RE:

UNITED STATES DISTRICT COURT
EASTERN DIVISION OF TENNESSEE
AT CHATTANOOGA

UNITED STATES OF AMERICA

V.

No. (b) (6) Privacy, (b) (7)(C) Enf. Privacy
JUDGES COLLIER/CARTER

(b) (6) Privacy, (b) (7)(C) Enforcement Privacy

Defendants

(b) (6) Privacy, (b) (7)(C) Enforcement Privacy is an African American engaged in the construction/demolition industry in Chattanooga, Hamilton County, Tennessee who is being prosecuted in the United States District Court for the Eastern District of Tennessee (b) (6) Privacy, (b) (7)(C) Enf. Privacy

based on false allegations of EPA regulatory violations by agents and employees of the Chattanooga-Hamilton County Air Pollution Control Bureau.

This is a formal request for your office to investigate multiple violations of federal statutes, regulations and Executive Orders relevant to Title VI of the 1964 Civil Rights Act, 42 USC 2000d et. seq. and the United States Environmental Protection Act rules under Title 40 CFR. At issue, among other things, is the misuse of federal funds in a fashion that encourages, entrenches, subsidizes or results in racial discrimination by the City of Chattanooga, a municipal corporation, and the Hamilton County General Government, a division of the State of Tennessee, through the Chattanooga-Hamilton County Air Pollution Control Bureau, a regulatory body jointly funded by federal, state and local governments. This agency and its employees have engaged in the intentional falsification of government documents, perjury, racial discrimination and Environmental Racism.

After years of advocating for the opportunity to participate in construction contracts receiving federal monies in the Chattanooga, Hamilton County area, Mr. (b) (6) Privacy, (b) (7)(C) Enforcement has been falsely accused of violating EPA regulations with regards to the alleged removal of toxic materials (asbestos) while completing a construction demolition contract.

The circumstances of the case before the Court reveal that:

1. The Government witnesses from the Chattanooga-Hamilton County Air Pollution Control Bureau introduced *perjured testimony*, including *falsified government documents* during the trial of (b) (6) Privacy, (b) (7)(C) Enforcement in the United States District Court. The Bureau alleges that (b) (6) Privacy, (b) (7)(C) Enforcement engaged in the removal of toxic waste from a construction site without proper certification to handle and dispose of toxic materials. Relevant to this issue is the Chattanooga Hamilton County Air Pollution Control Bureau Incident Report (b) (6) Privacy, (b) (7)(C) Enforcement. This document contains a statement where agents of the Control Bureau, including Kathy Jones, Air

Monitoring Manager, allege that (b) (6) Privacy, (b) (7)(C) Enfr submitted an application to obtain an asbestos removal permit. She states that she filled out the application on behalf of (b) (6) Privacy, (b) (7)(C) Enfr due to his alleged "inability to read and write." The application is a falsified government document; and

2. The Court appointed attorney for (b) (6) Privacy, (b) (7)(C) Enfr refused to utilize the testimony of key expert witnesses for the Defense, a former US EPA grant recipient, Mr. (b) (6) Privacy, (b) (7)(C) Enfr. President of STOP (Stop Toxic Pollution an environmental safety activist organization) and member of Board of Scientific Counselors ASTDR, The key role of the members of the Board of Scientific Counselors ("Board"), NCEH/ATSDR is to provide advice and guidance to the Secretary, HHS, the Director, CDC and the Director, NCEH/ATSDR and member of the Tennessee Department of Environment and Conservation Environmenatal Justice Steering Committee (b) (6) Privacy, (b) (7)(C) Enfr. resides in the Chattanooga community (see attached article) and has first hand knowledge of the *selective enforcement of EPA regulations concerning toxic waste removal in the African American community* (Environmental Racism) by the Chattanooga-Hamilton County Air Pollution Control Bureau that (b) (6) Privacy, (b) (7)(C) Enfr was alleged to have violated during the relevant periods in question; and
3. During the course of the trial the appointed attorney was severely injured in an automobile accident, which affected her memory and cognitive skills. The Court allowed this ill prepared attorney to continue to attempt to defend (b) (6) Privacy, (b) (7)(C) Enfr amounting to *ineffective assistance of counsel*; and
4. The investigation by the United States Environmental Protection Agency (USEPA) Criminal Investigation Division relied upon to support the Government's case is ill prepared, faulty and factually inaccurate misstating relevant information by months and years.

The totality of the facts and circumstances of this case would lead an objective observer to conclude that the Chattanooga-Hamilton County Air Pollution Control Bureau, a state/county/municipal regulatory agency, acted under color of state or local law, to deprive (b) (6) Privacy, (b) (7)(C) Enforcement Privacy of rights guaranteed by the U.S. Constitution, or federal law, in violation of the Civil Rights Act of 1871 codified at 42 USC Sec. 1983, and that this agency, together with other government witnesses engaged in the construction/waste removal industry, conspired to violate the federal equal protection rights of (b) (6) Privacy, (b) (7)(C) Enforcement Privacy under the 6th and 14th Amendments to the United States Constitution, as well as the United States Environmental Protection Act and Title VI of the 1964 Civil Rights Act pursuant to 42 USC Sec. 2000d.

For the reasons stated herein, I hereby: (1) formally request a meeting with your office to more fully discuss our concerns and to present the necessary documentation that will enable the Civil Rights Division of the United States Department of Justice to (2) authorize an immediate investigation into these concerns, and (3) intervene in the wrongful prosecution of (b) (6) Privacy, (b) (7)(C) Enforcement Privacy in the United States District Court for the Eastern District of Tennessee.
