Part II. Self-Assessment

In November of 2003, the town of Hooksett contracted with Defresne-Henry (now Stantec Consulting Services) to assist in the town in developing a Stormwater Management Plan. The Town uses current funds, if available. The Town is currently in the process of working with town Departments and the Community to move this process forward. In 2007, the town had Stantec develop a stormwater ordinance that was to be adopted in July of 2010 by the Hooksett town Council. Rather than attempting to adopt the ordinance in 2010, it was decided to continue with the stormwater mapping efforts. With this detailed information, the draft ordinance will be tailored to meet the needs of the actual, existing infrastructure. After the Town's drainage infrastructure is fully mapped, the ordinance will be revised and brought to the Council for Adoption. It was anticipated that this would be presented by December 2012, unfortunately due to budgetary constraints this will be worked on and brought forward in 2015/2016.

In 2009, the town budgeted funds to create stormwater base maps for the entire Town. As of April 26, 2011, Stantec has completed developing the town-wide stormwater base maps. Copies of the maps are on file at the Town Office Building.

Now that the stormwater maps have been completed, the Town will be focusing on working on meeting the objectives set within the annual report. It is the Town's intent to implement semi annual meetings with the Town Department Heads to further this effort during 2016.

At the end of 2011, it was decided that the Department of Public Works would be completing this annual report.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Plan public education programs	DPW Director Conservation Commission		Coordinate with Department and land use boards	The Town's intent is to work with the Department Heads and land use boards to create educational programs
Revised	Conduct programs	DPW Director		Coordinate with Department heads and land use boards	The Town's intent is to work with the Department Heads and land use boards to create educational programs
Revised					
Revised

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – (Reliance on non-municipal partners indicated, if any)	Planned Activities
	System Base Map	DPW Director or Designee		Completed System Base Maps	Update specific System map sheets as necessary
Revised					
	System Structures	DPW Director or Designee		Completed system Base Maps	Update specific system map sheets as necessary
Revised					
	Develop Stormwater By-laws	DPW Director		Developed a post-development stormwater enforcement ordinance.	Refine draft stormwater outfall ordinance and submit ordinance to town Council for Adoption
Revised					
	Dry-Weather Outfall Screening	DPAW Director or Designee		Outfalls were added to Base Maps	Create a sampling program
Revised					
Revised

3a. Additions

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – (Reliance on non-municipal partners indicated, if any)	Planned Activities
	Review Existing Regulations	Community Development Director		The review of the existing regulations was completed in November 2010	Continue the review/Update process on new regulations and propose application revisions when needed
Revised					
	Revise Regulations	Community Development Director		The regulations were revised during 2010. The Board created a subcommittee who aided in the review process	As local, state and federal regulations and design technology change, the town will be updating the regulations to adhere.
Revised					
	Approval Process	Community Development Director		The revised regulations were provided to all land use boards for review and the Board held several public meetings prior to approving the regs.	Enforce new regulations and implement them on all development projects in 2015
Revised					
	Implement Regulations	Community Development Director		The regulations have been implemented on all projects that have come in front of the Planning Board	Continue the implementation
Revised					
	Evaluate Implemented Regulations	Community Development Director		The Board and the Planning Department has evaluated the newly revised regulations as projects are reviewed and approved.	The Board and the Planning Department are evaluating the newly revised regulations as projects are reviewed and approved

4a. Additions

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Review BMP's	DPW Director or Designee		BMP's and regulations have been presented and adopted by the Town	Continue to review and update according to the revised requirements adopted by EPA and NHDES
Revised	Revise BMP's	DPW Director or Designee		The Hooksett Development Regulations were revised and updated to incorporate new NHDES Requirements and to encourage LID design	Add or revised specifications in the regulations as necessary
Revised	Incorporate BMP's	DPW Director or Designee		BMP's and regulations have been presented and adopted by the Town and will be monitored during the construction of most new projects.	Require that all new proposals meet the new requirements of the adopted regulations.
Revised	Evaluate BMP's	DPW Director or Designee		A ne requirement was added for commercial lot owners to report their completed maintenance to the Town	Require this as part of the plan review on all new projects and implement on all existing commercial sites
Revised					
Revised					

5a. Additions

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – (Reliance on non-municipal partners indicated, if any)	Planned Activities
Revised	Review Existing Policies	DPW director		Review , as needed	Review policies and discuss during proposed quarterly meetings with town Dept. Heads and town Engineer
Revised	Revise Highway Department Policies	DPW Director		Revise as needed	Plan to create a committee to discuss the policies that should be updated and create a draft policy to be reviewed by Town Staff
Revised	Train Employees	DPW Director		Training as needed	Create a training program to educate the employees and make them aware of the requirements.
Revised	Develop Schedules and Inspection Procedures	DPW director		Develop as needed	Update as needed and discuss during proposed quarterly meetings with town Dept. Heads and Town Engineer
Revised	Implement Long term Schedules/Procedures	DPW Director		Implement as needed	Implement as needed and discuss during proposed quarterly meetings with town Dept. Heads and Engineer
Revised

Part IV. Summary of Information Collected and Analyzed

Part V. Program Outputs & Accomplishments (OPTIONAL)

Programmatic

	(Preferred Units)	Response
Stormwater management position created/staffed	staff	4
Annual program budget/expenditures **	(\$)	
Total program expenditures since beginning of permit coverage	(\$)	\$100,000+/-
Funding mechanism(s) (General Fund, Enterprise, Utility, etc)		General fund

Education, Involvement, and Training

Estimated number of property owners reached by education program(s)	(# or %)	12%
Stormwater management committee established	(y/n)	No-2013
Stream teams established or supported	(# or y/n)	Yes
Shoreline clean-up participation or quantity of shoreline miles cleaned ** At Parks by Dpw	(y/n or mi.)	Yes
Shoreline cleaned since beginning of permit coverage	(mi.)	1/2
Household Hazardous Waste Collection Days		
▪ days sponsored **	(#)	Every day Transfer Station is Open
▪ community participation **	(# or %)	2,000
▪ material collected **	(tons or gal)	1.9
School curricula implemented	(y/n)	No

Legal/Regulatory

	In Place Prior to Phase II	Reviewing Existing Authorities	Drafted	Draft in Review	Adopted
Regulatory Mechanism Status (indicate with "X")					
▪ Illicit Discharge Detection & Elimination			x	x	
▪ Erosion & Sediment Control			x	x	
▪ Post-Development Stormwater Management			x	x	
Accompanying Regulation Status (indicate with "X")					
▪ Illicit Discharge Detection & Elimination			x	x	
▪ Erosion & Sediment Control			x	x	
▪ Post-Development Stormwater Management			x	x	

Mapping and Illicit Discharges

	(Preferred Units)	Response
Outfall mapping complete	(%)	100%
Estimated or actual number of outfalls	(#)	14
System-Wide mapping complete (complete storm sewer infrastructure)	(%)	100%
Mapping method(s)		
▪ Paper/Mylar	(%)	100
▪ CADD	(%)	100
▪ GIS	(%)	100
Outfalls inspected/screened **	(# or %)	14-2014
Outfalls inspected/screened (Since beginning of permit coverage)	(# or %)	14(2014)
Illicit discharges identified **	(#)	0
Illicit discharges identified (Since beginning of permit coverage)	(#)	0
Illicit connections removed **	(#); and (est. gpd)	0
Illicit connections removed (Since beginning of permit coverage)	(#); and (est. gpd)	0
% of population on sewer	(%)	40%
% of population on septic systems	(%)	60%

Construction

	(Preferred Units)	Response
Number of construction starts (>1-acre) **	(#)	7
Estimated percentage of construction starts adequately regulated for erosion and sediment control **	(%)	100%
Site inspections completed **	(# or %)	100%
Tickets/Stop work orders issued **	(# or %)	0
Fines collected **	(# and \$)	0
Complaints/concerns received from public **	(#)	0

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	0-
Site inspections (for proper BMP installation & operation) completed **	(# or %)	0 – Procedure approved and to be implemented in 2015
BMP maintenance required through covenants, escrow, deed restrictions, etc.	(y/n)	Yes
Low-impact development (LID) practices permitted and encouraged	(y/n)	Yes

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets) **	(times/yr)	1 Time
Average frequency of catch basin cleaning (commercial/arterial or other critical streets) **	(times/yr)	As required
Qty of structures cleaned **	(#)	1,395
Qty. of storm drain cleaned **	(%, LF or mi.)	875

Qty. of screenings/debris removed from storm sewer infrastructure **	(lbs. or tons)	3 tons perload
Disposal or use of screenings (landfill, POTW, compost, beneficial use, etc.) **	(location)	Beneficial use

Basin Cleaning Costs		
• Annual budget/expenditure (labor & equipment)**	(\$)	Est. \$40,000
• Hourly or per basin contract rate **	(\$/hr or \$ per basin)	\$135
• Disposal cost**	(\$)	0
Cleaning Equipment		
• Clam shell truck(s) owned/leased	(#)	0
• Vacuum truck(s) owned/leased	(#)	1
• Vacuum trucks specified in contracts	(y/n)	N
• % Structures cleaned with clam shells **	(%)	0
• % Structures cleaned with vector **	(%)	100

	(Preferred Units)	Response
Average frequency of street sweeping (non-commercial/non-arterial streets) **	(times/yr)	2
Average frequency of street sweeping (commercial/arterial or other critical streets) **	(times/yr)	2 or when needed
Qty. of sand/debris collected by sweeping **	(lbs. or tons)	Est 20 tons
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.) **	(location)	Beneficial use
Annual Sweeping Costs		
• Annual budget/expenditure (labor & equipment)**	(\$)	\$10,000
• Hourly or lane mile contract rate **	(\$/hr. or ln mi.)	n/a town owned
• Disposal cost**	(\$)	0
Sweeping Equipment		
• Rotary brush street sweepers owned/leased	(#)	Town owned
• Vacuum street sweepers owned/leased	(#)	0
• Vacuum street sweepers specified in contracts	(y/n)	No
• % Roads swept with rotary brush sweepers **	%	90
• % Roads swept with vacuum sweepers **	%	0

Reduction (since beginning of permit coverage) in application on public land of:
 ("N/A" = never used; "100%" = elimination)

▪ Fertilizers	(lbs. or %)	2,000
▪ Herbicides	(lbs. or %)	N/A
▪ Pesticides	(lbs. or %)	3,000 lbs
Integrated Pest Management (IPM) Practices Implemented	(y/n)	N

	(Preferred Units)	Response
Average Ratio of Anti-/De-Icing products used ** (also identify chemicals and ratios used in specific areas, e.g., water supply protection areas)	% NaCl % CaCl ₂ % MgCl ₂ % CMA % Kac % KCl % Sand	90 0 0 0 0 0 10
Pre-wetting techniques utilized **	(y/n or %)	Yes
Manual control spreaders used **	(y/n or %)	No
Zero-velocity spreaders used **	(y/n or %)	Yes
Estimated net reduction or increase in typical year salt/chemical application rate	(±lbs/ln mi. or %)	3650 ton
Estimated net reduction or increase in typical year sand application rate **	(±lbs/ln mi. or %)	766.28 ton 20%
% of salt/chemical pile(s) covered in storage shed(s)	(%)	100%
Storage shed(s) in design or under construction	(y/n or #)	N
100% of salt/chemical pile(s) covered in storage shed(s) by May 2008	(y/n)	Yes

Water Supply Protection

Storm water outfalls to public water supplies eliminated or relocated	# or y/n	N
Installed or planned treatment BMPs for public drinking water supplies and their protection areas	# or y/n	N
Treatment units induce infiltration within 500-feet of a wellhead protection area	# or y/n	N
