Steve S. Cliff, Ph.D.  
Executive Officer  
California Air Resources Board  
1001 I Street  
P.O. Box 2815  
Sacramento, California 95812

Dear Dr. Cliff:

I would like to thank you for your January 13, 2025, letter to the U.S. Environmental Protection Agency, which stated that the California Air Resources Board is withdrawing its authorization request regarding its In-Use Locomotive regulation that was sent to the EPA on November 7, 2023.

We have placed a copy of your letter as well as this response into the Air Docket at [regulations.gov](https://www.regulations.gov) regarding CARB's request. As a result, the EPA is taking no further action on the In-Use Locomotive authorization request (89 FR 14484 (February 27, 2024)) and considers this matter closed.

Should you have any further questions regarding this matter, please contact William Charmley at [charmley.william@epa.gov](mailto:charmley.william@epa.gov) or at (734) 214-4466.

Sincerely,

Jane Nishida  
Acting Administrator
