Jeff Koerner
Director
Division of Air Resource Management
Florida Department of Environmental Protection
2600 Blair Stone Road, MS 5500
Tallahassee, Florida 32399-2400

Dear Mr. Koerner:

Enclosed is the U.S. Environmental Protection Agency's program review final report for the Division of Air Resource Management's (DARM) title V permitting program. This report incorporates feedback submitted by your office on the draft report. The purpose of the program review is to assess the ability of DARM to carry out its responsibilities to implement the title V program and to determine how our office can best assist DARM in meeting this commitment. This review consisted of reviews of staffing resources and internal management support, title V revenue and expenses, public participation and outreach, permitting issuance rates, and detailed reviews of 10 issued permitting actions.

We greatly appreciate the cooperation of your office in the preparation of this report and in hosting our staff in person earlier in the year. If you have any questions concerning the enclosed report, please contact me at diaz.denisse@epa.gov; or your staff may contact Brad Akers, Manager, Air Permits Section, at akers.brad@epa.gov, or Art Hofmeister of our program evaluation team at hofmeister.art@epa.gov.

Sincerely,

Denisse D. Diaz
Director
Air and Radiation Division
