Speaker Bios

**Dave Mullaney, Chief Transformation Officer, truCurrent (Moderator)**

Dave Mullaney is leading fleet transformation efforts at truCurrent, a microgrid, mobility and virtual power company owned by Distributed Sun, where he focuses on integration of solar PV, BESS, EV, EVSE and charging infrastructure. He previously served as a principal on RMI's Carbon-Free Transportation team, where he focused on fleet electrification, particularly for trucks, and logistics decarbonization. Dave has worked globally with policymakers at every level of government to craft and implement freight decarbonization policies. Prior to joining RMI, Dave worked at Deutsche Bank in Hong Kong and UBS in Stamford, Connecticut. At Deutsche Bank, he was a member of the Autobahn Equity trading team, and at UBS he worked in the exotic structured derivatives group.

**Anita Molino, Managing Partner, Bostonia**

Anita Molino has over 35 years of experience as an investment banker and finance professional and is a co-founder of Bostonia, a real estate and infrastructure investments firm. She has extensive capital markets experience focusing on real estate, energy, project finance, and the securitization markets. Anita was an early participant in the nascent securitization markets for real estate leases and contract finance and has pioneered the introduction of a variety of credits into the capital markets, involving highly structured transactions of which several were firsts of their kind. She has served as an advisor to several public and private entities relating to real estate, energy, and public policy. Anita also serves as the Chief Compliance Officer for the firm's broker/dealer entity.
