Re: Rejection and Referral of Administrative Complaint

Dear

(b)(6) Privacy, (b)(7)(C) Enf. Privacy

This is to notify you that the U.S. Environmental Protection Agency (EPA), Office of Civil Rights (OCR), received an administrative complaint on January 30, 2013, alleging that the State Correctional Institution at Greene (SCIG) violated the Rehabilitation Act of 1973 and EPA's nondiscrimination regulations found at 40 C.F.R. Part 7.

Pursuant to EPA's nondiscrimination administrative regulations, OCR conducts a preliminary review of administrative complaints for acceptance, rejection, or referral. 40 C.F.R. §7.120(d)(1). To be accepted for investigation, a complaint must meet the jurisdictional requirements described in EPA's nondiscrimination regulations. First, it must be in writing. 40 C.F.R. §7.120(b)(1). Second, it must describe alleged discriminatory acts that violate EPA's nondiscrimination regulations (*i.e.*, an alleged discriminatory act based on race, color, national origin, sex, or disability). *Id.* Third, it must be filed within 180 calendar days of the alleged discriminatory act. 40 C.F.R. §7.120(b)(2). Finally, it must be filed against an applicant for, or a recipient of, EPA financial assistance that committed the alleged discriminatory act. 40 C.F.R. § 7.15.

The allegations do not meet EPA's jurisdictional requirements, in part, because SCIG is not a current recipient of EPA assistance. Therefore, OCR must reject the complaint for investigation.

However, because the Department of Justice may have subject matter expertise over the allegations in this complaint, it is being referred to DOJ to review and investigate as it deems appropriate.
