To whomever this may concern,

My name is (b) (6) Privacy, (b) (7)(C) Enf. Privacy and me and my 3 childrens rights have been violated. The city allowed me to move my mobile home in a hazardous area and I am under the impression it was done under racial discrimination. I would like a complete investigation of the land and measurements from the sewage pond behind my mobile trailer. The city connect hole is right in front of my drive way and the main supply water where city officials conduct tests on the water is in the same exact area. The sewage pond is not even secure because (b) (6) Privacy, (b) (7)(C) Enf. Privacy whom has (b) (6) Privacy, (b) (7)(C) Enf. Privacy was playing outside one day and wandered off into the levee that covers up the sewage pond. I have seen people move in and out of this area for years...but not like now, something is not right and needs to be investigated while I still have proof that people have been allowed by the city to live in a hazardous area.
