Part II. Self-Assessment

The Town of Monson has continued implementing the Measurable Goals noted in Monson's Notice of Intent for coverage under the 2003 NPDES Small MS4 General Permit. Monson is pleased to present the following summary describing Monson's success at implementing the eighth year of the Town's Comprehensive Stormwater Management Program, defined as April 2010 through March 2011.

The Town continues to monitor the websites of regulatory agencies for the issuance of the 2011 Small MS4 General Permit. When this 2011 General Permit is issued, the Town will evaluate the new requirements and identify the highest priority compliance issues. The Town intends to prepare a Notice of Intent for coverage under the 2011 General Permit.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
1	Create a Stormwater Program	Department of Public Works, Planning Board, Conservation Commission, Board of Health, Board of Selectmen	Monson will present to the public at a public meeting The Town's Comprehensive Stormwater Management Program.	Monson's NPDES Phase II Stormwater Program was presented to the Town Administrator on March 8, 2007.
2	Create a Stormwater Program	Board of Selectmen Department of Public Works	Monson will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of Monson's Comprehensive Stormwater Management Program, including public education and outreach.	Monson continued to identify funding opportunities to support its protection of local bodies of water; however, no funding was obtained during the permit period. No funding assistance was received for recycling efforts in the town during the permit year.
3	Address specific groups	Board of Selectmen Department of Public Works	Distribute EPA and other relevant educational brochures to targeted audiences. Distribution points include Town Hall, Library, and Transfer Station.	The Town's Source Water Protection Plan is posted on the Town's website, as are schedules for local recycling events, and a link to the EPA's non-point source pollution website. In addition, brochures providing information about recycling and identification of recyclable items and household hazardous materials are provided at various municipal offices and facilities.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
4	Target groups likely to impact storm water	Board of Selectmen, Department of Public Works, Board of Health	Brochures targeting specific audiences and activities will be available. These target groups include homeowner and lawn maintenance activities, disposal of household waste, and pet maintenance. Monson will post links to stormwater BMPs and other water quality education resources, including EPA and DEP on its website: http://www.monson-ma.gov/	The Board of Health office has brochures available for homeowners regarding disposal of lawn clippings, managing equine waste, and other topics pertinent to storm water protection. Sample brochures are attached to this report.
5	Identify alternative information sources	Board of Selectmen MIS Department		The snow plowing policy is posted on Monson's website to educate homeowners. A copy is attached to this report. The Town's trash/recycling schedule is available at town buildings and on Monson's website www.monson-ma.gov. A copy is attached to this report. The Town of Monson has posted the following additional links on its website: the EPA non-point source pollution website; DEP's home page; and "Bulky Day" press releases. A link to the Opacum Land Trust website is also provided.
6	Identify alternative information sources	Board of Selectmen MIS Department	Monson will also post links on its website to the Chicopee River Watershed Association @ www.chicopeeriver.org , and the Connecticut River Watershed Council @ www.criver.org .	The Town of Monson has posted these links on its website on the Highway Department's page.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
7	Utilize local public access channel	Board of Selectmen	Public meeting notice and the meeting reviewing Monson's Comprehensive Stormwater Management Program will be broadcast on Monson's local access channel.	The Board of Selectmen, in public meetings broadcast on the local cable access channel, has reviewed efforts that contribute to water resource protection including announcing hazardous waste collection days, reviewing draft Open Space Plan, authorizing funding for Monson High School Environmental Service Team, and recognizing volunteers and their efforts in protecting Monson's water resources. Monson's Source Water Protection Plan PowerPoint presentation has been televised on the local public access channel several times.
8	Develop, conduct and document educational programs	Department of Public Works Liaison	The Town of Monson will appoint a liaison to the Connecticut River Watershed Association and the Chicopee River Watershed Council to disseminate information to the Town on programs and activities.	The local Conservation Commission maintains liaisons with the two watershed associations. In addition Monson maintains links on its website to the Chicopee River Watershed Association @ www.chicopeeriver.org , and the Connecticut River Watershed Council @ www.ctriver.org .
9	Promote Household Waste Recycling	Department of Public Works, Board of Health	The Town of Monson will work with the Town's contracted waste hauler and the Board of Health to continue to sponsor Hazardous Waste Collection Days.	Hazardous Waste Collection Day is typically held biannually, yet due to budget cuts could not be held in 2010. Monson considered joining a regional hazardous waste collection system to address this issue, however, the town has restored funding for Household Hazardous Waste Collections in 2011. The next collection day is planned for June 2011.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
10	Storm drain stenciling	Department of Public Works	Monson will work with local Scout groups to develop a stenciling program. Stenciling will target Monson's subwatersheds.	Execution of the storm drain stenciling program developed during Permit Year 7 was substantially completed during Permit Year 8. Stencils displaying the words "Dump No Waste, Drains to Stream" and a fish symbol have been applied to the majority of catch basins in the town, with all of the structures in the downtown/urban area marked at this time. The town plans to expand the markings to catch basins in outlying areas and to re-mark catch basins as needed.
11	Community clean-ups	Department of Public Works, Monson Conservation Commission	Town of Monson will encourage local stream team cleanups with local residents and area Scout groups. The Paradise Lake, Stagecoach Lake, and Pulpit Rock Associations perform cleanups around their respective waterbodies. Town will provide solicitation of sponsors and notice of events on local access channel and website.	Local stream cleanup projects are encouraged and supported by the town. No specific stream area cleanups were reported during the permit year. However, townwide Cleanup days that include picking up tires and debris in local streams are typically held twice each year, one week prior to the Bulky Days collection event. During Permit Year 8, townwide cleanups were conducted on April 24 and September 25, 2010, and the town provided disposal of large debris pulled from streams with other materials collected during the Bulky Day events.
12	Community clean-ups	Department of Public Works	Town will provide trucks and other material to support cleanup efforts and disposal of materials.	The Town of Monson provides trash bags to the Townwide Cleanup effort, and local Boy Scout groups provided collection services, depositing the bagged trash with the town DPW for disposal. In addition any tires and other bulky items found during the townwide cleanup efforts are accepted at the Bulky Day collections the following week.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
13	Inventory and mapping of storm drain system	Board of Selectmen, Department of Public Works	Monson will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of Monson's Comprehensive Stormwater Management Program, including public education and outreach.	The Town of Monson was not able to secure additional funding and is therefore relying on local budgets to fund Monson's IDDE efforts.
14	Mapping and identification of outfalls and receiving waters	Department of Public Works, Board of Assessors	Monson will develop and implement a plan to map all outfalls and receiving bodies of water, contingent on Town Meeting approval of funding.	This BMP was completed in Permit Year Five, when the plan was both developed and executed.
15	Identification/description of problem areas	Department of Public Works	Monson will develop and implement an Illicit Discharge Detection and Elimination (IDDE) plan, contingent on Town Meeting approval of funding.	Monson Highway Department employees continually monitor outfalls, with special attention in the spring and fall. Highway Department staff are trained to recognize potential indicators of sewage contamination, such as discoloration and odors. Any indications that sewage might be mixed with the stormwater discharge are reported to the Board of Health.
16	Enforcement procedures addressing illicit discharges	Planning Board, Town Council, Board of Health	Monson will review whether local authority is appropriate and able to respond to potential illicit discharges. New by-laws, if necessary, will be proposed to Town Meeting.	The Stormwater Management By-law passed in 2006 prohibits discharge of sewage to the storm drains.
17	Public information program regarding hazardous wastes and dumping	Department of Public Works, Board of Health	Monson will provide educational brochures to residents promoting proper disposal of household hazardous wastes and conditions for regional collections.	The Town of Monson has brochures available at Town buildings detailing trash and recycling guidelines, as well as brochures on managing yard waste and equine land use. Some sample brochures are attached to this report.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
18	Initiation of recycling programs	Department of Public Works, Board of Health	Monson will apply for funding assistance from DEP's Recycling Grant Program for assistance in public education and the purchase of recycling materials.	The Town of Monson continues to seek grant funding but did not receive any in the permit period.
19	Watershed assessments and studies	Department of Public Works, Conservation Commission, Board of Health	Monson will identify opportunities for funding assistance from DEP's 604(b) and 319 grant programs and the Department of environmental Management's Lakes and Ponds Grant Program to support watershed assessment and implementation activities. Tasks can include design and installation of stormwater BMPs and public outreach including storm drain stenciling.	The Town of Monson continues to pursue appropriate funding sources but did not receive any in the permit period.
20	Watershed assessments and studies	Department of Public Works, Sewer Department, Water Department	The Town of Monson will apply for funding assistance from DEP's Source Water Protection Program for grant assistance to develop wellhead protection plans and stormwater management plans within Zones II in Monson.	The Town of Monson continues to pursue appropriate funding sources but did not receive any in the permit period.

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
21	Bylaw: Storm water management regulations for construction sites 1 acre or larger	Planning Board, Conservation Commission, Town Council, Board of Health, Zoning Board of Appeals	Monson will review model by-law developed by DEP in consultation with the Attorney General's Office.	This BMP was completed when the Storm Water Management bylaw was adopted at the 11/27/2006 town meeting.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
22	Bylaw: Require post-construction runoff controls	Planning Board, Conservation Commission, Town Council, Board of Health, Zoning Board of Appeals	Monson will review model by-law developed by DEP in consultation with the Attorney General's Office.	This BMP was completed when the Storm Water Management bylaw was adopted at the 11/27/2006 town meeting.

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
23	Develop a municipal Operations and Maintenance Plan	Department of Public Works	Using regulations and recommendations from DEP and EPA, Monson will develop and update an operations and maintenance plan to include proper disposal of street sweepings, catchbasin cleanout, snow disposal, roadway de-icing procedures, vehicle washing, and outside storage of materials.	Monson Highway Department employees continue to manually clean catch basins. Highway Department staff clean 50-60 catch basins each summer on a rotating schedule so that all catch basins in the town are inspected and cleaned regularly. During cleanout they note the condition of the structure and report any suspected problems for additional assessment. Street sweeping is performed twice yearly, in the spring and fall, as well as when necessary after storm events, and debris is disposed in accordance with current guidelines. The Highway Department keeps a log of street sweeping, including dates and street names. The Town's Snow Plowing policy has been formalized and is posted on the town website. Public Works employees are re-trained regularly on vehicle maintenance practices and appropriate outside storage of sand, salt, and other materials.
24	Develop a municipal Operations and Maintenance Plan	Department of Public Works	Monson will implement a formal inspection program, including maintenance logs and scheduling, for catchbasin cleaning, repairs, and new installation.	The Highway Department keeps a daily log of all operations, including catch basin cleaning and maintenance. Catch basins are inspected on a rotating schedule covering 50-60 structures each year. Cleaning is completed as needed during inspection events. Any structural issues are documented and appropriate maintenance is prioritized by the Town.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
25	Develop and implement training programs for municipal employees	Department of Public Works	Monson will send a minimum of 3 public works employees annually to training seminars sponsored by MassHighway, BayState Roads, and other relevant agencies or vendors.	Two Highway Department employees were sent to a two-day training seminar during the permit year. They, along with all other Public Works employees, also participated in in-house training sessions regarding yard maintenance. The in-house training sessions specifically target maintenance activities surrounding unloading, loading, and storage of winter salt and sand to prevent damaging runoff, proper fueling of town vehicles, and management of any accidental fuel spills.
26	Review storm drainage infrastructure needs	Department of Public Works	Monson will incorporate storm drain infrastructure review in Monson's Chapter 90 project utilizations.	Monson continues to seek opportunities to make infrastructure improvements. Only two projects during the permit year required submission of NOIs.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA)- NOT APPLICABLE

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)
				No TMDLs in the Town of Monson
