2024-EPA-05364	Farricielli, Joseph	-	Dear Administrator Regan:I believe that someone from your staff should investigate the following: I sent an FOi request if the State of CT would not create hazardous waste site without EPA permits and oversite. I was wrong. I received an email stating that I should contact Mr. William J. Sigmund at CTDEEP for information. The USEPA had no knowledge of the hazardous waste dump or the \$60 million cleanup. Since I am questioning the actions of the CTDEEP, you have asked me to check with fox to see if the chickens are safe. I received this undated email stating "This letter is to advise you that EPA region 1 has no information responsive to your request" Copy of NBC- Connecticut News Release - Massive Soil Cleanup Begins in HamdenThe state of Connecticut has decided to place some of the waste being removed from this clean up, upgradient to wells, south of the Tire Pond, all without any EPA oversight or knowledge. CTDEEP has left the disposal site (Tire Pond) open and unclosed for 20 years. Do I believe they will give me an answer to the question When Will the Tire Pond be closed?I now feel confident that the CTDEEP will tell me that all is OK.	07/01/2024

2024-EPA-05259	DeConcini, Theresa	Arizona State University	Date: June 3rd, 2024 Subject: FOIA Request for Ambient Air Quality Monitoring Network Assessments--South Carolina State (Region 4) Dear FOIA Officer, Pursuant to the Freedom of Information Act (5 U.S.C. § 552), we are requesting access to the following records required to be submitted and accessible to the public under U.S.40 CFR § 58.10 (d): 1. Title: State of South Carolina: 5-Year Ambient Air Monitoring Network Assessment for the Year 2015 Submitting Agency: South Carolina Department of Health and Environmental Control, Bureau of Air Quality Receiving Agency: USEPA Region 4 Due Date: July 1st, 2015 Notes: We attempted to retrieve this document from the SC Dept. of Health and Environmental Control via document request on 02/08/2024. They were not able to fulfill our request and we received the following information in response from the Section Manager of the Air Regulation, Data Analysis, & SIP Management: "We have a retention schedule for this data, and the 2015 network assessment is no longer retained. It contained what would be very out of date information...South Carolina complies with all federal regulatory requirements, and in this case, 40 CFR Part 58. We did submit network assessments in 2010 and 2015. That information is outdated now. We have closed some monitoring sites and started new ones. We follow the reg and any guidance that the EPA sends out for us to use." I require the information about the sites current in 2015 contained in the assessment prepared by the SC Dept. of Health and Environmental Control and still require this document. This information is sought for public interest and will contribute significantly to public understanding of academic research on environmental monitoring. It is not sought for commercial use. Should costs exceed \$310 (per 40 CFR 2.107(g)(1)), please inform us in advance. If you have any questions or need further clarification, please contact Dr. Hernandez-Cortes. 2024-EPA-05300	Cox, David	FirmoGraphs, LLC	To Whom It May Concern, We are currently working on a project that involves analyzing data from the 'National Combined' ZIP file (csv files have 2024-06-06 date stamp), specifically the NATIONAL_ENVIRONMENTAL_INTEREST_FILE. According to the Facility State File Documentation, the ACTIVE_STATUS column is meant to represent the status of the environmental interest at a facility or site (e.g., Active, Inactive, Operating, Proposed for NPL, Deleted from Final NPL, Currently on Final NPL). However, we have noticed that this column includes a variety of statuses that are either abbreviated with one or two letters or described in ways that are not immediately clear to us. Examples include statuses such as A, D, N, PR, PU, Y, and phrases like “Out Of Service Â Will Be Returned” and “Out Of Service Â Will Not Be Returned” Do you mind providing us with a comprehensive list or guide that decodes these statuses? Understanding the precise meaning of each status is crucial for our analysis, and any assistance you can provide would be greatly appreciated. Thank you in advance. 2024-EPA-05299	Boren, Zachary	-	Dear FOI officer, This is a request for information under the Freedom of Information Act. I would like to see copies of email correspondence and meeting documents from 1 November 2023 to the present day involving representatives of the EPA's Office of Resource Conservation and Recovery or Office of Chemical Safety and Pollution Prevention and the follow entities: The consultancy ToxStrategies The NGO Delterra The consultancy McKinsey & Company The American Fuel and Petrochemical Manufacturers The Plastics Industry Association In each instance I would like to receive the following documents: Email correspondence Meeting minutes Any briefings prepared for meetings The agendas Slides or presentations given at meetings Policy on plastics is a matter of high public interest, both in the US and internationally, as there is an ongoing crisis concerning how plastics are produced, managed and disposed of, which has affected US local communities across the country, as well as communities overseas. The ongoing plastic treaty will affect long-term public policy globally and in the US on the issues of carbon emissions, waste management and the production of chemicals that are potentially dangerous and toxic. The request concerns the government's response to this and its policy position on the world stage, which has been criticised, with complaints raised about lobbying by industry on the issue. The industry's role in influencing government policy has not received much attention, as new issues, the science and policy options evolve - such as advanced recycling and the global plastic treaty - the public has a right to understand more about how these decisions are made. Although there is small amount of information in the public sphere about who is lobbying the US government on these issues, very little is known about the substance of this lobbying. Disclosure would therefore aide public understanding of the issue and the role of government and industry. I also wish it to be noted for these reasons that I am an accredited journalist and work for a non-profit so disclosure is not in my commercial interest. For all these reasons, I wish to request a fee waiver. (Date Range for Record Search: From 01/11/2023 To 04/07/2024)	07/05/2024

2024-EPA-05341	Lennon, Diana	Verdantas	We are conducting an environmental investigation of the property located at 330 Roycefield Road (Block 142 Lot 23.10; historically Lot 23B), Hillsborough, Somerset County NJ. As part of this investigation, we are requesting that your office perform a records search for remediation, solid & hazardous waste, air, land use and environmental violations. Additionally, we understand that a tank farm which formerly operated as part of the Somerville Depot was historically located on this area of the former Somerville Depot property (PI # 023673). We are interested in any investigations conducted here, particularly following submission of the 2006 Remedial Investigation Report prepared by Parsons on behalf of the Department of Defense (DOD)/Defense Logistics Agency (DLA). We have a copy of a July 6, 2005 letter from NJDEP to Pat Richard LLC (former tank farm property owner) and are interested in any subsequent/additional information pertaining to this property, including but not limited to the following: 1) Details/results of any additional sampling beyond that which was included in the April 2006 RIR (possible that the sampling was completed on behalf of the United States Postal Service (USPS), US Army Corps of Engineers (USACE), Defense Logistics Agency (DLA), or others) 2) Any additional correspondence between Pat Richard LLC, USPS, USACE, DLA, and/or NJDEP regarding environmental investigations at the former tank farm (Date Range for Record Search: From 01/01/1950 To 07/08/2024)	07/08/2024
2024-EPA-05339	Lennon, Diana	Verdantas	We are conducting an environmental investigation of the property located at 360 Roycefield Road (Block 142 Lot 23.02; historically Lot 23C), Hillsborough, Somerset County, NJ. This site was previously a part of the Former Somerville Depot (PI # 023673) environmental investigation but in 2005/2006 the USPS might have created a Data Gap Workplan, entered into a Memorandum of Agreement (MOA) with NJDEP, and took over the investigation. As part of this investigation, we are requesting that your office perform a records search for remediation, solid & hazardous waste, air, land use and environmental violations. Additionally, we have a copy of a 2006 Remedial Investigation Report prepared by Parsons on behalf of the Department of Defense (DOD)/Defense Logistics Agency (DLA) that documents investigation on this property. We are interested in any subsequent/additional information pertaining to this property, including but not limited to the following: 1) Details/results of any additional sampling beyond that which was included in the April 2006 RIR (possible that the sampling was completed on behalf of the United States Postal Service (USPS), US Army Corps of Engineers (USACE), DLA, or others) 2) Copies of reports referenced in the letter from NJDEP to the DLA dated December 7, 2005 (included in attached NJDEP correspondence): Data Gap RI Work Plan dated September 22, 2005, prepared by Parsons on behalf of DOD/DLA; and Data Gap RI Workplan for AOC 2 located on the former USPS property, prepared on behalf of the USPS	07/08/2024

			(consultant unknown) 3) Any additional correspondence between USPS, USACE, DLA and/or NJDEP regarding environmental investigations at the former USPS property (Date Range for Record Search: From 01/01/1950 To 07/08/2024)	
2024-EPA-05321	Bogardus, Kevin	E&E News	I request the briefing described in the following excerpt from the joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42: "Renewable Fuel Standards. — The Committees direct the Agency to provide a briefing within 90 days of enactment of this Act on planned actions related to the eRINS proposed rule. The Committees note that the process for renewable fuel pathways continues to suffer from significant delays and inefficiencies, creating uncertainty for biofuel producers. The Committees direct the Agency to provide a report, within 90 days of enactment of this Act, outlining recommendations on how to streamline and expedite the RFS pathway petition and approval process, as well as information on its hiring activity. The Committees include only the following direction regarding waste plastic and waste tires. The Committees direct the Agency to provide a briefing within 120 days of enactment of this Act on the potential benefits and drawbacks of including these waste streams as cellulosic biofuels." 2024-EPA-03527	Choi, Dahyun	Princeton University	I would like to know specific datasets the EPA considers when evaluating reports submitted via GreenHouse Gas Reporting Program (GHGRP). These datasets do not necessarily need to be industry-specific; rather, I am seeking a broad understanding of the datasets utilized by the EPA for evaluation purposes. Additionally, I am curious if there are any collaborative efforts between agencies involved in this verification process. 2. I would appreciate further insights into the internal review process of the Greenhouse Gas Reporting Program (GHGRP). Specifically, I am seeking information regarding the individuals involved in the verification process and the criteria used for their selection as reviewers. Furthermore, I would like to request the full list of reviewers who participated in the verification process from 2010 to 2022. Additionally, I would like to request the data regarding the staffing size of the division responsible for managing the greenhouse gas reporting program for each year within the same timeframe (2010 to 2022). Thank you so much for answering these questions in advance, and I look forward to hearing from you soon.	07/08/2024

2024-EPA-05213	McCammon, Muira	N/A	Please See attachment for description. I request all agency records from January 2009 to the present concerning Tweets deleted or drafted and not sent from the @EPAregion2 account associated with the Environmental Protection Agency. I believe the records that I seek are located, inter alia, within agency headquarters, in email records, and in third-party platforms used to manage the Agency's social media accounts. The records I request include, but are not limited to: 1. Records of all tweets deleted by the Twitter handle associated with the Environmental Protection Agency (@EPAregion2), including: a. Any tweets that were published on Twitter and subsequently deleted for any reason; and b. Any tweets published by other accounts that were retweeted by @EPAregion2 and subsequently deleted for any reason. 2. Records of all tweets that have been kept in draft form beyond their expected date and time of publication, on Twitter or in a third-party social media management platform, for any reason. 3. Records related to the drafting or deletion of tweets, including: a. Any correspondence or record of correspondence regarding the drafting or deletion of specific tweets i. including correspondence sent through official government email addresses or messaging services; and ii. including correspondence sent through private third-party services such as Gmail or Slack; and iii. Including any messages, notes, or annotations created on a third-party social media management platform. b. Documentation of the agency's existing policy regarding the preservation and maintenance of tweets as per the Federal Records Act, and Federal Records Management Bulletin 2014-02 (available at https://www.archives.gov/records-mgmt/bulletins/2014/2014-02.htm), which stated that "social media content may be a Federal record when the use of social media provides added functionality, such as enhanced searchability, opportunities for public comment, or other collaboration... A complete Federal record must have content, context, and structure along with associated metadata (e.g., author, date of creation). The complete record must be maintained to ensure reliability and authenticity." c. Any briefings, reports, memoranda, legal opinions, policy statements, or talking points used or disseminated within the Agency regarding the drafting or deletion of tweets.	07/08/2024

2024-EPA-05327	Bogardus, Kevin	E&E News	I request the briefing described in the following excerpt from the joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42: "Ensure Safe Water. — Within available funds, the agreement provides no less than \$5,000,000 for the Agency's continued work within the Underground Injection Control (UIC) program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency. These funds should be used by the Agency to expeditiously review and process Class VI permits and primacy applications from States and Tribes. In addition, the agreement provides \$1,200,000 to support Class VI regulator education and training programs in conjunction with States or other eligible entities such as an association of States. Within 270 days of enactment of this Act, the Agency is directed to provide a report to the Committees detailing a plan for consideration of guidance regarding the transition of UIC Class II wells used for long-term geologic storage of carbon dioxide to UIC Class VI wells under the existing regulatory structure. Within the available funds, the agreement continues the enacted level of \$3,000,000 for the Agency to complete the needs assessment for nationwide rural and urban low-income community water assistance authorized in section 50108 of the Infrastructure Investment and Jobs Act (Public Law 117-58). The Agency is directed to brief the Committees on plans for survey implementation within 120 days of enactment of this Act." 2024-EPA-05375	Simmons, Erica	Fulcrum Environmental Consulting	I am looking for ALL records for the property located at 111 Fort Road, Toppenish, Washington. The property is within Yakama Nation and from my understanding is under EPA jurisdiction. Please inform me if I am incorrect. The property has used the names Yakamart, Saving Sandy's, and Antique Gas Station. I previously submitted a request (2024-EPA-04983) and was referred to the myproperty site which does not have the records I am looking for. A database search for this property identified a No Further Action issued for the property (I believe in 1992) pertaining to a leaking gasoline UST. EPA should hold records for the removal of USTs in the 1990s and around 2011. The property has also been issued multiple letters from EPA in at least the last 15 years. The FOIA site does not allow me to submit an appeal on my previous request and all the emails provided by EPA in the response letter are inactive addresses. Please let me know how I should best direct this request. As modified by requester via email on 7/18/2024: I am interested in all records for this property. If it will assist with expediting, email correspondence can be excluded, but I would like the request to include all letters and other formal correspondence between the EPA, property operators, and Yakama Nation. To assist with the search, I would expect EPA to have records for at least the following: ? Early 1990s UST removal, LUST records, some level of investigation/remediation, and a NFA determination ? Early 1990s (likely) UST installation and ~2011 UST removal records ? ~2011 documentation of a new fueling station with ASTs ? Letters from EPA regarding compliance concerns with the new (post-2011) fueling station The above list is not comprehensive, and there are likely other EPA documents that I am unaware of. To clarify- yes, I would like all records minus email correspondence.	07/10/2024

2024-EPA-05370	McDade, Madison	Langan	Langan Engineering & Environmental Services, LLC is seeking previous environmental reports pertaining to the "Romulus I-275 Truck Rollover" Superfund Site (EPA ID MIN000510494). 2024-EPA-05419	BIS, JUSTIN	Financial Fairness Alliance	Background It was recently reported that members of Congress urged Federal Trade Commission (FTC) to investigate pending oil and gas company mergers. While the investigation requests are meant to prevent monopolization, there are concerns for undue regulation. The requested information will provide transparency for communications concerning the FTC and members of Congress on antitrust regulation. Requested Records FFA requests all emails (with attachments), text messages (including messages from default texting applications or encrypted messaging apps such as Signal or WhatsApp), calendar items (including invitations and responses), phone logs, chats, and meeting logs from virtual meeting and collaboration platforms (Zoom, Microsoft Teams, Slack, WebEx, or similar platforms) concerning or between the following officials: • Michael S. Regan, Administrator • Janet McCabe, Deputy Administrator • Dan Utech, Chief of Staff • Grant Cope, Senior Counselor to the Administrator • Zealan Hoover, Senior Advisor to the Administrator • Jahi Wise, Senior Advisor to the Administrator • Tim Del Monico, Associate Administrator • Kevin Bailey, Deputy Associate Administrator • John Lucey, Deputy Associate Administrator for Intergovernmental Relations • Ashley Morgan, Deputy Associate Administrator for Congressional Affairs (Senate) • Emma Tyler, Deputy Associate Administrator for Congressional Affairs (House) FFA requests from the FTC all communications concerning the aforementioned officials and any individuals representing the following organizations: • ExxonMobil • Chevron Corporation • Occidental Petroleum • Chesapeake Energy • Southwestern Energy • APA Corporation • Diamondback Energy The time frame for the requested records is from January 1, 2024, to the date the search begins. If you or your office have destroyed or decide to withhold any records that could be reasonably construed to be responsive to this request, please indicate this fact and state the reasons for doing so in your response. Agencies are prohibited from denying requests for information under FOIA unless the agency reasonably believes the release of the information will harm an interest that is protected by the exemption. If you determine that portions of the records requested are exempt from disclosure, we request that you segregate the exempt portions and send the non-exempt portions to my email address below within the statutory time limit. FFA is willing to receive records on a rolling basis. To facilitate our request most efficiently, we request that the FOIA office use the agency's email management system as part of the search for this request. Format We ask the requested records are provided electronically and to the extent practical, in native file format, or if not practicable, with full metadata for all fields. FOIA provides that "an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format." Please provide the records in a load-ready, format with either 1) a .csv file index or Excel spreadsheet, or 2) in a PDF format without any portfolios or embedded files, and not in a single batched .pdf file. If any of the requested records are being withheld or redacted based on an exemption, we ask that you submit the following: 1. Identify the withheld record by titl . . . The description has exceeded the character limit.	07/11/2024

2024-EPA-05413	Zitomer, Daniel	Northwestern University - Dunn Research Group	I hope you're doing well. My name is Daniel Zitomer, and I am a researcher at Northwestern University. Our Lab (Dunn Lab) is currently researching the feasibility of wastewater nutrient recovery, and we are hoping to gather data from IL wastewater treatment facilities on the influent composition. We are working on developing a Machine Learning Model to use activity data related to the communities served by wastewater treatment facilities, coupled with climate related conditions to predict the concentration of pollutants in the influent which can further be used to assess the potential for recovering byproducts from those facilities. Specifically, we are looking for total influent flow, and the influent BOD5, CBOD5, SS, VSS, TS, VTS, TKN, NH3-N, NO3-N, NO2-N, P-total, and P-Solid from 2013 from each Wastewater Treatment Facility in Illinois. It looks like only the effluent data is published on the EPA ECHO site, and we're looking for these water quality measurements on the influent	07/12/2024

			side. The data will not be shared with external parties or will be made available for public access, it is only required for internal use purposes. Thank you very much! 2024-EPA-05464	Weihrauch, Kelly	Roux	Hello, We are conducting a Phase I Environmental Site Assessment at a property in San Jose, CA. We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following APN: 244-01-023. The Site is located at 2334 Lundy Place, San Jose, CA. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media. Can you please notify us if you have any records? Thank you, Kelly Weihrauch	07/18/2024
2024-EPA-05496	Matamoros, Derek	-	I am seeking a detailed Excel sheet that contains the names of Texas school districts/charters in the state that have school buses in their fleets that are 2006 and older and have not received Clean School Bus grant funding. requesting the names of the school districts in Texas that currently have buses from 2006 and older on their daily routes. This way, we can solicit these school districts to see if they would like to apply for school bus funding. I am not sure if it would be possible to obtain	07/18/2024

			current registration forms from them. I think it would be best to have just the names of the districts so we can reach out to them, and they might have that information readily available. (Date Range for Record Search: From 7/17/2023 To 7/17/2024)

2024-EPA-05501	Cartus, Alexander	Chemservice S.A.	Dear Madame or Sir, My name is Alexander Cartus, I am working for a globally acting consultant company of the chemical industry in Luxembourg (Chemservice S.A.). For a dossier of an active substance under the framework of the European Biocides Regulation (BPR), we are in need of a study, which is cited in the IRIS Assessment Summary on sodium chlorite (https://iris.epa.gov/static/pdfs/0648_summary.pdf). Following a communication with Bernard King (Records Management Specialists III USEPA Docket Center), the study was already localized as follows: MRID: 45358901: Bailey, G. (1996) Sodium Chlorite: Drinking Water Rat Two--Generation Reproductive Toxicity Study: Amended Final Report: Lab Project Number: CMA/17/R. Unpublished study prepared by Quintiles England Ltd. 2120 p. We would highly appreciate if you could provide us with the above-mentioned study report. Background: Although the major results of this study are also publicly available in a scientific journal paper (Gill et al., 2000), this information is regarded as not sufficient by the evaluating authority in the EU (Germany). Hence, they request performing a new OECD 443, but stated also that the already existing study may be sufficient, if certain information the full study report can be provided. Of course, we want to avoid a new EOGRTS that presumably provides little or no new scientific information, particularly for reasons of animal welfare, but also because of the long duration of the study and the high costs. 2024-EPA-05502	Biancavilla, Brian	Trelleborg Coated Systems US, Inc.	In communication with the North Carolina Division of Waste Management, NC Department of Environmental Quality, they state the following: Prior to November 19, 1980 Reeves Brothers, Inc. notified the United States Environmental Protection Agency (EPA) that the facility is a hazardous waste treatment, storage or disposal facility and applied for interim status under the Federal Resource Conservation and Recovery Act (RCRA)." The Site, under the Reeves Brothers Inc., received the EPA ID: NCD083673616 sometime prior to 1982. I cannot locate this "notification" from Reeves Brothers, Inc. to the US EPA. My company, Trelleborg Coated Systems US, Inc. purchased Reeves Brothers, Inc. back in 2008. Going back to 1982 I cannot see any RCRA inspections identifying Reeves Brothers, Inc. as anything other than a "Generator" of Hazardous Waste. I request that all documents related to the above referenced notification to the USEPA regarding Reeves Brothers, Inc. and any notifications, communications, or notices regarding Hazardous Waste Treatment, Storage, and Disposal Facility operations, Interim Status under the Resource Conservation and Recovery Act be immediately released to counter the State of North Carolina's assertion that my facility was at any time a functioning and/or permitted Hazardous Waste Treatment, Storage, and Disposal Facility. 2024-EPA-05546	Hicks, Nathan	Down to Earth	Good afternoon, we are conducting a Phase I Environmental Site Assessment of the former Par Finishing site located at 31 Tosun Road, in Wolcott, CT. We are requesting electronic copies of any documents the EPA has on file related to 31 and/or 34 Tosun Road. Known occupants have included Par Metal Finishing (aka Par Finishing or Par Refinishing), Wolcott Electroplating (aka Wolcott Electric Plating), Specialty Coil Company, and/or Ultimate Services and we would like any documents discovered in relation to these former occupants on Tosun Road in Wolcott, CT. In case such information is useful, according to a 1991 OSC Report, documents from an EPA lead investigation conducted on a portion of the Site were formerly stored at a branch location in Lexington Mass. and identification number 98 was assigned to the Site. We have chosen 1960 as the date range start based on EPA reports which indicate historic industrial operations were conducted from the 1960s through 1980s; we expect however, based on available documents, that EPA's documents will be primarily from the 1980s and 1990s. Thank you for your assistance. (Date Range for Record Search: From 01/01/1960 To 07/22/2024)	07/22/2024

2024-EPA-05539	Cox, David	FirmoGraphs, LLC	Wwe are completing a report where we research the drinking water treatment plants operated by the largest U.S. drinking water systems. Generally when we think about treatment plants we want to know the ID FRS, to be able to relate the plant to other EPA data. Is there a uniform / simple way to know the ID FRS for the treatment plants in SDWIS, to help us 'crosswalk' the data? We are looking in the SDWIS "Facilities" report, and see different IDs that are available such as State Facility ID and Facility ID, but these don't appear to be ID FRS.	07/23/2024

2024-EPA-05682	Herr, Judd	Langan	Site: New Castle Development Corporation (NCDC), 3000 Howard Drive, New Castle, located in New Castle, Lawrence County, Pennsylvania. EPermit Reference No. 224603 Powder Mill Works eFACTS PF No. 625809 eFACTS Activity No. 56458 Information pertaining to the the explosive manufacturing production (EMP) period and the post-explosive production (PEP) period. The EMP period existed from the late 1800s to the early 1970s and the PEP period has existed since that time. Each of these companies owned and operated the facility except as noted: • American High Explosives from the late 1800's through 1917; • The Grasselli Powder Company from 1917 through 1928; E. I. Dupont de Nemours & Co. from 1928 through 1930; • Burton Explosives, Inc. from 1930 through 1938; • American Cyanamid Corporation leased the facility from 1934 until 1938 and purchased the property in 1938. American Cyanamid maintained ownership and production activities on the property until 1972. The facility produced trinitrotoluene (TNT) until about 1918, dynamite and nitroglycerin until 1969. Production of ammonium nitrate began either in 1958 or 1960 and continued until plant closure in 1972. Ammonium nitrate fuel oil (ANFO) explosives were produced at the facility from 1970 or 1971 until plant closure in 1972. 2024-EPA-05723	Turner, Daniel	Power the Future	copies of all text versions of non-email, non-text-message electronic instant messages ("chats") a) involving/including Janet McCabe, b) at any time from i) January 21, 2021 through May 31, 2021, ii) June 30, 2022 through July 30, 2022, and iii) May 15, 2024 through July 31, 2024, inclusive (approximately seven months). This includes Chat logs/transcripts sent/received over the covered period on Microsoft 365 or Teams chats, channel messages, Slack, Skype, BlueJeans, Jabber, Cisco Webex, Adobe Connect, Google Meet, Google Hangouts, GoTo Meeting, FaceTime, Houseparty, and/or Zoom or any similar platform. This request covers the content of all such chats, including i) entire conversations, one-to-one or group, ii) not limited to those associated with meetings, but covering all Chats given that these Chat functions can be and are in fact used by government employees as alternatives to email. This requires processing both a) chats from calls, and b) chats not from calls, which are separately stored on the respective program/ application) as alternative to email even when there is no, e.g., Teams or Zoom meeting in session. Like text messages, chat messages are as a practical matter typically not dense in terms of type or content but contain very few words each, far fewer than materials such as reports or memoranda or even emails. Requester submits that a number of responsive messages is a poor indicator of the work required to process responsive records, and a more appropriate metric is page-equivalent (the typical typewritten page contains 500 words (single spaced) or 250 words (double spaced)). Please indicate the name of the social media discovery product used to search for related records and the social media archiving solution your office implements if the records are not preserved in a DoD 5015.2 compliant repository.	07/31/2024

2024-EPA-05736	Marx, Aaron	Crowell & Moring LLP	I am submitting this request under the Freedom of Information Act (5 U.S.C. § 552) ("FOIA") to obtain records from the U.S. Environmental Protection Agency ("EPA") regarding meetings with trade groups, environmental non-governmental organizations and stakeholders regarding an international legally binding instrument on plastic pollution ("Agreement") . 1. All agency records that reflect or mention in-person meetings, phone calls or any other communications between EPA and groups listed above regarding topics tangential to the Agreement. a. Beyond Petrochemicals b. Beyond Plastics c. Break Free from Plastics d. World Wildlife Fund (WWF) e. Center for International Environmental Law f. Greenpeace g. Earthjustice h. Environmental Investigation Agency i. Ellen MacArthur Foundation j. Minderoo Foundation k. Center for Climate Integrity l. International Pollutants Elimination Network (IPEN) m. Natural Resources Defense Council (NRDC) 2. Correspondence between Ms. Karissa Kovner – Senior Policy Advisor for International Affairs, Office of Chemical Safety and Pollution Prevention and the groups listed in item #1 above discussing topics related to the Agreement. 3. Correspondence between Ms. Stephanie Adrian, Chief of International Branch, Office of Land and Environmental Management and the groups listed in item #1 above discussing topics related to the Agreement. 4. All intra- and interagency records exchanged between EPA offices, Council on Environmental Quality, and the U.S. State Department, including any data, facts, or other information, in connection with the Agreement. To facilitate a timely response, we have attached a list of key search terms as an appendix (Appendix A) related to the Agreement. Please forward me interim responses as subsets of responsive documents become available. Where possible, please provide any copies in an electronic format pursuant to 5 U.S.C. § 552(a)(3)(B)-(C). For all responsive records that are not produced based on an asserted exemption from disclosure, please prepare a privilege and/or exemption log describing, at a minimum: (i) the type of record withheld; (ii) the date(s) of the creation of the record; (iii) the subject of the record; (iv) the identity of the author and all recipients of the records; and (iv) a detailed description of the basis upon which EPA is withholding the record (e.g., the claim of privilege, FOIA exemption, etc.). If any responsive record is withheld based upon a claim of privilege or other exemption from disclosure, please produce redacted copies of all non-privileged or non-exempt factual material contained within such documents. For purpose of this request, "agency records" shall be given the broadest construction possible under FOIA and 29 CFR Part 70, and shall be read to include, but not be limited to: memoranda, emails (whether sent from personal email addresses or official government email addresses), text messages, stored voice mail messages, transcripts of meetings, calendar entries for external meetings between EPA and someone outside of EPA, PowerPoint presentations, written or typed notes of the meetings, and any other agency records within the meaning of FOIA and its implementing regulations. If you determine that some or all the information requested above is exempt from release pursuant to the Freedom of Information Act, please adv . . . The description has exceeded the character limit.	08/01/2024

2024-EPA-05722	Elsharif, Lama	CREW	Dear FOIA Officer: Citizens for Responsibility and Ethics in Washington ("CREW") submits this request for records pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and Department of Justice ("DOJ") regulations. Specifically, CREW requests the following records: We request copies of all delegations of authority to authorize, approve, or initiate a reduction in force; to implement a reduction in force; to define, establish, or identify one or more competitive areas; or to define, establish, or identify one or more competitive levels. These records may take the form of agency policies, individual delegations of authority, or other formats(1). The term "competitive area" has the same meaning applicable to the term "competitive area" in 5 C.F.R. § 351.402. The term "competitive level" has the same meaning applicable to the term "competitive level" in 5 C.F.R. § 351.403. Please search for responsive records regardless of format, medium, or physical	08/01/2024

			characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, and anyone who was cc'ed or bcc'ed on any emails. If it is your position any portion of the requested records is exempt from disclosure, CREW requests that you provide it with an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973). If some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. See Mead Data Central v. U.S. Dep't of the Air Force, 566 F.2d 242, 261 (D.C. Cir. 1977). Please be advised that CREW intends to pursue all legal remedies to enforce its rights under FOIA. Accordingly, because litigation is reasonably foreseeable, the agency should institute an agency wide preservation hold on all documents potentially responsive to this request. --- (1) Four examples of such records are: Memorandum from Dep. 2024-EPA-05737	Morton, Daniel	-	Dear FOIA Officer, I am writing to request access to records under the Freedom of Information Act (FOIA). Specifically, I am seeking the following document: Document Title: Carbon Neutral Buildings Roadmap Description: This roadmap published in June 2022, provides a strategic plan for achieving carbon neutrality in building sectors. It details key objectives, implementation steps, milestones, and policy recommendations aimed at reducing carbon emissions from buildings. The document outlines the necessary steps for transitioning to carbon-neutral buildings, including energy efficiency measures, renewable energy integration, and policy frameworks to support these initiatives. If this record is held by your agency or if there is another agency more appropriate for this request, please inform me of the appropriate contact information. I am requesting a digital copy of this document if available. Thank you for your assistance. Sincerely, Daniel Morton (b) (6)	08/01/2024

2024-EPA-05729	Turner, Jeff	EHS Support	The Thomasville Furniture Plant is an 85.5-acre site in Appomattox, VA, developed with an 831,000 square foot manufacturing plant that operated with a RCRA permit (VAD040144487) until it closed in 2011. The site was reportedly auctioned in 2011 and Virginia MetalFab began operations at a portion of the facility in 2022. A 2021 brownfield application was submitted by CVPDC in 2021 which identified a need to investigate the property as part of a plan to rehabilitate the property. I am looking for any inspection (e.g., RCRA, NPDES), environmental investigation, remediation, and/or monitoring reports pertaining to Thomasville operations at the property and/or related to rehabilitation of the site under a state or federal program (e.g., brownfield, VRP, state cleanup) (Date Range for Record Search: From 01/01/1970 To 07/31/2024)	08/01/2024

The study was titled "Methane Emissions from the Natural Gas Industry" and the EPA Contract Number was: 68-D1-0031. The study was carried out by the EPA National Risk Management Research Laboratory's Air Pollution Prevention and Control Division, Research Triangle, NC. The EPA official named on the report's Executive Summary [EPA-600/R-96-080a] was David A. Kirchgenssner. We're filing this request based on the advice of a National Archives archivist who suggested EPA may have retained a folder containing background records associated with the study. We're seeking only records only created between 1990 and 1998. If the records have been transferred to the National Archives, please provide the name of the National Archives facility to which they were sent, the date of transfer, the transfer number, the accession number, and the disposition authority number. 2024-EPA-05760	Turner, Daniel	Power the Future	copies of all text messages a) sent to or from Dan Utech, b) at any time from i) March 1, 2021 through May 31, 2021 and ii) July 31, 2022 through August 1, 2024, inclusive , c) i) on any account, phone number and/or device provided by the agency or otherwise the federal government to the employee; and also ii) those that were sent from or received by any other account, phone number and/or device, which messages are work-related. This request therefore contemplates and a search for records should include all 'official' agency mobile devices provided at any time to the named employee, as well as personal mobile phones that may have been used by the employee during agency-related business. "Text message" includes SMS/MMS messages as well as any message sent or received via Signal, Slack, WhatsApp, or Telegram, and/or direct messages (DMs) on Twitter or other social media platform. While "The number of characters that can fit in a standard text message is 160 characters" and an "MMS message can include up to 1,600 characters," (https://simpletexting.com/blog/how-many-characters-in-a-text-message/) as a practical matter text messages typically are not densely populated with type or content but contain few words, far fewer than materials such as reports or memoranda or even emails. Requester submits that a number of responsive messages is a poor indicator of the work required to process responsive records, and a more appropriate metric is page-equivalent (the typical typewritten page contains 500 words (single spaced) or 250 words (double spaced). "Work-related" means pertaining in any way to pertaining the topics addressed in the employee's position with the federal government. Please indicate the name of the text message archiving solution your agency implements if the records are not preserved in a DoD 5015.2 certified repository. Please note this is a	08/02/2024

			discrete request from any other, involving an entirely discrete search. Please consider any duplicates as non-responsive, i.e., your office need only process one copy of each responsive record. As such, any message "thread" need not provide each message in that thread more than once.

2024-EPA-05762	Cook, Terry	TLC Logistics	I purchased a property at 835 Hwy 178 E, Holly Springs, MS 38635 (Marshall County, MS) and I need to know why it is listed on EPA Registry. It was added back in 2015 before I purchased the building. Nothing was revealed to me about it being listed on the EPA Reg or Brownstone Registry. There was not anything Haz on the property when I purchased. The building had been abandoned when I purchased and had many break in stealing anything not tied down. A Brownstone Grant was issued to the City of Holly Springs in 2015-2016. I need information on the report or why it was filed. (Date Range for Record Search: From 09/18/2015 To 08/23/2016)	08/02/2024

2024-EPA-05801	Fitzpatrick, James	Center to Advance Security in America	August 2, 2024 Environmental Protection Agency Office Congressional and Intergovernmental Relations RE: FREEDOM OF INFORMATION ACT REQUEST BACKGROUND: Dear FOIA Officer: This letter constitutes a request under the federal Freedom of Information Act (FOIA), 5 U.S.C. § 552. Recently, former president and Republican presidential candidate Donald Trump was convicted in Manhattan. Public officials' discussions of this verdict are of interest to the American people given the potential impact on the 2024 Presidential election. The information obtained is necessary to provide oversight of public officials' communications regarding reactions to an unprecedented criminal trial. RECORDS REQUEST: CASA requests records created from May 30, 2024, through May 31, 2024: 1. Communications to, from, or received by Tim Del Monico, Kevin Bailey, Ashley Morgan, Emma Tyler, John Lucey, Chad Nitsch, containing the following phrases and/or words: "Trump", "convicted", and "felon". For purposes of this request, we are only interested in email and text message communications. We	08/05/2024

			prefer to receive the report and all records in electronic format. To the extent practicable, we seek electronic copies of the records in native file format, or, if that is not practicable, with full metadata for all fields. 5 U.S.C. § 552(a)(3)(B) (agency shall provide records in any form or format if the record is readily reproducible in that form or format). The Center to Advance Security in America (CASA) is a nonpartisan organization dedicated to improving the safety and security of the American people. CASA educates and informs the American people about the actions of their government and its officials that impact their safety; peace and security; democracy, civil rights, and civil liberties; and privacy. CASA is focused on public education, and all materials and information requested will be disseminated to the public for this purpose. Thus, the disclosure of the requested records would not be to our primary benefit but would be to the primary benefit of the general public. Further, these records focus on an issue of widespread public interest: communications by and between Environmental Protection Agency officials regarding the high-profile conviction of former President and current presidential candidate Donald J. Trump. For these reasons, we request a fee waiver pursuant to the FOIA Act, which provides for fee waivers when: (1) "disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government"; and (2) disclosure "is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii); see also see 40 C.F.R. § 2.107(l)(1). Moreover, CASA is a representative of the news media for purposes of FOIA. See 5 U.S.C. § 552(a)(4)(A)(ii); see also Cause v. Federal Trade Commission, 799 F.3d 1108, 1120 (D.C. Cir. 2015). To wit, CASA is an entity that gathers information, including through FOIA requests such as this one, that is of interest to at least a segment of the population. For example, CASA has launched investigations into the Department of Homeland Security's reference to "false or misleading narratives," which is of interest to Americans concerned about civil liberties, and the meaning of a "d . . . The description has exceeded the character limit.	
2024-EPA-06004	Morton, Daniel	-	Subject: FOIA Request for Cost-Benefit Analysis of Key Climate Ready Strategies San Antonio Dear FOIA Officer, I am writing to request access to records under the Freedom of Information Act (FOIA). Specifically, I am seeking the following document: Document Title: Cost-Benefit Analysis of Key Climate Ready Strategies San Antonio Description: This analysis, conducted in June 2022, evaluates the economic costs and benefits of implementing various climate readiness strategies in San Antonio. 2024-EPA-06091	Silverman, Nancy	-	I am requesting a copy of: (1) Task Order 68HERH22F0193, which was awarded by EPA under Contract 68HERD20A0004, to Research Triangle Institute (RTI); (2) Any contract bid solicitation documents and any proposals submitted to obtain Task Order 68HERH22F0193; and (3) Any documents inquiring about potential conflicts of interest by the contract recipient or any representations made by the recipient relating to conflicts of interest. EPA previously released these documents pursuant to a request I made through FOIA Online EPA-2022-000658 but I was not able to access the release on FOIA Online and now that system is defunct. According to my correspondence with EPA, the documents released Task Order 68HERH22F0193 including Modifications 1 and 2 and Request for Quotation (RFQ) RFQ-PR-OLEM-00037 including Amendment 1. Please also search for the requested conflict of interest materials. I previously emailed with Kirk Marusak about this request.	08/07/2024
2024-EPA-06079	Gresham, Will	-	I am seeking records related to the list of Hydrofluorocarbon (HFC) consumption allocation holders for the years 2022, 2023, and 2024. Specifically, I am interested in: Records of transfers between consumption allocation holders for each of these years, including the names of the transferring and receiving entities and the quantities transferred. I understand that certain Confidential Business Information (CBI), such as the sale price of allocations during transfers, may not be available for disclosure. However, I am primarily interested in the details of the allocations and any transfers that took place from 2022 through 2024. If possible, I would like the information in electronic format. If the records are extensive, I would appreciate a breakdown of any fees that may be associated with this request before processing. If my request is denied in whole or in part, I ask that you justify all deletions by reference to specific exemptions of the FOIA. I expect the release of all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. Fee Waiver Request: I look forward to your response within 20 business days, as the statute requires. Don't hesitate to contact me via [email or phone] if you have any questions or need further clarification. I have included the report resulting from an earlier FOIA request; similar, updated information would be much appreciated. Thank you for your attention to this matter. Sincerely, Will Gresham	08/07/2024

2024-EPA-06059	Jennaro, Jason	PascalOne	We did receive information back from our Freedom of Information Act Request: #2024-EPA-05180. In reviewing these documents, we had a few additional questions related to the (attached) EPA Requests for Additional Information #2 and #3. Questions related to the EPA Request for Additional Information – Oxy Brown Pelican Project – Request of Additional Information #3 dated November 9th, 2023. • Some reviewers note only a single point of CO2 injection (single injection well), but the narrative discusses two injection wells (CCS1 and CCS2). Reviewers suggest that this should be addressed prior to final approval of the Class VI permit application. Are the quantities evenly split between these two injection wells, what is the quantity injected over time? Please verify startup and maximum injection rates by injector. May we have the response to this question and associated maps related to the injectors and the plume? • Some EPA reviewers raised some concerns about the shape of the modeled domain aligned with the shape of the property boundary (extending a set buffer distance beyond the property boundary on all sides). These reviewers noted that the reservoir (and fluid flow through the reservoir) is not limited by property or jurisdictional boundaries but is rather constrained only by the specific attributes of the geologic setting. Is one of these property boundaries the Vee Bar Ranch? May we have the response to this question and associated maps related to the injectors and the plume? Questions related to the EPA Request for Additional Information – Oxy Brown Pelican Project – Request of Additional Information #2 dated August 30th, 2023. • Section 2.24 of the AOR Narrative states there is a fault present within the area of the project site. What evidence did Oxy provide the EPA to demonstrate pressure isolation between the injection area and the underlying faulted units. • 40 CFR 146.86(b) requires that the applicant provide a detailed characterization of the CO2 stream along with the quantity, chemical composition and temperature of the stream. Can this please be provided? (Date Range for Record Search: From 01/01/2022 To 08/01/2024)	08/07/2024

2024-EPA-06050	Worden, Michael	Civil & Environmental Consultants, Inc.	HENRY COUNTY BONEYARD EPA ID: TND980844823 EPA Registry Id: 110009321304 OLD WHITLOCK PARIS RD PARIS, TN 38242 The Henry County Boneyard (Boneyard) Site is located approximately 2 miles north of Paris, Tennessee, and is a former gravel pit subsequently used by the Henry County Highway Department to store old highway equipment. Unauthorized disposal of hazardous wastes and/or materials was initially investigated by the Tennessee Department of Health and Environment in 1982. Based on the results of environmental samples collected from subsurface soils, stream sediments, and surface waters, the Tennessee Division of Superfund (TDSF) declared the Boneyard Site a state Superfund site in 1987, and designated the site as TN No. 40-506. The site has not been listed on the federal National Priorities List. Regarding the investigatory status of the site, previous site environmental investigations have been conducted on behalf of the TDSF by Westinghouse Environmental and Geotechnical Services, Inc. (Westinghouse) and PRC Environmental Management, Inc. (PRC). Westinghouse's investigations, conducted from 1989-1991, and PRC's investigations, conducted from 1991-1993. Searching for any and all early investigation and clean up reports between 1980 and the end of 1990. First excavations were in the early 1980s. In 1983, NUS Corp documented site conditions for the USEPA. This was allegedly reported in a Tennessee Department of Health and Environment, Division of Superfund (TDSF) document "Potential Hazardous Waste Site and Site Inspection Report, Henry County Boneyard, Paris, Tennessee." dated July 30, 1987. 2024-EPA-06085	Goggans, Tammy	Greenberg Traurig LLP	This is a request made pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 522 and the implementing regulations of the U.S. Environmental Protection Agency ("U.S. EPA"), for copies of the following records: 1. Any records referring to or containing communications or information about the memorandum dated April 19, 2024, issued by David Uhlman, U.S. EPA's Assistant Administrator for Enforcement and Compliance Assistance, titled PFAS Enforcement Discretion and Settlement Policy Under CERCLA ("PFAS Enforcement Discretion Policy"), including but not limited to any records that refer to or contain communications or information about any drafts, portions or development of the PFAS Enforcement Discretion Policy. For purposes of this request, "records" mean paper or electronically created and stored documents, electronic mail and communications, information, memoranda, letters, reports, drafts (including drafts of records containing comments or edits), records of communications, telephone message records, calendars, agendas, meeting sign-in sheets, presentations, handwritten or typed notes, facsimile transmissions, transcripts or recordings (audio or visual) of meetings, tapes and all other types of records in the possession, control or custody of the U.S. EPA or contractors working for the U.S. EPA. For all records responsive to these requests that are not produced based on an asserted exemption from disclosure, please prepare a privilege and/or exemption log describing, at a minimum: (i) the type of record withheld; (ii) the date(s) of the creation of the record; (iii) the subject of the record; (iv) the identity of the author and all recipients of the records; and (v) a detailed description of the basis upon which the U.S. EPA is withholding the record (e.g., the claim of privilege, FOIA exemption, etc.). To the extent any responsive documents are withheld based upon a claim of privilege or other exemption from disclosure, please produce redacted copies of all non-privileged or non-exempt factual material contained within such documents. As required by law, please provide the above records within twenty (20) business days of receipt of this FOIA Request. 5 U.S.C. § 552(a)(6)(A)(i). If it appears that it may not be possible to provide all of the records by the statutorily-mandated deadline, please provide the responsive records that are available as of the deadline (i.e., do not withhold responsive records past the deadline while searching for additional records), and please contact me promptly regarding any scheduling issues. I confirm in advance the willingness to pay for all reasonable costs associated with searching for and copying these records. However, should these costs exceed \$500, I ask that you contact me prior to proceeding. (Date Range for Record Search: From 07/01/2022 To 08/07/2024)	08/07/2024

2024-EPA-06128	Morgan, Michael	Holy Ghost Global Ministries	Concerning Fusion Windows and Doors, Tigran Pogosyan and Vahan Hovhannisyan I am requesting any filings or complaints or lawsuits against Fusion Windows of Doors located at 479 W. Riverside Drive, Burbank, California owned by Tigran Pogosyan. An alternate address for the business may also be 3728 San Fernando Road, Glendale, California 91204. One public record and formal complaint exists against them filed by Matt Salazar on the 23rd of September, 2019 for not handing out lead pamphlets to the customers of their home renovation services. Their business is in the middle of a residential district in Burbank and I suspect they are guilty of neglect, premises liability, and even public nuisance for the toxic and dangerous messes that they leave in the public alley adjacent to their 479 W. Riverside Dr., Burbank, CA location. They are right across the street from one of the largest equestrian centers in Los Angeles and a new apartment complex is being built across the street. After seeing evidence of their neglect in the neighborhood where they are located, I called the local police and city inspector and am doing my due diligence on following up. 2024-EPA-06151	Mansfield, Noah	-	In 1977, Elgin Casket Company faced serious legal issues when it was accused of illegal dumping of toxic waste and subsequently, allegations emerged about missing evidence related to the case. The accusations involved claims that the company had improperly disposed of hazardous materials, violating environmental regulations. The situation was compounded by allegations that crucial evidence related to these violations had gone missing, which complicated investigations and legal proceedings. These issues raised significant concerns about the company's environmental practices and compliance with regulations. In 1977, the U.S. Environmental Protection Agency (EPA) conducted an investigation into Elgin Casket Company for alleged violations of environmental regulations. The investigation was prompted by accusations that the company engaged in illegal dumping of hazardous waste. This included claims of improper disposal practices that potentially harmed the environment. The case became notable due to concerns about the handling and disposal of toxic materials, which led to legal actions and fines against the company. The investigation highlighted broader issues related to industrial waste management and regulatory compliance during that period. I am wanting records specific to only Elgin Casket Company and what "evidence" went missing that hindered the investigations. (Date Range for Record Search: From 01/01/1975 To 12/31/1980)	08/09/2024

2024-EPA-06406	Burckman, Andrea	-	I am requesting the following documents related to my application for the Candidate Development Program and for Deputy Director, Office of Resources Management in ORD. 1. A copy of EPA's written procedures to implement the provisions of 5 CFR part 317, Employment in the Senior Executive Service, including merit staffing procedures established to implement 5 CFR 317.501 (recruitment and selection for initial career SES appointment) that specify to all parties, including selecting officials and applicants, how SES positions are filled competitively. 2. Procedures used to determine how individual Executive Resources Board Members are selected to serve on individual selection panels. 3. In accordance with OPM's Senior Executive Service Desk Guide, Applicant Inquiries and Appeals section: I am entitled to information about the nature of the procedures used in recruiting and selecting candidates for any position. Applicants are also entitled, upon request, to know if they were found qualified for the position and if they were referred to the selecting official for consideration for appointment. They may have access to qualifications questionnaires or reports of qualifications inquiries about themselves, except for information that would identify a confidential source. Specifically, I am requesting a copy of all ranking materials, including scores and comments related to my application. 4. I was told that my application was redacted by HR prior to being sent to the Executive Resources Board. I would like a copy of the altered application that HR sent to the ERB since I do not have access to it. (Date Range for Record Search: From 05/01/2023 To 08/18/2024)	08/20/2024

2024-EPA-06401	Bogardus, Kevin	E&E News	I request the quarterly workforce and staffing plan described in the following excerpt from House Report 118-155: "The Agency is directed to follow all guidance in House Report 117-83 under the headings titled 'Reprogramming', 'Congressional Budget Justification', 'Operating Plan', and 'Workforce and Staff- ing Plans'." Please see page 57 of House Report 118-155 (https://www.congress.gov/118/crpt/hrpt155/CRPT-118hrpt155.pdf). House Report 117-83 states, "Workforce and Staffing Plans.—The explanatory statement ac- companying the fiscal year 2021 appropriations included directions for the Agency to develop workforce and staffing plans to achieve the Agency's FTE targets in fiscal year 2021. For fiscal year 2022, the Committee expects the Agency to submit as part of its oper- ating plan, staffing targets by National Program Management area, with separate staffing targets for headquarters and each re- gional office within each Program, in line with the Agency's en- acted appropriation. The Committee expects the Agency to continue to develop workforce and staffing plans to achieve the staffing tar- gets submitted with the operating plan, and directs the Agency to submit its fiscal year 2022 workforce and staffing plans to the Committee not more than 45 days after the submission of the Agency's operating plan. Further, not later than 45 days after the end of each quarter, the Agency shall submit data on the number of FTE employed by the Agency in the same format as the fiscal year 2022 FTE target data was submitted. The Committee expects quarterly briefings on the Agency's progress in achieving its staff- ing targets." (please see page 77 of https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf) The joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42, states "the language set forth in House Report 118-155 and Senate Report 118-83 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement." (please see page 1 of https://docs.house.gov/billsthisweek/20240304/FY24%20INT%20Conference%20JES%20scan%203.1.24.pdf). Please consider any final briefing materials accompanying this quarterly workforce and staffing plan for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.	08/20/2024

2024-EPA-06452	MILLER, TIMOTHY	-	My name is Timothy Miller. I live in Williamsport Pennsylvania the home of the Avco Superfund site located at 653 Oliver Street in the city of Williamsport Pennsylvania which is located within a residential neighborhood. I grew up on top of the	08/20/2024

			PLUME that was created by {TCE} Trichloroethylene that was dumped and or spilled making its way into the groundwater causing your agency to become involved in oversight after a {DEP} pa department of environmental protection investigation. This would be labeled a Superfund site in 1986 and would become 1 of 326 on the National Priorities List in 1990. In nearly 40 years there has been little to no citizen involvement or education. That changed when i became the fifth person in my family raised at 1534 memorial avenue to become afflicted with an incurable disease or deadly illness that is among the list of known diseases and or cancers caused by exposure to {TCE} Trichloroethylene. my father was a policeman in Williamsport for 31 years. He died of Non-Hodgkins Lymphoma at the age of 53. My mother died of Sarcoidosis caused by environmental insult at the age of 60. My oldest brother died of Lupus at 56, my next oldest brother was recently diagnosed with stage three throat cancer, and i too have been diagnosed with sarcoidosis from environmental insult, WPW {a congenital heart defect} and find myself depending on a pacemaker/defibrillator to survive. I decided to educate myself on this superfund site and have been in repeated contact with the Environmental Protection Agency. In fact, it was they who advised that I file FOIA requests for specific information I am seeking. I began an investigation and have discovered 32 {potential} LIVING victims of this superfund site. All alive and suffering from cancers like non-Hodgkins lymphoma, chronic lymphocytic leukemia, lung cancer, throat cancer, naso-phalangeal cancer, ankylosing spondylitis, Hashimoto's disease, lupus, heart defects among others. I have also discovered a disturbing amount of DEATH. I have discovered that many of the DEATHS AND ILLNESSES have one thing in common, they all lived or grew up on the {TCE}PLUME making up the AVCO superfund site. It is concerning how a citizen with a little footwork or boots on the ground can identify this much death and illness, yet no government entity charged with oversight can even acknowledge that these illnesses and deaths are real and suspicious at the least. I provide the above as background information only and will list my SPECIFIC requests for SPECIFIC information in numerical order below. If I need to write a separate FOIA request for each piece of information which would be a burdensome and redundant expectation on a citizen looking for answers to save lives, I will do so, however, I respectfully request a prompt response as the information I seek is time sensitive. The SPECIFIC requests regarding the AVCO SUPERFUND SITE {NATIONAL PRIORITY} is as follows: 1. how deep is the groundwater that makes up the PLUME. When referencing the PLUME, I include the following VOCS {volatile organic compounds} and or their derivatives {TCE}Trichloroethylene, {DCE} dichloroethylene, {PCE} tetrachloroethylene, Vinyl chloride and the METALS Cadmium and Chromium. I am specifically requesting the groundwaters depth and all measurements taken of the groundwaters depth . . . The description has exceeded the character limit.

2024-EPA-06500	Phillips, Anna	The Washington Post	I'm requesting any and all communication between these employees of OARA, the Office of Agriculture and Rural Affairs, (Rod Snyder, Venus Welch-White, Felipe Beltran and Linda Brown) and the following email addresses: (b) (6) (b) (6) If you regard these records as potentially exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As the FOIA requires under 5 U.S.C. § 552(a)(8), please release all segregable, non-exempt portions of documents. To permit me to reach an intelligent and informed decision whether to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims. As required by the statute, please review whether there is any foreseeable	08/21/2024

			harm from disclosing the requested records, or if any potential harm would be limited in comparison to the public interest in disclosure. As required by 5 U.S.C. § 552(a)(8), please release all such information, even if it technically may fall under a FOIA exemption. As a representative of the news media, The Washington Post qualifies for news media fee status under 5 U.S.C. § 552(a)(4)(A)(ii)(II) and, therefore, may not be charged search and review fees. (See National Security Archive v. U.S. Department of Defense, 880 F.2d 1381 (D.C. Cir. 1989), cert denied, 110 S Ct. 1478 (1990)). This request is made as part of a scholarly and news research project that is intended for publication and is not for commercial use. For details on the Post's news reporting activities please see our website at www.washingtonpost.com. As you know, 5 U.S.C. § 552(a)(4)(A)(viii)(I) prohibits agencies from charging news media organizations duplication fees if the agency does not meet its twenty working day time limit (thirty working days for "unusual" requests). Additionally, because this information will be used by the Washington Post for the preparation of news articles that will be broadly disseminated to the general public, it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in the Post's commercial interest. As such, please grant a fee waiver for any remaining fees incurred. Please notify me before incurring any cost over \$100. To expedite the release of the requested documents, please disclose them on an interim basis in electronic format as they become available to you, without waiting until all the documents have been processed. 2024-EPA-06474	Simmons, Lilly	AFGE Local 3428	RE: Freedom of Information Act Request Water quality at EPA occupied spaces per the FOIA. Elevated results for lead and legionella bacteria were found at the New England Regional Laboratory (NERL) in July 2024. Communications to visitors and staff in the building have been vague and sporadic at best. The following records are being requested to fully understand and evaluate ongoing risk for visitors and staff in the building. They are being requested to communicate ongoing water testing and planning to AFGE Local 3428 bargaining unit members. This is particularly urgent due to the risk of serious illness from legionella for high-risk individuals and reports of inadequate responses to legionella detection in the Patrick V. McNamara Federal Building in Detroit. Respectfully, I am requesting documents created in the general course of business from July 2019 to September 2024, specifically: Complete water testing records and results for NERL. Letter, email, and text communications between EPA, GSA and NERL building manager personnel regarding: water quality management; and provisions for on-going water testing; and corrective action, remediation and/or response plans for elevated water testing results. Documents discussing rationale for deciding to test NERL men's showers and kitchen sink, but not test women's showers, bathroom sinks or toilets in July and August 2024 Communications about water quality testing results and follow-up actions to people working primarily at NERL List of references consulted in determining corrective action, remediation and/or response options and response selection. The number of cases of Legionnaires Disease or similar ailments experienced by staff or building visitors between July 2019 and September 2024. I am requesting a fee waiver of all fees for this request. These documents are in the public interest as they will be used to advocate for staff and visitor safety at NERL and hold EPA management accountable for providing a safe workplace regardless of an individual's health condition. Further, a fee waiver is requested as the requested information is not primarily in my commercial interest. Thank you for your consideration of this request, Sincerely, Lilly Simmons (simmons.lilly@epa.gov)	08/21/2024

2024-EPA-06519	Coleman, Dylan	Winyah Rivers Alliance	Please provide records of NPDES permits, groundwater contamination, and Superfund NPL considerations relating to Dubois Dyeing Co. in Johnsonville, SC. One common street address used for this facility is 729 White Oak Drive, Johnsonville, SC 29555. Other names that may be associated with this site are Stem Industries, Inc., Woonsocket Dyeing Co., DuBois Dying Co., and DuBois Dying Company Inc. EPA ID's associated with this site include 110017197834 and 110007178918. I am seeking records relating to any NPDES permits associated with this site, especially those that may indicate the location of end-pipes or outflows. NPDES permit numbers known to be associated with this site include SC0003573 and ND0002194. Copies of these or any other associated permits relating to the site will suffice if they meet the above listed criteria. I am also requesting records relating to the sites consideration for the Superfund NPL, particularly contamination details or site narratives. The site is currently considered a Brownfield site with the Site Project Master ID 4766. I would also like to request any records that specifically mention PFAS or any PFAS indicative chemicals at the site. The EPA Superfund site ID is SCD001463884. According to a 1998 report by the US GAO on potential Superfund sites, actual groundwater contamination was identified at the site in 1981. Principal contaminants being "metals" and "other". At the time of the report, the EPA considered the current and potential risk to human health or the environment to be "High". As a result, the EPA indicated that the site would likely find itself on the NPL (pg. 287). I am also requesting any records regarding the nature of this particular instance of groundwater contamination and any subsequent testing, test results, or clean up operations relating to the issue. A PDF of the report referenced above will be attached to this request. (Date Range for Record Search: From 01/01/1960 To 08/22/2024)	08/23/2024

2024-EPA-06592	Rooney, Charlotte	EWI	I am completing an environmental report for a golf course located at 1800 Tommy Jacobs Drive, Leland, NC 28451. The Military Ocean Terminal Sunny Point has been identified west surrounding my property, located east of US. Hwy 140, and located along a railroad line with a oval-shaped road around it - image attached with the information that was reported to me. Apologies as I have extremely limited information to go off of, and haven't been able to find out useful information online. I am looking for information related to the use and operation of this site, as well as environmental impacts related to the use and activities of this site. From my review, it appears this area was generally unoccupied as far back at the 1993. I have no knowledge if any environmental reporting actually exists for this area, but am just trying to gain any information I can! Please feel free to give me a call, maybe we can discuss what's available and what would be most useful. (Date Range for Record Search: From 01/01/1975 To 08/25/2024)	08/26/2024

2024-EPA-06604	Young, Spencer	-	Dear National Freedom of Information Act Officer: This is a request under the Freedom of Information Act. I request that a copy of all documents containing the following information be provided to me: 1. All documents dated between January 1, 2012 and April 1, 2019 (the "Relevant Period") relating to or reflecting any EPA allegation, inquiry, investigation, demand, request, or claim—whether contemplated, in progress, or complete—of regulatory non-compliance concerning the Leak Detection and Repair ("LDAR") program at the Sabine River Operations site (formerly known as the Sabine River Works site) located at 2735 Farm to Market Rd 1006, Orange, TX 77630 (the "Sabine Site"), which was operated by DuPont until April 2019. 2. All communications between EPA and DuPont regarding any allegation, inquiry, investigation, demand, request, or claim—whether contemplated, in progress, or complete—of regulatory non-compliance concerning the LDAR program at the Sabine Site during the Relevant Period. 3. The "additional report" on "the LDAR team's observations regarding compliance with the Ethylene MACT and/or BWON LDAR requirements" referenced on page 2 of EPA NEIC's Clean Air Act Trip Report – DuPont Sabine River Works – Orange, Texas dated April 28, 2016 (the "NEIC Report" attached hereto as Exhibit A), and all documents relating to such "additional report," including but not limited to drafts, notes, memoranda, and correspondence. For reference, the NEIC Report states that "Constantinos Loukeris was the lead auditor for the LDAR audit" performed at the Sabine Site from December 7 through 10, 2015. See Exhibit A at p. 2. 4. All documents relating to or reflecting any EPA allegation, inquiry, investigation, demand, request, or claim—whether contemplated, in progress, or complete—of regulatory non-compliance concerning flares and/or flaring at the Sabine Site during the Relevant Period, including but not limited to any internal correspondence, memoranda, policy documents, and presentations. I am an attorney representing a client in connection with the subject matter of this request. This request is made as part of a fact investigation and is not for a commercial purpose. EPA's disclosure of this information is likely to contribute to my client's understanding of the condition of the Sabine Site prior to DuPont's divestment of the Sabine Site in April 2019. We agree to pay all charges authorized by law of applicable regulations in connection with this request, subject to the condition that you notify us in advance if the charges will exceed \$5,000. Whenever possible, I ask that the documents you provide in response to this request be in electronic format and transmitted to (b) (6) or, if necessary, at the following physical address: Spencer Young King & Spalding LLP 1185 Avenue of the Americas New York, NY 10036 Sincerely, /s/ Alvin Lee Alvin Lee (Date Range for Record Search: From 01/01/2012 To 04/01/2019)	08/27/2024

2024-EPA-06633	Field, Brian	-	On behalf of the Center for Renewing America ("CRA"), and pursuant to the Freedom of Information Act ("FOIA"), I write to request that the U.S. Environmental Protection Agency (the "Department") produce the following records: 1. All records reflecting every Department employee or official who qualifies as a "required use traveler" pursuant to 41 C.F.R. § 301-70.803(3). 2. All records reflecting every instance when a Department employee or official has flown on Government aircraft for official business since January 21, 2021. 3. All records reflecting every instance when a Department employee or official has flown on Government aircraft for personal business since January 21, 2021. 4. All records reflecting every instance when a Department employee or official has flown on non-Government, private aircraft for official business since January 21, 2021. For this subpart of the request, responsive records would also include any that reflect whether any Government funds were used for such travel. 5. All records reflecting every instance when a Department employee or official has flown on non-Government, private aircraft for personal business since January 21, 2021. For this subpart of the request, responsive records would also include any that reflect whether any Government funds were used for such travel. 6. Records reflecting any policies or guidance regarding the Department's determination of when a Department employee or official may travel on Government aircraft for official or personal business, including policies or guidance regarding what factors the Department considers when making any such determination. This request is directed to all Department components and offices determined reasonably likely to have responsive records. For each subpart of this request, responsive records include not only those reflecting the instances of such flights, but also all records that include the names of all Department employees and/or officials who flew on any such flights on Government aircraft. Definitions. For purposes of this request, the term "record" shall mean: (1) typed material of any kind, including but not limited to all correspondence, memoranda, notes, messages, letters, facsimiles, papers, forms, telephone messages, schedules, calendars, minutes, books, reports, lists, ledgers, invoices, receipts, computer printouts, contracts, agreements, and transcripts; (2) any electronically stored material of any kind, including all emails and also including material stored on any personal electronic devices; (3) any audio or visual recordings of any kind; and (4) any materials using other means of preserving information. Format of records. We ask that you please provide each responsive record in electronic form. If a portion of the responsive records may be produced more readily than the remainder, we request that those records be produced first and that the remaining records be produced on a rolling basis. 2024-EPA-06659	Kazimi, Will	San Diego State University Graduate Program	Most recent documents are fine. My name is Will Kazimi and I am a graduate student at San Diego State University (SDSU), currently working on a marketing research project as part of our MBA program. Our research is focused on exploring advanced waste treatment technologies, specifically targeting the destruction of PFAS (Per- and Polyfluoroalkyl Substances) contaminants and focusing on the airport market. Is there a way you can help us identify or maybe point me to the right direction to help answer these initial questions: 1. State-Funded PFAS Destruction Programs: Could you please provide a list of U.S. states that have established and funded programs aimed at the destruction of PFAS waste? 2. Airports with Potential PFAS Contamination: If available, we would also greatly appreciate any information on airports within these funded states that have been identified as having PFAS contamination, or that could potentially be at risk. The information you provide will be invaluable to our research and will contribute significantly to our understanding of the current landscape of PFAS management and remediation efforts in the United States. Thank you very much for your time and assistance. If you require any additional details about our project or need further information, please do not hesitate to contact me.	09/05/2024

2024-EPA-06662	Koske, Debbie	Calibration Technologies	Could I please obtain the database of all facilities in the USA that participate in the EPA RMP program. The complete database is requested including all information submitted on their reports - at the minimum: Name and address of facility, type and amount of chemical, name, email and phone for their emergency contact person and their RMP administrator. [Clarification email on 9.5.2024 - Just to confirm - the database I need is the EPA RMP database. My understanding from a	09/05/2024

			colleague is that I should be able to get a copy of the entire database. However, if it is in spreadsheet format, can you please make sure it includes the following. I'm afraid that the list of info I included on my first request was not complete. We prefer to receive the entire database, but if that is not possible, a spreadsheet with the following information would be sufficient: • Name of Facility • Address of the facility • Chemical being monitored • Amount of chemical on site • Name of RMP coordinator • Email address of RMP coordinator • Phone number of emergency contact person • Name of emergency contact person • Email of emergency contact person • Phone number of emergency contact person Can you please make sure that this information is included in the spreadsheet I receive?] (Date Range for Record Search: From 1/1/2020 To 8/29/2024)

2024-EPA-06941	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the month of August 2024, all of the following records from Howard C. Ou, White House Liaison, Office of the Administrator: A copy of all calendar entries from during business hours. All congressional correspondence and communications to/from Congressional Offices or Committees for the previous month including responses or document productions to outstanding, extant, or previous congressional inquiries or oversight efforts. All communications to/from the following email domains: @eop.gov, @who.eop.gov, @ovp.eop.gov, @mail.house.gov, *.senate.gov. All sent communications mentioning 'Palestine', 'Environmental Justice', 'Hawaii', 'Flint', 'nuclear', 'assessments', 'Bidenomics', 'Inflation Reduction Act', 'Congressional Testimony', 'Congressional Subpoena', 'Litigation Hold', 'investigation', 'audit', 'audit results', 'FWA', 'grant fraud', 'contract fraud', or 'OIG referral'. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to", "referring", "relating", or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the full calendar month of August, 2024, starting from 00:00 on 1 August, 2024 to 11:59 PM on August 31, 2024. Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.	09/06/2024

2024-EPA-07041	Downey, Caitlin	August Mack Environmental, Inc.	I would like to request records related to Commonwealth Aluminum Products Inc. located at 1372 SR 1957, Lewisport, Kentucky (EPA ID KYD058691031). This site was evaluated through the Superfund Enterprise Management System (SEMS) program between the 1980s and mid-1990s but did not qualify for the National Priorities List (NPL). Please include the Preliminary Assessment (PA), Site Inspection (SI), Expanded Site Inspection (ES), site discovery form or pre-CERCLA screening report, and archive memo or equivalent. 2024-EPA-07043	Bleckley, Jeb	Banks Environmental Data, Inc.	Hello. I would like to get a listing of all facilities nationwide that have submitted Facility Response Plans (FRP) to the EPA.	09/06/2024
2024-EPA-07010	Helquist, Anders	Weld Riley, S.C.	My client requests the R5 R. Stresau Laboratory, Inc. Sampling Event -- Sampling Plan from Eastern Research Group in its unredacted form. It is understood that this document was finalized September 3, 2024 and this is a Region 5 document. Portions that can remain redacted as part of this request include the following page numbers and described redacted areas: Page 1 (Project Number and Project Leader can remain unredacted); and Page 8 (Sampling Locations Map). Significant portions of the plan related to sampling, analytical methods, chain of custody and document control procedures, data quality, instrument maintenance and calibration, quality control, and handling/custody methods are redacted. There is no logical reason to redact such information and not make it available to the target of this inspection and their consultant who will be taking split samples. We separately note that it appears that lab name used by ERG/EPA is redacted in multiple locations across the sampling plan on multiple pages. My client's consultant wants to ensure it is not sending its split samples to the same lab as ERG. (Date Range for Record Search: From 09/02/2024 To 09/04/2024)	09/06/2024

2024-EPA-07015	Wadsworth, Denise	-	Putnam Township as well as a private utility location service were unable to find the connection of my sewer line to the public sewer line. When Mike Gerow asked the previous owner (Mr. Cleveland-he sat on the sewer committee that had the public sewer installed) for the inspection report for my property, Mr. Cleveland told him the man that did the inspections is dead and the records were in his possession. Therefore, there is no record. Mr. Gerow also said that the manhole for the sewer line that my house should be connected to is in the field of Mr. Cleveland's sister-in-law on Trout Alley. Also, Putnam Township workers that Mr. Gerow sent to my house to help me understand what they know said that the main line was scoped with a camera. However, they did not find a connection for my house or the house at the end of Trout Alley. My request is for any documentation that shows my property's public sewer connection that I pay for. 2024-EPA-07075	Bogardus, Kevin	E&E News	I request the report described in the following excerpt from House Report 118-155: "Further, the Committee remains concerned about the State of California's backlog and delays in issuing permits in a timely and predictable manner pursuant to its primary enforcement delegation under section 1425 of the Safe Drinking Water Act (SDWA) (42 U.S.C. 300h-4) regarding implementation of the UIC Program for Class II wells. The Committee is aware that some UIC permits have been pending with the State of California for four years, which has resulted in a de facto ban on new oil and natural gas production in the State. Accordingly, the Committee directs the Agency to work with the State of California to ensure the UIC Program is receiving, processing, making determinations on, and issuing permits in, a more timely and predictable manner. The Committee directs the Agency to provide a briefing, including with the Committee on Energy and Commerce, within 90 days of enactment of this Act to discuss these actions. This briefing should also cover the Agency's actions to consult with the State of California and relevant industry stakeholders to develop and implement a strategy to reduce or eliminate the State of California's backlog and permitting delays related to Class II wells. Further, within 180 days of enactment, the Committee directs the Agency to report on implementation of the Agency's actions and outcomes of these efforts." 2024-EPA-04971	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents sufficient to account for all GLOMAR FOIA responses issued by the agency from 1 January, 2024 to present, along with a copy of the original FOIA request the GLOMAR was issued in response to. Search Instructions: Please limit all searches in response to this Request from January 1, 2024, to the present. Please include the full email chain and attachments relevant to any responsive documents to provide further context. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports,	09/09/2024

			working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's policies and procedures on the national stage relevant to the agency's operations such as hiring, personnel retention, fraud waste and abuse, etc.

2024-EPA-07139	Glabicki, Quinn	PublicSource	This is a request under the Freedom of Information Act. PublicSource understands that the EPA is engaged, or has engaged, in discussions with EQT regarding a PublicSource FOIA request [(FOIA) EPA-R3-2024-03602] for copies of formal information requests made by the agency to EQT under the Clean Air Act, EQT responses and documents related to those inquiries, and any EPA inspection reports at the facilities which received those inquiries. We also understand that, according to a letter dated September 5 to PublicSource from EPA, the records are being withheld in full, "pursuant to 5 U.S.C. § 552(b)(4), which permits the withholding of trade secrets and commercial or financial information which was obtained from a person, and which is privileged or confidential." We request: All correspondence between EPA and EQT or any agent or representative of EQT, including emails and phone records, related to the above FOIA request [(FOIA) EPA-R3-2024-03602], which reference a FOIA request made to EPA by PublicSource, or which discuss materials or documents responsive to that FOIA request. We believe these records are likely dated between Jan. 1, 2024 and Sept. 11, 2024. In order to help to determine our status to assess fees, you should know that we are a nonprofit newsroom serving Southwestern Pennsylvania and the surrounding regions. This request is made as part of news gathering and not for commercial use. Additionally, as employees of entities engaged primarily in disseminating information in order to inform the public about matters of civic import, including the actions of the federal government, we ask that this request be granted expedited processing status. PublicSource understands that an EPA investigation under the Clean Air Act has already led to inspections at EQT facilities that have lengthy records of citizen complaints to state agencies and which describe urgent health symptoms and the displacement of multiple families. In this case, the requested information reflects a compelling, time-sensitive need: an expansion of natural gas drilling and concerns for public health and property. Thank you for your consideration of this request. Sincerely, Quinn Glabicki, reporter PublicSource 1936 Fifth Avenue Pittsburgh, PA 15219 (b) (6) (Date Range for Record Search: From 01/01/2024 To 09/11/2024)	09/12/2024

2024-EPA-07174	PARCHETA, KATARZYNA	-	Hello, Looking for all information regarding Feehanville Drainage District (now is combined with Weller Creek Drainage District) construction of the drainage inlets, maps, and what material was used in the construction. Per Certificate of Title that was recorded 06/06/1950 cert # 1174774 The property is in the Feehanville Drainage District 60014-Law and was Subject to annual assessment for repair. Per Title that was recorded in 2021 there are easements on the property for public utilities and drainage... as described in the pat of subdivision registered 05/28/1953 as document LR1464233 and recorded 06/28/1953 as document 15630300 Per Village of Mount Prospect v. Reese judgement : "...In the ordinance passed by the village the improvement was designated as a connected system of storm-water sewers and appurtenances.." Based on the	09/17/2024

			information I was able to retrieve and review it my understanding the drainage inlet was installed per Mount Prospect Village it was connected to the properties' appurtenances. The Feehanville Drainage District was created. Drainage Easement was recorded. There was an assessment for the Feehanville Drainage District for necessary maintenance etc. The information I found contradicts the information I was given by the Village as to who is responsible for the maintenance of the drainage inlet. 2024-EPA-07601	Foster, Steven	-	I'm preparing a law review article on the extent to which an agency must explain its FOIA redactions at the administrative level before judicial intervention. This objective in mind, I'd like to submit a FOIA request for any and all documents—including policy FOIA procedures, policies, and emails—that implicate the extent to which your FOIA personnel must explain its FOIA redactions to requesters. I'd also like to request any and all documents dealing with the question of whether your agency routinely prepares a "Vaughn Index" at the administrative level before litigation. This search should include any letters sent to FOIA requesters explaining whether your agency prepares a Vaughn index at the administrative level. This search should also include all documents with the key words, "Vaughn index" and "Vaughn v. Rosen." (Date Range for Record Search: From 01/01/2000 To 09/17/2024)	09/17/2024

2024-EPA-07620	Bamberg, Jennifer	Investigate Midwest	Dear Public Information Officer, Thank you in advance for handling this request for public records filed under the Freedom of Information Act (5 U.S.C. Section 552), and all applicable open records ordinances and laws. I'm making this request as a reporter with Investigate Midwest, a not-for-profit investigative journalism organization that focuses on agriculture and food. I hereby request a fee waiver, as the request is being made for non-commercial purposes and will be shared with the public. The records are likely to contribute significantly to public understanding of carbon sequestration technologies and the risks associated with them. As I am a member of the press on deadline, I would appreciate any effort to expedite this request. May I please request the following records regarding the monitoring well(s) owned and maintained by ADM at their carbon sequestration site in Decatur that lead to the Notice of Violation sent by the EPA to ADM in August 2024. The leak was detected in March 2024. Item one: A description of all post-injection monitoring methods for Class VI wells and their locations for AMD from between the dates of 1/1/2023 and the date of processing this request. Item two: All (1) Compliance Commitment Agreement (CCA)s, (2) complaints regarding the leak, (3) civil enforcement cases or enforcement actions regarding the leak from ADM, from between the dates of 1/1/2024 and the date of processing this request. Item three: responses or explanations from ADM regarding the notice of violations and administrative orders from March and from August, including but not limited to (1) explanation of the noncompliance, (2) any actions to remedy the noncompliance (3) any steps taken or planned to reduce, eliminate, and prevent noncompliance going forward. Item four: a list or CSV of all injection and monitoring wells and Class VI wells, that are active, plugged, abandoned, and/or closed. The data should include, but not be limited to, location, date of construction, date of coming into use, date of plugging, date of monitoring. Please provide in a PDF and/or CSV format when possible. Please let me know promptly if there are going to be any delays beyond the statutory deadlines. If any part of the request must be delayed for any reason or if some part of the request will take longer than other parts, I would appreciate it if the information could come to me on a rolling basis as the documents are available, instead of waiting for the entire request to be complete before it is sent to me. Because we are a journalism organization working in the public interest of rural citizens during a time of heightened public interest in the topic, I appreciate anything you can do to expedite this request. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response in 20 days. (Date Range for Record Search: From 01/01/2023 To 09/16/2024)	09/18/2024

2024-EPA-07624	McCall, Joanna	COGENCY GLOBAL INC.	Dear Sir or Madam: Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. §§ 552, et seq., and the U.S. Environmental Protection Agency's (EPA) rules issued thereunder, 40 C.F.R. Part 2, COGENCY GLOBAL INC., hereby requests from EPA copies of documents relating in whole or in part to the specific inhalation points of departure (POD) that EPA uses for evaluating mixed metal oxides (MMO) in cathode active materials (CAM) and modified CAMs. We provide an overview of the specific documents requested below. In short and for the following reasons, we request the documents that served as the bases for EPA's inhalation PODs and new chemical exposure limits (NCEL) for the following: Lithium mixed metal oxide KTiO LiMnO P-15-0450 Responsive documents for this request may include letters, e-mails, text messages, facsimiles, telephone conversation logs, notes, meeting minutes, or summaries of any meetings within EPA or between EPA and external parties, memoranda, comments, presentations, petitions, technical analyses, study reports, case studies (or summaries of case studies), and related written materials. The following summary provides additional background on the scope of this request. On March 30, 2023, EPA delivered a webinar titled "EPA's New Chemicals Program under TSCA Standardized Approach for	09/20/2024

			Mixed Metal Oxides (MMOs) in Cathode Active Materials (CAMs) and Modified CAMs.” EPA presented several inhalation PODs for CAMs that were based on “CBI submitted study[ies]” or publicly available EPA documents. While the underlying analyses for these values were not provided, EPA presented the PODs for CAMs with the following information: 1 Lithium mixed metal oxide2 Inhalation POD: BMCL [Benchmark concentration lower confidence limit]: 8.4e-3 mg/m3; Total UF [Uncertainty factor]: 100 (10 UFA [Interspecies uncertainty factor, rat to human], 10 UFH [Intraspecies uncertainty factor]). KTiO3 Inhalation POD: NOAEC [No observed adverse effect concentration]: 10 mg/m3; Total UF: (10 UFH, 10 UFA). LiMnO4 Inhalation POD: NOAEC: 4 mg/m3; Total UF: (10 UFH, 10 UFA). EPA appears to have used at least two of the above inhalation PODs as analogs for informing its risk management actions for Section 5(e) orders issued under the Toxic Substances Control Act (TSCA) or pending the testing as part of a TSCA Section 5(e) order. For example, EPA references an inhalation POD of 8.4e-3 mg/m3 in the TSCA Section 5(e) order on P-23-01745 and an inhalation POD of 10 mg/m3 in the TSCA Section 5(e) order on P-21-0138. 6 EPA pended a 90-day inhalation toxicity study as part of its TSCA Section 5(e) order on P-96-0175 (i.e., LiMnO).7 EPA also references an inhalation POD for this substance (i.e., LiMnO) in its document titled (Please see attachment for full request as the character limit restricts us here. Thank you!)

2024-EPA-07625	Dodd, Allison	The University of Virginia	Freedom of Information Act Request from the Office of Water, United States Environmental Protection Agency Dear Mr. Bruno Pigott, Under the Freedom of Information Act, I am requesting any documents or records about the EPA's efforts to "[establish] reliable and reproducible methods for sampling micro and nanoplastics" and to "[adapt] existing methods and [develop] new methods to evaluate how microplastics, particularly nanoplastics, impact human health and aquatic life" per the EPA's Microplastics Research webpage. This request includes any documents, reports, or electronic communications regarding the substance or progress of the efforts above, as well as records of any EPA meetings addressing microplastics in U.S. waters. I understand I may be required to pay for the production of these records. However, I ask for a waiver of those fees because I am a full-time student at a public university and meet the provided criteria: 1. The subject of the requested records concerns "the operations or activities of the government" as these records concern the EPA's approach to microplastics. 2. The disclosure is "likely to contribute" to understanding government operations or activities because it provides information about the EPA's consideration of microplastics beyond the information available on the EPA's webpage. 3. The disclosure will contribute to "public understanding" of government operations or activities because the information will guide an aspiring scholarly publication on microplastics in domestic waters. 4. The disclosure will significantly enhance public understanding because current public EPA statements on microplastic pollutants are limited to its intention to investigate, and the EPA has yet to disclose the status of these inquiries. 5. The disclosures will not be used for commercial interest but for scholarly interests. 6. As scholarly research for unpaid academic work, disclosure will serve no commercial interest. Thus, disclosure purely serves the public interest. Please fulfill these requests as the documents become available rather than waiting until you have collected them all. Thank you for considering this request. Sincerely, Allison Dodd (Date Range for Record Search: From 01/01/2020 To 09/18/2024)	09/20/2024

2024-EPA-07633	Ganguly, Madhuparna	-	Hello, I am an Economics PhD student in the Department of Economics at New York University. For my research, I am studying aspects of voluntary policies, in the particular context of the EPA's 33/50 program, which encouraged voluntary reduction of 17 TRI chemicals. In this regard, I am looking for the participant lists of the program for each year in which it was active, i.e. 1991-1995. I am reaching out to request if you can please guide me on how to get access to this data from the EPA. I look forward to hearing from you. 2024-EPA-07637	Mayland, Ben	-	Requested are: 1) Identification and contact information for those who made public comments or sent emails to chad.broussard@bia.gov relative to the proposed Koi Nation of Northern California Shiloh Resort and Casino Project (which had formal environmental commenting periods open in the spring of 2024 again this summer until the end of August), 2) with their comments insofar as they can be made available. I prefer all responsive data or documents in a digital format. When completing this request, please prioritize whichever records would take the least amount of time to be located and released, as opposed to prioritizing whichever records are named first). Also, please release documents on a rolling basis, as they become available. If any part of this request is denied, please explain under what exemption or practical rationale the information is being withheld. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the operations or activities of the government. This information is not being sought for commercial purposes. This is an expedited request due to Compelling and Environmental Justice related needs. I am a member of the news media and there is also an urgency to inform the	09/20/2024

			public concerning actual or alleged Federal Government act. Specifically, the requested data is intended to be analyzed, including for statistical evaluation of support for and against the proposed action, and publicly disseminated as it relates to the government's environmental review process for this significant and notable project. By its backers' own admission, this \$600 million project and proposed federal action is expected to have a serious and permanent impact on the local environment. Impacts include effects on the water table (a draw of 280,000 gallons/day), cultural resources, endangered species, traffic, fire safety, water quality and emissions, which are harmful to human health. The requested information is expected to contribute to public discussion with information that is "already in the public domain." 45 C.F.R. § 5.54(b)(2)(i). I am primarily engaged in and have the capacity to disseminate information to the public. I contribute to news media, to local community groups, and with nonprofit organization assisting news media organizations on coverage of federal government policy. For clarification, identities and contact information, where available, are requested for purposes such as being able to interview some persons for comment. It is not intended that any identifying or contact information will be published without their consent. (Date Range for Record Search: From 02/01/2024 To 09/30/2024)

2024-EPA-07590	Pellecchia, Vincent	-	I am requesting electronic copies of the CPRG Selected Applications by Sector - Transportation listed on this webpage: https://www.epa.gov/inflation-reduction-act/cprg-selected-applications-sector-transportation . Specifically, I would like to receive the applications submitted by: City of Austin, City of New Orleans, Colorado Energy Office, Illinois Environmental Protection Agency, Metroplan (Arkansas), Minnesota Pollution Control Agency, New Jersey Department of Environmental Protection, Nez Perce Tribe, Oregon Department of Environmental Quality, South Coast Air Quality Management District (California), Utah Department of Environmental Quality. Applications are most likely submitted in PDF and/or MS Excel format and have been submitted to the EPA over the past few years. Accordingly, all documents should be readily accessible and require minimal time and effort from EPA staff. Currently, only application summaries and Area Priority Climate Action Plans are available on the CPRG website. However, they do not provide the full details of the programs and projects that will be funded under these grants, so only the full applications can provide the full details of how the money will be spent.	09/23/2024

2024-EPA-06420	Hicks, Carson	Williamson Law + Policy, PLLC	This is a Freedom of Information Act (FOIA) request pursuant to 5 U.S.C. § 552 et seq. We respectfully request that the Environmental Protection Agency (EPA) provide copies of all records related to certifications required by EPA's Subpart F service technician rules at 40 C.F.R. § 82.161 held by any service technicians associated with any of the following persons/entities: (1) Ian Meindersee, an individual; (2) American Refrigerant Services Inc., and/or (3) Flat Out Recovery and Recharge. Any service technicians associated with the foregoing persons are referred to as "Service Technicians." For purposes of this request, "records" includes but is not limited to documents, information, reports, memoranda, notices, filings, data (whether electronic or otherwise), recordings, and correspondence (including emails and letters) in any form or format, regardless of how they are recorded or stored. Without limiting the foregoing, specifically, we seek the following records relating to each of the Service Technicians: 1. Records concerning any "certification exam[s] offered by an approved technician certification program" taken by any of the Service Technicians as required by § 82.161(a)(1); 2. The demonstration by each Service Technicians regarding "their ability to perform proper procedures for recovering and/or recycling refrigerant" required by § 82.161(a)(3); 3. Copies of certificates maintained by the Service Technicians as required by § 82.161(a)(4); 4. Any recertification of the Service Technicians pursuant to § 82.161(a)(5). If EPA asserts that any responsive records are exempt from disclosure under the FOIA we ask that you provide all reasonably segregable portions of the records. Should any portion of this request be denied, we respectfully request a detailed statement of the reasons for the denial, along with an index of the records withheld. 2024-EPA-07774	Taylor, Marisa	Reuters	Hello, Under the Freedom of Information Act, I would like to request the FOIA log of FOIAs received by the EPA from the Heritage Foundation between Sept. 1, 2024 to now. I would request the log include the date, the sender, the case number, and the summary or description of the information requested. I am a journalist who is working on a story about such requests in the federal government and the upcoming presidential election. This information is necessary for my report, which will inform the public about such FOIA requests and the staffing and resources required to process such requests. Feel free to reach out with any questions about my request. In the interest of expediency, I am willing to discuss narrowing my request if there are clear exemptions that are routinely applied in such cases. Thank you for your attention. 2024-EPA-07765	Fuller, Matthew	AFPM	EPA regulatory interpretations of the BWON and QQQ Rules, including documents, emails, presentations, meeting memoranda, guidance, directives, applicability determinations, policy objectives, compliance trends, and reports discussing the following: a. The meaning of "no detectable emissions" as used in the BWON Rule and the application of the "no detectable emissions" regulatory definition to controlled waste management units, including what is required for the design of a waste management unit to be capable of operating with "no detectable emissions" such that the affected waste stream is considered "controlled." b. Whether and how the detection of emissions at or above 500 parts per million by volume ("ppmv") impacts a refinery's designation of a waste management unit as operating with "no detectable emissions." c. Whether the presence of detectable emissions: (1) constitutes a per se violation of the BWON Rule, or (2) renders a waste management unit "uncontrolled," and (3), if so, when the presence of detectable emissions constitutes a per se violation or render the waste management unit "uncontrolled." d. Whether a refinery can detect, repair, and/or report a leak resulting in detectable emissions from a controlled waste management unit in order to comply with the BWON Rule.e. Whether and/or how the presence of detectable emissions from controlled waste management units must be accounted for in the refinery's total annual benzene ("TAB") quantity determinations.f. Whether the detection of emissions at or above 500 ppmv from controlled waste process units constitutes a Title V permit deviation, including but not limited to any determinations made with respect to any refineries within California's South Coast Air Quality Management District. g. Whether and how a regulated facility under the BWON Rule can choose and implement the 2 Megagrams per year (Mg/year) "segregate and treat" compliance option under 40 C.F.R. § 61.342 or the 6 Mg/yr "treat to target" compliance option (commonly referred to "2BQ" and "6BQ," respectively). h. Any regulatory interpretations, internal memoranda, or supporting materials regarding EPA's interpretation of "cover and all openings" as that term is defined in 40 C.F.R. §§ 61.343–347. i. Any regulatory interpretations, internal memoranda, studies, or supporting materials regarding EPA's determination of "effective air pollution control strategies" listed in EPA's Enforcement Alert, Violations at Petroleum Refineries and Ethylene Plants Cause Excess Benzene and Other VOC Emissions in Nearby Communities February 2024. j. Whether and how facilities regulated under the BWON Rule can choose between compliance alternatives, including installation of benzene strippers. k. Whether each waste management unit at a regulated facility should or is required to create and maintain "no detectable emissions" documentation under the BWON Rule. 2. All evaluations related to application of the "no detectable emissions" design standard to regulated entities, including: (1) the appropriateness or feasibility of applying "no detectable emissions" requirements to equipment not otherwise originally designed for "no detectable emissions" performance; (2) the selection of alternative leak rates or inspection frequencies to mitigation alleged BWON and/or QQQ Rule violations; or (3) EPA's review of engineering assessments documenting how a component meets the "no detectable emissions" design standard. 3. 2024-EPA-07716	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the month of September 2024, all of the following records from Michal Freedhoff, Assistant Administrator of the Environmental Protection Agency: A full calendar export with all entries during business hours, or outside of business hours if in an official capacity. Documents sufficient to account for all flight logs, whether commercial flights, chartered, or military flights for all travel in any official capacity. All congressional correspondence and communications to/from Congressional Offices or Committees for the previous month including responses or document productions to outstanding, extant, or previous congressional inquiries or oversight efforts. All communications to/from the following email domains: @nss.eop.gov, @ustr.eop.gov, @cea.eop.gov, @ostp.eop.gov, @ceq.eop.gov, @nsc.eop.gov, @omb.eop.gov, @eop.gov, @who.eop.gov, and @ovp.eop.gov. All communications sent (not received) via email, SMS, Microsoft Teams, or Slack mentioning 'policy draft', 'updated policy', 'investigation', 'Bidenomics', 'Inflation Reduction Act', 'trends', 'Palestine', 'Hawaii', or 'investigation'. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to", "referring", "relating", or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Please limit all searches to the full calendar month of September, 2024, starting from 00:00 on 1 September, 2024 to 11:59 PM on September 25, 2024. Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.	09/30/2024
2024-EPA-07754	Aamot, Colin	-	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents sufficient to identify and account for all materials submitted by the Agency through the OMB MAX Portal (https://collect.max.gov) during the previous fiscal year, including, but not limited to, responses to Requests for Information (RFIs), documentation related to strategic plan implementation responses, periodic assessments (e.g., 30-day, 60-day, 90-day, 120-day assessments), underlying data, policy responses, and any other associated records. Please include all documents (.pdf, .doc, .docx, .ppt, .pptx, .csv, .xls, .xlsx, etc) that were uploaded by the agency into OMB Max throughout the fiscal year. Search Instructions: Please limit all searches in response to this to the timeframe of October 1, 2023 to September 25, 2024. Please include the full email chain and attachments relevant to any responsive documents to provide further context. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's policies and procedures on the national stage relevant to domestic policy issues.	09/30/2024

I am making this request on behalf of Documented, a media requestor. Documented seeks the above listed records for noncommercial use as a representative of the news media. Documented qualifies as a news media organization under the definition provided by Congress in the OPEN Government Act because it “gathers information of potential interest to a large segment of the public, and uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience.” Specifically, Documented is seeking this public-records request because the information in it is of interest to a large portion of the public, including the many concerned citizens that regularly acquire information through our extensive range of publications. These publications include websites, blogs, newsletters, reports, press statements, social media networks such as Facebook, and Twitter. In addition, Documented reaches out to many traditional news media outlets that regularly broadcast our publications through television, radio, print and electronic articles and interviews. Documented plans to compile the information from this request into a distinct, original work that will be released to the public through the publications listed above. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.
