Part II. Self-Assessment

The City of Taunton has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except for the following provisions:

Part II.B.1-6 Any Provisions of Part II.B.1-6 that have not been met are detailed in Part III below.

Part II.B.8 The Town encourages BMPs that promote groundwater recharge and Standard 3 of the state Storm Water Management Policy. However, specific groundwater recharge/infiltration policies have not yet been developed.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 8 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 9
1-1	Conduct an Annual Household Hazardous Waste Collection Day	Taunton Pollution Prevention Control Facility	Spring '04/05/06/07 <ul style="list-style-type: none"> Sponsor an annual household hazardous waste collection day. Continue to develop the Taunton Recycling Information brochure and distribute to all Taunton residents via a mass mailing on an annual basis. Track the number of brochures distributed to residences via the mass mailing each year. Annually send a press release advertising the event to the <i>Taunton Gazette</i> and track whether or not it was published. Advertise the event on the local cable access station on an annual basis. Maintain and update the City's web page. Track the amounts and types of waste collected each year. Track the number of Taunton vehicles that participate in the event each year. 	<ul style="list-style-type: none"> The hazardous waste collection day was held on April 24, 2010. The event was advertised in the <i>Taunton Gazette</i>, local cable access station, and a flyer was distributed in the yearly DPW mailing for trash collection days. In addition, a flyer was posted at supermarkets and in schools. 126 vehicles participated in the event in 2010. Some of the items collected include solvents, paint thinners, gasoline, kerosene, fluorescent light bulbs, and antifreeze. The City of Taunton distributes recycling bins to residents at the Department of Public Works. 	<ul style="list-style-type: none"> The hazardous waste collection day is scheduled for Saturday, April 23, 2011.
Revised					
1-2	Distribute a Series of Educational Flyers	Taunton Conservation Commission Taunton Environmental Awareness Movement Taunton Municipal Lighting Plant Taunton Webmaster	Summer '06/07 <ul style="list-style-type: none"> Track number of flyers distributed each year. Post the electronic version of the flyer on the City's web page. 	<ul style="list-style-type: none"> Educational flyers titled "After the Storm" were published. They were made available at the Department of Public Works and the Planning and Conservation Department. A poster titled "Stormwater and the Construction Industry" was displayed in the Department of Public Works and the Planning and Conservation Department. An electronic version of the flyers and posters on available on the City of Taunton's web page. 	<ul style="list-style-type: none"> The City of Taunton will continue to make the "After the Storm" flyer and will continue to display the "Stormwater and the Construction Industry" poster at the Department of Public Works and the Planning and Conservation Department. The City of Taunton will create a brochure on FOG – Fats, Oils and Grease and will mail 15,000 copies to residents.
Revised					
1-3	Post Educational Information on the City's Web Site	Taunton Department of Public Works Taunton Conservation Commission Taunton Planning Department Taunton Ecology Awareness Movement	Spring '03 – Winter '07/08 <ul style="list-style-type: none"> Post stormwater related information on the Green Page web site. Update web site regularly. 	<ul style="list-style-type: none"> The City of Taunton has created a webpage dedicated to stormwater. The page includes links to environmental websites and provides a variety of environmental information related to stormwater. 	<ul style="list-style-type: none"> The City of Taunton will continue to maintain the stormwater web page.
Revised			<ul style="list-style-type: none"> Post stormwater related information on the City of Taunton web site. 		
1-4	Promoting Water Conservation Practices for Homeowners	Taunton Water Department	Spring '03 – Winter '07/08 <ul style="list-style-type: none"> Maintain and update the water conservation tips on the Water Department's web page. Continue to use local newspapers to promote water conservation and track the number of water conservation reminders that are placed in newspapers each year. 	<ul style="list-style-type: none"> Water conservation tips have been included on the stormwater webpage. 	<ul style="list-style-type: none"> The City of Taunton will continue to maintain the stormwater web page.
Revised					
1-5	Participate in the Annual Ecology Fair	Taunton Conservation Commission Taunton Department of Public Works Taunton Water Department Taunton Ecology Awareness Movement	Fall '04, Fall '06, Spring '07 <ul style="list-style-type: none"> Submit a press release advertising the event to the <i>Taunton Gazette</i>. Track the number and type of educational materials that are distributed by the City's Storm Water Quality Booth at the Taunton Ecology Fair. 	<ul style="list-style-type: none"> The Taunton River Festival was held on Saturday, June 5, 2010. Taunton River Watershed Alliance had an educational booth at this event. 	<ul style="list-style-type: none"> The Taunton River Festival will be held on Saturday, June 4, 2011. Taunton River Watershed Alliance is planning to host an educational booth at this event.

7b. WLA Assessment

Part IV. Summary of Information Collected and Analyzed

The Taunton River Watershed Alliance (TRWA) and Veolia Water collect water samples throughout the Taunton River Watershed through a collaborative monitoring project. There are three purposes for the monitoring: develop baseline characterization data, measure changes in the watershed over time, and screen for water quality problems. At the end of the year, a report titled Annual Water Quality Report – Taunton River & Tributaries – 2010 was completed to document the sampling activities and results.

For 2010, sampling was performed on the second Tuesday of the month from March through December (weather dependent) between the hours of 4:30 a.m. and 8:30 a.m. Sampling was not performed in January and February due to safety concerns from snow and ice on the bridges and because colder water has higher dissolved oxygen content and so the oxygen stress on the river is greatly reduced. In 2010, the sampling team tested nineteen sites. These sites were chosen for several reasons including to cover a representative area of the City’s waterways, to include any known problem area or areas of critical concern, and to target areas where no previous water quality data existed. The following chart lists the monitoring locations for 2010.
