2025-EPA-00005	Fink, Ryan	-	Pursuant to the Freedom of Information Act (FOIA), I am requesting all FOIA request logs for the Environmental Protection Agency (EPA) from October 1st 2023 through September 30th 2024. I would like the requested logs to be in the same format as past EPA FOIA logs and contain the columns: 'Request ID', 'Requester Name', 'Organization', 'Request Description', and 'Received Date'. Thank you.	10/01/2024
2024-EPA-07107	berman, samantha	-	I would like to request the names and contact information for all occupants of EPA Region 1, 1 congress st. building and the duration of occupancy. If it is possible to get information about where they sat in the office, and information from health surveys that were sent out in 1997 as well that would be great. I need the information from 1990 (when the building was first occupied by USEPA employees until early 2000s, when the building was no longer occupied by USEPA employees). Clarification on 9/11/24: Firstly, a list of names without contact information would be very helpful! If there are epa email addresses for those still working, which could be provided that would be great as well. Re the Health Surveys, I am looking for the surveys that were referenced in the report attached or any further summary statistics about the information collected in these studies (particularly the 1998 one). See attachments also. (Date Range for Record Search: From 1/1/1990 To 2/1/2002)	10/01/2024

2024-EPA-07761	B., Christina	Orange Elementary School	I work at Orange Elementary School in Orange, Virginia. Many people have mentioned to me that there is/was a mold/moisture issue within the school. I asked the nurse about this is December of 2023, and she stated that the principal at the time stated, "I spoke with Sherri, she said that with the new HVAC system, moisture is not an issue any longer. If asbestos is exposed during a project then it is abated per law." Then I spoke to the custodians and they stated, " M expressed he turned it into his "big" boss. He also stated there was a mold specialist in the building previously. I made a work ticket on 2/22/24 around 8:55 a.m. stating, "The students in my classroom are always sick. I am wondering if there is mold within the system. If anything, maybe the filter can be checked/changed." Response, " in fact, until last summer there was no humidity control in most of the OES main building, including your classroom. (Mold only grows if the humidity is around 70%+ and/or or if surfaces are wet; our standard in all buildings with humidity control capability, is 60% or below.) Asbestos (or lack thereof) is irrelevant to these concerns, as inhaling or absorbing loose asbestos fibers causes different, longer term consequences. But with that said, rest assured that any asbestos materials originally present in your classroom, including the original floor tile and HVAC system, have long since been removed." I spoke to one of the instructional assistants and they stated, "kindergarten apparently has mold the worst." In addition, there was parent who complained and wanted a test done as in kindergarten who student was very sick. There was an air quality test done, which I am happy to share as well. 2025-EPA-00078	Edmondson, Jack	-	I would like information pertaining to the number of ENERGY STAR certified homes beginning Jan 1 2023 to August 31 2024: specifically, I would like to know which EPA-approved certification organizations approve what number of the ENERGY STAR homes (for example, RESNET, BSI). This would only be for single family homes, not multi family or other buildings. What I would like is a simple count over this period of how many single family homes were accredited for ENERGY STAR by a rater under the RESNET umbrella compared to the BSI umbrella. IF possible, a state by state breakdown would be helpful. However, if that would add significantly to the cost or time, it is not necessary. A simple email with the information would suffice. A .csv file with state level info would be appreciated if possible. (Date Range for Record Search: From 01/01/2023 To 08/31/2024)	10/03/2024

2025-EPA-00337	Fox, Kelly	An individual, a private citizen	I am requesting information regarding the Agency's application of the Foreseeable Harm Standard and the frequency of disclosures of exempt information. Specifically, I am seeking the following records: 1. Statistics on FOIA Requests (June 2016 to the present) a) The total number of FOIA requests processed by the Agency b) year by year totals of number FOIA requests processed that year by the Agency.	10/07/2024
2025-EPA-00338	Fox, Kelly	An individual, a private citizen	I am requesting additional information regarding the Agency's application of the Foreseeable Harm Standard. This is a follow-up to my earlier Oct 7 request labeled "Request 24_FOX_EPA_01. Part 1. Training and Guidance for Staff: Any training materials, internal memoranda, or guidance documents provided to the Agency's FOIA professionals regarding the application of the Foreseeable Harm Standard (the FHS). Specifically, copies of any presentations, manuals, or training sessions held between June 2016 and the present that outline how FOIA staff are instructed to implement this standard when processing FOIA requests, particularly for exemptions 5 and 6. Part 2. Appeals and Litigation Outcomes: Furthermore, information on any FOIA appeals or legal challenges the Agency has faced related to the application of the FHS. Please provide records or summaries of cases where the Agency's decision to withhold information under exemptions 5 or 6 was appealed or litigated, and indicate the outcome of these challenges, including whether the information was ultimately disclosed or withheld. These records should cover the period from June 2016 to the present Part 3. Additional Appeals and Litigation Outcomes: Furthermore, records related to the Office of Government Information Services' involvement in mediations or interventions where individual FOIA requesters were dissatisfied with the Agency's handling of FOIA requests involving the application of the Foreseeable Harm Standard. Specifically, please provide copies of: 1. The initial request for OGIS mediation, 2. The Agency's response to the mediation request, and 3. The final resolution or outcome of the dispute, if applicable. These records should cover the period from June 2016 to the present. If any cases did not result in a formal resolution, please indicate that as well. Part 4. Timeframe for Decisions: Information on the timeframe for processing FOIA requests involving responsive records involving exemptions 5 and 6 and the Foreseeable Harm Standard (forthwith 'FHS'). Please provide any available data or reports indicating the average processing time for such requests from the initial receipt to final determination, for the period from June 2016 to the present. If available, include breakdowns by year to assess whether processing times have changed over time. This request relates to an instance with the FRTIB. In July 2016, after enactment of the FOIA Improvement Act of 2016, the agency generated a response to my 16 TIB 32 within 3 months. Commendably, in a fairly timely fashion. But not processed in accordance with the FHS . It generated 400 interagency emails in which over 50 emails (over 10% of all the emails) were useless, entirely redacted. But, seven years later in 2023, the agency reluctantly re-processed those same 50 emails. And there was Good News, and Bad News. Good News: correctly processed: little to no redaction. Bad News: took them seven months! Part 5. Stakeholder Feedback or Public Complaints: Lastly, any records, reports, or communications documenting feedback or complaints received from the public, media, or other stakeholders regarding the Agency's application of the FHS. This includes any formal or informal feedback related to the transparency, clarity, or perceived misuse of exemptions 5 and 6, and whether any such complaints prompted internal reviews or changes in procedure.	10/07/2024

2025-EPA-00382	Bogardus, Kevin	E&E News	I request the succession plan that EPA has prepared for a transition to a new administration. This succession plan is described in the following excerpt of the Office of Management and Budget memo, titled "Guidance on Presidential Transition Preparations" and dated Sept. 6, 2024: "3. Succession Planning. Agency heads are statutorily required to ensure that a succession plan is in place for each senior noncareer position in the agency. Agencies shall ensure that such succession plans are in place no later than September 13, 2024. Under the Act, agencies' succession plans must be in accordance with subchapter III of chapter 33 of title 5, U.S.C., which includes the Federal Vacancies Reform Act. As such, no later than September 13, 2024, agencies shall submit (1) a certification of completion of a succession plan for all senior noncareer positions; and (2) any other relevant materials. The FTC will provide separate instructions to agencies as to how and where to submit the required information for succession planning." 2025-EPA-00455	Granston, Andrew	-	Re: Samples of the Starship water deluge system. I request from the EPA the following information under the FOIA: Results of tests of samples of soil, air, and water taken after every use of the deluge system at the Starship launch pad in Boca Chica. These tests were carried out by an unspecified laboratory hired by SpaceX. To be clear, I am not requesting SpaceX internal documents. However, I am requesting the results as they were reported to NASA. I also request summaries or tables of the data that have been prepared by the EPA and/or other Federal agencies. - The basis for the Request is a SpaceX post on X on Aug 12, 2024, that states SpaceX "sends samples of the soil, air, and water around the pad to an independent, accredited laboratory after every use of the deluge system, which have consistently shown negligible traces of any contaminants." - At least some of these test results must have been reported to the EPA and/or other Federal agencies under the Clean Water Act (CWA). My Request is for copies of these test results. Please note that the scientific name for testing fresh water is "limnology." Accordingly, please include the words "Limnology" and "Limnological" in your searches. (Date Range for Record Search: From 07/01/2023 To 10/01/2024)	10/15/2024

2024-EPA-07699	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents sufficient to to account for all documents or finalized reports submitted to the U.S. Government Accountability Office ('GAO') mentioning 'Antideficiency Act' or 'Antideficiency Act Report'. Search Instructions: Please limit all searches in response to this Request from January 1, 2021, to the present. Please include the full email chain and attachments relevant to any responsive documents to provide further context. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject.The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines,	10/17/2024

			newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's policies and procedures on the national stage relevant to domestic policy issues.

2025-EPA-00688	Chelmowski, James	-	This is a first-party FOIA and Privacy Act request for EPA's emails related to the following Declaration statements by EPA attorney Timothy Epp regarding the EPA's FOIA search for my April 26, 2018 first-party FOIA and Privacy Act request EPA-HQ-2018-007088. 1) On December 4, 2018, EPA submitted a request to EPA eDiscovery Services to conduct a centralized search of all Microsoft Outlook records for the time period, January 1, 2014 to December 4, 2018, applying the search terms, "Chelmowski" or "Chelmowsky." 2) EPA eDiscovery Services completed both searches on December 18, 2018 and located a total of 4,260 potentially responsive emails and attachments. After de-duping electronically, EPA staff ultimately reviewed a total of approximately 3,300 records not identified as duplicates. This FOIA response records could maybe be just two (2) emails for my October 16, 2024 request. 1) The December 4, 2018 email requesting this search with all the names of _____ as EPA attorney Timothy Epp's Declaration stated under the penalty of perjury. 2) The December 18, 2018 email with the results of the search that yielded total of 4,260 results as EPA attorney stated under the penalty of perjury. The EPA waived any right to withholding any of the facts of the details of this search and results because of EPA attorney Timothy Epp's 2020 and 2021 Declarations which are attached to this October 16, 2024 request. See the following Honorable Judge Randolph Moss's ruling proving the EPA waived any right to withhold for this March 26, 2024 request. "[T]he declarations submitted in the prior litigation revealed significant details about the searches and that the [Agency] FBI has waived any right to object to the disclosure of that information, and given the potential value to Plaintiffs and the public of an ability to look behind the types of agency declarations that typically dominate FOIA litigation, the Court will require the FBI to file copies of the search slips" Shapiro v. U.S. Dep't of Justice, 239 F. Supp. 3d 100, 127 (D.D.C. 2017) FACTS EPA attorney Timothy Epp's June 11, 2021 Declaration identified the custodian names for the December 4, 2018 search under the penalty of perjury relied on by multiple Courts. See the following specific names of the custodians of the 42 emails accounts searched on December 4, 2018. EPA attorney Timothy Epp's 2020 and 2021 Declaration (without exhibits) is attached with this FOIA request for the EPA and any other interested parties. EPA Attorney Timothy Epp described this search in his Declarations which he executed under the penalty of perjury and relied on by Courts. These responsive communications should be very easily produced from EPA attorney Timothy Epp since he already located these documents and used the facts in these documents in his Declaration that was relied on See attached file for full request	10/18/2024

2025-EPA-00731	Reiter, Mike	Cross Reiter, Inc.	I would like to request all construction drawings (e.g., plans, bid documents), technical specifications, and design reports/memorandums (i.e., geotechnical engineering reports, basis of design reports, hydraulic/hydrologic reports) related to the design and construction of the Kahnderosa Bank Remediation Pilot Project in Cataldo, Idaho. This was a pilot streambank stabilization project at a private campground on the Coeur d'Alene River in Cataldo, Idaho (Kootenai County) completed as part of the Bunker Hill Metallurgical Complex Superfund Cleanup. The engineer of record (the designer) was CH2M Hill, and the project was led by the EPA. The EPA project manager was Ed Moreen. The project was completed around summer/fall of 2014. I am most interested in the construction drawings and the geotechnical, hydraulic, and hydrologic basis of design. Especially hydraulic modeling results, geotechnical slope stability results, and other technical elements that were probably compiled in some kind of basis of design report or a series of technical memorandums. These should be readily available PDF files that can be delivered digitally (I have seen them in the course of my prior employment). 2025-EPA-00755	Kouvakas, Ioannis	-	To Whom It May Concern: I am carrying out research with regard to the Supreme Court case of Dow Chemical Company v. United States, 476 U.S. 227 (1986) and the following incidents: In late 1977 and early 1978, officials of the Environmental Protection Agency (EPA) were gathering information concerning emissions from the Dow Chemical Company plants in Midland, Michigan, with the intention of bringing an enforcement action under the Clean Air Act, 42 U.S.C. 7401 et seq. EPA officials made an on-site inspection of the power plants in September 1977, but the company refused to accede to a subsequent request for a second inspection. Thereafter, EPA enforcement officials decided to obtain aerial photographs of the Midland power plants in order to attempt to visualize the emissions from the stacks, to see the layout of the facilities, and to look at the effects of emissions on surrounding vegetation. They contacted EPA's Environmental Monitoring and Surveillance Laboratory (EMSL) in Las Vegas, Nevada, and ordered the photographs. EMSL, in turn, contracted with Abrams Aerial Survey Corporation (Abrams), a local aerial photography business, to take photographs of the Dow plant. On February 7, 1978, an Abrams employee flew over the company's facility and took photographs. These photographs were taken when the airplane was flying at altitudes of 12,000, 3,000 and 1,200 feet. The camera used was a Wild RC-10 aerial mapping camera with a six-inch lens and a focal length of 150 millimeters. The photographs taken at 1,200 feet show the plant at a scale of 1 inch to 200 feet. Abrams sent the undeveloped film to EMSL by courier service. There, EPA technicians developed the film and made several prints and enlargements of the power plants. The most detailed of the enlargements was a 2x enlargement of one of the photographs taken at the lowest altitude, resulting in a scale of 100 feet to the inch. The film and enlargements were then sent to EPA's Region V enforcement office in Chicago, Illinois. I would like to request a copy of the aerial photographs mentioned above as well as any other audiovisual material pertaining to the aforementioned case. I would like to receive the requested records electronically. (Date Range for Record Search: From 02/01/1978 To 12/31/1978)	10/23/2024

2025-EPA-00788	N/A, Sai	-	Dear Environmental Protection Agency, On behalf of myself and Fiat Fiendum, I hereby request the following records: 1. The one email in your chief FOIA officer's email inbox or equivalent which was received nearest and before October 19, 2024, midnight Eastern time, regardless of subject matter. 2. The one email in your chief FOIA officer's email spam folder or equivalent which was received nearest and before October 19, 2024, midnight Eastern time, regardless of subject matter. 3. The one email in your chief FOIA officer's sent email folder or equivalent which was sent nearest and before October 19, 2024, midnight Eastern time, regardless of subject matter. 4. The total full-time equivalent count of people who work for your FOIA office as of October 19, 2024. This request is expressly limited to Environmental Protection Agency's own FOIA office. Please do not refer it to any other agency or division. This request is expressly not a Privacy Act request, and no PA waiver will be provided. Please provide the email records in EML, Maildir, MBOX, MIX, MSG, or PST format only — not PDF, Word, image, etc — including all metadata (e.g. full email headers as received/sent) and attachments, without alteration other than narrowly tailored electronic redaction of specifically claimed exemptions that do not affect any part of non exempt information (and, in particular, without rasterization). Please provide the fourth record as a statement in your response letter, or at your option, as the most readily available record, in original electronic format as currently stored on your computer systems, which includes that information. Please provide all records either as individual files, or as an unencrypted ZIP file, uploaded to MuckRock. Do not apply any encryption, DRM, or other restriction. I request fee waiver, because * Fiat Fiendum is a 501(c)(3) non-profit; * this request is for public interest, non-commercial purposes; * these records would give a snapshot of insight into the everyday processes of FOIA offices; and * these records are being requested in order to conduct a government-wide audit of agencies' FOIA compliance. In the event that you deny fee waiver, please process this request as-is, because I will not agree to any fees. Please be sure to provide: * 5 USC 552(a)(6)(A)(i)(II) FOIA Public Liaison information * 5 USC 552(a)(6)(A)(i)(III)(aa) appeal information * 5 USC 552(a)(6)(A)(i)(III)(bb) OGIS information * 5 USC 552(a)(7)(A) tracking number * 5 USC 552(a)(7)(B)(ii) completion ETA Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Sai President, Fiat Fiendum, Inc. P.S. Sai is my full legal name. 2025-EPA-00930	Zhang, Jinxuan	-	Enforcement data request via FOIA I am a PhD student engaged in research focusing on the regulatory impacts of public water system, including Community Water Systems and Non-community Water Systems, disclosures on water quality. My research aims to evaluate how transparency and regulatory enforcement influence compliance and improve overall water safety. I am aware that the US EPA, along with state agencies, employs various enforcement actions, such as issuing administrative orders, taking legal actions, and imposing fines on non-compliant water utilities. To deepen my understanding and strengthen my research findings, I am interested in obtaining detailed information about these enforcement measures. Could you provide specific details or direct me to datasets containing information on: 1. A complete dataset including the number, nature, and specifics of all administrative orders, legal actions, fines issued (since the EPA began keeping records), and whether the punished systems are community or non-community. 2. Examples of significant enforcement actions taken against water systems failed to meet safety standards in recent years. 3. The criteria used by the EPA and state agencies to determine the type of enforcement action. Any guidance on accessing this information would be immensely helpful. Thanks!	11/01/2024

2025-EPA-00958	Elhaddad, Steffany	Spagnoletti Law Firm	Dear Sir / Madam: Pursuant to the Freedom of Information Act, we hereby request the following be provided to us as soon as possible: Reports, photos, records, statements (digital and/or transcribed), and any other documents related to the Environmental Protection Agency's investigation of the incident that occurred on December 4, 2023, while located next to the Altivia Chemical Plant, located at 1901 W. H. St., La Porte, Harris County, Texas Our clients, Arunas Mikalauskas, Jose Manriquez, Hector Balanzar, Cesar Flores, Angela Gonzalez, Austin Goto and Bryant Goto—were working at a facility adjacent to the Altivia Chemical Plant, located at 1901 W. H. St., La Porte, Harris County, Texas. On the day of the incident, around 10:30 a.m., the pressure relief valve at the Altivia plant ruptured, leading to a significant release of phosgene gas. This gas cloud drifted to the neighboring property to the south, where our clients were working outdoors. While they were outside, our clients began to notice an unusual, heavy smell and experienced a strange taste in their mouths. Sensing that something was wrong, they entered an office and were informed that emergency authorities were on their way to assess the situation. As a result of their exposure to phosgene, our clients were subsequently transported to the hospital for treatment. This incident occurred while our clients Arunas Mikalauskas, Jose Manriquez, Hector Balanzar, Cesar Flores, Angela Gonzalez, Austin Goto and Bryant Goto—were worked for Cargoloop LLC at 1920 W. Fairmont Pkwy La Porte, Texas 77571. Of course, should there be any fees or costs incurred in providing this information/documentation, we will promptly process payment. Thank you for your attention to this request.	11/04/2024

2025-EPA-00979	Bogardus, Kevin	E&E News	I request the agency briefing materials that EPA has prepared for a transition to a new administration. These agency briefing materials are described in the following excerpt of the Office of Management and Budget memo, titled "Guidance on Presidential Transition Preparations" and dated Sept. 6, 2024: "4. Agency Briefing Materials. Agencies are statutorily required to prepare briefing materials no later than November 1, 2024. As such, agencies should certify that they have done so on or before November 1, 2024. The Federal Transition Coordinator will provide separate instructions to agencies as to how and where to submit the agency briefing material certification. Given the different needs of potential agency review teams and incoming administration officials, post-election, agencies may be requested to prepare tailored briefing materials as appropriate. While agencies have discretion as to the format and information included in the briefing materials, they should be prepared with the needs of the intended audiences in mind, and agencies should make electronic versions available." Please click on the following link for more detail on this memo (https://www.whitehouse.gov/wp-content/uploads/2024/09/M-24-17_2024-Memo-Guidance-on-Presidential-Transition-Planning.pdf).	11/05/2024

2025-EPA-00989	Kramer, Ryan	Atlantic Shores Environmental Services, Ltd.	Hello, I am conducting an environmental site assessment on 2510 Lynhaven Avenue, Richmond, Virginia. A developer is interested in purchasing the property to construct a multifamily, low-income housing apartment complex on the property. During the assessment, we discovered that a Brownfield site on our property and determined this to be a Recognized Environmental Assessment (REC). However, the developer is still interested in figuring out the current status of the brownfield site, any funding opportunities, and if it is still possible to safely move forward with the development plans. Do you have any information to help with this? The site information is summarized below, and I've attached files for your review. According to Anthony Geiger, Life Scientist, Brownfields & Redevelopment Section; US Environmental Protection Agency Region 3, there was a Phase II report completed in 2009 but he couldn't get a hold of it. The site is summarized below. 2025-EPA-01052	Leopold, Jason	Investigative Reporter	This is a request for records under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 and the Privacy Act, 5 U.S.C. § 552a. This request should be considered under both statutes to maximize the release of records. This request seeks expedited processing. REQUESTER INFORMATION Name: Jason Leopold Position: Senior Investigative Reporter, Bloomberg News Address: (b) (6) Email: (b) (6) RECORDS SOUGHT I request disclosure from the EPA the following records: 1. Copies of all EPA transition briefing and transition materials being prepared by EPA personnel for President-Elect Donald Trump and Vice President-Elect JD Vance and their administration. Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552(a)(8)): (A) An agency shall— (i) withhold information under this section only if— (I) the agency reasonably foresees that disclosure would	11/06/2024

			harm an interest protected by an exemption described in subsection (b); or (II) disclosure is prohibited by law; and (ii) (I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and (II) take reasonable steps necessary to segregate and release nonexempt information. . . . EPA should not fail to meet the requirements of Section 552(a)(8) when processing my request and release responsive records to me in full or at least in part. INSTRUCTIONS REGARDING SCOPE AND BREADTH OF REQUESTS Please interpret the scope of this request broadly. The EPA is instructed to interpret the scope of this request in the most liberal manner possible short of an interpretation that would lead to a conclusion that the request does not reasonably describe the records sought. FORMAT I request that any releases stemming from this request be provided to me in digital format (soft-copy) on a compact disk or other like media.

2025-EPA-01034	Vaculik, Ainsley	Ontario Securities Commission	Nuturrell Corporation ("Nuturrell") appears to have created a proprietary surface shield technology ("Surface Shield"), which it stated could be used as a COVID-19 disinfectant. Nuturrell purports to be EPA Company #97456 and represents it holds EPA registration to distribute and sell this Surface Shield product. See: https://nuturrell.com/nuturrell/index.html and https://nuturrell.com/guide.pdf . EPA public databases (i.e., PPIS website, NPIRS website, EPA website), do not identify a registration or certification for Surface Shield or any other Nuturrell products. This forms the basis for our request to the EPA regarding this product's registration history and status. Please provide the EPA's entire file re Nuturrell products, including but not limited to: 1. The full submission and/or application package relating to Nuturrell and the Surface Shield; 2. The EPA's technical screen failure letter; 3. Nuturrell's response and withdrawal request; 4. EPA's notice of withdrawal; and 5. Any other communications between Nuturrell or any of its representatives, and the EPA. (Date Range for Record Search: From 01/01/2020 To 01/01/2022)	11/06/2024

2025-EPA-01113	Barber, Chris	-	This is a follow-up request for 2025-EPA-00896. I would like to obtain copies of all Brownfield applications (Assessment, Cleanup, Multipurpose, & RLF) for fiscal years 2021 through 2024 in Region 4. However, I only need applications from Tennessee, but if it is easier for your office to simply pull all R4 applications, I can filter them myself. The purpose of this request is to augment a brownfields inventory project I am working on with a regional council in Middle Tennessee. I intend to geocode the "target area" then create a GIS web application. Thank you. (Date Range for Record Search: From 09/30/2020 To 09/30/2023)	11/12/2024

2025-EPA-01092	Turse, Nick	Type Media Center	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request copy of the primary briefing materials prepared in part or whole for purposes of the Presidential Transition Process, specifically any presentations created for, or delivered to, members of the Presidential Transition Team for the new administration I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Regards, Nick	11/13/2024

2025-EPA-01140	Turse, Nick	Type Media Center	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request a copy of plans, memos, reports, briefings or "exit ethics" briefings created for the purpose of transferring institutional knowledge and offboarding personnel in the presidential transition. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Regards, Nick	11/15/2024

2025-EPA-01159	Fehr, Ben	WSB	WSB is performing a Phase I ESA for a proposed solar garden located within the Southeast Rockford Ground Water Contamination Superfund Site in Rockford, IL. Specifically, the proposed solar garden is located near Source Area 7 of the Superfund site (see attached figures). I'm requesting information related to potential recognized environmental conditions (RECs) for the proposed solar garden. Note, WSB previously submitted a FOIA request for the solar garden on 8/30/23 which was assigned identification EPA-2023-006333. Therefore, the files for EPA-2023-006333 were provided to WSB in September 2023. Therefore, this request is for new files EPA has available since the previous WSB request (EPA-2023-006333). Hopefully, the file list is short since I'm only requested the new information since 8/30/23. Thanks! (Date Range for Record Search: From 09/01/2023 To 11/14/2024)	11/15/2024

2025-EPA-01229	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the month of October 2024: I hereby request copies of all documents that were produced by your agency in response to FOIA litigation ("productions"). This request includes, but is not limited to: all records, communications, and materials produced (interim or final productions, and subsequently released as a result of FOIA lawsuits. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to", "referring", "relating", or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the full calendar month of October, 2024, starting from 00:00 on 1 October, 2024 to 11:59 PM on October 31, 2024. Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.	11/18/2024

All communications sent (not received) via email, SMS, Microsoft Teams, or Slack mentioning 'policy draft', 'updated policy', 'investigation', 'Bidenomics', 'Inflation Reduction Act', 'trends', 'Palestine', 'Hawaii', or 'investigation'. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to", "referring", "relating", or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the full calendar month of October, 2024, starting from 00:00 on 1 October, 2024 to 11:59 PM on October 31, 2024. Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.

2025-EPA-01235	Jones, Miguel	-	EPA employees and management officials worked very hard to establish the "American Indian Advisory Council" in 1994. At the AIAC's request, EPA's Office of Civil Rights officially changed the employee group name to the "American Indian and Alaska Native Advisory Council" sometime between 2001-2005. Some EPA employees continued to meet as the AIAC, even though OCR records indicate the official group name was changed to the AI/AN Council and OCR management officials repeatedly informed employees that the old AIAC group and Charter were no longer recognized. REQUEST (1) Emails and email attachments between OCR's American Indian and Alaska Native Special Emphasis Employment Program manager and other employees or management officials between October 1, 2010 and December 31, 2022 regarding the "American Indian Advisory Council" or "AIAC". This request does not include any emails or documents pertaining to the official "American Indian and Alaska Native Advisory Council" or "AI/AN" group unless also addressing the AIAC. (2) Emails and email attachments to or from the (1) OCR Director, (2) Assistant Director, (3) Deputy Director, or (4) Diversity, Recruitment, and Employee Services Division or Affirmative Employment Analysis and Accountability (AEAA) group manager regarding the "American Indian Advisory Council" or "AIAC" between October 1, 2010 and December 31, 2022. This request does not include any emails or documents pertaining to the official "American Indian and Alaska Native Advisory Council" or "AI/AN" group unless also addressing the AIAC. (3) Copies of any advice or policy recommendations the AIAC has provided to the Administrator or other management officials between October 1, 2010 and December 31, 2022; do not include any documents pertaining to the official "American Indian and Alaska Native Advisory Council" or "AI/AN" group. 2025-EPA-01371	Petrosky, Matthew	Trinity Consultants	Can you please provide the following records for the Red Leaf Resources Seep Ridge facility in Utah? We are aware that there was some sort of pilot operation that retorted shale and that there was an EPA Region 8 RCRA inspection on their waste management sometime in the 2010s. Can you please provide the results of this inspection? In addition, can you please provide the records for any equipment that was registered/permitted for air quality? The equipment registration would likely have been around 2009. Lastly, can you provide any records documenting the state of the existing facility? It seems that there are some still some storage piles and tanks there. Are these all left over from prior operations? The purpose of this request is to clarify two previous requests - #2025-EPA-01259 and 2025-EPA-01312. (Date Range for Record Search: From 01/01/2005 To 12/31/2024)	11/25/2024

2025-EPA-01337	McCall, Joanna	COGENCY GLOBAL INC.	COGENCY GLOBAL INC. hereby requests records pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the 40 C.F.R. part 2 regulations promulgated by the Environmental Protection Agency ("EPA"). Specifically, we request copies of any and all potentially responsible party letters, general notice letters, and special notice letters issued on or after January 1, 2020, regarding or relating to the Bonita Peak Mining District Superfund site. If you determine that any record subject to this request will not be disclosed because it meets any of the criteria in the FOIA for nondisclosure, please specifically identify such documents in accordance with Vaughn v. Rosen, 484 F.2d 820, 826-28 (D.C. Cir. 1973). We request that EPA provide responsive records as soon as they can be identified and produced on a rolling basis. Please provide a copy of responsive records, preferably via email or secure file transfer protocol ("FTP"). If such records cannot be provided by email or FTP, please produce them via a physical media (such as a flash drive or hard drive) to Joanna McCall's attention at Cogency Global, 1025 Connecticut Ave., N.W., Suite 712, Washington, DC 20036. We do not wish to inspect such records before receiving copies of them. We agree to pay for the actual search, duplication, and review costs (if any) in connection with this request, up to the amount of \$500; if you anticipate that the total costs will exceed this amount, please contact me before proceeding and provide an estimate of the total costs.	11/26/2024

2025-EPA-01331	NIEVES, LEE	Mays Chemical Company of PR Inc dba Mays Ochoa	This letter seeks information relating to a "for cause" inspection conducted by the United States Environmental Protection Agency, Region II ("Region II"), of the facility operated by Mays Chemical Co of PR, Inc., dba Mays Ochoa ("Mays Ochoa" or "the Company") at West Gate Industrial Park, 2nd St, #515, Bo. Palmas, Cataño, Puerto Rico, on October 10, 2024. Region II issued an inspection report on November 5, 2024. According to the report, this was a for-cause Producer-Establishment Inspection (PEI) based on "two (2) tips that the Environmental Protection Agency ('EPA') received due to alleged illegal imports and distribution of misbranded and unregistered pesticides." Mays Ochoa denies these allegations. When asked, Inspector Alvarado-Rivera declined to provide further information, and suggested that Mays Ochoa submit a request for information under the Freedom of Information Act. Please consider this letter a request under the Freedom of Information Act, 5 USC 552 and EPA regulations at 40 CFR 2100, for all information in EPA's possession related to tips alleging illegal imports and distribution of misbranded and unregistered pesticides on the part of Mays Ochoa, as described in the inspection report. We believe Inspector Alvarado Rivera and colleagues within Region II would most logically have the requested records, but, since we have no information other than that contained in the inspection report, please do not limit your response based on that belief. Please provide your response to the undersigned. Please contact the undersigned if there will be a charge for copy expenses. (Date Range for Record Search: From 10/10/2024 To 10/10/2024)	11/26/2024

2025-EPA-01693	Ferguson, Jeffrey	-	Hello, I'm requesting information about the flow rates (millions of gallons per day, MGD) and population served (#) for 41 sewer systems in Massachusetts. This information is collected by the EPA through Discharge Monitoring Report submittals. A csv containing a list of the sewer systems is attached to this request. These sewer systems are all currently part of a COVID-19 wastewater surveillance project. I'm interested in creating population- and/or flow-weighted averages of covid wastewater levels for counties and multi-county regions within the Commonwealth. To do this need the average flow rates (MGD) and population served for each sewer system. I've specified a date range below, but whatever the most recent available multi-year average (for MGD) or point estimate (for population served) for each sewer system would be fantastic. I am an individual, working as a volunteer to generate useful public health information for my community and my state. Thanks so much for your time and all your work. 2025-EPA-01724	Howard, John	Altus Well Experts	I am seeking information regarding the CCS corrosion failure of the Archer Daniels Midland observation well in Region 5. In particular I am seeking the flow stream (CO2 composition with percentage of defined impurities) and information regarding the "corrosion failure" of the CCS observation well. This includes information on the potential cement failure, corrosion of the casing, corrosion of the tubing, and cross flow or failure of any of the packers (including type and manufacture). I am an active member of the Society of Petroleum Engineering for 44 years, the Program Vice Chair for the SPE 2025 Annual Technical Congress and serve on the API SC 16 CCS ad hoc committee. We are also involved with UK and Netherlands CCS projects and teach CCS Casing and Tubing Course through the SPE in the USA and Asia and served on a SPE CCS panel in Dubai last month. It is imperative for the industry under the CCS failure so actions can made to avoid these failures on current and future wells. We have been asked to provide a discussion of this failure and how to prevent similar as part of the SPE/AAPG CCUS 2025 Conference and CCUS Short Course for the interest of the industry and public safety. 2025-EPA-01696	Bonk, William	-	I made a FOIA request to the VA (Veterans Affairs) (Aug/Sep 2024) for a memo from 2015 prepared by the VBA Policy Staff. In the memo, the VBA stated: "As part of the 1999 base closing, an Environmental Protection Agency (EPA) "Superfund" Report was mandated by law. The EPA Report did not identify any significant on-base potential environmental health risks. Evidence that the Monsanto Chemical Corporation, located in Anniston, Alabama, near Ft. McClellan, polluted some off-base ground water with polychlorinated biphenyls (PCBs) during the 1970s led to lawsuits against the company filed by the town's citizens during the late1990s, which were eventually settled. These lawsuits did not involve Fort McClellan or its military personnel. A follow up EPA Report from 2008 focused on the closed off-base chemical production facility and its surrounding landfills, and indicated that human health risks were minimal outside the closed facility property. " To the best of my knowledge and research - the EPA did not prepare a PUBLICLY available "Superfund" report specifically for Ft. McClellan, AL. However, I am requesting a copy of ANY EPA generated Superfund report or related topic based on the BRAC closing of Ft. McClellan in 1999 which specifically addressed Ft. McClellan related to Superfund and/or NPL ? Thank You. (Date Range for Record Search: From 01/01/1997 To 01/01/2001)	12/05/2024

2025-EPA-01818	Chelmowski, James	-	My Full First-Party 12/10/24 Request is attached. Provide my rights with the EPA's Agency Privacy Act Officer communications with the EPA system managers and EPA compliance with 40 CFR 16.6(a) for my three (3) 2024 Privacy Act requests which the EPA assigned control numbers PA-2024-0006, PA-2024-0011, and PA-2024-0013. The responsive records are probably only three (3) communications from the EPA Privacy Officer's compliance with second half of 40 CFR 16.6(a) which states "Within 10 working days of receipt of a request, the Agency Privacy Act Officer will send a letter to the requester acknowledging receipt of the request and promptly forward it to the manager of the system of records where the requested record is located with instructions ..." As the EPA knows, the following is 40 CFR 16.6(a) and (b) with EPA's mandatory duties (emphasis added). § 16.6 Initial decision on request for access to, or correction or amendment of, records. (a) Within 10 working days of receipt of a request, the Agency Privacy Act Officer will send a letter to the requester acknowledging receipt of the request and promptly forward it to the manager of the system of records where the requested record is located with instructions to: (1) Make a determination whether to permit access to the record, or to make the requested correction or amendment; (2) Inform the requester of that determination and, if the determination is to deny access to the record, or to not correct or amend it, the reason for that decision and the procedures for appeal. (b) If the system manager is unable to decide whether to grant a request of access to, or amendment or correction of a record within 20 working days of the Agency's receipt of the request, he or she will inform the requester reasons for the delay, and an	12/11/2024

2025-EPA-01866	Chelmowski, James	-	James Chelmowski December 11 2024 FOIA Request This request is under both the FOIA and the Privacy Act for the communications involving the FOIA consultation(s) for my August 15, 2024 request. The request is for EPA communications with the other agency(s) and internal communications on the FOIA consultation(s) that EPA’s October 1, 2024 letter confirms the EPA MUST consult with another agency to respond to my August 15, 2024 request. The EPA must provide my rights to these internal and external communications relating to the FOIA consultation with another agency confirmed by the EPA in Matthew Waits October 1, 2024 letter. Other interested parties and I need to know these facts regarding the FOIA consultation with another agency(s) was truthful or was Matthew Waits October 1, 2024 letter part of a fraudulent concealment scheme by the EPA in not providing my rights to my August 15, 2024 request after I paid the EPA \$1,760 in August 2024 for these responsive documents. Matthew Waits stated, “the need for consultation with another agency having a	12/12/2024

			substantial interest in the determination of the request.” (emphasis added) Matthew Waits also stated in his October 1, 2024 letter, “ EPA has initiated the coordination of and search for responsive records in our files. Because of the circumstances described above, it is difficult to predict with certainty how many records may be involved. Nonetheless, at this time, EPA estimates the Agency will be able to complete this request by December 6, 2024.” Interested parties and I need EPA’s transparency on my August 15, 2024 request which is now about 3 months past due and the EPA has not completed request that I paid the EPA \$1,760 in August 2024. • Did the EPA consult with another agency with my August 15, 2024 or was this part of a concealment scheme? • Was my payment to the EPA of \$1,760 only part of a concealment scheme and/or extortion because the EPA will not provide my rights in about 18 weeks and this request is now about 3 months past due? • Is the EPA planning on never providing my rights to documents because facts in the responsive will prove EPA’s corruption, fraud, malfeasance, and/or nefarious acts by the EPA? Note on October 4, 2024, EPA FOIA Public Liaison Duane Smith emailed me this October 1, 2024 letter from Matthew Waits titled “2024-EPA-06347 Unusual Circumstances and Extension of Time (1).pdf”. EPA attorney Duane Smith’s email was about 7 weeks after my August 15, 2024 filing. See Duane Smith’s October 4, 2024 as follows. ... (see the attached file for the full request with Duane Smith’s email stating EPA will complete this request by December 6, 2024) (Date Range for Record Search: From 08/15/2024 To 12/11/2024)

2025-EPA-01861	Morrison, Emily	-	This is a request under the Freedom of Information Act. I request that a copy of the following documents be provided to me related to the petition to delist the F039 hazardous waste at the Exxon Mobil Refining and Supply Company, Baytown, Refinery, Baytown, TX (reference number EPA–R06–RCRA–2012–0138) • All draft versions of the petition submitted by Exxon, including tables, figures, and attachments • The full and final petition submitted by Exxon, including tables, figures, and attachments • Any and all EPA comments related to this delisting petition The proposed rule for this petition was published in the federal register on June 19, 2012 (Volume 77, No. 118) with the ID of EPA–R06–RCRA–2012–0138; FRL–9685–6. The final delisting rule published in the federal register on September 30, 2012 (Volume 77, No. 183) identifies this waste delisting as EPA–R06–RCRA–2010–0066; SW FRL–9730–56. The reference number for this docket is EPA–R06–RCRA–2012–0138. The publicly available docket (regulations.gov) for this hazardous waste delisting rule does not contain the most up to date documentation for the Delisting Risk Assessment Software (DRAS) run (https://www.regulations.gov/docket/EPA-R06-RCRA-2012-0138/document) for this petition. As noted in the federal register final rule, “this was a mistake on the part of EPA. The delisting limits have been reevaluated in DRAS using the “surface impoundment” WMU.” The final rule also states that “the updated DRAS report is in the docket file”, however this is not correct. Attached to this letter is the DRAS run available on the public docket, and it still contains the “landfill” DRAS output, not the surface impoundment output that was the basis for the final rule. 2025-EPA-01859	Morrison, Emily	-	I request information related to the petition to delist the F039 hazardous waste at Shell Oil Company, Deer Park Facility, Houston TX. The Shell Oil Company Deer Park Facility is now listed as now listed as Deer Park Refining Limited Partnership (DPRLP). I request the (1) full and final petition submitted by Shell Oil, (2) all associated attachments and documents to the final petition submitted by Shell Oil, and (3) any and all EPA comments on the petition. The proposed rule was published in the federal register on December 28, 2004 (Volume 69, No. 248) with the ID of SW-FRL-7855-5. The final rule delisting rule published in the federal register on August 23, 2005 (Volume 70, No. 162) identifies this waste delisting as SW-FRL-7957-6. 2025-EPA-01870	Polanco, Carlos	N/A	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: According to documents released to me through a previous FOIA request, the NPDES permit for the Palo Seco Power Plant in Puerto Rico was "administratively extended" past its March 31, 2021 expiration date. The renewal application date for the permit was September 30, 2020. The current NPDES permit is not accessible through the NPDES database for Puerto Rico administered by EPA Region 2. Meanwhile, in the EPA database for NPDES permits for Puerto Rico, there are multiple NPDES permits that have seemingly gone past their expiration date without being renewed. The database can be found here: https://www.epa.gov/npdes-permits/puerto-rico-npdes-permits Therefore, I request the following records: 1) Every current NPDES permit for Puerto Rico. To aid in your search, a list of facilities can be found here: https://www.epa.gov/npdes-permits/puerto-rico-npdes-permits 2) Any document certifying which NPDES permits for Puerto Rico have been "administratively extended." Keywords: "administratively extended," "Puerto Rico," and "NPDES" This request is for all records produced between January 1, 2015 and the date this request is processed. Please send records to me on a rolling basis. Please omit any duplicate records. The requested documents will be used in the course of reporting about environmental issues in Puerto Rico for the newsletter Heavy Weather: heavyweather.ghost.io . Documents retrieved from this request will be made available to the general public and the request is not being made for commercial purposes. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. 2025-EPA-01660	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the month of November 2024, all of the following records from Angela Cullen, Supervisory Environmental Protection Specialist: All congressional correspondence and communications to/from Congressional Offices or Committees for the previous month including responses or document productions to outstanding, extant, or previous congressional inquiries or oversight efforts. All communications to/from the following email domains: @eop.gov, @who.eop.gov, @ovp.eop.gov, @mail.house.gov, *.senate.gov. All sent communications mentioning 'Palestine', 'Environmental Justice', 'Hawaii', 'Flint', 'nuclear', 'assessments', 'Bidenomics', 'Inflation Reduction Act', 'Congressional Testimony', 'Congressional Subpoena', 'Litigation Hold', 'investigation', 'audit', 'audit results', 'FWA', 'grant fraud', 'contract fraud', or 'OIG referral'. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to", "referring", "relating", or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the full calendar month of November, 2024, starting from 00:00 on 1 November, 2024 to 11:59 PM on November 30, 2024. Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.	12/16/2024

2025-EPA-01911	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the Environmental Protection Agency, I respectfully request the following records from the agency: 1. Documents sufficient to account for all documents produced by the agency in response to congressional oversight letters or congressional oversight requests for the month of November, including, but not limited to the "Letter to HHS on Scientific Integrity Committees"; 2. All records pertaining to EPA's development of a scientific integrity council, including: a. the criteria for selecting members; b. duties and authorities of the committee; c. the proposed reporting structure of the committee; d. the relationship of the committee to other internal investigatory bodies; e. changes to existing scientific integrity oversight procedures; f. All Standard Form 50 (SF 50) Notifications of Personnel Action and related personnel records of proposed or nominated members, including but not limited to Francesca T. Grifo, the agency's designated scientific integrity official; and g. decisions regarding officials for selection on the committee. 3. The status of investigations into scientific integrity complaints filed with EPA; and 4. All communications between EPA, OSTP, and White House officials regarding the Biden-Harris Administration's priorities for using scientific integrity to impair future supervision by presidential appointees. Search Time-Period: The time period for this request is from January 27, 2021, to present. Records Definition and Search Instructions: Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. In the interest of expediency and to minimize the research and/or duplication burden on your staff, please send records electronically if possible. If this is not possible, please notify me before sending to the mailing address listed below. If access to this request will take longer than twenty business days, please let me know when I might receive records or be able to inspect the requested records. Please produce responsive documents as soon as they become available. In all cases, please communicate with me at the below email address. Please consider all members of a document "family" to be responsive to the request if any single "member" of that "family" is responsive, regardless of whether the "family member" in question is "parent" or "child." "Communications with," "communications from," and "communications between" means any communication involving the related parties, regardless of whether other persons were involved in the communication, and includes, but is not limited to, communications where one party is cc'd or bcc'd, both parties are cc'd or bcc'd, or some combination thereof. The term "communication" means each manner or means of disclosure or exchange of information (i . . . The description has exceeded the character limit.	12/16/2024

2025-EPA-01927	Jackson, Emily	-	In November of 2022 EPA awarded \$500,000 to a nonprofit in Colorado named Cultivanto to conduct air monitoring. In the fall of 2023 there was an issue with Cultivando's grant, and they no longer received the money. According to CPR: "In a statement, EPA spokesperson Richard Mylott said the agency gave Cultivando an opportunity to modify the grant to account for more staffing. He further suggested Cultivando wanted wiggle room around specific air quality data standards. 'EPA cannot waive quality assurance requirements intended to ensure valid air quality data are collected, nor can we waive accounting and documentation requirements that ensure federal funds are used appropriately,' Mylott said." We would like all records associated with the cultivando grant and the issues outlined in the quote above. (Date Range for Record Search: From 11/01/2022 To 12/16/2024)	12/16/2024

2025-EPA-01913	Mandiola, Carla	-	Carla Mandiola Data Journalist, (b) (6) M: (b) (6) December 14, 2024 Via USPS, Electronic Mail and FOIAOnline This is a request under the Freedom of Information Act, 5 U.S.C. § 552 et seq. On behalf of myself, Carla Mandiola, I request that you provide information regarding the relationship between personal/household decisions and the United States' greenhouse gas emissions. Specifically, I am seeking: Total Annual Emissions Related to Personal/Household Decisions: The portion of the U.S.'s total annual greenhouse gas emissions attributable to personal/household decisions for the last 10 years. Categorization of Emissions by Major Activities: A breakdown of the emissions identified in item into the following major categories associated with consumption and emissions: a. Transportation b. Diet c. Home energy use d. Purchasing and waste High-Impact Actions and Potential Emission Reductions: Within each of the categories listed in item 2, identification of the actions with the largest potential impact on emissions, along with quantified estimates of emissions reduction per average American and/or household. Examples include but are not limited to: Dietary Changes: i. Going plant-based ii. Giving up all meat, but not dairy and eggs iii. Giving up all meat and dairy, but not eggs iv. Cutting all meat consumption in half, but eating dairy and eggs v. Giving up beef, but not seafood, poultry, dairy, and eggs If the information I am requesting is not available in the precise format described, I request any existing documents, reports, or analyses that approximate this data. If clarification is required, I am happy to discuss the scope of this request further to facilitate its fulfillment. I request that all responsive records be provided in an electronic format, such as a searchable PDF or spreadsheet. If there are any associated costs, please inform me in advance. However, as this request is made in the public interest to advance understanding of environmental impacts and promote informed decision-making, I request that fees be waived. If any portion of this request is denied, please provide a detailed explanation, citing the specific exemption(s) relied upon. Additionally, if some parts of the requested information are available while others are not, please release the accessible records and indicate what has been withheld. I look forward to your response within the statutory time period of 20 business days. If you have any questions, please contact me at (b) (6). Thank you for your attention to this matter. Sincerely, Carla Mandiola (b) (6) (Date Range for Record Search: From 01/01/2014 To 12/01/2024)	12/16/2024

			delisting petition The proposed rule for this petition was published in the federal register on June 19, 2012 (Volume 77, No. 118) with the ID of EPA-R06-RCRA-2012-0138; FRL-9685-6. The final delisting rule published in the federal register on September 30, 2012 (Volume 77, No. 183) identifies this waste delisting as EPA-R06-RCRA-2010-0066; SW FRL-9730-56. The reference number for this docket is EPA-R06-RCRA-2012-0138. The publicly available docket (regulations.gov) for this hazardous waste delisting rule does not contain the most up to date documentation for the Delisting Risk Assessment Software (DRAS) run (https://www.regulations.gov/docket/EPA-R06-RCRA-2012-0138/document) for this petition. As noted in the federal register final rule, "this was a mistake on the part of EPA. The delisting limits have been reevaluated in DRAS using the "surface impoundment" WMU." The final rule also states that "the updated DRAS report is in the docket file", however this is not correct. Attached to this letter is the DRAS run available on the public docket, and it still contains the "landfill" DRAS output, not the surface impoundment output that was the basis for the final rule. 2025-EPA-01882	Dhruva, Reeya	Horizon pharmacy	According to the city directory review, the subject property was occupied by Wapato City Garage and Maintenance shop from as early as 1965 to 1995. Auto repair facilities typically store small amounts of solvents and waste oil on-site. This site was not listed on the governmental database report for hazardous waste generator activities or for any documented releases. However, this facility operated in an area of tribal jurisdiction (not regulated by Ecology) with limited regulatory oversight. This facility is listed in the regulatory database as an Indian Underground Storage Tank (UST) facility. The facility is registered for one 1,100-gallon diesel tank installed on January 1, 1976; one 1,100-gallon gasoline tank installed on January 1, 1974; and two 550-gallon gasoline tanks installed on January 1, 1956, all of which are listed with a status of permanently out of use. Partner submitted information requests to Ecology, US EPA, and the City of Wapato building and fire department for information regarding these USTs and all agencies responded that no records were on file. The subject property was developed with the current structure in 2000. However, no information is available to date to confirm if the tanks were removed and/or if confirmatory sampling was completed. Based on the length of operation with limited regulatory oversight and the limited details regarding the former USTs system, the historical use of the subject property as a municipal maintenance garage and associated UST system represents a REC. 2025-EPA-01941	Vializ, Derrick	-	Dear EPA Docket Center, I am writing to request access to the detailed judicial opinions for the following enforcement cases involving Trio Chemical Works, Inc., prosecuted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA): I.F.&R. No. II-12C – January 18, 1974: Involving misbranding and adulteration violations. I.F.&R. No. II-74C – November 19, 1975: Further violations for misbranding and adulteration, resulting in penalties. I.F.&R. No. II-67C – November 19, 1975: Non Registration violations for Amazon Creosote Oil, leading to additional civil penalties. My interest lies in obtaining the full judgments, including the judge's opinions, for these cases, as the EPA's Notices of Judgment documents available online do not contain this level of detail. If these records are accessible, I would appreciate your guidance on how best to obtain them. Additionally, if these documents are not available directly from the EPA Docket Center, please advise if a FOIA request would be necessary or if there are alternative channels for obtaining these records. Thank you for your assistance. I look forward to your guidance on accessing these documents. Sincerely, Derrick Vializ (b) (6) (Date Range for Record Search: From 11/07/1974 To 12/31/1990)	12/17/2024

The Inflation Reduction Act ("IRA") created the Environmental and Climate Justice Program (ECJP) when it was signed into law on August 16, 2022. EPA was authorized by the Clean Air Act (CAA) § 138, codified at 42 U.S.C. § 7438 to release a Notice of Funding Opportunity ("NOFO") to award approximately \$2 billion for Community Change Grants. On November 21, 2023, EPA's Office of Environmental Justice and External Civil Rights ("OEJECR") announced the Community Change Grants Notice of Funding Opportunity (EPA-R-OEJECR-OCS-23-04). Applications closed on November 21, 2024. EPA received approximately 2,700 applications, totaling over \$40 billion in requested funds. This request applies to all records associated with complete applications submitted to the Community Change Grants program from November 21, 2023 to November 21, 2024. Specifically, we request: A list of all the applications submitted to EPA in response to the Community Change Grants NOFO (EPA-R-OEJECR-OCS-23-04); including both Track 1 and Track 2 applications that were selected as grantees AND applications that did not receive awards. Information associated with each Community Change Grant Application, including: 1. EPA Region 2. State/Territory/Tribal Nation 3. Application Name 4. Track 5. Lead Applicant Name 6. Lead Applicant Contact Information including name, title, email address and phone number for key personnel for the Lead Applicant and, Statutory Partner(s) 7. Statutory Partner Name This request includes the list of all applications officially submitted to the Community Change Grant Notice of Funding Opportunity. 2025-EPA-01981	Singer, Zackary	-	Records Requested: 1. **EPA Certification Documents for the 2023 Subaru Solterra:** - Certification data submitted by Subaru, including DC fast charging system specifications, performance metrics, and any related correspondence with the	12/19/2024

			EPA. 2. **Testing Data Submitted by Subaru:** - Results from any testing conducted to verify compliance with EPA standards, including efficiency metrics, energy consumption, and charging rate capabilities. 3. **Compliance Documentation:** - Any records related to Subaru's adherence to EPA regulations, including: - Compliance with advertised performance metrics. - Information on variances between testing and real-world results. 4. **Correspondence Related to Certification:** - Communications between Subaru and the EPA regarding the certification process or any discrepancies identified during testing. 5. **Consumer Protection and Enforcement Records:** - Any investigations, findings, or actions taken by the EPA against Subaru related to the Solterra's performance or compliance with federal regulations. 6. **Historical Submissions for Similar Models:** - Records of certification or testing data for similar models (e.g., previous Subaru EVs or hybrids) that could clarify systemic issues in performance claims. 7. **Advertising and Disclosure Compliance:** - Records addressing Subaru's disclosure requirements for vehicle performance, including any EPA reviews of their advertised charging capabilities. ### Purpose of Request: I am seeking this information to evaluate Subaru's compliance with federal performance and advertising standards. The data will support my legal argument under the Texas Lemon Law, where substantial discrepancies between advertised and actual performance have been identified. ### Additional Notes: - If any part of this request is unclear, please contact me to clarify or narrow the scope. - I request electronic copies of the documents wherever possible to expedite the review process. - If there are associated costs exceeding \$50, please notify me before processing the request. ### Legal Context: This request relates directly to my case involving the 2023 Subaru Solterra. Specifically, I am examining whether Subaru's EPA submissions align with their public claims about the vehicle's performance, including its charging rate of "100 kW DC fast charging" and "80% charge in about 35 minutes." Thank you for your time and assistance. I look forward to your response within the 20 business days required by law. Sincerely, Zackary Singer

I was reaching out to inquire what is considered the boundary line for this contaminated property? Would it extend to the ROW passing the property or is it in the clear? The project involved is a current feasibility study to determine best routes for a proposed gas main which will utilize various means of installation (HDD, Trench, Jack and bore). A section of the proposed main impacts the property, and we would potentially utilize the ROW passing the property or worst-case start planning a redesign to avoid the property all together.	12/19/2024

2025-EPA-02042	Waddles, Erin	Natural Resources Defense Council	Pursuant to the Freedom of Information Act, 5 U.S.C. 552, as amended ("FOIA"), the Natural Resources Defense Council (NRDC) requests certain documents from the U.S. Environmental Protection Agency ("EPA") relating to the activities of EPA's Environmental and Climate Justice Community Change Grants Program ("Community Change Grants"). The Inflation Reduction Act ("IRA") created the Environmental and Climate Justice Program (ECJP) when it was signed into law on August 16, 2022. EPA was authorized by the Clean Air Act (CAA) § 138, codified at 42 U.S.C. § 7438 to release a Notice of Funding Opportunity ("NOFO") to award approximately \$2 billion for Community Change Grants. On November 21, 2023, EPA's Office of Environmental Justice and External Civil Rights ("OEJECR") announced the Community Change Grants Notice of Funding Opportunity (EPA-R-OEJECR-OCS-23-04). Applications closed on November 21, 2024. EPA received approximately 2,700 applications, totaling over \$40 billion in requested funds. This request applies to all records associated with complete applications submitted to the Community Change Grants program from November 21, 2023 to November 21, 2024. Specifically, we request: A list of all the applications submitted to EPA in response to the Community Change Grants NOFO (EPA-R-OEJECR-OCS-23-04); including both Track 1 and Track 2 applications that were selected as grantees AND applications that did not receive awards. Information associated with each Community Change Grant Application, including: EPA Region State/Territory/Tribal Nation Application Name Track Lead Applicant Name Lead Applicant Contact Information including name, title, email address and phone number for key personnel for the Lead Applicant and, Statutory Partner(s) Statutory Partner Name This request includes the list of all applications officially submitted to the Community Change Grant Notice of Funding Opportunity. 2025-EPA-02072	Willey, Emmeline	OPIS	Dear FOIA Officer, Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I hereby request access to and copies of the following records: 1. Unredacted Permit Application Narrative and supporting documents associated with Class VI permitting applications submitted to the Environmental Protection Agency (EPA) between January 1, 2022, and December 23, 2024. Specifically, I seek information regarding the scale and scope of the wells described in these applications. This includes but is not limited to: • The injection rates (e.g., volume of carbon dioxide injected per unit of time), • The anticipated number of years the wells are intended to operate, and • Any related technical and environmental assessments addressing these parameters. I understand that many documents available on EPA's data repository have redacted this information on the grounds that it is business confidential information. However, I assert that details such as the scale of emissions reductions associated with these projects should not be considered proprietary. This information is essential for the public to evaluate the effectiveness of these permits in achieving greenhouse gas reductions and to understand their broader environmental implications. My intended audience has a right to access this information to ensure transparency in the EPA's permitting process and its impact on emissions reduction goals. Background and Purpose As a journalist, I am requesting this information to inform the public about the environmental and policy implications of Class VI permits. Disclosure of this information will contribute to public understanding of EPA's efforts to regulate and mitigate emissions through these permits. This request is part of my broader reporting on environmental markets and their impact on climate goals. If any portion of the requested documents is exempt from disclosure under FOIA, I request that you provide the non-exempt portions of the records. If possible, I would prefer the documents in electronic format to reduce costs and environmental impact. Attached please find my full letter. The resume provided by the individual to the agency in connection with determining the appropriate salary for the individual, or if that is not available, a recent resume contained within the agency's records. Copies of any SF-50 forms for the individual reflecting any change in position, title, or salary, including when the employee starts or leaves a position. 3) The most recent organizational and hierarchy charts published or disseminated interally by the agency or subordinate organizational entity. Search Instructions: Please limit all searches in response to this Request from January 1, 2024, to the present. Please include the full email chain and attachments relevant to any responsive documents to provide further context. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's policies and procedures on the national stage relevant to domestic policy issues.

2025-EPA-01654	Yu, Huanzhen	The University of Manchester	Dear Sir/Madam, My Name is Huanzhen Yu and I am a PhD Researcher from the University of Manchester, United Kingdom. Here, I want to ask some questions regarding the EPA P2 (Pollution Prevention) database. As a researcher focusing on corporate ESG issues, I utilize both the EPA TRI database and the EPA P2 database to track corporate environmental performance. My first question is (1) I know that the emission data reported by the plants in the EPA TRI database are mandatory if the plants meet such threshold to report to the EPA; but, how about the EPA P2 database? Is it also mandatory for plants to report their emission abatement strategies to the P2 database if they have reported emissions to the TRI database? Or plants are self-selected (voluntarily) to report relevant emission abatement strategies to the EPA P2 database? My second question is (2) I understand that the EPA conducts relevant quality checks of the TRI database, will the EPA do the same thing to the EPA P2 database? More importantly, my third question is regarding the content of the P2 database (3) Interestingly, I find that the number of observations of the EPA P2 database is decreasing year by year. For example, in the downloaded data from the P2 database's official site, the number of observations for 1991 is 22,097; However, this number drops to 11,604 in 2001 and 6,234 in 2011, which means that plants (firms) are conducting less and less emission abatement strategies through the past 20 years. In contrast, the total amount of emissions reported in the TRI database is decreasing, signalling that firms must have made efforts to curb their toxic releases. When I down the P2 database, I choose all the industries and all the US states, therefore the selection bias will not cause a significant drop in the number of observations. My conjectures for this drop are (1) plants do not need to report the same emission abatement strategies if they have reported them in the previous years if the P2 database is based on mandatory reporting (2) plants are hiding some of their emission abatement strategies to avoid information leakage to their competitors if P2 database is based on voluntary reporting. Overall, may I ask for the official explanation for this significant drop in the number of observations in the TRI P2 database? I really appreciate your help if you could pass my request to the maintainer of the EPA TRI/P2 database. 2025-EPA-02109	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the month of December 2024, all of the following records from Janet McCabe, Deputy Administrator of the Environmental Protection Agency: A full calendar export with all entries during business hours, or outside of business hours if in an official capacity. Documents sufficient to account for all flight logs, whether commercial flights, chartered, or military flights for all travel in any official capacity. All congressional correspondence and communications to/from Congressional Offices or Committees for the previous month including responses or document productions to outstanding, extant, or previous congressional inquiries or oversight efforts. All communications to/from the following email domains: @nss.eop.gov, @ustr.eop.gov, @cea.eop.gov, @ostp.eop.gov, @ceq.eop.gov, @nsc.eop.gov, @omb.eop.gov, @eop.gov, @who.eop.gov, and @ovp.eop.gov. All communications sent (not received) via email, SMS, Microsoft Teams, or Slack mentioning 'policy draft', 'updated policy', 'investigation', 'Bidenomics', 'Inflation Reduction Act', 'trends', 'Palestine', 'Hawaii', or 'investigation'. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. 2025-EPA-02088	Molm, Tracy	Climate Justice Committee	The following information is being requested for 2021 through 2024. Air quality modeling Air emissions testing reports Ambient air quality monitoring Compliance measures taken Emissions numbers calculated from emissions factors Observations of fugitive emissions Evidence of broken or underperforming equipment Inspection photos and videos Inspection reports Any citizen or community complaints filed against either facility Whether any complaints were referred to local, state, or other federal agencies Documentation of violations of the clean air act Communications, including letter and emails, between EPA, the Minnesota Pollution Control Agency (MPCA), St. Paul Brass Foundry Company, and other state and local agencies **Clarification Received 12/29** 1. There is only one facility, the use of the plural was an error. The facility in question is St Paul Brass Foundry Company, 954 Minnehaha Avenue, Saint Paul, MN 55104 as was listed in the request. 2. This wording was based on the prior request (see below) "Whether any complaints were referred to local, state, or other federal agencies". The change would read "All complaints referred to local, state, or other federal agencies". 3. We are seeking clarification due to a previously submitted FOIA request, on 8/23/23, which sought the same information on another foundry. On 9/19/23 we received a reply request for one minor clarification and on 9/27/23 we received a response that the information requested would be forthcoming. These letters have been attached. Has there been a change of procedure or process officially notified in the Federal Register or elsewhere? If so could you provide a link to this information? If not, what would be the reason for this seemingly arbitrary decision? Thank you, (Date Range for Record Search: From 1/1/2021 To 12/15/2024)	12/30/2024

2025-EPA-01375	McCullough, Irvin	Government Accountability Project	[Clarified Description on 12/18/2024 - Could I please request those documents from these FOIA cases: (1) 2023-OAR-01444 (2) 2023-R02-01806 (3) 2023-R06-02253 (4) 2023-R03-03413 (5) 2023-R10-03629 For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter.] Initial Request Description: From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees,	12/30/2024

			and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office cannot find 10 completed case files with these criteria, please send as many case files as you can find that do.	
2025-EPA-02327	Saba, Chris	-	I am looking to receive upon e-mail the DEP Case File which affected the Raritan water supply of American Water, South Amboy, NJ due to medical symptoms at the time of water use. "On Monday, December 23, 2024, DEP issued a Notice of Violation to the facility, M&U International for an unpermitted discharge, which is a violation of the Water Pollution Control Act." I am looking to obtain the other compounds which are in this tanker due to American Water stating it "consisted of compounds, most notably alpha-pinene". If I am not allergic to a-pinene, I will need to know the other ingredients which was used to pollute the water for medical records.	12/30/2024

2025-EPA-01886	Ravi Shanker, Srirakshika	-	Srirakshika Ravi (b) (6) Freedom of Information Officer National FOIA Office, Office of General Counsel, US Environmental Protection Agency 1200 Pennsylvania Avenue, NW, Mail Code 2310A Washington, DC 20460 202-566-1667 December 12, 2024 Dear Records Officer: Pursuant to the Illinois Freedom of Information Act, I request access to and copies of noise complaints by East New York Street for any reason between the dates of December 1st and January 5th. I would like to request information about the noise complaints because it seems like noise levels might be a growing concern for residents and could affect the quality of life in the area. With an average daily traffic volume of nearly 25,000 vehicles and issues like speeding, outdated street infrastructure, and the Fox Valley mall being nearby, the area is already dealing with significant noise sources. The City of Aurora has ongoing projects to address traffic and safety concerns, but it's important to understand if noise pollution is being adequately considered as part of these efforts. Noise complaints could help identify specific problem areas and push for improvements like better sound barriers, adjusted and/or quieter traffic flow, etc. This information is being compiled for a high school class project on the Freedom of Information Act and the ways it can be used to connect individuals with our representative government. This disclosure will very likely contribute to an understanding of government operations or activities. As this disclosure serves an educational purpose, I am requesting a fee waiver. To assist in minimizing costs, I am requesting that the information be emailed to me. If my request is denied in whole or part, please justify all withholdings by reference to specific exemptions. If you have questions regarding this request, please feel free to contact me. I look forward to your response within five business days of receipt of this request. Thank you in advance for your assistance. Sincerely, Srirakshika Ravi Shanker	12/31/2024
2025-EPA-02346	Weakley, Matt	ProAdvisor LLC	Please provide all documentation regarding payments made by EPA to the prime contractor, The Mendez Group (UEID P3U2DHLBQ9P8) under PIID: 68HERH24P0176, PR-OLEM-24-00530. Please include date, time, amount of payments made, payee name, and payee account information. I am a subcontractor to The Mendez Group, and have not been paid for services rendered under this contract to date. Invoices were submitted to Mendez Group on 11-4-24 and are due within 14 days of when EPA paid Mendez Group per my contract with Mendez Group; however, I have no way to determine when those payment(s) are/were made and this will help my understanding of the government's payment processes. The Mendez Group (Josefina Mendez) maintains that they have not received payment to date. The attached invoice details the outstanding amount due of \$33,588.80.
