Mr. Aaron Szabo
Assistant Administrator for Air and Radiation
Environmental Protection Agency
Washington D.C. 20460

**Subject: Mosaic Fertilizer, LLC – New Wales
Phosphogypsum Road Trial
Project Status Update No. 1**

Dear Mr. Szabo:

Condition 3 of EPA's December 20, 2024, approval of Mosaic Fertilizer's small-scale pilot road project requires Mosaic to provide a project status update to the EPA every 90 days following the submittal of the initial project schedule, which occurred on July 2, 2025. The initial update is attached.

Please contact me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Patrick Kane", with a long, sweeping horizontal line extending to the right.

Patrick Kane
Vice President – EHS
