

DRINKING WATER STATE REVOLVING FUND

LEAD SERVICE LINE REPLACEMENT

State Program:

North Dakota Drinking Water State Revolving Fund

Assistance Recipient:

City of Bismarck

Project Name:

Lead Service Line Replacement

Initial Agreement Date:

2020

Project Description

The City of Bismarck used \$6.9 million in DWSRF funding with \$1.4 million in principal forgiveness to replace water mains and lead service lines. The project area included approximately 1,000 residents, two major regional hospitals, healthcare clinics, government offices, daycare centers, and a high school. Bismarck underwent a significant community engagement campaign to encourage lead service line replacement. This lead service line replacement project was one phase of Bismarck's 5-year plan to replace lead service lines throughout the City, significantly improving public health.

**DWSRF Assistance
Provided
\$6.9M**

**Principal
Forgiveness
\$1.4M**
