Part II. Self-Assessment

The Town of Foxborough, MA has completed the required self-assessment and has determined that our municipality is in compliance with our permit conditions, except for the provisions shown below. The exceptions shown below refer to our Form BRP WM 08A and the BMP ID #'s in the Part D Stormwater Program Summary.

Part D.1 BMP ID #5 Educate Students & Adults. We have prepared a Household Hazardous Waste brochure that the School Department has handed out to all students in the Foxborough School system (preschool, K through 12). We also launched the Town wide web page this year and have the brochure shown on our page. We now also plan to post the HHW day event on the web site almost 365 days in advance, as we have the day scheduled for the first Saturday in May on an annual basis. We also advertise the event in the local newspapers, CATV, hang a large banner on our building, and post the event on our local message board. The brochure is available at Town Hall and the Library. At this time the brochure has not been mailed to all adults within the Town. We also hope to have the Neponset River Watershed Association continue their educational efforts in Town.

Part D.2 BMP ID#10 Stencil CB's. We are searching for an Eagle Scout candidate to perform the stenciling.

Part D.2 BMP#12 Train staff in outfall inspection. We are attempting to locate a seminar to provide expertise in this area for our employees to attend. I have trained our Highway Supervisor for proper inspection of outfalls. This training has resulted in significant improvements to our outfalls; many of which had suffered from growth of trees and green weeds in the outfall area. The Neponset River Watershed Association has performed sampling and testing in Foxborough and this BMP should be evaluated and possibly revised to include their testing for adherence to the permit. Also, waiting for new NPDES permit with new requirements.
