Part II. Self-Assessment

Task 6.01 Continuous Street Sweeping & CB Cleaning has not been at the level we would like to see. The DPW staff has been cut as a hiring freeze has been in effect for three years. Efforts are being made to step up our Catch Basin cleaning but other limitations such as freezing winter weather issues and mosquito concerns have narrowed the window when cleaning can be done without creating other impacts.

Task 6.04 All Town Facilities Stormwater Review and Master Plan is somewhat behind schedule. It will not be completed by July of 2007. We should be able to complete by the end of 2007.
