2025-EPA-04863	Critchfield, Hannah	Tampa Bay Times	Dear U.S. Environmental Protection Agency FOIA Office, I hope you're doing well. I'm writing to request the following records: - Any documents your agency has on filed related to the Florida Phosphate Mining Initiative. Please exclude text messages from this request. I ask that this information by provided to me electronically by email if possible, ideally via PDF. My mailing address if necessary is available upon request. I ask for expedited processing, if possible, as I am a member of the media at the Tampa Bay Times who is seeking to better inform the public about our state's phosphate mining and cleanup history, including remediation actions taken. This is a highly timely issue, as Florida is considering additional requirements for pursuing legal action against owners of these sites in the face of alleged public health harms — legislation whose fate will be decided within a month. The sooner we can get information about past assessments of vulnerability and solutions proposed to the public, the sooner Floridians can make informed decisions about risks they're comfortable taking and the protections they want for owners and residents of these sites.? Thank you so much for your time and help. Should you have any questions about my request, please don't hesitate to call me at (b) (6) anytime. Take care, Hannah Critchfield hcritchfield@tampabay.com (Date Range for Record Search: From 01/01/1990 To 03/31/2025)	04/01/2025

2025-EPA-03630	Racklin, Jack	-	I. Background of the 1-C Drainage System The 1-C Drainage System is a federally owned water infrastructure asset under the jurisdiction of the U.S. Bureau of Reclamation (USBR) and is operated by KCDSD and KID under cooperative agreements for the purpose of draining agricultural, municipal, and industrial runoff from the Klamath Basin. Under the 1979 Interim 1-C Drainage Agreement, the City of Klamath Falls, OR was required to construct, operate, and maintain diversion, settling, and treatment facilities by January 1, 1990 to prevent non-agricultural pollutants from entering the Klamath River. These facilities	04/01/2025

			were never constructed, resulting in ongoing, unregulated discharges of hazardous waste and pollutants into a federally protected navigable waterway in potential violation of the Clean Water Act (CWA), 33 U.S.C. § 1311 et seq. The EPA's role in ensuring Clean Water Act compliance for discharges from this federally owned system is critical, as the 1-C Drainage System currently operates without an NPDES permit, despite discharging municipal, agricultural, and industrial pollutants into the Klamath River, a federally regulated water body. II. Requested Records 1. NPDES Permitting and Clean Water Act Compliance All records regarding NPDES permit applications, approvals, denials, modifications, or renewals for the 1-C Drainage System from January 1, 1990, to the present. Any EPA memorandums, enforcement actions, compliance reports, or legal opinions related to the requirement for an NPDES permit for discharges from the 1-C Drainage System into the Klamath River. All correspondence between EPA and USBR, KCDSD, and KID concerning NPDES permitting requirements for the 1-C Drainage System. 2. Water Quality Monitoring and Hazardous Waste Discharge Investigations All water quality testing data and monitoring reports conducted or received by EPA related to pollutants discharged from the 1-C Drainage System into the Klamath River. Any records discussing the presence of: Pesticides (e.g., organophosphates, neonicotinoids, glyphosate) Heavy metals (e.g., arsenic, mercury, lead, cadmium) Petroleum hydrocarbons Nutrients (e.g., nitrogen, phosphorus, biochemical oxygen demand levels) Bacterial contaminants (e.g., E. coli, coliform bacteria, pathogenic organisms) Any records discussing harmful algal blooms (HABs) and the role of nutrient pollution from the 1-C Drainage System in their formation in the Klamath River Basin. 3. Compliance Audits, Enforcement Actions, and Violation Notices All EPA compliance audits, inspections, enforcement records, and violation notices issued to: U.S. Bureau of Reclamation (USBR) Klamath Irrigation District (KID) Klamath County Drainage Service District (KCDSD) City of Klamath Falls, OR All correspondence, warnings, or recommendations issued by EPA to these entities regarding compliance with CWA Section 301(a) (prohibition on pollutant discharge without a permit). 4. Interagency Correspondence and Policy Determinations All emails, memorandums, or formal letters exchanged between EPA and: Oregon Department of Environmental Quality (DEQ) U.S. Bureau of Reclamation (USBR) U.S. Fish and Wildlife Service (FWS) or NOAA Fisheries (related to endangered species impacted by pollution) Army Corps of Engineers (related to jurisdiction over water infrastructure and modifications) Any records discussing whether the 1-C Dr . . . 2025-EPA-03648	Bogner, Neva	-	Denali Waste Water Solutions has built a new storage tank for waste water from chicken processing plants, i.e. chicken sludge. I have requested a copy of the permit and tank inspection from Arkansas Department of Environmental Quality (ADEQ) on numerous occassions but have not received either document. In fact, they can't seem to find one on file. Said storage tank is located at the intersection of Cross Lanes Rd and Arnold Rd in Crawford County, AR (South of Alma AR). Denali is in constant violation of their land application permits. We are requesting the storage tank permit and inspection because we don't believe either have been done since ADEQ cannot seem to provide copies. Thank you for your attention to this matter. 2025-EPA-05053	Glabicki, Quinn	PublicSource	This is a request under the Freedom of Information Act. The Department of Government Efficiency [DOGE] has been interacting with a broad range of federal agencies in efforts at "identifying/eliminating waste, fraud and abuse," according to the website www.doge.gov. We request all documents in the possession of the U.S. Environmental Protection Agency [EPA], including correspondence, that meet all of the following criteria: Dated on or after Jan. 20, 2025 through the date of this request Include the word "Pittsburgh", "Allegheny County" or "Southwestern Pennsylvania" Include either "Department of Government Efficiency" or the acronym "DOGE." In order to help to determine our status to assess fees, you should know that we are a nonprofit newsroom serving Southwestern Pennsylvania and the surrounding regions. This request is made as part of news gathering and not for commercial use. Additionally, as employees of entities engaged primarily in disseminating information in order to inform the public about matters of civic import, including the actions of the federal government, we ask that this request be granted expedited processing status. PublicSource understands that DOGE is transforming the provision of government services, and that DOGE reports cutting the costs of government, in ways that are of vital importance to residents of the Pittsburgh region, and elsewhere, creating a compelling and time-sensitive need for the requested documents. Thank you for your consideration of this request. 2025-EPA-05032	Bogardus, Kevin	E&E News	I request the agency head review of all existing covered contracts and grants where such covered contracts and grants have been terminated or modified to reduce federal spending, reallocate spending to promote efficiency and advance policies of the Trump administration at EPA. I also request the agency head determination or determinations to exercise termination rights for existing leases of government-owned real property held by EPA. This review and determination were to be completed within 30 days of President Donald Trump's executive order titled "Implementing the President's 'Department of Government Efficiency' Cost Efficiency Initiative," dated Feb. 26, 2025, so no later than March 28, 2025 (please see https://www.whitehouse.gov/presidential-actions/2025/02/implementing-the-presidents-department-of-government-efficiency-cost-efficiency-initiative/). This review and determination are described in the following excerpts of that order: "(b) Review of Covered Contracts and Grants. Each Agency Head, in consultation with the agency's DOGE Team Lead, shall review all existing covered contracts and grants and, where appropriate and consistent with applicable law, terminate or modify (including through renegotiation) such covered contracts and grants to reduce overall Federal spending or reallocate spending to promote efficiency and advance the policies of my Administration. This process shall commence immediately and shall prioritize the review of funds disbursed under covered contracts and grants to educational institutions and foreign entities for waste, fraud, and abuse. Each Agency Head shall complete this review within 30 days of the date of this order. … (ii) Real Property Leases. Within 30 days of the date of this order, each Agency Head shall promptly identify all termination rights the Agency Head may have under existing leases of Government-owned real property and, in consultation with agency's DOGE Team Lead and the Administrator of General Services or his designee, determine whether to exercise such rights."	04/14/2025

2025-EPA-05334	Bogardus, Kevin	E&E News	I request EPA's Phase 2 Agency RIF and Reorganization Plans, or ARRPs. These plans were to be submitted to the Office of Management and Budget and the Office of Personnel Management no later than April 14, 2025, according to Feb. 26, 2025 guidance by OMB and OPM sent to heads of executive departments and agencies (please see page 4 of https://chcoc.gov/sites/default/files/OPM_OMB%20-%20guidance%20on%20DOGE%20workforce%20EO%202.26.25%20FINAL.pdf). These plans are described in the following excerpt of that guidance: "V. Phase 2 ARRPs Agencies should then submit a Phase 2 ARRP to OMB and OPM for review and approval no later than April 14, 2025. Phase 2 plans shall outline a positive vision for more productive, efficient agency operations going forward. Phase 2 plans should be planned for implementation by September 30, 2025. The Phase 2 plan should include the following additional information: 1. The agency's proposed future-state organizational chart with its functional areas, consolidated management hierarchy, and position titles and counts clearly depicted. 2. Confirmation that the agency has reviewed all personnel data, including each employee's official position description, four most recent performance ratings of record, retention service computation date, and veterans' preference status. 3. The agency's plan to ensure that employees are grouped, to the greatest extent possible, based on like duties and job functions to promote effective collaboration and management, and that the agency's real estate footprint is aligned with cross-agency efforts coordinated by GSA to establish regional federal office hubs. 4. Any proposed relocations of agency bureaus and offices from Washington, D.C. and the National Capital Region to less-costly parts of the country. 5. The competitive areas for subsequent large-scale RIFs. 6. All reductions, including FTE positions, term and temporary positions, reemployed annuitants, real estate footprint, and contracts that will occur in relation to the RIFs. 7. Any components absorbing functions, including how this will be achieved in terms of FTE positions, funding, and space. 8. The agency's internal processes that ensure agency leadership has visibility and/or direct sign-off on all potential job offers and candidates prior to extending offers. 9. The agency's data-driven plan to ensure new career appointment hires are in highest-need areas and adhere to the general principle that, subject to appropriate exemptions, no more than one employee should be hired for every four employees that depart. Until the agency has finalized its post-hiring-freeze plan, agencies should continue to adhere to the current hiring freeze. 10. Any provisions of collective bargaining agreements that would inhibit government efficiency and cost-savings, and agency plans to renegotiate such provisions. ..."	04/16/2025

2025-EPA-05346	May, Beatrice	-	Under the Freedom of Information Act, I am writing to request the following records: On March 20, 2025, Arizona Central reported on a roundtable in Arizona attended by EPA Administrator Lee Zeldin and organized by Arizona Senator Mark Kelly. According to the article, during the meeting, Zeldin "publicly asked Kelly to send over a catalog of requests for his agency--a list that is almost certain to include pausing the ozone nonattainment redesignation process." We would like to solicit a copy of that "catalog of requests" that Kelly sent to Zeldin and/or his associates at EPA. I have attached a PDF copy of the article to this request. I understand there may be a cost associated with this request. Please reach out to me directly once you have a price estimate. Additionally, I would prefer to receive responsive records electronically if possible. Thank you for your cooperation in this request. I look forward to receiving your response within 20 business days, as required by statute. (Date Range for Record Search: From 03/20/2024 To 04/16/2025)	04/16/2025
2025-EPA-05322	May, Beatrice	-	Under the Freedom of Information Act, I am writing to request the following records: On March 12, 2025, EPA Administrator Lee Zeldin announced in a press release entitled, "EPA Launches Biggest Deregulatory Action in US History," "31 historic actions to power the great American comeback." I am interested in obtaining all communication from members of the Administrator's Office or the Office of Air and Radiation to all parties--including but not limited to the Office of Information and Regulatory Affairs between January 20, 2025, and March 13, 2025 related to ending the so-called "Good Neighbor Plan," which the Biden-Harris Administration used to expand federal rules to more states and sectors beyond the program's traditional focus and led to the rejection of nearly all State Implementation Plans. I understand there may be a cost associated with this request. Please reach out to me directly once you have a price estimate. Additionally, I would prefer to receive responsive records electronically if possible. Thank you for your cooperation in this request. 2025-EPA-05335	Krone, Hunter	-	Dear FOIA representative, I am writing to request information under the Freedom of Information Act regarding the ongoing deconstruction of the SS United States in Mobile, Alabama, in preparation for its sinking in the Gulf of America off Okaloosa County, Florida, to be used as an artificial reef. Specifically, I am seeking the following information: Any and all documents, communications, and reports related to the deconstruction process of the SS United States, including but not limited to contracts, permits, and environmental assessments. Correspondence between Okaloosa County Commissioners, the SS United States Conservancy, and Coleen Marine, Inc. regarding the plans for the sinking of the SS United States as an artificial reef. Any public meeting minutes or records of discussions related to the project, including community input or concerns raised. Documentation of any environmental impact studies conducted in relation to the sinking of the SS United States. I request that any fees for searching or copying the requested information be waived, as the disclosure of the information is in the public interest and will contribute significantly to public understanding of the project. Any potential Federal funding for permits, clearances or other payments using Federal monies in the remediation process. Please provide the requested information in electronic format, if possible. If you have any questions or require further clarification regarding this request, please do not hesitate to contact me at the phone number or email address provided above. Thank you for your attention to this matter. I look forward to your prompt response. Sincerely, Hunter Krone	04/16/2025

2025-EPA-05347	Chelmowski, James	-	The full FOIA and Privacy Act request is attached, which includes the following. This is a first-party FOIA and Privacy Act request for EPA's emails and communications related to the following the EPA's FOIA search for my April 26, 2018 first-party FOIA and Privacy Act request EPA-HQ-2018-007088 and my April 26, 2018 first-party FOIA and Privacy Act request assigned control number EPA-HQ-2017-008256 and PA-0001-2017. 1) On December 4, 2018, EPA submitted a request to EPA eDiscovery Services to conduct a centralized search of all Microsoft Outlook records for the time period, January 1, 2014 to December 4, 2018, applying the search terms, "Chelmowski" or "Chelmowsky." This document existence was confirmed in Timothy Epp's 2020 Declaration. 2) EPA eDiscovery Services completed both searches on December 18, 2018 and located a total of 4,260 potentially responsive emails and attachments. After	04/18/2025

			de-duping electronically, EPA staff ultimately reviewed a total of approximately 3,300 records not identified as duplicates. This document existence was confirmed in Timothy Epp's 2020 Declaration. 3) The Search request(s), search details, and search results for all the EPA search for my request EPA-HQ-2017-008256 and PA-0001-2017. See the following snapshot from email dated July 13, 2017 which confirms the fact my request EPA-HQ-008256 was processed under both EPA-HQ-2017-008256 and PA-0001-2017 control numbers. This FOIA response records could maybe be just about 15 to 50 emails and communications. 1) The December 4, 2018 email requesting this search with all the names as EPA attorney Timothy Epp's Declaration stated under the penalty of perjury. 2) The December 18, 2018 email with the results of the search that yielded total of 4,260 results as EPA attorney stated under the penalty of perjury. 3) Emails and communications with my request details, the EPA search and the search facts were part of EPA attorney Timothy Epp's 2020 Declaration for my June 9, 2017 under the control number EPA-HQ-2017-008255. 4) Emails and communications with my request details, the EPA search and the search facts were part of EPA attorney Timothy Epp's 2020 Declaration for my June 9, 2017 under the control number PA-0001-2017. Note: FCC attorney Timothy Epp's 2020 Declaration apparently included intentional misrepresentation and/or omission of the FCC processing my June 9, 2017 request under control number PA-0001-2017. See the following snapshot from email dated July 13, 2017 which confirms the fact my request EPA-HQ-008256 was processed under both EPA-HQ-2017-008256 and PA-0001-2017 control numbers. The EPA waived any right to withholding any of the facts of the details of this search and results because of EPA attorney Timothy Epp's 2020 and 2021 Declarations. See the following Honorable Judge Randolph Moss's ruling proving the EPA waived any right to withhold for this March 26, 2024 request. ...

2025-EPA-05307	Browning, Aline	Lackawanna Citizens Overwatch Project	I am submitting this request under the Freedom of Information Act (FOIA) on behalf of the Lackawanna Citizens' Overwatch Project (LCOP). LCOP is a nonprofit advocacy group dedicated to exposing environmental pollution and corporate negligence in Lackawanna County, PA. Our current primary initiative is investigating a suspected cancer cluster among former employees of Specialty Records/WEA Manufacturing/Cinram/Technicolor in Olyphant, PA. Requested Records: I respectfully request copies of the following records related to the above-mentioned facility(s). My research has shown that this facility is identified under EPA RCRA ID: PAD001680719 (That could be incorrect): 1. Environmental Compliance and Enforcement Records o Any violations, penalties, or citations related to hazardous waste management, chemical disposal, or pollution at the facility. o Compliance reports, notices of violation, and correspondence between the EPA/PA DEP and the facility operators. 2. Chemical Spill and Contamination Reports o Records of chemical spills, leaks, or contamination incidents reported at the facility. o Any cleanup efforts, remediation plans, or Superfund site designations. 3. Hazardous Waste Permits & Chemical Handling Documents o Permits issued to the facility for handling, storing, or disposing of hazardous chemicals. o Reports on trichloroethylene (TCE), titanium acetylacetonate (TAA), methanol, ammonium hydroxide, methyl isobutyl ketone (MIBK), and other known industrial chemicals used at the site. 4. Health & Environmental Impact Assessments o Any studies, assessments, or internal memos regarding the potential health or environmental risks associated with the facility's operations. o Documentation related to groundwater, air quality, or soil contamination studies conducted at or near the facility. Purpose of Request: LCOP has identified over 200 confirmed cancer cases among former employees of this facility, with an additional 200 cases of unknown cause of death. Given the hazardous chemicals used at this plant, we believe there may be a link between environmental pollution and these health outcomes. This request is part of our ongoing community investigation to raise public awareness and advocate for affected families. Fee Waiver Request: As a nonprofit organization investigating matters of public health and safety, I respectfully request a waiver of all fees associated with this request under 5 U.S.C. § 552(a)(4)(A)(iii), as disclosure of these records is in the public interest and will not be used for commercial purposes. Delivery Format: If possible, I request that these records be provided in electronic format (PDF or Excel) and sent via email. If electronic records are unavailable, please send hard copies to the mailing address listed above. Response Timeline: Under FOIA, I expect a response within 20 business days. If additional time is required, please notify me in writing with the reason for the delay. ((Date Range for Record Search: From 1/1/1972 To 12/31/2018)	04/18/2025

2025-EPA-05415	Bogardus, Kevin	E&E News	I request the review of agency positions to be placed in Schedule Policy/Career, otherwise known as Schedule F, conducted by EPA. This review was to be conducted within 90 days of President Donald Trump's executive order titled "Executive Order on Creating Schedule F in the Excepted Service," dated Oct. 21, 2020, which was reinstated by President Donald Trump's executive order titled "Restoring Accountability to Policy-Influencing Positions within the Federal Workforce," dated Jan. 20, 2025, so no later than April 20, 2025 (please see https://trumpwhitehouse.archives.gov/presidential-actions/executive-order-creating-schedule-f-excepted-service/ and https://www.whitehouse.gov/presidential-actions/2025/01/restoring-accountability-to-policy-influencing-positions-within-the-federal-workforce/). This review is described in the following excerpt of that first order: "Sec. 5. Agency Actions. (a) Each head of an executive agency (as defined in section 105 of title 5, United States Code, but excluding the Government Accountability Office) shall conduct, within 90 days of the date of this order, a preliminary review of agency positions covered by subchapter II of chapter 75 of title 5, United States Code, and shall conduct a complete review of such positions within 210 days of the date of this order. Thereafter, each agency head shall conduct a review of agency positions covered by subchapter II of chapter 75 of title 5, United States Code, on at least an annual basis. Following such reviews each agency head shall: (i) for positions not excepted from the competitive service by statute, petition the Director to place in Schedule F any such competitive service, Schedule A, Schedule B, or Schedule D positions within the agency that the agency head determines to be of a confidential, policy-determining, policy-making, or policy-advocating character and that are not normally subject to change as a result of a Presidential transition. Any such petition shall include a written explanation documenting the basis for the agency head's determination that such position should be placed in Schedule F; and (ii) for positions excepted from the competitive service by statute, determine which such positions are of a confidential, policy-determining, policy-making, or policy-advocating character and are not normally subject to change as a result of a Presidential transition. The agency head shall publish this determination in the Federal Register. Such positions shall be considered Schedule F positions for the purposes of agency actions under sections 5(d) and 6 of this order. (b) The requirements set forth in subsection (a) of this section shall apply to currently existing positions and newly created positions. (c) When conducting the review required by subsection (a) of this section, each agency head should give particular consideration to the appropriateness of either petitioning the Director to place in Schedule F ... 2025-EPA-05414	Bogardus, Kevin	E&E News	I request the agency head list of regulations to be rescinded or modified at EPA. This list was to be provided to the Office of Information and Regulatory Affairs within 60 days of President Donald Trump's executive order titled "Ensuring Lawful Governance and Implementing the President's 'Department of Government Efficiency' Deregulatory Initiative,'" dated Feb. 19, 2025, so no later than April 20, 2025 (please see https://www.whitehouse.gov/presidential-actions/2025/02/ensuring-lawful-governance-and-implementing-the-presidents-department-of-government-efficiency-regulatory-initiative/). This list is described in the following excerpt of that order: "Sec. 2. Rescinding Unlawful Regulations and Regulations That Undermine the National Interest. (a) Agency heads shall, in coordination with their DOGE Team Leads and the Director of the Office of Management and Budget, initiate a process to review all regulations subject to their sole or joint jurisdiction for consistency with law and Administration policy. Within 60 days of the date of this order, agency heads shall, in consultation with the Attorney General as appropriate, identify the following classes of regulations: (i) unconstitutional regulations and regulations that raise serious constitutional difficulties, such as exceeding the scope of the power vested in the Federal Government by the Constitution; (ii) regulations that are based on unlawful delegations of legislative power; (iii) regulations that are based on anything other than the best reading of the underlying statutory authority or prohibition; (iv) regulations that implicate matters of social, political, or economic significance that are not authorized by clear statutory authority; (v) regulations that impose significant costs upon private parties that are not outweighed by public benefits; (vi) regulations that harm the national interest by significantly and unjustifiably impeding technological innovation, infrastructure development, disaster response, inflation reduction, research and development, economic development, energy production, land use, and foreign policy objectives; and (vii) regulations that impose undue burdens on small business and impede private enterprise and entrepreneurship. (b) In conducting the review required by subsection (a) of this section, agencies shall prioritize review of those rules that satisfy the definition of "significant regulatory action" in Executive Order 12866 of September 30, 1993 (Regulatory Planning and Review), as amended. (c) Within 60 days of the date of this order, agency heads shall provide to the Administrator of the Office of Information and Regulatory Affairs (OIRA) within the Office of Management and Budget a list of all regulations identified by class as listed in subsection (a) of this section. ..."	04/21/2025

2025-EPA-05432	Chute, Erin	Kennebec Valley Community College	I am looking for any documentation regarding the EPA removal action at Irving Tannery in Hartland, Maine, from the dates of 2014 to Present. I would like documentation on what the EPA removed from the tannery, when it was removed, any methods used in the removal, and any future environmental work the EPA may be doing on site at the tannery. I would also like any documentation the EPA has in regards as to whether the site is currently hazardous; such as if any contamination was found in the soil and/or river, if there is any hazardous discharge either into the river or to the local wastewater treatment plant, and any documentation on whether demolition of the building could release any hazardous contamination into the environment. This information is for a college environmental research project on local pollution that will be shared with a variety of individuals and organizations. This research paper will be a part of my portfolio as I move forward to university as I obtain a bachelor's in environmental science, and may be shared with others not listed below. I'm the manager of the National Estuaries Program at the EPA Headquarters. I wanted to let you know that we have recently provided updated program guidance approved by the EPA leadership to our regional staff on guiding the National Estuary Program, including revisions to Comprehensive Conservation Management Plans, that meets statutory requirements, is not in conflict with existing executive orders and aligns with Administrator Zeldin's priorities to support clean air, land and water for every American and promote cooperative federalism and cross-agency collaboration. The regions will be working with the local NEPs in implementing the updated program guidance. Thanks again for your interest in the work we do at the EPA and the National Estuary Program. Cindy S. 2025-EPA-05321	Zhou, Lillian	Earthjustice	Sierra Club requests copies of the below listed records1 in the possession, custody, or control of EPA. Unless otherwise indicated, requests refer to records in the possession, custody, or control of any EPA office or employee. EPA may exclude records already provided to Sierra Club in response to its prior requests of February 4, 2025 (2025-EPA-03348), February 10, 2025 (2025-EPA-3512), and March 17, 2025 (2025-EPA-04584). Phase 2 agency RIF and reorganization plans ("ARRPs") prepared pursuant to President Trump's Executive Order 14210, Implementing the DOGE Workforce Optimization Initiative (Feb. 11, 2025), and the Office of Management and Budget and Office of Personnel Management memorandum, Guidance on Agency RIF and Reorganization Plans (Feb. 26, 2025). This part of the request seeks a specific plan or plans, including draft versions, prepared at the direction of the President. It reasonably describes the records sought in a way that permits EPA to identify and locate them. To the extent it is helpful in locating this plan or plans, we provide the following information about the plans: i. Executive Order 14210, Section 3(e), directed "Agency Heads" to "submit to the Director of the Office of Management and Budget a report that identifies any statutes that establish the agency, or subcomponents of the agency, as statutorily required entities. The report shall discuss whether the agency or any of its subcomponents should be eliminated or consolidated." ii. The Office of Management and Budget and Office of Personnel Management issued a memorandum to "Heads of Executive Departments and Agencies" on February 26, 2025, titled "Guidance on Agency RIF and Reorganization Plans Requested by Implementing The President's 'Department of Government Efficiency' Workforce Optimization Initiative." Section I of the memorandum stated that the President directed agencies to develop "Agency Reorganization Plans," and that the memorandum supplied guidance on "these Agency RIF and Reorganization Plans ('ARRP')." Section V of the memorandum stated that agencies could submit "a Phase 2 ARRP to OMB and OPM for review and approval no later than April 14, 2025. Phase 2 plans shall outline a positive vision for more productive, efficient agency operations going forward." The memorandum further stated that "[a]ll plans and reports requested by this memorandum should be submitted to OPM at tracking@opm.gov and OMB at workforce@omb.eop.gov." 2. From November 12, 2024 through the date of your search for records in response to this request, all records referring to Phase 2 ARRPs, including: a. Any communications between any EPA employee and DOGE personnel; Please search for communications between any EPA employee and "DOGE Personnel" as described and listed in Attachment A. b. Any communications between any EPA employee and any EPA staff who are part of the "DOGE Team" (including but not limited to the "DOGE Team Lead"); Please search for communications between any EPA employee and "DOGE Personnel" as described and listed in Attachment A. c. Any communications between EPA management staff at the Office Director level and above, or any EPA staff who are part of the "DOGE Team" (including but not limited to the "DOGE Team Lead"), and any non-governmental entities. Please search for communications between: 1. EPA employee management staff at the Office Director level and above, listed in Attachment B, or any EPA staff who are part of the "DOGE Team", including those described and listed in Attachment A; and 2. Outside entities as listed in Attachment C. (Date Range for Record Search: From 11/12/2024 To 4/15/2025)	04/23/2025

2025-EPA-04925	Fornberg, Johanna	-	I request the administrative record of documents for the EPA proposed debarment case number 22-1216. The proposed debarment was issued to five entities, under case numbers 22-1216-00, 22-1216-01, 22-1216-02, 22-1216-03, 22-1216-04. Documents I anticipate receiving that are in the administrative record include: ? A copy of any documents describing the Suspension and Debarment Division's (SDD) revised recommendation that any period of exclusion should not exceed three years, which should be dated June 2023. ? Any communications or documents submitted by Energy Transfer, its subsidiaries, or its legal representatives (including internal and external legal counsel or public affairs representatives) that provide mitigating information on the issues that led to the EPA's debarment proposal, including but not limited to pipeline safety, environmental pollution, safety plans and procedures. ? A copy of the communications or documents indicating a pause in the original proposed debarment AND documents or communications detailing the request by Energy Transfer to pause or	05/02/2025

			change the debarment process or status. ? On October 10, 2023, the Suspension and Debarment Official (SBO) paused Energy Transfer's contestation of the proposed debarment, reportedly at Energy Transfer's request, because Energy Transfer and EPA's SDD preferred to pursue a negotiated resolution of this matter. ? Any communications or documents submitted by Energy Transfer, its subsidiaries, or its legal counsel or representatives that were intended to inform or be used as evidence for the debarment investigation or to provide additional contest information to anyone in the department. ? On March 5, 2025, Energy Transfer reportedly submitted additional contest information to EPA arguing the Proposed Debarment proceeding was no longer warranted. In support of its position, Energy Transfer specifically noted: (1) SDD's revised recommendation in June 2023 that any period of exclusion should not exceed three years (requested presently); (2) the substantial amount of mitigating information the company submitted after that recommendation requiring a further downward revision in the period of exclusion (requested presently); and (3) the company's ongoing exclusion of nearly two and a half years. ? A copy of SDD's Response to Energy Transfer's submission, in which SDD recommended that the SDO terminate the proposed debarments. This document should be dated March 7, 2025. ? Any documents or communications confirming the SDO's termination of the proposed debarments for the aforementioned case numbers, which should be dated March 10, 2025. ? Any communications among EPA employees, Energy Transfer staff, staff of Energy Transfer subsidiaries, legal counsel that discuss this debarment case, evidence informing the proposed debarment, evidence contesting the debarment, evidence informing the investigation, the decision-making process of the debarment, and any other related information to the specific cases named here.

2025-EPA-05642	Bogardus, Kevin	E&E News	I request records detailing EPA's reprogramming request to members of Congress and/or their staff members of the House Appropriations Committee, the House Interior, Environment, and Related Agencies Appropriations Subcommittee, the Senate Appropriations Committee and/or the Senate Interior, Environment, and Related Agencies Appropriations Subcommittee as described by Rep. Mike Simpson (R-Idaho) in the YouTube video titled "Chairman's Chat: Mike Simpson (ID-02) on Understanding the American West & Oversight of DOI" posted online on June 18, 2024 (please see https://www.youtube.com/watch?v=2v5FaPeIzKQ). Simpson described EPA submitting a reprogramming request to members of Congress that would "reorganize the whole EPA," which was rejected by members of Congress, at the 5:15 mark of this video and in the following excerpt: "But the EPA — we also do reprogrammings; every subcommittee does. An agency comes in and they wanna reprogram some money that you appropriated and put it someplace else. We have to sign off on those things. And the EPA came in a year, a year and a couple of months ago, and wanted to reorganize the whole EPA, essentially. And we wouldn't sign off on it. We said, 'No, that's much more than a simple reprogramming to send some money over here to address a problem or something like that. You need to do that through the authorizing committee and let them know what's going on, why you're reorganizing, answer the questions they have before we're willing to fund it.' So, we do have those back and forths with the different agencies and so forth." Please consider EPA's reprogramming request as described by Simpson as well as attachments, enclosures or any other records that were provided with the reprogramming request as responsive records to my request. In addition, please consider all direct responses from members of Congress and/or their staff members to EPA's reprogramming request as described by Simpson as responsive records to my request.	05/05/2025

2025-EPA-05647	Turner, Jeff	EHS Support	Hello, The American Liquidation facility sitefis 1472 Columbia Nitrogen Drive, Augusta, GA 30901 was a former manufacturing facility of caprolactam, a monomer used in nylon-fiber production, along with ammonium sulfate and cyclohexanone formerly owned and operated by Fibrant, LLC (Fibrant) in an industrial area adjacent to the Savannah River. The approximately 600-acre Site contained a central production area for manufacturing, waste water treatment facility, sedimentation pond, and oil stripper bottom (OSB) storage pond. The manufacturing operations conducted at the Site began in the early 1960s and ended in 2016. I am looking for any inspection (e.g., RCRA, NPDES), environmental investigation, remediation, and/or monitoring reports pertaining to American Liquidations/Fibrant LLC at the property and/or related to rehabilitation of the site under a state or federal program (e.g., brownfield, RCRA, CERCLA, VRP, state cleanup). ID#: EPA ID: GAD051011609 Any guidance you could provide would be greatly appreciated. (Da (Date Range for Record Search: From 1/1/1990 To 5/2/2025)	05/05/2025

2025-EPA-05705	Gresham, Will	-	Dear FOIA Officer, Under the Freedom of Information Act (5 U.S.C. § 552), I am formally requesting access to specific records maintained by the U.S. Environmental Protection Agency (EPA) concerning the allocation and transfer of Hydrofluorocarbon (HFC) allowances for the calendar years 2024 and 2025. I am requesting detailed information to understand the flow of HFC allowances within the market, particularly in light of the transition to lower-GWP refrigerants mandated by the American Innovation and Manufacturing (AIM) Act and related regulations like the Technology Transitions Rule. Specifically, I request the following information for both calendar years 2024 and 2025: 1. A comprehensive list of all entities initially allocated HFC production and consumption allowances by the EPA for calendar year 2024 and calendar year 2025, respectively. 2. For each entity identified in item 1, please provide the initial amount of both production and consumption allowances allocated to them for the specified year (2024 and 2025), measured in Metric Tons of Exchange Value Equivalent (MTEVe). 3. For each entity that holds allowances, please provide their current balance of production and consumption allowances for calendar year 2024 and calendar year 2025 as of the most recent practicable date your records permit. If your systems allow for more frequent updates (e.g., daily or weekly), please provide the data reflecting balances up to the date the search for these records is conducted for each year. 4. Detailed records of all transfers, trades, or sales	05/07/2025

			of allocated 2024 and 2025 HFC allowances between entities. For each transaction, please include: * The specific calendar year for which the transferred allowance was originally issued (either 2024 or 2025). * The legal names of both the transferor entity (the party transferring the allowances) and the transferee entity (the party receiving the allowances). * The effective date on which the allowance transfer took place. * The type of allowance that was transferred (i.e., production allowance or consumption allowance). * The quantity of allowances transferred in that specific transaction, measured in Metric Tons of Exchange Value Equivalent (MTEVe). * Any internal transaction identifiers, reference numbers, or tracking codes associated with this transfer within the EPA's record-keeping system. To facilitate efficient review and analysis of the requested data, I prefer to receive this information in an electronic format. A searchable spreadsheet format, such as Microsoft Excel (.xlsx) or Comma Separated Values (.csv), would be ideal. I acknowledge that some general or initial HFC allowance allocation data for 2024 and 2025 may be available on the EPA's public website, such as the HFC Data Hub or in Federal Register notices. However, my request specifically seeks more dynamic information, including current allowance balances that reflect post-allocation adjustments and transfers, and comprehensive details of individual transfer transactions, which may not be fully itemized in public summaries. Sincerely, Will Gresham

This includes, but is not limited to, any references to my name, personal identifiers, address or other personal information pertaining to me, including with regard to any investigatory, surveillance, facial recognition, biometric data, genome, ancestry, mental/cognitive abilities, psychological profile, experimentation, studies or other files had by the agency related to me. Please also consider this request to include any third-party communications referencing me and/or any materials maintained under my name that include personally identifying information traceable to me, including medical or health information, smart home or IoT devices, and electronic/digital information (e.g. phone numbers, social media usernames, email addresses, device IDs, IP addresses, MAC addresses, etc.). Please note that this request is not seeking the release of intelligence sources or methods, surveillance techniques or sensitive national security operations, as such, it is improper to deny this request on the basis of FOIA Exemption (b)(1) or Statutory Exemption (b)(3). Please provide all non-exempt portions of any responsive records, including any releasable information that may be part of otherwise exempt records, subject to classification pursuant to Executive Order 13526. Also, should any records be withheld, please provide a Vaughn Index with a description of the records and the reason for withholding said records. Additionally, please note that DC courts have consistently held that a Glomar response cannot be used as a blanket shield and must justify why acknowledging the existence of any such records would harm national security, and Executive Order 13526 prohibits classification to conceal violations of law or prevent public embarrassment. I am willing to pay up to $25 in fees for this request. Should this request exceed the $25 fee, please continue with the request but notify me of any additional charges in advance. Thank you for your time and consideration. Please do not hesitate to reach out should to have any questions or need any clarification regarding this request.	05/08/2025

2025-EPA-05814	Park, Ronald	Friedman Rubin PLLP	In 1994, EPA derived a reference dose (RfD) for Aroclor 1254 (Aroclor 1254; CASRN 11097-69-1) based on several published and unpublished non-human primate studies. The final RfD and supporting narrative was uploaded to EPAs Integrated Risk Information System (IRIS) at: https://iris.epa.gov/ChemicalLanding/&substance_nmbr=389. The supporting narrative is at: https://iris.epa.gov/static/pdfs/0389_summary.pdf ("Aroclor 1254 Chemical Assessment Summary"). In a letter dated February 25, 1993, John L. Cicmanec from EPA sent a request to Dr. Gary Mappes who was the Manager, Product and Environmental Safety at Monsanto. The EPA's letter requested permission from Monsanto to use the non-published manuscript prepared by the Monsanto employee Dr. Levinskas titled Aroclor 1254: Reproduction Study with Rhesus Monkeys (Macaca mulatta). EPA requested this manuscript to "use this paper and the scientific information that it contains as part of the risk assessment for the commercial PCB mixture, Aroclor 1254." It appears that Monsanto gave EPA permission to use Dr. Levinskas' manuscript because the study itself is cited in Section VI.A. Oral RfD References of the EPA's Aroclor 1254 Chemical Assessment Summary (page 21) as: Levinskas, G.J., D.P. Martin, H.R. Seibold and J.L. Cicmanec. 1984. Aroclor 1254: Reproduction study with Rhesus monkeys (Macaca mulatta). Unpublished study by Monsanto. It is also cited in the narrative summary stating: Aroclor 1254 was fed to groups of eight female and four male adult rhesus monkeys once daily in dosages of 0, 5, 25 or 100 ug/kg for 14 months, followed by an observation period of 7 months (Levinskas et al., 1984). Aroclor 1254 Chemical Assessment Summary at page 9. It appears from the above summary that Monsanto granted EPA permission to use Dr. Levinskas' manuscript. We are submitting a Freedom of Information Act request for the following information: 1. The actual Monsanto manuscript that Monsanto either sent to EPA or was in Dr. J.L. Cismanec's possession. The manuscript we seek is the exact manuscript that was used to prepare the EPA's RfD summary. 2. Any documents explaining, describing or relating to Dr. J.L. Cismanec's relationship to Monsanto or Litton Bionetics. 3. All correspondence	05/13/2025

			between Dr. J.L. Cismanec and Monsanto while he was an EPA employee. 4. All documents relating, referring to, reflecting, or pertaining to Dr. J.L. Cismanec's title and role in preparing the Aroclor 1254 RfD. 5. All studies or documents, other than the unpublished Levinskas Aroclor 1254 manuscript referenced herein, that Dr. J.L. Cismanec co-authored with any Monsanto employee. 6. All correspondence between any employee at Litton Bionetics Inc. and Dr. J.L. Cismanec and/or EPA, dated between 1970 and 2000. 7. All communications between any Monsanto employee, including but not limited to Dr. Levinskas, Dr. Paul Wright, Dr. Gary Mappes, and Dr. Peter Berteau on the one hand, and any EPA employee that was involved in preparing the Aroclor 1254 RfD. 8. All drafts of the EPA IRIS Aroclor 1254 RfD. 9. All internal and external reviews of the Aroclor 1254 RfD including by the Science Advisory Board. 10. All draft and final reports in EPA's possession from Litton Bionetics Inc. that relate in any way to PCBs or PCB-containing products. If access to the records requested will take longer than the twenty . . . The description has exceeded the character limit.

2025-EPA-05808	Kramer, Ryan	Atlantic Shores Environmental Services, Ltd.	My name is Ryan Kramer with Atlantic Shores Environmental. I am completing a Phase I ESA on a property located at 2510 Lynhaven Avenue in Richmond, Virginia. It is intended to be developed as a multi-family residential property and I am checking on it prior to planning these activities. When completing my research, I discovered a Brownfield site near my site called Madison Arms I & II (ACRES Property ID: 11322) located at 2600 Lynhaven Avenue (Parcel ID S0080418001) and 2500 Lynhaven Parkway Parcel ID S0080418001). We submitted an earlier FOIA request for our property and we discovered 2 assessments completed in 2009 - a Phase I ESA and a follow up Phase II ESA. The Phase I ESA discovered several issues related to the Brownfield site and recommended a Phase II ESA be conducted on the site. However, no one could locate the Phase II ESA that was completed on our property back in 2009. Even though there are records of, it appears to be gone and no one can locate it, the state, county, US EPA, DEQ, ect... In an effort to avoid doing a new Phase II ESA we are requested information from an adajcent property owner that also had a multi-family residential development - The Height at Brady Square at 2351 Krose Street, Richmond, VA. We are requesting information related to possible Phase II ESAs that may have been submitted to you for the adjacent property (The Heights at Brady Square at 2351 Krouse Street, Richmond, VA) when they were doing their due diligence prior to development. The Brady Square Apartments property, north of our site, was the apartment complexes that stopped development in December 2023 due to funding issues. The Brownfield site at Madison Arms, extents onto this property so I would think a Phase II ESA, or other environmental assessments, would have completed prior to development. The developers would had to have gone through the same obstacles we are going through since the Brownfield extends onto that property as well. And we would like to know the route they took or see if we could eliminate some unnecessary steps to speed this process up. Can you search for similar reports or any other evidence of nearby assessments that address this brownfield site? Thanks, Ryan Kramer (Date Range for Record Search: From 01/01/2008 To 05/12/2025)	05/13/2025

2025-EPA-05823	Eklund, Ken	-	On January 16, 2025, Morgan Jencius, Manager of the Air and Land Enforcement Branch,?Enforcement and Compliance Assurance Division, Region 10 EPA, sent to Ian Macnab, Environmental Manager of Coffin Butte Landfill, a CAA Section 114 Information Request for documents relating to the landfill's operations. The Section 114 IR was also served on January 21, 2025, to Republic Services, who own and operate Coffin Butte Landfill, by its registered agent, CT Corporation. I'm looking for Republic Services' (or Valley Landfill's) further communications with the EPA concerning Coffin Butte Landfill, and responses to these responses etc.; especially, if EPA has been provided the information it requested, I would like that information. Type of records: Emails and other electronic communications, with their attachments or files; electronic versions of any paper documents. Timeframe of records (when the records were created): From 3/27/2025 to the current day. Specific subject matter, country, person and/or organization: The records I am requesting have to do with the action United States Environmental Protection Agency vs. Republic Services, Inc. in regards to Coffin Butte Landfill, which Republic Services owns and operates. Paul Koster, who is the current Environmental Manager at the landfill, may be a point of contact, as may Bret Davis, who is the General Manager of the Landfill, and Jeff Condit, who is an attorney often representing the landfill, and others at Republic's corporate office in Phoenix, Arizona may also be may be points of contact. The records may also come from the various consultants the landfill hires for environmental monitoring services. Offices or consulates originating or receiving the records: EPA Region 10 Offices. Sara Conley, Air Enforcement Officer, may be a point of contact, as may Morgan Jencius, Manager of the Air and Land Enforcement Branch.? Particular event, policy or circumstance that led to the creation of the records (reason why you believe the records exist): On January 16, 2025, Morgan Jencius, Manager of the Air and Land Enforcement Branch, Enforcement and Compliance Assurance Division, Region 10 EPA, sent to Ian Macnab, Environmental Manager of Coffin Butte Landfill, a CAA Information Request for documents relating to the landfill's operations. This Section 114 IR was served on January 21, 2025, to Republic Services, who own and operate Coffin Butte Landfill, by its registered agent, CT Corporation. A previous inquiry produced communications from Paul Koster at Republic Services asking for an extension to May 10, 2025, which was granted by Sara Conley at EPA Region 10. That deadline has passed, so the information requested by the Section 114 IR (or further dialogue about extensions) should exist. ? How	05/14/2025

2025-EPA-05866	Leopold, Jason	Investigative Reporter	I request disclosure from the Environmental Protection Agency the following records: 1. Copies of the Excel files attached to emails sent to officials at the Department of Government Efficiency, often referred to as DOGE and sometimes referred to as US DOGE Service or USDS. To be clear, I am only seeking the Excel files in its native format. I am not interested in the emails the Excel files were attached to. 2. Signed, final action memos related to agency reorganization, restructuring and/or reductions in force (RIF) The timeframe for this request is Jan. 20, 2025 through the date the search for responsive records is conducted. Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552(a)(8)): (A) An agency shall— (i) withhold information under this section only if— (I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption described in subsection (b); or (II) disclosure is prohibited by law; and (ii) (I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and (II) take reasonable steps necessary to segregate and release nonexempt information. . . . EPA should not fail to meet the requirements of Section 552(a)(8) when processing my request and release responsive records to me in full or at least in part. INSTRUCTIONS REGARDING SCOPE AND BREADTH OF REQUESTS Please interpret the scope of this request broadly. The EPA is instructed to interpret the scope of this request in the most liberal manner possible short of an interpretation that would lead to a conclusion that the request does not reasonably describe the records sought.	05/15/2025

2025-EPA-05881	Bogardus, Kevin	E&E News	I request the quarterly workforce and staffing report, also known as the full-time equivalent, or FTE, report, for the fiscal year 2025 second quarter, or FY25 Q2, described in the following excerpt from House Report 118-155: "The Agency is directed to follow all guidance in House Report 117–83 under the headings titled 'Reprogramming', 'Congressional Budget Justification', 'Operating Plan', and 'Workforce and Staff-ing Plans'." Please see page 57 of House Report 118-155 (https://www.congress.gov/118/crpt/hrpt155/CRPT-118hrpt155.pdf). House Report 117-83 states, "Workforce and Staffing Plans.—The explanatory statement ac-companying the fiscal year 2021 appropriations included directions for the Agency to develop workforce and staffing plans to achieve the Agency's FTE targets in fiscal year 2021. For fiscal year 2022, the Committee expects the Agency to submit as part of its oper-ating plan, staffing targets by National Program Management area, with separate staffing targets for headquarters and each re-gional office within each Program, in line with the Agency's en-acted appropriation. The Committee expects the Agency to continue to develop workforce and staffing plans to achieve the staffing tar-gets submitted with the operating plan, and directs the Agency to submit its fiscal year 2022 workforce and staffing plans to the Committee not more than 45 days after the submission of the Agency's operating plan. Further, not later than 45 days after the end of each quarter, the Agency shall submit data on the number of FTE employed by the Agency in the same format as the fiscal year 2022 FTE target data was submitted. The Committee expects quarterly briefings on the Agency's progress in achieving its staff-ing targets." (please see page 77 of https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf) This report is also described in the following excerpt from Senate Report 118-83, which is to be submitted no later than 45 days after the end of the quarter (please see page 81 of https://www.congress.gov/118/crpt/srpt83/CRPT-118srpt83.pdf). The joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42, states "the language set forth in House Report 118-155 and Senate Report 118-83 carries the same weight as language	05/16/2025

2025-EPA-05904	Asnake, Mahlet	Earthjustice	Please see the attached request. The Organizations request copies of: (1) information maintained in the Risk Management Plan (“RMP”) database, except off-site consequence analyses (“OCA”) information, see 42 U.S.C. §?7412(r)(7)(H); and (2) Logs for all FOIA requests from October 1, 2023, to the date of this request seeking RMP plans and/or related records in the RMP database. Additionally, the Organizations request: Part 3 of the request, like Part 1, seeks information maintained in the RMP database (except off-site consequence analyses information), but unlike Part 1 of the request, requests that the information be released via online publication, as required by FOIA’s affirmative disclosure provision, 5 U.S.C. § 552(a)(2)(D). EPA previously made some of the requested information available online via the RMP Public Data Tool, but recently took the tool down. The Organizations request that EPA satisfy its FOIA requirement to “make available for public inspection in an electronic format” the RMP information by restoring and expanding the online data tool, which included some of the requested RMP information, and expand it to include the online publication of all of the requested RMP information, as required by FOIA’s affirmative disclosure provision, 5 U.S.C. §?552(a)(2)(D). 2025-EPA-06004	Perryman, Skye	Democracy Forward Foundation	All records your agency submitted to the Office of Information and Regulatory Affairs as required by President Trump’s April 9, 2025 “Directing the Repeal of Unlawful Regulations” presidential memorandum requiring the submission of one-page summaries and explanations for each regulation identified but not pursued for potential repeal. To be clear, Democracy Forward is here seeking–by the terms of the relevant directive–a summary of decisions already made. See Memorandum (“a one-page summary of each regulation that was initially identified as falling within one of the categories specified in section 2(a) of that Executive Order, but which has not been targeted for repeal, explaining the basis for the decision not to repeal that regulation.”) (emphasis added). These	05/21/2025

			documents are consequently neither predecisional nor deliberative, and Democracy Forward expects that they are subject to substantial disclosure. This request seeks records from April 9, 2025 until the date of the search.

2025-EPA-06068	Austin, Travis	-	Dear FOIA Officer, I am submitting a formal request under the Freedom of Information Act (FOIA) for records related to municipal landfills located in Chatham County, Georgia—including those within Savannah Beach/Tybee Island—from 1970 to 1993. I am seeking documentation concerning landfill operations and any environmental impacts stemming from landfills or open dumping during that period. Specifically, I am requesting records that pertain to: Violations or compliance issues involving the Clean Water Act, Coastal Marshlands Protection Act, Resource Conservation and Recovery Act (RCRA), Georgia Solid Waste Management Act, or documented impacts on public waters. Any updated versions or supplements to the Inventory of Municipal Waste Facilities for Georgia following the initial 1970s Federal Water Quality Administration/EPA list. Recommendations for CERCLIS or National Priorities List (NPL) inclusion for sites in Chatham County (1980–1993). EPA's Municipal Solid Waste Landfill Reports (1970–1993) and Georgia Environmental Protection Division Solid Waste Management Plans (1973–1993), specifically as they relate to landfills in Chatham County. EPA Region 4 records referencing coastal Chatham County landfills or open dumps between 1970 and 1993. Additionally, I am requesting: Indexes, finding aids, box lists, or transfer records related to EPA Region 4 files that may help identify or locate the above documents, including materials held at the National Archives. I was referred to Ms. Alexia Price, Records and Information Management Specialist at EPA Region 4, by the National Archives at Atlanta. They indicated that she may have knowledge of the location or contents of these	05/23/2025

			records at the national archive, as they do not maintain or have an index, finding aid, or box list for EPA files and rely on her for guidance. Ms. Price has advised that I submit this formal FOIA request. If no centralized index or finding aids exist, I would appreciate any available guidance on how these records are organized or accessed. I am willing to pay fees up to $100. Please inform me in advance if the costs are expected to exceed that amount. Thank you for your time and assistance. 2025-EPA-06085	Dornbos, William	Office of the Attorney General	Freedom of Information Act Request for Records of Political Communications and Documents Regarding the Endangerment Finding. Please see the attached request letter submitted by the CT Office of the Attorney General, which describes the FOIA request in detail and addresses all necessary factors. The State of Connecticut Office of the Attorney General ("CT OAG") respectfully requests records, as that term is defined at 5 U.S.C. § 552(f)(2) of the Freedom of Information Act ("FOIA"), of U.S. Environmental Protection Agency ("EPA") activities and communications regarding the Endangerment Finding and possible reassessment of the Finding pursuant to the Unleashing American Energy Executive Order, including correspondence among specified EPA employees as detailed below. The Endangerment Finding is comprised of the two 2009 EPA findings that six greenhouse gases threaten the public health and welfare of current and future generations, and that the combined emissions of these gases from vehicles contribute to the pollution that threatens public health and welfare.1 This Finding is foundational to EPA's efforts to set standards to reduce harmful greenhouse gas emissions. President Trump's January 20, 2025 Executive Order 14154: Unleashing American Energy, 90 Fed. Reg. 8353, directs the EPA Administrator to assess "the legality and continuing applicability" of the Finding. Specifically, the CT OAG requests copies of all correspondence and records detailed below in item (i), that contain any of the search terms detailed below in item (ii): (Part i) correspondence with and between all members of the Trump Administration's EPA Transition Team (or "Landing Team"), and all Trump Administration EPA political appointees; and any briefing materials, memos, presentations or other documents created by or shared with/among the following EPA transition team and/or political appointees, including but not limited to: [See attachment for the list of 33 employees] (Part ii) The CT OAG requests the correspondence and other records detailed above that contain any of the following search terms: • Endangerment Finding(s), • Endangerment and Cause or Contribute Finding(s), • Endangerment, • Climate change, • Greenhouse gas(es), • Carbon dioxide, • Economic cost (or Cost), • Emissions, • GHG(s), or • Joint recommendation(s). See the attachment for more details. (Date Range for Record Search: From 11/6/2024 To 5/23/2025)	05/23/2025

2025-EPA-06092	Perry, Maggie	BRS, Inc.	This request is being made to satisfy NJ Preliminary Assessment requirements. I'm seeking any NJDEP records related to the subject site, including environmental investigation/remediation, tank registration or closure, permits, right-to-know, incident reports, maps/figures, inspections, emergency response, enforcement, waste disposal or complaints made. The Subject Site is located across multiple parcels in Pennsauken Township, Camden County, New Jersey, as follows: Block 1301 Lot 1 (RIVER RD & DELAIR AVE); Block 1302, Lot 1 (DELAIR & HOLMAN AVES); Block 1303, Lot 1 (DELAIR & DAY AVES); Block 1304, Lot 1 (ENGARD AVE & BALFOUR RD); Block 1306, Lot 1 (ENGARD AVE & BALFOUR RD); Block 1307, Lot 1 (ENGARD & DAY AVES).	05/23/2025
2025-EPA-05862	Brown, Ann	Center for Biological Diversity	[Clarification on 5.19.25 - Along with Commerce Secretary, Army Secretary, and NOAA administrator, the EPA administrator is one of the members of "the God Squad," so the Center submitted FOIA requests to all of these agencies. The Interior Secretary Chairs and convenes the meetings and the EO directs Interior Secretary to convene meetings at least 4x/year. There may not have been any meetings yet however. That said, the Administrator's Office would be the program office to start the search. Please confirm that this sufficiently describes our request and that you will begin processing it.] Pursuant to FOIA, as well as ESA section 7(g)(8), which directs that "all meetings and records" associated with the Endangered Species Committee's activities "shall be open to the public," the Center requests from [EPA] from January 21, 2025 to the date [EPA] conducts this search: All minutes and other records memorializing or otherwise regarding meetings held by "the Endangered Species Committee" pursuant to Section 6 of executive order 14156, which directs the Interior Secretary to convene such meetings on a "not less than quarterly" basis. For Background, see the attachment. "In 1978 amendments to Act, Congress created the "Endangered Species Committee" (aka "the God Squad," hereafter referred to as "the Committee") as an administrative court of last resort empowered to adjudicate section 7 exemption applications. The amendments legislate in extraordinary detail the Committee's composition and process for ruling on these exemption applications. In creating the Committee, Congress specifically directed that "all meetings and records" associated with its deliberations "shall be open to the public."7 Although it has now been well more than 90 days since the President issued E.O. 14156, directing the Interior Secretary to convene the Committee on a "not less than quarterly" basis, the Center is not aware of any public meeting announcement or other notification issued by Interior regarding any such meetings. This request seeks to ensure that any God Squad meetings that have been or will be held are done so in a transparent manner, as required by both FOIA and the ESA. 2025-EPA-05991	Huprich, Courtney	Smithers-Oasis	I am requesting information about my company's name change. I work for Smithers-Oasis Company. We have multiple business units, but the specific one I am interested in is FloraLife. Smithers-Oasis acquired FloraLife in 2007. I am reaching out to see if there was a name change update submission to the EPA when this acquisition happened. The latest information I could find was from 2013 and it states FloraLife as Smithers-Oasis D/B/A FloraLife. I want to know if FloraLife, a Division of Smithers Oasis, is still an active name. Also, if FloraLife Inc. is still an active name. (Date Range for Record Search: From 01/01/2000	05/27/2025

2025-EPA-06062	Davis, Alexander	Food & Water Watch	Please see the attached request Re: Detailed Study of Concentrated Animal Feeding Operation Point Source Category. FWW and its members have a strong interest in records related to the Environmental Protection Agency's (EPA or Agency) ongoing detailed study of effluent limitations guidelines (ELGs) for the Concentrated Animal Feeding Operation (CAFO) Point Source Category (CAFO Detailed Study) that the Agency announced in 2023 in response to Food & Water Watch v. EPA (No. 21- 71084 9th Cir.) Foornote: See EPA, Effluent Guidelines Program Plan 15, Appendix A (Jan 2023), available at: Link: https://www.epa.gov/system/files/documents/2023-01/11143_ELG%20Plan%2015_508.pdf FWW requests records related to the CAFO Detailed Study. Unless otherwise stated, FWW is only requesting records and communications dated on or after January 1, 2023, through the date of production. FWW specifically requests the following: [5 Part Request below] Part 1. Any and all records related to any contract(s) between EPA and third parties for the purpose of conducting the CAFO Detailed Study, including but not limited to the original contract(s), any subsequent revisions to such contract(s), and any communications between EPA and third-party contractor(s) relating to the status of those contract(s) or the CAFO Detailed Study; Part 2. Any and all records collected, received, analyzed, or otherwise considered by EPA or its third-party contractor(s) as part of the CAFO Detailed Study; Part 3. Any and all communications between EPA and/or its third-party contractor(s), and other state or federal agencies regarding the CAFO Detailed Study; Part 4. Any and all public comments, studies, or other information submitted to EPA and/or its third party contractor(s) by the public or other interested stakeholders related to the CAFO Detailed Study, excluding any records already publicly available via an online docket; and Part 5. Any and all records created or conveyed by EPA to inform, facilitate, or alter the CAFO Detailed Study, including but not limited to any internal agency communications regarding the CAFO Detailed Study. 2025-EPA-06103	Swai, Finya	-	1. All internal EPA communications, memos, emails, or reports from January 1, 2023, to the present concerning the selection, evaluation, or awarding of grants under the Greenhouse Gas Reduction Fund, including but not limited to the following nonprofit organizations: Coalition for Green Capital, Climate United, Power Forward Communities, Appalachian Community Capital, Justice Climate Fund, Opportunity Finance Network, Inclusiv, Native CDFI Network. 2. Records referencing or expressing internal concerns or red flags about: - Salaries of executives or staff at the above organizations - Potential conflicts of interest - Oversight or accountability issues - Vetting or due diligence processes for these grant recipients - Any EPA inspector general reports, audits, or internal reviews pertaining to the above grants or applicants. I am requesting these records in electronic format. If portions of the documents are exempt from disclosure under FOIA, please provide the non-exempt portions with redactions as appropriate, and cite the specific FOIA exemption justifying the redaction.	05/27/2025
2025-EPA-06114	Iach, jacob	-	May I have a list of water delivery systems in the United States that have been exempted or partially exempted from filtration requirements. I am looking for both a list of large municipalities such as NYC, Boston, and Seattle, which have been exempted due to high quality watersheds, as well as small municipalities that have received temporary exemptions due to lack of facilities or resources to implement filtration. In short, I am asking for a list of municipalities in which unfiltered water may be found in the tapwater, in the United States. The reason this is important to me is that in unfiltered surface water, 1 mm long crustaceans named copepods have been found. In NYC water, the NYC DEP has confirmed as many as 13 per liter. Since crustaceans are of the shellfish family, they are not kosher, and this might be of concern to people who keep a kosher diet. They need to know which municipalities don't filter the surface water so that they know to filter the water themselves, to remove the copepods.	05/27/2025

2025-EPA-06102	Berwick, Benjamin	The Protect Democracy Project	From January 27, 2025, through the date on which searches are conducted for records responsive to this request: The petition, and any accompanying justification or analysis, that the Environmental Protection Agency (EPA) submitted to the Office of Personnel Management (OPM) recommending the placement of position[s] into Schedule Policy/Career ("P/C"). Schedule P/C is the schedule in the excepted service created by President Trump's Executive Order No. 14,171, 90 Fed. Reg. 8,625 (Jan. 20, 2025). According to a January 27, 2025, memorandum, OPM instructed federal agency heads to submit interim recommendations for reclassification of positions into Schedule P/C on or before April 20, 2025. These petitions would likely have been submitted to OPM via email at employ@opm.gov with the email header reading "SUBJECT: Schedule Policy/Career" and no later than Sunday April 20, 2025. They may have been submitted on a rolling basis. If the interim recommendation petition and any accompanying justification or analysis did not set forth the reasons EPA believed these position[s] met the criteria for placement into Schedule P/C, documents sufficient to explain why EPA officials believed the position[s] met those criteria, whether or not EPA sent such documents to OPM. Executive Order 13,957 requires all agency petitions to "include a written explanation documenting the basis for the agency head's determination that such position[s] should be placed in Schedule Policy/Career." 2. In addition to the records requested above, we also request records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched, and any tracking sheets used to track the processing of this request. If your agency uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.	05/28/2025
2025-EPA-06130	Bogardus, Kevin	E&E News	I request all records held by EPA created in preparation for, distributed or received during and/or as the result of the "Meeting with former Senator Kyrsten Sinema" on May 13, 2025 in Washington, D.C. as listed on EPA Administrator Lee Zeldin's public calendar. Please click on this link for more detail on Zeldin's calendar, which lists this meeting (https://www.epa.gov/senior-leaders-calendars/calendar-lee-zeldin-epa-administrator). Please consider any calendar entries, emails, invitations electronic or otherwise, handwritten notes, letters, memorandums, text messages, voice and video recordings as well as other documented forms of communication as responsive records to my request. Please consider any final briefing materials created for this meeting that were either created by EPA or provided to EPA participants in this meeting and/or as the result of this meeting as responsive records to my request.	05/28/2025

2025-EPA-06148	Tracy, Katie	Public Citizen	On behalf of Public Citizen, and pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I request that copies of the following be provided on an expedited basis: 1. A copy of the Fall 2025 Data Call for the Unified Agenda of Federal Regulatory and Deregulatory Actions received by the agency from the Office of Management and Budget, and the agency response to the Data Call, including all attachments. 2. All correspondence sent by the agency head or other agency officials to the Administrator of the Office of Information and Regulatory Affairs (OIRA) or other OIRA staff within the Office of Management and Budget listing all regulations identified by class as listed in Executive Order 14219, Section 2. 3. A copy of all documents submitted by the agency to the Office of Information and Regulatory Affairs in accordance with Presidential Memoranda, Directing the Repeal of Unlawful Regulations (April 9, 2025), requiring agencies to "submit to the Office of Information and Regulatory Affairs a one-page summary of each regulation that was initially identified as falling within one of the categories specified in section 2(a) of [Executive Order 14219], but which has not been targeted for repeal, explaining the basis for the decision not to repeal that regulation." This request applies to all records created from January 20, 2025, through the date of the search, and is not limited to any office or sub-agency within EPA. Public Citizen seeks expedited review of this request for the reasons identified below and requests that EPA produce the following records as soon as practicable, and at least within twenty business days. If it is your position that responsive records exist but that those records (or portions of those records) are exempt from disclosure, please identify the records that are being withheld and state the basis for the denial for each record being withheld. In addition, please note that Public Citizen seeks each record in its entirety. Accordingly, please provide all nonexempt portions of the records, without redacting portions of any record as "non-responsive," "out of scope," or the like. I request that any records produced in response to this request be provided in electronic form wherever possible.	05/28/2025

2025-EPA-06193	Purrington, Colin	-	Could I please obtain records (emails, documents, etc.) relating to past, pending, paused, or aborted enforcement actions for any products made by AC2T, Inc., of Hattiesburg, Mississippi? They sell/sold the Spartan Mosquito Eradicator (Minimum Risk), the Sock-It Skeeter (Minimum Risk), the Spartan Mosquito Pro Tech (EPA Reg. No. 93813-1), and Spartan Mosquito GO! (EPA Reg. No. 93362-1-93813). I heard about potential enforcement actions against this company while reading through emails sent by state regulators (via FOIA requests) but also from multiple EPA employees (e.g., see attached sample of emails). Individuals who may have collected or shared information on potential enforcement activities include: Chad Schulze, Charles Smith, Alan Annicella, Kimberly Bingham, Royan Teter, Brett Dugan, Bill Dunbar, Adrienne Trivedi, Justin Mullenix, Debra Rate, Tamica Cain, Alexandra Dunn, David Fischer, Edward Messina, Michael Goodis, Marietta Echeverria, Catherine Aubee, Richard Keigwin, Jennifer Gaines, Erik Kraft, Elizabeth Fertich, Jennifer Saunders, Gina Burnett, Daniel Rosenblatt, Araceli Chavez, Christina Cobb, Anne Overstreet, Dian Overbey, Darlene Dinkins, Jackie Mosby, Kaitlin Picone, Kerry Leifer, Anna-Katrina Briley, Linda Hollis, Arnold Layne, Earl Ingram, and Tom Charlton. I am especially interested in how Andrew Wheeler and Mandy Gunasekara influenced the potential enforcement actions. Thank you very much. 2025-EPA-04419	Scacchi, John	Pacific Legal Foundation	Hello, I am requesting the disclosure of all notices of intent to sue submitted to the EPA under three statutes: Clean Air Act, 42 U.S. § 7604; CERCLA, 42 U.S. § 9659; and the Resource Conversation and Recovery Act, 42 U.S. § 6972. I would like records from January 1, 2024, to the present (as of whichever date the Agency collects and/or responds) in an electronic format please. If possible, I would like the information to include the NCS number (if available), the name of the party who submitted the NOI, and the NOI type (i.e., title of the anticipated action). I am requesting an electronic list of such notices of intent, not copies of the notices themselves, similar to what I received for the Clean Water Act on March 5, 2025 (see attached). I am conducting research on citizen suit provisions and how frequently they are used, so expanding my scope beyond the Clean Water Act to these other statutes would be very helpful and valuable. Thank you, and I would be happy to answer any questions related to this request. - Mitchell Scacchi (Date Range for Record Search: From 01/01/2024 To 03/10/2025)	06/02/2025

2025-EPA-06211	Martin, Cole	Argus Media	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to any documents, emails, or calendar entries regarding a meeting on or about May 20, 2025, that EPA Office of Air and Radiation officials had with representative(s) of small refineries related to biofuel policy. Specifically, I would like to receive any calendar entries about the meeting, any attendee list, along with any documents or emails shared by refinery coalition officials with EPA officials at the meeting, which I believe was related to the Renewable Fuel Standard program. The program is sometimes abbreviated as the RFS or the RVOs, and the exemption requests are sometimes abbreviated as SRE or SREs. I would like to receive the information in electronic format through an email. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed $10. However, please notify me prior to your incurring any expenses in excess of that amount. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. This information is being sought on behalf of Argus Media Inc., an independent media organization that covers energy and commodity markets and policy, for dissemination to the general public. As a full-time journalist for Argus Media, I am primarily engaged in disseminating information to the public. The public has an urgent need to know information about EPA's administration of the Renewable Fuel Standard program and small refinery exemptions, which have	06/02/2025

			substantial impacts on crop demand, biofuel production margins, and retail fuel prices passed onto consumers. Deliberations about small refinery exemptions can be especially influential for shaping how much demand there is among oil refiners for biofuels used to meet Renewable Fuel Standard requirements. 2025-EPA-06212	McCammon, Muirca	Muck Rock News	Please see attached. This is a request under the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, to the Environmental Protection Agency, Office of Congressional and Intergovernmental Relations on my own behalf as an academic researcher at Tulane University. Requested Records I request all agency records from 2006 to the present concerning Tweets deleted or drafted and not sent from the @EPAstatelocal account associated with the Environmental Protection Agency, Office of Congressional and Intergovernmental Relations. I believe the records that I seek are located, inter alia, within agency headquarters, in email records, and in third-party platforms used to manage the Agency’s social media accounts. The records I request include, but are not limited to: 1. Records of all tweets deleted by the Twitter handle associated with the Environmental Protection Agency, Office of Congressional and Intergovernmental Relations (@EPAstatelocal), including: a. Any tweets that were published on Twitter and subsequently deleted for any reason; and b. Any tweets published by other accounts that were retweeted by @EPAstatelocal and subsequently deleted for any reason. 2. Records of all tweets that have been kept in draft form beyond their expected date and time of publication, on Twitter or in a third-party social media management platform, for any reason. 3. Records related to the drafting or deletion of tweets, including: a. Any correspondence or record of correspondence regarding the drafting or deletion of specific tweets i. including correspondence sent through official government email addresses or messaging services; and ii. including correspondence sent through private third-party services such as Gmail or Slack; and iii. Including any messages, notes, or annotations created on a third-party social media management platform. b. Documentation of the agency’s existing policy regarding the preservation and maintenance of tweets as per the Federal Records Act, and Federal Records Management Bulletin 2014-02 (available at https://www.archives.gov/records-mgmt/bulletins/2014/2014-02.htm), which stated that “social media content may be a Federal record when the use of social media provides added functionality, such as enhanced searchability, opportunities for public comment, or other collaboration… A complete Federal record must have content, context, and structure along with associated metadata (e.g., author, date of creation). The complete record must be maintained to ensure reliability and authenticity.” c. Any briefings, reports, memoranda, legal opinions, policy statements, or talking points used or disseminated within the Agency regarding the drafting or deletion of tweets. I urge the Environmental Protection Agency, Office of Congressional and Intergovernmental Relations to process this request consistent with “a general philosophy of full agency disclosure [under FOIA] unless information is exempted under clearly delineated statutory language,” United States Dep't of Def. v. Fed. Labor Relations Auth., 510 U.S. 487, 494 (1994), and the Justice Department’s policy directing a presumption of disclosure. See Dep’t of Justice Office of Information Policy, President Obama’s FOIA Memorandum and Attorney General Holder’s FOIA Guidelines: Creating a “New Era of Open Government” (2009), available at https://www.justice.gov/oip/blog/foia-post-2009-creating-new-era-open-government).	06/03/2025

			8 of the United States Environmental Protection Agency ("EPA") concerning Underground Injection Control ("UIC") wells constructed or existing from January 1, 1900 through June 1, 2025. Specifically, I request records in tabular or geospatial formats (e.g., .xlsx, .mdb, .shp, .gdb) that contain, to the fullest extent available, information including but not limited to the latitude, longitude, depth, status, date, and well type code, of UIC wells for the following states and corresponding well classes over which EPA Region 8 exercises primacy that I have identified: Utah: Class VI Colorado: Class I, Class III, Class IV, Class V, Class VI Montana: Class I, Class III, Class IV, Class V, Class VI South Dakota: Class I, Class III, Class IV, Class V, Class VI Fort Peck: Class I, Class III, Class IV, Class V, Class VI If such records are not available in tabular or geospatial format, I request scans of all file materials (e.g., .pdf, .docx) related to the construction of wells for each of the specified UIC classes above. I respectfully request that any tabular or geospatial data provided be accompanied by a metadata file or data dictionary that defines the meaning of each column name, as well as the interpretation of any coded or categorical values, where applicable. Additionally, I request any available records related to approved permit applications for these wells. If convenient, please also include records of denied permit applications; however, my primary interest is in approved permits. I respectfully submit this request solely for academic research purposes. I affirm that the requested records and data will not be distributed without the express written permission of EPA Region 8. 2025-EPA-06321	Hawthorne, Michael	Chicago Tribune	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request an electronic spreadsheet of each and every Region V request under Section 114 of the Clean Air Act from August 2017 to present. I would like to receive the information in electronic format, either PDF, CSV or Excel. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed $100. However, please notify me prior to your incurring any expenses in excess of that amount. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on air quality testing at regulated facilities in EPA Region 5 that is of current interest to the public because air quality is of paramount importance and EPA policies on Section 114 requests appear to be changing. This information is being sought on behalf of Chicago Tribune for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. This information is in the public interest because it will contribute significantly to public understanding of government operations and activities, in particular EPA's use of Section 114 requests to obtain detailed snapshots of air quality at regulated facilities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I would appreciate your communicating with me by email or telephone, rather than by mail. Please provide expedited processing of this request which concerns a matter of urgency. As a journalist, I am primarily engaged in disseminating information. The public has an urgent need for information about the results of air quality tests required under Section 114 because informed members of the public would be able to contact public officials to ensure EPA is fulfilling its mission of protecting public health. Any delay in providing this information would rob the public of its ability to make known its views in a timely manner. I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief. I look forward to your determination regarding my request for expedited processing within 10 calendar days, as the statute requires. Thank you for your assistance. 2025-EPA-06384	Burk, Ana	-	Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I am requesting access to records that pertain to internal discussions, evaluations, or deliberations regarding the adoption, interpretation, or application of the International Commission on Radiological Protection's (ICRP) Publication 103 (2007) recommendation that the radiation dose limit to the embryo/fetus of a declared pregnant woman be set at the same level as that for a member of the general public (1 mSv). Specifically, I request access to publicly available emails, memoranda, internal reports, meeting minutes, draft policy documents, or other correspondence created, received, or modified between January 1, 2007, and the present, that address: Internal debate, divergent views, or scientific, policy, or regulatory considerations related to the agency's possible adoption of the ICRP Publication 103 recommendation on fetal dose limits; Existing discussion of how or whether to implement this 1 mSv embryo/fetus dose limit in agency policies, guidance, or regulations; Records describing timelines, proposed implementation plans, or explanations for delay, modification, or rejection of this recommendation; Communications between agency staff and external stakeholders (including members or representatives of the ICRP or affiliated working groups) regarding this fetal dose limit. I am only requesting records that are already publicly available. I am a journalist working on a matter of significant public interest related to radiation protection standards for pregnant individuals and the unborn. The requested information is being sought for the purpose of news reporting and dissemination to the public, and not for commercial use. We respectfully request a waiver of all associated fees on behalf of The Howard Center at Arizona State University, which is a well-established news organization that regularly partners with major national news organizations such as USA Today, PBS NewsHour, the Associated Press, and major broadcast news organizations. We anticipate the public records released here will contribute to a news story that is in the public interest and will significantly enhance public understanding of this subject. The records will be used for news and not commercial purposes. I request that this FOIA be placed on the simple processing track. If there is any aspect of this request that would cause it to be placed on a complex track, please contact me immediately so I can consider modifying the request to ensure it qualifies for simple-track processing. Please provide the records electronically, if available. If certain documents or portions thereof are withheld, please specify the exemption claimed and provide all segregable portions of otherwise exempt material. Thank you for your prompt attention to this matter. Please confirm receipt of this request. You may contact me via email or phone if clarification is required. 2025-EPA-06397	Perryman, Skye	Democracy Forward Foundation	Democracy Forward Foundation ("DFF") requests that your agency produce the following within twenty (20) business days: Part 1. All electronic communications (including emails, email attachments, complete email chains, calendar invitations, calendar invitation attachments, text messages, or messages on messaging platforms) between (a) the agency officials listed below and (b) any of the external individuals and entities listed below: (a) Agency officials: i. Anyone serving in your agency's front office or immediate office the Director, Administrator, or Secretary, including in an acting capacity [Parts ii. and ii. for employees from the Office of General Counsel are being processed under a separate tracking number 2025-EPA-02987] b. External entities: i. Tesla (including any email address ending in Tesla.com) ii. SpaceX (including any email address ending in Spacex.com) iii. Starlink, LLC (including any email address ending in spacex.com or starlink.com) iv. Neuralink (including any email address ending in Neuralink.com) v. X (including any email address ending in X.com and e.X.com) vi. Boring Company (including any email ending in boringcompany.com) Part 2. All electronic communications (including emails, email attachments, completeemail chains, calendar invitations, calendar invitation attachments, textmessages, or messages on messaging platforms) sent by the agency officials listed in (a)(i) above containing any of the following terms: a. Tesla b. SpaceX c. Neuralink d. Starlink e. twitter f. X.com g. "Boring Company" h. Musk In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, Democracy Forward has limited part 2 of this request to communications sent by specified officials. To be clear, however, Democracy Forward still requests that complete email chains and texts be produced, displaying both sent and received messages. This means, for example, that both an official's response to an email about "Boring Company" and the initial received message are responsive to this request and should be produced. Clarification on June 2, 2025: Question on date range - We are willing to narrow our request to date range January 20, 2025 to date of search - Trump Administration. Simplifying request - We decline to narrow our request in accordance with this suggestion. If it would help the FOIA office to process the request as two separate requests - one within OGC and the other within the Administrator's office - and produce each set independently when complete, then we are willing to allow that. 2025-EPA-06349	Garvey, Kelly	(b) (6)	Dear Regional FOIA Officer, Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I respectfully submit this request for records held by Region 6 of the United States Environmental Protection Agency ("EPA") concerning Underground Injection Control ("UIC") wells constructed or existing from January 1, 1900 through June 1, 2025. Specifically, I request records in tabular or geospatial formats (e.g., .xlsx, .mdb, .shp, .gdb) that contain, to the fullest extent available, information including but not limited to the latitude, longitude, depth, status, date, and well type code, of UIC wells for the following states and corresponding well classes over which EPA Region 6 exercises primacy that I have identified: New Mexico: Class VI Oklahoma: Class VI Texas: Class VI Arkansas: Class VI If such records are not available in tabular or geospatial format, I request scans of all file materials (e.g., .pdf, .docx) related to the construction of wells for each of the specified UIC classes above. I respectfully request that any tabular or geospatial data provided be accompanied by a metadata file or data dictionary that defines the meaning of each column name, as well as the interpretation of any coded or categorical values, where applicable. Additionally, I request any available records related to approved permit applications for these wells. If convenient, please also include records of denied permit applications; however, my primary interest is in approved permits. I respectfully submit this request solely for academic research purposes. I affirm that the requested records and data will not be distributed without the express written permission of EPA Region 6. Thank you for your time and help with this request, Kelly Garvey (b) (6) (Date Range for Record Search: From 1/1/1900 To 6/1/2025)	06/05/2025

2025-EPA-06483	Browning, Aline	Lackawanna Citizens Overwatch Project	This is a follow-up to FOIA Request 2025-EPA-05487, submitted on behalf of the Lackawanna Citizens' Overwatch Project (LCOP). I am requesting, under the Freedom of Information Act (5 U.S.C. § 552), access to all federal records relating to the discovery, investigation, reporting, or removal of buried drums containing toxic or hazardous substances at or near the facility formerly operated under the following names: • Specialty Records, Inc. • WEA Manufacturing • Cinram Manufacturing • Technicolor • Also including the Fern Hill Warehouse Property Facility address: 1400 E Lackawanna Avenue Olyphant, Pennsylvania 18448 (Date Range for Record Search: From 01/01/1980 To 12/31/2015)	06/10/2025
2025-EPA-06351	Garvey, Kelly	(b) (6)	Dear Regional FOIA Officer, Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I respectfully submit this request for records held by Region 7 of the United States Environmental Protection Agency ("EPA") concerning Underground Injection Control ("UIC") wells constructed or existing from January 1, 1900 through June 1, 2025. Specifically, I request records in tabular or geospatial formats (e.g., .xlsx, .mdb, .shp, .gdb) that contain, to the fullest extent available, information including but not limited to the latitude, longitude, depth, status, date, and well type code, of UIC wells for the following states and corresponding well classes over which EPA Region 7 exercises primacy that I have identified: Iowa: Class I, Class II, Class III, Class IV, Class V, Class VI Kansas: Class VI Missouri: Class VI Nebraska: Class VI If such records are not available in tabular or geospatial format, I request scans of all file materials (e.g., .pdf, .docx) related to the construction of wells for each of the specified UIC classes above. I respectfully request that any tabular or geospatial data provided be accompanied by a metadata file or data dictionary that defines the meaning of each column name, as well as the interpretation of any coded or categorical values, where applicable. Additionally, I request any available records related to approved permit applications for these wells. If convenient, please also include records of denied permit applications; however, my primary interest is in approved permits. I respectfully submit this request solely for academic research purposes. I affirm that the requested records and data will not be distributed without the express written permission of EPA Region 7. Thank you for your time and help with this request, Kelly Garvey (b) (6) (Date Range for Record Search: From 01/01/1900 To 06/01/2025) (Date Range for Record Search: From 1/1/1900 To 6/1/2025)	06/10/2025
2025-EPA-06336	Dexter, Michael	SSDN	I request that you release a list of all applicants to the EPA's Environmental Justice Government to Government grant (EPA-R-OEJECR-OCS-23-02) and the	06/10/2025

			contents of those applications including project narratives, SF424-A and other attachments as possible. I request that you either directly share those applications with me or, should this request be duplicative or substantially similar to another prior request, that those records be made available on the EPA's Frequently Requested Records page (https://www.epa.gov/foia/environmental-justice-grants-foia-records-repository-and-external-civil-rights-docket). As a nonprofit organization, we are requesting a waiver of all fees as our request is in the public interest as it is intended to contribute to a clearinghouse of information for local governments to better understand federal agency grant programs. Our request will contribute significantly to public understanding of the federal grant programs and is similar in scope to the nonprofit waiver determination within the National Security Archive v. U.S. Department of Defense, case interpretation (279 U.S. App. D.C. 308 D.C. 1989). Please let us know the determination if our request qualifies for a waiver prior to incurring any cost and confirm our desire to proceed prior to incurring any expense for this request. 2025-EPA-06468	Estrella, Cheryl	homeowner	I am a concerned homeowner requesting the full list of inactive (inert) ingredients for the following pesticide product: Ortho® Home Defense® Insect Killer for Lawn & Landscape Ready-To-Spray EPA Registration Number: 239-2718 This product was applied to my residential yard several years ago. Due to a misunderstanding of the application instructions, it was grossly over-applied in the yard as well as under crawlspace of home. Since that time, I have experienced a persistent chemical odor in the soil, which has not resolved despite repeated attempts at remediation. I have also developed odor sensitivities and health symptoms that I believe may be linked to prolonged environmental exposure. I have not been able to live in the home for nearly five years due to the lingering effects, and I have spent thousands of dollars on soil remediation, odor treatments, and environmental testing with limited success. I contacted Ortho's consumer support line and was assigned Case Number 43418323. Their suggested treatment involved applying Formula 409 diluted with water and baking soda, which proved ineffective. As such, I respectfully request the following under FOIA: The complete list of inert (inactive) ingredients in EPA Reg. No.?239-2718 Any partial disclosure, including chemical categories (e.g., solvent, surfactant, carrier, fragrance) Any human health or environmental risk assessments, internal EPA evaluation summaries, toxicological profiles, or publicly releasable formulation data submitted by the manufacturer or held by the EPA This request is made solely in the interest of public health and residential environmental safety to support remediation planning at a single-family home. 2025-EPA-06530	Taft, Molly	N/A	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: Any and all available calendars, daily itineraries, and schedules of activities for Administrator Lee Zeldin for the week of May 19, 2025. For the purposes of this request, this includes official government accounts and private accounts, such as Google Calendar, iCalendar, and Microsoft Outlook, used for government business. Pursuant to 5 U.S.C. § 552(a)(6)(E) and applicable regulations (e.g., 5 C.F.R. § 1303.10(d)), I request expedited processing on the grounds that there is an urgency to inform the public about potential federal government activity that could significantly affect environmental issues. Delayed disclosure of these records would compromise the public's timely understanding of critical government functioning. As a journalist actively reporting on environmental issues, I have a compelling need for expedited access to this information. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. 2025-EPA-06810	Madison, Ben	Geo-Technology Associates, Inc.	Former BFI Kwick Klean Landfill / Berryville Landfill Quarry Road (Unaddressed) Berryville, Clarke County, Virginia Parcels: 24-A-42, 24-A-43, and 24-A-42 Owners: BFI Waste Systems of N. America; Browning-Ferris Industries of VA; Browning-Ferris Inc. The property historically consisted of a landfill from at least the 1970s through 1980s. Please reference the attached Site Map. GTA is requesting any information concerning any known environmental incidents or accidents; operating, inactive, or proposed landfills; soil or groundwater contamination; soil and groundwater sampling and analysis; or similar information regarding the above-referenced property. BFI submitted documentation to the USEPA in 1981 notifying the agency that the site existed. Assessments and investigations performed for USEPA in 1984 and 1985 for the Berryville Landfill by the NUS Corporation. “The assessments and investigations of the Berryville Landfill performed for the USEPA by NUS Corporation, included the collection of environmental samples from the site for laboratory analysis. The samples collected included water from nearby drinking water wells, on-site leachate, water from intermittent springs on the site, water from the on site stormwater management pond, ground water from an on-site monitoring well, and soil and sediment from on-site surface drainage features. Based on the laboratory analyses of these samples, only low concentrations of a few compounds were found to be present in soil and surface water at the site. Therefore, the USEPA concluded that no further response actions were necessary for the site.”	06/16/2025
2025-EPA-06786	Ramirez, Vernum	none	Hello, this FOIA request is regarding a property that is for sale on the market and I am interested in making an offer to purchase, but first would like to get some information to make an informed decision. Property information: 1909 Patton Dr. Garland, Texas 75042 The seller of the property is the son of the deceased mother who lived in the home for many years, but has limited EPA information on the property. Due to a battery manufacturing facility dating back to the 1950's that did not properly get rid of manufacturing waste and contaminated a creek nearby, which in turn contaminated the soil of many homes in nearby neighborhoods, including where this house is located. When you do a Google search about this, this is the information that you get: "The EPA identified lead contamination in the soil in Garland, near the former Globe-Union battery manufacturing facility, in 2019. Specifically, the EPA's preliminary assessment in 2019 flagged potential issues, and a site inspection in 2020 confirmed elevated lead levels in soil, according to the EPA. The contamination was linked to the battery plant, which operated from the 1950s until 1995." From our own research, we learned that many home owners agreed to soil testing in their homes and many received soil remediation to fix high levels of lead content in their properties. We just want to know if 1909 Patton Dr. had any testing in the soil performed, what those results were, and if remediations to the soil were ever done in the property. Again, this information is being requested for the sole purpose of us making an informed decision on the purchase of this home. Should you need any additional information, please don't hesitate to contact me by phone or email Your help is greatly appreciated.	06/16/2025

2025-EPA-05682	Hansen, John	-	Environmental Protection Agency FOIA Officer FOIA Office 1200 Pennsylvania Avenue NW Washington, D.C. 20460 Email: hq.foia@epa.gov Dear FOIA Officer,	06/17/2025

			Under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I am requesting access to records related to Mankind Research Foundation (MRF) from 1990 to 2001, a period during which MRF developed a food production initiative with environmental implications. Specifically, I seek the following: • All records related to Mankind Research Foundation (MRF) held by the EPA from 1990 to 2001, including correspondence, reports, or evaluations concerning their food production initiative using poultry residue to create high-protein food for human and livestock consumption. o Source: Mankind Research Foundation, "Overview of Activities," undated, in Stanley Krippner Papers, Special Collections, University of West Georgia, Carrollton, GA, "Krippner_B40_MRU.pdf," p. 17. • Any records of environmental impact assessments, safety reviews, or regulatory actions related to MRF's process of converting chicken feathers into food products, including concerns about keratin processing and distribution to Third World countries. o Source: Mankind Research Foundation, "Overview of Activities," undated, in Stanley Krippner Papers, Special Collections, University of West Georgia, Carrollton, GA, "Krippner_B40_MRU.pdf," p. 17. These records are part of a historical investigation into Mankind Research Foundation's government engagements, focusing on its food production initiative and environmental oversight. The records are likely eligible for declassification under Executive Order 13526, as they pertain to activities from 1990–2001 (within the last 35 years). I request that responsive records be provided in electronic format (e.g., PDF) via email to john.(b) (6) I also request a fee waiver, as this information will contribute to public understanding of government operations. If any portion of the requested records is withheld, please provide a detailed explanation of the exemption(s) applied, as required by FOIA. Additionally, I request a Vaughn index for any redactions, listing each withheld document, its date, author, recipient, subject, and the specific exemption claimed, to facilitate understanding of the withheld information and potential appeals. If records are not in your possession, please indicate whether they have been transferred to another agency (e.g., National Archives) or destroyed. Thank you for your assistance. I look forward to your response within 20 business days, as required by FOIA. If you have any questions, please contact me at (b) (6) . Sincerely, John Hansen

2025-EPA-06829	Trost, Nate	Langan Engineering and Environmental Services	Hello, Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 4409 W Morris St, (Lat 39.748759, Long -86.237714), Indianapolis, Marion County, Indiana. The properties are also identified as Marion County parcel identification number: APN: 9040260 (Local parcel), State Parcel: 49-11-18-107-017.000-900. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, PFAS production/storage, fire response, aqueous film-forming foam (AFFF) usage, biosolids applications, and any other environmental reports that your department may have. Thank you.	06/17/2025
2025-EPA-06785	M fontanez, angel	-	Subject: FOIA Request for Environmental Records Related to Area 22, Camp Pendleton, December 1974–May 1975 Dear FOIA Officer, Under the Freedom of Information Act (5 U.S.C. § 552), I am requesting access to records related to environmental contamination, specifically 2,3,7,8-tetrachlorodibenzo-p-dioxin (TCDD) or pesticide-related contamination, in Area 22 (also known as Camp Chappo) at Marine Corps Base Camp Pendleton, San Diego County, California, from December 1974 to May 1975. Requested Records: I seek any and all documents, including but not limited to: Environmental testing data, reports, or assessments for Area 22/23 (Operable Unit 5) regarding TCDD, pesticides, herbicides, or other hazardous or other hazardous substances in soil, groundwater, or equipment (e.g., tents or storage facilities). Records of waste disposal, pesticide use, or herbicide application in Area 22, including any activities related to Vietnam-era equipment. Correspondence, memoranda, or logs between the EPA, Department of Defense (DoD), or Marine Corps concerning contamination or cleanup in Area 22. Any investigations or reports related to the handling, storage, or disposal of contaminated tents or materials in Area 22 during this period, including transport to Marine Corps Supply Center (MCSC) Barstow. Background: I served with the 1st Supply Battalion, 1st Marine Division, in Area 22 at Camp Pendleton from December 1974 to May 1975. During this period, I was tasked with folding contaminated tents, moving them from pallets to wooden crates, and preparing them for transport to MCSC Barstow. I believe these tents may have been contaminated with TCDD or other toxins, possibly From Vietnam-era herbicide exposure (e.g., Agent Orange). I have since developed health conditions, including thyroid goiter (2003), hypersensitivity pneumonitis (2013), chronic bronchitis, rhinitis, and sinusitis, which may be linked to this exposure. A 2012 EHAP Labs test indicated T-2 toxin exposure, potentially related to these activities. These records are critical for my VA disability claims and potential legal action. Format and Delivery: Please provide records in electronic format (PDF) via email to afontanez@msn.com. If electronic delivery is not possible, mail physical copies to the address above. Fee Waiver Request: I request a waiver of all fees associated with this request, as the disclosure of these records is in the public interest. The information will contribute to public understanding of environmental contamination at Camp Pendleton, a Superfund site, and its impact on veterans' health. I am a veteran pursuing VA disability claims, and these records will support claims for myself and potentially other affected Service members. My financial resources are limited, and I am prepared to pay up to $100 for reasonable search and duplication costs if a fee waiver is not granted. Please notify me in advance if costs are expected to exceed this amount. Contact Infor (Date Range for Record Search: From 01/01/1971 To 12/31/2024)	06/17/2025

2025-EPA-06822	Gentile, Kristie	Second Chance Stables & Draft Rescue Inc	On Wednesday June 4th a member of the town's conservation committee stopped by my house to report a compliant was made to the Mass DEP, regarding disruption of wetlands on my property. (Wetlands that were not identified on the town's website or the DEP map. It was only later that I was informed the DEP map is only accurate at a certain height.) The project that was subject to compliant, was the revision of my horse paddocks. I operate a 501c3 non-profit draft horse rescue for slaughter bound draft horses. I have been utilizing the land in question for the rescue since 2020 and owned it since 2018. The land in question has historically been used for equines, with arial photos dating back to 2003. It was recommended that I cease all work immediately and hire a wetland scientist, which I did. She has completed her evaluation as of today 6/16/25 and we go before the committee tomorrow 6/17/25. However, I never received a formal violation. I would like to know who made the complaint and if in fact there was a formal compliant made to the Mass DEP or if the conservation committee acted under false pretenses.	06/17/2025

2025-EPA-06542	Armstrong, Jack	The Commercial Appeal	Under the Tennessee Open Records Act, §10-7-503 et seq., I am requesting an opportunity to inspect or obtain copies of public records that of the Memphis Metropolitan Statistical Area's "Path Forward" plan as part of the MSA's voluntary participation in the EPA's "Ozone Advance" program. If there are any fees for searching or copying these records, please inform me if the cost will exceed $60. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the MSA's participation in the "Ozone Advance" program. As a representative of the news media, my request is related to news gathering purposes. This information is not being sought for commercial purposes. The Tennessee Open Records Act requires a response time within seven days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. Sincerely, Jack Armstrong (b) (6) [redacted] (Date Range for Record Search: From 01/01/2023 To 06/10/2025)	06/18/2025

2025-EPA-06569	Griffey, Adam	-	Dear FOIA Officer: I am a resident of Marshall, NC, a town that suffered a great deal of structural and environmental damage as a result of Hurricane Helene. I am currently involved in Marshall's recovery efforts, and I am not making this request for commercial purposes. Residents of Marshall are concerned about the risks to their health and property, both as a result of the hurricane and potential environmental contaminants, that may have resulted during Hurricane Helene and its aftermath. The EPA has reported that the agency has taken environmental samples in Marshall NC, and at or nearby downstream from the Silverline-Plastic Plant in Woodfin, NC for laboratory testing of environmental contaminants resulting from the floods. The results of these tests are of vital public interest to all of us in Marshall and beyond, because they have a direct bearing on public health and how local residents should protect their health from environmental contamination. REQUESTED RECORDS This is a request under the Freedom of Information Act ("FOIA") . I am writing to request the records documenting the laboratory results of environmental testing in Marshall, NC as well as the Silverline-Plastics Plant in Woodfin, NC beginning September 29, 2024 and running through the date that EPA fulfills this request, regarding Hurricane Helene and its aftermath from the EPA's Regional Offices in Atlanta as well as its Headquarters in Washington DC. I ask that my request receive expedited processing as there is a compelling need to inform the public about any potential risks to their health. 2025-EPA-06833	Lewellen, Stefan	Penn State University	Dear Sir/Madam, I hope this email finds you well. The EPA website provides a public tool (https://echo.epa.gov/report-environmental-violations) for reporting possible environmental violations to the EPA. Pursuant to the Freedom of Information Act, I would like to request all available data on "Basic Violation Information" and "Violation Characterization" that the EPA has collected from this tool, for the longest possible time period available. I do not need data on "Reporter contact information" and "Media Upload" if this data is confidential. I am an Assistant Professor of Finance at the Pennsylvania State University, and this data will be used exclusively for academic purposes. I would also like to request a waiver for any fees associated with my request. If my waiver application is denied, I would be grateful if you would inform me of the total charges in advance of fulfilling my data request. I wish to receive the data electronically (i.e. through a download link or as an e-mail attachment) if at all possible. If electronic delivery is not possible, I would like to request the data on CD-ROM. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request. Sincerely, Dr. Stefan M. 2025-EPA-06927	Barnicoat, Dana	EPA Region 8	Dear FOIA Officer, I am submitting this formal Freedom of Information Act (FOIA) request under 5 U.S.C. § 552. I am seeking records related to any investigation requested, initiated or conducted by or on behalf of the EPA, into any activity, behavior or violation on my part. I respectfully request the following records: All records, findings, reports, and communications related to any insider threat investigation regarding me, or any other investigation, or inquiry, whether initiated by Katherin Hall, or any other individual at the EPA, on or after December 18, 2024 including: ? Any Computer Security Incident Response Capability (CSIRC) involvement or findings, ? Final determinations, reports or closure memos, ? Internal correspondence among Human Resources, Information Security, the Office or Regional Counsel and/or EPA Region 8 Management Officials. Because the documents are relevant to pending EEO and MSPB matters, I respectfully request an expedited response and full disclosure. I would prefer the records in electronic format. This information is necessary as part of complaints of illegal government activity, which will be of benefit to the general public. As such, I request that all fees associated with this request be waived. If there are any applicable fees, please notify me in advance. Sincerely, Dana Barnicoat (Date Range for Record Search: From 11/25/2024 To 06/20/2025)	06/20/2025
2025-EPA-06929	Barnicoat, Dana	EPA Region 8	Dear FOIA Officer, I am submitting this formal Freedom of Information Act (FOIA) request under 5 U.S.C. § 552. I am seeking records related to the departure of Katherin Hall, EPA Region 8 attorney, from the EPA. According to the AFGE, Ms. Hall departed EPA on December 17, 2024. According to Region 8 HR, Ms. Hall left the EPA on January 17, 2025. I respectfully request the following records: Confirmation of the official departure date of Katherin Hall from EPA. This request is in reference to conflicting information I received from union representatives indicating she left on December 17, 2024, versus confirmation from EPA Region 8 Human Resources that her actual departure was January 17, 2025. Because the documents are relevant to pending EEO and MSPB matters, I respectfully request an expedited response and full disclosure. I would prefer the records in electronic format. This information is necessary as part of complaints of illegal government activity, which will be of benefit to the general public. As such, I request that all fees associated with this request be waived. If there are any applicable fees, please notify me in advance. 2025-EPA-06968	Eklund, Ken	-	On January 16, 2025, the Manager of the Air and Land Enforcement Branch, Enforcement and Compliance Assurance Division, Region 10 EPA, sent the Environmental Manager of Coffin Butte Landfill a CAA Section 114 Information Request for documents relating to the landfill's operations. The Section 114 IR was also served on January 21, 2025, to Republic Services, who own and operate Coffin Butte Landfill, by its registered agent, CT Corporation. I'm looking for Republic Services' (or Valley Landfill's) further communications with the EPA concerning Coffin Butte Landfill, and responses to these responses etc.; especially, if EPA has been provided any of the information it requested, I would like that information. Type of records: Emails and other electronic communications, with their attachments or files; electronic versions of any paper documents. Timeframe of records (when the records were created): From 5/13/2025 to the current day. Specific subject matter, country, person and/or organization: The records I am requesting have to do with the action or actions United States Environmental Protection Agency is pursuing with Republic Services, Inc. in regards to Coffin Butte Landfill, which Republic Services owns and operates, of which the CAA Section 114 Information Request is the example I know. Offices or consulates originating or receiving the records: EPA Region 10 Offices. Sara Conley, Air Enforcement Officer, may be a point of contact, as may Morgan Jencius, Manager of the Air and Land Enforcement Branch.? Particular event, policy or circumstance that led to the creation of the records (reason why you believe the records exist): On January 16, 2025, Morgan Jencius, Manager of the Air and Land Enforcement Branch, Enforcement and Compliance Assurance Division, Region 10 EPA, sent to Ian Macnab, Environmental Manager of Coffin Butte Landfill, a CAA Information Request for documents relating to the landfill's operations. This Section 114 IR was served on January 21, 2025, to Republic Services, who own and operate Coffin Butte Landfill, by its registered agent, CT Corporation. A previous FOIA request of mine produced communications from Paul Koster at Republic Services asking for an extension to on or about May 18, 2025, which was granted by Sara Conley at EPA Region 10; another previous FOIA request of mine, currently outstanding, seeks information from May 13 through May 29; this FOIA request extends that timeline through today, June 22. ? How should the records be delivered? Electronically, to my email: futureeverything@writerguy.com Thank you for your kind attention to this matter. 2025-EPA-06936	Barnicoat, Dana	EPA Region 8	Dear FOIA Officer, I am submitting this formal Freedom of Information Act (FOIA) request under 5 U.S.C. § 552. I respectfully request the following records: Emails and internal or external messages/correspondence/communication to or from Katherin Hall, Katherine Jenkins, Taylor Gillespie, Josh Fowler, Mark Smith, the Region 8 offices of Human Resources, Regional Counsel, Security, and/or senior leadership from November 1, 2024, through June 16, 2025, sent to or received from the AFGE that: Discuss my being placed on Administrative Leave. Because the documents are relevant to pending EEO and MSPB matters, I respectfully request an expedited response and full disclosure. I would prefer the records in electronic format. This information is necessary as part of complaints of illegal government activity, which will be of benefit to the general public. As such, I request that all fees associated with this request be waived. If there are any applicable fees, please notify me in advance. Sincerely, Dana Barnicoat (Date Range for Record Search: From 11/01/2024 To 06/16/2025)	06/23/2025
2025-EPA-06937	Barnicoat, Dana	EPA Region 8	Dear FOIA Officer, I am submitting this formal Freedom of Information Act (FOIA) request under 5 U.S.C. § 552. I am seeking records related to an email I sent on December 18, 2024, to Katherine Jenkins and which I copied to Erik Nylund and Jeff Washburn; an investigation that, according to sworn affidavit testimony, was initiated in December 2024 by EPA attorney Katherin Hall and escalated to the EPA's Information Security Branch as a potential insider threat review, EPA's denials of my requests for sick leave and leave without pay, my request for reasonable accommodations, EPA's denial of my 2024 my mid-year review, my 2024 PARS, my PIP, among other things. The investigation, mentioned above, was allegedly launched after I sent an email, referenced above, and was cited as part of the justification for revoking my computer access and placing me on administrative leave from January 6 to 8, 2025. Per the testimony of Ms. Katherine Jenkins, in May 2025, Ms. Hall coordinated this investigation with Human Resources and the Office of Regional Counsel. I respectfully request the following records: Emails and internal messages/correspondence between Katherin Hall, Katherine Jenkins, Taylor Gillespie, Josh Fowler, Mark Smith, the Region 8 offices of Human Resources, Regional Counsel, Security, and/or senior leadership from November 1, 2024, through June 16, 2025, that reference Senator Jon Tester and/or Erik Nylund. Because the documents are relevant to pending EEO and MSPB matters, I respectfully request an expedited response and full disclosure. I would prefer the records in electronic format. This information is necessary as part of complaints of illegal government activity, which will be of benefit to the general public. As such, I request that all fees associated with this request be waived. If there are any applicable fees, please notify me in advance. Sincerely, Dana Barnicoat (Date Range for Record Search: From 12/18/2024 To 06/20/2025)	06/23/2025

2025-EPA-06971	Driver, Erin	-	Our research team—a collaboration between Arizona State University (ASU), Northern Arizona University (NAU), and the University of Arizona (UA), in partnership with Arizona Department of Environmental Quality (ADEQ) and US Department of Agriculture (USDA)—is investigating legacy exposures to per- and-polyfluoroalkyl substances (PFAS) contaminants from biosolids applications. PFAS are a group of synthetic chemicals widely used in industrial and consumer products for their water- and grease-resistant properties. Because they do not break down easily in the environment, PFAS have been termed	06/24/2025

			"forever chemicals." They are known to accumulate in soil, water, and biological systems, and growing evidence links them to a range of adverse health outcomes, including cancer, immune suppression, and developmental issues. Biosolids, which can retain PFAS residues from wastewater treatment processes, have been historically applied to land as fertilizers or soil amendments, raising concerns about long-term environmental and human exposures. We are requesting access to the non-public metadata for biosolids samples collected under the EPA's National Sewage Sludge Survey (NSSS) (2001) and the Targeted National Sewage Sludge Survey (TNSSS) (2006–2007). We are not requesting confidential business information, only identifiers to enable spatial analysis of publicly funded infrastructure. Currently, there is no way to link the Wastewater Treatment Plant (WWTP) IDs to the specific Sample IDs. This would give us a special and temporal understanding of historical PFAS concentrations across the US. Specifically, we request: ? NSSS 2001- Link between the Facility Name and the EPA Sample Number shown in the 2001 National Sewage Sludge Survey Report (EPA-822-R-07-006) ? TNSSS 2006-07 - Link between the Facility Name shown in the Targeted National Sewage Sludge Survey Sampling and Analysis Technical Report (EPA-822-R-08-016) to the Plant ID shown in Appendix A: List of Facilities in the TNSSS and Sample Measurements by Analyte associated with the Targeted National Sewage Sludge Survey Statistical Analysis Report (EPA-822-R-08-018) We will not disclose this information publicly as it is for internal project use, and any trend information released will be in aggregated form. 2025-EPA-07072	Zolper, Bobby	-	Hello, In the General Applicability Non-Availability Waiver Build America, Buy America Product Waiver: AMI Water Meters issued by the EPA on December 20th, 2024, pages 3 and 4 references the EPA "conduct[ing] market research to assess the availability of domestically manufactured AMI water meters". Additionally, the waiver states that " Based on historical data, the EPA anticipates that at least 10 percent of all EPA funded water infrastructure projects will purchase and install AMI water meters." In response to this request, I would like to receive : 1) copies of "manufacturer responses" to the EPA's "market research inquiries" mentioned on page 4 of the waiver. I understand there was an RFI issued in November of 2023 on the same topic, but given the waiver references a market research period "from 2022 through 2024" I am assuming there was research conducted outside of that RFI effort. 2) If they exist, I would like to receive EPA generated summaries/ presentations of the "cumulative research" that was conducted to support the waiver that was issued. Granted I have no idea how the EPA operates internally, i am assuming the EPA would have created a detailed "summary presentation" of everything learned during the research process, which would have been created and presented internally prior to the waiver being issued. This is what i would like to receive, if one or multiple exist. 3) Finally, I would like to receive the "historical data" that supports the statement "the EPA anticipates that at least 10 percent of all EPA funded water infrastructure projects will purchase and install AMI water meters" I've attached the waiver for reference. Please let me know if there is any way I can modify this request to make it easier for the EPA to respond to. I am assuming there is an electronic folder maintained by the EPA that contains the research supporting the waiver which could then be sent electronically via zip. I don't want to create an unnecessary burden on the department or have this require a lot of man/woman hours to respond to, so I am happy to modify this request. Thank you, Bobby (Date Range for Record Search: From 01/01/2022 To 12/30/2024)	06/26/2025

2025-EPA-07081	Hamilton, christy	Hamilton manufacturing	I am looking for another sewage spill from ID0021270 that happened 2015 in the month of April. I am showing during the week of April 9 2015. I have been working with DEQ trying to find some information on an open sewer pond the City of Twin Falls Permit Number is ID0021270 had on our property for years. We know from at least 1992-2005. DEQ has informed us this is before their records and suggested we contact region 10 EPA. I have included DEQ map and the area I am referring to is East of Russet st, North of South Park Ave W, West of the singing bridge (Shoshone st that turns into Washington st S) and South of Rock Creek. The businesses that border the property we are asking on is Lamb Weston, Soranco Bean (now Farmers Bean and Seed), La Casita restaurant, Stinker Station, and Cheverria's restaurant-store. I have tried to look at the public request and I am not sure how to enter it. I also tried to look at all requests in this area and have not found anything referring to ID0021270 permit for open sewer pond for that many years.
