

## RFP from the City of Waco, TX for LFG Energy Project

As a service to our Partners and other interested parties, EPA's Landfill Methane Outreach Program (LMOP) is sharing information about a **request for proposals (RFP)** from the **City of Waco, Texas**. Please note that EPA is not affiliated in any way with the review and selection process. Information provided is based on the RFP.

The City of Waco is seeking proposals to identify the most qualified firm(s) to **develop one or more landfill gas (LFG) energy projects using LFG from the City of Waco Landfill**. Responses to this RFP are expected to include finance, design, permitting, construction, ownership, and operation and management services.

- **Optional, virtual pre-proposal conference: July 16, 2024 at 10:00 am Central Time**
- **Optional landfill tour: July 17, 2024 at 10:00 am Central Time**
- **Last day for questions: July 26, 2024 at 5:00 pm Central Time**
- **Proposal deadline: August 2, 2024 at 2:00 pm Central Time**

Login information for the pre-proposal conference is available within the RFP document. Note that interested parties may participate in either or both of the two optional events. RFP-related questions will be accepted during the pre-proposal conference, but not during the landfill tour. Parties interested in attending the landfill tour are required to provide notification by July 16, 2024 to the City of their intent to attend. No additional tours of the landfill will be scheduled.

The **RFP is available for download** upon completion of vendor registration at <https://waco-texas.bonfirehub.com/opportunities/143656>. Please refer to the RFP for additional details.
