Re: Strafford Regional Planning Commission – Culvert Assessment/Inventory Program

Dear Ed:

Enclosed, please find the completed Strafford Regional Planning Commission (SRPC) culvert assessment packet, which was generated for the Town of Rollinsford and recently released by the New Hampshire Geological Survey (NHGS) for public viewing. The packet includes: one (1) copy of the SRPC structure report (containing geomorphic & aquatic organism passage compatibility ranking data, individual structure data and associated locations maps), one (1) copy of the field data sheet, one (1) copy of the New Hampshire Culvert Assessment Protocol Instructions and one (1) copy of the completed Access Database containing the raw field data which was supplied to NHGS prior to quality check and assurance processing protocol for this dataset.

Please note that it is our intention to visit additional structures during the upcoming growing season to gather additional supplemental data requested by NHGS and continue to build on this living document.

Thank you for your time, information and participation in this program. If there are any questions regarding this report and associated data please do not hesitate to contact me.

Sincerely,

Gregory M. Jones
Regional Planner
