Re: Monitoring, Reporting and Verification (MRV) Plan for Northeast Purdy Springer Unit (NEPSU) /
South East Bradley A Unit (SEBAU)

Dear Mr. Moreno:

The United States Environmental Protection Agency (EPA) has reviewed the Monitoring, Reporting and Verification (MRV) Plan submitted for Northeast Purdy Springer Unit (NEPSU) / South East Bradley A Unit (SEBAU), as required by 40 CFR Part 98, Subpart RR of the Greenhouse Gas Reporting Program. The EPA is approving the MRV Plan submitted by Northeast Purdy Springer Unit (NEPSU) / South East Bradley A Unit (SEBAU) on August 8, 2025, as the final MRV plan. The MRV Plan Approval Number is 1010178-1. This decision is effective five days after the signature date below and is appealable to the EPA's Environmental Appeals Board under 40 CFR Part 78. In conjunction with this MRV plan approval, we recommend reviewing the Subpart PP regulations to determine whether your facility is required to report data as a supplier of carbon dioxide. Furthermore, this decision is applicable only to the MRV plan and does not constitute an EPA endorsement of the project, technologies, or parties involved.

If you have any questions regarding this determination, please contact me or the Greenhouse Gas Reporting Program Helpdesk at ghgreporting@epa.gov.

Sincerely,

Sharyn Lie
Director, Climate Change Division
