

2024 Clean Heavy-Duty Vehicles (CHDV) Grants Vehicle Eligibility and Disposition Statement

Burden Statement for EPA Form 5900-682: This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-0754). Responses to this collection of information are voluntary (2 CFR 200 at 2 CFR 1500). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 1-12 hours per response. Send comments on the Agency’s need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Director, Information Engagement Division, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Instructions: Please complete Sections I and II, below, for each vehicle selected for replacement.
Note: there are two templates provided under Section II; grantees should only fill out the relevant template.

I. Eligibility Statement

Grant Identification Number: _____

Existing Vehicle Information		Existing Engine Information	
Make		Make	
Model		Model	
Model Year		Model Year	
Total Mileage		ID or Serial #	
Vehicle Identification Number (VIN)		EPA Family	
Gross Vehicle Weight Rating (GVWR)			
Registration/Licensing #			
Registration/Licensing State			
If School Bus, provide the number of days per week, on average, that the vehicle provided bus service during the 2022-2023 school year			
If non-School Bus, provide the estimated annual mileage traveled for the last two years OR annual idling hours for the last two years if vehicle does not meet annual mileage requirement			

By signing, I affirm that the following statements are true regarding the existing vehicle and engine identified above.

- The existing vehicle being replaced is a Class 6 or Class 7 heavy-duty highway vehicle with a Gross Vehicle Weight Rating (GVWR) between 19,501 lbs and 33,000 lbs.
- The existing vehicle meets one of the following conditions (select the appropriate condition):
 - The vehicle is an engine model year 2010 or older diesel-powered vehicle that will be scrapped, OR
 - There are no eligible 2010 or older diesel vehicles, AND the existing vehicle being replaced is a 2010 or older non-diesel internal combustion engine vehicle that will be scrapped, OR
 - There are no eligible 2010 or older diesel vehicles, AND the existing vehicle being replaced is a 2011 or newer diesel or non-diesel internal combustion engine vehicle that will be scrapped, sold, or donated.
 - There are no eligible 2010 or older vehicles, AND the existing vehicle described above will be retained and enter into reduced service while an older, reduced-service model year 2010 or older vehicle of the same type will be scrapped in its place, provided that a detailed scrappage plan has been submitted and approved by EPA.¹
 - There are no eligible 2010 or older vehicles, AND the existing vehicle described above will be retained and enter into reduced service while a reduced service model year 2011 or newer vehicle meeting the relevant sub-program requirements selected below will be scrapped, sold, or donated, as outlined in a detailed scrappage plan that has been submitted and approved by EPA.¹
- The existing vehicle being replaced was operational at the time of application submission. Operational vehicles should be able to start, move, and have all necessary parts to be operational.
- If the vehicle listed above is being replaced through the **School Bus Sub-Program**, I certify that the following statements are true regarding the existing bus and engine identified above:
 - The existing vehicle being replaced is a “school bus,” defined as a passenger motor vehicle designed to carry a driver and more than 10 passengers, that the Secretary of Transportation decides is likely to be used significantly to transport preprimary, primary, and secondary school students to or from school or an event related to school.²
 - The existing vehicle being replaced has provided bus service to a public school district for at least 3 days/week on average during the 2022/2023 school year at the time of applying, excluding COVID-related or disaster-related school closures.

¹ Grantees selecting this option must complete two Eligibility Statements: one for the vehicle that will enter reduced service and one for the vehicle that will be scrapped, sold, or donated; grantees should then complete Template A or Template B for the vehicle that will be scrapped sold or donated.

² 49 U.S.C. § 30125, available at <https://www.govinfo.gov/content/pkg/USCODE-2023-title49/html/USCODE-2023-title49-subtitleVI-partA-chap301-subchapII-sec30125.htm>

- If the vehicle listed above is being replaced through the **Other Class 6/7 Vehicles Sub-Program**, I certify that the following statements are true regarding the existing vehicle and engine identified above:
 - The existing vehicle being replaced is a Class 6 or Class 7 heavy-duty highway vehicle that does not meet the definition of a school bus given above.
 - The existing highway vehicle has accumulated the required program mileage minimums during the listed timeframe prior to upgrade, which is at least 7,000 miles/year during each of the two years prior to replacement for all grantees that are not considered Tribal or territory grantees. For Tribal and territory grantees, as defined by Section III.A.3., the mileage minimum is 5,000 miles/year during each of the two years prior to replacement. The mileage of two or more vehicles may be combined to reach the mileage minimums listed above where two or more vehicles will be replaced with a single ZE vehicle.
 - If a vehicle does not meet the mileage requirement and the grantee can demonstrate that the vehicle idles the main engine for long periods to provide power for auxiliary apparatus (e.g., firetrucks or utility trucks), the existing vehicle to be replaced must have idled for at least 500 hours/ year during the two years prior to replacement.

Who owned the vehicle that was replaced?

Grantee Other: _____

II. Scrappage, Sell, or Donate Statement

The 2024 Clean Heavy-Duty Vehicles (CHDV) Grants Program ensures that all vehicles participating are a vehicle model year 2010 or older diesel-powered Class 6/7 vehicle that will be scrapped, if selected for funding. If a fleet has no eligible 2010 or older diesel Class 6/7 vehicles, the fleet can either:

- a. Scrap 2010 or older non-diesel internal combustion engine Class 6/7 vehicles;
or
- b. Scrap, sell, or donate 2011 or newer diesel or non-diesel internal combustion engine Class 6/7 vehicles;
or
- c. Place an existing vehicle into reduced service while an older, reduced-service model year 2010 or older vehicle of the same type is scrapped in its place, provided that a detailed scrappage plan has been submitted and approved by EPA;
or
- d. Place an existing vehicle into reduced service while another reduced service model year 2011 or newer vehicle meeting the relevant sub-program requirements is scrapped, sold, or donated, as outlined in a detailed scrappage plan that has been submitted and approved by EPA.

Please refer to the CHDV Notice of Funding Opportunity (NOFO) Section III.D for more information on scrappage, selling, or donation under the CHDV Program. Grantees who are selected for funding must complete one of the following templates below [Template A or Template B] to certify each individual vehicle is scrapped, sold, or donated before the end of the project period:

- **Template A - Scrappage:** Please complete the *Template A – Vehicle Scrappage Statement* if the Vehicle on Page 1 has been scrapped.
 - If the vehicle on Page 1 is being placed into reduced service, then please complete Template A for the previously reduced-service vehicle of the same type that has been scrapped, per the detailed scrappage plan submitted and approved by EPA.
- **Template B – Sell or Donate:** Please complete the *Template B – Vehicle Sell or Donate Statement* if the Vehicle identified on Page 1 has been sold or donated.
 - If the vehicle on Page 1 is being placed into reduced service, then please complete Template B for the previously reduced-service vehicle of the same type that has been sold or donated, per the detailed scrappage plan submitted and approved by EPA.

TEMPLATE A - VEHICLE SCRAPPAGE STATEMENT

Instructions: *Please complete this template if the vehicle identified on Page 1 was scrapped and attach all evidence described below.*

Grant ID Number:	
Existing Vehicle VIN:	

By signing, I affirm that on _____, the above engine and chassis were permanently disabled. Disabling the engine consisted of drilling a three-inch hole in the engine block, or of another, pre-approved scrappage method.³ Disabling the chassis consisted of cutting completely through the frame/frame-rails on each side of the vehicle/equipment at a point located between the front and rear axles, or of another, pre-approved scrappage method that permanently disabled the chassis.

The following required digital photos of the disabled engine and chassis are attached:

- Side profile of the vehicle, prior to disabling
- VIN
- Engine label (showing serial number, engine family number, and engine model year)
- Engine block, prior to scrappage
- Engine block, after scrappage
- Chassis after scrappage

Vehicle Scrappage Evidence Instructions:

Provide the “Old Vehicle Proof of Scrappage” by attaching photos. Attach photos of the destroyed engine and chassis that clearly displays the last 4 digits of the vehicle VIN as proof of old vehicle scrappage.

Who owned the vehicle that was replaced?

Grantee Other: Please Specify _____

³ Recipients may request and receive EPA approval for alternative scrappage methods by submitting an alternative scrappage plan to the regional project officer detailing how the method will destroy and/or disable the engine.

OWNER OF VEHICLE	
Email	
Phone Number	
Address	
Owner Name (Print)	
Signature	
Date	
GRANTEE NAME (IF DIFFERENT THAN OWNER OF VEHICLE)	
Grantee Name	
Address	
Authorized Representative	
Signature	
Date	
DISMANTLER/SCRAPPER	
Name of Business	
Address	
Name (Print)	
Signature	
Date	

New Vehicle Photo Information:

Please provide the following for each new vehicle purchased with Clean Heavy-Duty Vehicle Program funds:

- 1) Provide a clear photo of the front profile of the new vehicle.
- 2) Provide a clear photo of the side profile of the new vehicle.
- 3) Provide a clear photo of the vehicle information plate that displays the VIN and manufacturer. The photo should be a readable display of the VIN plate rather than a photo of just the vehicle with the VIN imposed over the photo.

New Infrastructure Photo Information, if applicable:

Please provide the following for charging or fueling infrastructure purchased with Clean Heavy-Duty Vehicles Program funds, if applicable:

- 1) Provide a clear photo of each piece of equipment's data plate, including the serial number and manufacturer.
- 2) Provide a clear photo of each installed piece of equipment.

TEMPLATE B – VEHICLE SELL OR DONATE STATEMENT

Instructions: Please complete this template if the vehicle identified on Page 1 was sold or donated and attach all evidence described below.

Grant ID Number:	
Existing Vehicle VIN:	

Fleets that do not have eligible vehicle model year 2010 or older diesel or non-diesel Class 6/7 vehicles to scrap and that choose to instead replace 2011 or newer Class 6/7 vehicles by donating or selling those vehicles must retain documentation of that transaction that includes:

1. The name of the fleet donating or selling the vehicle
2. The name, phone number, email, and physical address for the entity taking ownership of the vehicle
3. The VIN of the vehicle that was donated or sold
4. If sold, the dollar amount of the vehicle sale
5. The date of the transaction

By signing, I affirm that on _____ the bus listed above was permanently _____ and that all five checkboxes listed above have been verified to be included in the transaction attachment to be submitted with this template.

Who owned the vehicle? Grantee Other: Please Specify _____

Was the vehicle sold or donated? Sold Donated
 • **If sold, how much was the vehicle sold for in dollars?** _____

What was the date of transaction to donate or sell the vehicle? _____

What is the new location within which the vehicle will operate? Please include all fields below, and include NCES ID, if sold to a school district.

City: _____

Zip Code: _____

County: _____

State: _____

School District NCES ID (if applicable): _____
