CONSENT AGREEMENT AND FINAL ORDER

I. PRELIMINARY STATEMENT

1. This Consent Agreement and Final Order (CAFO) is issued under the authority vested in the United States Environmental Protection Agency (EPA) pursuant to Section 309(g) of the Clean Water Act (the Act), 33 U.S.C. § 1319(g). This CAFO is issued to simultaneously commence and conclude this proceeding to assess a Class I civil penalty in accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3), as described in the “Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits.”
2. RCP Production, LLC (Respondent) admits the jurisdictional allegations herein; however, Respondent neither admits nor denies the specific Findings of Fact and Conclusions of Law contained in this CAFO.
3. The EPA and Respondent (Parties) agree that settlement of the relevant matters without litigation will save time and resources, that it is in the public’s interest, and that the entry of this CAFO is the most appropriate means of resolving such matters. Compliance with all the terms and conditions of this CAFO resolves only those violations alleged herein.

4. Respondent expressly waives any right to contest the factual allegations or conclusions of law contained in this CAFO and in this proceeding and waives its right to appeal the Final Order set forth herein. By signing this consent agreement, Respondent waives any rights or defenses that Respondent has or may have for this matter to be resolved in federal court, including but not limited to any right to a jury trial, and waives any right to challenge the lawfulness of the final order accompanying the consent agreement.

5. Before the taking of any testimony, and without adjudication of any issue of law or fact, the Parties agree to the terms of this CAFO and to its issuance. Respondent consents to the assessment and payment of a civil penalty in the amount and by the method stated below.

II. FINDINGS OF FACT AND CONCLUSIONS OF LAW

6. Respondent is a limited liability company incorporated under the laws of the State of Arkansas, and as such, Respondent is a “person,” as that term is defined at Section 502(5) of the Act, 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.

7. At all times relevant to this action (all relevant times), Respondent owned or operated a flowline that was used to transport brine and was the source of the discharge into a relatively permanent tributary of Smackover Creek near Smackover, Union County, Arkansas (facility) and was, therefore, an “owner or operator” within the meaning of 40 C.F.R. § 122.2.

8. At all relevant times, the facility acted as a “point source” of a “discharge” of “pollutants,” specifically oil field brine, to Deer Creek, which is considered a “water of the United States” within the meaning of Section 502 of the Act, 33 U.S.C. § 1362, and 40 C.F.R. § 122.2.

9. Because Respondent owned or operated a facility that acted as a point source of a discharge of pollutants to waters of the United States, Respondent and the facilities were subject to the Act and the National Pollutant Discharge Elimination System (NPDES) program.

10. Under Section 301 of the Act, 33 U.S.C. § 1311, it is unlawful for any person to discharge any pollutant from a point source to waters of the United States, except with the authorization of, and in compliance with, an NPDES permit issued pursuant to Section 402 of the Act, 33 U.S.C. 1342. According to the NPDES program, the discharge of oil field brine to “waters of the United States” is a non-permitted discharge.

11. On March 12, 2024, an EPA inspector observed that pollutants, specifically produced water generated from oil production activities, had been discharged from the TD Murphy B-3 SWD Tank Battery secondary containment discharge pipe to an unnamed tributary of Smackover Creek a “water of the United States,” as that term is defined by 40 C.F.R. § 122.2, thence to Smackover Creek, which is considered a “water of the United States.” The inspector determined that the water located at the discharge point of entry into the tributary (Latitude 33.341166 North and Longitude -92.690566 West) was contaminated from produced water discharges and measured 9,256 milligrams per Liter (mg/L) Total Dissolved Solids (TDS).

12. Each day of unauthorized discharge was a violation of Section 301 of the Act, 33 U.S.C. § 1311.

13. Under Section 309(g)(2)(A) of the Act, 33 U.S.C. § 1319(g)(2)(A), Respondent is liable for a Class I civil penalty in an amount not to exceed \$27,378 per day for each day during which a violation continued, up to a maximum of \$68,445.

14. Pursuant to Section 309(g)(4)(A) of the CWA, 33 U.S.C. § 1319(g)(4)(A), and 40 C.F.R. § 22.45, EPA (Complainant) will provide public notice of and reasonable opportunity to comment on the proposed issuance of this CAFO prior to issuance of the Final Order.

III. TERMS OF SETTLEMENT

PENALTY PROVISIONS

15. Based on the foregoing Findings of Fact and Conclusions of Law, EPA Region 6, considering the relevant criteria pursuant to Section 309(g)(3) of the Act, 33 U.S.C. § 1319(g)(3), and acting pursuant to the authority of Section 309(g) of the Act, 33 U.S.C. § 1319(g), hereby orders that Respondent shall pay to the United States a civil penalty in the amount of eleven thousand and two hundred dollars (\$11,200.00) plus interest to settle the violations as alleged in this CAFO, in accordance with 40 C.F.R. § 22.18(c).

16. Respondent agrees to pay a civil penalty in the amount of \$11,200.00 (Assessed Penalty). Based on Respondent's documented inability to pay claim, and in accordance with applicable laws, EPA determined that the Assessed Penalty is an appropriate amount to settle this action, which Respondent consents to pay as follows:

- a. The Assessed Penalty will be paid in 36 equal installments, in order to complete payment of the entire Assessed Penalty and interest, which is assessed at the IRS standard underpayment rate. Including the Assessed Penalty and interest, the total amount that will be paid upon completion of all payments will be \$12,406.68. The first payment is due within thirty (30) days after the date the Final Order ratifying this Agreement is filed with the Regional Hearing Clerk (Filing Date). Respondent's subsequent payments shall thereafter be due in thirty-day intervals from said Filing Date.

b. Respondent shall make payments in accordance with the following schedule:

Respondent shall make monthly installment payments of \$344.63, which includes principal and interest, for three (3) years, until the total amount paid is \$12,406.68. The first payment shall be made within thirty (30) days after the Filing Date, and subsequent payments shall thereafter be due in thirty-day intervals from said Filing Date.

c. Notwithstanding Respondent's agreement to pay the Assessed Penalty in accordance with the installment schedule set forth above, Respondent may pay the entire Assessed Penalty of \$11,200 within thirty (30) days of the Filing Date and, thereby, avoid the payment of interest pursuant to 40 C.F.R. § 13.11(a). In addition, Respondent may, at any time after commencement of payments under the installment schedule, elect to pay the entire principal balance remaining, together with any interest and other charges accrued up to the date of such full payment.

17. Respondent shall pay the Assessed Penalty and any interest, fees, and other charges due using any method, or combination of appropriate methods, as provided on the EPA website: <https://www.epa.gov/financial/makepayment>.
