Providing historical survey, research, national register nominations, consultation, interpretation, public interest lobbying, environmental, photography, consumer protection, and educational services.

A registered non-profit heritage corporation in the State of Wisconsin.

FORMAL COMPLAINT

Name of Firm: Factory Farms

Address of Firm: southwest of Brodhead

Date of complaint: February 6, 2014

Description of complaint:

For the past four days in Brodhead, we again have had to put up with the obnoxious stench of the manure pits of the factory farms southwest of Brodhead. Several times last year we also had to endure this stench, including for a two week period in the summer. Almost every time the wind is out of the southwest we have to endure this obnoxious stench.

My view on how this matter should be resolved:

I want this stench to stop. This complaint will not be resolved until its. I will continue to refile it until its.

Thank you.
