

2025 4th Quarter FOIA Log

Request ID	Requester Name	Organization	Request Description	Received Date
2025-EPA-07196	Reilly, Sean	E&E News	All records related to the long version of the daily calendar and meeting schedule for Aaron Szabo, Senior Adviser to the Administrator (Date Range for Record Search: From 06/01/2025 To 06/30/2025)	07/01/2025
2025-EPA-07178	Marini, Connie	EDR LightBox	Hello, Through this request, I would like to obtain the following, for the entire United States, in Excel or other spreadsheet format: List of facilities that have submitted Facility Response Plans (FRP) to EPA. Facilities that could reasonably be expected to cause "substantial harm" to the environment by discharging oil into or on navigable waters are required to prepare and submit Facility Response Plans (FRPs). Harm is determined based on total oil storage capacity, secondary containment and age of tanks, oil transfer activities, history of discharges, proximity to a public drinking water intake or sensitive environments. Information I would like is: Facility ID Facility Name Address Type Street Address 1 Street Address 2 State City Postal Code FRS Number FRP ID Harm Category NAIC Sector Code Thank you (Date Range for Record Search: From 01/01/1900 To 07/01/2025)	07/01/2025
2025-EPA-06507	Zimmerman, Colleen	Public Employees for Environmental Responsibility	For Region 1, Copies of the following documents issued by EPA Region 1 since January 20, 2021, for any enforcement actions that have not been resolved through a final administrative or judicial consent decree or judgment, or by a final administrative order: a) Excluding information requests issued by other program offices, e.g., those that may be used to develop or revise new regulations, copies of all information requests issued pursuant to EPA's statutory authority to request data, records and other information that may be used to determine whether a source is in compliance with the requirements of any federal environmental law administered by EPA. b) All notices of violation issued by the EPA region to any source. c) All inspection reports. d) Any judicial consent decrees that were lodged in federal court but have not yet been entered as final by that court. Clarification on 6.23.25 - (1) "Has not been resolved" - This language was added to limit the scope of the request. We are interested in pending actions. However, if it is too amorphous or difficult to separate out, we can take out the qualifier and keep the broader request. I understand that some redactions may be necessary, but will nonetheless request the information and reserve my right to challenge exemptions. (2)"Notice of Violations, Findings of Violation, and Inspection Reports" - It is my understanding that a search for these records would not yield "tens of thousands" of records. I have it on good authority that for the Clean Air Act, Clean Water Act, and RCRA, there won't be more than maybe 150 to 200 NOV's a year. It is also my understanding that EIP has historically sent FOIA requests with very similar language and has not run into these clarification issues. Most of the information requested, namely the NOV's, FOVs, and inspection reports, should be easily compiled and generated into excel spreadsheets. Also, We can limit our request for inspection reports to reports following onsite inspections and flyovers. That should exclude reports based on file reviews, which EPA began including in their EOY inspection totals. (3) Additionally, indictments in cases involving criminal violations of environmental law are limited (only about a dozen each year). If it helps to clarify, we are looking for indictments that originated with EPA.	07/01/2025
2025-EPA-07188	Bogardus, Kevin	E&E News	I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from June 1 to July 1, 2025. 2025-EPA-07093	Martin, Andres	Maricopa County	Hello, I am looking for regional data for Maricopa County on contaminant levels for PFAS/PFOS and all other non-typical contaminants that are not regularly evaluated or required for a new source approval/PWS by regulatory agencies. I would also like data on non-typical/atypical contaminants, such as pharmaceuticals, and other chemicals of concern, that have been evaluated by the EPA in studies. In Maricopa County, a large percentage of drinking water comes from groundwater sources, as opposed to surface water, and recharging is a common method to replenish groundwater sources after treatment. Supporting data on efficacious methods for non-typical contaminant removal would also be helpful in understanding any potential issue or mitigation of a potential issue through treatment. I would also like data on the health effects of consuming these contaminants and at what contaminant level symptoms and health effects become present. I work for an elected official at Maricopa County, and he is requesting this information to inform his policy decision-making. I am aware of a research group within the EPA that is, I believe, based in Colorado. I kindly request the information I am seeking and a response. If I must make a FOIA request for this data and information, please direct me to where I need to make that request. 2025-EPA-06512	Zimmerman, Colleen	Public Employees for Environmental Responsibility	For Region 6, Copies of the following documents issued by EPA Region 6 since January 20, 2021, for any enforcement actions that have not been resolved through a final administrative or judicial consent decree or judgment, or by a final administrative order: a) Excluding information requests issued by other program offices, e.g., those that may be used to develop or revise new regulations, copies of all information requests issued pursuant to EPA's statutory authority to request data, records and other information that may be used to determine whether a source is in compliance with the requirements of any federal environmental law administered by EPA. b) All notices of violation issued by the EPA region to any source. c) All inspection reports. d) Any judicial consent decrees that were lodged in federal court but have not yet been entered as final by that court. Clarification on 6.23.25 - (1) "Has not been resolved" - This language was added to limit the scope of the request. We are interested in pending actions. However, if it is too amorphous or difficult to separate out, we can take out the qualifier and keep the broader request. I understand that some redactions may be necessary, but will nonetheless request the information and reserve my right to challenge exemptions. (2)"Notice of Violations, Findings of Violation, and Inspection Reports" - It is my understanding that a search for these records would not yield "tens of thousands" of records. I have it on good authority that for the Clean Air Act, Clean Water Act, and RCRA, there won't be more than maybe 150 to 200 NOV's a year. It is also my understanding that EIP has historically sent FOIA requests with very similar language and has not run into these clarification issues. Most of the information requested, namely the NOV's, FOV's, and inspection reports, should be easily compiled and generated into excel spreadsheets. Also, We can limit our request for inspection reports to reports following onsite inspections and flyovers. That should exclude reports based on file reviews, which EPA began including in their EOY inspection totals. (3) Additionally, indictments in cases involving criminal violations of environmental law are limited (only about a dozen each year). If it helps to clarify, we are looking for indictments that originated with EPA.	07/02/2025

2025-EPA-07230	Leber, Rebecca	-	The document I am requesting relates to an April 1990 workshop from the IPCC's Response Strategies Working Group that was cosponsored by the EPA and Japan Environmental Agency. The event was related to the Intergovernmental Workshop on Methane Emissions from Natural Gas Systems, Coal Mining and Waste Management Systems where there was a meeting of the Energy and Industry Subgroup of the IPCC Response Strategies Working Group. My research indicates it produced a 708-page document on the proceedings from the Energy and Industry Subgroup. The IPCC website indicates that this supporting material was published in May 1990 and is available from the US EPA Global Climate Change Division, 401 M Street S.W., Washington D.C. 20460, USA. Multiple searches on NEPIS and a request to the U.S. National Archives and Records Administration have not yielded this historic material. Please see the following for references to this material https://www.ipcc.ch/publication/report-of-the-energy-and-industry-subgroup-of-the-ipcc-response-strategies-working-group-1990/ and https://archive.ipcc.ch/publications_and_data/publications_and_data_supporting_material.shtml . If you have any questions, don't hesitate to reach out. Thank you for your help and enjoy the rest of your week! (Date Range for Record Search: From 01/01/1940 To 06/30/2025)	07/02/2025
2025-EPA-07203	Hudson, Michelle	-	I am requesting access to records held by the U.S. Environmental Protection Agency, Region III, concerning potential unpermitted land disturbance, vegetation removal, and floodplain development activities along Fourpole Creek in Huntington, West Virginia, from August 1, 2024, to the present. On May 22, 2025, I formally escalated concerns to EPA Region III (emailed to R3-CWA401@epa.gov and multiple EPA Region III personnel) about WVDEP's failure to enforce the Construction Stormwater General Permit (NPDES Permit WV0115924) for a disturbed multi-acre parcel adjacent to Fourpole Creek. I provided EPA with photographic evidence of exposed soils, sediment deposition, and impaired stream flow consistent with post-disturbance erosion and uncontrolled runoff. The site is located adjacent to Memorial Park and mapped Special Flood Hazard Areas. In addition, the U.S. Army Corps of Engineers Huntington District (Case No. LRH-2025-414-OHR-Fourpole Creek) issued a No Further Action letter on May 28, 2025, noting significant vegetation removal and brush-hogging near Fourpole Creek, while acknowledging debris jams and altered bank conditions. Given EPA's oversight of water quality, non-point source pollution, stormwater permitting, and Clean Water Act Section 402/401 compliance, I am submitting this formal FOIA request to obtain documentation and correspondence relevant to any EPA Region III review, investigation, or coordination regarding this matter. I request the following: All emails, letters, meeting notes, or internal memos referencing: Fourpole Creek Memorial Park floodplain Construction Stormwater General Permit WV0115924 Land clearing, vegetation removal, grading, or development in Huntington, WV flood zones Any complaint, inquiry, or notice submitted by Michelle Hudson, including messages from (b) (6) and (b) (6) Records involving: The City of Huntington, Huntington Stormwater Utility, Greater Huntington Park & Recreation District (GHPRD), WV Department of Environmental Protection (WVDEP), WV Division of Natural Resources (WVDNR), or WV Emergency Management Division Any documents evaluating EPA Region III's jurisdiction, enforcement options, referrals, or coordination with state or local agencies regarding this site Any internal communications, briefings, meeting notes, or reports related to the Fourpole Creek disturbance, public complaints, or potential Clean Water Act/NPDES/stormwater compliance (Date Range for Record Search: From 05/22/2025 To 07/01/2025)	07/02/2025

Please also release all reasonably segregable portions of otherwise exempt material. Thank you very much for your assistance. I look forward to your reply. Sincerely, Kevin de Orla	07/09/2025
2025-EPA-07329	Letscher, Maegan	-	Hello! I am a graduate student currently conducting research related to nutrient pollution and land usage on Long Island. I am having a hard time finding specific data for annual nitrogen concentrations and loads in Suffolk County's groundwater and surface water. I am requesting data sources related to total annual nitrogen, nitrate, or dissolved inorganic nitrogen across all water monitoring reports for Suffolk County from 2002-2022. I plan on looking at the data on a town level, so locations of the water monitoring stations would also be helpful, if available. Additionally, any separate nitrogen concentration and load data for the Eastern Long Island Sound near Suffolk County for 2002-2022, also if available. Thank you very much for your help! 2025-EPA-07344	DeMay, Jim	Milberg	I am requesting records of testing done for e. coli, coliform, etc. in private drinking water wells in western North Carolina following Hurricane Helene, to include the test results and the location of the well. This request is for the same information that was produced to the New York Times as referenced in this article, https://www.nytimes.com/interactive/2024/10/25/climate/private-wells-hurricane-flood.html . "Samples from roughly 600 wells have been analyzed by the Environmental Protection Agency, which dispatched two mobile labs to the hardest-hit regions to offer free testing. Early results, reviewed by The New York Times, show about 40 percent of those wells were contaminated either with E. coli bacteria, which can cause severe illness, including vomiting and diarrhea, or with coliform, which can indicate the presence of harmful microorganisms."	07/09/2025

2025-EPA-07295	Goodrich, Marina	Marten Law LLP	We request that Region 10 of the U.S. Environmental Protection Agency ("EPA") disclose, pursuant to the Freedom of Information Act, 5 U.S.C. § 552, any and all documents within EPA's possession, custody, or control related to the January 1, 2022 release/spill of Aqueous Film Forming Foam ("AFFF") at Fairchild Air Force Base, Spokane County, Washington. ERTS #711653 prepared by Washington State Department of Ecology for the spill was referred to EPA and is enclosed with this request. Our office represents the City of Airway Heights in connection with per- and polyfluoroalkyl substance ("PFAS") impacts to the City's water supply. Because the City is a local governmental entity and the request is made in order to address water supply contamination and provide safe drinking water to the City's customers, we request a waiver of some or all fees associated with fulfilling this request pursuant to 32 CFR 286.12(l). In the event that the fees are not waived, Marten Law LLP will accept responsibility for paying reasonable costs to process this request. To that end, please provide us with such estimated or actual costs before fulfilling the request at your earliest convenience. Please note that Marten Law LLP represents the City, and therefore, should be categorized as an "other requester" for purposes of this request. This request is intended to locate records in any form and format, including electronic records, records in databases, and paper files. If you possess or control a responsive database, website, or similar electronic repository, please direct us to that database or website. If you do not possess or control the information we seek but are aware of another office that may possess or control such information, please immediately inform us of such office, including contact information for any office where you refer or forward this request. See 32 C.F.R. 286.7(d)(2). In addition, please note that you are required to search in Federal Records Centers and other locations where responsive records are reasonably likely to be located to determine whether you possess or control the records sought. If you are unable to find responsive records for any portion of this request, please state the key words and terms used to search for the records responsive to that portion and the methods and locations searched. You may contact the undersigned with any questions or concerns regarding the scope and nature of your search. If you believe that this request does not reasonably describe the records sought, please contact the undersigned to discuss search terms, custodians, or other information that may assist you in processing this request, including specific locations that may or may not need to be searched, or any additional offices from whom we should make this request. See 32 C.F.R. 286.5. To the extent that you claim any document or portion of document as exempt from disclosure, we request that you release all reasonably segregable portions of any such document, with a clear designation of volume of information withheld and basis for any withholding. See 32 C.F.R. 286.9(f). In addition, to the extent that you believe any record may be withheld in full as exempt, we ask for a listing or index of such records and the basis for any withholding. Please contact me at (b) (6) or mgoodrich@martenlaw.com Sincerely, Marina Goodrich, Paralegal Marten Law LLP	07/10/2025

2025-EPA-02987	Perryman, Skye	Democracy Forward Foundation	Democracy Forward Foundation ("DFF") requests that your agency produce the following within twenty (20) business days: Part 1. All electronic communications (including emails, email attachments, complete email chains, calendar invitations, calendar invitation attachments, text messages, or messages on messaging platforms) between (a) the agency officials listed below and (b) any of the external individuals and entities listed below: a. Agency officials: [Part i. was moved into a separate tracking number 2025-EPA-06397] ii. Anyone serving in your agency's office of General Counsel, Solicitor, or equivalent senior Legal Advisor role, including in an acting capacity iii. Anyone serving as your agency's designated agency ethics official (DAEO) or alternate designated ethic b. External entities: i. Tesla (including any email address ending in Tesla.com) ii. SpaceX (including any email address ending in SpaceX.com) iii. Starlink, LLC (including any email address ending in spacex.com or starlink.com) iv. Neuralink (including any email address ending in Neuralink.com) v. X (including any email address ending in X.com and e.X.com) vi. Boring Company (including any email ending in boringcompany.com) Part 2. All electronic communications (including emails, email attachments, completeemail chains, calendar invitations, calendar invitation attachments, textmessages, or messages on messaging platforms) sent by the agency officials listed in (a) above containing any of the following terms: a. Tesla b. SpaceX c. Neuralink d. Starlink e. twitter f. X.com g. "Boring Company" h. Musk In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, Democracy Forward has limited part 2 of this request to communications sent by specified officials. To be clear, however, Democracy Forward still requests that complete email chains and texts be produced, displaying both sent and received messages. This means, for example, that both an official's response to an email about "Boring Company" and the initial received message are responsive to this request and should be produced. The timeframe for the above searches should be from July 1, 2024 until the date of the search. Clarification on June 2, 2025: 1. Question on date range - We are willing to narrow our request to date range #2 - January 20, 2025 to date of search - Trump Administration. 2. Question on custodians - We decline to narrow our request in accordance with this suggestion considering that day-to-day ethics guidance is often handled by other ethics officials, not the DAEO specifically. We would also like to include these custodians to the list: - ethics@epa.gov (general ethics inbox) - Justina Fugh (Senior Counsel for Ethics/Alternate DAEO), fugh.justina@epa.gov - Jennie Keith (Ethics Officer), keith.jennie@epa.gov - Daniel Fort (Ethics Officer), fort.daniel@epa.gov 3. Simplifying request - We decline to narrow our request in accordance with this suggestion. If it would help the FOIA office to process the request as two separate requests - one within OGC and the other within the Administrator's office - and produce each set independently when complete, then we are willing to allow that. (Date Range for Record Search: From 1/20/2024 To 6/2/2025)	07/11/2025
2025-EPA-07393	Goodrich, Marina	Marten Law LLP	We request that Region 10 of the U.S. Environmental Protection Agency ("EPA") disclose, pursuant to the Freedom of Information Act, 5 U.S.C. § 552, any and all documents within EPA's possession, custody, or control related to all known releases of Aqueous Film Forming Foam ("AFFF") from all facilities, pipes, or similar located on Fairchild Air Force Base ("Fairchild"), Spokane County, Washington between May 1, 2020 and present. Our office represents the City of Airway Heights in connection with per- and polyfluoroalkyl substance ("PFAS") impacts to the City's water supply. Because the City is a local governmental entity and the request is made in order to address water supply contamination and provide safe drinking water to the City's customers, we request a waiver of some or all fees associated with fulfilling this request pursuant to 32 CFR 286.12(l). In the event that the fees are not waived, Marten Law LLP will accept responsibility for paying reasonable costs to process this request. To that end, please provide us with such estimated or actual costs before fulfilling the request at your earliest convenience. Please note that Marten Law LLP represents the City, and therefore, should be categorized as an "other requester" for purposes of this request. This request is intended to locate records in any form and format, including electronic records, records in databases, and paper files. If you possess or control a responsive database, website, or similar electronic repository, please direct us to that database or website. If you do not possess or control the information we seek but are aware of another office that may possess or control such information, please immediately inform us of such office, including contact information for any office where you refer or forward this request. See 32 C.F.R. 286.7(d)(2). In addition, please note that you are required to search in Federal Records Centers and other locations where responsive records are reasonably likely to be located to determine whether you possess or control the records sought. If you are unable to find responsive records for any portion of this request, please state the key words and terms used to search for the records responsive to that portion and the methods and locations searched. You may contact the undersigned with any questions or concerns regarding the scope and nature of your search. If you believe that this request does not reasonably describe the records sought, please contact the undersigned to discuss search terms, custodians, or other information that may assist you in processing this request, including specific locations that may or may not need to be searched, or any additional offices from whom we should make this request. See 32 C.F.R. 286.5. To the extent that you claim any document or portion of document as exempt from disclosure, we request that you release all reasonably segregable portions of any such document, with a clear designation of volume of information withheld and basis for any withholding. See 32 C.F.R. 286.9(f). In addition, to the extent that you believe any record may be withheld in full as exempt, we ask for a listing or index of such records and the basis for any withholding. Please contact me at (b) (6) or mgoodrich@martenlaw.com Sincerely, Marina Goodrich, Paralegal Marten Law LLP	07/11/2025

2025-EPA-07385	Zenner, Spencer	-	I am submitting this FOIA request on behalf of a business for commercial purposes. I am requesting a list of all above ground storage tanks (ASTs) that contain gasoline or diesel fuel for which the U.S. Environmental Protection Agency (EPA) maintains records. Specifically, I am requesting the following data fields for each applicable AST, to the extent they are available: Physical address and/or geographic coordinates of the tank Name of the tank owner or operator Contact information for the owner or operator (e.g., phone number, mailing address, and/or email) Volume or capacity of the tank Product stored (gasoline or diesel only) If this information is maintained in a structured database, such as the Spill Prevention, Control, and Countermeasure (SPCC) program, Facility Registry Service (FRS), Tier II Emergency and Hazardous Chemical Inventory Reports under EPCRA, or other relevant systems, please search those databases for responsive records. I am only seeking information related to ASTs storing gasoline or diesel — please exclude any tanks containing jet fuel, aviation fuel, chemicals, or other non-relevant substances. I request that the responsive records be provided in Microsoft Excel (.xlsx) or CSV format, if possible, to facilitate efficient data analysis. If this request is too broad or if portions of it are unclear, I am willing to work with the FOIA officer to narrow the scope. Please feel free to contact me directly to discuss any needed clarification. I understand that I am submitting this request for commercial purposes and agree to pay all applicable search, duplication, and review fees as described under EPA FOIA guidelines. Please notify me in advance if the total estimated fees will exceed \$250.00 before processing the request. (Date Range for Record Search: From 01/01/2000 To 07/10/2025)	07/14/2025

2025-EPA-07318	Smith, Mekhi	-	Mekhi Smith (b) (6) August 8, 2025 U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW Washington, DC 20460 Dear FOIA Officer, Subject: Freedom of Information Act Request I am writing to request access to documents under the Freedom of Information Act (5 U.S.C. § 552). I am seeking all documents related to the federal government's climate change adaptation strategies, including reports, assessments, and data on their effectiveness. This information is important for my research on climate change, specifically how federal agencies are preparing for and responding to its impacts. I believe that the U.S. Environmental Protection Agency is the best source for this information because it plays a key role in developing and implementing climate policies and adaptation strategies. If possible, I would prefer to receive the requested documents electronically via email at (b) (6). If there are any fees for searching or copying the information, please inform me before processing my request. Thank you for your attention to this matter. I look forward to your prompt response. Sincerely, Mekhi Smith (Date Range for Record Search: From 07/08/2025 To 07/15/2025)	07/15/2025
2025-EPA-07423	Rodriguez, Crystal	-	Dear FOIA Officer, I request, under the Freedom of Information Act, all records pertaining to environmental reviews, complaints, inspections, or enforcement actions related to the immigration detention facility known as "Alligator Alcatraz," located near Dade-Collier Training and Transition Airport in Florida. Please provide: 1. Records of environmental assessments, permits, or waivers issued. 2. Complaints or investigations regarding pollution, habitat disruption, or wetlands violations. 3. Correspondence between EPA and Florida or federal agencies regarding the site. Please provide electronic documents and advise if fees exceed \$25 before processing. I respectfully request a waiver of all fees associated with this FOIA request. I am an individual acting in the public interest and not seeking this information for commercial purposes. The requested records pertain to the operation and oversight of a new immigration detention facility, publicly referred to as "Alligator Alcatraz," reportedly constructed and staffed with state and potentially federal coordination. Multiple news outlets and detainees have reported alleged violations of human rights, including lack of access to medical care, food, and religious accommodations. Disclosure of the requested information is likely to contribute significantly to public understanding of EPA's role in environmental oversight and whether environmental laws were properly followed. These are matters of urgent	07/15/2025

			national concern. As a citizen engaged in civic inquiry and transparency efforts, I plan to share any documents obtained with relevant legal advocates and through public forums where this information may aid broader public understanding. Granting this fee waiver serves the core purpose of FOIA by promoting government transparency. Sincerely, Crystal Rodriguez

2025-EPA-07442	Bogardus, Kevin	E&E News	I request all Freedom of Information Act requests that EPA granted expedited status based on an Environmental Justice-Related Need from Nov 13, 2023 to July 11, 2025. I also request the documents attached to those FOIA requests in the Request Information section of EPA’s FOIA Public Access Portal. I also request the Expedited Reason text box of EPA’s FOIA Public Access Portal for those FOIA requests. FOIA requests that EPA granted expedited status based on an Environmental Justice-Related Need is described in the following excerpt from EPA’s FOIA Public Access Portal: “Expedited Request Based on an Environmental Justice-Related Need Pursuant to 40 C.F.R. 2.104(g)(ii), a requester may qualify for expedited processing if they can demonstrate a “environmental justice -related need” for the records. An environmental justice-related need means a pressing need to inform a community that is potentially experiencing disproportionate and adverse human health or environmental effects. The Agency will consider the four elements: 1. Whether the requested records relate to actual or alleged Federal government activity, including Agency records containing environmental information or data. 2. The extent to which there is a pressing need to inform the community about the Federal government activity. A pressing need to inform does not include requests where the disclosure is primarily in the commercial interest of the requester. 3. The extent to which the community is potentially experiencing disproportionate and adverse human health or environmental effects. 4. The requester’s ability and intention to effectively convey the information to members of the community. To qualify for expedited processing under this basis, a requester must demonstrate how they meet the “environmental justice-related need” standard. Provide your justification regarding the four elements in the text box below. *By selecting yes, you confirm that you certify your statement to be true and correct to the best of your knowledge and belief. (See 40 C.F.R. Section 2.104(g)(3), 5 U.S.C. Section 552(a)(6)(E)(vi))*” (Date Range for Record Search: From 11/13/2023 To 07/11/2025)	07/16/2025

2025-EPA-07477	Gram, Brendan	Senior Facility Manager	Hello, my name is Lindsey and I work for Pacific NW Properties (PNWP). We are the property owners of Donald Industrial Park located at 21256 & 21260 Butteville Rd. NE, Donald, OR 97020. Recently, we heard of a possible chemical dumping that occurred at the property within the swale drain/sewer line which required cleaning. This incident would have been reported by the tenant, Wilco Hazelnut LLC or Wilco Farmers. We have no previous reports of this event for our records and are	07/16/2025

			hoping to obtain them. We are unsure the exact date of occurrence but believe it happened between 09/07/2017 (completed construction of building) and 10/31/2018 (PNWP purchased property). I have increased the date range to end of 2019 as we have no idea when this actually occurred - we were informed about this event by an employee currently at the property. 2025-EPA-07461	Spellman, Andrew	Spirit of Jefferson Newspaper	I am searching for project documents and permits regarding a sewage line project conducted and completed by West Virginia American Water under the Shenandoah River near Jefferson County, WV. The scope of the project was to construct a 2-mile sanitary sewer pipeline to allow homes in the Keyes Ferry subdivision on the Blue Ridge Mountain to connect to a wastewater treatment plant in Millville, WV. The subdivision currently has about 250 homes, according to a permit application WV American Water filed with the West Virginia Department of Environmental Protection. ... The proposed sewer line would involve installing a "sanitary lift station" to move sewage through the pipeline to Millville's wastewater treatment plant. Here is more applicable location data: General coordinates: 39.295169, -77.775887 Project location: Near Millville, W.Va., and the Blue Ridge Mountain Community. Here is a list of specific documents I am requesting: 1. Any oversight documentation for this project, including but not limited to: Section 401 (water quality certification provided by states), an NPDES Permit, and an SPCC plan. 2. Inspection documentation before and after the project was completed. (Date Range for Record Search: From 01/01/2023 To 07/14/2025)	07/16/2025

2025-EPA-07429	Cordner, Alissa	Whitman College	- All testing and detection information for per- and polyfluoroalkyl substances (PFAS) for the sites listed below. These sites have been associated with positive PFAS testing and detections in public communications (e.g., https://www.epw.senate.gov/public/index.cfm/superfund-sites-identified-by-epa-to-have-pfas-contamination) and the EPA PFAS Analytic Tools datasets (https://echo.epa.gov/trends/pfas-tools), and Superfund site documentation. However, I was unable to find publicly available documentation of PFAS testing or detection data for these sites. Appropriate documentation will allow my research group, the PFAS Project Lab, to see why these sites were included in public lists of PFAS contamination. - I request analytical reports that detail: sampling date, location, detection levels (including non-detects), and method limits of detection and quantitation for PFAS associated with the listed sites. If such reports are unavailable, more general site reports or communications that detail PFAS detections would be appropriate. 2025-EPA-07666	McGuire, Sean	Burgess & Niple, Inc.	To Whom it May Concern, Burgess & Niple is submitting this Freedom of Information Act (FOIA) Request for any and all publicly available documents or information pertaining to the former Wagner Manufacturing Company facility located at 440 Fair Road, Sidney, Ohio 45365, including, but not limited to, the following tax parcels as recorded by the Shelby County Recorder's office: 020-18-36-327-001, 020-18-36-327-002, 020-18-36-182-024, 020-18-36-182-023, 020-18-36-182-022, 020-18-36-182-021, 020-18-36-182-020, 020-18-36-182-019, 020-18-36-182-018, 020-18-36-182-017, 020-18-36-182-016, 020-18-36-182-015, 020-18-36-182-011, 020-18-36-182-010, 020-18-36-182-009, 020-18-36-182-008, 020-18-36-182-007, 020-18-36-182-006, 020-18-36-182-005, 020-18-36-182-004, 020-18-36-182-003, 020-18-36-182-002, 020-18-36-182-001, 020-18-36-182-014, 020-18-36-182-013, 020-18-36-182-012, and 020-18-36-177-013. Furthermore, Burgess & Niple is requesting any and all documents relating to a suspected unregulated industrial solid waste landfill located at 440 Fair Road, Sidney, Ohio 45365 and in connection with the attached correspondence letters documenting the approval for a referenced closure plan reportedly submitted to the Ohio EPA on March 14, 1994, and which could not be located or provided by the Ohio EPA following a request for information. This facility is associated with the EPA ID: OHD048880108. Documents known or believed to exist, but which could not be provided to B&N or located by the Ohio EPA or other local regulatory agencies, include the following (dates may be approximate): 1. December 5, 1990 - Notification by the General Housewares Corporation to Ohio EPA regarding the possible disposal of an unknown amount of potentially lead-bearing sludge at a landfill located at "the Sidney foundry and landfill" which is believed to be the facility located at 440 Fair Road, Sidney, Ohio 45365. 2. February 19, 1991 - Ohio EPA inspection of the landfill pursuant to the December 1990 notification. 3. March 20, 1991 - Ohio EPA correspondence notifying General Housewares that they had unlawfully disposed of hazardous waste at 'the Sidney site', and the fourteen violations listed therein. 4. February 25, 1993 - Ohio EPA Director's Final Findings & Orders requiring General Housewares to close 'the contaminated site,' determine lead concentration levels, submit a closure plan, and pay a fine of \$30,000. 5. March 14, 1994 - Closure plan submitted to Ohio EPA by General Housewares (approved on September 29, 1994.) 6. August 19, 1996 - Closure certification report submitted to Ohio EPA by General Housewares. A court document (Case No. 49A04-9906-CV-282) from the Indiana Court of Appeals further substantiated existence of such a landfill in the relevant sections of the case opinion pertaining to General Houseware's operation of a facility and landfill in Sidney, Ohio, which is suspected to refer to the 440 Fair Road address. 2025-EPA-07876	WITHROW, CASANDRA	-	My husband Sgt. Wesley Withrow from the Taylorville Police Department was pumping gas at the City of Taylorville old Water Department using their gas pump on Thursday 7/10/2025. When he turned the pump on, it "blew" out and exposed his face, body, and squad car in 70 gallons of gas before the power could be shut off to stop the pump. There is no emergency shut off valve, and there was nowhere close that he could clean his face and body from the fuel that got into his eyes, ears, nose and body. We have requested the video from the water department showing the event. The Fire Department did arrive on scene after Sgt. Withrow called for assistance through his radio. From our understanding 2 loads of sand were used to cover the fuel spill. Sgt. Withrow went to the ER at TMH and was told to call Poison Control. This pump was replaced the same day by Fuel Stop before the incident took place. Since this incident, the pump has been replaced two times but still no emergency shut off valve has been added for the safety of any Officer who utilizes the pump. 2025-EPA-07672	Gunn, Brian	Powers Law Firm	On behalf of the Confederated Tribes of the Chehalis Reservation, this FOIA request seeks the application submission (including all appended maps, appendices, and attachments) that the Confederated Tribes of the Chehalis Reservation submitted to the EPA Region 10 in a letter dated February 16, 1994, to Acting Regional Administrator Gerald Emison. In a March 7, 1995, letter from Regional Administrator Chuck Clarke to Mel Youckton, then-Chairman of the Chehalis Business Committee, EPA informed the Chehalis Tribe that it had approved the Tribe's application. Both those letters are included in the appended pdf file, with the EPA letter being the last pages of the document. Because the Tribe has been unable to locate the application materials in its files, the purpose of this request is to ascertain whether the Tribe submitted additional maps or materials that were not included in its February 16, 1994 letter submission and that EPA relied on in determining that the Tribe was approved for TAS status. The Tribe has been working with EPA personnel to locate these documents. The Tribe has corresponded with Rachael Renkens, Water Quality Standards Coordinator, and Ted Yackulic, Office of the Regional Counsel, both of whom are the EPA Region 10 office. 2025-EPA-08024	Scacchi, John	Pacific Legal Foundation	Hello. I am requesting the disclosure of all notices of intent to sue submitted to the EPA under four statutes: Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, and the Resource Conservation and Recovery Act. Specifically, I am seeking notices of intent where private parties plan to sue private defendants under 33 U.S.C. 1365(a)(1), 42 U.S.C. 7604(a)(1), 42 U.S.C. 9659(a)(1), and 42 U.S.C. 6972(a)(1)(A)-(B). I would like records dated July 1, 2025, to July 31, 2025. If possible, I would like the information to include the name of the party who submitted the NOI, the complainant, the party receiving the NOI, and the NOI type (i.e., title of the anticipated action) in an electronic format please. In addition to this list of notices, I would also like copies of the notices themselves. This is a monthly request in accordance with prior conversations with Royan Teter and Kevin Hill. I am happy to clarify anything about this request. Thank you very much! - Mitchell Scacchi (Date Range for Record Search: From 07/01/2025 To 07/31/2025)	08/04/2025

2025-EPA-08079	Zhao, Zhan	-	Dear EPA Team, I hope this message finds you well. Our team is currently conducting research related to UIC Class wells in the United States. We recently came across the following page: https://www.epa.gov/uic/uic-injection-well-inventory , which contains a spreadsheet showing inventory information for injection wells nationwide, based on FY2022 data. This resource has been incredibly helpful in informing our understanding of the subject. We are very interested in obtaining historical versions of this spreadsheet—ideally dating back to 2010, if available. Could you kindly share the historical files, if accessible, to my email address: zzhao@cil.com? Thank you very much for your time and assistance. And please let me know in case a FOIA fee is associated. Our team would agree to pay for such amounts. Best regards, Zhan Zhao CIL Team (Date Range for Record Search: From 01/01/2010 To 08/05/2024)	08/05/2025

2025-EPA-08093	Rihn, Ethan	Langan Engineers & Environmental Service	Langan is requesting information on the Glenmore Plastic Industries Inc. at 807 Bank Street. The facility was identified on the PFAS ECHO database under the name Glenmore Plastics Industries Inc. with facility ID 110000763530, Integrated Compliance Information System (ICIS) ID 28490, Emissions Inventory System (EIS) ID 7943611, Toxic Release Inventory (TRI) ID 11236GLNMR807BA, and RCRA EPA ID NYD001302959. The TRI database lists the facility in 1997 with industry code 323 for printing, standard industrial classification (SIC) code 2392 for house furnishings, and NAICS code 323111 for commercial gravure printing. The TRI database reports stack air emissions from 1989 to 1997 totaling 1.215 million pounds of 1,1,1-trichloroethane, 0.337 million pounds of methyl isobutyl ketone, and 0.109 million pounds of toluene released to the atmosphere. Furthermore, over the same period, 0.378 millions pound of toluene and methyl isobutyl ketone were recycled from the facility. The ICIS database reports formal enforcement actions occurred in 1983, 1995, and 1997. The EIS databases lists the facility as a synthetic minor air emission source. Langan is requesting any additional information on the stack air emissions, synthetic minor classification, and formal enforcement actions related to the facility. The facility was also identified on the UST, UST Finder, CBS, and CBS UST databases under the name Glenmore Plastic Industries and in the CBS program with the ID 2-000004 listed as unregulated/closed. The UST, UST Finder, and CBS UST databases list the facility with eight 550 gallon USTs that were installed in July 1955 and removed in November 1998. Tank IDs are listed by the UST database as Tank IDs: 182652, 182653, 182654, 182655, 182656, 182657, 182658, and 182660, and by the UST Finder database as NY98329, NY98330, NY98331, NY98332, NY98668, NY101372, NY101373, and NY101374. According to the CBS UST database, these USTs contained 1,1,1-Trichloroethane and were all entered the CBS program in January 1989, except for the UST listed with tank ID 192060 which entered in October 1996. Langan is requesting any information related to the spill incident at the facility as well. Thanks! (Date Range for Record Search: From 01/01/1987 To 01/01/2001)	08/05/2025

2025-EPA-08103	Kingston, Hudson	-	EPA ECHO data reveals CWA violations at Boswell Energy Center (FRS ID 110041028492), Taconite Harbor Energy (FRS ID 110068447504), and Laskin Energy Center (FRS ID 110070540837), as well as a CAA violation at Hibbard Energy Center (FRS ID 110007601540). All of these facilities are owned by Minnesota Power (permittee) and they are located in northern Minnesota, within EPA Region 5. CURE requests: 1. records of communications (i.e. data submissions, violation and enforcement records, letters, emails, text messages, meeting agendas and meeting notes, other written communications or transcripts, and all attachments to any communication or meeting materials) with the Minnesota Pollution Control Agency (MPCA) or the permittee (including agents and contractors of either MPCA or the permittee) about these violations and any subsequent related violations; 2. records and data describing the violations and MPCA's or EPA's efforts to address the violations. The dates of this request are from the first violation until the date of this submission. However, with violations that did not occur prior to later in the date range please do not worry about reviewing all communications in EPA's possession (i.e. you can limit the time scope of the search to match EPA's first records regarding each facility violation). Please contact CURE about any questions you may have about the scope of this request. (Date Range for Record Search: From 3/1/2022 To 8/6/2025)	08/06/2025

2025-EPA-08134	McCall, Joanna	COGENCY GLOBAL INC.	Dear Sir or Madam: Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. Sections 552, et seq., and the U.S. Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, COGENCY GLOBAL INC., hereby requests from EPA copies of certain documents for the following four products registered by Koppers Performance Chemicals, Inc.: ? InPro DCOI Preservative (EPA Reg. No. 3008-133); ? DCOI MUP (EPA Reg. No. 3008-134); ? InPro DCOI-23 (EPA Reg. No. 3008-136); and ? InPro DCOI-50 (EPA Reg. No. 3008-139). The request seeks copies of the documents associated with the initial pesticide registration application of each of the four products noted above, such as: ? Any cover letters and supporting materials; and ? Releasable forms, including any: • EPA Form 8570-1 (Application for Pesticide Registration/Amendment); • EPA Form 8570-27 (Formulator's Exemption Statement); and • EPA Form 8570-35 (Data Matrix). Documents responsive to this request likely will be maintained by the Office of Pesticide Programs (OPP). This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request. COGENCY GLOBAL INC. understands that none of the information on EPA Form No. 8570-35 is confidential business information (CBI) and that EPA is able to release the form in response to a FOIA request. COGENCY GLOBAL INC. understands that some of the documents responsive to this request may have to undergo CBI review. COGENCY GLOBAL INC. requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. COGENCY GLOBAL INC. consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information. COGENCY GLOBAL INC. requests that you provide us with accurate copies or a complete and accurate account of the information requested. This is a commercial request. COGENCY GLOBAL INC. agrees to pay reasonable search and reproduction costs; if these costs exceed \$200, however, COGENCY GLOBAL INC. requests that you notify us before reproducing the documents. COGENCY GLOBAL INC. understands that it can expect a response within 20 days of your receipt of this letter. We prefer electronic copies of the documents, but if courier or overnight delivery is necessary, please contact us for delivery or pickup information. If you have any questions about this request or require further information, please contact us at (b) (6) or agency@cocencyglobal.com. Thank you for your attention to this matter.	08/11/2025

2025-EPA-08089	White-Coleman, Dorothy	White Coleman & Associates LLC	FOIA REQUEST ON BEHALF OF THE RIVERVIEW GARDENS SCHOOL DISTRICT Please be advised that this law firm represents the Riverview Gardens School District, 1370 Northumberland Drive, St. Louis, MO (the "District"). This is a records request which is made on behalf of the District pursuant to 5 U.S.C.A. § 552 (the Freedom of Information Act) (FOIA). On behalf of the District, we hereby request a copy of the entire and full grant application for the District that was submitted to the Environmental Protection Agency (EPA) in 2022 for the following grant: Grant Program Title: 2022 Clean School Bus Grant Program (EPA-420-B-22-026). If this request is denied in full or in part, please cite the exemptions pursuant to 5 U.S.C. § 552(b) that justify the denial. If an exemption applies, however, please consider exercising the agency's discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records as they are collected. If you have any questions about handling this request, please do not hesitate to call Dorothy White-Coleman at the following number (b) (6) or email me at whitecoleman@whitecoleman.net. I would like to receive any response records by email. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest in that the information requested is inaccessible by the District at this time. This information is not being sought for commercial purposes. If access to the records I am requesting will take longer than ten (10) days, please contact me with information as to when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. (Date Range for Record Search: From 05/31/2022 To 08/01/2025)	08/12/2025

2025-EPA-08233	Bogardus, Kevin	E&E News	I request EPA's progress report due Aug. 11, 2025 for EPA's implementation of Executive Order 14168, titled "Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government." This progress report is described in the July 10, 2025 guidance by the Office of Personnel Management sent to heads of executive departments and agencies (please see pages 2 through 3 of https://chcoc.gov/sites/default/files/Defending%20Women%20Guidance%20Memo%207-10-2025.pdf). This progress report is described in the following excerpt of that guidance: "II. Implementation Steps for Agencies To implement Executive Order 14168, agencies should have already taken the following steps. These steps are necessary to implement Defending Women's directives that "Federal funds shall not be used to promote gender ideology," that Federal policies and documents shall consistently use sex and not "gender," and that women's intimate spaces are protected: 1. Emailed all agency employees announcing that the agency will be complying with Defending Women and this guidance. 2. In order to end all agency programs that promote or inculcate gender ideology, placed all employees whose department or position description involved inculcating or promoting gender ideology on paid administrative leave. 3. Reviewed agency email systems such as Outlook and turned off features that prompt users for their pronouns. 4. Canceled any employee trainings that inculcated or promoted gender ideology or did so in the past. 5. Disbanded or canceled any employee resource groups or special emphasis programs that inculcated or promoted gender ideology, or did so in the past. 6. Ensured that all agency-issued identification documents referred to sex and not gender. 7. Reviewed and revoked any and all agency personnel policies that reflected or promoted gender ideology, or else encouraged or promoted the classification of employees based on gender instead of biological sex. 8. Ensured that intimate spaces (such as bathrooms, locker rooms, and lactation rooms) at Federal worksites designated for women, girls, or females (or for men, boys, or males) are designated by biological sex and not gender identity. 9. Reported to OPM on these steps via email at defendingwomen@opm.gov. Please email defendingwomen@opm.gov no later than August 11, 2025 with a progress report on the steps that your agency has taken to implement Executive Order 14168 within the agency workplace, including the steps above. Please email defendingwomen@opm.gov if you have any questions regarding this guidance."	08/13/2025

2025-EPA-08239	Kelly, Michael	-	Dear EPA Region 7 FOIA Officer, Under the Freedom of Information Act (5 U.S.C. § 552), I request records for the Tyson Foods wastewater facility at 2000 East 4th Avenue (or 9 North Washington Street, EPA Registry ID: 110000447142), South Hutchinson, KS 67505, discharging ~420,000 gallons per day to the South Hutchinson POTW via Dissolved Air Flotation (DAF) and Sequencing Batch Reactor (SBR) systems. The facility, likely a Significant Industrial User under 40 CFR Part 403, was fined ~\$2,500 for violations. KDHE provided 2000–2006 documents on grease traps, tanks, and sludge land application, initially stated the site was not permitted, but later cited a permit expiring March 31, 2028, in KEIMS (https://keims.kdhe.ks.gov/nsuite/ncore/external/home). South Hutchinson claims no records; Reno County only regulates systems =2,500 GPD. KDHE confirmed Class I operator experience. I request: 1. The Industrial User Wastewater Discharge Permit (expiring March 31, 2028) and conditions (e.g., BOD, TSS, pH, FOG limits). 2. Compliance records, including ~\$2,500 fines or violations (past five years). 3. South Hutchinson POTW pretreatment reports listing Tyson as a Significant Industrial User. 4. Operator requirements (e.g., Class I operator for overnight shifts). 5. Any wastewater or sludge management records since 2006. To protect my privacy, please redact my personal information (name, address, phone, email) from documents shared with Tyson Foods or third parties, per 5 U.S.C. § 552(b)(6). If redaction is not possible, notify me before disclosure. Send records in PDF to. Notify me if fees exceed \$50. Provide a written explanation if no records exist. Respond within 20 business days per FOIA. Contact me at (b) (6) but keep my details confidential. Thank you. (Date Range for Record Search: From 01/01/2020 To 08/01/2025)	08/14/2025
2025-EPA-08244	Graham, Thomas	-	I am attempting to start a small cattle farm in Oshtemo, MI. I understand that there may have been institutional controls implemented that inhibit livestock from being raised in the township as a result of the KL Ave Landfill contamination Superfund site. The Michigan Department of Agriculture and Rural Development uses GAAMPs (generally accepted agricultural management practices) to determine if the Right To Farm Act protects a farmer by preempting ordinances.	08/14/2025

			Obviously a properly enabled institutional control that protects human and animal life is never preempted. The GAAMP, only recognizes such institutional controls if they are "approved by the Michigan Department of Environment, Great Lakes, and Energy (EGLE) pursuant to the Natural Resources and Environmental Protection Act (NREPA), MCL 324.1016 et seq., or the United States Environmental Protection Agency pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act or the Resource Conservation and Recovery Act". Please provide any documentation that shows institutional controls in the Charter Township of Oshtemo, MI have in fact been approved by the EPA pursuant to CERCLA? Thank you and have a great day! 2025-EPA-08260	Bogardus, Kevin	E&E News	I request the quarterly workforce and staffing report, also known as the full-time equivalent, or FTE, report, for the fiscal year 2025 third quarter, or FY25 Q3, described in the following excerpt from House Report 118-155: "The Agency is directed to follow all guidance in House Report 117-83 under the headings titled 'Reprogramming', 'Congressional Budget Justification', 'Operating Plan', and 'Workforce and Staff-ing Plans'." Please see page 57 of House Report 118-155 (https://www.congress.gov/118/crpt/hrpt155/CRPT-118hrpt155.pdf). House Report 117-83 states, "Workforce and Staffing Plans.—The explanatory statement accompanying the fiscal year 2021 appropriations included directions for the Agency to develop workforce and staffing plans to achieve the Agency's FTE targets in fiscal year 2021. For fiscal year 2022, the Committee expects the Agency to submit as part of its operating plan, staffing targets by National Program Management area, with separate staffing targets for headquarters and each regional office within each Program, in line with the Agency's enacted appropriation. The Committee expects the Agency to continue to develop workforce and staffing plans to achieve the staffing targets submitted with the operating plan, and directs the Agency to submit its fiscal year 2022 workforce and staffing plans to the Committee not more than 45 days after the submission of the Agency's operating plan. Further, not later than 45 days after the end of each quarter, the Agency shall submit data on the number of FTE employed by the Agency in the same format as the fiscal year 2022 FTE target data was submitted. The Committee expects quarterly briefings on the Agency's progress in achieving its staff-ing targets." (please see page 77 of https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf) This report is also described in the following excerpt from Senate Report 118-83, which is to be submitted no later than 45 days after the end of the quarter (please see page 81 of https://www.congress.gov/118/crpt/srpt83/CRPT-118srpt83.pdf). The joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42, states "the language set forth in House Report 118-155 and Senate Report 118-83 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement." (please see page 1 of	08/18/2025

			https://docs.house.gov/billsthisweek/20240304/FY24%20INT%20Conference%20JES%20scan%203.1.24.pdf). Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.

All environmental impact assessments prepared by the EPA related to any construction or expansion projects at Baltimore/Washington International (BWI) Airport. 2. All internal communications related to construction or expansion efforts at BWI Airport. For the purposes of this request, documents may include electronic or written correspondence, memoranda, meeting minutes, plans, reports, agreements, contracts, policies, proposals. For electronic correspondence, please consider the entire email “threads,” and any attachments, as responsive to this request, regardless of whether any part of that thread falls outside the cited search parameters. Please provide responsive information as it becomes available on a rolling basis but consistent with the prescribed timelines of the Freedom of Information Act. Please provide the requested records in electronic or paper form, whichever is faster. If this request must be forwarded to a different records custodian, we request that it be so forwarded as soon as possible. Should you decide to invoke a FOIA exemption or withhold or redact any responsive records or parts thereof, we request that you: (1) identify each such record with specificity and/or the date, author, and/or recipient of the record(s), and all parties copied on the record(s); (2) explain in full the basis for withholding the responsive material; and (3) provide all segregable portions of the records for which you are claiming a specific exemption. Please correlate any redactions with specific exemptions under FOIA. If you determine that portions of certain documents are exempt from production, the remainder of said documents should be produced nonetheless along with explanations justifying	08/18/2025

			each exemption, including the specific FOIA provision justifying the exemption. 5 U.S.C. 552(b). History Associates Incorporated agrees to pay all reasonable and standard processing fees that will be assessed in association with this request, up to the amount of \$250. Should the fees exceed this amount, please call me with an estimate of the total costs in order that specific expenditures beyond \$250 can be authorized. Should you have any questions or concerns regarding this request, please contact me at (b) (6) or via email to hwilson@historyassociates.com. Sincerely, Hannah Wilson Research Historian

2025-EPA-08302	Bogardus, Kevin	E&E News	I request the finalized review of agency positions to be placed in Schedule Policy/Career, otherwise known as Schedule F, conducted by EPA. I also request any petitions submitted on a rolling basis by EPA to the Office of Personnel Management to place agency positions in Schedule Policy/Career, otherwise known as Schedule F, from Jan. 20 to Aug. 18, 2025. This finalized review was to be conducted within 120 days of EPA's preliminary review, which was due April 20, 2025, so no later than August 18, 2025, according to OPM guidance titled "Guidance on Implementing President Trump's Executive Order titled, 'Restoring Accountability To Policy-Influencing Positions Within the Federal Workforce,'" dated Jan. 27, 2025 (please see https://chcoc.gov/sites/default/files/OPM%20Memorandum%20re%20Schedule%20Policy%20Career%20Guidance%20FINAL.pdf). This finalized review and these petitions submitted on a rolling basis are described in the following excerpt of that guidance: "Executive Order 13957, as amended, directs each agency head to review positions within his or her agency and identify those appropriately categorized as policy-influencing. Agency heads will then petition OPM to recommend that the President place those positions in Schedule Policy/Career. A new executive order will subsequently effectuate the transfers into Schedule Policy/Career. Agencies have 90 days to conduct a preliminary review of positions and submit petitions, with an additional 120 days to finalize their review and submit any remaining petitions. Agencies may, and are encouraged to, submit such petitions on a rolling basis."	08/19/2025

2025-EPA-08327	Wojcik-Davis, Eva	-	Dear FOIA Officer, Attached please find my formal Freedom of Information Act request (PDF) seeking records maintained by EPA Region 4 pertaining to wetlands, ponds, and stormwater facilities within Westbrook Estates, Union, Kentucky, developed by Arlinghaus Builders. This request specifically includes the Westfield Lane wetland/pond complex identified in the U.S. Fish & Wildlife Service National Wetlands Inventory as a Palustrine pond (PUBHh) with emergent vegetation (PEM1Fh) and connected stream segments (R4SBC, R5UBH), as well as any inter-agency correspondence involving the U.S. Army Corps of Engineers, Kentucky Division of Water, and Sanitation District No. 1 (SD1). The request also includes the Westbrook Blvd wetland and any other wetlands that were on the National Wetland Inventory. The request is being made in my capacity as a private homeowner in Westbrook Estates. In full disclosure, I also serve as a resident board member of the HOA, but this request is not made on behalf of the HOA. I prefer to receive responsive documents electronically. If any search or reproduction fees will apply, please notify me in advance. Please confirm receipt of this request and provide me with a FOIA tracking number for reference. 2025-EPA-08313	Dow, Jamie	-	I submitted a comment to EPA-HQ-OAR-2025-0194-0093 on August 1, using the email jamie@electrek.co . That comment has not appeared on the docket. I have asked customer service with both regulations.gov and EPA itself, and had no satisfying answers - regulations.gov sent me to EPA, EPA has not responded to multiple emails. There are many hundreds of people signed up for today's call-in comment for EPA's plan to kill thousands of Americans and raise fuel costs by billions of dollars by attempting to delete scientific truths, and yet relatively few comments on the plan on regulations.gov. This suggests that the EPA is hiding not only my own comment, but many others. I would like documents related to my own comment in particular, and to any others that were rejected or whose acceptance was stalled, and why. 2025-EPA-08331	Berwick, Benjamin	The Protect Democracy Project	From January 27, 2025, through the date on which searches are conducted for records responsive to this request: a. Any petition, and any accompanying justification or analysis, that the Environmental Protection Agency (EPA) submitted to the Office of Personnel Management (OPM) recommending the placement of position[s] into Schedule Policy/Career ("P/C"). Schedule P/C is the schedule in the excepted service created by President Trump's Executive Order No. 14,171, 90 Fed. Reg. 8,625 (Jan. 20, 2025). According to a January 27, 2025, memorandum, OPM instructed federal agency heads to submit interim recommendations for reclassification of positions into Schedule P/C on or before April 21, 2025. 1 The memo provided agencies an additional 120 days (i.e., until August 19, 2025) to "finalize their review [of positions] and submit any remaining petitions." These petitions would likely have been submitted to OPM via email at employ@opm.gov with the email header reading "SUBJECT: Schedule Policy/Career." The petitions may have been submitted on a rolling basis and this request seeks all submissions of petition to OPM. b. If the petition(s) submitted to OPM and any accompanying justification or analysis did not set forth the reasons EPA believed these position[s] met the criteria for placement into Schedule P/C, documents sufficient to explain why EPA officials believed the position[s] met those criteria, whether or not the agency sent such documents to OPM. Executive Order 13,957, as amended, requires all agency petitions to "include a written explanation documenting the basis for the agency head's determination that such position[s] should be placed in Schedule Policy/Career." 2. In addition to the records requested above, we also request records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched, and any tracking sheets used to track the processing of this request. If your agency uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.	08/21/2025

2025-EPA-08418	Bogardus, Kevin	E&E News	I request EPA's report outlining EPA's implementation plans for Gold Standard Science as directed by Executive Order 14303, titled "Restoring Gold Standard Science," and is due Aug. 22, 2025. This report is described in the June 23, 2025 guidance by the Office of Science and Technology Policy sent to heads of executive departments and agencies (please see page 7 of https://www.whitehouse.gov/wp-content/uploads/2025/03/OSTP-Guidance-for-GSS-June-2025.pdf). This report is described in the following excerpt of that guidance: "Within 60 days of this memorandum, agencies shall submit to OSTP and post on their agency's website (at <a href="https://<agency main URL>/GSS">https://<agency main URL>/GSS) a report outlining their implementation plans for Gold Standard Science. At a minimum, these plans shall include: • Descriptions of how the agency is addressing each of the tenets of Gold Standard Science, including how these tenets are reflected in the agency's culture, funding opportunities, budget and other resource allocations, award selection and reporting, and other agency actions relevant to the conduct and management of scientific activities. • Development of standardized metrics and evaluation mechanisms to assess adherence to these tenets and their impact on scientific quality, incorporating technology when practicable to facilitate data collection and analysis. • Plans for providing training and resources to ensure agency personnel understand and adhere to the tenets of Gold Standard Science, including the use of AI-driven tools when practicable for efficient compliance. • Discussion of how technology will be leveraged for implementing Gold Standard Science. • Descriptions of any challenges encountered in the implementation of Gold Standard Science. After the first report submitted by August 22, 2025, future annual reports are due to OSTP by September 1st of each year, beginning in 2026."	08/25/2025

2025-EPA-08378	Willson, Miranda	E&E News	Pursuant to the federal Freedom of Information Act, 5 U.S.C. s. 552, I request the following information: All emails, meeting minutes, agendas, remarks and summaries pertaining to EPA Administrator Lee Zeldin's June 12, 2025 meeting at 9 a.m. with the Conservative Climate Caucus. The records pertain to the Office of the Administrator, and the meeting is listed on EPA's public calendar and took place in Washington, D.C. EPA calendar link here: https://www.epa.gov/senior-leaders-calendars/calendar-lee-zeldin-epa-administrator Please omit any material that's already been publicly available, such as media statements from EPA or news articles. I ask that you justify all redactions by reference to specific exemptions of the act with sufficient specificity to permit a reasoned judgment as to whether the material is actually exempt under FOIA. I reserve the right to appeal any such decision. Please waive any applicable fees. Release of the information is in the public interest because it will shed light on a closed-door meeting held by a prominent public official, Lee Zeldin. The information you provide will be used for reporting in E&E News, a news site read widely by government officials and members of Congress, and contribute to government transparency. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request. 2025-EPA-08425	Bisher, Christian	-	I am requesting electronic copies of all communication between the EPA and the San Joaquin Valley Air Pollution Control District (SJVAPCD) related to high-temperature wells at the Avenal Regional Landfill (EPA Registry ID - 110043803630, local air district facility ID C-3839) in Avenal, CA since January 1, 2019. By the entity "the Avenal Regional Landfill," I mean the facility itself, its engineering consulting firm operating on their behalf - SCS Engineers, the owner Waste Connections, or the subsidiary Madera Disposal Systems. We are aware the EPA has sent the landfill correspondence, but the SJVAPCD included no documents from the EPA in our public records request to them. This request is looking to receive any information or direction the EPA has sent to the SJVAPCD directly and does not include documents sent to the landfill and only sent to the air district for information purposes - since my previous request would already capture those. Enforcement and implementation of Part 60 and Part 63 subparts can be completed by both the EPA and the SJVAPCD for the Avenal Regional Landfill. The intention of this request is to obtain any documents directing the SJVAPCD to do something or informing them the EPA is taking action instead of them. This request does not include the request for any official permit documents already listed on the EPA's Permit Hub. (Date Range for Record Search: From 01/01/2020 To 08/25/2025)	08/25/2025

2025-EPA-08484	Gandhi, Hazel	-	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: Emissions data collected from state or local authorities/agencies from January 1, 2018 to March 31, 2025 in the state of Tennessee, segregated county-wise. I am specifically looking for data reported by state or local authorities to the EPA under the Air Emissions Reporting Rule (AERR). I am requesting data for 5 types of emissions: point, nonpoint, mobile, fires and biogenic sources (point emissions are not included in the National Emissions Inventory data and are crucial to my request). Some columns that would be helpful are: county, pollutant name, emissions (in tons), pollutant type, SCC code, EIS sector, source description, SCC levels and FIPS code. If part of the data is available instead of everything I have asked for, please still send it my way. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Hazel Gandhi	08/28/2025

2025-EPA-08540	Martin, Cole	Argus Media	EPA issued decisions on August 22, 2025 that responded to 175 petitions from small refineries for exemptions from the Renewable Fuel Standard. The petitions covered the 2016-2024 compliance years. EPA granted full exemptions to 63 petitions, partial exemptions to 77, denied 28, and found 7 to be ineligible. EPA has publicly released the status of individual petitions that were submitted July 1, 2022 or later but not petitions that were submitted beforehand. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request copies of final decisions impacting refineries that petitioned for relief prior to July 1, 2022, with the minimum number of CBI redactions that is practicable. If there is a non-CBI summary of those decisions (i.e. Refinery A won full relief for the 2020 year, Refinery B won partial relief for the 2020 year, etc.), I would like my FOIA request to cover those as well. I would like to receive the information in electronic format through an email. As a member of the news media, I believe there should not be a FOIA fee, but if there is a fee, please contact me first to discuss the amount. This information is being sought on behalf of Argus Media Inc., an independent media organization that covers energy and commodity markets and policy, for dissemination to the general public. As a full-time journalist for Argus Media, I am primarily engaged in disseminating information to the public. The public has an urgent need to know information about EPA's administration of the Renewable Fuel Standard program and small refinery exemptions, which have substantial impacts on crop demand, biofuel production margins, and retail fuel prices passed onto consumers. (Date Range for Record Search: From 06/13/2025 To 08/22/2025)	09/02/2025
2025-EPA-08541	Martin, Cole	Argus Media	EPA issued decisions on August 22, 2025 that responded to 175 petitions from small refineries for exemptions from the Renewable Fuel Standard. The petitions covered the 2016-2024 compliance years. EPA granted full exemptions to 63 petitions, partial exemptions to 77, denied 28, and found 7 to be ineligible. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request copies of final decisions impacting refineries that sought relief from the Renewable Fuel Standard's 2022 compliance year, the 2023 compliance year, and the 2024 compliance year, with the minimum number of CBI redactions that is practicable. If there is a non-CBI summary of those decisions, I would like my FOIA request to cover those as well. Given the number of records, I am willing to receive the documents on a rolling basis as they are processed and cleared for release. I would like to receive the information in electronic format through an email. As a member of the news media, I believe there should not be a FOIA fee, but if there is a fee, please contact me first to discuss the amount. 2025-EPA-08550	Keyse, Bradley	Haley & Aldrich, Inc.	Please provide any documentation of environmental assessments or maps regarding the location of the following site: CHARLESTON INTERNATIONAL AIRPORT VOR, EPA Registry Id: 110061592003 (Date Range for Record Search: From 02/29/1980 To 08/29/2029)	09/02/2025
2025-EPA-08424	Bisher, Christian	-	I am requesting electronic copies of all communication between the EPA and the San Joaquin Valley Air Pollution Control District (SJVAPCD) related to high-temperature wells at the Avenal Regional Landfill (EPA Registry ID - 110043803630, local air district facility ID C-3839) in Avenal, CA since January 1, 2019. By the entity "the Avenal Regional Landfill," I mean the facility itself, its engineering consulting firm operating on their behalf - SCS Engineers, the owner Waste Connections, or the subsidiary Madera Disposal Systems. We are aware the EPA has sent the landfill correspondence, but the SJVAPCD included no documents from the EPA in our public records request to them. This request is looking to receive any information or direction the EPA has sent to the SJVAPCD directly and does not include documents sent to the landfill and only sent to the air district for information purposes - since my previous request would already capture those. Enforcement and implementation of Part 60 and Part 63 subparts can be completed by both the EPA and the SJVAPCD for the Avenal Regional Landfill. The intention of this request is to obtain any documents directing the SJVAPCD to do something or informing them the EPA is taking action instead of them. This request does not include the request for any official permit documents already listed on the EPA's Permit Hub. (Date Range for Record Search: From 01/01/2020 To 08/25/2025)	09/02/2025
2025-EPA-08426	Bisher, Christian	-	I am requesting electronic copies of any official permitting documents for the Avenal Regional Landfill (EPA Registry ID - 110043803630, local air district facility ID C-3839) in Avenal, CA that are not listed on the EPA's Permit Hub website. The most recent documents we see were submitted April 18, 2024. I am requesting to see if there are any other official permitting documents because (1) a letter from the landfill says the EPA denied a request to increase higher operating values for landfill wells but I see no documents on the permit hub and the San Joaquin Valley (SJV) Air District permits show at least one request approved, and (2) the landfill has wells operating at temperatures higher than either 131 deg F (normal limit), 141 deg F (first requested limit), and 145 deg F (second requested limit and Subpart AAAA limit) with SJV Air District inspections saying the landfill is in full compliance with ALL rules and regs. We are confused how the landfill can have wells at 160 deg F with no officially listed permit documents allowing such temperatures and local air district inspections saying they are still in full compliance. This request is intended to find out if such permit documents exist. This request is only for permitting documents as other public documents to the landfill and air district have already been requested in separate correspondence. 2025-EPA-08570	Furlow, Bryant	New Mexico In Depth	Re: FOIA Request - Unreleased OIG Reports and Investigation Tracking Logs (2016-2025) Dear FOIA Officer: Under the provisions of the Freedom of Information Act, 5 U.S.C. § 552 (FOIA) and e-FOIA amendments, I request in electronic form: 1. A comprehensive list, index, or tracking log of every Office of Inspector General (OIG) report produced since January 1, 2016 that was not previously released publicly online, including title and release/publication date. 2. The first/cover page and executive summary pages of every OIG report completed since January 1, 2016 that was not previously released publicly online. 3. Lists and/or tracking logs of pending (incomplete) investigations—their titles, start dates (for those initiated since Jan. 1, 2016), and if available, anticipated completion dates. I request a news media fee waiver; this request is not in my commercial interest and is submitted as part of news gathering; responsive records will substantively inform the US public about EPA OIG practices. I am a journalist with New Mexico In Depth. Below, I provide the following responses to the EPA's six fee waiver determination criteria: 1. The subject of my request concerns identifiable and direct operations or activities of the federal government, specifically EPA OIG investigation and enforcement actions and regulatory oversight of the agency and/or its contractors, clearly demonstrating that the records requested are related to government functions. 2. The requested records possess a high informative value, as their disclosure will likely provide new insights and detailed information about government operations that are not currently available in the public domain or have not been published in substantially identical form. To date, not all OIG records have been publicly released. 3. Disclosure of these records will contribute to public understanding by informing a wide general audience interested in agency decision-making and OIG actions and activities during a period of growing vacancy rates. As a journalist/news media representative, I have the expertise and platform to distribute the findings broadly, thereby increasing public awareness. 4. The significance of the contribution will be substantial, as releasing these records will greatly enhance public knowledge compared to the level of understanding that existed prior, providing information that may address knowledge gaps or clarify opaque government processes. 5. There is no commercial interest served by this request. Neither I nor my nonprofit news organization will use the information for commercial purposes, and the sole intent is to inform the public. 6. The primary interest in disclosure is undeniably public. Any conceivable commercial interest is negligible in comparison to the significant public interest in transparency, accountability, and oversight of government operations. My role as a member of the news media assures that the principal beneficiary will be the broader public, not any commercial entity. Please direct correspondence to (b) (5) Respectfully, Bryant Furlow, journalist New Mexico In Depth 400 Gold Ave SW #53 Albuquerque NM 87102 (b) (6)	09/02/2025

The Freedom of Information Act, as you are aware, provides that if portions of a document are exempt, the remainder must be segregated and released. Therefore, I would appreciate your sending me all non-exempt portions of those records I have requested. Should you elect to withhold or delete any information, please justify your decision by referencing specific exemptions under the act. Under provisions of the FOI Act, I reserve the right to appeal should you determine to withhold any information sought in my request. I agree to pay reasonable search and/or duplication fees connected with my request. However, should you estimate the total fees will exceed \$50, please notify me so that I may authorize expenditures of a greater amount. While I am prepared to pay such reasonable fees, the FOI Act provides for a waiver or reduction of fees if disclosure could be considered as "primarily benefiting the general public." I am a journalist and plan to use the requested information in an article. Therefore, I ask that you waive all search and/or duplication costs. Thank you, Shelby Jouppi	09/03/2025

2025-EPA-08587	Scacchi, John	Pacific Legal Foundation	Hello. I am requesting the disclosure of all notices of intent to sue submitted to the EPA under four statutes: Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, and the Resource Conservation and Recovery Act. Specifically, I am seeking notices of intent where private parties plan to sue private defendants under 33 U.S.C. 1365(a)(1), 42 U.S.C. 7604(a)(1), 42 U.S.C. 9659(a)(1), and 42 U.S.C. 6972(a)(1)(A)-(B). I would like records dated August 1, 2025, to August 31, 2025. If logs are available, I would like the information to include the name of the party who submitted the NOI, the complainant, the party receiving the NOI, and the NOI type (i.e., title of the anticipated action) in an electronic format please. I would prefer both a list of the notices as well as copies of the notices themselves, but I am happy to accept just copies of the NOIs if logs are unavailable. This is a monthly request in accordance with prior conversations with Royan Teter and Kevin Hill. I am happy to clarify anything about this request. Thank you very much! - Mitchell Scacchi (Date Range for Record Search: From 08/01/2025 To 08/31/2025)	09/04/2025

2025-EPA-08747	Morris, LaWanda		Hello, I would like to submit this FOIA records request regarding a 1991 chemical plant fire that happened in Ashburn, GA at a Wilbur-Ellis plant, a division of Texas-based Tide Products. As part of my records request, I'd like a list of all the chemicals that burned in the plant that day. I'd also like the air quality reports from the day of the fire and the days/years following as well as all other relevant information and data. The city is Ashburn. The plant that burned down was on Washington Street in Ashburn, GA. I believe the address for the land the building used to sit on before the fire (there is now a Dollar General store there) is: 155 W Washington Ave, Ashburn, GA 31714 (it was a Wilbur-Ellis plant, a division of Texas-based Tide Products at the time of the fire). Some residents were asked to evaluate during this time. Also, the fire chief was interviewed by AP News at the time. I have requested records tied to this fire from local agencies but was told that they do not have any records to share and that I should submit a FOIA request. Thank you and I look forward to hearing from you in 20 days or less. Thanks, LaWanda As part of my records request, I'd like a list of all the chemicals that burned in the plant that day. I'd also like the air quality reports from the day of the fire and the days/years following as well as all other relevant information and data. Please confirm receipt of this formal request and let me know what additional info (if any) that you need from me to complete this request. Will the records be mailed to me or emailed electronically? 			possible, an electronic copy is preferred. If the "Agency Internal Use Copy" is not available, please provide the "Public File Copy". This request is being made as per Chapter 10 of EPA Pesticide Registration Manual (https://www.epa.gov/pesticide-registration/pesticide-registration-manual-chapter-10-data-compensation-requirements) which states: "There are two different copies of Form 8570-35: the 'Public File Copy' and the 'Agency Internal Use Copy.' The Agency Internal Use Copy is normally retained for Agency use but is available by request under the Freedom of Information Act (FOIA). The Public File Copy will not contain the guideline reference number, the guideline study name, and the MRID number but will indicate the submitter and status of the data. (MRID numbers are not confidential.) This version of the data matrix will be available for public inspection along with Form 8570-34 once a product is registered." Additionally, the PDF version of the manual (https://www.epa.gov/system/files/documents/2021-08/pesticide-registration-manual-chapter-10.pdf) states that "Data matrices submitted to EPA prior to April 2021 are not currently available in PPLS and can be obtained by submitting a Freedom of Information Act request". We have confirmed with the EPA OPP that ALL Data matrices are currently NOT available on PPLS, so we are submitting a FOIA request to obtain this publicly available information. 2025-EPA-09024	Johnson, Paul	The Driscoll Firm, P.C.	We are trying to simply authenticate the 22 documents referenced in the attachment pursuant to 40 CFR Section 2.406. However, we were told that we need to request these documents in this USEAP FOIA search despite the fact we already have the documents. Please consider this our request for the 22 documents referenced in the attachment. Since we already have the documents, we feel that there should be no charges associated with this request other than reasonable "authentication" fees under the regulation. Please advise if this is not the case. Thanks, Paul Johnson # (b) (6) paul@thedriscollfirm.com	09/22/2025

2025-EPA-08274	Skroupa, James	N/A Unemployed	First party request: Please provide records the Environmental Protection Agency holds on me. More specifically, to reduce any burden on the agency it is important to note I am a victim of an illegal activity that started on or about January 1, 2016 - to current today August 17, 2025. I believe it is likely that this scam, 24/7 harassment, and illicit activity or program targeting me by thousands of individuals daily in combination with the aircrafts and other illegal activity could be linked to an EPA contractor fraud. I am only a victim. The EPA offices and systems manage contractor-related information based on specific program areas and functions, Office of Administrative Services (OAS) manages records related to administrative resources, including those related to contractors working with the EPA. The Information System for the Office of Administrative Services (OASIS) (EPA-41) maintains records of individuals who require access to EPA facilities or systems, including contractors. The EPA's Records Management program ensures that all records, including those related to contractors, are managed in accordance with federal and EPA policies.	09/24/2025

2025-EPA-09158	Leonard, Steve	North Bay Housing, Inc.	This is a request under the Freedom of Information Act, 5 U.S.C. § 552. I request electronic copies (PDF) of: 1. The executed Clean Water Act Title II construction grant agreements for the City of Stockton Regional Wastewater Control Facility (RWCF), including the agreements dated September 19, 1972 and October 5, 1972, and August 29, 1973, and 2. Any supplements, special conditions/assurances, amendments, and approval/transmittal correspondence related to those grants. I am particularly interested in clauses requiring Stockton to operate the RWCF as a regional facility and to provide service to area dischargers on a fair and equitable basis. Format & delivery: Please provide searchable PDFs via email or secure link. Rolling releases are fine. Fees: I request a fee waiver because disclosure will contribute to public understanding of government activities concerning regional wastewater treatment obligations. If fees are unavoidable, I am willing to pay up to \$50; please notify me if costs will exceed that amount. I qualify as a [choose one: representative of the news media / other requester] for fee purposes. If any portion is exempt, please segregate and release the non-exempt portions, citing each FOIA exemption and the foreseeable harm justification. If records are held by another office, please forward or advise. Please provide an estimated date of completion and a tracking number. Thank you. 2025-EPA-09234	Thomas, Katherine	Langan CA, Inc	Langan is conducting a Phase I ESA on two parcels (025-086-08 and 025-083-12) in Huntington Beach, CA. The addresses are: 1901 and 1913 California Street and 1809 Delaware Street in Huntington Beach, CA. While reviewing prior reports, a [2011] Phase I ESA noted a release to a storm drain that resulted in a fine from the EPA in 2010. Additionally in 2010, the report noted a clarifier at 1809 Delaware Street that was closed by slurry fill and was overseen by the EPA. However, Langan was unable to locate documentation of the above events. In the FRS database, there in a Formal Enforcement Action (ICIS-09-2010-1019) but no additional documentation. Langan is requesting documentation for the above noted, as well as, documentation pertaining to environmental spill/releases that may or may not have resulted in fines, environmental events occurring from oil and gas related activities, and all other documentation that your department may be in procession of for the above noted properties.	09/25/2025

2025-EPA-09218	Cameron, Jonathan	-	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APNs: 23003096; 23003097; and 23003098. These APNs are associated with the address: 2770, 2800, 2830, 2858, 2860, and 2890 De La Cruz Boulevard, Santa Clara, Santa Clara County, California. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	09/25/2025
2025-EPA-09241	Skroupa, James	N/A Unemployed	Privacy Act Request: Please provide records the agency holds on me. Please provide the required forms to process this request. I am requesting information the agency holds on me to obtain information on the illegal scheme and targeted unwanted programs and activities that started on or about January 1, 2016 - September 26, 2025. The term "activities" refers to harassment, stalking by unknowns, thousands of individuals daily operating in rolling form, local area resident groups who formed in 2017 violating local, state and federal law, VFR aircraft owners and operators, and wrongful behavior directed at me. In Maryland there is a law MD PUB. SAF 3-503 which states to the effect of these activities that classify as a form of surveillance shall be registered with the governing body of law enforcement where the individual resides and or is proposed to work. I am not under any contract with any organization. This illegal scheme that could be linked to a contract may have been intentionally registered in another state under a similar law. My last employment terminated February 9, 2016, for reporting the same stalking and harassment going on today. There is no consent, no valid employment contract, no employer, and no application. None of the foregoing will be obtained from me. Federal investigations concluded a law enforcement activity is linked to the illegal scheme. Until the information is received as to who the police, fire or ems is with a name it remains unclear how the law enforcement activity is linked. There was another title 14 violation at 9:35am and the harassment has been continuous.	09/26/2025

Examples of responsive documents include the original April 28, 2025 memo "Initial Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service" and the August 7, 2025 memo "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 2. All reports and plans submitted by the head(s) and/or acting head(s) of your department/agency to OPM (at employ@opm.gov or otherwise) to reflect changes suggested by OPM Workforce Policy and Innovation Associate Director Veronica E. Hinton's August 7, 2025 memorandum titled, "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 3. All guidance, policies, memoranda, or directives created by your agency to comply with any directives received from OPM regarding probationary employees, including but not limited to Veronica E. Hinton's August 7, 2025 memorandum titled, "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 4. All documents reflecting the appointment of designees responsible, or any other delegation of authority, for evaluating the continued employment of probationary/trial period employees at your agency. To be clear, the documents Democracy Forward Foundation is here seeking include, at least in part, reports on actions already taken and appointments of designees the agency has already made. These components of the responsive documents and the identities of designated senior officials are consequently neither predecisional nor deliberative, and Democracy Forward Foundation expects that they are subject to substantial disclosure. This is further a matter of significant public interest where any privacy interests of designee officials are de minimis, and would, in any case be outweighed by the public interest in disclosure. This request seeks records from April 24, 2025 until the date of the search.	09/29/2025

2025-EPA-09176	Baek, Dana	Indiana University	Under the Freedom of Information Act, I respectfully request access to observation-level emissions testing data (CO2, NOx, and related pollutants) at the model or test group level for Volkswagen and Audi diesel vehicles covered by the EPA Notices of Violation. Specifically, I am seeking the post-modification and, where available, pre-modification testing results associated with the following EPA Test Groups, as publicly identified on the EPA's website: 9VWXV02.035N (MY 2009) 9VWXV02.0U5N (MY 2009) AVWXV02.0U5N (MY 2010) BVWXV02.0U5N (MY 2011) CVWXV02.0U5N (MY 2012) CVWXV02.0U4S (MY 2012) DVWXV02.0U5N (MY 2013) DVWXV02.0U4S (MY 2013) EVWXV02.0U5N (MY 2014) EVWXV02.0U4S (MY 2014) FVGAV02.0VAL (MY 2015) EADXT03.02UG (MY 2014) FPRXT03.0CDD (MY 2015) GVGAJ03.0NU4 (MY 2016) I am conducting academic research on how the emissions modifications and subsequent regulatory interventions have contributed to social welfare improvements, particularly in terms of air quality and public health. To that end, I am especially interested in systematic datasets (if available) that summarize test outcomes across the affected fleets. If such datasets exist in compiled form (e.g., spreadsheets or databases), I request access in electronic format. If not, I would appreciate any supporting testing reports, appendices, or underlying observation-level data that would allow me to reconstruct emissions outcomes at the model or test group level. Please let me know if any clarification would assist in processing this request. Thank you very much for your time and assistance. 2025-EPA-09180	Allis, Yeshayah	-	I’m looking to retrieve data in an Excel file for Class III injection wells in Ohio and Michigan. Specifically, I’m hoping to find a dataset that includes the following fields (if available): • Latitude and Longitude (coordinates of each well) • Well depth • Activity status (e.g., active/inactive/plugged) • Well type (brine or solution mining) • Target formation • Injection/activity rate To clarify: Class III injection wells are used for solution mining, and are often referred to as brine wells. So when searching for “well type,” any of those terms may be used interchangeably.I’ve attached an example Excel file from New York that serves as a good reference for the type of data and the format I’m hoping to find. Ideally, I’d like to find similar datasets for Ohio and Michigan. They don’t need to be identical, just contain the key fields listed above. 2025-EPA-09343	Torres, Miguel	Torres Torres & Assoc CSP	I am writing to request that the U.S. Environmental Protection Agency certify whether there is a delegation of authority to the Department of Natural and Environmental Resources (DNER) of the Commonwealth of Puerto Rico to implement and enforce the Resource Conservation and Recovery Act (RCRA). Recent findings from ongoing investigations indicate that the RCRA program has not been fully delegated to DNER. On official documents EPA has stated that the Commonwealth of Puerto Rico is not authorized by the EPA to conduct a hazardous waste program under Section 3006 of RCRA, 42 U.S.C. § 6926 and is not authorized to enforce RCRA. The EPA has retained its authority to enforce the hazardous waste rules and regulations in the Commonwealth of Puerto Rico. (Date Range for Record Search: From 01/01/2020 To 09/30/2025)	09/30/2025
2025-EPA-09349	Olander, Maxwell	-	Pursuant to the Freedom of Information Act, I respectfully request access the most recent “request exclusion” data the EPA can provide about NAAQS exceedances and associated exceptional event demonstrations. I am requesting the exact same data fields provided by your agency to MuckRock, The California Newsroom, and The Guardian in 2023 for their research about the exceptional events rule. This extract included a record for each NAAQS standard exceedance registered by air monitors during the period of Jan. 1, 2016, to Jan. 31, 2022, with the following fields: air monitor ID, state/local air agency, pollutant name, exceptional event ID, event description/type, event begin/end date, air monitor sample value and date, an indicator for concurrence and the date of concurrence, and the description, measured statistic, basis, and level of the NAAQS standard violated. I am primarily requesting the same fields for Jan. 1, 2022 to present, which covers the period since their request. If such data exists for years prior to 2016, I request that all available years prior to 2016 be added to the extract as well. I am willing to receive the data in any electronic format. Please contact me if clarification would help expedite the processing of this request. (Date Range for Record Search: From 01/01/2022 To 09/30/2025)	09/30/2025
