Part II. Self-Assessment

The Town of Sutton has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions. The Town of Sutton has successfully implemented or begun implementation of several Measurable Goals noted in its Notice of Intent. Prior to the development of its Comprehensive Stormwater Management Program, including Measurable Goals, the Town had an assessment performed of current activities, programs, and regulations that could support the NPDES Phase II Stormwater program. This assessment became the basis for modifying current activities, recommending new programs, and informing town boards and departments of their obligation toward successful implementation of Sutton's Comprehensive Stormwater Program.

In accordance with Sutton's Comprehensive Stormwater Management Program the Town began to execute an Illicit Discharge Detection and Elimination (IDDE) Program in Permit Year 4.

Sutton is pleased to present the following summary describing its success at implementing the fourth year's Comprehensive Stormwater Management Program.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
1	Create a Stormwater Program	Department of Public Works Planning Board Conservation Commission Board of Health Board of Selectmen	Sutton will present its draft Comprehensive Stormwater Management Program to the public at a public meeting.	Sutton continued to implement its Comprehensive Stormwater Program.	o Sutton intends to continue implementation of the Comprehensive Stormwater Program.
2	Create a Stormwater Program	Department of Public Works	Sutton will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of its Comprehensive Stormwater Management Program, including public education and outreach.	- o Sutton applied and received funding from the DEP recycling grant program for 2005. - o The Town of Millbury received a 319 grant to reduce non-point source pollution around Lake Singletary in both Sutton and Millbury by upgrading 20 storm drains and 3 detention swales around the lake plus supporting tasks that will measure the success of the program, and provide educational programs. The Lake Singletary Watershed Association is a partner in this grant program. Construction of this project began April 2006 and was completed in August 2006. The project funded was not a required element of the Town's NPDES Plan, but rather an indication of the kinds of stormwater quality improvement projects for which the Town will continue to seek funding. - o Sutton applied for SRF funding for sewer construction. This project disconnected documented illegal connections into the stormwater system that discharge into the Mumford River and eventually to the Blackstone River. Construction activities related to this project have been completed.	- o Sutton will continue to identify funding opportunities to support its protection of local bodies of water. - o See BMP #1

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
2 (cont.)	Create a Stormwater Program	Department of Public Works	Sutton will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of its Comprehensive Stormwater Management Program, including public education and outreach.	o The Town of received a 319 grant to reduced non-point source pollution around Manchaug Pond in both Sutton and Douglas by constructing vegetative swales at 6 outfalls around the pond plus supporting tasks that will measure the success of the program, and provide educational programs. SuttonManchaug Pond Association is a partner in this grant program. This project is still in design phase. The project funded was not a required element of the Town's NPDES Plan, but rather an indication of the kinds of stormwater quality improvement projects for which the Town will continue to seek funding.	o

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
3	Address specific groups	Department of Public Works	Distribute EPA and other relevant educational brochures to targeted audiences. Distribution points include Town Hall, Library, and Transfer Station.	- o The Town is in receipt of EPA educational materials on disk for easy printing and distribution. - o Sutton provided handouts and literature to residents pertaining to a workshop titled, <i>Healthy Laws and Landscaping</i>. - o Other brochures available to the public include, <i>Watch Your Waste</i>, a bookmark describing recycling. - o An informational brochure related to Transfer Station waste disposal information and recycling is available at the Town Hall. - o In 2006 the Town received an EPA grant that provides a public outreach toolkit for proper solid waste disposal. - o In 2007 the Town received a DEP grant to assist in the collection and disposal of household paint. - o Local newsletters available in the Town with information regarding stormwater/environmental protection include: ▪ <i>Chalk Talk</i> a newsletter of the Sutton Elementary School and Early Learning Center and ▪ <i>Singletary Sun</i> a newsletter of the Lake Singletary Watershed Association.	Brochures will continue to be printed and made available at town buildings. <i>Chalk Talk</i> and <i>The Singletary Sun</i> will continue to advertise programs such as Earth Day, weed pulling, and 319 grant stormwater system upgrades and storm drain stenciling.
4	Target groups likely to impact storm water	Department of Public Works	Brochures targeting specific audiences and activities will be available. These target groups include homeowner and lawn maintenance activities, disposal of household waste, and pet maintenance.	See BMP 3	See BMP 3

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
5	Identify alternative information sources	Department of Public Works MIS Department	Sutton will post links to stormwater BMPs and other water quality education resources, including EPA and DEP on its website: http://www.suttonma.org/ Town will work with Lake Singletary Watershed Association in the collection and dissemination of data from the Association's 8-year sampling program. Data will be posted on town website along with relevant BMPs for target audiences.	- o Sutton has posted links to EPA or DEP website. - o The Town of Sutton continues to work with the Lake Singletary Watershed Association. A link to Lake Singletary Watershed Association has not been posted to the Town website. - o The Blackstone River Coalition has two sampling points for Water Quality analysis in the Town of Sutton. - o The Blackstone River Watershed Association has developed an <i>Upper Blackstone River Watershed Wetlands Restoration Plan</i> that includes the Town of Sutton.	Sutton will maintain links to the EPA and DEP on its website. The Town will provide a link to the Lake Singletary Watershed Association's website on the Town's website. The Town will provide a link to the Blackstone River Coalition's website on the Town's website. The Town will provide a link to the Blackstone Watershed Association's website on the Town's website.
6	Identify alternative information sources	Department of Public Works MIS Department	The Town of Sutton will contact the Blackstone River Watershed Council to review opportunities in Sutton. These opportunities include hosting a watershed association meeting in Sutton with notice on website and local access channel, and televising a meeting reviewing watershed activities or needs specific to Sutton.	- o The Blackstone RiverThe Town of Sutton currently works with the Lake Singletary Watershed Association and the Blackstone River Watershed Council. - o The Town will coordinated with the Blackstone River Watershed Council and hosted a meeting on May 12, 2006.	- o The Town of Sutton will continue to coordinate with the Blackstone River Watershed Council and support their programs. that occurred in Jan. 2006. - o Town of Sutton will continue to coordinate with the Lake Singletary Watershed Association and support their programs.
7	Utilize local public access channel	Department of Public Works	Public meeting notice and a meeting reviewing Sutton's Comprehensive Stormwater Management Program will be posted on Sutton's local access channel.	The Town of Sutton posted dates and times of stream & lake clean ups on local public access channel.	- o The Town of Sutton will continue to post notices regarding Sutton's Comprehensive Stormwater Program on local cable access a week prior to events. - o The Town will coordinate with the Blackstone River Watershed Council to host a meeting.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
8	Develop, conduct and document educational programs	Department of Public Works Liaison	The Town of Sutton will appoint a liaison to the Blackstone River Watershed Council to disseminate information to the Town on programs and activities.	- o The Town has a liaison to the Blackstone River Watershed Council. - o In May 2004, the Lake Singletary Watershed Council enlisted students from the Millbury Jr. Sr. High Environmental Council at Millbury H.S. to conduct a storm drain stenciling/decating project in and around Lake Singletary. - o Sutton Education Foundation Trust awarded a Grant in 2004-2005 for a Clean Water Festival to the High School Science Program. This project is phase II of last year's grant. In collaboration with the Watershed Association and the Blackstone River School Organization, the students will participate in nature trail improvements, the Student Congress/Water Festival and analyze 'Street Runoff'.	- o The Town will continue to coordinate with the liaison to the Blackstone River Watershed Council to disseminate information to the Town on programs and activities. - o The Town will coordinate with the Lake Singletary Watershed Council to enlist students from the Millbury Jr. Sr. High Environmental Council at Millbury H.S. to conduct a storm drain stenciling/decating project.
9	Promote Household Waste Recycling	Department of Public Works Board of Health	The Town of Sutton will work with its contracted waste hauler and the Board of Health to continue sponsoring Hazardous Waste Collection Days.	- o The Town of Sutton supports ongoing hazardous waste collection at the transfer station. - o The Sutton School System has developed a recycling program for recycling ink cartridges. Drop off locations are found at all schools, the Town Library, the Senior Center and Town Hall. - o Sutton applied and received funding from the DEP recycling grant program for 2006. - o The DEP Recycling grant was awarded and the Town has instituted a "Pay as you throw" program at the Blackstone Recycling Program.	- o These events will continue. - o The Town will attempt to identify funding assistance to support the collection of extremely- hazardous waste materials.
10	Storm drain stenciling	Department of Public Works	Sutton will work with local Girl Scout Troop in continuing its support of storm drain stenciling by scouts.	The Millbury High School Environmental Council stenciled several storm drains in Sutton in April 2004.	Sutton will continue to work with community groups and attempt to include the High School Environmental Club in continuing its support of storm drain stenciling.

Formatted: Bullets and Numbering

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
11	Community clean ups	Department of Public Works Sutton Conservation Commission	Town of Sutton will encourage local stream team cleanups with local residents and area Scout groups. Town will provide solicitation of sponsors and notice of events on local access channel and website.	- o The Lake Singletary Watershed Association had a spring clean-up in recognition of Earth Day 2006. - o Blackstone Valley Chamber Of Commerce conducted a street and river clean-up along the Blackstone River on April 22, 2006. The Town Highway Dept. helped with the disposal of trash collected. - o The Manchaug Pond Association conducted a pond cleanup on Nov. 11, 2006.	Stream and Pond clean ups are expected to continue during Permit Year 5.
12	Community clean ups	Department of Public Works	Town will provide trucks and other material to support cleanup efforts and disposal of materials.	- o The Town of Sutton provided tools and disposal for the clean up events. - o Blackstone Valley Chamber Of Commerce conducted a street and river clean-up along the Blackstone River on April 22, 2006. The Town Highway Dept. helped with the disposal of trash collected. - o The Manchaug Pond Association conducted a pond cleanup on Nov. 11, 2006. The Town Highway Dept. helped with the disposal of trash collected.	The Town of Sutton will continue to support these events.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
13	Inventory and mapping of storm drain system	Department of Public Works	Sutton will identify appropriate sources of funding assistance (SRF, 319 Grant Program, 604(b) Grant Program, Lakes & Ponds Grant Program, Source Water Protection Grant Program, Recycling Grant Program) and apply for assistance in implementing portions of its Comprehensive Stormwater Management Program, including public education and outreach.	○ Sutton applied and received funding from the DEP recycling grant program. ○ Sutton applied for SRF funding for sewer construction. This project will disconnect documented illegal connections into the stormwater system that dispose into the Mumford River and eventually to the Blackstone River. ○ Through Town funding the Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town reviewed and inventoried all available plan data to support mapping of the storm drain system.	○ The Town of Sutton has requested funds to continue to support the IDDE Program at Town meeting. ○ The Town of Sutton will continue to implement its Comprehensive Stormwater Management Program. ○ The Town of Sutton will make use of all funding opportunities and continue to search for all applicable opportunities.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
14	Mapping and identification of outfalls and receiving waters	Department of Public Works Board of Assessors	Sutton will develop and implement a plan to map all outfalls and receiving bodies of water, contingent upon Town Meeting approval of funding.	- o The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town created a GIS base map. Utilizing existing plan data and information gathered in field survey the process of mapping existing outfalls on the GIS base map has begun. Additionally the Town created a database describing the location of all outfalls and the names of all waters that receive discharges from those outfalls. The database of existing outfalls is included in this submission. Outfalls identified during field survey were digitally photographed. - o During annual cleaning of catch basins and drains, the town Highway Department identifies and records the following information: location, number/ landmark, type, sump depth, inlet size, outlet size, overall condition, and defects. - o To date the following features have been mapped: - 67 Catchbasins - 47 Manholes - 34 Culverts - 10 Outfalls	- o The Town will continue the process of mapping existing outfalls - o GIS base map. The Town will update the database describing the location of all outfalls and the names of all waters that receive discharges from those outfalls contingent on funding from Town Meeting. - o During annual cleaning of catch basins and drains, the Town Highway Dept. will continue to use GPS technology to map the storm drain system.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
15	Identification/description of problem areas	Department of Public Works	Sutton will develop and implement an Illicit Discharge Detection and Elimination (IDDE) plan, contingent upon Town Meeting approval of funding.	- o The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. - o The Town of Sutton has received funding from Town Meeting to support the implementation of the IDDE Plan. - o Sutton applied for SRF funding for sewer construction. This project will disconnect documented illegal connections into the stormwater system that dispose into the Mumford River and eventually to the Blackstone River. Construction activities related to this project have been completed.	- o The Town of Sutton will continue to request funding at Town Meeting to support the implementation of the IDDE Plan. - o As part of the IDDE Program, the Town of Sutton will continue to GPS survey outfalls and identify potential sources of illicit discharges beginning with prioritized areas identified in the IDDE Plan. - o The Town of Sutton will continue to promote projects that disconnect illegal connections to the storm drain system.
16	Enforcement procedures addressing illicit discharges	Planning Board Town Counsel Board of Health	Sutton will review whether local authority is appropriate and able to respond to potential illicit discharges. New by-laws, if necessary, will be proposed to Town Meeting.	The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town has collected a variety of model bylaws that could be included in local by-laws for review.	- o Sutton will review whether local authority is appropriate and able to respond to potential illicit discharges. - o New by-laws, if necessary, will be proposed at Town Meeting. The Town understands that an active by-law is required by the end of the permit term.
17	Public information program regarding hazardous wastes and dumping	Department of Public Works Board of Health	Sutton will provide educational brochures to residents promoting proper disposal of household hazardous wastes and conditions for regional collections.	- o An informational brochure related to Transfer Station waste disposal and recycling information is available at the Town Hall and has been distributed as a mailer. - o The Sutton School System has continued its recycling program for recycling ink cartridges. Drop off locations are found at all schools, the Town Library, the Senior Center and Town Hall.	The Town will continue this educational outreach.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
18	Initiation of recycling programs	Planning Board Board of Health	Sutton will apply for funding assistance from DEP's Recycling Grant Program for assistance in public education and the purchase of recycling materials.	- o The Sutton School System has continued its recycling program for recycling ink cartridges. Drop off locations are found at all schools, the Town Library, the Senior Center and Town Hall. - o The Town of Sutton applied for and received 2006 DEP municipal recycling grants. These grants provide outreach material to the community.	The Town of Sutton will continue to apply for DEP's Recycling Grant Program. This grant will provide outreach material to the community.
19	Watershed assessments and studies	Department of Public Works Conservation Commission Board of Health	Sutton will identify opportunities for funding assistance from DEP's 604(b) and 319 grant programs and the Department of Environmental Management's Lakes and Ponds Grant Program to support watershed assessment and implementation activities. Tasks may include design and installation of stormwater BMPs and public outreach including storm drain stenciling. Emphasis will be on assessments and remediation of stormwater related problems impacting water quality in Aldrich Pond, Clark Reservoir, Dark Brook Pond, Marble Pond, Merrill Pond No. 3, Merrill Pond No. 4, No. 1 Pond, No. 2 Pond, Schoolhouse Pond, Sutton Falls, Swans Pond, Town Farm Pond, Welsh Pond, Whiting Pond, and Woodbury Pond. These waterbodies have been identified as impaired and on DEP's 303d list.	- o Sutton received SRF funding for sewer construction. This project will disconnect documented illegal connections into the stormwater system that dispose into the Mumford River and eventually to the Blackstone River. Construction related activities related to this project have been completed. - o In collaboration with the Commonwealth of Massachusetts Riverways Adopt-A-Stream Program, the Blackstone River Watershed Association conducted a river survey along the Mumford River on Saturday May 6, 2006. The data collected from the survey are being used to determine which factors are negatively affecting the river. Action plans have been created, a final report has been prepared and made available to local town officials. A copy of the report has been submitted with this report.	- o The Town of Sutton will continue to support watershed assessments and studies. - o The Town will attempt to identify key individuals who might be interested in sampling of impaired bodies of water as identified by DEP's 303d list.

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
20	Watershed assessments and studies	Department of Public Works Public Water Suppliers	The Town of Sutton will encourage the three PWS located in town to apply for funding assistance from DEP's Source Water Protection Program for grant assistance to develop wellhead protection plans and stormwater management plans within Zone II. These plans can include stormwater management programs. The proposed tasks will include a public education component. The Lake Singletary Watershed Association will be consulted and asked to provide educational data from their studies and monitoring of Lake Singletary for posting on Sutton's local access channel and website.	- o The Wilkinsonville Water Department received DEP approval for two new wells. They have develop wellhead protection plans and stormwater management plans. The Zone II areas were implemented Nov. 16th 2006. - o The Whitinsville Water Department is not pursuing funding assistance from DEP's Source Water Protection Program for grant assistance to develop wellhead protection plans and stormwater management. - o The Manchaug Water Department is not pursuing funding assistance from DEP's Source Water Protection Program for grant assistance to develop wellhead protection plans and stormwater management.	The Town of Sutton will ascertain the availability of funds from the Water Protection Program in Permit Year 5.

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
21	Bylaw: Storm water management regulations for construction sites 1 acre or larger	Planning Board Conservation Commission Town Counsel Board of Health Zoning Board of Appeals	Sutton will review model by-law developed by DEP in consultation with the Attorney General's Office.	○ The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town has collected a variety of model bylaws that could be included in local by-laws for review. ○ The Town has developed and implemented stricter stormwater and erosion controls; a copy of the Sutton Wetland and Riverfront District Administration Bylaw is included at the end of this report.	○ Sutton will review whether local authority is appropriate. ○ New by-laws, if necessary, will be proposed to Town Meeting.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
22	Bylaw: Require post-construction runoff controls	Planning Board Conservation Commission Town Counsel Board of Health Zoning Board of Appeals	Sutton will review model by-law developed by DEP in consultation with the Attorney General's Office.	The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town has collected a variety of model bylaws that could be included in local by-laws for review.	○ Sutton will review whether local authority is appropriate. ○ New by-laws, if necessary, will be proposed to Town Meeting.

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
23	Develop a municipal Operations and Maintenance Plan	Department of Public Works	Using regulations and recommendations from DEP and EPA, Sutton will develop and update an operations and maintenance plan to include proper disposal of street sweepings, catchbasin cleanout, snow disposal, roadway de-icing procedures, vehicle washing, and outside storage of materials.	- o The Town of Sutton Highway Facility has a Stormwater Management Plan that includes municipal Operations and Maintenance BMPs. - o The Town of Sutton has completed an <i>Illicit Discharge Detection and Elimination (IDDE) Program</i> as part of the Town's Comprehensive Stormwater Management Program. As part of the IDDE Program, the Town has a summary of recommendations developed as water quality-friendly maintenance practices, EPA and DEP Fact Sheets pertaining to <u>Municipal Operations and Maintenance</u>.	o The Town of Sutton Highway Facility will continue to use BMPs and the O&M schedule as applicable.
24	Develop a municipal Operations and Maintenance Plan	Department of Public Works	Sutton will implement a formal inspection program, including maintenance logs and scheduling, for catchbasin cleaning, repairs, and new installation.	- o During catchbasin and drain cleaning, the Town of Sutton Highway Department on a yearly basis identifies and records the following information: location, number/landmark, type, sump depth, inlet size, outlet size, overall condition, and defects. - o See BMP 23.	o The Town of Sutton Highway Facility will continue to use BMPs and the O&M schedule as applicable. Maintenance BMPs.
25	Develop and implement training programs for municipal employees	Department of Public Works	Each year, Sutton will send a minimum of 5 public works employees to training seminars sponsored by MassHighway, BayState Roads, and other relevant agencies or vendors.	- o The Town of Sutton municipal employees have received Incident Command System (ICS) training in the 100, 200, 300, 400, and 700 levels. - o The Town of Sutton continued its training program.	- o The Town Highway Dept. has obtained a copy of the Baystate Roads video "Sand and Salt Spreader Calibration" and plans to have annual viewings for key personnel. - o The Town of Sutton will continue its training program.
26	Review storm drainage infrastructure needs	Department of Public Works	Sutton will incorporate storm drain infrastructure review in its Chapter 90 project utilizations.	- o The Town of Sutton Highway Department cleans catch basins yearly and sweeps all streets yearly. - o During yearly catchbasin and drain cleaning, the Town of Sutton Highway Department identifies and records the following information: location, number/landmark, type, sump depth, inlet size, outlet size, overall condition, and defects.	o The Town of Sutton will continue the storm drainage infrastructure inspections.

7. BMPs for Meeting Total Maximum Daily Load (TMDL) Waste Load Allocations (WLA)- *NOT APPLICABLE*

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
				No TMDLs in the Town of Sutton	

Part IV. Summary of Information Collected and Analyzed

Sampling and analysis has not been performed.
