Part II. Self-Assessment

This year's planned activities within all of the sections of our SWMP have been met with the exception of the acquisition of materials needed to plan and follow through on the poster and photo contests for the school students. This is not a financial issue but more so a question of where to purchase materials from. Flyers were distributed to residents and business' and the Town has shown a stormwater video to the public on Stow's local axis cable channel.

Annual roadside trash pickup was held again in the Spring and residents volunteered time towards cleaning up the Town.

The Town's BOH has made the decision to not hold Hazardous Waste collection days and instead to have residents bring hazardous materials to a regional collection site in Devens, MA.

All outfalls have been visually screened and nothing unusual was found.

All BMPs for sections 3-7 have been and are completed on an annual basis.
