My name (b)(6) Privacy, (b)(7)(C) Enf. Privacy I have a doctor of philosophy degree in counseling Summa Cum Laude from Northwestern Christian University. I am a psychotherapist authorized by the state of california to provide psychosocial services in nature. I have been providing psychosocial services to a variety of clients for approximately two years. I am an African American male. I am hereby filing a complaint against (b)(6) Privacy, (b)(7)(C) Enf. Privacy of Los Angeles County Department of Public Social Services on the following grounds.

1. Slander
2. Defamation of Character
3. Privacy Violation
4. Harassment
5. Unethical behavior
6. Illegal behavior intended to entice me to violate HIPPA and Psychotherapist-Patient Privilege laws.
7. Discrimination

On 9/15/2023 I was informed by my client (b)(6) Privacy, (b)(7)(C) Enf. Privacy who is a recipient of Los Angeles County Department of Public Social Services that (b)(6) Privacy, (b)(7)(C) Enf. Privacy made some

questionable remarks regarding my professionalism and the documentation that I recently provided to Los Angeles County Department of Public Social Services. I can not validate whether or not these statements are true because they were disseminated to me from a client who is exhibiting emotionally disturbed like behavior. (b)(6) Privacy, (b)(7)(C) Enf. Priv. (b)(6) Privacy, (b)(7)(C) Enf. Priv. has also appeared at times to be confused, frustrated, and disturbed. So I'm not sure if these remarks that (b)(6) Privacy, (b)(7)(C) Enf. Priv. claimed originated from (b)(6) Privacy, (b)(7)(C) Enf. Priv. are true or not however if they are I am hereby filing a complaint and I am requesting that (b)(6) Privacy, (b)(7)(C) Enf. Priv. cease and desist from exhibiting the following behavior that I will subsequently describe.

(b)(6) Privacy, (b)(7)(C) Enf. Priv. informed me that (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed (b)(6) Privacy, (b)(7)(C) Enf. Priv. that Dr. (b)(6) Privacy, (b)(7)(C) Enf. Priv. permitted my client (b)(6) Privacy, (b)(7)(C) Enf. Priv. to sign a document that I created. (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed me that lyric Nash stated that on my doctoral stamp that I stamp my documents with, my address appeared to be a P.O. Box. (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed me that (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed (b)(6) Privacy, (b)(7)(C) Enf. Priv. that because my address on my doctoral stamp was a P.O. Therefore the documentation that I provided was not valid. (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed me that (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed (b)(6) Privacy, (b)(7)(C) Enf. Priv. that the typed letter I provided to Los Angeles County DPSS did not possess a letterhead therefore it was invalid. (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed me that (b)(6) Privacy, (b)(7)(C) Enf. Priv. informed (b)(6) Privacy, (b)(7)(C) Enf. Priv. that my signature on my California license did not match the signature that I signed on the additional documents I provided to Los Angeles County DPSS. (b)(6) Privacy, (b)(7)(C) Enf. Priv. is insinuating that because I scribbled on my license that because I did not scribble on the previous documentation I provided to Los Angeles County DPSS

that I must have permitted (b)(6) Privacy, (b)(7)(C) Enf. Privacy to sign the documentation on my behalf.

This is slander and false statements and preposterous. I know several other colleagues and doctors whose signatures do not match on every singular document. To incite that I would allow my client to sign a document on my behalf is accusing me of unethical and fraudulent behavior which is untrue and considered defamation of character and

slander. (b)(6) Privacy, (b)(7)(C) Enf. Privacy informed me that (b)(6) Privacy, (b)(7)(C) Enf. Privacy called me several times. I don't see the necessity of me communicating with (b)(6) Privacy, (b)(7)(C) Enf. Privacy because if these statements are true I do not feel comfortable or safe communicating with (b)(6) Privacy, (b)(7)(C) Enf. Privacy and her communication is unwanted especially after (b)(6) Privacy, (b)(7)(C) Enf. Privacy made those defaming statements about me. Any subsequent communication attempts from (b)(6) Privacy, (b)(7)(C) Enf. Privacy to me, I will consider harassment. In regard to the address that is on my stamp, my client

(b)(6) Privacy, (b)(7)(C) Enf. Privacy informed me that (b)(6) Privacy, (b)(7)(C) Enf. Privacy initially stated that because the address on my doctoral stamp is a P.O. Box, I am not validated as a doctor. This is preposterous and another false statement. An address or an office address does not validate a doctor, a doctoral degree does. Also the documentation that my client provided me did not require that I provide additional letters, I provided an additional letter at my discretion so to state that my additional letters that were provided at my discretion must contain a letterhead; or it's not valid is another false statement because the documentation that my client (b)(6) Privacy, (b)(7)(C) Enf. Privacy provided did not require me to provide an additional letter.

Also the address that (b)(6) Privacy, (b)(7)(C) Ent. Priv. is requesting according to California state law is considered my "address of record" and "confidential address" and by law I am not required to provide my address of record and "confidential address". Although I see my clients at a variety of places, offices, and distinct locations my headquarters is my home address. I have an office incorporated in my home where I routinely see clients which is perfectly legal.

So I will not be providing my "address of record"/confidential address. Also the search of an address for malicious purposes is illegal and unethical. (b)(6) Privacy, (b)(7)(C) Ent. Priv. had the presupposed motion that I was not a valid doctor therefore the search of my address was done for malicious purposes which is illegal and unethical.

Please do not contact me as I will not be violating HIPPA or Psychotherapist-Patient privilege laws and my client has not authorized me to share with Los Angeles County DPSS specific information other than the forms that I have previously shared with Los Angeles County DPSS.

If I recall the documentation that my client provided me from Los Angeles County DPSS prompts the doctor to submit the forms. In the documentation I do not recall any instructions for the client to submit the forms.

Also my internal policy does not allow my clients to submit documents to organizations that I sign due to privacy, confidentiality , and safety concerns. My client is permitted to receive a redacted copy under certain circumstances.

I believe I was discriminated against because I am an African American doctor. I am certain that La County DPSS does not speculate the validity and professionalism and scrutinize caucasian doctors as they did me.

I am hereby requesting that these behaviors from (b)(6) Privacy, (b)(7)(C) Enf. Privacy cease and desist or I will be forced to take legal action.

Also due to these discrepancies I am hereby requesting that Los Angeles County DPSS hereby reverse (b)(6) Privacy, (b)(7)(C) Enf. Privacy decision to refuse to accept my documentation as valid documents in regard to my client (b)(6) Privacy, (b)(7)(C) Enf. Privacy case

1. Does the public have access to a licensed psychologist's home address?

Answer: Only if you designate it as your address of record.

The Board of Psychology is required to provide an address of record (AOR) for all licensed psychologists. If the psychologist has chosen to use his or her home address as their address of record, this is the address that will be given to anyone who calls to verify their license. Therefore, if you do not want your home address disclosed, you may obtain and use an alternate address such as a business address or a post office box as your address of record. If your AOR is a P.O. Box or mail drop location, you must provide a physical address (business or residential) as the confidential address. [BPC § 27 and CCR § 1380.5]
