WHEREAS, Plaintiff United States of America, on behalf of the United States Environmental Protection Agency (“EPA”), has filed a Complaint against Rudy’s Performance Parts and Aaron Rudolf (collectively, “Defendants”) alleging violations of the Clean Air Act (“CAA”) relating to Defendants’ manufacture, sale and offer to sell, and installation of, aftermarket automotive products that bypass, defeat, or render inoperative emission controls installed on Motor Vehicles or Motor Vehicle Engines in violation of Section 203 of the CAA;

WHEREAS, Section 203(a)(3)(A) of the CAA, 42 U.S.C. § 7522(a)(3)(A), prohibits any person from knowingly removing or rendering inoperative any device or element of design installed on or in a Motor Vehicle or Motor Vehicle Engine in compliance with regulations under Title II of the CAA after sale and delivery to the ultimate purchaser;

WHEREAS, Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), prohibits any person from manufacturing, selling, offering for sale, or installing, any part or component intended for use with, or as part of, any Motor Vehicle or Motor Vehicle Engine, where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a Motor Vehicle or Motor Vehicle Engine in compliance with regulations under Title II of the CAA, and where the person knows or should know that such part or component is being offered for sale or installed for such use or put to such use;

WHEREAS, Section 203(a)(2) of the CAA, 42 U.S.C. § 7522(a)(1), prohibits any person from failing to provide information to EPA as required by Section 208 of the CAA;

WHEREAS, the Complaint alleges that Mr. Rudolf and Rudy’s: (1) manufactured, sold, and/or offered to sell and installed certain subject aftermarket performance products, the effect of which is to bypass, defeat, or render inoperative a device or element of design installed on or in Motor Vehicles or Motor Vehicle Engines to control the emission of pollutants in violation of

Section 203(a)(3)(B) of the CAA; (2) removed or rendered inoperative any device or element of design installed on or in a Motor Vehicle or Motor Vehicle Engine to control the emissions of pollutants in violation of Section 203(a)(3)(A) of the CAA; and (3) failed to provide information requested by EPA pursuant to Section 208 of the CAA, in violation of Section 203(a)(2)(A) of the CAA;

WHEREAS, Mr. Rudolf and Rudy's in July 2019 agreed to stop the sale and distribution of parts identified by EPA and alleged to have been in violation of Section 203(a)(3)(B) of the CAA;

WHEREAS, the United States has reviewed Financial Information submitted by Defendants regarding their financial ability to pay a civil penalty in this action. Based on that information, the United States has determined that Defendants have limited financial ability to pay a civil penalty in this action;

WHEREAS, except as Set forth in Section I below, Mr. Rudolf and Rudy's make no admission of law or fact with respect to the allegations in the Complaint and do not admit any liability to the United States arising out of the transactions or occurrences alleged in the Complaint;

WHEREAS, the United States' Complaint seeks injunctive relief and the assessment of civil penalties; and

WHEREAS, the United States, Mr. Rudolf and Rudy's (collectively, the "Parties") recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and will avoid litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest;

NOW, THEREFORE, before the taking of any testimony, without the adjudication or

admission of any issue of fact or law except as provided in Section I (Jurisdiction and Venue), and with the consent of the parties, it is hereby ADJUDGED, ORDERED, AND DECREED as follows:

I. JURISDICTION AND VENUE

1. The Court has jurisdiction over the subject matter of this action and the Parties pursuant to 28 U.S.C. §§ 1331, 1345, 1355, and Sections 204 and 205 of the CAA, 42 U.S.C. §§ 7523 and 7524.

2. Venue in this Court is proper pursuant to Sections 204 and 205 of the CAA, 42 U.S.C. §§ 7523 and 7524, and 28 U.S.C. §§ 1391(b) and 1395(a). For purposes of this Consent Decree, or any action to enforce this Decree, Mr. Rudolf and Rudy's consent to the Court's jurisdiction over this Decree or such action and over Mr. Rudolf and Rudy's, and consent to venue in this judicial district. For purposes of this Consent Decree, Mr. Rudolf and Rudy's agree that the Complaint states claims upon which relief may be granted pursuant to Sections 203, 204, and 205 of the CAA, 42 U.S.C. §§ 7522, 7523, and 7524.

II. APPLICABILITY

3. The obligations of this Consent Decree are binding upon the United States, and apply to and are binding upon Mr. Rudolf, Rudy's, and any other entity majority-owned or operated by any Defendant that manufacture, sell, offer to sell, and/or install any motor vehicle parts or components. The obligations of this Consent Decree are binding on Defendants, jointly and severally, and on any successors, assigns or other entities or persons otherwise bound by law.

4. No transfer of ownership or operation of Rudy's whether in compliance with the procedures of this Paragraph or otherwise, shall relieve Defendants of their obligation to ensure that the terms of the Decree are implemented unless: (a) the transferee agrees to undertake the

obligations required by this Decree and to be substituted for the Defendants as a Party under the Decree and thus be bound by the terms thereof, (b) the United States consents to relieve Defendants of their obligations, and (c) the Court approves the substitution. The United States may refuse to approve the substitution of the transferee for any Defendant if it determines that the proposed transferee does not have the financial or technical ability to comply with the requirements of the Decree. Defendants may challenge the United States' refusal using the Dispute Resolution procedures set forth in Section IX (Dispute Resolution). At least 30 Days prior to any transfer of ownership or operation of Rudy's shall provide a copy of this Consent Decree to the proposed transferee and shall simultaneously provide written notice of the prospective transfer, together with a copy of the proposed transfer agreement, to EPA and to the United States in accordance with Section XIII (Notices). Any attempt to transfer ownership or operation of Rudy's, without complying with this Paragraph, constitutes a violation of this Decree.

5. Within 30 Days of the Effective Date, Defendants shall provide a copy of this Consent Decree (including all Appendices) to all officers, employees and agents of the Defendants whose duties might reasonably include compliance with any provision of this Decree, as well as to any contractor retained to perform work required under this Consent Decree. Defendants shall condition any such contract upon performance of the work in conformity with the terms of this Consent Decree.

6. In any action to enforce this Consent Decree, Defendants shall not raise as a defense the failure by any of its officers, directors, employees, agents, or contractors to take any actions necessary to comply with the provisions of this Consent Decree.

### III. DEFINITIONS

7. Terms used in this Consent Decree that are defined in the CAA or in regulations promulgated in accordance with the CAA shall have the meanings assigned to them in the CAA or such regulations, unless otherwise provided in this Decree. Whenever the terms set forth below are used in this Consent Decree, the following definitions shall apply:

a. “AECD” means any element of design of a Motor Vehicle or Motor Vehicle Engine that senses temperature, motive speed, engine RPM, transmission gear, or any other parameter for the purpose of activating, modulating, delaying, or deactivating the operation of any part of a Motor Vehicle’s emission control system. *See* 40 C.F.R. § 1037.801; 40 C.F.R. §§ 86.082-2, 86.416-80, 86.1803-01, 1036.801, 1037.801.

b. “CAA” means the Clean Air Act, as amended, 42 U.S.C. § 7401 *et seq.*

c. “CARB” means the California Air Resources Board.

d. “CARB Executive Order” or “CARB EO” means an official exemption issued by CARB exempting an aftermarket Product from the prohibitions of Section 27156 of the California Vehicle Code.

e. “Catalytic Converter” means any part, device, or element of design that promotes chemical reactions to convert toxic gases and pollutants to less harmful gases.

f. “Complaint” means the complaint filed by the United States in this action.

g. “Consent Decree” or “Decree” means this Consent Decree and all appendices attached hereto and identified in Section XXIII.

h. “Date of Lodging” means the day that this Consent Decree was lodged with the Court for public comment pursuant to Section XVIII.

i. “Day” means a calendar day unless expressly stated to be a business day. In computing any period of time under this Consent Decree, where the last day would fall on a

Saturday, Sunday, or federal holiday, the period shall run until the close of business of the next business day.

j. “Defendants” means Rudy’s Performance Parts and Rudy’s LLC, North Carolina corporations and Aaron Rudolf, an individual.

k. “Department of Justice” or “DOJ” means the United States Department of Justice and any of its successor departments or agencies.

l. “Diesel Oxidation Catalyst” or “DOC” means any oxidation catalyst used to reduce emissions from diesel-fueled vehicles and equipment, including all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations, and other Emission-related Elements of Design that collectively constitute the system for implementing this emissions control strategy.

m. “Diesel Particulate Filter System” or “DPF” means all hardware, components, parts, sensors, subassemblies, software, firmware, AECDs, calibrations, and other Emissions-related Elements of Design that collectively constitute the system for controlling emissions of particulate matter by trapping such particulates in a filter and periodically oxidizing them through thermal regeneration of the filter.

n. “Effective Date” means the definition provided in Section XIV.

o. “Emissions-Related Calibrations” means software calibrations programed and installed by the OEM in Motor Vehicles and/or Motor Vehicle Engines for parameters that can affect emissions including but not limited to the following calibrations:

- i. calibrations for parameters that affect the operation of the EGR System including EGR flowrate and EGR cooler bypassing;
- ii. calibrations for parameters that affect the operation of the DPF, DOC, SCR, and/or or NAC;
- iii. calibrations for parameters that affect engine combustion, performance, and operation, including air-fuel ratio, fuel injection

timing, fuel quantity, fuel injection pulse width, fuel injection pressure, fuel injection mass, multiple injection patterns, open loop/closed loop functionality and control, ignition control – (spark timing), boost pressure, limiters (fuel, torque, smoke, etc.), manifold pressure, camshaft timing, electronic throttle control, engine air flow characteristics, mass air flow rate, turbocharger/supercharger air flow, and other parameters disclosed on the to EPA in the application for a certificate of conformity which are elements of the OEM's strategy to control the formation of pollutants in the engine; and

- iv. calibrations for parameters that affect OBD detection, warning and recording of malfunctions.

p. "Emissions-related Elements of Design" means any part, device, computer software, electronic control system, computer logic, calibration installed on or in a Motor Vehicle or Motor Vehicle Engine by an OEM for the purpose of controlling emissions or which must function in accordance with the OEM's design to assure continued vehicle emission compliance. Emissions-related Elements of Design include but are not limited to:

- i. The EGR System;
- ii. DOCs;
- iii. The SCR System;
- iv. DPFs;
- v. NAC;
- vi. Catalytic Converter;
- vii. TWC;
- viii. The OBD System;
- ix. Diagnostic Trouble Codes;
- x. Oxygen sensors;
- xi. NO<sub>x</sub> sensors;
- xii. Ammonia sensors;
- xiii. PM sensors;
- xiv. Urea quality sensors;
- xv. Exhaust gas temperature sensors;
- xvi. DPF differential pressure sensors;
- xvii. AECDs;

- xviii. Emissions-Related Calibrations;
- xix. The routing of crankcase emissions to the engine; and
- xx. All other parts, devices or elements of design installed in compliance with Title II of the CAA and its regulations.

q. “EPA” means the United States Environmental Protection Agency and any of its successor departments or agencies.

r. “Exempt Product” means a Product that has been issued a currently effective CARB EO that has not been rescinded or withdrawn. A Product is not an Exempt Product if: (a) it is not identical to the Product covered by the associated CARB EO for use on the Motor Vehicle or Motor Vehicle Engine set forth in the CARB EO; (b) any documentation or information provided to CARB or to EPA related to the Product is materially incorrect or inaccurate; (c) the Product is marketed using identification other than that shown in the associated CARB EO; or (d) the Product is marketed for a configuration other than that listed in the associated CARB EO.

s. “Exhaust Gas Recirculation” or “EGR” or “EGR System” means all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations and other Emission-related Elements of Design that collectively constitute the system for controlling NO<sub>x</sub> emissions by recirculating a portion of engine exhaust gas into the cylinders of an engine. EGR includes the EGR cooler, throttle valve, crossover pipe into the intake manifold, the EGR ports in the exhaust manifold, and the temperature and/or pressure sensors used to detect the amount of exhaust gas being recirculated back into the engine.

t. “Financial Information” means the documentation identified in Appendix D, which was submitted to the United States by Defendants and as to which Defendants assert includes Confidential Business Information.

u. “Identified Subject Products” means the parts, components, and Products

identified in Appendix A.

v. “Interest” means interest on a payment due under this Consent Decree calculated at the interest rate specified at 28 U.S.C. § 1961 on the Date of Lodging.

w. “Marketing Materials” means all materials or communications containing or conveying information that is generated or used by the Defendants, to discuss, describe, or explain any Products sold or offered for sale by Defendants, in any form, including but not limited to electronic and hardcopy information used in advertisements, training materials, online videos (e.g., YouTube), social media webpages (e.g., Facebook, Instagram) and user manuals or guides.

x. “Motor Vehicle” has the meaning provided in 42 U.S.C. § 7550(2) and 40 C.F.R. § 85.1703.

y. “Motor Vehicle Engine” means an internal combustion engine that powers a Motor Vehicle.

z. “NO<sub>x</sub> Adsorber Catalyst” or “NAC” means the strategy for controlling NO<sub>x</sub> emissions from partial lean burn gasoline engines and from diesel engines by adsorbing the NO<sub>x</sub> emissions onto a catalyst substrate during lean combustion followed by periodic regeneration of the substrate during short, richer-than-stoichiometric combustion, together with all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations and other Emission-related Elements of Design that collectively constitute the system for implementing this emissions control strategy.

aa. “On-Board Diagnostics” or “OBD” means the strategy for monitoring the functions and performance of the emissions control system and all other systems and components that must be monitored under 42 U.S.C. § 7521(m) of the CAA and applicable

regulations including 40 C.F.R. §§ 86.007-17, 86.010-18, 1806-05, for identifying and detecting malfunctions of such monitored systems and components, and for alerting the driver of such potential malfunctions by illuminating the malfunction indicator light (“MIL”), together with all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations and other Emission-related Elements of Design that collectively constitute the system for implementing this strategy.

bb. “Original Equipment Manufacturer” or “OEM” means the manufacturer responsible for the design and production of a Motor Vehicle or Motor Vehicle Engine.

cc. “Other Subject Products” means any Product that is not an Exempt Product and that meets any of the following criteria:

- i. any Product that is materially similar in terms of function to a Product identified in Appendix A;
- ii. any Product that enables or requires the removal of, overwrites, bypasses, defeats, renders inoperative or deletes the function of one or more Emission-related Elements of Design on a Motor Vehicle or Motor Vehicle Engine;
- iii. any Product designed or intended for use with, or as part of, any Motor Vehicle, a principal effect of which is to bypass, defeat, or render inoperative any device or element of design installed on or in a Motor Vehicle or Motor Vehicle engine in compliance with regulations under the CAA.

dd. “Paragraph” means a portion of this Decree identified by an Arabic numeral, including any subparagraphs thereunder.

ee. “Parties” means the United States and the Defendants.

ff. “Permanently Delete and/or Destroy” means: (a) in the case of hardware, to crush, smelt, or otherwise irrevocably destroy the device and all of its parts or components to render them useless; and (b) in the case of software, tunes, calibrations or other programming, to completely and permanently erase all programming and information.

gg. “Product” means any part or component (including hardware, software, tunes, programming, calibrations, or a device on which such software, tunes, calibrations or other programming resides) designed or intended for use with, or as part of, a Motor Vehicle or Motor Vehicle Engine.

hh. “Rudy’s” means Rudy’s Performance Parts, Inc., and Rudy’s LLC, North Carolina corporations, and any other names used by these entities or Mr. Rudolf to do business involving Subject Products.

ii. “Section” means a portion of this Decree identified by a roman numeral, including all Paragraphs thereunder.

jj. “Selective Catalytic Reduction System” or “SCR” or “SCR System” means all hardware, components, parts, sensors, sub-assemblies, software, AECDs, calibrations, and other elements of design that collectively constitute the system for controlling NO<sub>x</sub> emissions through catalytic reduction using an ammonia or urea-based diesel exhaust fluid (“DEF”) as the reducing agent, including without limitation all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations, and other Emission-related Elements of Design that collectively constitute the system for implementing this emissions control strategy including but not limited to: (1) the DEF storage tank; (2) the DEF injectors, (3) the dosing control unit, and (4) the SCR catalysts assembly.

kk. “Subject Products” means, collectively, all “Identified Subject Product(s)” and all “Other Subject Product(s).”

ll. “Technical Support” means a range of services offered by Defendants to customers or dealers involving the provision of assistance or advice on the use, installation, or repair of Products. Technical Support includes, but is not limited to, Product owners and user’s

manuals and answers to specific questions provided by phone, on-line, and in person.

mm. “Third Party Reseller” means any person or entity, including corporate affiliates of Defendants, to which Defendants sell or distribute Subject Products which resell such products to any person or entity.

nn. “Three-Way Catalytic Converter” or “TWC” means any Catalytic Converter that promotes the oxidation of CO and NMHC to form carbon dioxide and water and reduce NOx to nitrogen, including all hardware, components, parts, sensors, subassemblies, software, AECDs, calibrations, and other Emission-related Elements of Design that collectively constitute the system for implementing this emissions control strategy.

oo. “United States” means the United States of America, acting on behalf of EPA.

#### IV. CIVIL PENALTIES

8. Defendants provided Financial Information, which is generally described in Appendix D, that demonstrates Defendants have a limited ability to pay civil penalties at this time.

9. Payment of Civil Penalties.

- a. Defendants shall make the following payments of civil penalties.
  - i. No later than 30 Days after the Effective Date, Defendants shall pay the sum of \$1,750,000 as a civil penalty together with Interest accruing from the Date of Lodging.
  - ii. No later than one year after the Effective Date, Defendants shall pay \$1,750,000 together with Interest accruing from the Effective Date;
  - iii. No later than two years after the Effective Date, Defendants shall pay \$1,750,000 together with Interest accruing from the Effective Date;

- iv. No later than three years after the Effective Date, Defendants shall pay \$1,750,000 together with Interest accruing from the Effective Date.
- b. Defendants shall be joint and severally liable for the above-listed payments.
- c. Because this settlement is based on Defendants' collective limited ability to pay, if the courts in the related criminal proceedings against the Defendants for alleged violations of the Clean Air Act prior to July 1, 2019, including *United States of America v. Aaron Lucas Roskin Rudolf*, No. 23-CR-000391 (D.D.C.), impose criminal fines on Defendants that collectively exceed or are below \$3,000,000, the civil penalty payments in Paragraph 9.a.ii-iii above shall be reduced or raised by the difference between the total of the federal criminal fines amount and \$3,000,000.

10. Acceleration of Payments.

- a. Defendants shall have the option (at their sole discretion) to pay any of the amounts required by Paragraph 9 above before they are due. Any such pre-payment shall include the accrued but unpaid Interest.
- b. If a Defendant fails to pay any payment required by Paragraph 9 above by the required due date, all remaining payments and all accrued Interest shall become due immediately upon such failure. Interest shall continue to accrue on any unpaid amounts until the total amount due has been received. Interest required by this Paragraph shall be in addition to any stipulated penalties owed pursuant to Paragraph 33.
- c. If Rudy's or Aaron Rudolf commences, or a third party commences, any case, proceeding, or other action under any law relating to bankruptcy, insolvency, reorganization, or relief of Rudy's or Aaron Rudolf seeking to have any order for relief of Rudy's or Aaron Rudolf's debts, or seeking to adjudicate Rudy's or Aaron Rudolf as bankrupt or

insolvent; or (b) seeking appointment of a receiver, trustee, custodian, or other similar official for Rudy's or Aaron Rudolf for all or any substantial part of Rudy's or Aaron Rudolf's assets, Rudy's and Aaron Rudolf's obligations to make payments under Paragraph 9 above shall be accelerated and any remaining payments shall be due immediately.

d. If the Defendant becomes a debtor in a case filed under Title 11 of the United States Code, 11 U.S.C. § 101 et seq., the schedule for all or any of the payments required by Paragraph 9 shall be automatically accelerated and become due and owing subject to the provisions of Paragraph 10.b unless the Parties agree otherwise.

11. Defendants shall pay the civil penalties due by FedWire Electronic Funds Transfer ("EFT") to the United States Department of Justice in accordance with written instructions to be provided to Defendants, following entry of the Consent Decree, by the Financial Litigation Unit ("FLU") of the United States Attorney's Office for the Middle District of North Carolina. The payment instructions provided by the FLU will include a Consolidated Debt Collection System ("CDCS") number, which Defendants shall use to identify all payments required to be made in accordance with this Consent Decree. The FLU will provide the payment instructions to:

Attn: Justin A. Savage  
Sidley Austin LLP

on behalf of Defendants. Defendants may change the individual to receive payment instructions on its behalf by providing written notice of such change to the United States and EPA in accordance with Section XIII (Notices).

12. At the time of payment, Defendants shall send notice that payment has been made: (i) to EPA via email at [cinwd\\_acctsreceivable@epa.gov](mailto:cinwd_acctsreceivable@epa.gov) or via regular mail at EPA Cincinnati Finance Office, 26 W. Martin Luther King Drive, Cincinnati, Ohio 45268; (ii) to the United States via email or regular mail in accordance with Section XIII (Notices); and (iii) to EPA in accordance with Section XIII. Such notice shall state that the payment is for the civil penalties owed pursuant to the Consent Decree in *United States v. Rudy's Performance Parts, Rudy's LLC, and Aaron Rudolf*, and shall reference the civil action number, CDCS Number, and DOJ case number 90-5-2-1-11963.

13. Defendants shall not deduct any penalties paid under this Decree in accordance with this Section or Section VII (Stipulated Penalties) in calculating any income tax.

#### V. COMPLIANCE REQUIREMENTS

14. The following compliance paragraphs apply to all Subject Products with the exception of any Subject Products installed on the vehicles identified in Paragraph 7 of Attachment A to the Plea Agreement filed on November 29, 2023, in the case of *United States of America v. Aaron Lucas Roskin Rudolf*, No. 23-CR-000391 (D.D.C. Nov. 29, 2023).

15. Beginning on July 1, 2019, and continuing thereafter, Defendants shall cease manufacturing, selling, offering for sale, distributing, and installing in a Motor Vehicle or Motor Vehicle Engine any Subject Product either directly or through any other business owned by, operated by, or affiliated, in whole or in part, with Defendants.

16. Beginning on the Effective Date, Defendants shall not have any ownership interest in, invest in, materially assist, or earn any income from any person or entity that

Defendants know, or with reasonable diligence should know, manufacturers, sells, offers to sell, distributes or installs in a Motor Vehicle or Motor Vehicle Engine any Subject Product.

17. Other Compliance Requirements. By no later than the dates set forth in Paragraph 18 below and continuing thereafter for the types of Subject Products indicated, Defendants shall comply with the following requirements.

a. Deletion and Destruction of Subject Products. Defendants shall Permanently Delete and/or Destroy all Subject Products in their possession and control, including those Subject Products forfeited by employees and officers of Rudy's pursuant to subparagraph i. Within 30 Days of the date indicated for a type of Subject Product in Paragraph 18 below, Defendants shall provide to EPA a certified statement in accordance with Paragraph 27 below that all Subject Products have been destroyed and: (i) as to hardware, a record of the serial number (if any) of each hardware device that was destroyed and the date of such destruction; and (ii) as to software, tunes, calibrations or other programming: a description of the software, tunes, calibrations or other programming that was permanently erased or deleted and the date of such erasure or deletion.

b. Ceasing Technical Support. Defendants shall permanently cease offering or making available any Technical Support or other information (including Marketing Materials) pertaining to the installation, manufacture, sale, use, or repair of any Subject Product.

c. Denial of Warranty Claims. Defendants shall deny all warranty claims pertaining to any Subject Product;

d. Notification to Third Party Resellers. Defendants shall: (i) notify all Third Party Resellers that Defendants are no longer honoring warranty claims pertaining to any Subject Product and that Defendants are no longer supplying Technical Support pertaining to the

installation, manufacture, sale, use or repair of any Subject Product; and (ii) instruct all Third Party Resellers to refuse to honor any warranty claims pertaining to any Subject Product and to refuse to supply any Technical Support or other information (including Marketing Materials) pertaining to the installation, manufacture, sale, use, or repair of any Subject Product.

e. Prohibition on Transfer of Intellectual Property. Defendants shall not offer for sale, sell, convey, or otherwise transfer in any way the design, source code, technology, manufacturing process, or other intellectual property associated with any Subject Product except as part of a submission to CARB, in response to a request from the United States, or as otherwise required by law.

f. Revision of Marketing Materials. Defendants shall revise all Marketing Materials to ensure that such materials do not include any information, including but not limited to instructions or demonstrations, that pertains or relates in any way to replacing, overwriting, deleting, bypassing, defeating, or rendering inoperative any AECD or Emissions-related Element of Design.

g. Notice to all Identified Third Party Resellers and Subject Product Customers. Defendants shall transmit a notice that includes the language specified in Appendix B to: (a) each identifiable Third Party Reseller, and (b) each identifiable end-use customer to which an Identified Subject Product was sold on or after January 1, 2013, using the last known contact information (i.e., email or street address) for such customer. If Defendants are unable to notify such customers using the last known contact information, no further notification is necessary.

h. Notice to Employees. Defendants shall post a written notice of applicable Clean Air Act prohibitions, incorporating language contained in Appendix C to this Decree, in

conspicuous locations, both physical and electronic, where Defendants' officers and employees will regularly encounter it. These postings must include both hardcopy postings in a physical location and on-line, electronic postings.

- i. Officers and Employees Forfeit of Subject Products. Defendants shall:
  - i. request that each of its employees forfeit any Subject Product in his or her possession, or installed on any Motor Vehicle owned or operated by him or her or under his or her control, by returning such Subject Product to an individual designated by Defendants and identified to EPA for such purpose; and
  - ii. with the exception of any Subject Products installed on the vehicles identified in Paragraph 7 of Attachment A to the Plea Agreement filed on November 29, 2023, in the case of *United States of America v. Aaron Lucas Roskin Rudolf*, No. 23-CR-000391 (D.D.C. Nov. 29, 2023), require that each of its officers forfeit, permanently delete or uninstall, and destroy within 30 Days of Date of Lodging any Subject Product in his or her possession, or installed on any Motor Vehicle owned or operated by him or her or under his or her control, by returning such Subject Product to an individual designated by Defendants and identified to EPA for such purpose.

18. Compliance Dates. Defendants shall permanently comply with the requirements set forth in Paragraph 17 above no later than the dates indicated below for the corresponding Subject Products.

<b>Compliance Date</b>	<b>Types of Subject Products</b>
July 1, 2019	Identified Subject Products and Substantially Similar Products
The Effective Date	All Subject Products not on Exhibit A

19. Notwithstanding the requirements of Paragraphs 15 through 18, Defendants and any Third Party Resellers may assist customers in removing any Subject Products from vehicles on which they were installed and returning such vehicles to the OEM settings. Defendants and any Third Party Resellers may provide Technical Support to customers that does not involve the installation, manufacture, sale, use or repair of Subject Products.

20. Training of Employees. No later than 30 Days after the Effective Date, and continuing on an annual basis thereafter, Defendants shall conduct a Clean Air Act Compliance Training Program for all officers, employees, contractors and consultants (hereinafter, “trainees”) involved in the sale or installation of Products. The Training Program shall meet the following requirements:

- a. Include detailed information regarding:
  - i. The Compliance Requirements set forth in Section V of this Consent Decree;
  - ii. The acts prohibited by Section 203(a)(3) of the CAA, 42 U.S.C. § 7522(a)(3), including the statutory language of Section 203(a)(3);
  - iii. The categories of potentially liable persons under the CAA, including individuals;
  - iv. The relevant maximum civil penalties for each violation of Section 203(a)(3)(A) and 203(a)(3)(B), as adjusted for inflation in 40 C.F.R. Part 19; and
  - v. The acts prohibited by Section 113(c)(2) of the CAA, 42 U.S.C. § 7413(c)(2), including the statutory language of that Section and the criminal penalties set forth therein.
- b. Be conducted in person or virtually;
- c. Provide the trainees with a written summary of all training content,

including the information required in Paragraph 20.a; and

- d. Require all trainees to acknowledge, in writing, that they participated in the training session and received a written summary of all content as required by Paragraph 20.c.

21. Prohibition on Tampering. Defendants shall not remove or render inoperative any Emissions-related Element of Design installed on or in a Motor Vehicle or Motor Vehicle Engine except any Subject Products installed on the vehicles identified in Paragraph 7 of Attachment A to the Plea Agreement filed on November 29, 2023, in the case of *United States of America v. Aaron Lucas Roskin Rudolf*, No. 23-CR-000391 (D.D.C. Nov. 29, 2023).

22. Decree Not a Compliance Determination. Defendants shall not state any way or in any form that, as a result of compliance with any aspect of this Consent Decree, any Product is covered by a compliance determination (or similar designation) from EPA.

## VI. REPORTING REQUIREMENTS

23. By January 31st of each year after the Effective Date, and continuing on an annual basis until termination of this Decree, and in addition to any other express reporting requirements of this Decree, Defendants shall submit an annual progress report for the preceding twelve months (“reporting period”) to EPA. The annual progress report shall include, but is not limited to, the following:

- a. a statement regarding the status of the payment of any stipulated penalties owed or paid pursuant to Section IV (Civil Penalties) during the reporting period;
- b. a list of each Exempt Product Defendants sold during the reporting period that identifies the quantity sold, the purchaser of the Exempt Product, the basis for the exemption, and the Exempt Product’s associated CARB EO number or SKU, if any;
- c. as to Subject Products that were Permanently Deleted and/or Destroyed pursuant to Paragraph 17.a during the reporting period, a list of all hardware Subject Products, including Subject Product names, type, serial numbers, and date of destruction; and a list of all software, data, or other information that was Permanently Deleted and/or Destroyed, including the type of software, data or other information and the date of destruction or deletion (including, but not limited to, any supplemental Destruction Reports);
- d. a list of all Third Party Resellers to whom Defendants provided notification pursuant to Paragraph 17.d and g during the reporting periods and a copy of any such notification provided;
- e. a list of all customers to whom Defendants provided a notification

pursuant to Paragraph 17.g during the reporting period and a copy of any such notification provided;

f. a copy of the written notice required to be posted pursuant to Paragraph 17.h and a photograph and description of all locations where such notice was posted;

g. a list of all Subject Products forfeited in accordance with Paragraph 17.i during the reporting period, the name of the individual to whom the Subject Products were delivered for forfeiture, and documentation of the destruction or deletion of such Subject Products as set forth in Paragraph 17.a;

h. a list of all officers, employees, contractors and consultants who participated in the CAA Compliance Training Program during the reporting period, pursuant to Paragraph 20 and copies of the training materials and training acknowledgments signed by the participants;

i. a list of the following Products that were sold by Defendants during the reporting period; and the quantities sold by each Defendant: (1) Identified Subject Products; and (2) Other Subject Products; and

j. a description of any other noncompliance with the requirements of this Consent Decree (including all Appendices) during the reporting period, including an explanation of the violation's likely cause and of the specific remedial steps taken, or to be taken, to resolve and/or minimize such violation, and the specific steps to be taken to prevent such further violations. If the cause of a violation cannot be fully explained at the time the report is due, Defendants shall so state in the report and shall supplement the report when the information regarding the cause of the violation is available.

24. If Defendants violate, or have reason to believe that it may violate, any requirement of this Consent Decree, Defendants shall notify the United States of such violation and its likely duration, in writing, within 10 Days of the Day Defendants first became aware of the violation, with an explanation of the violation's likely cause and of the specific remedial steps taken, or to be taken, to prevent or minimize such violation. If the cause of a violation cannot be fully explained at the time the report is due, Defendants shall so state in the report along with the reason(s) why the violation cannot be fully explained. Defendants shall investigate the cause of the violation and shall then submit an amendment to the report, including a full explanation of the cause of the violation, within 30 Days of the Day Defendants became aware of the cause of the violation. Nothing in this Paragraph or the following Paragraph relieves Defendants of the obligation to provide the notice required by Section VIII (Force Majeure).

25. Whenever any violation of this Consent Decree or any other event affecting Defendants' performance under this Decree may pose an immediate threat to public health or welfare or to the environment, Defendants shall notify EPA orally or by electronic means as soon as possible, but no later than 24 hours after Defendants first knew of the violation or event. This procedure is in addition to the requirements set forth in the preceding Paragraph.

26. All reports shall be submitted to the persons designated in Section XIII (Notices) and shall include the civil action number of this case and the DOJ case number, 90-5-2-1-11963.

27. Each report submitted by Defendants under this Section, and other submissions as specified in this Consent Decree, shall be signed by an official of Rudy's Performance Parts and Aaron Rudolf and include the following certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system,

or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I have no personal knowledge that the information submitted is other than true, accurate, and complete. I am aware that there are significant penalties for intentionally submitting false information, including the possibility of fine and imprisonment for knowing violations.

28. This certification requirement does not apply to emergency or similar notifications where compliance would be impractical.

29. The reporting requirements of this Consent Decree do not relieve Defendants of any reporting obligations required by the CAA or implementing regulations, or by any other federal, state, or local law, regulation, permit, or other requirement.

30. Any information provided in accordance with this Consent Decree may be used by the United States in any proceeding to enforce the provisions of this Consent Decree and as otherwise permitted by law.

## VII. STIPULATED PENALTIES

31. Defendants shall be jointly and severally liable for stipulated penalties to the United States for violations of this Consent Decree as specified in the table below, unless excused under Section VIII (Force Majeure), or reduced or waived by the United States pursuant to Paragraph 38. A violation includes failing to perform any obligation required by the terms of this Decree, including any work plan or schedule approved under this Decree, according to all applicable requirements of this Decree and within the specified time schedules established by or approved under this Decree.

<b>Consent Decree Violation</b>	<b>Stipulated Penalty Per Violation Per Day or Other Measure as Indicated</b>
Manufacture, sell, offer to sell, distribute, or install any Subject Product, in violation of the requirements of Paragraph 15	\$2,500 for the first 100 units of Subject Products manufactured, sold and \$4,500 for each additional unit of Subject Product manufactured, sold or installed.
Failure to comply with Paragraph 16	\$5,000 per Subject Product manufactured,

Failure to comply with the requirements of Paragraph 17.b (Prohibition on Technical Support for all Subject Products)	\$2,500 per instance of noncompliance.
Failure to comply with the requirements of Paragraphs 17.c (Instruction to Third Party Resellers)	\$350 per Day for first 15 Days of noncompliance; \$1,000 per Day for the 16 <sup>th</sup> through 30 <sup>th</sup> Days of noncompliance; and \$2,500 per Day thereafter.
Failure to comply with the requirements of Paragraphs 17.d (Deny Warranty Claims)	\$2,500 per warranty claim.
Failure to comply with the requirements of Paragraph 17.e (Prohibition on Transfer of Intellectual Property)	\$50,000 or two times the gross amount received from the transfer, whichever is greater.
Failure to comply with the requirements of Paragraph 17.f (Revision of Marketing Materials)	\$350 per Day for the first 15 Days of noncompliance; \$1,000 per Day for the 16 <sup>th</sup> through 30 <sup>th</sup> Days of noncompliance; and \$2,500 per Day thereafter.
Failure to comply with the requirements of Paragraph 17.g (Notice to all Identified Subject Product Customers)	\$2,500 per customer.
Failure to comply with the requirements of Paragraph 17.h (Notice to Employees)	\$350 per Day for the first 30 Days of noncompliance; and \$1,000 per Day for the 16 <sup>th</sup> through 30 <sup>th</sup> Days of noncompliance and 2,500 per Day thereafter.
Failure to comply with the requirements of Paragraph 17.i (Requirement of Employees to Forfeit Subject Products)	\$500 per Day for the first 30 Days of noncompliance; and \$2,500 per Day thereafter.
Failure to comply with the requirements of Paragraph 20 (Training of Employees)	\$500 per employee not trained, up to a maximum of \$25,000 per calendar year.
Violation of any other requirement of this Consent Decree for which a stipulated penalty is not set forth above.	\$150 per Day for the first 30 Days of noncompliance; and \$1,500 per Day thereafter.

32. Periodic Reports. If Defendants fail to submit an Annual Report, or fail to submit a complete an Annual Report, as required by Paragraph 23, Defendants shall pay a stipulated penalty of \$1,000 per Day for the first 30 Days of noncompliance and \$2,000 per Day thereafter.

33. Late Payment of Civil Penalty. If Defendants fail to pay the civil penalties required to be paid under Section IV (Civil Penalties) when due, Defendants shall pay a stipulated penalty of \$1,000 per Day for each Day that the payment is late.

34. Stipulated penalties under this Section shall begin to accrue on the Day after performance is due or on the Day a violation occurs, whichever is applicable, and shall continue to accrue until performance is satisfactorily completed or until the violation ceases. Stipulated penalties shall accrue simultaneously for separate violations of this Consent Decree.

35. Defendants shall pay stipulated penalties to the United States within 30 Days of a written demand by the United States, unless Defendants invoke the dispute resolution procedures under Section IX (Dispute Resolution) within the 30-Day period.

36. Stipulated penalties shall continue to accrue as provided in Paragraph 34 during any Dispute Resolution, but need not be paid until the following:

a. If the dispute is resolved by agreement of the Parties or by a decision of EPA that is not appealed to the Court, Defendants shall pay accrued penalties determined to be owing, together with Interest, to the United States within 30 Days of the effective date of the agreement or the receipt of EPA's decision or order.

b. If the dispute is appealed to the Court and the United States prevails in whole or in part, Defendants shall pay all accrued penalties determined by the Court to be owing, together with Interest, within 60 Days of receiving the Court's decision or order, except as provided in subparagraph c, below.

c. If any Party appeals the District Court's decision, Defendants shall pay all accrued penalties determined to be owing by the District Court or Appellate Court, together with Interest, within 15 Days of receiving the final appellate court decision.

37. If a Defendant fails to pay stipulated penalties according to the terms of this Consent Decree, the Defendant shall be liable for Interest on such penalties, accruing as of the date payment became due. Nothing in this Paragraph limits the United States from seeking any remedy otherwise provided by law for Defendants' failure to pay any stipulated penalties or Interest.

38. The United States may, in the unreviewable exercise of its discretion, reduce or waive stipulated penalties otherwise due it under this Consent Decree.

39. Defendants shall pay stipulated penalties owing to the United States in the manner set forth and with the confirmation notices required by Paragraph 11, except that the transmittal letter shall state that the payment is for stipulated penalties and shall state for which violation(s) the penalties are being paid.

40. The payment of stipulated penalties and/or Interest pursuant to this Section shall not alter in any way Defendants' obligation to complete the performance of the requirements of this Consent Decree.

41. Stipulated penalties are not the United States' exclusive remedy for violations of this Consent Decree. Subject to the provisions of Section XI (Effect of Settlement/Reservation of Rights), the stipulated penalties provided for in this Consent Decree shall be in addition to any other rights, remedies, or sanctions available to the United States for Defendants' violation of this Decree or applicable law, including but not limited to an action against Defendant for statutory penalties, additional injunctive relief, mitigation or offset measures, and/or contempt.

Where a violation of this Decree is also a violation of relevant statutory or regulatory requirements, Defendants shall be allowed a credit, for any stipulated penalties paid, against any statutory penalties imposed for such violation under the applicable federal requirement.

42. Obligations Prior to the Effective Date. Upon the Effective Date, the stipulated penalties provisions of this Decree shall be retroactively enforceable with regard to any requirements of this Consent Decree that begin prior to the Effective Date. Provided, however, that stipulated penalties that may have accrued prior to the Effective Date may not be collected unless and until this Consent Decree is entered by the Court.

#### VIII. FORCE MAJEURE

43. “Force majeure,” for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of Defendants, of any entity controlled by Defendants, or of Defendants’ contractors, which delays or prevents the performance of any obligation under this Consent Decree despite Defendants’ best efforts to fulfill the obligation. The requirement that Defendants exercise “best efforts to fulfill the obligation” includes using best efforts to anticipate any potential force majeure event and best efforts to address the effects of any potential force majeure event: (a) as it is occurring, and (b) following the potential force majeure, such that the delay and any adverse effects of the delay are minimized. “Force Majeure” does not include Defendants’ financial inability to perform any obligation under this Consent Decree.

44. If any event occurs or has occurred that may delay the performance of any obligation under this Consent Decree, whether or not caused by a force majeure event, Defendants shall provide notice by electronic transmission to EPA, within 72 hours of when Defendants first knew that the event might cause a delay to the addresses provided in Section XIII (Notices). Within 10 Days thereafter, Defendants shall provide in writing to EPA an explanation and description of the reasons for the delay; the anticipated duration of the delay; all

actions taken or to be taken to prevent or minimize the delay; a schedule for implementation of any measures to be taken to prevent or mitigate the delay or the effect of the delay; Defendants' rationale for attributing such delay to a force majeure event if it intends to assert such a claim; and a statement as to whether, in the opinion of Defendants, such event may cause or contribute to an endangerment to public health, welfare, or the environment. Defendants shall include with any notice all available documentation supporting the claim that the delay was attributable to a force majeure. Failure to comply with the above requirements shall preclude Defendants from asserting any claim of force majeure for that event for the period of time of such failure to comply, and for any additional delay caused by such failure. Defendants shall be deemed to know of any circumstance of which Defendants, any entity controlled by Defendants, or Defendants' contractors knew or should have known.

45. If EPA agrees that the delay or anticipated delay is attributable to a force majeure event, the time for performance of the obligations under this Consent Decree that are affected by the force majeure event will be extended by EPA for such time as is necessary to complete those obligations. An extension of the time for performance of the obligations affected by the force majeure event shall not, of itself, extend the time for performance of any other obligation. EPA will notify Defendants in writing of the length of the extension, if any, for performance of the obligations affected by the force majeure event.

46. If EPA does not agree that the delay or anticipated delay has been or will be caused by a force majeure event, EPA will notify Defendants in writing of its decision.

47. If Defendants elect to invoke the dispute resolution procedures set forth in Section IX (Dispute Resolution), it shall do so no later than 20 Days after receipt of EPA's notice. In any such proceeding, Defendants shall have the burden of demonstrating by a

preponderance of the evidence that the delay or anticipated delay has been or will be caused by a force majeure event, that the duration of the delay or the extension sought was or will be warranted under the circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Defendants complied with the requirements of Paragraphs 43 and 44. If Defendants carry this burden, the delay at issue shall be deemed not to be a violation by Defendants of the affected obligation of this Consent Decree identified to EPA and the Court.

#### IX. DISPUTE RESOLUTION

48. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes arising under or with respect to this Consent Decree. Defendants' failure to seek resolution of a dispute under this Section shall preclude Defendants from raising any such issue as a defense to an action by the United States to enforce any obligation of Defendants arising under this Decree.

49. Informal Dispute Resolution. Any dispute subject to Dispute Resolution under this Consent Decree shall first be the subject of informal negotiations. The dispute shall be considered to have arisen when Defendants send the United States a written Notice of Dispute. Such Notice of Dispute shall state clearly the matter in dispute. The period of informal negotiations shall not exceed 20 Days from the date the dispute arises, unless that period is modified by written agreement. If the Parties cannot resolve a dispute by informal negotiations, then the position advanced by the United States shall be considered binding unless, within 30 Days after the conclusion of the informal negotiation period, Defendants invoke formal dispute resolution procedures as set forth below.

50. Formal Dispute Resolution. Defendants shall invoke formal dispute resolution procedures, within the time period provided in the preceding Paragraph, by serving on the United States a written Statement of Position regarding the matter in dispute. The Statement of Position

shall include, but need not be limited to, any factual data, analysis, or opinion supporting Defendants' position and supporting documentation relied upon by Defendants.

51. The United States shall serve its Statement of Position within 45 Days of receipt of Defendants' Statement of Position. The United States' Statement of Position shall include, but need not be limited to, any factual data, analysis, or opinion supporting that position and any supporting documentation relied upon by the United States. The United States' Statement of Position shall be binding on Defendants, unless Defendants file a motion for judicial review of the dispute in accordance with the following Paragraph.

52. Defendants may seek judicial review of the dispute by filing with the Court and serving on the United States, in accordance with Section XIII (Notices), a motion requesting judicial resolution of the dispute. The motion must be filed within 30 Days of receipt of the United States' Statement of Position under the preceding Paragraph. The motion shall contain a written statement of Defendants' position on the matter in dispute, including any supporting factual data, analysis, opinion, or documentation, and shall set forth the relief requested and any schedule within which the dispute must be resolved for orderly implementation of the Consent Decree.

53. The United States shall respond to Defendants' motion within the time period allowed by the Local Rules of this Court. Defendants may file a reply memorandum, to the extent permitted by the Local Rules.

54. Standard of Review. Except as otherwise provided in this Consent Decree, in any other dispute brought under Paragraph 50, Defendants shall bear the burden of demonstrating that their position complies with this Consent Decree, and that Defendants are entitled to relief under applicable principles of law. The United States reserves the right to argue that its position

is reviewable only on the administrative record and must be upheld unless arbitrary and capricious.

55. The invocation of dispute resolution procedures under this Section shall not, by itself, extend, postpone, or affect in any way any obligation of Defendants under this Consent Decree, unless and until final resolution of the dispute so provides. Stipulated penalties with respect to the disputed matter shall continue to accrue from the first Day of noncompliance, but payment shall be stayed pending resolution of the dispute as provided in Paragraph 36. If Defendants do not prevail on the disputed issue, stipulated penalties shall be assessed and paid as provided in Section VII (Stipulated Penalties).

#### X. INFORMATION COLLECTION AND RETENTION

56. The United States and its representatives, including attorneys, contractors, and consultants, shall have the right of entry into any of Defendants' business facilities, at all reasonable times, upon presentation of credentials, to:

- a. Monitor the progress of activities required under this Consent Decree;
- b. Verify any data or information submitted to the United States in accordance with the terms of this Consent Decree;
- c. Inspect records and any Product(s) regulated under Title II of the CAA or the regulations promulgated thereunder;
- d. Obtain documentary evidence, including photographs, software, or other data or information; and
- e. Assess Defendants' compliance with this Consent Decree.

57. Until two years after the termination of this Consent Decree, unless otherwise specified herein, Defendants shall retain, and shall instruct their contractors and agents to

preserve, all non-identical copies of all documents, records, or other information (including documents, records, or other information in electronic form) in their or their contractors' or agents' possession or control, or that come into its or its contractors' or agents' possession or control, and that relate in any manner to Defendants' performance of its obligations under this Consent Decree. This information-retention requirement shall apply regardless of any contrary corporate or institutional policies or procedures. At any time during this information-retention period, upon request by the United States, Defendants shall provide copies of any documents, records, or other information required to be maintained under this Paragraph.

58. At the conclusion of the information-retention period provided in the preceding Paragraph, Defendants shall notify the United States at least 90 Days prior to the destruction of any documents, records, or other information subject to the requirements of the preceding Paragraph and, upon request by the United States, Defendants shall deliver any such documents, records, or other information to EPA. Defendants may assert that certain documents, records, or other information is privileged under the attorney-client privilege or any other privilege recognized by federal law. If Defendants assert such a privilege, they shall provide the following: (a) the title of the document, record, or information; (b) the date of the document, record, or information; (c) the name and title of each author of the document, record, or information; (d) the name and title of each addressee and recipient; (e) a description of the subject of the document, record, or information; and (f) the privilege asserted by Defendants. However, no documents, records, or other information created or generated in accordance with the requirements of this Consent Decree shall be withheld on grounds of privilege.

59. Defendants may also assert that information required to be provided under this Section is protected as Confidential Business Information ("CBI") under 40 C.F.R. Part 2. As to

any information that Defendants seek to protect as CBI, Defendants shall follow the procedures set forth in 40 C.F.R. Part 2.

60. This Consent Decree in no way limits or affects any right of entry and inspection, or any right to obtain information, held by the United States pursuant to applicable federal or state laws, regulations, or permits, nor does it limit or affect any duty or obligation of Defendants to maintain documents, records, or other information imposed by applicable federal or state laws, regulations, or permits.

#### XI. EFFECT OF SETTLEMENT/RESERVATION OF RIGHTS

61. This Consent Decree resolves the civil claims of the United States for the violations alleged in the Complaint filed in this action through the Date of Lodging.

62. The United States reserves all legal and equitable remedies available to enforce the provisions of this Consent Decree. This Consent Decree does not limit the rights of the United States to obtain penalties or injunctive relief under the CAA or implementing regulations, or under other federal laws, regulations, or permit conditions, except as expressly specified in Paragraph 61. The United States further reserves all legal and equitable remedies to address any imminent and substantial endangerment to the public health or welfare or the environment arising as a result of Defendants' business or any Products manufactured, sold, offered for sale, or installed by Defendants, whether related to the violations addressed in this Consent Decree or otherwise.

63. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, civil penalties, or other appropriate relief relating to the Defendants' operations, Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United

States in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved under Paragraph 61.

64. This Consent Decree is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Defendants are responsible for achieving and maintaining complete compliance with all applicable federal, state, and local laws, regulations, and permits; and Defendants' compliance with this Consent Decree shall be no defense to any action commenced under any such laws, regulations, or permits, except as set forth herein. The United States does not, by its consent to the entry of this Consent Decree, warrant or aver in any manner that Defendants' compliance with any aspect of this Consent Decree will result in compliance with provisions of the CAA, or with any other provisions of federal, State, or local laws, regulations, or permits.

65. This Consent Decree does not limit or affect the rights of Defendants or of the United States against any third parties, not party to this Consent Decree, nor does it limit the rights of third parties, not party to this Consent Decree, against Defendants, except as otherwise provided by law.

66. This Consent Decree shall not be construed to create rights in, or grant any cause of action to, any third party not party to this Consent Decree.

67. The United States' agreement to the amount of the civil penalty required by Paragraph 9 of this Consent Decree is based on the Financial Information identified in Appendix D. Defendants certify that the Financial Information submitted to the United States and generally described in Appendix D is true, accurate, and complete. Defendants seek to protect this information as Confidential Business Information and shall follow the procedures set forth in 40 C.F.R. Part 2.

## XII. COSTS

68. The Parties shall bear their own costs of this action, including attorneys' fees, except that the United States shall be entitled to collect the costs (including attorneys' fees) incurred in any action necessary to enforce this Consent Decree or collect any portion of the civil penalties or any stipulated penalties due but not paid by Defendants.

## XIII. NOTICES

69. Unless otherwise specified in this Decree, whenever notifications, submissions, statements of position, or communications are required by this Consent Decree (referred to as "notices" in this section), they shall be made electronically as described below, unless such notices are unable to be uploaded to the CDX electronic system (in the case of EPA) or transmitted by email in the case of any other recipient. Where the Consent Decree specifies that notices are to be sent to the "United States" they shall be sent to both DOJ and EPA. If the Consent Decree requires notices to "EPA" they may only be sent to EPA. Any notice that cannot be uploaded or electronically transmitted via email shall be provided in writing to the addresses below.

70. Any Party may, by written notice to the other Parties, change its designated notice recipients or notice addresses provided above.

71. Notices submitted under this Section shall be deemed submitted upon mailing, unless otherwise provided in this Consent Decree or by mutual agreement of the Parties in writing.

#### XIV. EFFECTIVE DATE

72. The Effective Date of this Consent Decree shall be the date upon which this Consent Decree is entered by the Court or a motion to enter the Consent Decree is granted, whichever occurs first, as recorded on the Court's docket.

#### XV. RETENTION OF JURISDICTION

73. The Court shall retain jurisdiction over this case until termination of this Consent Decree, for the purpose of resolving disputes arising under this Decree or entering orders modifying this Decree, under Sections IX (Dispute Resolution) and XVI (Modification), or effectuating or enforcing compliance with the terms of this Decree.

#### XVI. MODIFICATION

74. The terms of this Consent Decree, including any attached appendices, may be modified only by a subsequent written agreement signed by all the Parties. Where the modification constitutes a material change to this Decree, it shall be effective only upon approval by the Court.

75. Any disputes concerning modification of this Decree shall be resolved under Section IX (Dispute Resolution), provided, however, that, instead of the burden of proof provided by Paragraph 54, the Party seeking the modification bears the burden of demonstrating that it is entitled to the requested modification in accordance with Federal Rule of Civil Procedure 60(b).

#### XVII. TERMINATION

76. After Defendants have: (a) complied with all terms of this Consent Decree for at least four years after the Effective Date; (b) paid the civil penalties required by Section IV, including any accrued Interest; and (c) paid any accrued stipulated penalties determined by the United States to be owing pursuant to Paragraph 31, Defendants may serve upon the United

States a Request for Termination, stating that Defendants have satisfied these requirements, together with all necessary supporting documentation.

77. Following receipt by the United States of Defendants' Request for Termination, the Parties shall confer informally concerning the Request and any disagreement that the Parties may have as to whether Defendants have satisfactorily complied with the requirements for termination of this Consent Decree. If the United States agrees that the Decree may be terminated, the Parties shall submit, for the Court's approval, a joint stipulation terminating the Decree.

78. If the United States does not agree that the Decree may be terminated, Defendants may invoke Dispute Resolution under Section IX of this Decree. However, Defendants shall not seek Dispute Resolution of any dispute regarding termination until 90 Days after service of its Request for Termination.

#### XVIII. PUBLIC PARTICIPATION

79. This Consent Decree shall be lodged with the Court for a period of not less than 30 Days for public notice and comment in accordance with 28 C.F.R. § 50.7. The United States reserves the right to withdraw or withhold its consent if the comments regarding the Consent Decree disclose facts or considerations indicating that the Consent Decree is inappropriate, improper, or inadequate. Defendants consent to entry of this Consent Decree without further notice and agrees not to withdraw from or oppose entry of this Consent Decree by the Court or to challenge any provision of the Decree, unless the United States has notified Defendants in writing that it no longer supports entry of the Decree.

#### XIX. SIGNATORIES/SERVICE

80. Each undersigned representative of the Defendants and the Assistant Attorney General for the Environment and Natural Resources Division of the Department of Justice

certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Decree and to execute and legally bind the Party he or she represents to this document.

81. This Consent Decree may be signed in counterparts, and its validity shall not be challenged on that basis. Defendants agree to accept service of process by mail with respect to all matters arising under or relating to this Consent Decree and to waive the formal service requirements set forth in Rules 4 and 5 of the Federal Rules of Civil Procedure and any applicable Local Rules of this Court including, but not limited to, service of a summons. Defendants need not file an answer to the Complaint in this action unless or until the Court expressly declines to enter this Consent Decree.

#### XX. INTEGRATION

82. This Consent Decree constitutes the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in the Decree and supersedes all prior agreements and understandings, whether oral or written, concerning the settlement embodied herein. Other than the deliverables that are subsequently submitted pursuant to this Consent Decree, no other document, nor any representation, inducement, agreement, understandings, or promise constitutes any part of this Decree or the settlement it represents.

#### XXI. FINAL JUDGMENT

83. Upon approval and entry of this Consent Decree by the Court, this Consent Decree shall constitute a final judgment of the Court as to the United States and Defendants.

#### XXII. 26 U.S.C. SECTION 162(f)(2)(A)(ii) IDENTIFICATION

84. For purposes of the identification requirement of Section 162(f)(2)(A)(ii) of the Internal Revenue Code, 26 U.S.C. § 162(f)(2)(A)(ii), performance of Section II (Applicability), Paragraph 5; Section V (Compliance Requirements), Paragraphs 14–21; Section VI (Reporting

Requirements), Paragraphs 23–29; and Section X (Information Collection and Retention), Paragraphs 56–57, is restitution or required to come into compliance with law.

### XXIII. APPENDICES

85. The following Appendices are attached to and part of this Consent Decree:

“Appendix A” is a list of Identified Subject Products.

“Appendix B” is language to be included in the notice to customers referenced in Paragraph 17.g.

“Appendix C” is language to be included in the notice to employees referenced in Paragraph 17.h.

“Appendix D” is a general description of the Financial Information submitted by Defendants.

### **Notice to Customers and Third Party Resellers**

[Rudy's LETTERHEAD]

Dear [Customer Name or Third Party Reseller Name]:

We are writing to make you aware of important changes in the type of products sold by Rudy's Performance Products ("Rudy's). According to our records, you purchased certain Rudy's aftermarket performance products. For purposes of this letter, these products are hereinafter referred to as "Subject Products."

As you may already know, in 2019 Rudy's ceased all manufacturing and sales of Subject Products. Rudy's ceased those sales because EPA alleged that the manufacture and sale of Subject Products violated the Clean Air Act's prohibition against motor vehicle parts or components that allow for bypassing, defeating or rendering inoperative any emissions control system or element of design on a vehicle. *See* 42 U.S.C. §7522(a)(3). Emissions control systems include the diesel particulate filter, exhaust gas recirculation system, catalysts, and onboard diagnostic system.

Rudy's recently entered into a civil judicial settlement with EPA to resolve disputes regarding its manufacturing, sale and installation of Subject Products. Although Rudy's has not admitted liability for violating the Clean Air Act, as part of the settlement it has agreed that, among other things, it will no longer (1) manufacture, sell, or install the Subject Products or (2) provide technical support (e.g., telephone support, online/chat support, warranty support) for the Subject Products. Rudy's has also agreed to provide you with this notice.

Rudy's settlement with EPA specifically allows for Rudy's to continue selling products covered by Executive Orders issued by the California Air Resources Board ("CARB"). Rudy's currently sells various CARB-certified products and more information concerning these CARB-certified products are available on Rudy's website, [www.rudysdiesel.com](http://www.rudysdiesel.com).

Sincerely,

[Rudy's Representative]

## **Appendix C**

### **NOTICE OF CAA PROVISIONS**

#### **CONSENT DECREE IN UNITED STATES**

**v.**

#### **RUDY'S PERFORMANCE PARTS, INC.**

**TO: ALL OFFICERS, DIRECTORS, AND EMPLOYEES OF RUDY'S PERFORMANCE PARTS, INC.:**

Rudy's Performance Parts, Inc. ("Rudy's") has entered into a civil judicial settlement with the federal government regarding the manufacture, sale, and installation of certain aftermarket performance products that the United States Environmental Protection Agency ("EPA") alleged violated the Clean Air Act. Section 203 of the Clean Air Act prohibits the manufacture, sale, and installation of parts or components where a principal effect of the part or component is to bypass, defeat, or render inoperative emission control devices or elements of design, such as diesel particulate filters, exhaust gas recirculation systems, and onboard diagnostic system. Rudy's has agreed to cease manufacturing, selling and offering to sell these products.

#### **42 U.S. Code Section 7522**

##### **(a) Enumerated prohibitions**

The following acts and the causing thereof are prohibited—

(3)(A) for any person to remove or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with regulations under this subchapter prior to its sale and delivery to the ultimate purchaser, or for any person knowingly to remove or render inoperative any such device or element of design after such sale and delivery to the ultimate purchaser; or

(3)(B) for any person to manufacture or sell, or offer to sell, or install, any part or component intended for use with, or as part of, any motor vehicle or motor vehicle engine, where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with regulations under this subchapter, and where the person knows or should know that such part or component is being offered for sale or installed for such use or put to such use

Anyone who undertakes any of the actions prohibited by Section 7522(a)(3)(A) or (B) of the Clean Air Act, or who offers for sale, sells, conveys, or otherwise transfers in any way the design, technology, or manufacturing processes or techniques used to manufacture the products identified above may be subject to a civil action under the Clean Air Act.
