CSB Grant Reporting Template

What it is

A tool where awarded grantees provide workplan information, budget details, and project updates to their Project Officer

Purpose

To track project performance and legitimacy throughout the entire project period

Updates

Recording Leveraged Funds (Work Plan & Financial Summary tabs)

Conditional Formatting and Dropdowns (Fleet Description & EV Infrastructure tabs)

CSB Grant Program Documents

Visit <https://www.epa.gov/cleanschoolbus/clean-school-bus-program-grants> to access the updated Grants Reporting Template and other related documents

Reporting Timeline

Deliverable	Deadline	Submission Document
Workplan + Financial Summary	One month after official award	Reporting Template
Semi-Annual Project Reports	July 30 th and Jan. 31 st of each calendar year during the project period ^{*,**}	Reporting Template
Eligibility and Scrappage Form	End of project period ^{**}	Eligibility and Scrappage Template
Final Project Report	120 days after project completion	Reporting Template

* Reporting periods are typically six months each. Update according to the reporting cadence determined by your Project Officer.

** The project period is 24 months and may extend up to 36 months where justified.

Reporting Template Overview

Tab 1: Instructions

- General instructions and tab specific descriptions.

Tab 2: Work Plan

- Reflects approved work plan. **Completed within the first month of award notification**

Tab 3: Amendments

- Updates to post-award changes in bus numbers, charger numbers, and/or funding amounts. **Updated annually at end of each project year and at project closeout**

Tab 4: Financial Summary

- Financial summary of entire grant period of performance.

Tabs 5-7: Yearly Financial Summary

- Financial summary for each year of the project period. **Updated according to reporting cadence determined by Project Officer (quarterly or biannually)**

Reporting Template Overview cont.

Tab 8: CSB Priorities

- Commitments of environmental justice, community engagement, sustainability, workforce development, climate impact resiliency, and/or leveraging additional external funds. **Updated semi-annually**

Tab 9: Fleet Description

- Details for all vehicles impacted under project including current vehicles and new vehicles. **Updated semi-annually**

Tab 10: EV Infrastructure

- Details for all electric vehicle supply equipment (EVSE) and supporting infrastructure. **Updated semi-annually**

Tab 11: Final Report

- Final project details including programmatic and narrative financial results. **Submitted within 120 days of project completion**

Tab 12: Data Dictionary

- Description of select data fields to be used as support in completing tabs 2-11

Check if a cell has dropdown options before entering information to avoid data validation errors

Reporting Template Walkthrough

Data must match the Approved Final Work Plan

Tip: If EV chargers are being purchased with Other Leveraged Funds, place a zero in the cell rather than leaving it blank.

Equipment Cost – Vehicles and Infrastructure

Table 2. Work Plan

Please complete the following table of information. For school district applicants, only the first row will be completed. For third-party applicants, please list all school-district beneficiary information. Please refer to the School District data definitions on tab 12 (Data Dictionary) for additional guidance on each field. If other leveraged funds are being used for the purchase of EV Charges, please indicate the number of chargers by charger type in columns N and O, and then record 50 in cells M8 and M9

School District Name	NCES #	State	County	School District Summary					Proposed Fleet				Proposed EV Chargers		
				City	Zip	Prioritized	Self-Certified as Prioritized	Non-Attainment or Maintenance Area	Proposed Number of CNG Buses	Proposed Number of Propane Buses	Proposed Number of Electric Buses	Total Number of Buses	Proposed Number of AC Level 2 Charger	Proposed Number of DC Level 3 Charger	Total Number of Chargers

Self-Certification Tip: Prioritized = 'Yes', then select one of the following options from the dropdown.

- Applied under Category 1 = Yes – Title I
- Applied under Category 2A = Yes – Large with 80% Title I
- Applied under Category 2B = Yes – Large with Sub-group Title I
- Eligible to self-certify, but not Title I = Not Applicable

Updated Instructions: Report the number of EV chargers that will be purchased with EPA funds AND Other Leveraged Funds.

Tab 2: Work Plan cont.

Data must match the Approved Final Work Plan

Project Details – complete all fields

Table 1. Project Summary and Approach
<i>Please use the space provided to add a short narrative description of the project summary and approach to cover anything not captured in Table 2. Work Plan. Language from the Project Summary and Approach section of the application can be used here.</i>

Table 3. CSB Priorities	
A. Community Engagement	
Does the workplan demonstrate actions and/or commitments to engage communities? <i>If no, please jump to the next section, "Project Sustainability". If yes, please complete the rest of this section.</i>	(Y or N or N/A)
1. How does the workplan demonstrate engagement with the communities identified above, especially local residents, to ensure their meaningful participation with respect to the design, planning, and performance of the project?	
B. Project Sustainability	
Does the workplan demonstrate actions and/or commitments to promote sustainable project results and benefits? <i>If no, please jump to the next section, "Workforce Development". If yes, please complete the rest of this section.</i>	(Y or N or N/A)
1. How does the workplan demonstrate that project results and benefits will be sustainable and that the applicant and project partners have the ability to promote and continue efforts to reduce emissions from school buses after EPA funding for the project has ended?	

Table 4. Timeline and Milestones		
<i>Please use the rows below to indicate key project milestones and activities, the timeline for each, and the responsible party for each milestone and activity. Timeline can be represented either as the expected month(s) each activity/milestone will take place (ex., September 2024, September 2024 - December 2024, etc.), or, if applicable, can be represented with descriptors such as "continuous," "ongoing," or otherwise described in relation to other activities and milestones (ex., 1 month after activity X). Note: Additional rows may be added as needed.</i>

Instructions

Please use this tab to indicate any changes in bus numbers, charger numbers, and/or funding amounts post-award. Fill out this tab at the end of each year of project performance.

Were there any changes to bus numbers, charger numbers, and/or funding amounts in Year 1 of the project period of performance? If yes, please indicate the change(s) using the table below.		Project Year 1	0	\$	-
Were there any changes to bus numbers, charger numbers, and/or funding amounts in Year 2 of the project period of performance? If yes, please indicate the change(s) using the table below.		Project Year 2	0	\$	-
(If applicable based on project period length) Were there any changes to bus numbers, charger numbers, and/or funding amounts in Year 3 of the project period of performance? If yes, please indicate the change(s) using the table below.		Project Year 3	0	\$	-

Table 9. Project Updates - Narrative Responses

Record and update project updates below.

Please paste the planned activities, outputs, and outcome from the submitted workplan information. Provide updates and if any changes occurred, please provide that information accordingly. In the 'Progress to Date' column, please use the dropdown to indicate if the activity is 1) Not yet started, 2) In progress, or 3) Completed.

Activities	Anticipated Outputs	Anticipated Outcomes	Progress to Date			Progress Notes
			Jan-Jun of Year 1	Jul-Dec of Year 1		
						Write below, as appropriate.

Please provide programmatic and narrative financial updates on the project. As reports are submitted, indicate updates or changes for each reporting period. For each reporting period, please indicate if there was a change from the previous reporting period. If yes, please provide an explanation in the subsequent cell.

Question	Jan-Jun of Year 1 Update	Jul-Dec of Year 1 Update		
1. Provide a comparison of actual accomplishments to the objectives established for the reporting period.				

1. Did the workplan demonstrate that the project will benefit school district(s) that meet one or more of the criteria for prioritization listed in the NOFO in Section I.B? Specifically, communities served by high-need local educational agencies; rural school districts; Bureau of Indian Affairs-funded school districts; and school districts receiving basic support payments for children who reside on Indian land? Or did the proposed workplan demonstrate that the project will benefit school district(s) that self-certified their prioritization status?						(Y or N or N/A)
2. Did any of the school district beneficiaries from the workplan decide to no longer participate in the project? If yes, please use the rows below to indicate which school district beneficiaries withdrew their participation from the project, and if applicable, please note what school district beneficiary was chosen as a replacement. <i>Note: Please add additional rows as needed.</i>						(Y or N or N/A)
Withdrawn School District Beneficiary	NCES ID	Prioritization Status on Prioritized District List or Self-Certified	Date of Withdrawal	Brief Description of Reason for Withdrawal	Replacement School District Beneficiary (use "N/A" if school district beneficiary not replaced)	NCES ID

		(Y or N or N/A)	Select Reporting Period			
2. For any school district(s) prioritized under self-certification Category 2B, which identifies a sub-group of schools within the district receiving Title I funding, are the buses serving this school district(s) continuing to primarily serve the sub-group of Title I funded schools? If no, please provide an explanation below.						(Y or N or N/A)

Did the workplan demonstrate actions and/or commitments to engage communities? <i>If no, please jump to the next section, "Project Sustainability". If yes, please complete the rest of this section.</i>				(Y or N or N/A)
1. How did the workplan demonstrate engagement with the communities identified above, especially local residents, to ensure their meaningful participation with respect to the design, planning, and performance of the project?				
Policy/Process to Engage Communities and Point of Contact	Application	Status Update	Reporting Period Completed	
1. Did the workplan for this project demonstrate that the recipient and/or project partner(s) has an existing clear point of contact in a public platform (e.g., newsletter, website) for community issues and complaints (specific to air quality or broader) and a publicly documented policy or process to engage communities and get their input on operations and projects that impact air quality? The process could be a meeting in the past year and/or a policy or process to have a meeting or otherwise get input (e.g., a standing citizens advisory committee). <i>Please include any narrative details in question 2.</i>				
1.a. If no, did the workplan for this project demonstrate that the recipient and/or project partner(s) commit to completing one before the end of the project period?	(Y or N or N/A)			
1.b. To date, has the recipient and/or project partner(s) completed this commitment?		Select Status	Select Reporting Period	
2. Please provide any additional details and/or a status update to be provided for this category, including but not limited to the URL(s) where the public can find the clear point of contact and policy or process; a description of the point of contact and policy or process; and any other relevant information. Please use the drop downs under 'Please Select One' to indicate which year the update was completed. <i>Note: Do not delete data from prior quarterly reports. If providing updates for multiple quarters in one year, please indicate all updates in the same cell.</i>				

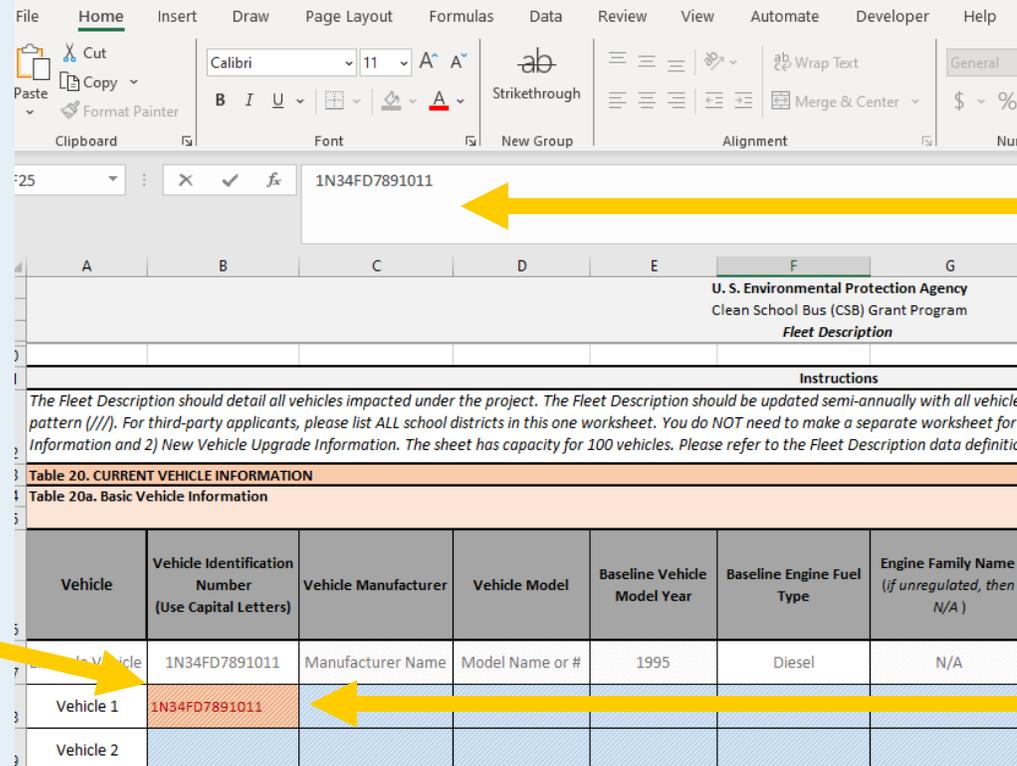

Tip: The Yellow cells will self-populate with the data provided from 'Tab 2. Work Plan'.

Update: Conditional formatting and dropdowns to assist with data accuracy and integrity. Please do one of the following when completing the Fleet Description tab.

- If text is to be entered
 - Type the data directly into the cell, or
 - If copying from another source (e.g., an older version of the reporting template), **paste the data into the formula bar and not into the cell.** Any conditional formatting will be lost if the text is pasted into the cell.
- If a dropdown arrow appears
 - Select an option

Example conditional formatting: A VIN is 17 characters, and does not include the letters O(o), I(i), or Q(q) to avoid confusion with the number 0, 1, and 9. If the data entered does not equal 17 character and/or contains an ineligible character, the cell and text will change from blue to red

The screenshot shows the Microsoft Excel interface. The formula bar at the top contains the text "1N34FD7891011". Below it, a table titled "Table 20a. Basic Vehicle Information" is visible. The table has the following columns: Vehicle, Vehicle Identification Number (Use Capital Letters), Vehicle Manufacturer, Vehicle Model, Baseline Vehicle Model Year, Baseline Engine Fuel Type, and Engine Family Name (if unregulated, then N/A). The first row of data shows "Vehicle 1" with the VIN "1N34FD7891011". The cell containing the VIN is highlighted in red, indicating a validation error. A yellow arrow points from the formula bar to the VIN cell, and another yellow arrow points from the text "Directly type text here" to the same cell.

Tips

- Complete all **BLUE** fields.
- If cell and text turns red = error in the number of characters, character type, and/or character value (e.g., >10,000).
- Some Place of Performance dropdowns are dependent on another dropdown. For example, a state must be selected in order for a list to appear in the county dropdown.
- Some cells are dependent on fuel type. Cells highlighted with a dark diagonal pattern /// do not apply and do not need to be completed.

Build America, Buy America (BABA) requirements

On November 15, 2021, the Infrastructure Investment and Jobs Act ("IIJA"), Pub. L. No. 117-58, which includes the Build America, Buy America Act (BABA), Public Law 117-58, §§ 70901-52, was signed into law. BABA requires that on or after May 14, 2022, all of the iron, steel, manufactured products, and construction materials used in infrastructure project are produced in the United States. If award recipient will be installing, upgrading, or replacing "infrastructure," with funds included in the assistance agreement (EPA funds), then BABA requirements apply to the infrastructure project. The assistance agreement includes all funds in the final award document and approved budget table. However, any infrastructure costs that are paid solely with non-federal funding and not included as cost share in any federal grant are not subject to BABA; cost share is defined in 2 CFR 200.306. For those non-federal funds not subject to BABA and included as "other leveraged resources" in the grantee's workplan, the grantee would still need to meet any related leveraged funds terms and conditions of the grant agreement. Regardless, each funding recipient is encouraged to use goods, products, and materials produced in the United States, to the maximum extent, consistent with applicable law as described in 2 CFR 200.322. For more information, please visit <https://www.epa.gov/cwsrf/build-america-buy-america-baba>.
