Ready for Reuse Determination

In recognition of the Marathon Petroleum Company's efforts to investigate the 4.5 Acre Landfarm and 10.2 Acre Land Treatment Unit, the Louisiana Department of Environmental Quality and the United States Environmental Protection Agency, Region 6 have together determined that these properties are Ready for Reuse. As documented in the Ready for Reuse Determination Letter of August 20, 2008, a Ready for Reuse Determination is an acknowledgement that environmental conditions at the these units are protective of human health and the environment based on their current and anticipated future industrial use.
