Steve S. Cliff, Ph.D.
Executive Officer
California Air Resources Board
1001 I Street
P.O. Box 2815
Sacramento, California 95812

Dear Dr. Cliff:

I would like to thank you for your January 13, 2025, letter to the U.S. Environmental Protection Agency, which stated that the California Air Resources Board is withdrawing its authorization request regarding those portions of the Transport Refrigeration Unit regulation on which the EPA did not take action in its authorization decision on January 3, 2025.¹

We have placed a copy of your letter, as well as this response, into the Air Docket regarding CARB's request. As a result, the EPA is taking no further action on the TRU authorization request (89 FR 32422 (April 26, 2024)) and considers this matter closed.

Should you have any further questions regarding this matter, please contact William Charmley at charmley.william@epa.gov or (734) 214-4466.

Sincerely,

Jane Nishida
Acting Administrator
