

OFFICE OF GROUND WATER AND DRINKING WATER

WASHINGTON, D.C. 20460

October 8, 2024

MEMORANDUM

SUBJECT: Preliminary FY 2025 Allotments for the Drinking Water State Revolving Fund (SRF)
General Supplemental Provisions of the Bipartisan Infrastructure Law

FROM: Anita Maria Thompkins, Director
Drinking Water Infrastructure Development Division

TO: Water Division Directors
State Revolving Fund Branch Chiefs Regions 1-10

President Biden signed the Infrastructure Investment and Jobs Act (PL 117-58, November 15, 2021, 135 Stat 429), also referred to as the Bipartisan Infrastructure Law (BIL). The BIL provides \$50 billion to the Environmental Protection Agency (EPA) to strengthen the nation's drinking water and wastewater systems – the single largest investment in clean water that the federal government has ever made. Thank you for your continued leadership and the extensive work of your staff as the EPA and the states continue to make great strides in BIL implementation.

This memorandum provides preliminary allotment tables for the FY 2025 Bipartisan Infrastructure Law (BIL) Drinking Water SRF General Supplemental Capitalization Grants. Please note that these amounts are *preliminary* and are provided so that states may use these amounts for planning purposes. The EPA will promptly notify the states if the final FY 2025 appropriations includes any provisions affecting BIL allotment amounts and programmatic requirements.

In March 2022, the EPA released the [BIL State Revolving Funds \(SRF\) Implementation Memorandum](#) with information and guidelines on how EPA will award and administer SRF Capitalization Grants appropriated in the BIL. As states look to fund more projects and apply for FY 2025 allotments, the EPA is committed to ensuring the key BIL implementation priorities are realized through development of the states' Capitalization Grant applications and Intended Use Plans. The EPA's oversight role of the SRF programs along with a commitment to provide technical assistance to states and communities is critical to ensuring that states meet the BIL priorities. EPA regions should ensure the state SRF managers are aware that, per the BIL statute, state match remains 20 percent for the 2025 BIL General Supplemental.

If you have any DWSRF-related questions, contact Damaris Christensen at Christensen.Damaris@epa.gov.

ATTACHMENTS

1. Attachment A: Preliminary FY 2025 DWSRF BIL General Supplemental Allotment
2. Attachment B: Preliminary FY 2025 DWSRF BIL General Supplemental Additional Subsidization Amounts

cc: SRF Regional Branch Chiefs, Regions 1-10
Jennifer McLain, Director, Office of Ground Water and Drinking Water
Yu-Ting Guilaran, Deputy Director, Office of Ground Water and Drinking Water
Matt Klasen, Acting Deputy Director, Drinking Water Infrastructure Development Division
Damaris Christensen, Supervisor, Water Finance Branch
Kiri Anderer, Supervisor, Water Infrastructure Technical Support Branch

American Indian & Alaska Native Water Systems **				\$52,060,000	
National American Iron and Steel Administrative Set-Aside				\$0	
OIG Oversight				\$9,111,000	
National EPA Administrative Set-Asides				\$52,060,000	
Total Appropriation			\$	2,603,000,000	

* BIL Division J Title IX Section 903 allows EPA to reserve up to 1.5% of the funds appropriated less any amounts reserved for the Indian tribal set-aside for direct grants to American Samoa, Guam, Northern Marianas, and the Virgin Islands.

** BIL Division J Title IX Section 903 allows EPA to reserve an annual amount equal to 2% of all funds appropriated (i.e. BIL and base) or \$20M, whichever is greater, for direct grants to Indian tribes. This amount only reflects the FY 2025 BIL General Supplemental portion of the annual total reserved for Indian tribes.
