EXPEDITED SETTLEMENT AGREEMENT

A. JURISDICTION

1. This is an expedited administrative penalty assessment proceeding brought for alleged violations of the American Innovation in Manufacturing Act of 2020 (“AIM Act”), 42 U.S.C. § 7675, which governs the import of hydrofluorocarbons (“HFCs”). This proceeding is brought under Section 113(d) of the Clean Air Act (“CAA”), 42 U.S.C. § 7413(d), which authorizes the United States Environmental Protection Agency (“EPA”) to bring administrative civil enforcement actions.
2. This Expedited Settlement Agreement (“Agreement”) is entered into under Section 113(d) of the CAA, as amended, 42 U.S.C. § 7413(d), and the Consolidated Rules of Practice Governing the Administrative Assessment of Penalties and the Revocation/Termination or Suspension of Permits, 40 C.F.R. Part 22.
3. Complainant is the United States Environmental Protection Agency. On the EPA’s behalf, Mary E. Greene, Director, Air Enforcement Division, is delegated the authority to settle civil administrative penalty proceedings under Section 113(d) of the Act.
4. Respondent is Freezetone Products, LLC, and is a “person” as defined below and identified further in Table 1 of Expedited Settlement Agreement (“ESA”) Attachment 1.
5. Complainant and Respondent (together, the “Parties”), having agreed that settlement of this action is in the public interest, consent to the issuance of the attached final order (“Final Order” or “Order”) ratifying this Agreement before taking testimony and without adjudication of any issues of law or fact herein, and Respondent agrees to comply with the terms of this Agreement and Final Order.
6. The Environmental Appeals Board is authorized to ratify this Agreement, which memorializes a settlement between Complainant and Respondent. 40 C.F.R. §§ 22.4(a) and 22.18(b).

7. The ratification of the Final Order, incorporating this Agreement, simultaneously commences and concludes this proceeding. 40 C.F.R. § 22.13(b).

B. GOVERNING LAW

8. This proceeding arises under the AIM Act, 42 U.S.C. § 7675, and Section 113 of the CAA, 42 U.S.C. § 7413, and the regulations promulgated thereunder, which impose limits on HFC production and consumption.
9. The EPA is authorized to enforce the AIM Act and any regulation promulgated thereunder pursuant to the federal enforcement authorities established by Section 113(a) of the CAA. 42 U.S.C. § 7675(k)(1)(C).
10. The EPA regulations at 40 C.F.R. Part 84, Subpart A, implement the AIM Act requirement to phase down HFC production and consumption.
11. The regulations at 40 C.F.R. Part 84, Subpart A, apply to anyone who imports a regulated substance. 40 C.F.R. § 84.1(b).
12. The regulations at 40 C.F.R. § 84.5(b)(1) state that: “[n]o person may import bulk regulated substances, either as a single component or a multicomponent substance, except . . . [i]f the importer of record possesses at the time they are required to submit reports to EPA pursuant to § 84.31(c)(7), and expends at the time of ship berthing for vessel arrivals, border crossing for land arrivals such as trucks, rails, and autos, and first point of terminus in U.S. jurisdiction for arrivals via air, consumption or application-specific allowances in a quantity equal to the exchange-value weighted equivalent of the regulated substances imported, whether present as a single component or a multicomponent blend.”
13. The regulations at 40 C.F.R. § 84.5(b)(7) state that “every kilogram of bulk regulated substances imported . . . constitutes a separate violation of this subpart.”
14. The definitions, listed at 40 C.F.R. Part 84, Subpart A, include:
 - a) An “allowance” is defined as a “limited authorization for the production or consumption of a regulated substance established under subsection (e) of Section 103 in Division S, Innovation for the Environment, of the Consolidated Appropriations Act, 2021 (Pub. L. 116-260) (the AIM Act). An allowance allocated under subsection (e) of Section 103 in Division S of the AIM Act does not constitute a property right.” 40 C.F.R. § 84.3.
 - b) An “application-specific allowance” is defined as “a limited authorization granted in accordance with subsection (e)(4)(B)(iv) of the AIM Act for the production or import of a regulated substance for use in the specifically identified applications that are listed in that subsection and in accordance with the restrictions contained at § 84.5(c).” 40 C.F.R. § 84.3.

- c) “Bulk” is defined as “a regulated substance of any amount that is in a container for the transportation or storage of that substance such as cylinders, drums, ISO tanks, and small cans. A regulated substance that must first be transferred from a container to another container, vessel, or piece of equipment in order to realize its intended use is a bulk substance. A regulated substance contained in a manufactured product such as an appliance, an aerosol can, or a foam is not a bulk substance.” 40 C.F.R. § 84.3.
 - d) “Consumption allowances” are “a limited authorization to produce and import regulated substances; however, consumption allowances may be used to produce regulated substances only in conjunction with production allowances.” 40 C.F.R. § 84.3.
 - e) “Exchange value” is defined as the “value assigned to a regulated substance in accordance with AIM Act subsections (c) and (e), as applicable, and as provided in Appendix A to 40 C.F.R. Part 84.” 40 C.F.R. § 84.3.
 - f) “Exchange value equivalent” is defined as “the exchange value-weighted amount of a regulated substance obtained by multiplying the mass of a regulated substance by the exchange value of that substance.” 40 C.F.R. § 84.3.
 - g) “Import” is defined as “to land on, bring into, or introduce into, or attempt to land on, bring into, or introduce into, any place subject to the jurisdiction of the United States, regardless of whether that landing, bringing, or introduction constitutes an importation within the meaning of the customs laws of the United States. Offloading used regulated substances recovered from equipment aboard a marine vessel, aircraft, or other aerospace vehicle during servicing is not considered an import.” 40 C.F.R. § 84.3.
 - h) “Importer” is defined as “any person who imports a regulated substance into the United States. ‘Importer’ includes the person primarily liable for the payment of any duties on the merchandise or an authorized agent acting on his or her behalf. The term also includes: (1) [t]he consignee; (2) [t]he importer of record; (3) [t]he actual owner; or (4) [t]he transferee, if the right to draw merchandise in a bonded warehouse has been transferred.” 40 C.F.R. § 84.3.
 - i) “Person” is defined as “any individual or legal entity, including an individual, corporation, partnership, association; state, municipality, political subdivision of a state, Indian tribe; any agency, department, or instrumentality of the United States; and any officer, agent, or employee thereof.” 40 C.F.R. § 84.3.
 - j) “Regulated substance” is defined as “a hydrofluorocarbon listed in the table contained in subsection (c)(1) of the AIM Act and a substance included as a regulated substance by the Administrator under the authority granted in subsection (c)(3).” 40 C.F.R. § 84.3.
15. A current list of regulated substances, their chemical formulas, and their exchange values can be found in Appendix A to 40 C.F.R. Part 84. *See* 40 C.F.R. § 84.3.

16. The exchange value of a blend is calculated by summing the exchange value of each constituent of the blend multiplied by the nominal mass fraction of the constituent within that blend. 40 C.F.R. § 84.64.

C. ALLEGED VIOLATION OF LAW

17. The EPA alleges that, on or about June 29, 2024, and August 17, 2024, Respondent violated the prohibition on importing bulk regulated substances into the United States without expending allowances as required by 40 C.F.R. § 84.5(b) for each of the 31,346.1 kg identified in Table 1 of ESA Attachment 1.

- a. Interest. Interest begins to accrue from the Filing Date. If the Assessed Penalty is paid in full within thirty (30) days, interest accrued is waived. If the Assessed Penalty is not paid in full within thirty (30) days, interest will continue to accrue until any unpaid portion of the Assessed Penalty as well as any interest, penalties, and other charges are paid in full. In any such action, the validity, amount, and

appropriateness of the Assessed Penalty and Final Order shall not be subject to review.

25. Allocation of Payments. By signing this Agreement, Respondent acknowledges that this Agreement and Order, including identifying information such as name, federal tax ID number, mailing and e-mail address, will be available to the public when the Agreement and Certificate of Service are filed and uploaded to a searchable database and agrees that this Agreement does not contain any confidential business information or other personally identifiable information.
29. By signing this Agreement, the undersigned representative of Complainant and the undersigned representative of Respondent each certify that they are fully authorized to execute and enter into the terms and conditions of this Agreement and has the legal capacity to bind the party they represent to this Agreement.

34. The terms, conditions, and compliance requirements of this Agreement may not be modified or amended after it is ratified except upon the written agreement of both parties, and approval of the Environmental Appeals Board.
35. Any violation of this Agreement or Order may result in a civil judicial action for an injunction, or civil penalties of up to \$124,426 per day per violation (with each kilogram a separate violation), or both, as provided in Section 113(b)(2) of the Act, 42 U.S.C. § 7413(b)(2), as well as criminal sanctions as provided in Section 113(c) of the Act, 42 U.S.C. § 7413(c). The EPA may use any information submitted under this Agreement in an administrative, civil judicial, or criminal action.
36. Nothing in this Agreement shall relieve Respondent of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict the EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit.
37. Nothing herein shall be construed to limit the power of the EPA to undertake any action against Respondent or any person in response to conditions that may present an imminent and substantial endangerment to the public health, welfare, or the environment.
38. The EPA reserves the right to revoke this Agreement and settlement penalty if and to the extent that the EPA finds, after signing this Agreement, that any information provided by Respondent was materially false or inaccurate at the time such information was provided to the EPA, and the EPA reserves the right to assess and collect any and all civil penalties for any violation described herein. The EPA shall give Respondent notice of its intent to revoke, which shall not be effective until received by Respondent.
39. Respondent and Complainant agree to the Environmental Appeals Board's issuance of the attached Final Order ratifying the Agreement.

Based on the facts in Table 1, the EPA alleges that the Subject HFCs are bulk regulated substances that were imported without the importer expending consumption or application-specific allowances in a quantity equal to the exchange-value weighted equivalent of the regulated substances imported, a violation of the HFC Allocation regulations at 40 C.F.R. § 84.5(b).

⁴ To determine the EV of a HFC blend, calculate the contribution of each HFC to the total EV of the blend and calculate a case-specific EV multiplier by: multiplying the percentage of the blend made up of each HFC by its EV and summing the resulting blend constituent products to calculate the blend EV. For example, if the percentages of the blend and the EVs (in parentheses) of the constituents are: 55 percent HFC-32 (675), 16 percent HFC-125 (3,500), and 29 percent HFC-134a (1,430), the EV would be $(0.55 \times 675) + (0.16 \times 3,500) + (0.29 \times 1,430) = 1345.95$ EV. Where the exact amount or percentage of each HFC in a blend is unknown, the case team shall use the highest EV associated with a HFC in the blend as a multiplier to calculate the penalty.

⁵ EVs are found in Appendix A of 40 C.F.R. Part 84.
