports, final reports, audit documents, records regarding technical advisors (and any advice and/or guidance sought from and/or provided by EPA regarding the identification and selection of a technical advisor), outputs and outcomes for environmental results (and any advice and/or guidance sought from and/or provided by EPA regarding the identification and/or reporting of the outputs and outcomes), and correspondence, communications, and/or emails regarding the TAG program at the USS Lead Superfund Site. July 29, 2022

To: Environmental Protection Agency c/o FOIA Information Officer,

Pursuit to the Privacy Act of 1974, 5 U.S.C. § 552a, I (b) (6), the subject of record and a person of interest hereby make a request for copies of documents and information including contract numbers, solicitations, agreements, facilities, organizations, contractors, consultants, funding, grants, surrounding programs, sub-programs or activities January 1, 2016 – July 29, 2022 containing my name (b) (6).

Background and location of records: My employment (b) (6)

Due to a lack of consent, a valid employment contract, or known organization, my exhausting daily efforts have failed to yield any records. To reduce any burden on the EPA the documentation if it exists may be found within the administrative offices or the unknown facility. On April 16, 2020 the EPA responded with no records found. The extent of my employment responsibilities did not extend to the following areas however provided the EPA cannot locate records please search the request with the following facilities: REGISTRY ID: 110017369471 K & K ADAMS, INC., 110011128948 WINEBRENNER WATER REC. FAC., 110006363844 LIBRARY OF CONGRESS, 110006365003 NATL MUSEUM/AMER INDIAN CULTURAL RES CTR, 110006899286 SMITHSONIAN ENVIRONMENTAL RES, 110003544610 EAST COAST SCOUT PARTS, 110006364996 NATIONAL GALLERY OF ART, 110006899446 MERCURY CONSOLIDATED INC., 110011776854 DAVIDSONVILLE (2012 time frame I did perform work on I95 in several states, this area last updated would not be relevant to me and I do not recall 110014411760 WOODROW WILSON BRIDGE EXPANSION nor any of the companies) My responsibilities ended at Linden Church Rd on Route 32 locate this would be close 110067675251 MD 32 EBR OVER MIDDLE PATUXENT, close proximity 110001832606 3241 SCARBORO ROAD, STREET, MD 21154, . I do recall 110006844031, 110003505421 38 & 39 LOVETON CIRCLE, SPARKS, MD 21152.

Fees and expedited: I agree to pay fees up to \$25.00 without prior notification. I would request a waiver due to indigency and expedited handling due to Maryland criminal cases resulting directly from the illegal programs and activities that have been ongoing since 2016. Additionally, there are outstanding legal concerns, extensive damages, and the fact that I am presently prevented from advancing in my career and achieving my goals due to the illegal programs and activities.

I declare under penalty of perjury that the foregoing is true and correct. Executed on 07/29/2022

(b) (6)

2022-NFO-05760 Steever, Rebecca Arcadis

Good Morning,  
I'm requesting information regarding the property listed below. Specifically, I would like to request records regarding the storage and/or release of hazardous substances and petroleum products, as well as environmental permits, plans, registrations, inspection reports, notices of violation, investigations, and related correspondence. Please contact me with questions regarding the nature of this request. Thank you for your assistance.

Adams Clearing Company, LLC

2022-OGC-05766	Doran, Erin	Food & Water Watch	Food & Water Watch requests records related to its 2019 rulemaking petition seeking listing of greenhouse gases as hazardous air pollutants under Section 112 of the Clean Air Act. Please see the detailed request attached as a .pdf file. From attachment: 1. All EPA communications related to the CAA petition; 2. All records related to any substantive review EPA has undertaken of CAA regulations for hazardous air pollutants as a result of the CAA Petition; 3. All records related to EPA's forthcoming response to the CAA Petition, including any documents or communications that relate to a timeline for issuing a response;	07/29/2022
2022-NFO-05775	Rodriguez, Adrian	Kleinfelder	I am making a Public Information Request for a property located at 4934 US-181 in San Patricio County – right outside of Gregory, TX. I am requesting available information regarding restricted covenants, fires, hazardous material spills, hazardous material storage, underground and/or above ground tank installations/removals, or other environmental incidents documented for the property.	07/29/2022
2022-OCSP-05776	Fons, Michael	Coastal Groves	Dear EPA, Please let me know if the pesticide Dithane® 75DF Rainshield® contains Carbendazim as one of the "other ingredients". I have a farm, Coastal Groves, and am considering using this pesticide, but only if it doesn't contain Carbendazim. Thank you for your attention in this matter. Thanks, Michael Fons	07/29/2022
2022-OECA-05778	Venhuizen, Harm	Associated Press	07/29/2022 Records Custodian Environmental Protection Agency  Pursuant to the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting copies of the following records: Since January 1, 2015, any and all incident reports filed in relation to airborne exposure to styrene, also known as vinylbenzene, ethenylbenzene, cinnamene, or phenylethylene. Since January 1, 2015, any and all complaints filed in relation to airborne exposure to styrene, also known as vinylbenzene, ethenylbenzene, cinnamene, or phenylethylene. Since January 1, 2015, any and all incident reports filed in relation to styrene exposure resulting from or possibly relating to cured-in-place piping projects including, but not limited to, sewer and water main repair projects. Styrene is also known as vinylbenzene, ethenylbenzene, cinnamene, or phenylethylene. Since January 1, 2015, any and all complaints filed in relation to styrene exposure resulting from or possibly relating to cured-in-place piping projects including, but not limited to, sewer and water main repair projects. Styrene is also known as vinylbenzene, ethenylbenzene, cinnamene, or phenylethylene. Copies of any and all laboratory results relating to the aforementioned incident reports and complaints. As you know, the law requires the release of all responsive records. As such, please refrain from withholding documents en masse. Instead, please redact the exempt material and provide the responsive record. I represent a news organization and request a waiver of fees because this request is made as part of a news gathering activity in the public interest and is not intended for commercial use. Because this request is made as part of a newsgathering activity on the basis of an urgent need to inform the public, I request expedited processing. My preference is to receive corresponding records in an electronic format via email to hvenhuizen@ap.org. If you choose to deny this request in part or in whole, please provide a written explanation for the denial, including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material, as required. Please contact me at hvenhuizen@ap.org or (b) (6) if I can clarify or expedite this request. Thanks in advance, Harm Venhuizen Reporter, Associated Press (b) (6) hvenhuizen@ap.org	07/29/2022

2022-R09-05762	Flynn, Roger	WESTERN MINING ACTION PROJECT	<p>*Any and all copies of any draft TMDL study (and any supporting documents, exhibits, and attachments) for Queen Creek that EPA has received from or sent to ADEQ from January 1, 2010 to present (as noted above, portions of Queen Creek have been listed as “impaired” since 2002). In October 2017, ADEQ released a draft TMDL for public comment. Public comments were collected, and the comment period closed in December 2017. Per an update email sent out from ADEQ on September 27, 2018, the TMDL had not been approved and instead ADEQ stated that preparation of the TMDL had been suspended.</p> <p>This includes any and all “records” (as defined below) in EPA’s possession, custody or control related to the above described TMDL study/report (including any supporting documents, exhibits, attachments, modeling reports, and load and waste load allocations, calculations, or analysis) for Queen Creek that have been (a) received by EPA, its employees or consultants from ADEQ or Resolution Copper Mining, their affiliates, or any consultant, testing laboratory or outside party; and/or (b) prepared, produced, or collected by EPA, its consultants or employees regarding ADEQ’s TMDL study for Queen Creek from January 1, 2002 to present.</p> <p>See attached letter for further description</p>	07/29/2022
2022-R09-05781	Donaldson, W. Scott	Attorney at Law	Any and all information relating to a Finding of Violation and Order No. IX-FY-86-80 issued 6/12/1986 by the U.S. Environmental Protection Agency.	07/29/2022
2022-R09-05782	Newell, Brent	Law Offices of Brent J. Newell	<p>See attached letter.</p> <p>The Central Valley Air Quality Coalition submits this request for records under the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, 7 C.F.R. § 1.1 et seq., 7 C.F.R. Subtitle B § 798.1 et seq. In accordance with those laws and regulations, please provide us with the following information from the U.S. Environmental Protection Agency within twenty working days (5 U.S.C. § 552(a)(6)(A)(1)):</p> <p>1. From January 1, 2000 to the date that EPA conducts its search, all records mentioning or containing: nonattainment new source review permitting in the San Joaquin Valley ozone nonattainment area pursuant to 40 C.F.R. § 52.24(k) and 40 C.F.R. pt. 51, Appendix S (“Appendix S”) prior to the effective date of EPA’s approval of the December 18, 2008 version of San Joaquin Valley Unified Air Pollution Control District Rule 2201. See 75 Fed. Reg. 26102 (May 11, 2010).</p> <p>2. From January 1, 2010 to the date that EPA conducts its search, all records mentioning or containing: Any failure of the San Joaquin Valley Unified Air Pollution Control District to apply the extreme ozone nonattainment new source review permitting offset ratio required by 42 U.S.C. § 7511a(e)(1). 75 Fed. Reg. 26102 (May 11, 2010).</p> <p>3. From January 1, 2007 to the date that EPA conducts its search, all records mentioning or containing: agricultural internal combustion engine replacement program (AG-ICE) reductions proposed for or used as additional credits to demonstrate equivalency in the Annual Offset Equivalency Demonstration and Pre-baseline ERC Cap Tracking System (“Equivalency System”).</p>	07/29/2022

2022-OIG-05789 ghetu, vladimir -

For the purpose of this request, records and any type of communication means: phone contacts, text messages, emails, US mail, video conferences and meetings, in person meetings, memos and minutes of any meetings or any conversations on record. All type of communication should have date and time stamps. Communications include all type of government devices like cell phones, computers, laptops, tablets, government vehicle equipped with GPS, or any type of tracking devices used by city, state and federal employees and officials (including elected officials).

-Copies of any records EPA OIG and Water Programs have regarding PA DEP report 354283.

- Copies of any records EPA Special Agents Paul Brezinski and Rajan Buck, or any other EPA employees, asked the following agencies and officials to provide EPA OIG in order to investigate and conclude my complaint to EPA OIG:

1. City of Easton PA 18042 Officials, including Mayor Sal Panto Jr.
2. Easton Suburban Water Authority (ESWA).
3. County of Northampton PA executive office and council members and Conservation Department.
4. PA DEP Northeast assistant director or any other PA DEP officials and employees listed as recipients of my emails.
5. PA Attorney General Office.
6. Penn DOT Offices (headquarters or regional)
7. Any type of contact between EPA special agents Paul Brezinski, Rajan Buck, or any other EPA employees and FBI or DOJ.
8. Any type of contact EPA had with PA House of Representatives Robert Freeman.
9. Any type of contact EPA had with US House of Representatives Susan Wild.
10. Any type of contact EPA had with US Senator Robert Casey.
11. Any type of contact EPA Special Agents Paul Berzinski and Rajan Buck had with EPA Environmental Justice Reginald Harris.
12. Records of any calls made to 610 923 0897 by any EPA officials or provided by PA DEP and/ or City of Easton, to any EPA OIG employees.
13. Copies of any investigations, pictures, videos, water analyses and records of any field visits and inspections done by EPA employees at 856 Cattell Easton PA 18042, or 800 block of Cattell St. (GPS records including).
14. Copies of any records City of Easton, ESWA, PA DEP provided to EPA OIG and EPA Water Programs, regarding PA DEP report 354283.
15. Copies of any records EPA OIG received from PA DEP that it investigated my complaint about MS4 Study done in Easton Area in 2018.
16. Copies of any investigations EPA OIG did to address my complaint of a fraudulent MS4 Study done in Easton Area in 2018 and a false and fraudulent PA DEP report 354283 and follow up visit by PA DEP on September 7, 2021.
17. Copies of any records that EPA OIG, EPA Water Programs has or received from PA DEP to describe the original location of the water and underground piping system, subject of PA DEP report 354283.
18. Copies of reports and documentation EPA OIG and EPA Water Programs has, or received from City of Easton, County of Northampton and Commonwealth of PA Health Departments to show that the illicit discharged water on public street, for at least 30+ years, doesn't present a public health hazard. EPA has guidelines on how often water analyses and reports can be done to protect public health, mostly when "fecal matter" and lots of chemicals are involved.
19. Copies of records that EPA OIG and EPA Water Programs has, or received, water analyses taken from the intake and outlet ends of the underground piping system, subject to PA DEP report 354283, the length of the piping system, and that there is no other source of pollutants generating the "fecal matter" and chemicals from origin to the illicit discharge point at 856 Cattell St.
20. Copies of referral made by PA Office of Inspector General to EPA Water Programs and any report, documentation or suggestions attached to the referral.
21. Copies of any records EPA OIG and EPA Water Programs have, or received from ESWA, City of Easton and PA DEP that the illicit water discharged from 856 Cattell St. is not related to Twin Water Reservoirs, whic

Please redact constituents' names and other personal information detailed in these logs in order to expedite this request.</p>	08/02/2022
2022-OCSP-05826	Gooding, Laura	American Chemistry Council	<p>Pursuant to the Freedom of Information Act ("FOIA"), as amended, 5 U.S.C. §§ 552 et seq., and implementing regulations promulgated by the Environmental Protection Agency ("EPA"), 40 C.F.R. Part 2, the American Chemistry Council ("ACC") requests copies of Records related to the March 31, 2022 memorandum ("Memorandum") describing a second existing chemical exposure limit ("ECEL") for occupational use of trichloroethylene ("TCE") based on developmental toxicity which was posted in the EPA Docket on May 20, 2022. In addition, ACC requests copies of Records related to the text in the final Risk Evaluation for TCE1 that discusses the congenital heart defects ("CHD") endpoint that is the basis for the second ECEL described in the March 31, 2022 memorandum. We request the following Records:</p> <ol style="list-style-type: none"> <li>1. All Records related to the development of the March 31, 2022 memorandum. These include all Records concerning: <ul style="list-style-type: none"> <li>? Correspondence between EPA staff related to the CHD endpoint</li> <li>? Correspondence between EPA staff and parties outside EPA related to CHD</li> <li>? Correspondence between EPA staff related to the development of the Memorandum</li> <li>? Drafts of the Memorandum</li> </ul> </li> </ol> <p>As used in this request, the term "Records" has the meaning in 5 U.S.C. § 552(f)(2). I understand that pursuant to EPA's FOIA regulations, I can expect a response to this request within 20 working days of your receipt of this letter. To facilitate a timely response to this letter, please forward me interim responses as subsets of responsive records become available. Should EPA decide to withhold any responsive documents, please provide me a "Vaughn index" identifying each such document withheld and the legal basis for withholding it. ACC is willing to pay reasonable fees, up to \$500, for responding to this request. If costs will exceed that amount, or if you have any questions regarding this request, please contact me at (b) (6) or laura_gooding@americanchemistry.com. Thank you for your prompt attention to this matter.</p>	08/02/2022

2022-OCSP-05848	Boito, Scott	Eastman Chemical Company	Eastman is requesting copies of the releasable documents and correspondence submitted by Eastman to the Pesticide Inert Ingredients Branch related to the review of Eastman Triacetin (CAS #102-76-1) for food and nonfood uses.	08/02/2022
2022-R09-05837	Seavey, Caitlyn	Partner Engineering and Science, Inc.	I would like to request the Preliminary Assessment/Site Inspection (PA/SI) and Closure/Archival letter associated with a CERCLIS case at 108 South 5th Street, Buckets, AZ 85326.	08/02/2022
2022-R02-05828	Kazmierczak, Debra	-	Looking for information regarding Lisha solar, and Lisha Solar 1 solar project proposal; Located on: 2772 and 2792 Curry Road between Curry Road and Kings Road in the Town of Colonie in the County of Albany. Associate names may be: Harry Lopes, Giovanni Maruca, Gillian Black, Eden Renewables  This is a proposed solar array development by Eden Renewables, taking existing farmland, previously used for soybeans plants, corn fields, and other vegetables, which have been harvested for the past five years or so. This proposal includes one 5 MW plan and one 7.5 MW array, proposed to be taking this existing farmland with possible removal of surrounding forest, and installation of the solar arrays with battery storage on the property. Looking for any information with regards to this development by Eden Renewables, including the concept plan, or any letters of approval for Eden Renewables, or EDP (Environmental Design Partnership).	08/02/2022
2022-OCSP-05823	Akers, Rodney	Rodney Akers, Regulatory Consulting LLC	Please provide an electronic copy of the Data Matrices, EPA Form No. 8570-35, and any correspondence between EPA and the registrant Wellmark International since 2019 for the following products: •EPA 2047 DR (Alt. Brand Name is Diacon-D IGR), EPA Reg. No. 2724-788 and •EPA-9811 (Alt. Brand Name is Dianex EC for Tobacco), Reg. No. 2724-427.	08/02/2022
2022-OMS-05850	Sherk, James	America First Policy Institute	The active ingredient in both products is (S)-Methoprene. I am willing to pay up to \$25.00 for each search. Thank you. I request all e-mail communications sent from members or representatives of AFGE Council 238 (including any of Council 238's constituent unions, such as AFGE Local 704) to the EPA management officials and/or agency representatives engaged or otherwise involved in negotiating the new master term CBA with AFGE.	08/02/2022

Witmeyer & Gleser

08/02/2022

For NCIA- new cassel industrial area, the following items:

-2018 UAO

-OU2 RI Report

-any validated data for OU3

- any validated data for ou1

2022-R10-05852 Harrison, Roger N/A

The following items I am requesting are mentioned in a 10/2014 report with CERCLAS ID: IDN001001341 and filename BoiseRadApt\_polrep\_6.pdf on your website.

08/02/2022

I would like a copy of the inventory sheet(s) mentioned in section 2.1.1. of the report, listing the 129 inventoried items from the apartment for disposal, and the 7 items from the storage units for disposal. The list(s) includes a description of the item or material, the date it was removed, and a unique identification number for the item or material.

I would like a copy of the DOE RAP team isotopic analysis listed in the log for 10/25/2014 under "Department of Energy (DOE) Radiation Assistance Program (RAP) Team Support". It is reasonable to assume that the EPA would also have this record in its possession. If I need to request this from the DOE directly, please let me know, and you can omit this from the request.

I would like a copy of the laboratory analytical results of the radioactive and hazardous substances listed in the log for 10/27/2014 under "Demobilization Preparations."

Finally, I would like copies of all photographs taken during this operation that are not already released on your website. This includes staging areas, inspection tables, materials collection processes, contaminated areas or rooms, items being investigated.

Thank you.

Pursuant to the Freedom of Information Act, I hereby request the following records:

1) All requests for certification as an eligible organization under the Intergovernmental Personnel Act mobility program submitted to your agency since Jan. 1, 2017. Organizations wishing to participate in the mobility program must first submit request for certification packets to the agency with which they seek to partner. Detailed descriptions of the IPA Mobility Program, its rules and regulations, and the documentation participating agencies must maintain can be found here: <https://www.opm.gov/policy-data-oversight/hiring-information/intergovernment-personnel-act/#url=Provisions>.

2) A list, roster, database, or comparable record documenting all of the organizations currently approved by your agency to participate in the IPA mobility program. If a list, roster, database, or similar record containing responsive information is not available, I ask that you provide your agency's approval letter for each organization.

3) A list, roster, database, or comparable record documenting all of the IPA mobility program assignments approved by your agency since Jan. 1, 2020. If a list, roster, database, or similar record containing responsive information is not available, I ask that you provide assignment agreement documents for each assignment. Please note: I understand and accept that some information—namely, SSN, address, DOB—would have to be redacted from the assignment agreements. It is for this reason that I've requested the records in formats that are easy to filter or redact.

I request expedited processing of this request under 5 U.S.C. § 552(a)(6)(E)(v)(II). I am a working journalist and I intend to use the requested records to "[engage] in disseminating information ... to inform the public concerning actual or alleged Federal Government activity."

I also ask that all fees be waived as I intend to use the requested records to publish articles in the public interest and not for any commercial purpose. In the event you choose to impose fees, I request a detailed breakdown of the fees, including the hourly wage of each employee involved and an explanation justifying the employee hours required to fulfill the request.

Should you choose to reject this request or redact portions of it, I ask that you provide a detailed explanation and citations to the statutory exemptions and associated case law underlying your decision to withhold each/any portions from public review.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Todd Feathers

2022-R04-05859	Whitehurst, Andrew	Healthy Gulf	<p>I request the completed, accepted application for an NPDES discharge permit for aquaculture in federal waters submitted in 2022 for Manna Farms, a commercial net pen aquaculture operation for grow-out of Red drum. This fish farm is to be anchored in federal waters south of Pensacola, Florida off of Santa Rosa or Escambia County. The Region 4 Aquaculture NPDES staff is Susanna Bains, email: <a href="mailto:bains.susanna@epa.gov">bains.susanna@epa.gov</a> phone (404) 562-9747. I informed her that I would make a FOIA Request for the NPDES Application. I request the form, and all associated sub-forms, appendices and maps that accompanied the permit application when it was submitted. If possible, I would like the NPDES permit application's electronic files, pdf or other format to be sent attached to an email.</p> <p>Thank You.</p> <p>Andrew Whitehurst Water Program Director, Healthy Gulf 3141 W. Tidewater Ln. Madison, MS 39110 <a href="mailto:andrew@healthygulf.org">andrew@healthygulf.org</a> (b) (6)</p>	08/03/2022

2022-R04-05863	Meiman, Larry	home owner	<p>Greetings</p> <p>I would like information about a likely perchloroethylene contamination site.</p> <p>I live near a former dry cleaner who went out of business several years ago. The EPA has had some company install monitoring wells around the site which is close to my property. I know that the wells have been checked twice in the last year. I'm interested in the level of contamination that has been found.</p> <p>The site was Dry Cleaning, Etc. AKA (Dry Cleaning Inc) 2194 Dixie Hwy, Fort Mitchell Kentucky 41017</p> <p>Some other facts, I have counted at least 9 monitoring wells between the plaza that the dry cleaners was at and the adjacent school parking lot next to my property.</p> <p>The Dry cleaners may have been in operation for nearly twenty years but went bankrupt and closed several years ago.</p> <p>Several areas were dug up and replaced with new drainage near these wells.</p> <p>I heard from a school administrator that the site had been dumping perchloroethylene directly into drains for many years and that it was the EPA who asked to place the monitoring wells on the school property.</p> <p>The school with the monitoring wells is the Beechwood schools, 54 Beechwood road, Fort Mitchell 41017</p> <p>The plaza that contained the dry cleaners is Expressway plaza, 2174 Dixie Highway, Fort Mitchell 41017.</p> <p>My property is about 800 feet away from the former dry cleaners, I have 4 children that have grown up here, I am worried about what they may have been exposed to.</p> <p>Thanks for your help.</p> <p>Larry Meiman</p>	08/03/2022
2022-R09-05872	Weisberg, David	Los Angeles City Attorneys office	<p>Any and all documents regarding an alleged gas tanker explosion, gas spill, oil spill, and water contamination that occurred on or about March 17, 2019 in Los Angeles, California.</p> <p>Any and all documents including the remediation and clean-up efforts, estimates and invoices related thereto, and communications with all property owners, lessees, and all state, federal, and municipal agencies related thereto.</p>	08/03/2022

2022-R09-05878	Meadows, Megan	Law Office of Jennifer F. Novak	<p>Pursuant to the Freedom of Information Act, 5 U.S.C. § 552 et seq., I request files that are received, kept or maintained by the United States Environmental Protection Agency, Region 9 ("Region 9") that relate to the following:</p> <ol style="list-style-type: none"> <li>1. Any and all pollutant loading models used or relied upon by U.S. EPA in reaching its determination that unpermitted stormwater discharges from commercial, industrial, and institutional sites do not contribute to violations of water quality standards in Dominguez Channel and Los Angeles/Long Beach Inner Harbor (Dominguez Channel watershed) and do not require permitting under the Clean Water Act;</li> <li>2. Any and all assessment models based on pollutant loading levels associated with commercial, industrial, and institutional land uses that were relied upon by U.S. EPA in making a determination that unpermitted stormwater discharges from commercial, industrial, and institutional sites do not contribute to violations of water quality standards in Dominguez Channel and Los Angeles/Long Beach Inner Harbor (Dominguez Channel watershed) and do not require permitting under the Clean Water Act;</li> <li>3. Any and all data and datasets relied upon by U.S. EPA in estimating pollutant loading into Dominguez Channel and Los Angeles/Long Beach Inner Harbor (Dominguez Channel watershed) related to its decision that stormwater discharges from commercial, industrial, and institutional sites do not require a permit under the Clean Water Act;</li> <li>4. Any and all program studies used or relied upon by U.S. EPA in reaching its determination that stormwater discharges from commercial, industrial, and institutional sites do not contribute to violations of water quality standards in Dominguez Channel and Los Angeles/Long Beach Inner Harbor (Dominguez Channel watershed) and do not require permitting under the Clean Water Act; and</li> <li>5. Any and all research studies considered or used by U.S. EPA in examining the likelihood of exposure of pollutions to precipitation at privately-owned commercial, industrial and institutional sites contributing to violations of water quality standards in the Dominguez Channel and Los Angeles/Long Beach Inner Harbor (Dominguez Channel watershed).</li> </ol>	08/03/2022
2022-R10-05861	Oppenheimer, Jonathan	Idaho Conservation League	<p>I am interested in obtaining information on the status of a penalty payment levied against Mr. Dave Erlanson, Sr. as a result of the final dismissal of an appeal before the Environmental Appeals Board on March 5, 2021, in case docket: CWA-10-2016-0109. Please provide documentation of any submitted fine, correspondence between Mr. Erlanson and the EPA since the March 5, 2021 dismissal of the appeal, EPA collection/demand letters and copies of any liens or other assessments against Mr. Erlanson based on his failure to pay.</p>	08/03/2022

To help determine my status to asses fees, you should know that I fall in the following fee category: - Commercial Use I am willing to pay \$200.00 If you have any questions regarding this request, please contact me. Sincerely, John Goodrich (b) (6) (b) (6) (b) (6) (phone) (b) (6)	08/04/2022
2022-OAR-05906	Park, Yeonkyeong	Cornell University	Dear EPA,  We are a group of academic scholars, and for our non-profit independent academic research, we would like to request data on the details of scrapped diesel trucks under Clean Trucks Program/Port Truck Replacement Program in the United States major ports since 2008 when the program was implemented. The specific data inquires entail : i) which trucks had been scrapped and which not (edibility criteria); ii) number of scrapped truck units; iii) their ages; iv) Origin-Destination readings; v) engine profile.  It would be greatly appreciated if we could be connected to a contact point to discuss any responsibilities that we need to make to further this process. Thank you very much.	08/05/2022
2022-OAR-05911	Rycraft, Joe	-	COPY OF All documents and records of waivers issued for vehicles by IEPA that failed emissions testing in the years 2021 & 2022; All documentation that grants IEPA the power to demand a specific dollar amount to receive a waiver for a failed emission tested vehicle	08/05/2022

Please provide relating documents from September 2021 to present.</p>	08/11/2022
2022-R02-06006	Marinero, Alixandra	-	<p>Any and all documents pertaining to the property at 26 Center Street, Randolph, New York, that would help to understand the historical uses of the property and any impact on the soil or groundwater beneath the property. Including, but not limited to information about any underground or above ground storages tanks, any known or suspected release cases, any storage of hazardous substances, disposal of hazardous wastes, and institutional and engineering information. This request is for the current landowner</p>	08/11/2022
2022-NFO-06024	Flynn, Eamon	PES Associates Inc.	<p>PES Associates, Inc. (PES) has been engaged to perform a Property Condition Assessment of the following property (the Site): 1831 Harroun Ave, McKinney, TX 75069, Parcel Numbers (#2087441). As part of our research, we are requesting the following information pertaining to the Site: records related to the initial construction (date of original construction, Certificates of Occupancy or Compliance, building plans, structural additions, etc.) and any open/outstanding building, fire, health, and zoning code violations.</p> <p>Additionally, we are also requesting the following information pertaining to the Site and surrounding area: water meter information (meter size, location, and meter numbers), water lateral size and location, the location and size of the water main for which the building's water line and meter are connected to, any and all tapping fees associated with the installation of a new water/ sewer service line, and a utility map for the Site and the surrounding area.</p>	08/11/2022

I ☐ hereby request a copy of the following records related to EPA's June 23, 2022 Proposed Revisions to the Atrazine Registration Review Decision and supporting analyses: ☐

1. Analytical support for the 3.4 µg/L CE-LOC that EPA proposed in 2016 and 2022: ☐

? Specific inputs and scenarios and executable versions of the models run to conduct the uncertainty analysis and produce the range of outcomes reported in support of the 3.4 µg/L CE-LOC EPA proposed in 2016.1 ☐

? All records that provide any additional analytical support for the 3.4 µg/L CE-LOC proposed in 2016, and all records necessary to evaluate and replicate any such analytical assessments and outcomes. ☐

? All records related to any additional analytical support conducted after 2016 to support the 3.4 µg/L CE-LOC EPA proposed in the 2022 Proposed Revisions,2 and all records necessary to evaluate and replicate any such analytical assessments and outcomes.2. Analytical support for the alternate 20.8 µg/L CE-LOC that EPA described in the 2016 risk assessment: ☐

? Specific inputs and scenarios and executable versions of the models run to conduct the alternate uncertainty analysis and produce the range of outcomes reported in support of the 20.8 µg/L CE-LOC EPA described in 2016.3 ☐

? All records that provide any additional analytical support for the 20.8 µg/L alternate CE-LOC described in 2016, and all records necessary to evaluate and replicate any such analytical assessments and outcomes. ☐

3. Analytical support for 15 µg/L CE-LOC that EPA adopted in 2019 and confirmed in 2020: ☐

? Specific inputs and scenarios and executable versions of the models run to conduct the uncertainty analysis and produce the range of outcomes reported in support of the 15 µg/L CE-LOC EPA adopted in 2019 and confirmed in 2020.4 ☐

? All records that provide any additional analytical support for the 15 µg/L alternate CE-LOC EPA adopted in 2019 and confirmed in 2020, and all records necessary to evaluate and replicate any such analytical assessments and outcomes. ☐

4. Definitions and assumptions used by EPA in evaluating proposed mitigation options: ☐

EPA reports that it has assessed and modeled the feasibility and efficacy of mitigation practices to address atrazine runoff and has identified a picklist of options "that were determined to be effective options."5 EPA acknowledges that "the findings from PWC modeling and the literature review suggest that the efficacy of mitigation measures will depend on environmental factors and the specific implementation of the mitigation measure."6 For the practices identified on EPA's proposed mitigation picklist (listed below), please provide all records related to and identifying the definitions, assumptions, and specifics of implementation EPA used to assess and model the feasibility and efficacy of the mitigation practices. ☐

? no preemergence applications to the crop ☐

? vegetative filter strips ☐

2022-OMS-06118	Bogardus, Kevin	E&E News	<p>I request the written agreements for the Intergovernmental Personnel Act assignments for incoming and outgoing personnel at EPA from January 20, 2021 to the date that this request is processed.</p> <p>I also request any modifications to these agreements during this same time period.</p> <p>As specified in 5 U.S.C. § 3373-3375, before the IPA assignment begins, the assigned employee and the federal agency, the state, local, tribal government, institution of higher education or other eligible organization must enter into a written agreement recording the obligations and responsibilities of the parties.</p> <p>Federal agencies must maintain a copy of each assignment agreement, including any modification to the agreement, under 5 CFR Part 334.</p> <p>Responsive records to my request will likely be found with EPA's IPA coordinator in EPA's Office of Mission Support.</p>	08/16/2022
2022-NFO-06089	Barnes, Anthony	BHGRE Shore & Country Properties	Would like to know if any records exist about abatement, removal or oil leak of any underground oil tank at 680 West Jackson Ave. Bridgeport, CT. 06604	08/16/2022
2022-OECA-06101	Clapp, Douglas	Ajay North America, LLC.	Can you send me the report for 2016 of Form 3540-16 ( Pesticide Report for Pesticide-Producing and Device-Producing establishments? This is for EPA Establishment Number 35956-GA-1	08/16/2022
2022-OCSP-06119	McArdle, Aidan	Michigan State University	<p>My team and I at Michigan State are working on developing a polymerized film using this substance (2,3-dihydro-2,2-dimethyl-3,7-benzofurandiol) as a method of increasing some mechanical properties. This film will ideally be used in food packaging, particularly vegetables and produce.</p> <p>However, before moving forward with this, we thought it best to review the FDA/EPA guidelines surrounding this material as it was difficult to decipher what the existing ones were/are in this context. After reaching out to FDA, we were redirected to this link to create a case no. for this department to handle.</p> <p>Unfortunately, the description of tolerances on the EPA's website are unclear and we would appreciate some enlightenment. Please see attached</p> <p>Essentially, we are looking for a green light from the EPA to move forward in testing as we are unsure what the current guidelines are for this material in terms of its presence in packaging materials.</p> <p>Any information regarding this would be much appreciated.</p>	08/16/2022
2022-OGC-06124	Harmon, Michael	National American University	<p>Purpose: For doctoral dissertation, instances where Agile-Scrum is being adopted to minimize program/project risks at the Environmental Protection Agency.</p> <p>I'm trying to show how well the EPA is doing, especially at Superfund Sites. I'm hoping to highlight where Agile-Scrum helped turn around any bad projects/programs, or where it significantly reduced risk. I apologize that I'm not so good at narrowing this down. The closest comparison I can get is how Agile-Scrum helped the FBI overcome Virtual Case File money pit and finally get Sentinel operational for their case filing system. Has the EPA used Agile-Scrum to overcome any challenging projects? Any documentation would be much appreciated.</p>	08/16/2022

Timeframe: Any date available, Discovery Date 3/1/1987, Site Investigation: 5/13/1992, Archive Date 5/13/1992; Looking for all info available. Publicly Records that are available only. We do not need email correspondence or attachments as part of our response. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. Thank you!, Lexi **Please send all invoices to Accounting@PhaseEngineering.com** (Phase Job# 202208084)	08/17/2022
2022-NFO-06137	Whitaker, Ashley	Roux Associates	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APN 105-049-111. The Site is located at 2042 South Grove Avenue Ontario, CA 91761. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	08/17/2022

2022-OAR-06133	Lutz, Sarah	Friends of the Earth	<p>Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, Friends of the Earth requests information about the Environmental Protection Agency's (EPA) communications with stakeholders on considerations for implementing electric renewable identification numbers (e-RINs) through the Renewable Fuel Standard's (RFS) cellulosic mandate.</p> <p>The EPA has indicated that it will address how the RFS could provide credits for charging electric vehicles (EV) with electricity produced from cellulosic feedstocks in a future rulemaking (see Attachment #1, Inside EPA reporting from Stuart Parker, "RFS 'Set' Rule Will Create Method To Allocate Electric Compliance Credits"). The records released in response to our 2021 FOIA request on this topic have demonstrated that, despite unwillingness to publicly comment on the content of the pending rulemaking, conversations between biogas and biomass interests and EPA employees have been ongoing about the shape these pathways should take. The public has a substantial interest in these conversations, as demonstrated by reporting by Stephanie Kelly and Jarret Renshaw (see Attachment #2, "Biden administration leans on Tesla for guidance in renewable fuel policy reform").</p> <p>Specifically, Friends of the Earth seeks additional records on these conversations regarding e-RINs in two key areas:</p> <p>Firstly, we request information regarding specific interactions, meetings, communications, and relationships on the issue of e-RINs and electrification of the RFS between the EPA — including, but not limited to the following EPA staff — and the specific entities listed below:</p> <p>EPA Employees:</p> <ul style="list-style-type: none"> <li>• Akshay Delity</li> <li>• Alejandra Nunez</li> <li>• Ann Campbell (Fario)</li> <li>• Benjamin Hengst</li> <li>• Courtney Herbolzheimer</li> <li>• Dallas Burkholder</li> <li>• Delaney Rakosnik</li> <li>• Diana Galperin</li> <li>• Gail Gonzalez</li> <li>• Gwen Stewart</li> <li>• Jessie Mroz</li> <li>• Joseph Goffman</li> <li>• Julia Burch</li> <li>• Karl Simon</li> <li>• Kathryn Sargeant</li> <li>• Kyle Borgert</li> <li>• Marion Hoyer</li> <li>• Nora Greenglass</li> <li>• Paul Machiele</li> <li>• Robert Anderson</li> </ul>	08/17/2022
2022-NFO-06129	Doherty, Lucy	Environmental Design International	<p>To whom it may concern,</p> <p>I am requesting, under the Freedom of Information Act, for the use in a Phase I Environmental Assessment of the site, any and all information for environmental issues (Tanks, spills, chemical storage, dumping, wells, etc.) on the property located at 1 east bode road, Streamwood, Illinois 60107 (PIN: 06-14-301-003-0000).</p>	08/17/2022
2022-OCSP-06126	Cox, Caroline	-	All documents containing information about U.S. sales or usage estimates for the fumigant sulfuryl fluoride.	08/17/2022
2022-R02-06127	Jacobson, Johannah	Roux Associates, Inc.	<p>We are conducting an environmental investigation of property address located at 24 Pier Lane West, Fairfield, NJ 07004. The property is identified as Block 2601 Lot 16. As part of this investigation, we are requesting that your office perform a records search for all identifiable remedial, permitting, enforcement violations, air permits and inspections, hazardous waste, water quality and allocation, land use, solid waste, and Right to Know surveys, spills, cleanups, underground storage tank records, TCPA, DPCC, No Further Actions, correspondence, maps, and reports on the subject property.</p>	08/17/2022

2022-R04-06134	Weathers, Sandra	Spectrum Bay News 9	Any and all recorded violations, complaints or fines linked to Howco Environmental Services in St. Petersburg, FL.	08/17/2022
2022-R04-06131	Horan, Ronald	-	I am looking for technical reports detailing the RCRA closure at a facility located at 1300 Jarvis Road in Mobile, AL (ALD008163388).	08/17/2022
2022-R05-06136	Krause, Leah	EHS Support LLC	Please provide all records related to Marathon Electric Mfg Co, EPA ID: WID006126213, located at 100 E Randolph Street in Wausau, WI. A superfund site investigation was completed on February 2, 1989; please provide any related documentation. The company is also listed as a PRP in connection with the Wausau Groundwater Contamination Superfund site (WID980993521); please provide the General Notice dated March 10, 1986, all settlement decrees identifying Marathon as a PRP (dated September 8, 1989 and January 25, 1991), and any other related correspondence.	08/17/2022
2022-NFO-06150	McHugh, Monica	Roux Associates, Inc.	Requesting all RCRA, CERCLA, NPDES permits, inspections, violations, and reports for the Residex (former US Blade Manufacturing) property located at 311 Cox Street, Roselle, NJ.	08/18/2022
2022-OIG-06151	Machles, Maren	-	The Project On Government Oversight (POGO) makes this request for records pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and U.S. Environmental Protection Agency (EPA) regulations.??	08/18/2022

Specifically, POGO requests any EPA Office of Inspector (OIG) reports of investigation and investigative files regarding the Gold Hill Mesa Development in Colorado Springs, Colorado. This request will remain as an ongoing FOIA request until such time as the agency conducts a proper and adequate search. Therefore, any records that come within the possession of the agency prior to the final response to this FOIA request are within the scope of this request.

If it is your position any portion of the requested records is exempt from disclosure, POGO requests that you provide it with an index of those documents, as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973). If some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the materials is dispersed throughout the document. See Mead Data Central v. U.S. Dep't of the Air Force, 566 F.2d 242, 261 (D.C. Cir. 1977).

2022-OCSP-06160	Brown, Ann	Center for Biological Diversity	<p>The Center the is requesting the records outlined below from the U.S. Environmental Protection Agency, Office of Pesticide Programs ("EPA"). We are seeking information regarding unauthorized discharges from sanitary sewer collection systems. Specifically, we are interested in SSO (sanitary sewer discharge) events that are by nature unauthorized by the EPA.

We are interested in the following statistics for SSO events:

- 1- ~~S~~cope of locations – the United States, excluding Hawaii and Alaska
- 2- ~~F~~rom January 2015 to the current date
- 3- ~~D~~ate of SSO event/unauthorized sanitary sewer discharge
- 4- ~~T~~ype or classification of discharge; for example, discharge from manholes, lift stations, broken pipes, etc.
- 5- ~~L~~ocation of discharge; state, county, city, address, or geolocation – partially available location information will be helpful
- 6- ~~Q~~uantity of discharge (gallon of the discharge/spill), if available
- 7- ~~F~~ines associated with the SSO event include EPA fines, fines stemming from fish kills, property damage, etc.

We are requesting this information for all states, therefore, all EPA regions. If the information request must be parsed, we request that Texas and region 6 be the first region we receive information from.

Please do not hesitate to contact me for clarification of the above request.

We appreciate your support and demanding work.

Respectfully,

Cash Nashery

Please see attached written FOIA request Re: Lower Ley Creek OU and Ley Creek Deferred Media OU, for time period of January 2000 through July 2022. Requesting the following documents:

08/19/2022

- Any and all documents, records, emails, correspondence, reports, data, PowerPoints and photographs (hereinafter "records") on which USEPA relied in making the determination that General Electric (GE) "is considered to be a potentially responsible party ("PRP") with respect to both the Lower Ley Creek OU and the Ley Creek Deferred Media ("LCDM") OU";

- All correspondence and communications identifying or referring to GE to or from the parties to whom USEPA's 2009 general notice letters were sent ("general notice letter parties") with regard to the Lower Ley Creek subsite OU;

- The Responsiveness Summary and all correspondence from the 2009 general notice letter parties concerning the Lower Ley Creek subsite RI/FS and Record of Decision dated September 30, 2014;

- The 2016 administrative order on consent ("LLC RD AOC") referenced in the USEPA letter, including all correspondence between USEPA and the signatories to the order on consent;

- All drafts of the 2016 administrative order on consent referenced in paragraph #4 above;

- All correspondence and communications identifying or referring to GE as a source or contributor to the contamination of the Ley Creek Deferred Media ("LCDM") subsite;

- Documents and records that refer in any manner to the "discrete response activities" referenced by USEPA with regard to RACER Trust contained on page 3 of the attached notification letter sent by USEPA to GE.

- Documents and records relating to the soil contamination at the LCDM and the determination referenced on page 3 of the attached USEPA letter that excavation is required for soil contamination at the LCDM, including the determination that soil removal of between 15,000 to 142,000 cubic yards is required.

- All correspondence and communications to and from the law firm of Knauf Shaw LLP regarding the LCDM;

- All correspondence and communications to and from former USEPA Attorney, and counsel to RACER Trust, Carl Garvey regarding the LCDM;

- All correspondence, communications, reports and data from environmental consultants, geologists, engineers, hydrogeologists and/or chemists that establish a nexus between RMS Environmental has been retained to conduct Phase I Environmental Site Assessment of the property located at 138 South New Prospect Road, Jackson, New Jersey 08527 Block: 6401 Lot:20

2022-NFO-06186 Kennedy, William RMS Environmental

As part of the investigation, we are required to include any information such as health code violations, permits for air, soil and/or water; site remediation; storage tanks records; records of any spills; hazardous materials used on site, odor complaints; community right to know information; any environmental reports you may have on file. RMS requests, under the Open Public Records Act (OPRA), any information on this property that you have at your disposal.

RE: Freedom of Information Act Request: Class VI UIC Application Materials

Dear EPA,

Lapis Energy LP is a company which connects major CO2 emitters with the best CO2 storage sites. We develop and aim to operate subsurface CO2 sequestration projects for our clients.

Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I hereby request all records (whether maintained in hard copy or electronic format) held by the United States Environmental Protection Agency ("EPA") regarding the following matters:

- Any Class VI injection well permit applications (including appendices, attachments, and related materials) that the EPA has received in the past 24 months requesting authorization under the EPA's Underground Injection Control ("UIC") program for geologic sequestration of carbon dioxide in the states of Ohio, Indiana, Missouri, Pennsylvania and Illinois.
- Any Class VI injection well permit applications (including appendices, attachments, and related materials) that the EPA has received since the start of May 2022 requesting authorization under the EPA's Underground Injection Control ("UIC") program for geologic sequestration of carbon dioxide in the states of Texas and Louisiana.

Please provide these records to me at the following address only if digital copies cannot be provided via an electronic data transfer service.

Stijn Konings  
Lapis Energy, LP  
2950 N Harwood St.,  
Dallas, Texas 75201

I agree to pay costs properly assessed in accordance with 5 U.S.C. § 552(a)(4)(A)(iv) and 29 C.F.R. § 70.40 in connection with this request. Please contact me by telephone at (b) (6) or via email at skonings@lapisenergy.com for authorization if these fees will exceed \$500.00, or if you find that this request is unclear, or if the scope of the request is considered too voluminous.

Thank you for your assistance in this matter.

Sincerely,

2022-OLEM-06182	Mahmutbegovic, Merima	Todd Welty, P.C.	<p>[Four-Part Request From Attachment]</p> <p>1. 2022-OAR-06187	Paff, Tricia	AFGE	<p>I would like to request a copy of the current position description for the following OAR-OTAQ staff:</p> <ol style="list-style-type: none"> <li>1) Tim Dorwin</li> <li>2) Nick Witkowski</li> <li>3) Annette Carpenter</li> <li>4) Tim Coogan</li> <li>5) Jeffrey Franklin</li> <li>6) Sheila Irving</li> <li>7) Tricia Paff</li> <li>8) Tricia Kiyoshi</li> <li>9) Michelle Houston</li> <li>10) Clay Batko</li> <li>11) Samantha Pryor</li> <li>12) Taylor Pittard</li> <li>13) Staci Gatica's PD for TATD duties</li> <li>14) Crystal Cook</li> <li>15) Vonne Christopher</li> <li>16) Madison Boettcher</li> <li>17) Natalie Salazar-Green</li> <li>18) Robin Kirkbride</li> </ol> <p>The purpose of this request is to obtain information for L3907 to represent a disabled employee who is being targeted for removal based on performance. The employee slated for removal has absorbed duties from a variety of staff over time and these position descriptions will show the disparity in workload among similarly situated employees which is a critical component of AFGE L3907's ability to effectively represent the client.</p>	08/19/2022
2022-OAR-06188	Paff, Tricia	AFGE	<p>I am writing to request a copy of the 1-year, 2-year, 3 year, 4-year, and 5-year staffing plan for the Office of Transportation and Air Quality (OTAQ) in Ann Arbor, Michigan. The Agency has denied the release of this information to AFGE verbally on multiple occasions. L3907 requires this information to ensure that OTAQ is planning for the future by allocating a sufficient number of full-time efforts (staff) for fund control officers and contracting officer representatives. L3907 has observed a significant decline in the expertise of the financial community in the last couple of years; in fact, the current fiscal staff has defined the current lack of financial expertise across the office as a "fiscal collapse." The OTAQ staffing plan will reveal whether or not OTAQ has formulated a plan to address the existing financial internal control risks. Without proper staffing in these key positions, OTAQ will struggle and potentially fail to sufficiently address the looming climate crisis.</p>	08/19/2022

2022-OIG-06184	Paff, Tricia	N/A	I am requesting a copy of all OIG reports between the dates of 1/1/2018- present that contain information about investigations that involve the Office of Transportation and Air Quality (OTAQ) in Ann Arbor, Michigan and its staff. For the purpose of this request, the term "reports" includes, but is not limited to, complaint summary report, final summary report, semiannual reports, oversight and special review, case closing report, key management challenges, and planning and performance documents.	08/19/2022

Apex Companies, LLC is conducting a Phase I Environmental Site Assessment (ESA) at the above-mentioned property. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs) that may have an adverse environmental impact upon the subject property. Apex's client is requesting a due diligence investigation. According to ASTM Standards E 1527-21, property record reviews are required prior to completing this investigation.

Apex is requesting any records you may have concerning the property of interest. Records may include, but are not limited to:

- Records indicating former operations/owners
- Site remediation/investigation activities
- Contamination issues in soil or groundwater
- Environmental violations
- Fires, leaks or spills of hazardous materials
- Sewer or septic issues; issued permits
- Storage or use of hazardous materials
- No further action letters
- Monitoring well installations and/or  
sampling results
- Consultations with the U.S. Environmental Protection Agency (USEPA)
- Underground or aboveground storage tanks  
(tank abandonment, removals and closures)
- Sites that may be classified as State Hazardous Waste sites

If you have any questions or concerns regarding this request or if you need additional information to assist with your record search, please feel free to contact me via phone at (979)574-8501 or email at [Roxanne.Kelly@apexcos.com](mailto:Roxanne.Kelly@apexcos.com). Thank you in advance for spending time on this matter.

Sincerely,

Roxanne Kelly  
Environmental Scientist

I am conducting a Phase I Environmental Site Assessment on the Property located at 10800 Pflumm Road, Lenexa, Kansas 66215. I would like to request documents related to environmental concerns on the property, including but not limited to environmental-related complaints, violations, citations, or inspections related to the property and adjacent properties. We understand that the site is in the VCP program, so I would like to receive information on that as well, such as current status/progress to closure.</p> <p>Thank you,</p> <p>Travis Reddick</p>	08/22/2022

Dear Regional Freedom of Information Officer,

This is a request under the Freedom of Information Act (5 U.S.C. § 552).

Please allow this letter to be a formal request pursuant to the Freedom of Information Act. This request is for records relating to the Marinship Shipyard located at 2350 Marinship Way, Sausalito, CA 94965, within Richardson Bay (Site).

Brown & Winters requests copies of all public records in your possession relating to the environmental investigation and remediation of contaminated sediment and soils at the Site, any part of the Site, or affected adjacent sites. Such records should include any sampling data of sediment and dredged materials, reports, memoranda, and correspondence between EPA and any other persons or entities regarding contamination at the Site, including correspondence between EPA and Marinship or its successors in any capacity, EPA and any other regulatory agency, and EPA and the City of Sausalito, from 1946 to the present day.

Please provide copies in standard electronic format to the extent they are available in electronic form and send them to the attention of the undersigned. If any fees are associated with copying the records, please provide us with an estimate of the fees to be charged.

If you have any questions regarding this request, please do not hesitate to contact me by email. Thank you for your cooperation and courtesy in this matter.

Sincerely,

William Coons  
Brown & Winters  
2253 South Coast Highway 101, Suite 270

Regional Freedom of Information Officer  
U.S. EPA, Region 9  
75 Hawthorne Street (ORC-1)  
San Francisco, CA 94105  
(415) 947-4251

Dear Regional Freedom of Information Officer,

This is a request under the Freedom of Information Act (5 U.S.C. § 552).

Please allow this letter to be a formal request pursuant to the Freedom of Information Act. This request is for records relating to Sausalito Yacht Harbor located at 501 Humboldt Ave, Sausalito, CA 94965, within Richardson Bay (Site).

Brown & Winters requests copies of all public records in your possession relating to environmental violations, contamination, analysis, investigations, reports, penalties, and remediation at the Site, any part of the Site, or affected adjacent areas. Such records should include any available sampling data or descriptions regarding the nature of the contamination and/or EPA violations or unlawful activity, and correspondence between EPA and any other persons or entities regarding contamination at the Site, including correspondence between EPA and Sausalito Yacht Harbor or its successors in any capacity, EPA and any other regulatory agency, and EPA and the City of Sausalito, from 1953 to the present day.

Please provide copies in standard electronic format to the extent they are available in electronic form and send them to the attention of the undersigned. If any fees are associated with copying the records, please provide us with an estimate of the fees to be charged.

If you have any questions regarding this request, please do not hesitate to contact me by email. Thank you for your cooperation and courtesy in this matter.

Sincerely,

William Coons  
Brown & Winters

2022-AO-06242 Gilbert, Natasha Freelance

To Whom it May Concern:

08/23/2022

Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, I request the following information:

- 1) ~~The~~ minutes of a meeting that took place on 6/29/2017 with officials from the EPA office of policy which may include Robin Kime and representatives of the American Iron and Steel Institute. Other attendees included representatives of US Steel. The topic of the meeting included discussion of regulatory reform.
- 2) ~~Email~~ correspondence and minutes of meetings that took place between 2017 and 2018 between Robin Kime or Samantha Dravis or other officials in the EPA's office of policy and representatives of the American Iron and Steel Institute and/or representatives of the Manganese Interest Group and/ or representatives of the Afton Chemical Company. The correspondence and meetings concerned manganese, in particular a review of manganese being conducted and subsequently suspended by the EPA's Integrated Risk Information System. The correspondence and meetings could also concern the listing of manganese on the Contaminant Candidate List (CCL4).
- 3) ~~I~~ also request email correspondence with officials in the EPA office of policy and Joseph Green of the Manganese Interest Group regarding manganese in the Contaminant Candidate List 5 sent or received between September 2021 and August 2022.

The information released does not need to include email attachments but should include meeting notices.  
Where possible I would like to receive the information via email or on a USB drive.

Please waive any applicable fees. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on the health impacts and exposure of manganese which is of interest to the public. It also seeks to gain an understanding of the government operations in assessing the risks and controlling manganese including balancing the demands of industry with the need to protect the health and safety of people and the environment. This request will help to ensure transparency and accountability to the public. This information is being sought for a freelance article for dissemination to the general public. I am a journalist with over 10-years' experience covering the environment and human health for publications including Nature, STAT and Scientific American. This request will help to ensure transparency and accountability to the public.

I would prefer you to produce the information on a rolling basis. At no point should the EPA's search for — or deliberations concerning — certain documents delay the production of others that the EPA has already in its possession and has elected to produce.  
If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.  
I would appreciate you communicating with me by email or telephone, rather than by mail.

I look forward to your determination regarding my request within 20 business days, as the statute requires.  
Thank you for your assistance.  
Sincerely,  
Natasha Gilbert

2022-OAR-06231 Baron, David Earthjustice

1. ~~Elate~~ to, discuss, or refer to the use of significant impact levels (SILs) for PM2.5, ozone, or NO2 in connection with applying for or issuing a Prevention of Significant Deterioration (PSD) permit under the Clean Air Act or state law;

08/23/2022

2. ~~Elate~~ to, discuss, or refer to EPA's Guidance on Significant Impact Levels for Ozone and Fine Particles in the Prevention of Significant Deterioration Permitting Program, April 17, 2018 (available at: [https://www.epa.gov/sites/default/files/2018-04/documents/sils\\_policy\\_guidance\\_document\\_final\\_signed\\_4-17-18.pdf](https://www.epa.gov/sites/default/files/2018-04/documents/sils_policy_guidance_document_final_signed_4-17-18.pdf)) or records developed or used to support that document.

2022-NFO-06230 Jacobson, Johannah Roux Associates, Inc.

We are conducting an environmental investigation of property address located at 1 Caesar Place, Moonachie, New Jersey. The property is identified as Block 64.01 Lot 1. The Site is listed within the New Jersey Department of Environmental Protection (NJDEP) Site Remediation Program (SRP) database under Program Interest (PI) Number 026450 (Manhattan Products Inc). According to public records, the Site is listed under three Activity Numbers, ISR030002, CSP080001, and LSR100001.  
As part of this investigation, we are requesting that your office perform a records search for all identifiable remedial records, permits, No Further Actions, and reports on the subject property.

08/23/2022

2022-R03-06224	Good, Steven	CBRE	I am requesting documentations, particularly remedial reports and applicable correspondences for SEMS-ARCHIVE: EPA ID No. MDD981108939, Site ID No. 0300380, listed as Gaithersburg Launch, off Snouffers School Road, Gaithersburg, Maryland. Thank you in advance for your assistance.	08/23/2022
2022-R05-06239	Cooksey, Allen	Illinois State Geological Survey	I am requesting any available RCRA information on the following facility:  ILT180013179 Kaiser Agricultural Chemicals, RTE 45 North, Pesotum, IL  This information is being used for a road enhancement project for the Illinois Department of Transportation.  Thank you, Allen Cooksey	08/23/2022
2022-R06-06233	Brown, Travis	Edinger Leonard & Blakley	All reports, sampling/testing, laboratory results, maps, data, field notes, internal EPA memorandums and emails, and communications regarding the Wilcox Oil Refinery (including but not limited to the former Lorraine Refinery) located in Bristow, Creek County, Oklahoma. 2022-R06-06252	Vidaurri, Aimee	Norton Rose Fulbright	To whom it may concern:	08/24/2022
			<p>We write to make a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq concerning the Consent Agreement and Final Order ("CAFO") entered into by the U.S. Environmental Protection Agency, Region 6, (EPA or "the Agency") and Maverick International Ltd, as well as the CAFO entered into between the Agency and Verataur, LLC. ("Verataur") concerning BioErase Antimicrobial Surface Wipes ("the Product").</p> <p>We represent H-E-B LP ("HEB") in connection with this request. Through prior discussions with the EPA, HEB was informed it should remove the Product from its shelves. HEB promptly complied with the EPA's request, removed the product from its shelves and ceased any advertising or distribution of the Product. However, H-E-B is presently storing hundreds of thousands of Bioerase units, which are subject to a Stop Sale and Use Order issued against Verataur and which Maverick refuses to accept return. Additionally, HEB is presently involved in a dispute against Maverick International ("Maverick") who alleges HEB is contractually obligated to purchase approximately five million additional units of the Bioerase Product that is subject to the SSURO Order and the CAFO entered into by Maverick and the Agency. HEB denies the claim. HEB first became aware of the Verataur Consent Agreement and Final Order issued in connection with the proceeding Docket No. FIFRA-06-2022-0408, in August 2022. Similarly, HEB has become aware of a Consent Agreement and Final Order issued concerning Maverick International Ltd in connection with Docket No. FIFRA-06-2022-0417</p> <p>•<del>F</del>irst, we request that you please provide the file corresponding to any investigation of Maverick related to Bioerase and the CAFO issued in Docket No. FIFRA-06-2022-0417.</p> <p>•<del>S</del>econd, we request that you please provide the file corresponding to any investigation of Verataur related to Bioerase and the CAFO issued in Docket No. Docket No. FIFRA-06-2022-0408.</p> <p>•<del>T</del>hird, we request that you please provide the file corresponding to any application concerning "Purgo Wipes" for N number registration. Including the file related to the package provided under EPA CDX: Sec3-New-000001: CDX_2021_003073.</p> <p>Please do not hesitate to contact me at aimee.vidaurri@nortonrosefulbright.com or at 210-270-7136 and please provide the tracking number(s) for this request at your earliest convenience.</p>

2022-R07-06274	Sutton, Kristopher	-	<p>My name is Kristopher Sutton, I work for a local engineering firm (Nova Group, GBC), and I am performing a Phase I Environmental Site Assessment (ESA) on a Property located in Kansas City, Missouri. The Property is now the "Switzer Lofts" apartment complex, located at 1936 Summit Street (the Property was formerly an educational institution, formerly known as 1826 Madison Avenue).</p> <p>In my regulatory records review, the Property is listed as a Brownfields. The EPA website states that a Phase II ESA was performed on the Property and that the soil was contaminated with Volatile Organic Compounds (VOCs). I need information related to this Property, how/why the Property became listed as a Brownfields, and whether or not the contaminated soil has been removed (or remains in place).</p> <p>I cannot locate any local city or state files related to the Property.</p> <p>Please advise.</p> <p>Thank you, Kristopher Sutton Industrial Hygiene Specialist Nova Group, GBC</p>	08/25/2022
2022-R10-06282	Hecker, Joel	Pioneer Technologies Corporation	<p>Looking to receive a copy of the City of Bremerton, WA USEPA Brownfield Assessment Grant Application submitted as part of the FY2017 competition.</p> <p>The following is from the award notice on EPA's website: Assessment Grants \$150,000 for hazardous substances \$150,000 for petroleum</p> <p>EPA has selected the City of Bremerton for two brownfields assessment grants. Community-wide hazardous substances grant funds will be used to conduct five Phase I and three Phase II environmental site assessments, and prepare one cleanup plan. Community-wide petroleum grant funds will be used to conduct the same tasks at sites with potential petroleum contamination. Grant funds of both types also will be used to support community involvement activities, maintain and update a brownfields site inventory, and develop one area-wide plan.</p>	08/25/2022
2022-OCSP-06304	pehrson, casey	-	We'd like to request the EPA approved CSFs (current) for EPA Reg. No. 64962-5, 64962-6, and 64962-9. Earth Science Laboratories is the owner of this registration and a letter of agency is attached.	08/26/2022
2022-OCSP-06290	Stowe, Harold	TSG Consulting	Technology Sciences Group Inc. (TSG) hereby submits this FOIA request to obtain all physically and electronically releasable copies of Data Matrices (EPA Form 8570-35) supporting the initial registration of, and any subsequent registration amendments to Geneva-P (EPA Reg No.4822-564). The subject pesticide product is registered by S.C. Johnson & Son., Inc. (EPA Co. No. 4822). This request is to include any, and all, alternate brand names (ABNs) for the subject registration, Geneva-P (EPA Reg. No. 4822-564).	08/26/2022
2022-R08-06298	Haynes, Alexis	Phase Engineering, Inc.	We would like to make a request for files for the following ACRES/Brownfield site. ACRES/Brownfield Site Name: ZUNI STREET PROJECT; Facility Address: 1401 Zuni St, Denver, CP; ACRES Property ID: 155784; CA#96835401. We are interested specifically in any information regarding the media contaminated and remediation. Start Date: 5/20/2015 to Finish Date 8/5/2019; Phase II Report (started 06/09/2017, completed 12/18/2017) and Phase I if available. Request records that can be released in whole or in part., we do not need the denial log of CBI. I've included a location map.</p> <p>Thank you for your time.</p>	08/29/2022

2022-OW-06328	Brown, Ann	Center for Biological Diversity	<p>As background, a notice of proposed rulemaking ("NOPR") for vessel discharge<sup>2</sup> referred to "an independent review of BWMS performance and data quality" conducted by the U.S. Environmental Protection Agency ("EPA").<sup>3</sup> A commenter, Dr. Andrew Cohen, asked EPA to make available to the public the report or other documentation of the independent review, since the review "was a key part of the basis for EPA's determination of what discharge limits to propose" in the NOPR.<sup>4</sup> In response EPA added two documents to the public rulemaking document, as stated in a March 31, 2022 email to Dr. Cohen from Brian Frazier, the Director of the Oceans, Wetlands and Communities Division in EPA's Office of Wetlands, Oceans and Watersheds. The two documents are a two-page PDF document (docket number EPA-HQ-OW-2019-0482-0828) and a spreadsheet (docket number EPA-HQ-OW-2019-0482-0829). In Mr. Frazier's email these are referred to, respectively, as "EPA QC Review of AMS BWMS Performance Summary" and "EPA QC Review of AMS BWMS Performance."</p> <p>In Document EPA-HQ-OW-2019-0482-0828, the two-page PDF, the header at the top of each page is "EPA Working Draft." From internal evidence, these two pages appear to be an excerpt from a larger report.</p> <p>Specifically, the Center is requesting the records outlined below from EPA:</p> <ol style="list-style-type: none"> <li>1. A copy of the entire report (that is, the entire EPA Working Draft) from which Document EPA-HQ-OW-2019-0482-0828 was excerpted;</li> <li>2. A copy of the final draft of that report;</li> <li>3. A copy of the document cited as "ERG, 2017" in Document EPA-HQ-OW-2019-0482-0828 as the source of Figure 3-1, and in the text in reference to how the review was conducted. Figure 3-1 is "a breakdown of the performance score data" in the review, and as such was a critical element of EPA's decision regarding which discharge limits to include in the NOPR. "ERG" apparently refers to the Eastern Research Group, which we understand is the contractor that EPA hired to conduct the independent review; and</li> <li>4. The 63 "data packages" for BWMS, which were obtained by the EPA and which the independent review was based on, according to Document EPA-HQ-OW-2019-0482-0828.</li> </ol>	08/29/2022
2022-OAR-06314	Calabrese, Edward	University of Massachusetts, Amherst	<p>I am requesting a FOIA for the following:</p> <p>Philip Egidi emails received or sent that mention Calabrese, Cardarelli, Health Physics Society (HPS), HPS videos, documentary, cancer risk assessment, or "LNT" dated between November 1, 2021 to August 24, 2022.</p>	08/29/2022
2022-NFO-06317	Zhou, Alan	Langan	<p>Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the following property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.</p> <p>The Subject Property is located at 810 Jorie Boulevard in Oak Brook, Illinois. The subject property is identified as DuPage County tax parcel 06-26-201-028.</p> <p>Thank you in advance for your cooperation.</p>	08/29/2022
2022-NFO-06329	Olson, Douglas	-	<p>I would like to request any records related to a report that was made to the EPA about water dripping or running off from a workshop construction site on my property at "19000 131st Drive SE, Snohomish, WA 98296". In particular, I would like the identity of the person who submitted the report/claim. Thank you.</p>	08/29/2022
2022-OGC-06313	ODonnell, Joseph	-	<p>Modified Request Description: List of all FOIA requests received by Agency between January 1, 2020 and present. To include: date, requester name and organization, full text of request [not including communications for each request. This part has been removed from this request.]</p>	08/29/2022

2022-R05-06318	Harvey, Mariel	Ramboll US Consulting Inc.	Records pertaining to the former Wabash Paper Coating facility in Wabash, Indiana. Desired records include records pertaining to the SEMS case (IND981961501) for Wabash Paper Coating (site ID 0505305) at 410 S Carol Street dated 1987 (discovery) to 1994 (archived); records pertaining to the SEMS case (IND005432653) for Bluegrass Mills Holdings Co. LLC (site ID 0501271) at 455 Factory Street dated 1987 (discovery) to 1990 (archived); and any other records of environmental assessment/investigation/remediation for the property listed at 455 Factory Street in Wabash, Indiana.	08/29/2022
2022-R05-06319	Rought, Scott	Wood PLC	Brainerd Chemical Midwest LLC (Brainerd Chemical) is being sued by the Illinois Attorney General's office for an alleged excess emissions of hydrogen fluoride from their plant located at 209 Brewer Road, Danville, Vermilion County, IL. The Illinois EPA (IEPA) inspected the facility on July 15, 2022 after nearby residents contacted them to report dead vegetation. IEPA reportedly observed dead vegetation around the facility and a visible plume of emissions. IEPA requested records for the facility's pollution control device but were told that no such records existed.  Wood PLC is the environmental consultant for Honeywell, who used to own the Brainerd Chemical property, and are responsible for environmental remediation activities at the site. We are looking for additional details about the release, especially the volume of hydrogen fluoride released, to determine if the potential release may have affected remediation activities on the site, specifically TreeWell units and other vegetation planted at the property earlier this year.	08/29/2022
2022-R05-06316	Penna, Christina	Illinois State Geological Survey	am requesting all technical documents for RCRA information, except legal or proprietary documents, that have already been screened by USEPA attorneys. EPA ID: 110011696012. Specifically, I am seeking FTTS Inspection documentation # 19870319OK002 1.</p> <p>Thank you,</p> <p>Arjun Pai</p>	08/30/2022
2022-OCSPP-06344	Paul, Denise	Beveridge & Diamond	<p>Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552, as amended, and the FOIA regulations promulgated by the U.S. Environmental Protection Agency in 40 C.F.R. Part 2, we hereby request all non-confidential information in EPA's Office Of Pesticide Programs Registration Division "registration jacket" for the EPA Registration Number 33427-30.</p>	08/30/2022
2022-NFO-06349	Altendorfer, Ian	-	test.	08/30/2022
2022-OLEM-06335	Del Rio, Jorge	Walsh Entrepreneurs LLC	Please submit the minutes and details of any phone conversation or virtual meeting held with the Cuban authorities in regard to the fire at the storage tank facility in Matanzas Cuba between 8/05/2022 to 8/30/2022	08/30/2022
2022-R06-06354	Haynes, Alexis	Phase Engineering, Inc.	<p>We would like to make a request for files for the following Brownfield/ACRES Sites for a Phase I site assessment we are conducting on a nearby site. ACRES Site Name: Essex Modern City; Facility Address: 51 ESSEX STREET, San Antonio, TX 78210; ACRES Property ID: 218324; EPA Registry ID 110070057780; CA#BF01F07701; Date Range: 2015-present; Phase I started 03/28/2016 and completed 05/16/2016. We are interested specifically in any information regarding the media contaminated and remediation. Phase I Report, Phase II Report if available. Public information only, we do not need the denial log of CBI. We do not require email communications or attachments. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. Thank you!, Lexi **Please send all invoices to Accounting@PhaseEngineering.com** (Phase Job #202208094)</p>	08/30/2022

2022-R06-06338	Anchondo, Carlos	E&E News/POLITICO	<p>To Whom It May Concern:</p> <p>This is a request under the Freedom of Information Act (FOIA).</p> <p>I request a copy of the state of Texas' pre-application for "primacy" over federal Class VI UIC Primacy. The application might also be submitted to EPA from Railroad Commission of Texas and from Leslie Savage of the Railroad Commission of Texas.</p> <p>I am filing this FOIA request as a "representative of the news media" since I am a reporter for E&amp;E News. This designation entitles me to a waiver of fees accumulated during the actual search and review process.</p> <p>Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use.</p> <p>The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, <a href="http://www.eenews.net">www.eenews.net</a>, which has more than 40,000 unique visitors a day.</p> <p>We expect the information that is produced through this and other FOIA requests to serve as the basis for several articles that explain the government's actions and operations to the public. For more information about E&amp;E News, please refer to <a href="http://www.eenews.net">www.eenews.net</a>.</p> <p>FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance.</p> <p>If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination.</p> <p>As required by FOIA, I look forward to hearing from your office within 20 days in response to this request.</p> <p>If you have any questions about the nature or scope of this request, please call me at 512-577-9051 or email me at <a href="mailto:canchondo@eenews.net">canchondo@eenews.net</a>.</p> <p>Thank you for your consideration of this request.</p> <p>Sincerely,</p> <p>Carlos Anchondo</p> <p>Energywire</p>	08/30/2022
2022-NFO-06352	Lennon, Diana	Verdantas	<p>We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at four (4) parcels, all located in Mamakating, Sullivan County, NY; they are as follows: 64.-1-11.1 (associated address is "318 County Route 56"), 64.-1-95 (no associated street address), 49.-1-35 (no associated street address), and 49.-1-36.3 (no associated street address). Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.</p>	08/30/2022
2022-R06-06342	Munoz, Lydia	Fee Smith & Sharp LLP	<p>any and all documents, including, but not limited to, correspondence, memorandums, reports, photographs, statements, videos, diagrams, complaints, incident reports, investigations, email and text communications, test samplings, violations and trespass complaints made by Jacob Absher at the following location:</p> <p>Barina Lease (08322); Well No. 1; Admin Docket No. CWA-06-2013-1749; TXU010972; 779 Hellinger Road, Bastrop County, Texas.</p>	08/30/2022

2022-R04-06353	Sims, Anthony	Lucky Dog Guitars	<p>I am requesting a copy of the complaint that was filed on me as it has been determined to be a purposeful false claim. Everything in the complaint was made up and I was cleared of any infractions upon inspection. We have an individual who has been attempting to sabotage our business who has also been under federal investigation for falsifying federal documents this year. We believe he is the person behind this false report and would like to pass this report to our lawyer so we can request a cease and desist and possibly an order of protection. CASE # caa-fy22-253858-3714-cv</p>	08/30/2022

Under the federal Freedom of Information Act I would like to request the following documents for the above reference property:  
9418 Sutton Place, West Chester, OH 45011

Any documentation related to:

- Storage of hazardous substances and/or petroleum products (tank installations, registrations, etc.) Soil / groundwater contamination and remedial action documentation
- Indoor air quality (asbestos, mold, radon, vapor intrusion);
- Land development (sewer / septic, water supply, SPDES, etc.)
- Contaminated wells within 1/4 mile of the site; and
- Landfills within 1/4 mile of the site.

It is believed that the following departments and agencies may be best able to respond with the information requested:

- Agricultural District;
- Fire Service;
- Solid Waste;
- Public Health; and
- Soil and Water Conservation / National Resource Conservation.

If you should have any questions, please do not hesitate to contact me at (440) 667-7838. Electronic correspondence at the email address listed below is preferred.

Thank you in advance to your response to this request.

Sincerely,

Erin Ward  
erin.ward@erm.com

I am interested in documentation related to  
ICIS-10-2006-0122 formal enforcement action at  
Charley's Greenhouse and Garden  
Information System ID = 8029967

Pursuant to the Freedom of Information Act, I hereby request the following records:

Copies of all final reports, memoranda, and other written or email communications related to Resource Conservation and Recovery Act (RCRA) § 3007(c) inspections of the United States Air Force operating location near Groom Lake from 1994 to 1997. This should include United States Air Force (USAF) prepared final inventory reports delivered to the Environmental Protection Agency (EPA) as well as the EPA prepared final inspection reports.

CONTEXT: Barry N. Breen, a former Director of EPA's Federal Facilities Enforcement Office, and Elliott P. Laws, then an Assistant Administrator of EPA's Office of Solid Waste and Emergency Response, both supplied unclassified court declarations related to the above requested documents in the case DOE v. BROWNER, Case No. CV-S-94-795-PMP (RLH) in the United States District Court, D. Nevada.

A district court order referencing the Breen and Laws declarations can be accessed here: <https://www.courtlistener.com/opinion/2597169/doe-v-browner/>

A Ninth Circuit appeals court decision referencing the Breen and Laws declarations can be accessed here: <https://caselaw.findlaw.com/us-9th-circuit/1129437.html>

In the above appeals court decision, the judges note that these two unclassified declarations "indicate that from December 6, 1994 to March 10, 1995 (after Kasza was filed), EPA personnel conducted a § 3007(c) inspection of the operating location near Groom Lake; the Air Force had submitted to EPA a final inventory report; and the EPA had completed a final inspection report."

The above appeals court decision further states: "The court held that RCRA itself provides no exception for disclosure of classified information, but instead permits the President to exempt federal facilities from compliance with any or all RCRA requirements pursuant to § 6001(a). 42 U.S.C. § 6961(a). Accordingly, it ruled that the EPA had to comply with § 3007(c) but gave the Administrator time to obtain a Presidential exemption. In response to this ruling, the Administrator in fact obtained, and claimed, a Presidential Exemption from any provision that would require disclosure of classified information to unauthorized persons." Please be advised that this presidential exemption, Presidential Determination No. 95-45, printed in 60 Fed.Reg. 52823 (1995) by then President William J. Clinton, remained in effect for only a one-year statutory period (<https://www.govinfo.gov/content/pkg/FR-1995-10-10/pdf/95-25244.pdf>). The exemption was last renewed in 2003 by then-President George W. Bush for a final one-year statutory period (<https://www.govinfo.gov/content/pkg/CFR-2004-title3-vol1/pdf/CFR-2004-title3-vol1-other-id216.pdf>). As no new presidential exemptions on this matter have been published, these documents should be releasable to the public.

Furthermore, the above requested material is over 25 years old. Pursuant to Executive Order 13526 (<https://www.archives.gov/isoo/policy-documents/ansi-eo.html>) signed by President Barack Obama in December 2009, and still in effect, classified documents 25 years or older that "have been determined to have permanent historical value under title 44, United States Code, shall be automatically declassified whether or not the records have been reviewed."

PLEASE NOTE: I am a freelance reporter and would request that the relevant fees be waived. My past work has appeared at Slate.com, the New Republic, the New York Review of Books, Inverse.com, Scienceline.org, Gawker, Earther, Chemical Engineering magazine, and elsewhere.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.  
RE: 6021 County Road 41, Farmington (Ontario County), New York (NYSDEC Spill #0170057) Generator/Manifest Site #NYN008011264).

DAY understands that the EPA performed an investigation at this site in 2001 and/or 2002, which was related to the referenced NYSDEC Spill incident (#0170057). DAY is requesting any information that is maintained by the EPA regarding this investigation.

Please provide files via email, if possible, as soon as possible. (Note, DAY submitted a FOIA request to the Environmental Protection Agency Criminal Investigation Division at U.S. Attorney's Office on 8/10/22, and was notified on 8/29/22 that this FOIA request needed to be submitted.)

If it will cost more than \$10 to provide the requested materials, please notify DAY. Thank you for your assistance.

2022-OMS-06367	Meyer, Andrew	Marquette University	<p>Dear EPA Freedom of Information Act Office,</p> <p>I wish to request information from the Environmental Protection Agency under the Freedom of Information Act. Specifically, I am requesting data for an academic research project regarding public benefits of the Clean Water Act funded wastewater treatment grants.</p> <p>I request data on all grants distributed under the Clean Water Act (and its predecessor programs) for the purposes of upgrading wastewater treatment facilities. I request the date that the EPA distributed each grant, which municipality (or sewerage district) received the grant, the facility for which the grant was designated, and the amount distributed. I request data for the years of 1972-present for Clean Water Act Grants and 1957-1971 under predecessor laws to the Clean Water Act.</p> <p>These same data have been used for other academic studies including Keiser and Shapiro (2019) and Flynn and Smith (2022). According to the EPA website (<a href="https://www.epa.gov/enviro/epa-grants-information">https://www.epa.gov/enviro/epa-grants-information</a>), I believe these data are stored in EPA's Integrated Grants Management System. However, Keiser and Shapiro (2019) and Flynn and Smith (2022) identify the data source as EPA's Grants Information and Control System (GICS). I therefore request data from whichever of these two sources contain the Clean Water Act funded wastewater treatment grants.</p> <p>Thank you greatly for your assistance and consideration of our request. If you have any questions or concerns about this FOIA request, please contact me by email at <a href="mailto:andrew.g.meyer@marquette.edu">andrew.g.meyer@marquette.edu</a>. I look forward to hearing from you as your schedule permits.</p> <p>Sincerely,  Andrew Meyer, Ph.D.  Associate Professor  Department of Economics  Marquette University</p> <p>References:</p> <p>Keiser, David A. and Joseph S Shapiro, Consequences of the Clean Water Act and the Demand for Water Quality, The Quarterly Journal of Economics, Volume 134, Issue 1, February 2019, Pages 349–396, <a href="https://doi.org/10.1093/qje/qjy019">https://doi.org/10.1093/qje/qjy019</a></p> <p>Flynn, Patrick and Tucker Smith, Rivers, lakes and revenue streams: The heterogeneous effects of Clean Water Act grants on local spending, Journal of Public Economics, Volume 212, August 2022, 104711, <a href="https://doi.org/10.1016/j.jpubeco.2022.104711">https://doi.org/10.1016/j.jpubeco.2022.104711</a></p>	08/31/2022

2022-R02-06372	Strick, Alan	Aeterra	<p>I would like to submit a FOIA request for the properties located at:</p> <p>264 Broadway Jersey City, NJ ;  375 US-1 Truck, Jersey City, NJ ;  375 Route 1&amp;9 South, Jersey City, NJ ;  540 Doremus Ave, Newark, NJ ;  19 Atlantic Ave, Garfield, NJ .</p> <p>I am looking for records pertaining to hazardous waste, known environmental contamination, historical USTs/ASTs, known environmental releases/spills, and any environmental monitoring associated with the property.</p>	08/31/2022
2022-OCSP-06377	Brombacher, Markus	INREX, LLC	<p>Thank you,</p> <p>This is a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq. We seek copies of any and all documents, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's ("EPA's") pesticide registration files for the following Sharda Cropchem Limited pesticide product: 82633-62 ("Sharda Spiromesifen Technical"). We would appreciate it if EPA would give priority to the following documents and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review: 1. any submission/application correspondence with EPA; 2. any EPA Form 8570-1 (Application for Pesticide – Section 1); 3. any EPA Form 8579-34 (Certification with Respect to Citation of Data); 4. any EPA Form 8570-35 (Data Matrix); and 5. any EPA Form 8570-27 (Formulator's Exemption Statement).</p> <p>In addition, we seek meeting minutes prepared as required under 40 CFR 155.30(d)(1-7) as well as materials not designated as CBI identified as per 40 CFR 155.30(d)(6) for correspondence between EPA and representatives (employees or consultants) of Sharda Cropchem Ltd. (EPA Co. No. 82633) related to this company's fulfillment of requirements under the Data Call-In Notice for the pesticide Spiromesifen, GDCl-024875-1535. Please provide correspondence including email, official meeting notes, presentations, or other materials provided to or created by the agency. Furthermore, we seek copies of any EPA Forms 8570-32 (CERTIFICATION OF ATTEMPT TO ENTER INTO AN AGREEMENT WITH REGISTRANTS FOR DEVELOPMENT OF DATA) filed by the above-referenced companies and/or their representatives related to the above referenced GDCl.</p> <p>This request does not apply to any documents or portions thereof contained in these files that are Confidential Business Information. Further, this FOIA request does not seek test data, manufacturing processes, or the confidential statement of formula for this or any other pesticide product. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$100. If I may be of any assistance with this matter, please do not hesitate to contact me at (703) 242-2506. Thank you in advance for your assistance. Sincerely, Markus W. Brombacher, INREX, LLC, 9915 Corsica St., Vienna, VA 22181.</p>	08/31/2022

2022-R04-06383	Simonsen, Micah	Simonsen Law Firm, P.C.	<p>RE: FOIA Request Regarding documents related EPA's review and approval of North Carolina's Commercial Fund as a Financial Assurance Mechanism to satisfy the financial responsibility requirements at 40 CFR § 280.93 and 40 CFR § 281.37</p> <p>To Whom It May Concern:</p> <p>The purpose of this letter is to make a formal request, pursuant to the Freedom of Information Act (FOIA), for copies of all documents related to: (1) EPA's review and approval of North Carolina's commercial fund as a mechanism for Underground Storage Tank ("UST") owners to meet the financial responsibility requirement under 40 CFR § 280.93, and or any program revisions submitted to EPA; and, (2) any and all documents, memoranda, state financial assurance fund eligibility determinations and correspondence regarding the use or secondary or excess policies of insurance to provide the second million dollars of financial responsibility coverage as required under 40 CFR § 280.93(b)(2), and the impact of those insurance policies on an entity's eligibility for reimbursement from a state financial assurance fund. We intend that this request be construed to not be so broad as to be unreasonably oppressive or burdensome, yet not so narrow as to exclude documents the relevancy of which are evident.</p> <p>We request that the Agency include within this request all documents and records relating to both regulatory and information gathering or research activities.</p> <p>We do not believe that any of the requested documents fall within any of the exceptions or exclusions to FOIA and should therefore be provided in full. This request is not being made in connection with any commercial or scientific endeavor and therefore we agree to pay the reasonable charges for document search and duplication of the requested documents in an amount not to exceed \$250.00. If you believe copying of the requested documents will exceed this amount, please call us to discuss alternatives. Please mail the requested documents to my attention at P.O. Box 848, Edenton, NC 27932, and please consider mailing partial response in lieu of waiting for completion of this request as to all relevant documents. Electronic copies on a DVD, or via e-mail are also acceptable, as long as such copies are complete replications of the originals.</p> <p>I appreciate your attention to this important and timely information request. If you have any questions, feel free to contact me. I am</p> <p>Sincerely yours, Micah R. Simonsen</p>	09/01/2022

2022-OAR-06420	Reilly, Sean	E&E News	<p>All records related to the daily calendar and meeting schedule for Joseph Goffman, principal deputy assistant administrator in the Office of Air and Radiation, from Aug. 1, 2022 through Aug. 31, 2022</p>	09/02/2022

2022-NFO-06414	Lennon, Diana	Verdantas	<p>We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at 28 Abeel Road (Block 55 Lot 9.2), Monroe Township, Middlesex County, NJ. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.</p>	09/02/2022
2022-R09-06424	Whitaker, Ashley	Roux Associates	<p>Hello,</p> <p>We are conducting a Phase I Environmental Site Assessment at a property in City of Glendale.</p> <p>We are interested in obtaining documents, specifically RCRA and CERCLA documents related to the following APNs and addresses:  Addresses: 918 Thompson Ave, Glendale, CA 91201 and 1740 Standard Ave, Glendale, CA 91201  APNs: 5624-015-034 and 5624-015-030</p> <p>For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p> <p>Can you please notify us if you have any records?</p> <p>Thank you.</p>	09/02/2022
2022-NFO-06411	Chapman, Susan	Pinnacle Environmental, Inc.	<p>We are doing an environmental assessment on a single radio tower on the top of Williams Hill outside of Lockwood, California. Pursuant to that assessment, we are requesting any records related to hazardous material use and storage, hazardous waste generation and disposal, and or spills, incidents or releases associated with the property.</p> <p>There is no physical address associated with the property. Further, the property appears to be associated with a larger 774-acre parcel (APN # 423-061-008-000) owned by USA American Tower Corporation. However, the following information helps located the property:</p> <p>Latitude / Longitude - 35°57'05.5"N 121°00'05.7"W</p> <p>Attached are preliminary locational information (maps) that assist in identifying the property.</p>	09/02/2022

National FOIA Program  
The United States Environmental Protection Agency  
1200 Pennsylvania Avenue, NW (2310A)  
Washington, DC 20460

Dear FOIA Officer,

This letter serves as a request for access to public information pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and the U.S. Environmental Protection Agency ("USEPA") corresponding regulations at 40 C.F.R. §§ 2.100 et seq.

I am requesting that these records be provided to me in manner similar to how they are regularly kept in ordinary business via electronic format including any metadata associated with electronic correspondence. Please provide the information via the email address provided: (b) (6)  
Through this request I am seeking copies of the following records received, transmitted, or maintained by the USEPA:

1. (b) (6) agency records reflecting policies on remote work from November 1, 2021, through the present. Remote work is defined as "the employee works remotely full-time and is not expected to report to the regular office or worksite on a regular and recurring basis."

2. (b) (6) agency records reflecting the number of U.S. EPA employees that have applied for remote work since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

3. (b) (6) agency records reflecting the number of U.S. EPA employees within the Office of the Administrator, Office of Policy (Headquarters, Washington, D.C.) that have applied for remote work since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

4. (b) (6) agency records reflecting the number of U.S. EPA employees that have been approved for remote work since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

5. (b) (6) agency records reflecting the number of U.S. EPA employees within the Office of the Administrator, Office of Policy (Headquarters, Washington, D.C.) that have been approved for remote work since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

6. (b) (6) agency records reflecting the number of U.S. EPA employees that have been denied the ability to work remotely since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

7. (b) (6) agency records reflecting the number of U.S. EPA employees within the Office of the Administrator, Office of Policy (Headquarters, Washington, D.C.) that have been denied the ability to work remotely since the institution of the November 17, 2021, EPA Order No. 3110.32A "U.S. Environmental Protection Agency Remote Work Policy" was issued.

I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address:

\* 101 37th Ave SE in Puyallup, WA

2022-R06-06425	Thomas, Geoffrey	Terracon Consultants Inc	Ludelle Street Warehouse Fire - 2613 Ludelle Street, Fort Worth, TX 76105 (SEMS) (TXN000605542)	09/02/2022

To Whom It May Concern:

09/06/2022

Pursuant to the Freedom of Information Act, I hereby request the following records:

Copies of records—such as manuals, memos or directives—about the procedures related to inspections and inventory reports prepared under § 3007(c) of the Resource Conservation and Recovery Act (RCRA) — specifically how these procedures pertain to Treatment, Storage, and Disposal Facilities (TSDFs ) and other hazardous waste sites operated by the United States Air Force (USAF) alone or jointly with their civilian contractors.

I am hoping to better understand the records retention policies, stakeholders, chain of custody, and other workflow protocols related to these joint EPA and USAF operations, as well as their requirements to inform state and local government personnel. I have read this EPA memo from December 6, 2021, "Subject: Issuance of Revised Resource Conservation and Recovery Act Compliance Monitoring Strategy," which is already public, but am hoping for more detail as this document does not discuss the EPA's role inspecting the military sites: <https://www.epa.gov/system/files/documents/2021-12/rcracms.pdf>

Note: I am a freelance reporter and would request that any relevant fees be waived. My past work has appeared at New York magazine's Intelligencer blog, Scientific American, Slate, The New Republic, The New York Review of Books, Chemical Engineering magazine, and elsewhere.

Please do not hesitate to reach out via phone, if a quick conversation might help better direct the scoping of this FOIA request: 917.859.1266 (m)

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Matthew Phelan

RE: Freedom of Information Act Request  
10077 Wallisville Road, Houston, Harris County, Texas (HCAD #: 1302770010001, 0410150060414, 0410150060427)  
(Equipment Management Services, LLC)

Apex Companies, LLC is conducting a Phase I Environmental Site Assessment (ESA) at the above-mentioned property. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs) that may have an adverse environmental impact upon the subject property. Apex's client is requesting a due diligence investigation. According to ASTM Standards E 1527-21, property record reviews are required prior to completing this investigation.

Apex is requesting any records you may have concerning the property of interest. Records may include, but are not limited to:

- Records indicating former operations/owners
- Site remediation/investigation activities
- Contamination issues in soil or groundwater
- Environmental violations
- Fires, leaks or spills of hazardous materials
- Sewer or septic issues; issued permits
- Storage or use of hazardous materials
- No further action letters
- Monitoring well installations and/or  
sampling results
- Consultations with the U.S. Environmental Protection Agency (USEPA)
- Underground or aboveground storage tanks  
(tank abandonment, removals and closures)
- Sites that may be classified as State Hazardous Waste sites

If you have any questions or concerns regarding this request or if you need additional information to assist with your record search, please feel free to contact me via phone at (979)574-8501 or email at Roxanne.Kelly@apexcos.com. Thank you in advance for spending time on this matter.

Sincerely,

Roxanne Kelly  
Environmental Scientist

Would your office happen to have any knowledge of environmental concerns on or near that property?</p>	09/07/2022
2022-R04-06477	Nicastro, Adam	Partner Engineering and Science, Inc.	<p>Hello!</p> <p>Partner Engineering and Science, Inc. (Partner) is conducting a Phase I Environmental Site Assessment at the property located at 565 Columbia Drive in Carrollton, Georgia ("the subject property"). Upon a review of regulatory records, our subject property's west-adjointing property ("the site") was identified in the CERCLIS, NFRAP, RCRA CORRACTS, SQG and TSD databases in a report provided by Environmental Risk Information Services (ERIS). The information for the site is listed below:</p> <p>CBS Records 5152 Columbia Drive Carrollton, Georgia 30117 Site ID: 0401676 Site EPA ID: GAD980515241</p> <p>We require additional information as to what exactly occurred at the site before making a determination as to whether any additional investigation is required at the subject property. If any subsurface investigation has been completed and any plume maps are available, these would be particularly helpful. Please send copies of relevant documents electronically via email to <a href="mailto:anicastro@partneresi.com">anicastro@partneresi.com</a>.</p>	09/07/2022
2022-R06-06483	Lowell, Devin	Tulane Environmental Law Clinic	<p>Dear FOIA Officer, <input type="checkbox"/></p> <p>On behalf of the Concerned Citizens of St. John, and pursuant to the Freedom of Information Act, 5 U.S.C. §552, we hereby request the following documentation, in whatever form, electronic or otherwise: <input type="checkbox"/></p> <p>All records related to any EPA inspection of the Denka Performance Elastomer facility in LaPlace, Louisiana, conducted in or about May 2022, included but not limited to any inspection reports, sampling or monitoring records, analytical results, and correspondence. <input type="checkbox"/></p> <p>We also request a waiver of fees associated with responding to this request and have attached a letter detailing our qualifications for the waiver. <input type="checkbox"/></p> <p>Should you decide that any of the requested material is not to be disclosed, please describe the material withheld and specify in detail the statutory or administrative basis for withholding it. All segregable, non-exempt parts of documents should be provided. <input type="checkbox"/></p> <p>Please see attached FOIA request letter for additional information.</p>	09/07/2022

2022-R07-06472	Reynolds, Ashley	KYTV	September 7, 2022	09/07/2022
<p>I request that you make available to me the following records: CAA112(r) Inspection Report. BCP Ingredients -- Verona, MO. Case number: 22MO0607. The date of inspection is June 7-9, 2022. I request the photos and appendices of this inspection report.</p> <p>I request that the records responsive to my request be emailed to me at: areynolds@ky3.com</p> <p>I request that all fees for locating and copying the records be waived. The information I obtain through this request will be used to inform the public. Please let me know in advance of any search or copying if the fees will exceed \$25.</p> <p>If portions of the requested records are closed, please segregate the closed portions and provide me with the rest of the records.</p> <p>Ashley Reynolds  (b) (6), areynolds@ky3.com  999 W. Sunshine St.  Springfield, MO 65807</p>				
2022-R07-06474	Dyer, Jake	EWI	EWI is requesting records regarding the the former Kansas City Smelting and Refining (KCS&R) Facility at 2223 Guinotte St. in Kansas City, MO. These records may include copies of recent sampling events on and offsite and/or removal assessment reports.	09/07/2022
2022-R09-06471	Barrett, Taylor	Roux Associates	<p>Hello,</p> <p>I am interested in environmental files, investigations, groundwater reports, hazardous waste records, UST installation or removal records and fire department inspections/violations for the following address in Burlingame, California 94010:</p> <p>810 Malcolm Road  821 Malcolm Road  1669 Old Bayshore Highway  1699 Old Bayshore Highway</p> <p>Thank you.</p>	09/07/2022
2022-R02-06502	Freeland, Jeremy	Roux Associates	<p>This is a request under the Freedom of Information Act. I request copies of any documents related to environmental conditions (e.g., soil and or groundwater sampling) or inspections, spills, releases, inspections, notices of violations, specifically related to the operations of Blue Spruce II (Blue Spruce Company), at the property located at 653 Raritan Center Parkway, Edison New jersey (Block 395 Lot 37; EPA ID # NJD 980769988). A EPA Potential Hazardous Waste Site Preliminary Assessment form from 1985 identified the Site as Site Number 101. The subject property is located in the former Raritan Arsenal site. The current property owner is Garden State Buildings L.P. (dba Summit Associates Inc.) but the property was previously owned by Federal Storage Warehouses/Federal Transportation Company. This information is to be used to support an Environmental Investigation at the referenced property. Thank you for the consideration of this request.</p>	09/08/2022
2022-OW-06492	Parish, Meg	Environmental Integrity Project	Copies of all EPA objections to the issuance of state NPDES permits pursuant to 33 USC 1342(d)(2), Clean Water Act Section 402(d)(2), since January 1, 2012. Please send these documents electronically.	09/08/2022
2022-OAR-06494	Reilly, Sean	E&E News	All letters, emails and any other communications between employees of Cheniere Energy, Inc., Bracewell LLP and EPA's Office of Air and Radiation from July 19, 2022 to the present related to Cheniere's March 8, 2022 request for a stay or withdrawal of the rule titled: National Emission Standards for Hazardous Air Pollutants: Stationary Combustion Turbines; Amendments, formally published on March 9, 2022.	09/08/2022
2022-NFO-06493	Wylie, Amari	BBJ Group LLC	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) and leaking aboveground storage tanks (LAST) incidents , site remediation program enrollment, compliance reports, groundwater and soil contamination information, sampling results, and incident notices for any facility at the following locations:</p> <p>West 2nd Street, Chester, PA 19013  Flower Street, Chester, PA 19013  Edwards Street, Chester, PA 19013  Central Avenue, Chester, PA 19013  West Front Street, Chester, PA 19013</p>	09/08/2022

2022-NFO-06499	Foster, Casey	-	I am interested in any records related to 2705 Gunter Park Drive in Montgomery, Alabama. Specifically, I am interested in an reports, records or information regarding the on-site monitoring wells. The purpose of this request is for a Phase I ESA.	09/08/2022
2022-R07-06500	Iborg, Thomas	Partner ESI	Hi I am conducting an environmental assessment on a property that is near the Westinghouse Electric Corp - Semple Avenue SEMS site. I am looking for any documents pertaining to that.	09/08/2022
2022-NFO-06509	Clark, Audrey	Roux	Thank you. We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 574-600-8078 and 574-600-8044. The Site is located at 2155-2165 and 2191-2193 East Colorado Boulevard, Pasadena, California 91107. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	09/08/2022
2022-OMS-06497	Evers, Austin	American Oversight	1. Records sufficient to show any protocol, guidance, policy, or practice regarding the storage and preservation of text messages, including but not limited to, any current agency records retention schedule. 2. Records sufficient to show any protocol, guidance, policy, or practice regarding the storage and preservation of records potentially responsive to a FOIA request when received. 3. Records sufficient to show any protocol, guidance, policy, or practice regarding the storage and preservation of records potentially responsive to a FOIA request that becomes the subject of litigation. 4. Any preservation notices distributed from your FOIA office to any agency employee regarding the retention of text messages in response to a FOIA request. 5. Any training documents provided or presented to agency personnel concerning the storage and preservation of records generally or the storage and preservation of records potentially responsive to a FOIA request.	09/08/2022

RE: Freedom of Information Act Request  
15555 Miller Road 1, Houston, Harris County, Texas (HCAD #:0502220000151)  
(John Lawrie Tubulars)

Apex Companies, LLC is conducting a Phase I Environmental Site Assessment (ESA) at the above-mentioned property. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs) that may have an adverse environmental impact upon the subject property. Apex's client is requesting a due diligence investigation. According to ASTM Standards E 1527-21, property record reviews are required prior to completing this investigation.

Apex is requesting any records you may have concerning the property of interest. Records may include, but are not limited to:

- Records indicating former operations/owners
- Site remediation/investigation activities
- Contamination issues in soil or groundwater
- Environmental violations
- Fires, leaks or spills of hazardous materials
- Sewer or septic issues; issued permits
- Storage or use of hazardous materials
- No further action letters
- Monitoring well installations and/or  
sampling results
- Consultations with the U.S. Environmental Protection Agency (USEPA)
- Underground or aboveground storage tanks  
(tank abandonment, removals and closures)
- Sites that may be classified as State Hazardous Waste sites

If you have any questions or concerns regarding this request or if you need additional information to assist with your record search, please feel free to contact me via phone at (979)574-8501 or email at Roxanne.Kelly@apexcos.com. Thank you in advance for spending time on this matter.

Sincerely,

Roxanne Kelly  
Environmental Scientist

2022-OW-06519 Anchondo, Carlos E&E News/POLITICO This is a request under the Freedom of Information Act (FOIA). 09/09/2022

I request a copy of a list of the number of persons that work in Environmental Protection Agency's Office of Water, as well as a list of the number of persons that work on the permitting of Class VI wells as part of the Underground Injection (UIC) program. I also request a copy of the organization chart or flow chart for EPA's Office of Water.

I am filing this FOIA request as a "representative of the news media" since I am a reporter for E&E News. This designation entitles me to a waiver of fees accumulated during the actual search and review process.

Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use.

The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, [www.eenews.net](http://www.eenews.net), which has more than 40,000 unique visitors a day.

We expect the information that is produced through this and other FOIA requests to serve as the basis for several articles that explain the government's actions and operations to the public. For more information about E&E News, please refer to [www.eenews.net](http://www.eenews.net).

FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance.

If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination.

As required by FOIA, I look forward to hearing from your office within 20 days in response to this request.

If you have any questions about the nature or scope of this request, please call me at 512-577-9051 or email me at [canchondo@eenews.net](mailto:canchondo@eenews.net).

Thank you for your consideration of this request.

Sincerely,

Carlos Anchondo

E&E News

2022-NFO-06520 Lennon, Diana Verdantas We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at several parcels, all located in Red Bank, Monmouth County, NJ; they are as follows: 1) Block 41 Lot 1, associated address Bridge Ave & Oakland St; 2) Block 41 Lot 3, associated address Monmouth Street; 3) Block 41 Lot 4, no associated address; 4) Block 63 Lot 5.01, no associated address; 5) Block 63 Lot 6, associated address Oakland Street; 6) Block 63 Lot 7, associated address 79 Oakland Street; 7) Block 63 Lot 7.01, associated address 88 West Street; 8) Block 75.06 Lot 7, associated address 111 Chestnut Street; 9) Block 75.06 Lot 8.01, associated address 105 Chestnut Street; and 10) Block 75 Lot 177, no associated address. Specifically, for all ten (10) parcels, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits. 09/09/2022

2022-NFO-06517	Lennon, Diana	Verdantas	We are conducting a Phase I Environmental Site Assessment and are requesting documents regarding environmental conditions at 712 Route 10 (Block 8802 Lot 1), Hanover, Morris County, NJ. Specifically, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits. NOTE: we are interested in records from March 2022 to the present.	09/09/2022
2022-NFO-06527	Whitaker, Ashley	Roux Associates	<p>Hello,</p> <p>We are conducting a Phase I Environmental Site Assessment at a property in City of Los Angeles.</p> <p>We are interested in obtaining documents related to the following APNs and addresses:  Address: 1440 N Spring St, Los Angeles, CA 90012; 1458 N Spring St, Los Angeles, CA 90012; 1432 N Spring St, Los Angeles, CA 90012; 200 W Sotello Street, Los Angeles, CA 90012; 230 W Sotello Street, Los Angeles, CA 90012, APNs: 5409004010.</p> <p>For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p> <p>Can you please notify us if you have any records?</p> <p>Thank you.</p>	09/09/2022
2022-OMS-06521	Jones, Trey	-	<p>Hello. I would like a copy of EPA Contract No. 68024550, EPA Contract No. 68D10009 and documents related to these contracts dated before July, 1993. These are the contracts for Test Method - Method for the Determination of Asbestos in Bulk Building Materials by. R.L. Perkins and B.W. Harvey, EPA/600/R-93/116 dated July, 1993 (available online). I am also looking for documents related to this Test Method that were published before July, 1993. I'm basically looking for documents leading up to the publication of EPA/600/R-93/116.</p> <p>Thank you!</p>	09/09/2022
2022-NFO-06535	Williams, Alley	EFI Global	We are requesting any records or documents from the appropriate departments pertaining to any reports of the storage, release or spillage of hazardous materials (HAZMAT), substances or petroleum products, any underground storage tanks (USTs) and aboveground storage tanks (ASTs), any industrial wastewater discharge, clarifiers, storm water discharge, permits to operate, notices of violation, contaminated ground water or soil records, any air emission permits, and equipment lists for the property located at 71 and 86 Babylon Turnpike, Merrick, New York 11566.	09/09/2022
2022-NFO-06522	Oswald, Sarah	BBJ Group	<p>I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address:</p> <p>* NE Corner of Prasada Parkway and Waddell Avenue in Surprise, AZ</p>	09/09/2022
2022-NFO-06528	Chaudhry, Usman	PWGC	Requesting any information pertaining to environmental records including easements, chemical storage, oil tanks, spills, and tank closure reports for the site located at 8961 State Route 4, Whitehall, New York 12887. The tax lot Identified in the Sullivan county Lot Map is as follows: 86.-1-14.1	09/09/2022
2022-NFO-06518	Clark, Audrey	Roux	<p>We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 574-600-8078 and 574-600-8044. The Site is located at 2155-2165, 2173, 2191-2193, and 2199 East Colorado Boulevard and 27 North Grand Oaks Avenue Pasadena, California 91107. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.</p>	09/09/2022

To Whom It May Concern: ☐

Pursuant to the Freedom of Information Act, I hereby request the following records: ☐

A full calendar, schedule and briefing book for Tomás Elias Carbonell, Deputy Assistant Administrator for Stationary Sources of EPA's Office of Air and Radiation. ☐

Please use the following key words and criteria for determining responsive briefing book materials: ☐

Entities of Interest: ☐

Shell ☐  
Exxon Mobil ☐  
Baker Hughes ☐  
British Petroleum (BP) ☐  
Independent Petroleum Association of America (IPAA) ☐  
Michael J. Bradley and Associate (MJB&A) ☐  
Van Ness Feldman ☐  
Interstate Natural Gas Association of America (INGAA) ☐  
American Petroleum Institute (API) ☐  
Mcguire Woods ☐  
ConocoPhillips ☐  
American Exploration and Production Council (AXPC) ☐  
American Chemistry Council (ACC) ☐  
Berkshire Hathaway ☐  
Edison Electric Institute (EEI) ☐  
Chevron ☐  
American Farm Bureau Federation ☐  
Pioneer Natural Resources (Pioneer) ☐  
New Mexico Oil and Gas Association (NMOGA) ☐  
Equitrans ☐  
Occidental (Oxy) ☐  
National Association of Manufacturers (NAM) ☐  
Cheniere ☐

People of interest: ☐

Stephen Fotis of Van Ness Feldman ☐  
Britt Fleming of Van Ness Feldman ☐  
Marnie Funk (please search for the email &quot;Marnie.Funk@shell.com") ☐

To Whom It May Concern: ☐

Pursuant to the Freedom of Information Act, I hereby request the following records: ☐

A full calendar, schedule and briefing book for Joseph Goffman, Principal Deputy Assistant Administrator of EPA's Office of Air and Radiation. ☐

Please search your records from August 1 to August 31, 2022. ☐

Please use the criteria and keywords below for determining responsive briefing book material. ☐

Entities of Interest: ☐

Shell ☐

Exxon Mobil ☐

Baker Hughes ☐

British Petroleum (BP) ☐

2022-R09-06565	Lynch, Brian	Baker Botts LLP	1 Copies of any and all non-confidential documents regarding any notice of deficiency for any pending Class VI Underground Injection Control ("UIC") well permit application(s), including but not limited to emails, letters, notices, responses, reports or notes.	09/12/2022
2022-R05-06564	Lynch, Brian	Baker Botts LLP	Copies of any and all non-confidential documents regarding any notice of deficiency for any pending and approved Class VI Underground Injection Control ("UIC") well permit application(s), including but not limited to emails, letters, notices, responses, reports or notes.	09/12/2022
2022-R06-06563	Lynch, Brian	Baker Botts LLP	Copies of any and all non-confidential documents regarding any notice of deficiency for any pending Class VI Underground Injection Control ("UIC") well permit application(s), including but not limited to emails, letters, notices, responses, reports or notes.	09/12/2022

I request all documentation filed with the EPA to obtain a Class VI permit in relation to each of the Louisiana carbon capture projects listed below.

In addition, I request all electronic communications with the companies listed below, whether or not the company has formally filed any documents for a Class VI permit.

Please include all documents pertaining to financial assurance and proof thereof for each project.

Projects:

1. Livingston Parish Sequestration Hub; Company: Oxy Low Carbon Ventures; Parish: Livingston Parish.
2. Blue Hydrogen (CCS facility); Company: Air Products Blue Energy; Parish: Ascension, Livingston, St. John the Baptist.
3. CF Industries Nitrogen (CCS facility); Company: CF Industries Nitrogen, LLC; Parish: Donaldsville, Ascension.
4. Plaquemines LNG, Company: Venture Global; Parish: Plaquemines.
5. Delta LNG, Company: Venture Global; Parish: Plaquemines.
6. Calcasieu Pass; Company: Venture Global; Parish: Cameron.
7. Grön Fuels Renewable Diesel Facility (CCS facility); Capio Sequestration; Parish: Ascension, St. John the Baptist, Iberville, St. Martin and Point Coupee Parishes.
8. Lake Charles Methanol CCS Facility; Company: Lake Charles Methanol; Parish: Calcasieu.
9. River Bend CCS; Company: Talos Energy-EnLink; Parish: Iberville, St. James, Assumption, Lafourche Parishes.
10. Equilon Enterprises' Renewable Low Carbon Fuels Unit; Company: Equilon Enterprises; Parish: St. James Parish.
11. Diamond Vault; Company: Cleco Power, LLC; Parish: Rapides.
12. Donaldsville CCUS facility; Company: Denbury, Inc; Parish: Ascension and Plaquemines.
13. Project: West Bay Sequestration Hub (aka YAMS); Company: Oxy Low Carbon Ventures; Parish: Allen.
14. Project: Project Minerva; Company: Gulf Coast Sequestration, Parish: Calcasieu, Cameron.
15. Project: Hackberry Carbon Sequestration Project; Company: Hackberry Carbon Sequestration, LLC; Parish: Cameron.

2022-OCFO-06538	Bogardus, Kevin	E&E News	<p>I request the briefing described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:</p> <p>"Microplastics.-The Committees note the growing concern regarding pervasive microplastic pollution. The Committees support the Agency's research on microplastics in water supplies and encourage the Agency to accelerate efforts to characterize the risks to human and ecosystem health as well as potential solutions. The Committees direct the Agency to brief the Committees on these efforts within 180 days of enactment of this Act."</p> <p>Please see page 51 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this briefing for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022

2022-OCFO-06541	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 117-83: "Research: Safe and Sustainable Water Resources. —The Committee recommends \$116,588,000, \$4,338,000 above the enacted level and equal to the request. The Committee directs that up to \$3,000,000 be used for grants under section 2007 of America's Water Infrastructure Act (P.L. 115–270). The Committee notes the importance of maintaining the sustainability of large alpine lakes, and monitoring and improving the health of ecosystems across their basins. The Committee directs the Agency to use existing tools and capabilities under the Clean Water Act to address alpine lake water quality and resilient uplands management. The Committee provides up to \$1,000,000 to support this work and directs the Agency to provide a report, within 180 days of enactment of this Act, outlining expanded research plans and future funding needs to investigate adverse health effects that threaten the clarity and water quality of large alpine lakes." Please see page 81 of House Report 117-83 (<a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a>). I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with. Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<a href="https://docs.house.gov/bills/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>). Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022
2022-OCFO-06542	Bogardus, Kevin	E&E News	<p>I request the briefing described in the following excerpt from House Report 117-83:</p> <p>"Water Information Centers. —The Committee notes the Agency's Water Infrastructure and Resiliency Finance Center works in coordination with Environmental Finance Centers across the country to provide information and assistance to communities as they make informed decisions for drinking water, wastewater, and stormwater infrastructure. To enhance these efforts and better understand the health effects related to water infrastructure, the Committee urges the Agency to consider partnering with research universities to establish and support water health infrastructure and policy centers. Within 180 days of enactment of this Act, the Committee encourages the Agency to provide a briefing outlining any gaps in the Agency's existing research programs and how such center(s) may benefit the Agency, the estimated costs of such center(s), and how the center(s) might establish a capability to oversee water quality metrics, standards, and delivery."</p> <p>Please see page 84 through 85 of House Report 117-83 (<a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<a href="https://docs.house.gov/bills/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/bills/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this briefing for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022

"Clean Air. —The Committee recommends \$435,154,000, \$152,904,000 above the enacted level and equal to the request. The recommendation includes \$103,689,000 for the Atmospheric Protection program project and increases funding for Federal Stationary Source Regulation to \$26,618,000. The Committee notes the new responsibilities required of the Agency to implement the recently enacted American Innovation and Manufacturing Act of 2020 (AIM Act), which phases out use of hydrofluorocarbons (HFCs). The recommendation includes the requested increases for both Stratospheric Ozone program projects to carry out this work. As the Agency works to implement the AIM Act, the Committee directs the Agency to make reasonable accommodations to mitigate economic impacts on affected stakeholders, including industrial manufacturers.

Despite continued progress under the Clean Air Act to improve air quality and curb the effects of acid rain, forests and watersheds throughout the Northeast are still experiencing long-term impacts from acid rain, smog, and mercury. To better protect these ecosystems, enhance data collection, and improve long-term monitoring of these threats on the Northwoods Region, the Committee provides increased funding, consistent with the request, within EPM and S&T for the Clean Air Allowance Trading Program to support such efforts. The Committee directs the Agency to provide a briefing on its critical loads approach for climate and acid rain damage documentation not later than 180 days of enactment of this Act. As part of this briefing, the Agency should discuss opportunities to partner with research institutions and scientists in the Region to improve its critical loads approach, to collaborate on water body and ecosystem restoration projects, and to advance acid rain mitigation and monitoring in the Northeast."

Please see page 86 of House Report 117-83 (<https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf>).

I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.

Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<https://docs.house.gov/bills/thisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf>).

2022-OCFO-  
06544

Bogardus, Kevin

E&E News

I request the report described in the following excerpt from House Report 117-83:

09/12/2022

"The Committee also encourages Agency funds to be made available to expand breakwaters and advance local shoreline mitigation measures that protect water quality and provide much needed protection for Great Lakes shorelines threatened by rising lake levels. The Committee directs the Agency, within 180 days of enactment of this Act, to submit a report outlining the funding that has been provided for these purposes over the last five fiscal years."

Please see page 88 of House Report 117-83 (<https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf>).

I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.

Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<https://docs.house.gov/billssthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf>).

Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.

"Water: Human Health Protection. —The Committee recommends \$118,804,000, \$10,317,000 above the enacted level and \$1,265,000 below the request. The Committee commends the decision to review and, as necessary, to revise the Lead and Copper Rule, to better protect children and communities from the risks of lead exposure through drinking water, including in schools and childcare facilities.

The Committee understands there is strong interest in carbon capture and storage projects that permanently sequester carbon dioxide in geologic formations instead of releasing this pollutant into the air. The Committee provides not less than \$4,000,000 for the Agency's work within the Underground Injection Control program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency. These funds should be used by the Agency to expeditiously review and process Class VI primacy applications from States and Tribes and to directly implement the regulation as quickly as possible, where States have not yet obtained primacy by working directly with permit applicants. The Committee also directs the Agency, in consultation with the Bureau of Ocean Energy Management, to provide an assessment within 180 days of enactment of this Act of Class VI program's relevance to Outer Continental Shelf (OCS) carbon capture projects. The Agency is encouraged to continue coordinating with the Food and Drug Administration in light of the directive included in Section 773 of Division B of the Consolidated Appropriations Act, 2019 (P.L. 116–6)."

Please see page 92 of House Report 117-83 (<https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf>).

I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.

Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<https://docs.house.gov/billssthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf>).

Please consider any final briefing materials accompanying this assessment for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.

2022-OCFO-06546	Bogardus, Kevin	E&E News	<p>I request the report described in the following excerpt from House Report 117-83:</p> <p>"Superfund Cleanup. —The Committee recommends \$1,107,917,000, \$299,417,000 above the enacted level and equal to the request. The Committee urges the Agency to prioritize work at sites where activities will result in reduced human exposure to toxic substances. The Committee provides an additional \$2,500,000 within the Superfund: Remedial program, to support regulatory work needed to designate PFAS chemicals as hazardous substances under section 102 of CERCLA.</p> <p>The Committee also directs the Agency, within 180 days of enactment of this Act, to submit a report on the status of each time-critical removal action for which Federal funds greater than \$1,000,000 have been expended since January 1, 2017, along with the Federal cost of clean-up efforts, whether responsible parties have faced criminal charges, and the amount of recovered Federal dollars."</p> <p>Please see page 96 through 97 of House Report 117-83 (<a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022
2022-OCFO-06547	Bogardus, Kevin	E&E News	<p>I request the briefing described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:</p> <p>"Clean Air.-The agreement provides \$134,314,000 for Clean Air. The Committees are aware of a strong interest from a number of stakeholders to generate Renewable Fuels Standard credits from renewable electricity, also referred to as "eRINs". The Committees understand that EPA is planning to propose to revise the existing EPA regulations related to eRINs as part of a future rulemaking action. The Committees urge the Agency to undertake this rulemaking in a timely manner to provide transparency and clarity for all stakeholders and direct the Agency to brief the Committees on its progress within 180 days of the enactment of this Act."</p> <p>Please see page 48 through 49 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<a href="https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this briefing for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022

2022-OCFO-  
06548

Bogardus, Kevin

E&E News

I request the briefing described in the following excerpt from the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03:

09/12/2022

"Updating Safe Drinking Water Information System.-The Committees recognize that the Safe Drinking Water Information System is in need of updates and expansion to maximize its utility for States, Territories, Tribes, utilities, and the public. The Committees expect the Agency to provide a briefing within 180 days of the enactment of this Act on the Agency's plans and resource needs for on-going and upcoming updates."

Please see page 58 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03 (<https://docs.house.gov/billsthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf>).

Please consider any final briefing materials accompanying this briefing for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.

2022-OCFO-06549	Bogardus, Kevin	E&E News	<p>I request the assessment described in the following excerpt from House Report 117-83:</p> <p>"Water: Human Health Protection.—The Committee recommends \$118,804,000, \$10,317,000 above the enacted level and \$1,265,000 below the request. The Committee commends the decision to review and, as necessary, to revise the Lead and Copper Rule, to better protect children and communities from the risks of lead exposure through drinking water, including in schools and childcare facilities.</p> <p>The Committee understands there is strong interest in carbon capture and storage projects that permanently sequester carbon dioxide in geologic formations instead of releasing this pollutant into the air. The Committee provides not less than \$4,000,000 for the Agency's work within the Underground Injection Control program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency. These funds should be used by the Agency to expeditiously review and process Class VI primacy applications from States and Tribes and to directly implement the regulation as quickly as possible, where States have not yet obtained primacy by working directly with permit applicants. The Committee also directs the Agency, in consultation with the Bureau of Ocean Energy Management, to provide an assessment within 180 days of enactment of this Act of Class VI program's relevance to Outer Continental Shelf (OCS) carbon capture projects. The Agency is encouraged to continue coordinating with the Food and Drug Administration in light of the directive included in Section 773 of Division B of the Consolidated Appropriations Act, 2019 (P.L. 116–6)."</p> <p>Please see page 92 of House Report 117-83 (<a href="https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf">https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf</a>).</p> <p>I also note the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, which requires House Report 117-83 be complied with.</p> <p>Please see page 1 of the joint explanatory statement of Division G of the Consolidated Appropriations Act, 2022, Public Law No: 117-03, for more detail on this requirement (<a href="https://docs.house.gov/billssthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf">https://docs.house.gov/billssthisweek/20220307/BILLS-117RCP35-JES-DIVISION-G.pdf</a>).</p> <p>Please consider any final briefing materials accompanying this assessment for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.</p>	09/12/2022
2022-OCSP-06560	McCall, Joanna	COGENCY GLOBAL INC.	<p>COGENCY is seeking from EPA copies of documents relating in whole or in part to EPA's August 22, 2022, announcement, entitled "EPA Updates Policy to Include All Exposures in Review of New Chemicals under TSCA." The requester specifically requested the following: <input type="checkbox"/></p> <ul style="list-style-type: none"> <li>• <input type="checkbox"/> Copy of an internal memo that explains EPA's new policy for risk assessment. <input type="checkbox"/></li> <li>• <input type="checkbox"/> Copy of briefing document(s) that support OPPT's recent decision for the new policy.</li> </ul>	09/12/2022
2022-R09-06561	Wylie, Amari	BBJ Group LLC	<p>I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) and leaking aboveground storage tanks (LAST) incidents, site remediation program enrollment, compliance reports, groundwater and soil contamination information, sampling results, and incident notices for any facility at the following address: 40610 County Center Drive, Temecula, CA 92591</p>	09/12/2022

2022-OGC-06536	ODonnell, Joseph	-	List of all FOIA requests that were denied based on 7(A) exemptions from Jan 1 2020 to present. Please attached all denial letters. Modification: FOIA log that includes all FOIA requests denied based on exemption 7(a) within the timeframe requested.	09/12/2022
2022-OCSP-06537	Vyas, Nimish	U.S. Geological Survey	I request ecological incident information from the Office of Pesticide Programs Incident Data System (IDS). I request a digital version of the data. I request all ecological incident reports in the IDS. I request individual incident reports in IDS including supporting details, not a tally of the report. I request all ecological incident aggregated reports for each reporting period. I request all reports from the earliest record to now. I request this data to complete a manuscript as part of my official duties as a research biologist for U.S. Geological Survey.	09/12/2022
2022-NFO-06550	Walsh, Timothy	Partner Engineering and Science, Inc.	Pertaining to the property addressed 16620 West 159th Street, Lockport, Illinois 60441 (PIN #16-05-18-305-052-0000): Documentation/reports/permits pertaining to underground and/or above ground storage tanks (USTs and/or ASTs); hazardous materials spills or releases (LUSTs, SRP, etc.); hazardous waste treatment, storage, and/or disposal (TSD) including RCRA generation; drinking water well records; septic system records; dry wells; and/or wastewater treatment.	09/12/2022
2022-OCSP-06554	Rosa, Nicole	-	On the label of most Herbicides, it is claimed that "the product is safe once it's dry". When I ask the EPA about this, they admit that this claim is made by the herbicide companies, due to THEIR OWN TESTING. I would like to see these test results, in addition to any independent testing the EPA has done, (if any).	09/12/2022
2022-OAR-06570	Groom, Nichola	Reuters	We are seeking any and all documents and/or communications between EPA and representatives from the National Energy Technology Laboratory and/or the Office of Fossil Energy and Carbon Management regarding methane emissions from "marginal wells" or "marginal oil and gas wells" or about the report titled "Quantification of Methane Emissions from Marginal (Small Producing) Oil and Gas Wells." I am seeking records from between June of 2021 and the present.	09/12/2022
2022-OECA-06575	Whitley, Brian	-	I am looking for any Refinery Finding of Violations or Notice of Violations reported from 2021 forward.	09/12/2022
2022-NFO-06555	Collins, Joey	RAUCH inc.	Please provide, within your custody, any and all records of septic tanks, wells, sewage/sludge disposal, toxic chemical spills, hazmat waste violations, lead contamination, refuse disposal, oil spills, aviation fuel contamination, asbestos pollution, petroleum spills, citations, historical usage and monitoring data, and any other environmental-related occurrences for the following property in Talbot County, Maryland: 4297 Ocean Gateway, Trappe, MD 21673, SDAT District 03, Account No. 125602, Map 0054, Grid 0018, Parcel 0169, Lot N/A, Deed Ref. /02949/00058, Plat Ref. 90/30, Owner: Lakeside Village Infrastructure, LLC, Cross Streets: Ocean Gateway (Rte. 50) & Timberwind Ln. This information is needed in order to complete a Phase I Environmental Site Assessment.	09/12/2022

Please provide, within your custody, any and all records of septic tanks, wells, sewage/sludge disposal, toxic chemical spills, hazmat waste violations, lead contamination, refuse disposal, oil spills, aviation fuel contamination, asbestos pollution, petroleum spills, citations, historical usage and monitoring data, and any other environmental-related occurrences for the following property in Talbot County, Maryland: 4313 Ocean Gateway, Trappe, MD 21673, SDAT District 03, Account No. 115291, Map 0054, Grid 0018, Parcel 0304, Lot N/A, Deed Ref. /02949/00058, Plat Ref. 90/21, Owner: Lakeside Village Infrastructure, LLC, Cross Streets: Ocean Gateway (Rte. 50) & Timberwind Ln. This information is needed in order to complete a Phase I Environmental Site Assessment.	09/12/2022
2022-NFO-06557	Collins, Joey	RAUCH inc.	Please provide, within your custody, any and all records of septic tanks, wells, sewage/sludge disposal, toxic chemical spills, hazmat waste violations, lead contamination, refuse disposal, oil spills, aviation fuel contamination, asbestos pollution, petroleum spills, citations, historical usage and monitoring data, and any other environmental-related occurrences for the following property in Talbot County, Maryland: (Street Address Not Assigned) Ocean Gateway, Trappe, MD 21673, SDAT District 03, Account No. 198746, Map 0055, Grid 0013, Parcel 0014, Lot N/A, Deed Ref. /02949/00058, Plat Ref. 90/30, Owner: Lakeside Village Infrastructure, LLC, Cross Streets: Ocean Gateway (Rte. 50) & Timberwind Ln. This information is needed in order to complete a Phase I Environmental Site Assessment.	09/12/2022
2022-NFO-06558	Collins, Joey	RAUCH inc.	Please provide, within your custody, any and all records of septic tanks, wells, sewage/sludge disposal, toxic chemical spills, hazmat waste violations, lead contamination, refuse disposal, oil spills, aviation fuel contamination, asbestos pollution, petroleum spills, citations, historical usage and monitoring data, and any other environmental-related occurrences for the following property in Talbot County, Maryland: (Street Address Not Assigned) Ocean Gateway, Trappe, MD 21673, SDAT District 03, Account No. 122700, Map 0055, Grid 0013, Parcel 0015, Lot N/A, Deed Ref. /02949/00058, Plat Ref. 89/141, Owner: Lakeside Village Infrastructure, LLC, Cross Streets: Ocean Gateway (Rte. 50) & Timberwind Ln. This information is needed in order to complete a Phase I Environmental Site Assessment.	09/12/2022

2022-NFO-06571	Clark, Audrey	Roux	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APNs: 6310-025-042. The Site is located at 6101-6127 State Street, 6101 State Street, 6105 State Street, 6109 State Street, 6115 State Street, 6123 State Street, 6125 State Street, 6127 State Street, 3091 Randolph Street, 3076 61st Street, 3086 61st Street, Huntington Park, California 90255. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	09/12/2022
2022-R02-06574	Rogers, Kevin	Sive, Paget & Riesel P.C.	<p>Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, as amended by Public Law No. 104-231, 110 Stat. 3048, I hereby request:</p> <p>(1) <input type="checkbox"/> records and correspondence between the Environmental Protection Agency ("EPA") and the Hicksville Water District ("HWD") relating to the detection, identification, sampling, testing, analysis, and/or remediation of 1,4-dioxane, dioxane, dioxan, p-dioxane, diethylene dioxide, diethylene oxide, diethylene ether, and/or glycol ethylene ether (collectively, "1,4-Dioxane") in the HWD public drinking water wells ("HWD Wells") Nos. 4-2, 5-2, and 5-3, or in the groundwater within the vicinity of said HWD Wells, from the period of 2012 to present;</p> <p>(2) <input type="checkbox"/> records, including, but not limited to, data, reports, sampling plans and results, work plans, studies, field inspection notes, correspondence, agency comments or approvals, and analyses, relating to 1,4-Dioxane in HWD Wells Nos. 4-2, 5-2, and 5-3, or in the groundwater within the vicinity of said HWD Wells, from the period of 2012 to present;</p> <p>(3) <input type="checkbox"/> notices of violations and/or violations issued to HWD and all consent orders or consent decrees to which HWD is or was a party, relating to 1,4-Dioxane contamination detected at HWD water plant facilities ("HWD Plants") Nos. 4 and 5, from the period of 2012 to present; and</p> <p>(4) <input type="checkbox"/> records concerning the proposed applicability, pilot studies, design, cost, contracting, and/or implementation of advanced oxidation process ("AOP") treatment technology to remediate 1,4-Dioxane at HWD Plant 4 and 5, from the period of 2012 to present.</p>	09/12/2022
2022-R05-06559	Chan, Blair	Archaea Energy	<p>1) Subject of the Request - I would like to receive all information and data related to the drilling, permitting, logging, sampling, testing, injection, and plugging of the Class I UIC well permitted by the EPA (permit #IN-091-11-0002 - the Criterion Catalyst Co WD-1 well) in Indiana.</p> <p>2) The informative value of the information to be disclosed: We are evaluating a nearby site for geologic feasibility for carbon storage, and data from this well is likely to contribute critical information to assess its technical viability for injection and permanent storage.</p> <p>3) The contribution to an understanding of the subject by the public is likely to result from disclosure: Development of carbon storage facilities is part of our key pathway towards reduction of greenhouse gases into our atmosphere and will contribute to the public good by limiting damaging effects of climate change. Data from this well will contribute to the public understanding of the subsurface in this area.</p> <p>4) The significance of the contribution to public understanding: Given that there are no deep wells near the requested well, the data is likely to significantly contribute to the public understanding of the subsurface.</p> <p>5) The existence and magnitude of a commercial interest: There is commercial interest for this well and this type of data - in particular for companies seeking to execute carbon capture and sequestration projects in Region 5.</p> <p>6) The primary interest in disclosure: The primary interest in the disclosure is for commercial use, although this data would undoubtedly be used in academia or for government funded projects to better characterize the subsurface for potential carbon capture and sequestration use.</p>	09/12/2022
2022-NFO-06569	Williams, Sarah	Aptim Environmental & Infrastructure, LLC	Aptim Environmental & Infrastructure, LLC (APTIM) is performing a Phase I Environmental Site Assessment of the property located at 2425 Wisconsin Ave. Downers Grove, IL. APTIM requests any records of recognized environmental conditions related to the property and any records that pertain to environmental issues (storage, handling, and releases of hazardous materials, hazardous waste, leaking above ground storage tanks, leaking underground storage tanks, well abandonment, environmental site assessments, etc.) related to the property. The preferred method of delivery of any such records would be electronic copies. Thank you for your time.	09/12/2022

Time frame 1999 to 2007. 1) Requesting documents describing contaminant concentrations and locations of river sediment samples associated with the Roger's Fibre Mill. 2) Requesting documents explaining why the foundation of the Roger's Fibre Mill was not removed as part of the clean-up action.</p>	09/14/2022
2022-R02-06606	Martínez-Lorenzo, Patricio	Comprehensive Environmental Legal Services, PSC	<p>On behalf of Hacienda San Martín, Inc. ("HSM" or "Requester"), I request the disclosure of records pursuant to the Freedom of Information Act and the pertinent U.S. Environmental Protection Agency ("EPA") regulations. This is a commercial use request for which Requester will pay reasonable fees and/or costs involved in fulfilling this request, as provided for in 40 C.F.R. §2.107. Please produce all records in EPA's possession, custody or control consisting of reports, work plans and related submittals required to be notified by the Puerto Rico Aqueduct and Sewer Authority ("PRASA") to: Chief, Municipal Water Programs Branch; Caribbean Environmental Protection Division; United States Environmental Protection Agency, Region 2; City View Plaza II, Suite 7000; 48 RD 165 Km. 1.2; Guaynabo, PR 00968-8069. PRASA was required to notify certain reports, work plans and related submittals in compliance provisions of Administrative Order number CWA-02-2016-3103 issued in: IN THE MATTER OF: Puerto Rico Aqueduct and Sewer Authority, Dorado Wastewater Treatment Plant, Quintas de Dorado Development Wastewater Collection System, NPDES Permit No. PR0020460 (hereinafter, "AO"), dated May 17th, 2016, a copy of which is attached. More specifically, HSM requests disclosure of: (1) the "Work Plan with specific milestones for the construction of the new Quintas de Dorado/Dorado Trunk Sewers, the New Pre-treatment Headwork facility and the Influent Pump Station Nearby the Dorado WWTP", at that time under planning, including "estimated costs associated with the implementation of the plan, including capital costs plus O&amp;M costs associated with the construction of the collection system" as described in paragraph 46 of the AO; (2) "all studies conducted regarding capacity issues and engineering design made of the Facility Dorado Trunk Sewer, and any other study made on the wastewater collection systems that are tributaries to the Dorado WWTP", as described in paragraph 51 of the AO; (3) the certification indicating that ... [PRASA] completed the work, required in paragraphs 40-45, 47 and 47of the AO, as described in paragraph 52 of the AO; (4) all Progress Reports to EPA described in paragraph 53 of the AO; (5) any and all records from EPA to PRASA notifying of noncompliance with the terms and provisions of the AO; (5) all responses by PRASA to noncompliance notifications described in above item (4); (6) all records from Quintas de Dorado Development residents to EPA, dated after May 17, 2016, describing conditions or problems, for example overflows, related to the Quintas de Dorado Development Wastewater Collection System; and, any records not disclosed in response to prior items (1) .</p>	09/14/2022

2022-R09-06635	Feick, Amelia	Roux Associates	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APN: 007-0324-005. This APN is associated with the address: 2100 Q Street, Sacramento, CA 95816. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	09/15/2022

2022-R09-06638	Ruch, Jeff	PEER	<p>In an October 2021 "Frequently Asked Questions" and a briefing of the Hunters Point Citizens Advisory Committee, the U.S. Navy revealed that in its radiological field work on Parcel G that approximately "10% of samples indicate strontium-90 levels slightly above the remediation goal." And that "To remedy this, the Navy worked with regulatory agencies and chemists to refine the laboratory procedure to produce more precise analytical results."□</p> <p>In its PowerPoint presentation to the Citizens Advisory Committee, the Navy indicated that it would "re-analyze" all strontium-90 samples using an "updated method" designed to produce "more precise and certain results" with the concurrence of "regulatory agencies." Presumably, those agencies include the U.S. Environmental Protection Agency (EPA).□</p> <p>Pursuant to the Freedom of Information Act, 5 U.S.C. 552, as amended, Public Employees for Environmental Responsibility (PEER) requests information regarding these matters. Specifically, we request the following:□</p> <ol style="list-style-type: none"> <li>1. Records reflecting the referenced strontium-90 sampling results, including the specific levels of strontium-90 detected and the precise location of each sample;□</li> <li>2. The Parcel G strontium-90 sampling plan and methodology used to take those existing measurements, and the sampling plan and methodology being employed for the "updated method" designed for "more precise and certain results";□</li> <li>3. Communications related to the Navy's announced conclusion that re-analysis of these samples was appropriate and/or why the reported results lacked precision or certainty, as well as records reflecting whether EPA agreed with the Navy's conclusion;□</li> <li>4. Any records describing the "updated method" of analyzing these samples and detailing why this method would yield "more precise and certain results", including any records indicating why this new or revised method might in fact not yield more precise and certain results;□</li> <li>5. All communications with the Navy in the last 12 months regarding strontium-90 sampling, including communications concerning the need for and approval of updated methods for analyzing these soil samples;□</li> <li>6. Records reflecting EPA's most recent position on what the background levels of strontium-90 are and should be used in the HPNS cleanup, including any records reflecting whether EPA disagreed with the Navy's purported background values for strontium-90 and if so, why; and □</li> <li>7. Documents created or forwarded in the last 12 months describing all possible sources of strontium-90 on Parcel G. □</li> </ol> <p>PEER submitted an identical FOIA request dated November 15, 2021. By this request, we seek only records generated after November 15, 2021.</p>	09/15/2022

2022-R02-06660	Gorman, John	HRP Associates	<p>MODIFIED BY THE REQUESTER TO REFLECT: The correct address of the Site in question is 3672 St Hwy 30</p> <p>We are conducting a Phase I Environmental Site Assessment on behalf of Fulton County Center for Regional Growth at the 3672 St Hwy 30 (also addressed as 3672 NY-30) in the Town of Mayfield, New York. There is a lien instated by the EPA on the property for \$113,949.18 as an enforcement/compliance activity. We are requesting files relating to the nature of the lien to determine why it was put on the Site as it could be a barrier for redevelopment. The Site is currently owned by Donald Embree. The facility EPA Registry ID is 110040052019. The lien request was received May 4, 2018. The Fulton County tax ID for the property is 152.-3-28.2.</p>	09/16/2022
2022-R03-06662	Osman, Maaisha	-	<p>Pursuant to Virginia Freedom of Information Act, §2.2-3704 et seq., I am requesting the following information:</p> <p>I am requesting a record of dataset that includes mold inspection of Fairfax County Public Schools in the state of Virginia from 2017 – 2022:</p> <ul style="list-style-type: none"> <li>• School</li> <li>• County</li> <li>• Year</li> <li>• Inspection of mold, moisture, leaks, spills</li> <li>• Indoor Air Quality</li> </ul> <p>I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request.</p> <p>The Public Records Law requires you to provide me with a written response within 5 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.</p> <p>Sincerely,</p> <p>Maaisha Osman</p>	09/16/2022
2022-R03-06649	Tetrick, Krista	Schnabel Engineering	I am requesting files on the Wawa petroleum filling station, RCRA Generator database listing from January 1, 2014 to the present. The Wawa is located at 2415 Staples Mill Road, Richmond, VA.	09/16/2022
2022-R05-06658	Chan, Blair	Archaea Energy	<p>This is a request under the Freedom of Information Act.</p> <p>I am requesting electronic scanned copies of well logs for following UIC Class I wells that were permitted in Indiana under Environmental Protection Agency (EPA) Region 5. The wells are located in LaPorte County under permit numbers IN-091-11-0001, IN-091-11-0002, and IN-091-11-0006. We plan to use this data to evaluate nearby locations for geologic feasibility for carbon sequestration.</p> <p>Thank you for your consideration of this request.</p> <p>Sincerely,</p> <p>Blair Chan</p>	09/16/2022
2022-R06-06653	Gray, Sophie	Phelps Dunbar, LLP	<p>Please see enclosed letter requesting the following: "Westlake" gas plant 44-acre site near Maryneal, Texas in Nolan County, Texas currently owned by Anadarko Petroleum Company ("the Site"):</p> <ul style="list-style-type: none"> <li>• All communications between David Dewayne Stowe, Sr., Lora Ann Stowe, David Dewayne Stowe, Jr., Victoria Stowe, Daniel Jacob "D.J." 2022-OCSP-  
06664 Brombacher, Markus INREX, LLC

This is a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq. We seek copies of any and all documents, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's ("EPA's") pesticide registration files for the following Sharda Cropchem Limited pesticide product: 82633-53 ("Sharda Prothioconazole Technical"). We would appreciate it if EPA would give priority to the following documents and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review: 1. any submission/application correspondence with EPA; 2. any EPA Form 8570-1 (Application for Pesticide – Section 1); 3. any EPA Form 8579-34 (Certification with Respect to Citation of Data); 4. any EPA Form 8570-35 (Data Matrix); and 5. any EPA Form 8570-27 (Formulator's Exemption Statement).□

In addition, we seek meeting minutes prepared as required under 40 CFR 155.30(d)(1-7) as well as materials not designated as CBI identified as per 40 CFR 155.30(d)(6) for correspondence between EPA and representatives (employees or consultants) of Sharda Cropchem Ltd. (EPA Co. No. 82633) related to this company's fulfillment of requirements under the Data Call-In Notice for the pesticide Prothioconazole, GDCI-113961-1613. Please provide correspondence including email, official meeting notes, presentations, or other materials provided to or created by the agency. Furthermore, we seek copies of any EPA Forms 8570-32 (CERTIFICATION OF ATTEMPT TO ENTER INTO AN AGREEMENT WITH REGISTRANTS FOR DEVELOPMENT OF DATA) filed by the above-referenced companies and/or their representatives related to the above referenced GDCI.□

This request does not apply to any documents or portions thereof contained in these files that are Confidential Business Information. Further, this FOIA request does not seek test data, manufacturing processes, or the confidential statement of formula for this or any other pesticide product. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$100. If I may be of any assistance with this matter, please do not hesitate to contact me at (703) 242-2506. Thank you in advance for your assistance. Sincerely, Markus W. Brombacher, INREX, LLC, 9915 Corsica St., Vienna, VA 22181.

2022-OW-06680 Lavelle, Kristin n/a

BACKGROUND:

09/19/2022

The National Toxicology Program has been working on a systematic review of fluoride's neurodevelopmental effects. In September 2019, the NTP released a draft report titled "Systematic Review of Fluoride Exposure and Neurodevelopmental and Cognitive Health Effects." This report has since undergone several rounds of peer review, including by the National Academy of Sciences, Engineering & Medicine (NASEM). Subsequent to NASEM's February 2021 peer review, the NTP has circulated several revised iterations of the report. (The title of the 2021 and 2022 iterations of the NTP report are unknown to me at this time.)

DEFINITIONS:

For purposes of this FOIA request, the following terms shall have the following meanings:

(A) The term NTP FLUORIDE REVIEW means the National Toxicology Program's ongoing review of fluoride's neurodevelopmental effects, including all iterations of this report that have been circulated in 2021 and 2022.

(B) The term OFFICE OF WATER EMPLOYEES means the following EPA employees: Betsy Behl, Benita Best-Wong, Navis Bermudez, Eric Burneson, Joyce Donohue, Radhika Fox, Sara Hisel-McCoy, Jennifer McLain, and Deborah Nagle.

(C) The term OFFICE OF RESEARCH & DEVELOPMENT EMPLOYEES means the following EPA employees: Susanna Blair, Wayne Cascio, Chris Frey, Maureen Gwinn, Bruce Rodan, Mary Ross, and Jamie Strong.

(D) The term OFFICE OF CHEMICAL SAFETY & POLLUTION PREVENTION EMPLOYEES means the following EPA employees: Stan Barone, Michal Freedhoff, Tala Henry, Denise Keehner, Anna Lowitt, and Jeff Morris.

DOCUMENTS REQUESTED:

(1) All emails to or from OFFICE OF WATER EMPLOYEES that reference, or in any way discuss, the NTP FLUORIDE REVIEW.

(2) All emails to or from OFFICE OF RESEARCH & DEVELOPMENT EMPLOYEES that reference, or in any way discuss, the NTP FLUORIDE REVIEW.

(3) All emails to or from OFFICE OF CHEMICAL SAFETY & POLLUTION PREVENTION EMPLOYEES that reference, or in any way discuss, the NTP FLUORIDE REVIEW.

DATE RANGE OF REQUESTED DOCUMENTS:

August 1, 2021 to the Present day.

2022-OCSPP-06708	Pierce, Jennifer	Oved & Oved LLP	All documents and communications concerning and related to the March 31, 2021 Stop Sale, Use or Removal Order issued to ViaClean Technologies, LLC ("ViaClean") to stop marketing BioProtect, including communications with ViaClean, internal communications, and analyses, tests, reports or the results of any other investigation concerning BioProtect.	09/19/2022
2022-OECA-06712	Hester, Stephen	Spicer Rudstrom PLLC	A copy of the complete file from Special Agent Brett Spiers investigation of Charles Nelson Martin's puncture of NuStar Pipeline's ammonia pipeline in Calhoun County, Arkansas on September 23, 2021. There are more details of the incident in the enclosed Arkansas Probable Cause Affidavit.	09/19/2022
2022-OCSPP-06670	Fernandez, Denise	-	Please provide the releasable efficacy DER for EPA Reg. No. 9150-8 that includes MRIDs 51186501 and 51186502. We also requesting the releasable efficacy protocol supporting the claim for secondary treatment of potable water systems for Legionella pneumophila.	09/19/2022

2022-NFO-06817	Simons, Mack	-	Under the Freedom of Information Act (FOIA), please provide definitive answers to the following questions? (1) How much volume (space) does One (1) Metric Ton of Carbon Dioxide occupy naturally in Earth's atmosphere? (2) How much Kenetic energy is consumed to compress & sequester One (1) Metric Ton of Carbon Dioxide in a subterranean Earth cavity (or cavern)? (3)How much Kenetic energy is consumed to keep (maintain) One (1) Metric Ton of Carbon Dioxide in a subterranean Earth cavity (or cavern)? (4) How many Metric Tons of Carbon Dioxide can be safely removed from Earth's atmosphere before it threatens the viability of vegetative plant life worldwide - that is plant life which takes in carbon dioxide to maintain its living existence? (5)How many Metric Tons of Carbon Dioxide can be safely removed from Earth's atmosphere before it threatens the worldwide viability of oxygen dependent flora (vegetative plant life) and fauna (animal life) functioning respiration (inhalation)? (6) And finally, already knowing the current volume of carbon dioxide in Earth's natural atmosphere today, what was the then volume of carbon dioxide (percent [%] wise) during the median (middle) Age of the Dinosaur (Jurassic Period, 140-190 million years ago) based upon known & stored ice core samples which measured carbon dioxide over the eons? Thank you kindly for providing answers to the previous enumerated inquiries. I look forward to learning the information which will greatly allow me to define & discuss this important greenhouse gas with my class of physical science students & protoges .	09/19/2022
2022-R04-06668	Vick, Therese	-	<p>Hello,</p> <p>I am requesting emails between Region 4, main EPA, and the North Carolina Department of Environmental Quality regarding the new health advisories on four PFAS announced on June 15th, 2022. Some communications may be earlier than the final announcement, please include those also.</p> <p>The Blue Ridge Environmental Defense League (BREDL) submitted a records request on this to NC DEQ on March 22, 2022, which has not yet been fulfilled so we are asking that this FOIA request be expedited. We are also aware that many water providers are not notifying their customers if PFOA or PFOS have been detected. BREDL also asks that all fees for this request be waived as it is in the public interest.</p> <p>Thank you, Therese Vick</p>	09/19/2022
2022-OCSPP-06663	Messina, Jim	Exponent	Please provide a copy of the most current data matrix for EPA Registration Number 73049-24, 73049-40 and 94413-1. Thank you.	09/19/2022
2022-R02-06667	Pressler, Joseph	PWGC	SEE COMMENTS SECTION FOR 10/11/2022 EMAILS REVISING THE SCOPE	09/19/2022
2022-R05-06681	Arnold, Kevin	Nova Group, GBC	Nova Group is conducting a Phase I ESA on a property at 1015 West Jackson Street in Macomb, Illinois. Our environmental database listed 1177 West Jackson Street-Lots 1-6, and Lot 7 on the Federal Brownfields list. According to the database environmental assessment have identified volatile organic compounds, lead, polynuclear aromatic hydrocarbons (PAHs), PCBs, affecting soil and groundwater beneath the Brownfields site. I was unable to obtain additional information regarding the environmental status of 1177 West Jackson Street. Under the Freedom of Information Act, Nova Group is requesting information pertaining to the environmental status of 1177 West Jackson Street including, but not limited to: Phase II ESAs, remedial action plans, soil gas (vapor) assessments, etc. Please contact me if fees will be incurred to complete this request, or if you need additional information.	09/19/2022
2022-R05-06669	Geiger, Jim	Illinois State Geological Survey	Please send me all releasable CERCLA/SEMS documents, dated after February 3, 2022, for the following active NPL Superfund site in Carterville, Williamson County, Illinois:	09/19/2022
2022-R04-06689	Judin, Nick	Mississippi Free Press	<p>USEPA # IL8143609487- Sangamo Electric Dump/Crabs Orchard National Wildlife Refuge (USDOI), East of State Route 148, Carterville, IL.</p> <p>1. All correspondence between EPA and the City of Jackson regarding its municipal water system dating from Jan. 2022 to present.</p> <p>1a. In particular, all correspondence between EPA and the City of Jackson regarding the O.B. Curtis Water Treatment Plant dating from Jan. 2022 to present.</p> <p>2. All correspondence between EPA and the State of Mississippi, including the Office of the Gov., the Office of the Lt. Gov., the Office of the Speaker of the House, and the Mississippi State Department of Health, regarding the City of Jackson's municipal water systems dating from Jan. 2022 to present.</p> <p>3. All internal correspondence from EPA regarding Jackson's water treatment facilities, including all communication between the EPA's Office of the Inspector General and any other office or branch of EPA.</p> <p>4. All reports, notices, or drafts of orders or decisions related to the City of Jackson's municipal water system dating from Jan. 2022 to present.</p>	09/19/2022

2022-R04-06694	Kreger, Adam	Friends of Animals	Please see attached FOIA request.	09/19/2022
2022-R06-06711	Greenbaum, Aaron	-	<p>This request may appear duplicative of the request sent in May 2022. During that request, Friends of Animals agreed to Ms. Jennifer Pearce's offer, which was to accept documents that were immediately available at the time, with the reservation to submit another request later in the year if need be. Friends of Animals is submitting another request because the documents received in May only discussed public comments and the public comment procedure, and were not fully responsive to our initial request. Thank you.</p> <p>We are hereby requesting copies of any and all releasable records generated and/or maintained by the U.S. Environmental Protection Agency ("EPA"), and its subdivisions in relation to the approach of Hurricane Ida, its landfall, and its aftermath, including information on meteorological statistics, readings and modeling. including but not limited to wind speed and intensity, pressure, storm surge, river surge, river level readings, rainfall, flooding, and tornadoes, casualty and damages statistics, forecasts, alerts, warnings, probability cones, and any upgrades concerning Hurricane Ida.</p> <p>We are further requesting information pertaining to any declarations of force majeure or vis major by any entities, including but not limited to government or municipal entities, refineries including specifically Valero, vessel operators, barge fleets, terminals, and shipyards, any releases and/or shut-downs, tracking, intensity, storm surge forecasts and warnings, wind watches and warnings, and Impact-based Decision Support Services (IDSS) and public communications.</p> <p>This request includes, but is not limited to press releases, bulletins, electronic communications, correspondence, recorded statements, written statements, completed EPA forms, shut-down reports, accident reports, damage reports, investigative reports, readings, notes, opinions, and findings, orders. logs, invoices, inspection reports, contact information of any witnesses, hearing transcripts, investigators or experts, photographs. videos, voice recordings, radio recordings, interviews, and any records as previously described submitted to the EPA, and other subdivisions by any party, agency or individual in connection with this incident.</p> <p>We are writing with respect to Hurricane Ida and its effect on the Gulf of Mexico, Southeastern Louisiana, and the Lower Mississippi River system between August 22, 2021, and September 15, 2021</p>	09/19/2022
2022-NFO-06713	Lambert, Gabby	EnviroNET, Inc.	<p>Good afternoon,</p> <p>I would like to request any environmental records dating back to the 1930s, including building reports, UST information, wells/septic information, environmental inspections or reports, hazardous material storage records, fire reports, waterwater disposal/manifests, permits, chemical spills, etc. for the following addresses:</p> <p>1. <del>43</del>20 Tanglewood Rd, Bettendorf, IA a. <del>EN</del>N: 841539011</p> <p>2. <del>43</del>20 Tanglewood Rd, Bettenforf, IA a. <del>EN</del>N: 841433011</p> <p>3. <del>41</del>00 Middle Rd, Bettendorf, IA a. <del>EN</del>N: 841433005</p> <p>Thank you!</p>	09/19/2022

Via FOIA Online

Freedom of Information Act Request

To Whom It May Concern:

This is a request under the Freedom of Information Act. Per the statute, please provide responsive records within 20 business days.

Please provide all records and correspondence associated with the previous FOIA request EPA-R6-2013-001779 , as identified by a previous public FOIA. The request was filed on November 30, 2012 by David Colvin and fully granted on May 30, 2014.

The summary of the request reads:

All data, records, studies, compilations or records, and any other materials concerning the explosion of the MODU Deepwater Horizon Oil Rig and the subsequent spill of the Macondo oil well which occurred on April 20, 2010 in the Gulf of Mexico, specifically including any and all material regarding the effect of this explosion and/or spill on fisheries, wildlife, and animals and/or organisms of any kind, as well as the effect of this explosion and/or spill on wetlands, beaches, water and any other property.

Please provide all records in a machine readable format, including, whenever possible, having performed Optical Character Recognition (OCR) on .pdf files. Word or .doc and/or .docx files are acceptable. If applicable, spreadsheets, whenever possible, should be provided in .csv or .xlsx format.

I request all communications and responsive records regarding this request to be sent electronically to the email provided.

I preemptively agree to pay fees up to \$100 for the search and production of the above-described records and ask to be notified only if the estimated fees exceed that amount. Once records are compiled, please justify each deletion separately by reference to specific exemptions of the law and release all reasonably segregable portions of otherwise-exempt material.

I look forward to your response within the act's statutory time limit.

Thank you for your acting in a timely manner on this request.

Sincerely,

Jeremy Borden

(b) (6)

Taylor site. This includes a preliminary assessment report from October 20, 1994. A May 18, 1993, determination on the site from the EPA. A December 2011 site investigation report completed by Shield Environmental Associates (Shield). Monitoring and soil sample reports from the Kentucky Division of Waste Management. Any related documents about site KYD985112986AI 51935.</p>	09/23/2022
2022-R06-06810	Jones, David	-	<p>Looking for EPA records for youth baseball and softball fields and parking lot located on the NW corner of East Main St and North Henney Rd in Jones Oklahoma at UNPLTD PT SEC 27 13N 1W 000 000 PT OF SEC 27 13N 1W BEG SE/C SE4 TH N380FT W520FT S40FT E74.35FT SE16.5FT SE129.89FT SE101.54FT SE108.84 E343.64FT TO BEG I believe there to be lead contamination at this location as I have had severe health issues related to extremely high lead content. I believe this is the location where I was exposed to lead and now have 4 times the allowable lead content in my person. I coached ball at these fields for 7 years and fear that others may have exposure and will continue to be exposed. I have been undergoing treatment for lead poisoning for 7 weeks and have irreversible health damage including cancer, brain tumor, nervous system/cognitive damage related to this exposure. I have contacted the Town of Jones which owns these ball fields and was told that it has not been tested since the fields were installed. I need to obtain copies of any and all information pertaining to this property water and soil testing records since this was a lead battery dump location.</p>	09/23/2022

2022-R09-06841	James, Norman	Fennemore Craig	1. Copies of each and every written, electronic, or recorded communication that the EPA received from any external source from January 1, 2022, through the date of this letter concerning the activities of HudBay Minerals or Rosemont Copper Company, or the Copper World Project in Pima County, Arizona.  2. Copies of each and every document or other record that the EPA received from any external source from January 1, 2022, through the date of this letter concerning the activities of HudBay Minerals or Rosemont Copper Company, or regarding the Copper World Project in Pima County, Arizona.  3. Copies of each and every written, electronic, or recorded communication from the EPA or any person employed by EPA to any person or entity outside the agency from January 1, 2022, through the date of this letter concerning the activities of HudBay Minerals or Rosemont Copper Company, or the Copper World Project in Pima County, Arizona.  As used herein, the "Copper World Project" refers to the project and any activities related to such project that are the subject of EPA Region 9's Request for Information under Clean Water Section 308(a), EPA Docket No. CWA-308-9-22-032. Additionally, "recorded communications" include all notes, summaries, memorandums, email, and other records concerning any meeting or telephone conversation during which the activities of HudBay Minerals or Rosemont Copper Company were discussed, or during which the Copper World Project was discussed.	09/26/2022
2022-R09-06826	Markelz, David	Ramboll US Corporation	request records for a Treatment, storage and disposal facility (TSDF) listing for the McKesson Chemical Company formerly located at 4909 W Pasadena Ave in Glendale AZ	09/26/2022

To Whom It May Concern:

Pursuant to the Freedom of Information Act, I hereby request the following records:

Copies of all duly segregable portions of final reports, memoranda, and other written or email communications related to Resource Conservation and Recovery Act (RCRA) § 3007(c) inspections of the United States Air Force operating location near Groom Lake, commonly known as Area 51, from the years 1994 until present. This should include United States Air Force (USAF) prepared final inventory reports delivered to the Environmental Protection Agency (EPA) as well as the EPA prepared final inspection reports. This should also include communications with Nevada state-level environmental agencies, including the Nevada DEP (see below). This request also includes the EPA's records retention guidelines for inspection reports and inventories generated in the fulfillment of RCRA § 3007(c).

- - - -

CONTEXT: According to the EPA's information page on RCRA, §3007 "Inspections and Information Gathering," the agency is "required to conduct annual RCRA inspections of Federal TSDFs. Authorized States also may conduct inspections. In general, inspections may be conducted by either EPA or a State and may be done jointly or separately. TSDFs, generators, handlers, or transporters of hazardous waste must, upon request of EPA or the State, furnish information relating to such waste and must, at all reasonable times, allow EPA/State access to and a copy of all records relating to such waste." <https://www.epa.gov/enforcement/resource-conservation-and-recovery-act-rcra-and-federal-facilities#Application%20to%20Federal%20Facilities>

It would be reasonable to assess that approximately 28 such RCRA § 3007(c) inspection reports and inventories have been generated by the either the EPA, Nevada DEP, or both in collaboration since the year 1994. Their ability to be released hinges, on a case by case basis, upon the existing records retention policies and the national security classifications involved. To the latter point, please note that no new executive order exempting these reports from disclosure has been signed by a U.S. president since 2003. The exemption was last renewed in 2003 by then-President George W. Bush for a final one-year statutory period (<https://www.govinfo.gov/content/pkg/CFR-2004-title3-vol1/pdf/CFR-2004-title3-vol1-other-id216.pdf>). As no new presidential exemptions on this matter have been published, these documents should be releasable to the public.

Furthermore, portions of the above requested material are over 25 years old. Pursuant to Executive Order 13526 (<https://www.archives.gov/isoo/policy-documents/cnsi-eo.html>) signed by President Barack Obama in December 2009, and still in effect, classified documents 25 years or older that "have been determined to have permanent historical value under title 44, United States Code, shall be automatically declassified whether or not the records have been reviewed."

I would like to further bring your attention to the fact that senior level EPA personnel have acknowledged the existence of this material, in part, and that this request includes, at a minimum, documents regarding the records retention policies for the EPA's inspection reports and USAF inventories generated in the fulfillment of RCRA § 3007(c). Barry N. Breen, a former Director of EPA's Federal Facilities Enforcement Office, and Elliott P. Laws, then an Assistant Administrator of EPA's Office of Solid Waste and Emergency Response, both supplied unclassified court declarations related to the above requested documents in the case DOE v. BROWNER, Case No. CV-S-94-795-PMP (RLH) in the United States District Court, D. Nevada.

A district court order referencing the Breen and Laws declarations can be accessed here: <https://www.courtlistener.com/opinion/2597169/doe-v-browner/>

A Ninth Circuit appeals court decision referencing the Breen and Laws declarations can be accessed here: <https://caselaw.findlaw.com/us-9th-circuit/1129>

- 2014 Soil sampling results for each of 235 primary decision units on 74 properties, inclusive of Stevens County Washington parcel number, taken as part of EPA's 2014 UCR Residential Soil Study. The final 2014 UCR Residential Soil Study Field Sampling and Data Summary Report prepared by CH2MHill for EPA and dated February 2016 identifies the number of properties, primary decision units and parcel numbers requested.
- Letter correspondence from EPA to each of the 74 property owners summarizing the results of the 2014 UCR soil residential soil sampling on their property.
- 2014 soil sampling results for each of 142 Aerial Deposition Areas (ADAs), inclusive of Stevens County Washington parcel number, conducted by Teck American Incorporated (TAI) and submitted to EPA. The UPPER COLUMBIA RIVER FINAL Soil Study Data Summary Report prepared by WinWard Environmental for TAI, dated October 2015 and approved by EPA, identifies that 142 ADA soil sampling results were provided to EPA.
- Letter correspondence from TAI copied to EPA to each of the property owners summarizing the results of 2014 ADA soil sampling on their property.
- Soil sampling results for each of 452 DUs from a total of 144 properties, inclusive of Stevens County Washington parcel number, conducted by Teck American Incorporated (TAI) and submitted to EPA. A UPPER COLUMBIA RIVER FINAL Residential Soil Study Data Summary Report Prepared by Ramboll Environ for TAI, dated October 2015, and approved by EPA identifies 452 DUs and 144 properties were sampled.
- Letter correspondence from TAI copied to EPA to each of the property owners summarizing the results of the 2016 soil sampling on their property.

Law Clinic

Dear FOIA Officer:

09/27/2022

On behalf of Patricia Charles, Carolyn Peters, Raphael Sias, Ronald Carrier, Larry Allison, Karl Prater, McKeever Edwards, Stafford Frank, and Peggy Anthony (collectively, "Mossville Residents"), and pursuant to the Freedom of Information Act, 5 U.S.C. §552, we hereby request the following documentation, in whatever form, electronic or otherwise:

For the time period between November 1, 2021 and the present, all documentation in connection with any EPA inspection of Sasol Chemicals (USA) – Lake Charles Chemical Complex, Westlake, LA including but not limited to: a) documentation reflecting any EPA inspection or review of Sasol's ethylene oxide emissions at the Lake Charles Chemical Complex; b) documentation detailing the inspection of methods, procedures, policies, units and/or performance testing used by Sasol Chemicals (USA) – Lake Charles Chemical Complex; c) documentation detailing any releases of toxic or hazardous materials, including air emissions, on-site and off-site disposal of solid and hazardous waste, and discharges into water bodies; d) documentation detailing EPA's findings from any inspection of Sasol Chemicals (USA) – Lake Charles Chemical Complex; e) any and all communication between Sasol and EPA regarding any EPA inspection of the Lake Charles Chemical Complex.

We request a waiver of fees associated with responding to this request and have attached a letter detailing our qualifications for the waiver.

Should you decide that any of the requested material is not to be disclosed, please describe the material withheld and specify in detail the statutory or administrative basis for withholding it. All segregable, non-exempt parts of documents should be provided.

We can be reached at the emails listed below. Should you need to speak to anyone directly about this request or the associated fee waiver, please contact Jade Davis at the number below. Thank you.

Sierra Club requests records<sup>1</sup> in the possession, custody, or control of the U.S. Environmental Protection Agency ("EPA") for the time period starting from July 1, 2015 up through and including the date that you conduct your search for documents pertaining to Gulf South Pipeline Company, LP's Petal Compressor Station III (hereinafter "Petal III"), which is located at the Petal Gas Storage Station on 1382 Highway 11 North Petal, MS, 39465. This includes, but is not necessarily limited to, records exchanged either among EPA personnel or between EPA personnel and any external parties, including (but not limited to) any person associated with Boardwalk Pipeline Partners, LP or Gulf South Pipeline, LP. Sierra Club hereby requests copies of the following records:

1. Any records regarding the applicability of 40 C.F.R. § 60, subpart OOOOa ("the OOOOa rule") to Petal III, including (but not limited to) the applicability of 40 C.F.R. § 60.5385a (establishing standards for reciprocating compressors) and/or 40 C.F.R. § 60.5397a (establishing standards for the collection of fugitive emissions components at compressor stations);
2. Any records discussing Petal III's fulfillment of requirement under the OOOOa rule, including (but not limited to) compliance reports submitted pursuant to 40 C.F.R. § 60.5420a;
3. Any records pertaining or otherwise discussing the non-applicability of any aspect of the OOOOa rule to Petal III;
4. Any records regarding Petal III's monitoring plans and compliance schedules for reducing emissions from the collection of fugitive emissions components pursuant to 40 C.F.R. § 60.5397a;
5. Any records pertaining to or otherwise discussing leak detection and repair ("LDAR") surveys at Petal III, including (but not limited to) LDAR surveys performed pursuant to the 40 C.F.R. § 60.5397a;
6. Any records pertaining to efforts to repair of any sources of fugitive emissions discovered at Petal III and the consequent resurveying of those sources to confirm successful repair, including (but not limited to) actions performed pursuant to 40 C.F.R. § 60.5397a;
7. Any records providing verification that Petal III's optical gas imaging equipment meets the requirements for such equipment established in the OOOOa rule;
8. Any records pertaining to or otherwise discussing rod packing replacements undertaken at any reciprocating compressors at Petal III, including (but not limited to) any such replacements undertaken pursuant to 40 C.F.R. § 60.5385(a)(1) or (2);
9. Any records pertaining to or otherwise discussing efforts at Petal III to collect emissions using a rod packing emissions collection system, including (but not limited to) any such actions taken pursuant to 40 C.F.R. § 60.5385(a)(3).
10. Any correspondence or other records that discuss any of the records requested in items 1 through 9.

I am seeking the following documents listed below that relate to the remediation of the Lower Passaic River. A spreadsheet is attached to this request with references, authors, titles, and dates of publication:

2022-R06-06846	Green, Adam	Worley	I have a couple questions about Class VI injection well permitting for the States of Texas and Louisiana. I found your contact information on EPA's website, so I was hoping you'd be a great person to talk to. If these questions are better discussed over the phone/Teams, I'm happy to set something up.  1. What is the most up to date status of Louisiana's primacy approval review? 2. Do you know when Texas plans to submit their application for approval? I know they made some regulatory changes to facilitate this. 3. Do you believe EPA HQ is estimating a 12-month turnaround for permit issuance once the application is administratively complete. Do you believe that (assuming no state primacy) EPA can meet this? 4. Do you think Louisiana and Texas could hold to this 12 month timeline if primacy is approved?	09/27/2022

2022-R04-06920	Warren, Anthony	WLBT	<p>I am seeking all answers the city provided to information requests from the EPA related to its July 1, 2021 EPA Administrative Compliance Order, Public Notice of Violation 03192021, Significant Deficiency Reporter 022020 and Emergency Administrative Order 03272020</p>	09/29/2022

2022-R04-06899	Rosenbluth, Solomon	Logic Environmental	I am conducting an environmental assessment of a former industrial property located as 625 Sims Industrial Boulevard in Alpharetta, Georgia. The property was developed as Proto Systems of Atlanta, AKA Belair Industries. The facility manufactured computer chips and did a significant amount of metal plating. In the early 1980s, it was investigated under CERCLIS. A NFRAP finding was issued at that time, but there were future groundwater contamination issues tied back to this site. I am looking for information from the initial investigation, and justification for the decision not to include the property on the NPL.	09/29/2022
2022-R04-06903	Mathis, Emily	Apex Companies LLC. 2022-R06-06914	Coddington, Kimberly	-	Targus Environmental is conducting a Phase I Environmental Site Assessment in San Antonio, Bexar County, Texas and would like to request files for the following regulated facility:  Wood Industries 11373 Southton Road San Antonio, Texas 78223 EPA ID: TXD027070655 RN: 102941275 CN: 601491731 Databases: Central Registry, IHW, IHW CORR ACTION, RGA LF, SEMS-ARCHIVE, CORRACTS, RCRA-TSDF, RCRA NONGEN, EPA WATCH LIST, SWF	09/29/2022
2022-R06-06916	Smith, Newman	Nelson Mullins Riley & Scarborough LLP	Request correspondence with (to and from) Stupp Corporation (Stupp Bros., Inc. and all related companies) at 12555 Ronaldson Rd., Baton Rouge, LA 70807, all enforcement actions or orders, inspection reports and any other compliance related materials (not including permits) from 2012-today for all EPA programs (air, water, waste, hazardous waste, TSCA, etc.).	09/29/2022
2022-R09-06918	Kalwasinski, Michael	AEI Consultants	Hello, I am requesting any current or archived records on a SEMS ARCHIVE database listing. The site ID is 0902079 and the EPA ID is CAD980817456. The site address is "San Pablo Avenue/I-80 at Sycamore Avenue". If you could send me whatever records you have on file for the site, that would be great. Thank you.	09/29/2022
2022-R04-06941	Spicer, Ashley	-	I would like any environmental reports for Turkey Creek in Palm Bay, FL to include chemical contaminants, sewage spills, and water quality checks for dates ranging 2016-2022. I was wondering if any information could be released so that I can know what all I might have been exposed to while recreating in that area.	09/30/2022
2022-R05-06942	Olsen, Dean	Illinois Times	I am not planning on making this information public, I only need it for my own self. Under the U.S. Freedom of Information Act, I am requesting a copy of the application filed by Navigator Heartland Greenway LLC for federal EPA approval to inject liquified CO2 under the ground in Illinois. This CO2 would be transported to central Illinois via a multi-state underground pipeline known as the Heartland Greenway Pipeline: <a href="https://heartlandgreenway.com/about-us/">https://heartlandgreenway.com/about-us/</a> . I would prefer to receive this application in both Microsoft Word and PDF format. Also, please supply a written timeline of the process for the U.S. EPA to consider this request and provide an opportunity for the public to give input.	09/30/2022

Please include all fields, including but limited to the public water system's name, ID number, city or county served, number of people served, type of system (residential, transient, non-transient), whether the system operates year-round or seasonally, characteristics of the system's source(s) of water, violation information for each public water system, including whether the system has:

failed to follow established monitoring and reporting schedules

failed to comply with mandated treatment techniques

violated any Maximum Contaminant Levels (MCLs)

failed to communicate required information to their customers

Enforcement information, including actions states or EPA have taken to ensure that a public water system returns to compliance if it is in violation of a drinking water regulation

I request those records from Jan. 1, 2011 to the present.

We prefer to receive records in a .csv, tab-delimited file or similar. We deal with a variety of data formats and I would be happy to talk with your data administrator to figure out a format that would work for both of us. Please also provide any and all documentation related to such electronic records, including but not limited to data dictionaries, database documentation, record layouts, code sheets, data entry instructions, and similar printed or electronic documentation materials necessary to interpret the data

We specifically request all portions of any record responsive to the description above; in a database or spreadsheet, we request all data fields associated with responsive records. If you withhold any record or any portion of a record as exempt, we specifically request the release of all segregable non-exempt portions.

If you withhold any record or portion of a record, please specify which statutory exemptions are claimed for each withholding. Please describe each record withheld, including its date and size (e.g., number of pages or number of database entries).

Please respond within 20 working days, as the Act provides, or notify me if "unusual" or "exceptional" circumstances apply (as the Act uses those terms).
