

Crisfield Top Nature-Based Solutions Community Workshop

Thursday, September 11
5:00 - 7:00 p.m.

Corbin Gallery
4 E Main St, Crisfield

Over the past year, the City of Crisfield has collaborated with partners to identify Nature-Based Solutions (NBS) aimed at reducing flooding and erosion, enhancing resilience, and offering co-benefits such as better water quality, recreation, and habitat protection for blue crab.

Join us!

- Learn about flood mitigation efforts in Crisfield
- View final results from the NBS planning project
- Hear about the top 5 priority nature-based projects
- Share your input on Crisfield's future
