

**ALABAMA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT  
NOTICE OF PROPOSED TITLE V MAJOR SOURCE OPERATING PERMIT  
AND REQUEST FOR COMMENTS**

**FACILITY/PERMIT NO. 302-S003  
PUBLIC NOTICE**

**Chambers COUNTY**

**East Alabama Lumber Company, Inc.** has applied for a renewal of the Title V Major Source Operating Permit for the lumber mill located at 15204 US Highway 431 in Lafayette, Chambers County, Alabama. The facility is an existing lumber mill (SIC code 2421). The draft Major Source Operating Permit would not authorize any new emissions of air contaminants.

ADEM proposes to issue a final Title V permit, in accordance with the conditions of the draft Title V permit, unless comments received in accordance with the following procedures result in a different permitting decision.

The following are links to the proposed permit and the Department's permitting determination and analysis:

[Link] Draft Permit

[Link] Permit Analysis

Persons wishing to comment may do so, in writing, to the Department's named contact below within 30 days following the publication date of this notice. In order to affect final decisions, comments must offer technically substantial information that is applicable to the proposed application. All comments must be received in the ADEM Main Office in Montgomery no later than 5:00 P.M. on the last day of the comment period.

**Aubrey H. White III, Chief  
ADEM-Air Division

[airmail@adem.alabama.gov](mailto:airmail@adem.alabama.gov)**

A written request for a public hearing may also be filed within that 30-day period and must state the nature of the issues proposed to be raised in the hearing. The Director shall hold a public hearing whenever it is found, on the basis of hearing requests, that there exists a significant degree of public interest in the permit application or draft permit.

After consideration of all written comments, review of any public hearing record, and consideration of the requirements of the Alabama Air Pollution Control Act, the Federal Clean Air Act and applicable regulations, the Department will make a final determination. The Department will develop a response to comments, which will become part of the public record and will be posted to the Department's eFile system.

Copies of the complete project file are available for public inspection Monday through Friday (except legal holidays), 8:00 a.m. to 5:00 p.m., at the ADEM Main Office at the address listed above. For convenience, documents that exist in electronic format may be accessed in the Department's document management system, [eFile](#). To view these documents, select Media Area "Air", enter the facility number shown above as the Permit Number, select Document Type "Permitting", and press Search. The most recent documents will be listed at the top by default. The Document Type may also be left blank, which will list all electronically available air files for this facility.

For additional information concerning the U.S. EPA's involvement in the consideration of this permit, please contact its website at <https://epa.gov/caa-permitting/alabama-proposed-title-v-permits>.

The Department maintains a list of interested individuals who are emailed legal notices regarding proposed permits. If you wish to receive such notices, please [sign up here](#) by entering your email address on the left side of the page and clicking the submit button.

This notice is hereby given this **19<sup>th</sup> day of February, 2025** by authorization of the Alabama Department of Environmental Management.

---
