Part II. Self-Assessment

The town of Scituate has completed the required self-assessment of the annual compliance review for the Phase II Stormwater Program. In accordance with the NPDES Phase II Stormwater requirements, the following topics were evaluated for the completion of the Annual Report:

1. Compliance with the Phase II permit conditions
2. Appropriateness of the selected BMPs
3. Progress towards achieving the program's measurable goals
4. Results of any information that has been collected and analyzed
5. Activities for the next reporting cycle
6. Changes in identified BMPs or measurable goals

The town has determined that our municipality is in compliance with all permit conditions, except for:

- The town failed to submit annual report on or before May 1, 2005.
- BMP ID #6C has been revised. The town's current budget does not allow for hazardous waste collection. However, the town's Recycling Center is accepting waste motor oil, batteries, appliances and propane tanks. The town encourages proper disposal of hazardous waste at licensed hazardous waste collection sites.
