Part II. Self-Assessment

The Town of Stow has completed the required self-assessment and it has been determined that the Town is in compliance with the permit, with the exception of the following variations from the Stormwater Management Program Summary that was issued as part of the Notice of Intent:

Section D. 1. *Public Education*, BMP ID# 2-1, plus 2. *Public Participation*, BMP ID#2-2:

The Lesson Plan and the Poster Contest for 5th graders have been developed by SUASCO and distributed to the Regional School Department by Superintendent of Streets, as required by the Stormwater Management Program. However, the scheduling of the actual implementation of the lesson plan and the poster contest will, out of necessity, be at the discretion of the Regional School Department.

Many of the other BMPs have been completed and the measurable goals met well in advance of the time table set forth in the program summary. These are noted in the "Progress" columns for years 3 through 5 on the following pages.

Part III

Town of Stow Stormwater Management Program, Summary of Minimum Control Measures, for Annual Report, May 2005
Showing progress of each BMP for years one through five

<u>BMP</u>	<u>Responsible Dept./Person Name</u>	<u>Measurable Goal</u>	<u>Progress</u>	<u>Changes to 3rd Year Plans</u>
