Part II. Self-Assessment

The Town of Clinton has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except for the following provisions:

Part 1A The Town did not have a hazardous waste collection day. Some hazardous materials were accepted at our household recycling day. We plan on having a more comprehensive hazardous waste collection day this summer.

Training: Our original scope did not adequately cover employee training. The DPW is scheduling training sessions to be held at the Road Department barn periodically over the course of the next year. The first session is scheduled for May 15th.
