RE: No Further Action - New Frontier Materials, O'Fallon Asphalt Plant
Facility ID Number - 110009413642

Dear Registered Agent:

This letter is to advise you that the U.S. Environmental Protection Agency, Region 7, has completed its review of information collected during an on-site inspection of New Frontier Materials Operations Alpha LLC d/b/a New Frontier Materials located at 1620 West Terra Lane, O'Fallon, Missouri, on September 29, 2023. Based on our review, we have determined that no violations were identified in the information collected or observed during that inspection.

The inspection of New Frontier Materials was conducted pursuant to Section 114 of the Clean Air Act, 42 U.S.C. § 7414. Section 114 of the CAA authorizes the Administrator of the EPA or his authorized representative, upon presentation of his credentials to have a right of entry to, upon, or through any premises of such person or in which any records required to be maintained are located, and may at reasonable times have access to and copy any records, inspect any monitoring equipment or method required under § 7414(a)(1), and sample any emissions which such person is required to sample under 42 U.S.C. § 7414(a)(1).

New Frontier Materials owns and operates an emissions source and is required to maintain records and/or monitoring equipment under 42 U.S.C. § 7414(a)(1). The inspection was conducted to determine if New Frontier Materials was in compliance with the CAA.

No further action on the part of New Frontier Materials is necessary at this time. Although no violations were identified and we are closing our investigation, please note that the EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of this inspection, regardless of whether the violations were subsequently corrected.

If you have any questions concerning this matter, please contact a member of my staff, Cassie Mance, at (913) 551-7355 or via email at mance.cassandra@epa.gov.

Sincerely,

Tracey Casburn
