Boston, MA 02114-2023

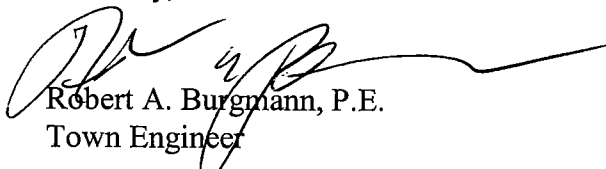

Dear EPA:

Second Annual Report, Stormwater Phase II NPDES Permit #MAR 041090

Enclosed is the Town of Barnstable's Annual Report as required by NPDES General Permit # MAR 041090 for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems.

The Town of Barnstable trusts that all the requirements are met but if additional information is required or desired, please call John Jacobson at 508-862-4084.

Sincerely,

Robert A. Burgmann, P.E.
Town Engineer

Part II. Self-Assessment

The Town of Barnstable has begun to implement its Stormwater Management Program as described in the NOI dated July 28, 2003. The attached Summary of Minimum Control Measures describes steps taken to date.

However, the Town of Barnstable has been addressing Stormwater issues for many years. Some of the projects that have been ongoing for many years include street sweeping, catch basin cleaning, illegal discharge location, water quality monitoring, outfall mapping, coastal discharge mitigation, shellfish sanitary surveys, grants from CZM and DEP to specifically address stormwater issues and participation in the Massachusetts Estuary Project (MEP) and the Cape Cod Commission Project STORM.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 & 2 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 3
1-1 Revised	Educational Flyer	DPW/PHD	Develop Flyer	Doorhanger flyer and a bookmark were developed in cooperation w/CCC Project Storm team. Flyers and bookmarks are available at public events and for distribution during storm drain marker installation.	Continue distribution.
1-2 Revised	Annual Meeting	DPW	Hold Meeting	Public Meeting was held on 4/26/04 to discuss 2003 water quality results from the MEP. Public Meeting is scheduled for 5/16/05 to discuss 2004 MEP results. Results to date show that SW is less than 10% of the nutrient loading.	The Town will convene a Citizens Advisory Committee to provide guidance on solutions to water quality issues including stormwater runoff.
1-3 Revised	Web Page Development	DPW	Post information	Information related to stormwater has been posted on the Town web site including information on the MEP and Household Hazardous Waste Collection.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1&2 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 3
2-1 Revised	Stormwater Management Committee	DPW	Establish Committee	Stormwater Management Committee has not yet been established. However, Nutrient Management Committee has been meeting for more than 4 years discussing WQ issues that include stormwater.	The Nutrient Management Committee will continue to meet and a Nutrient Management Citizens Advisory Committee will be established to deal with the MEP TMDL reports for Town estuaries. The need for a separate Stormwater Management Committee will be evaluated.
2-2 Revised	Citizen Participation	DPW/PHD	Document Public Involvement	Citizen volunteers have participated in the Town MEP water quality sampling program for the last four summers. Citizens have installed storm drain markers. A PPT presentation was developed for CZM NonPoint Source Pollution Program participation. Participated in Horace Mann Charter School Water Festival and Marstons Mills River Day.	Continue the sampling program, storm drain marker program and participation in public education events.
2-3 Revised	Storm Drain Markers	DPW/PHD	Install Storm Drain Markers	Many Cape Cod storm drain markers have been installed by volunteers.	The Cape Cod storm drain markers will continue to be installed by volunteers, Americorps or Senior Environment Corps.
2-4 Revised	Water Quality Monitoring	DPW/PHD	Monitor Ponds and Estuaries	53 WQ monitoring stations sampled 7 times the last 3 summers as part of MEP. Town has participated in DMF Sanitary Surveys. Town participated in Cape-wide pond sampling (PALS).	All 3 programs described will continue.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1&2 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 3
3-1 Revised	Storm Drain Mapping	DPW/GIS	Map Drains & Outfalls	Most of Hyannis has been mapped.	Senior Environmental Corps is completing Hyannis and will start mapping the rest of Town.
3-2 Revised	Illicit Discharge Identification	DPW/PHD	Document Illicit Connections	Monitoring during DMF Sanitary Surveys has identified presence of illegal discharges.	Continue illicit discharge detection using DMF sanitary Surveys. Consider using Optical Brightener testing to also identify illegal connections.
3-3 Revised	Illicit Discharge Enforcement	PHD	Correct Illegal Discharges	Some illegal discharges have been corrected as a result of detection during DMF Sanitary Surveys or during Storm Drain upgrades.	Continue detecting illegal discharges
3-4 Revised	DPW Training	DPW/DPH	Conduct Training	No training for detection of illicit discharges has been held recently but the Town did conduct smoke detector training for DMF in 2002.	Conduct training as needed.
3-5 Revised	Public Information	DPW/PHD	Provide HazWaste Information	The Town web site and flyers have provide information on Household Hazardous Waste collection days at the Town Transfer Station.	Continue with collections.
