Title: Town Administrator

Date: February 26, 2007

Part II. Self-Assessment

The Town of Avon has been without an Executive Secretary since November 30, 2005. The current Town Administrator was appointed on October 10, 2006. Subsequently there has been a disruption in the process of this plan. The Town Administrator has past experience with Stormwater Management Plans and understands the necessity to work with the plan and progress through the various segments and schedules associated with it.

The Town has continued with reconstruction of roadways, which include construction of new catch basins, transit piping and proper storm-water control.

The Town, through the Highway Department Budget has continued proper catch basin cleaning schedules as well as clearing and cleaning of various storm culverts, streams and drainage area. The town has appropriated considerable funds, and the town has contracted an engineering firm to analyze specific stormwater flow and drainage areas. That report is scheduled to be submitted to the town shortly.

The Town, in conjunction with MassHighway has adopted a sanding/salting plan the lessens the amount of salt concentration. Maintaining an aggressive budget for street sweeping allows the town to minimize the impact on the stormwater drainage system.

The Town remains committed to making as much progress with improving our stormwater discharge as is possible, realizing budgetary constraints.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
101 Revised	Stormwater Impacts Mailer	Town Administrator	1 Town Wide Mailing	Project incomplete	Gather information to be included. Design the document. Obtain Funding
102 Revised	School Stormwater Science Project	Town Administrator with School Supt.	1 Class Science Project	Project incomplete	Discuss with Superintendent and develop appropriate plan
103 Revised	Stormwater on Local Cable Access Show	Town Administrator	1 show on environmental/stormwater issues	Project incomplete	Meet with producers of the “Cracker Barrel” public access show. Discuss content and format of program possibility. Gather information for program
104 Revised	Youth Stream Cleanup	Town Administrator	Annual Stream Clean Up Day	Project incomplete	Determine liability issues. Work with Conservation Commission and Local Civic Groups to develop a plan and schedule

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
201 Revised	Stormwater Management Task Force	Town Administrator	Establishment of Task Force	Not in place	Need to discuss with Board of Selectmen, Highway Operations Manager, Board of Health and Conservation Commission.
202 Revised	Publicity of Stormwater related Articles/hearings	Town Administrator	Public Announcements for all stormwater articles/hearing	No action at this time	As articles for funding and by-laws progress, hearing will be held with appropriate public notice. Information will also be distributed on the Town's new Web Site
203 Revised	Science Contest sponsored by Business Association	Town Administrator	Stormwater Science Contest	No action at this time	Business Associations do not appear to be active. Will work with the Schools in relation to the Class Science Project and determine if private business involvement in terms of evaluation and prizes.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
301 Revised	Map Stormwater Sewer Infrastructure	Town Administrator and Highway Operations Manager	Completed GIS map	Handwritten map in place. As engineering work is being done on various sections, GIS format is being required	Need to get a determination of cost to convert existing maps to GIS format and seek funding through town meeting
302 Revised	Education Flier on Basement Good Housekeeping Practices	Town Administrator and Board of Health	1 Town-wide Mailing	No action at this time	The Board of Health has issued flyers in relation to compostable materials, recyclables and the handling of hazardous materials. We need to talk in further detail with the Board of Health about other stormwater issues and in addition to a possible flyer, place information on the Town's new Web Site.
303 Revised	Illicit Discharge Hotline	Town Administrator and Highway Operations Manager	Establish Hotline	Ongoing	Currently using existing phone lines to forward complaints that come into various town departments. Need to make town's residents aware of the fact that they should call into the town if they see activity in the Stormwater System that they fee is inappropriate.
304 Revised	Illicit Discharge Bylaw	Planning Board	Bring By-Law before Town Meeting	Planning Board has enacted an in-house erosion control plan to deal with runoff at construction sites. Will continue to work on avenues in which to control runoff from existing sites.	No further action

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 3 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 4
601 Revised	Annual Street Sweeping	Highway Department	Sweep all town streets once per year	Complete	Annual Occurrence
602 Revised	Annual Catch Basin Clean-out	Highway Department	Clean out all catch basins once per year	Complete	Annual Occurrence
603 Revised	Environmental Assessment of Highway Maintenance Facility	Highway Operations Manager	Completed Assessment	Funding in place	Need to draw-up specifications for RFP
604 Revised	Highway/Water Depts. Good Housekeeping Education	Highway Operations Manager and Water Superintendent	At least 1 training for all Water/highway Dept. Staff	Ongoing	Evaluate and assure it has been completed
605 Revised	Environmental Assessment of Municipal Facilities	Town Administrator	Completed Assessment	Ongoing	Need to determine next step

6a. Additions

	Wastewater Management Plan	Board of Selectmen	Plan complete	Assessment of wastewater discharges in Town by outside Engineer. Development of a long term plan to address future wastewater flows.	Plan under review by the Massachusetts Department of the Environment. Significant investment made to develop a long term plan to address present and future wastewater discharges.
	Drainage Assessment Brentwood neighborhood	Board of Selectmen	Plan ongoing, in the hands of hired engineers	Complete Assessment of Water migration and drainage issues within the Brentwood neighborhood of Avon.	Expect Completion of study

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA) < < if applicable > >

7b. WLA Assessment

The Town's water department is currently monitoring subsurface migration of various pollutants in the area of test wells sites on the Brockton Line

Part IV. Summary of Information Collected and Analyzed

Based on discussion with various department heads and members of the Board of Selectmen and review of ongoing engineering contracts. Also there has been review of the Wastewater Management Study

Part V. Program Outputs & Accomplishments (OPTIONAL)

Programmatic

Stormwater management position created/staffed	(y/n)	No
Annual program budget/expenditures	(\$)	0

Education, Involvement, and Training

Estimated number of residents reached by education program(s)	(# or %)	Unknown
Stormwater management committee established	(y/n)	No
Stream teams established or supported	(# or y/n)	None
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	None
Household Hazardous Waste Collection Days		
▪ days sponsored	(#)	1
▪ community participation	(%)	Unknown
▪ material collected	(tons or gal)	Regional
School curricula implemented	(y/n)	No

Legal/Regulatory

	In Place Prior to Phase II				Under Review	Drafted	Adopted
Regulatory Mechanism Status (indicate with “X”)							
▪ Illicit Discharge Detection & Elimination				X			
▪ Erosion & Sediment Control	X						X
▪ Post-Development Stormwater Management				X			
Accompanying Regulation Status (indicate with “X”)							
▪ Illicit Discharge Detection & Elimination				X			
▪ Erosion & Sediment Control	X						X
▪ Post-Development Stormwater Management				X			

Mapping and Illicit Discharges

Outfall mapping complete		(%)		Unknown
Estimated or actual number of outfalls		(#)		
System-Wide mapping complete		(%)		
Mapping method(s)				
▪ Paper/Mylar		(%)		75%
▪ CADD		(%)		
▪ GIS		(%)		10%
Outfalls inspected/screened		(# or %)		Unknown
Illicit discharges identified		(#)		Unknown
Illicit connections removed		(#)		Unknown
		(est. gpd)		
% of population on sewer		(%)		1%
% of population on septic systems		(%)		99%

Construction

Number of construction starts (>1-acre)	(#)	3
Estimated percentage of construction starts adequately regulated for erosion and sediment control	(%)	100%
Site inspections completed	(# or %)	3
Tickets/Stop work orders issued	(# or %)	None
Fines collected	(# and \$)	None
Complaints/concerns received from public	(#)	None

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	
Site inspections completed	(# or %)	
Estimated volume of stormwater recharged	(gpy)	

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets)	(times/yr)	Yearly
Average frequency of catch basin cleaning (commercial/arterial or other critical streets)	(times/yr)	Yearly
Total number of structures cleaned	(#)	580
Storm drain cleaned	(LF or mi.)	100 ft
Qty. of screenings/debris removed from storm sewer infrastructure	(lbs. or tons)	Unknown
Disposal or use of screenings (landfill, POTW, compost, recycle for sand, beneficial use, etc.)		Compost
Cost of screenings disposal	(\$)	

Average frequency of street sweeping (non-commercial/non-arterial streets)	(times/yr)	Yearly
Average frequency of street sweeping (commercial/arterial or other critical streets)	(times/yr)	Yearly
Qty. of sand/debris collected by sweeping	(lbs. or tons)	20 to 25 tons

Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.)	(location)	
Cost of sweepings disposal	(\$)	\$30,000
Vacuum street sweepers purchased/leased	(#)	
Vacuum street sweepers specified in contracts	(y/n)	

Reduction in application on public land of: ("N/A" = never used; "100%" = elimination)		
▪ Fertilizers	(lbs. or %)	
▪ Herbicides	(lbs. or %)	
▪ Pesticides	(lbs. or %)	

Anti-/De-Icing products and ratios	% NaCl % CaCl ₂ % MgCl ₂ % CMA % Kac % KCl % Sand	4 parts sand to 1 part salt per Town regulations
Pre-wetting techniques utilized	(y/n)	
Manual control spreaders used	(y/n)	
Automatic or Zero-velocity spreaders used	(y/n)	Yes
Estimated net reduction in typical year salt application	(lbs. or %)	0
Salt pile(s) covered in storage shed(s)	(y/n)	Yes
Storage shed(s) in design or under construction	(y/n)
