

REGION 6

DALLAS, TX 75270

November 13, 2024

Ms. Andrea Kotrla
Environmental Manager
Itasca Landfill, Republic Services
2559 FM 66
Itasca, TX 76055

RE: The United States Environmental Protection Agency (EPA) Region 6 Extension of Current Approval of Itasca Landfill, Republic Services for Disposal of Polychlorinated Biphenyls (PCBs) at Itasca Landfill Located in Itasca, TX; EPA ID No. TXR000084604

Dear Ms. Kotrla:

EPA is currently reviewing your renewal application and supplemental information submitted through September 27, 2024, for compliance with 40 CFR 761.75. In addition, EPA is fulfilling its obligations under the Endangered Species Act and the National Historic Preservation Act.

In order to allow for full consideration and review of your submitted information and any subsequent public participation, EPA is extending your current approval pursuant to regulations promulgated under section 6(e) of the Toxic Substances Control Act and codified in 40 CFR Parts 750 and 761. EPA finds that extending your current approval for operation of the landfill until March 31, 2025, does not present an unreasonable risk of injury to health or the environment.

If you have any questions or comments, please contact Harry Shah at (214) 665-6457 or shah.harry@epa.gov.

Sincerely,

Helena Healy
Director
Land, Chemicals and Redevelopment Division
