Steve S. Cliff, Ph.D.
Executive Officer
California Air Resources Board
1001 I Street
P.O. Box 2815
Sacramento, California 95812

Dear Dr. Cliff:

I would like to thank you for your January 13, 2025, letter to the U.S. Environmental Protection Agency, which stated that the California Air Resources Board is withdrawing its waiver request regarding the Heavy-Duty Advanced Clean Fleets regulation that was sent to the EPA November 15, 2023.

We have placed a copy of your letter, as well as this response, into the Air Docket at [regulations.gov](https://www.regulations.gov) regarding CARB's request. As a result, the EPA is taking no further action on the HD ACF waiver request (89 FR 57151 (July 12, 2024)) and considers this matter closed.

Should you have any further questions regarding this matter, please contact William Charmley at charmley.william@epa.gov or (734) 214-4466.

Sincerely,

Jane Nishida
Acting Administrator
