1st Quarter 2026 FOIA Log

Request ID	Requester Name	Organization	Request Description	Received Date
2025-EPA-09358	Marini, Connie	EDR LightBox	Hello, Through this request, I would like to obtain the following, for the entire United States, in Excel or other spreadsheet format: List of facilities that have submitted Facility Response Plans (FRP) to EPA. Facilities that could reasonably be expected to cause "substantial harm" to the environment by discharging oil into or on navigable waters are required to prepare and submit Facility Response Plans (FRPs). Harm is determined based on total oil storage capacity, secondary containment and age of tanks, oil transfer activities, history of discharges, proximity to a public drinking water intake or sensitive environments. Information I would like is: Facility ID Facility Name Address Type Street Address 1 Street Address 2 State City Postal Code FRS Number FRP ID Harm Category NAIC Sector Code Thank you	10/01/2025

2026-EPA-00032	Howell, Mike	Oversight Project	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following from the agency: Documents sufficient to account for all recordings originated and/or recorded by Hilary Marston, hilary.marston@fda.hhs.gov using either the Zoom for Government platform (zoomgov.com) or the Webex for Government platform (webex.com)—including any associated metadata, transcripts, chat logs, participant lists, and related files—from January 20, 2023, to December 31, 2023. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms 'pertaining to', 'referring', 'relating', or 'concerning' with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term 'record' means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, database records, raw data, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as IRC, WebIRC, Rocketchat, Signal, iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b).	10/01/2025
2026-EPA-00033	Howell, Mike	Oversight Project	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following from the agency: Documents sufficient to account for all recordings originated and/or recorded by Deanne Criswell, d.criswell@fema.dhs.gov using either the Zoom for Government platform (zoomgov.com) or the Webex for Government platform (webex.com)—including any associated metadata, transcripts, chat logs, participant lists, and related files—from January 20, 2023, to December 31, 2023. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The term 'record' means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, database records, raw data, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as IRC, WebIRC, Rocketchat, Signal, iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b).	
2026-EPA-00031	Howell, Mike	Oversight Project	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following from the agency: Documents sufficient to account for all recordings originated and/or recorded by Aaron Dickerson, dickerson.aaron@epa.gov using either the Zoom for Government platform (zoomgov.com) or the Webex for Government platform (webex.com)—including any associated metadata, transcripts, chat logs, participant lists, and related files—from January 20, 2023, to December 31, 2023. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms 'pertaining to', 'referring', 'relating', or 'concerning' with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. 2026-EPA-00005	Scacchi, John	Pacific Legal Foundation	Hello. I am requesting the disclosure of all notices of intent to sue submitted to the EPA under four statutes: Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, and the Resource Conservation and Recovery Act. Specifically, I am seeking notices of intent where private parties plan to sue private defendants under 33 U.S.C. 1365(a)(1), 42 U.S.C. 7604(a)(1), 42 U.S.C. 9659(a)(1), and 42 U.S.C. 6972(a)(1)(A)-(B). I would like records dated September 1, 2025, to September 30, 2025. If logs are available, I would like the information to include the name of the party who submitted the NOI, the complainant, the party receiving the NOI, and the NOI type (i.e., title of the anticipated action) in an electronic format please. I would prefer both a list of the notices as well as copies of the notices themselves, but I am happy to accept just copies of the NOIs if logs are unavailable. This is a monthly request in accordance with prior conversations with Royan Teter and Kevin Hill. I am happy to clarify anything about this request. Thank you very much! - Mitchell Scacchi (Date Range for Record Search: From 09/01/2025 To 09/30/2025)	10/01/2025

2026-EPA-00006	Asnake, Mahlet	Earthjustice	Please see attached. Sierra Club requests the RMP Database as of October 1, 2025, and requests a fee waiver. Pursuant to FOIA's affirmative disclosure requirements, 5 U.S.C. §?552(a)(2)(D), the RMP Database must be affirmatively disclosed online on an ongoing basis—no FOIA request is required. Sierra Club last requested the RMP Database on May 16, 2025. On appeal, EPA recognized its obligation to affirmatively disclose the RMP Database pursuant to FOIA's affirmative disclosure provision and began posting the RMP Database online. In response to Sierra Club's FOIA request, EPA released the RMP Database dated June 1, 2025. EPA subsequently posted the RMP Database dated July 1, 2025, and August 1, 2025. In particular, the RMP Database dated August 1, 2025, was posted as early as August 4, 2025. And, while prior postings were identified online by their FOIA request number, the most recent posting was additionally labelled: "Non-OCA RMP Database August 2025." In its letter, EPA stated that "EPA continues to publish that [RMP] information to the electronic reading room regularly." However, EPA has not posted the RMP Database dated September 1, 2025. Thus, though no FOIA request is required to compel EPA to comply with its affirmative disclosure obligations under 5 U.S.C. §?552(a)(2)(D), Sierra Club submits this FOIA request for the RMP Database as of as of October 1, 2025. Sierra Club requests that ongoing postings of the RMP Database be clearly labeled such that they are accessible to the public without a FOIA request number.	10/01/2025

2025-EPA-09352	Rogers, Isabel	CREW	Dear FOIA Officer: Citizens for Responsibility and Ethics in Washington (“CREW”) submits this request for records pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, and Environmental Protection Agency (“EPA”) regulations. Specifically, CREW requests from August 1, 2023 to the date this request is processed: All records that the Environmental Protection Agency submitted to OMB for review pursuant to the requirements of Office of Management and Budget Circular A-11 § 124.2, including records containing tracked changes or annotated comments related to the lapse plan. All records, including communications, sent to or received from the Office of Management and Budget (“OMB”) related to the agency’s lapse plan, including the requirement in Circular A-11 § 124.2 that the agency “specifically identify any changes made based on the most recent lapse plan on file with OMB.” All records, including communications, sent to or received from the Department of Justice Office of Legal Counsel related to the agency’s lapse plan. The above request excludes agency records consisting solely of news articles, press clippings, and other publicly-available material, so long as the records include no accompanying discussion by agency officials. Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, and anyone who was cc’ed or bcc’ed on any emails. If it is your position any portion of the requested records is exempt from disclosure, CREW requests that you provide it with an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973). If some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. See Mead Data Central v. U.S. Dep’t of the Air Force, 566 F.2d 242, 261 (D.C. Cir. 1977). Please be advised that CREW intends to pursue all legal remedies to enforce its rights under FOIA. Accordingly, because litigation is reasonably foreseeable, the agency should institute an agencywide preservation hold on all documents potentially responsive to this request.	10/01/2025

2026-EPA-00077	Shen, Weiting	University of British Columbia	FOIA Request for Hazard Ranking System (HRS) Scores and Documentation Records Dear FOIA Officer, Pursuant to the Freedom of Information Act, I respectfully request disclosure of records from the U.S. Environmental Protection Agency (EPA) regarding the Hazard Ranking System (HRS). Specifically, I request: 1. All available HRS documentation records and score sheets for hazardous waste sites assessed by EPA, including but not limited to sites proposed to the National Priorities List (NPL), sites not ultimately listed on the NPL, and sites managed under the Superfund Alternative Approach (SAA). 2. For each site, I request the following variables if available: • HRS composite score (0–100) • Pathway scores (Groundwater, Surface Water, Soil/Direct Exposure, Air) • The date on which the score was determined (assessment year/month) • Any associated site identifiers (e.g., EPA ID, site name, location, state, county) The purpose of this request is academic research only. I am a Ph.D. student at the University of British Columbia (Sauder School of Business), and my dissertation research examines how environmental risk information, such as EPA Superfund disclosures, is transmitted into financial markets through securitization contracting (e.g., CMBS deal structures and risk allocation). Please see my preliminary paper in the attachment. Access to panel data on HRS scores and assessment timing will allow me to rigorously analyze the economic consequences of environmental risk disclosures. sincerely, Weiting (Date Range for Record Search: From 01/01/1980 To 10/02/2025)	10/03/2025

2026-EPA-00082	Perryman, Skye	Democracy Forward Foundation	Following the termination of members from the Environmental Protection Agency's Science Advisory Board, the agency solicited public comment on candidates for new roles on the influential Board. Among those candidates are, reportedly, members of industry who stand to benefit at public expense from reduced environmental regulation as well as individuals affiliated with a group that denies well-supported climate science. These requests seek the comments the agency received concerning these candidates to understand the record the agency should be considering in making its determinations, as well as the extent of influence from interest groups whose motivations may run counter to the public interest. Records Requested Democracy Forward Foundation ("DFF") requests that the Environmental Protection Agency ("EPA") produce the following within twenty (20) business days: All comments submitted regarding the EPA's candidates for the Science Advisory Board ("SAB") in response to the agency's August 2025 solicitation for such comments. These comments from members of the public are not "inter" or "intra" agency records subject to withholding under Exemption 5, and any minimal privacy interests that may be implicated by such comments are outweighed by the public interest in understanding the qualifications and concerns about candidates for this influential board. There is, further, no foreseeable harm or disruption to any expectation of privacy possible from disclosure as numerous commenting organizations have already posted their comments publicly. This request seeks records from August 13, 2025, through September 7, 2025.	10/06/2025
2025-EPA-09325	Perryman, Skye	Democracy Forward Foundation	Democracy Forward Foundation ("DFF") requests that your agency produce the following within twenty (20) business days: 1. All guidance, policies, memoranda, or directives received by your agency from the Office of Personnel Management ("OPM") regarding probationary employees. Examples of responsive documents include the original April 28, 2025 memo "Initial Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service" and the August 7, 2025 memo "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 2. All reports and plans submitted by the head(s) and/or acting head(s) of your department/agency to OPM (at employ@opm.gov or otherwise) to reflect changes suggested by OPM Workforce Policy and Innovation Associate Director Veronica E. Hinton's August 7, 2025 memorandum titled, "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 3. All guidance, policies, memoranda, or directives created by your agency to comply with any directives received from OPM regarding probationary employees, including but not limited to Veronica E. Hinton's August 7, 2025 memorandum titled, "Updated Guidance on President Trump's Executive Order Strengthening Probationary Periods in the Federal Service." 4. All documents reflecting the appointment of designees responsible, or any other delegation of authority, for evaluating the continued employment of probationary/trial period employees at your agency. To be clear, the documents Democracy Forward Foundation is here seeking include, at least in part, reports on actions already taken and appointments of designees the agency has already made. These components of the responsive documents and the identities of designated senior officials are consequently neither predecisional nor deliberative, and Democracy Forward Foundation expects that they are subject to substantial disclosure. This is further a matter of significant public interest where any privacy interests of designee officials are de minimis, and would, in any case be outweighed by the public interest in disclosure. This request seeks records from April 24, 2025 until the date of the search.	10/06/2025

2025-EPA-09343	Torres, Miguel	Torres Torres & Assoc CSP	I am writing to request that the U.S. Environmental Protection Agency certify whether there is a delegation of authority to the Department of Natural and Environmental Resources (DNER) of the Commonwealth of Puerto Rico to implement and enforce the Resource Conservation and Recovery Act (RCRA). Recent findings from ongoing investigations indicate that the RCRA program has not been fully delegated to DNER. On official documents EPA has stated that the Commonwealth of Puerto Rico is not authorized by the EPA to conduct a hazardous waste program under Section 3006 of RCRA, 42 U.S.C. § 6926 and is not authorized to enforce RCRA. The EPA has retained its authority to enforce the hazardous waste rules and regulations in the Commonwealth of Puerto Rico. (Date Range for Record Search: From 01/01/2020 To 09/30/2025)	10/06/2025

2026-EPA-00066	Fatema, Kaniz	CU-Citizen Access	Dear FOIA Officer: This is a request under the Freedom of Information Act. I hereby request the following records: 1. All reports, investigations, inspection findings, or enforcement actions related to leakages, spills, or environmental releases at Archer Daniels Midland (ADM) plants in Decatur, Illinois from January 1, 2023, to the present. 2. All email communications (including attachments) between EPA staff (both at headquarters and Region 5) and representatives of ADM concerning such leakages or spills during the same period. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. In addition, this work may appear on the online newsroom website, CU-CitizenAccess.org, and may be shared with the News-Gazette and Illinois Public Media. Thus, I am requesting a fee waiver for any potential costs, as the release of information will be published for public interest. If a fee waiver cannot be granted, please inform me of all costs before further processing the request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. If the request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the act. We will also expect you to release all segregable portions of otherwise exempt material. We, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response	10/06/2025

2026-EPA-00159	Spreckley, Sandra	Langan	Hello, Langan Engineering and Environmental Services, LLC is conducting a Phase I Environmental Site Assessment at the following parcels (12 total) located in Whitemarsh Township, Montgomery County: 650007882009, 650011176009, 650007894006, 650007892008, 650007891009, 650007879003, 650007885006, 650007888003, 650007873009, 650007892107, 650011174101, 650007873018. From our preliminary research, the site historically operated as mining facility, solid waste facility (SWF), quarry and landfill (Deck Quarry, Springfield Township Landfill and Springfield Township Leaf Disposal). The Springfield Township Landfill and Leaf Disposal are tracked under PADEP (waste management program) Facility IDs 637648 and 548141, respectively. There also appears to be an inactive Act 2 (PADEP ECB Program) soil cleanup case for the Deck Quarry site that is mapped on the site (Primary Facility ID: 618874). The Springfield Township Landfill and/or Springfield Township Leaf Disposal which appears to be mapped on or adjacent to our subject property, likely associated with Parcel ID 650007876006. As required by ASTM E1527-21, we are requesting all identifiable remedial, permitting, compliance, and enforcements records for the above-mentioned parcels and facility IDs. These records include but are not limited to the following: environmental reports, mining records, quarry records, landfill records, regulatory permits, building permits, waste management, hazardous waste manifests, MSDS Sheets / Chemical Inventory, fire/emergency response records, underground and above ground storage tank records, monitoring data, notices of violation, and other pertinent documents. 			notices, or communications received from state pesticide regulators (including the Washington State Department of Agriculture, Colorado Department of Agriculture, Michigan Department of Agriculture & Rural Development, Ohio Department of Agriculture, California Department of Pesticide Regulation, or other state agencies) concerning Grove Bags/TerpLoc. 2. Any communications between OPP and EPA Regions (5, 8, 10, or others) concerning Grove Bags/TerpLoc. 3. Internal OPP communications (emails, memoranda, meeting notes, or enforcement discussions) regarding Grove Bags/TerpLoc, including any consideration of enforcement actions, compliance advisories, or national Stop Sale, Use, or Removal Orders. 4. Drafts or final versions of any OPP enforcement determinations, compliance advisories, or related policy documents concerning Grove Bags/TerpLoc. 5. Any communications between OPP and Grove Bags/Kinzie Advanced Polymers representatives regarding TerpLoc products. Please provide responsive records in electronic format (PDFs or native email files if available). If any portions are withheld, please state the statutory basis for each withholding and release all reasonably segregable portions. To the extent possible, I request expedited processing because these records concern ongoing enforcement actions and issues of significant public interest. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. 2026-EPA-00126	Chavez, Lluvia	USC Annenberg Media	This letter constitutes a request under the federal Freedom of Information Act ("FOIA"), 5 U.S.C. § 552. Pursuant to the FOIA, I request access to and copies of records, reports, correspondence, and enforcement documents related to air quality monitoring and pollution violations in Los Angeles County from January 1, 2019, to the present. Specifically, I am requesting: Air quality monitoring data, inspection reports, and compliance records for industrial facilities in Los Angeles County. Records of any Clean Air Act violations, enforcement actions, or notices of noncompliance during this time period. Correspondence or memoranda between the EPA and the South Coast Air Quality Management District (SCAQMD) related to air quality monitoring, enforcement, or pollution violations. I would like to receive the information in electronic format (PDF, Excel, or CSV) if readily available. For purposes of fee categorization, I am a journalist with USC Annenberg Media. This request is made for educational and non-commercial purposes. I also request a public interest fee waiver, as the release of this information will contribute significantly to public understanding of environmental enforcement and air quality conditions in Los Angeles County. I am willing to pay up to $25 to process my request. Please inform me if the fees will exceed that amount before proceeding. If this request is denied in whole or in part, please justify all such denials by reference to specific exemptions, and provide an explanation of why the EPA "reasonably foresees that disclosure would harm an interest protected by that exemption" or why "disclosure is prohibited by law." 5 U.S.C. § 552(a)(8). Please also ensure that all segregable portions of otherwise exempt material are released. If you have any questions regarding this request, please feel free to contact me at (b) (6) . I look forward to your determination within 20 working days of this request, as required by law. Thank you in advance for your assistance in this matter. 2026-EPA-00188	Smith, Ryan	The Environmental Defense Center	The Environmental Defense Center (EDC), a public interest environmental law firm serving clients within Ventura, Santa Barbara, and San Luis Obispo counties, submits the following Freedom of Information Act (FOIA) request on behalf of our clients. We seek communications to and from the U.S. Environmental Protection Agency (EPA) concerning Sable Offshore Corporation (Sable) or Exxon Mobil Corporation's (Exxon)	10/08/2025

			actions or interest in establishing an Offshore Storage & Treatment (OS&T) vessel or Floating Production Storage and Offloading (FPSO) vessel for the Santa Ynez Unit (SYU) oil and gas production facility. Specifically, we are requesting all records and communications that EPA has relating to or prepared in connection with Sable's OS&T or FPSO. The undersigned hereby request, on behalf of the EDC, that EPA provide copies (preferably in electronic PDF format) of the following records pursuant to FOIA, 5 U.S.C. § 552 et seq.: • All documents, communications, applications (including partial or incomplete applications), and attachments related to Sable's September 19th, 2025, letter to the U.S. Secretary of the Interior and the U.S. Secretary of Energy requesting expedited support for a FPSO. • All documents and communications related to Sable that were sent to or received from the members or staff of the National Energy Dominance Council. • All other documents, communications, applications (including partial or incomplete applications), and attachments related to Sable or Exxon's potential or actual interest in, establishment of, or use of any offshore oil storage and/or treatment vessel or facility for the SYU (including an OS&T or FPSO). Please gather all disclosable project files and documents for review and notify our office within (20) working days after receipt of this letter, as required by FOIA, 5 U.S.C. § 552(a)(6)(A)(i). Pursuant to 5 U.S.C. § 552(a)(3)(B), we request that responsive records be provided in electronic, PDF format. To the extent that EPA claims the right to withhold any record, or a portion of any record, please describe with specificity each and every record or portion thereof that is being withheld and the claimed reason for exemption, citing the exact language of FOIA on which you rely for that particular record. If you believe that a portion of the requested information is exempt from disclosure by express provisions of the law, please provide legal argument or citation and then segregate and delete those portions of the records and provide us with the remainder of the documents as required by 5 U.S.C. § 552(a)(8)(A)(ii)(II) and 5 U.S.C. § 552(b). If you make any such segregations or deletions, please identify the amount of information deleted on the released portion of the record, as required by 5 U.S.C. § 552(b). We reserve our right to appeal the withholding or deletion of any information and request that you list the office and address where such an appeal can be sent.

2026-EPA-00208	Taft, Molly	WIRED	All communications concerning the Good Neighbor Plan sent and/or received between June 1, 2025 and August 30, 2025, between the Office of Air and Radiation (OAR) Assistant Administrator and Deputy Assistant Administrator and their staff, and the staff of the Office of Air Quality Planning and Standards (OAQPS). We seek all responsive records regardless of format, medium, or physical characteristics. The terms "records" and "communications" should be understood in the broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. This request encompasses, without limitation, electronic records, letters, emails, text messages, facsimiles, memoranda, notes, audiotapes, videotapes, photographs, telephone messages, voicemail messages and transcripts, minutes of meetings, calendar entries, and records of telephone conversations or discussions. Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email. You may not exclude records of agency business contained in personal files, email accounts, or devices in the custody of EPA officials. Records of official business conducted through unofficial systems or stored outside official files remain subject to the Federal Records Act and FOIA. It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time. WIRED Magazine has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations. Please search all locations and systems likely to contain responsive records, regardless of format, medium, or physical characteristics. For example, if the request seeks communications," this includes, but is not limited to, hard-copy and correspondence files, agency email systems (such as Microsoft Outlook/Exchange), collaboration platforms (such as Microsoft Teams, SharePoint, or Webex), individual and shared network drives, voicemails, and text or direct messaging platforms used on government-issued or personal devices (including iMessage, Signal, WhatsApp, or Telegram). This request also includes instant messaging systems such as Lync or Jabber, shared messaging platforms such as Slack or Mattermost, and any other service where EPA officials may have conducted agency business. 2026-EPA-00369	Normil, Lanese	National Educative Science Association, Inc	COMPREHENSIVE FOIA APPEAL FREEDOM OF INFORMATION ACT REQUESTS Appellant: Lanese Normil National Educative Science Association, Inc. 4326 S Scatterfield Rd., Suite 153 Anderson, IN 46013 Email: (b) (6) Re: Freedom of Information Act Requests EPA Case No. 2025-EPA-05612 DOE Case No. EMCBC-2025-01833-F Agencies Involved: U.S. Environmental Protection Agency (EPA) U.S. Department of Energy (DOE), Environmental Management Consolidated Business Center (EMCBC) Subject: Comprehensive Appeal for Fee Waiver and Expedited Processing Submitted under 5 U.S.C. § 552(a)(6)(E) and applicable agency regulations (40 C.F.R. § 2.104(g) and 10 C.F.R. §§ 1004.4, 1004.9) I. INTRODUCTION This COMBINED COMPREHENSIVE FOIA APPEAL is submitted on behalf of Ms. Lanese Normil, acting as the designated delegate under the Clervrain Framework Acts (CFA) and the Educative Science Global Initiative (ESGI). This appeal addresses improper denials and deficiencies in processing related to fee waiver and expedited processing determinations made by both the EPA and DOE/EMCBC concerning requests for public administrative transparency data, including staff directories, professional biographies, and communication listings relevant to environmental operations in the States of North Carolina and Washington. The denials or omissions by both agencies failed to properly apply FOIA's public interest, educational, and non-commercial standards, and did not account for the humanitarian and international transparency implications under the Educative Science framework. II. BACKGROUND EPA FOIA Request (2025-EPA-05612) – Submitted May 1, 2025 o Subject: EPA staff directories, professional biographies, and communications in the State of North Carolina. EPA denied both the fee waiver and expedited processing on grounds that "compelling need" and "public benefit" were not adequately demonstrated. DOE FOIA Request (EMCBC-2025-01833-F) – Received January 13, 2025 Subject: DOE Environmental Management Consolidated Business Center staff listings, email addresses, and biographies relevant to Washington State. DOE requested clarification of scope and denied expedited processing, while deferring on the fee waiver pending additional justification under 10 C.F.R. § 1004.9(a)(8). Both requests were filed in the same context: noncommercial, educational transparency inquiries to facilitate global and academic reporting through the National Educative Science Association (NESA), operating within the Educative Science Global Initiative (ESGI) framework. III. GROUNDS FOR APPEAL A. Fee Waiver Justification Both agencies'	10/16/2025

			determinations overlooked the statutory and regulatory intent of 5 U.S.C. § 552(a)(4)(A)(iii), which provides that fees should be waived when disclosure: Serves a public, not commercial, interest; Contributes significantly to public understanding of government operations; and Is not primarily in the requester's commercial interest. In this case: The records requested directly concern federal administrative operations and environmental program oversight, both squarely within the public's right to know. The materials will be analyzed and distributed through the Educative Science Transparency Review Reports (ESTRR) and public civic education programs coordinated under NESA. The requester acts on behalf of a nonprofit educational entity, not for private or commercial gai

2026-EPA-00364	Menz, Juliet	Environmental Consulting, Inc.	Hatfield Groundwater Site - 2990 Bergey Road, Hatfield, PA Environmental Consulting, Inc. is currently performing a Phase I Environmental Site Assessment for the 2990 Bergey Road property located in Hatfield Township, Montgomery County, PA. As part of our due diligence activities, we reviewed a copy of the following technical report provided to us that was prepared for USEPA Region III: - Site Inspection Report (Revision 0), prepared by Tetra Tech, Inc. dated December 3, 2023. According to the Site Inspection Report, five (5) temporary groundwater monitoring wells denoted as MW-04S; MW-05S; MW-06S; MW-07S; and MW-08S were installed and sampled on the 2990 Bergey Road property back in March, 2023. The groundwater sample laboratory analytical results revealed concentrations of PFAS compounds above applicable EPA Regional Screening Levels ("RSLs") for drinking water. The Site Inspection Report did not draw any conclusions as to the source or responsible party or parties of the PFAS contamination but indicated that they may be associated with industrial operations performed in the area of the 2990 Bergey Road property, especially the Fiber-Line facility (3050 Campus Drive) and the former Steiert & Sons, Inc. facility (3035 Campus Drive) located to the west of the 2990 Bergey Road property; and the Telan Corp. facility (2880 Bergey Road) located to the south of the 2990 Bergey Road property. I am sending this request to see if the USEPA has performed or intends to perform any further investigation activities in connection with the Hatfield Groundwater Site, specifically on the 2990 Bergey Road property; and, if so, if any recent documentation could be sent. Also, please let me know if there is a specific EPA project manager that has been assigned to the Hatfield Groundwater Site. (Date Range for Record Search: From 01/01/1970 To 10/16/2025)	10/20/2025

2026-EPA-00349	Perryman, Skye	Democracy Forward Foundation	Democracy Forward Foundation ("DFF") requests that the Environmental Protection Agency produce the following within twenty (20) business days: 1. All assessments, reports, analyses, guidance, or conclusions, including preliminary conclusions, regarding the environmental impact (including, but not limited to, impact on the water supply, food supply, or animal or plant life) of any of the following: a. mifepristone and/or misoprostol b. fetal tissue c. hormonal contraception 2. All documents (including, but not limited to, emails and letters) generated by the EPA in response to the June 18, 2025 letter from members of Congress asking the EPA to investigate if and how mifepristone may appear in the water supply. 3. All instructions, directions, or requests created by the EPA for a team of EPA scientists specializing in chemical detection "to assess whether the government could develop methods for detecting traces of abortion pills in wastewater." At a minimum, a search for responsive records should include the Office of the Administrator, the Office of Congressional and Intergovernmental Relations, the Office of Water, the Office of Chemical Safety and Pollution Prevention, and the Office of Research and Development. The timeframe for the above search should be from January 20, 2025, until the date of the search.	10/22/2025
2026-EPA-00357	Eklund, Ken	-	On January 16, 2025, the Manager of the Air and Land Enforcement Branch, Enforcement and Compliance Assurance Division, Region 10 EPA, sent the Environmental Manager of Coffin Butte Landfill a CAA Section 114 Information Request for documents relating to the landfill's operations. Through past requests I've received the EPA's further communications with Republic Services / Valley Landfills Inc. / VLI and their responses to the EPA concerning Coffin Butte Landfill and/or this Section 114 IR, up to June 22, 2025. I'm now requesting all further communications between the EPA and VLI / Republic Services from June 22, 2025, through the present day, October 15, 2025. This may include any further information requested or provided and any responses by the EPA to the information that it's been provided. Type of records: Emails and other electronic communications, with their attachments or files; electronic versions of any paper documents. Timeframe of records (when the records were created): From 6/22/2025 to the current day. Specific subject matter, country, person and/or organization: The records I am requesting have to do with the action or actions United States Environmental Protection Agency is pursuing with Republic Services, Inc. in regards to Coffin Butte Landfill, which Republic Services owns and operates. The CAA Section 114 Information Request is the example I know, but there may be others. Offices or consulates originating or receiving the records: EPA Region 10 Offices. Sara Conley, Air Enforcement Officer, may be a point of contact, as may Morgan Jencius, Manager of the Air and Land	10/22/2025

			Enforcement Branch.? Particular event, policy or circumstance that led to the creation of the records (reason why you believe the records exist): On January 16, 2025, Morgan Jencius, Manager of the Air and Land Enforcement Branch, Enforcement and Compliance Assurance Division, Region 10 EPA, sent to Ian Macnab, Environmental Manager of Coffin Butte Landfill, a CAA Information Request for documents relating to the landfill's operations. This Section 114 IR was served on January 21, 2025, to Republic Services, who own and operate Coffin Butte Landfill, by its registered agent, CT Corporation. Previous FOIA requests of mine produced communications between representatives of Republic Services and the EPA from January 16 through June 22, 2025, including Republic's initial response to the Section 114 IR. Republic's response did not appear to be complete, and the EPA may have had further requests or acted on Republic's information, which would create records responsive to this request. ? How should the records be delivered? Electronically, to my email: [redacted] Thank you for your kind attention to this matter. 2026-EPA-00544	Bogardus, Kevin	E&E News	I request records granting prior approval of EPA employees pursuing union activities in a personal capacity from EPA ethics officials, including but not limited to the EPA Ethics Office and/or EPA deputy ethics officials, from Aug. 8 to Oct. 24, 2025. I also request records rejecting prior approval of EPA employees pursuing union activities in a personal capacity from EPA ethics officials, including but not limited to the EPA Ethics Office and/or EPA deputy ethics officials, from Aug. 8 to Oct. 24, 2025. The following is an excerpt from a frequently asked questions PDF document EPA employees received on Aug. 20, 2025: "Because union contracts have been repudiated, former BUEs cannot use official time to carry out union activities. To pursue these activities in personal capacity, you must seek prior approval from an EPA ethics official. … To request prior approval of outside activity, you should send an email that provides the information stipulated as 5 C.F.R. § 6401.103(b) to your own deputy ethics official or to EPA Ethics (ethics@epa.gov)." Please consider information regarding the union affiliation of EPA employees approved or rejected to pursue union activities in a personal capacity from EPA ethics officials as responsive to my request. Please do not consider Personally Identifiable Information, or PII, such as name, address, email address and/or Social Security number, for EPA employees approved or rejected to pursue union activities in a personal capacity from EPA ethics officials as responsive to my request. Responsive records to my request are likely to be found in the EPA Ethics Office. (Date Range for Record Search: From 08/08/2025 To 10/24/2025)	10/29/2025

I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms 'pertaining to', 'referring', 'relating', or 'concerning' with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term 'record' means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, database records, raw data, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as IRC, WebIRC, Rocketchat, Signal, iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b).	10/31/2025

2026-EPA-00644	Pace, Michael	N/A	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: To the FOIA Officer, EPA Region 2: This is a formal request under the Freedom of Information Act (FOIA). I request any and all records in the possession of EPA Region 2 regarding an environmental disaster incident at or near Blue Chip Farm, located in Wallkill, New York, during the 1980s. The incident involved a mass-combustion fire/explosion of approximately seventy-two (72) 55-gallon drums of asphalt/tar product. Reports at the time indicated that the fire generated intense black smoke visible for miles, with potential regional impacts to the Shawangunk Grasslands National Wildlife Refuge, the Wallkill River, and surrounding communities. Specifically, I request: 1. Any EPA Region 2 investigative, inspection, enforcement, or internal memoranda relating to this fire/explosion. 2. All environmental monitoring data, sampling results, or reports addressing air quality, water quality, or soil contamination resulting from the incident. 3. Records of interagency communications (with FEMA Region II, the National Response Center, U.S. Coast Guard, New York State DEC Region 3, ATSDR/CDC, or local health departments). 4. Any public advisories, evacuation orders, or shelter-in-place communications prepared in connection with this incident. 5. Copies of or references to entries in the EPA Emergency Response Notification System (ERNS) or any referrals made to FEMA or NRC. 6. Records relating to insurance companies or third-party cleanup contractors engaged in the aftermath of this incident. Please ensure your search includes ERNS entries, NRC/National Response Center referrals, and FEMA Region II cross-references. If no responsive records exist, please provide a detailed certification of the record systems searched, the custodians contacted, and the date ranges covered. This request is submitted by Michael Thomas Pace (Michael T. Pace, DBA Pacemaker Contracting). These records are being requested in the public interest for purposes of documenting potential large-scale environmental and public health impacts. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. 2026-EPA-00671	Bogardus, Kevin	E&E News	I request "the DRP Lists" at EPA, as described in the July 1, 2025 email from Helena Wooden-Aguilar to Michael Molina (please see attached). "DRP" refers to the "deferred resignation" program, otherwise known as the "Fork in the Road," which is the program where EPA and other federal employees chose to voluntarily resign from their federal government positions and were then placed on administrative leave, retained all employment benefits and paid in full until their later resignation date. EPA has held four rounds of the "deferred resignation" program, or DRP, with the fourth and now final round of the program closing on Oct. 3, 2025. Responsive records to my request are likely to be found in the EPA Office of Mission Support. Please consider information regarding the duty station, General Schedule grade, job title, office, program and annual salary of EPA employees on the DRP Lists as responsive to my request. Please do not consider Personally Identifiable Information, or PII, such as name, address, email address and/or Social Security number, for EPA employees on the DRP Lists as responsive to my request. Please provide this information in electronic format, either in .CSV file format or Microsoft Excel format. Please also provide the record layout, code sheets and any other documentation associated with this information that is necessary to understand this information.	11/03/2025
2026-EPA-00685	Bogardus, Kevin	E&E News	I request all records concerning Freedom of Information Act request logs maintained by EPA from Oct. 1 to Nov. 1, 2025. The FOIA request logs should detail the request's control number, the date it was received, who made the request, what company or organization they were from and the request's subject. (Date Range for Record Search: From 10/01/2025 To 11/01/2025)	11/03/2025
2026-EPA-00686	Bogardus, Kevin	E&E News	I request all records related to EPA Administrator Lee Zeldin's schedule from Oct. 1 to Nov. 1, 2025. 2026-EPA-00646	Scacchi, John	Pacific Legal Foundation	Hello. I am requesting the disclosure of all notices of intent to sue submitted to the EPA under four statutes: Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, and the Resource Conservation and Recovery Act. Specifically, I am seeking notices of intent where private parties plan to sue private defendants under 33 U.S.C. 1365(a)(1), 42 U.S.C. 7604(a)(1), 42 U.S.C. 9659(a)(1), and 42 U.S.C. 6972(a)(1)(A)-(B). I would like records dated October 1, 2025, to October 31, 2025. If logs are available, I would like the information to include the name of the party who submitted the NOI, the complainant, the party receiving the NOI, and the NOI type (i.e., title of the anticipated action) in an electronic format please. I would prefer both a list of the notices as well as copies of the notices themselves, but I am happy to accept just copies of the NOIs if logs are unavailable. This is a monthly request in accordance with prior conversations with Royan Teter and Kevin Hill. I am happy to clarify anything about this request. Thank you very much! - Mitchell Scacchi (Date Range for Record Search: From 10/01/2025 To 10/31/2025)	11/03/2025

2026-EPA-00682	Neuses, Guy	P.K Neuses, INC	11/01/2025 The property located at 1401 Rohlwing Rd. Rolling Meadows, IL 60008 cannot be sold for a reasonable price due to documented environmental contamination. A potential commercial/industrial buyer provided an unreasonably low offer solely because of contamination, specifically groundwater and soil contamination connected to Molon Motor & Coil, located in Arlington Heights, Illinois, ZIP code 60008. This demonstrates that the contamination materially affects the property's value and marketability. Pursuant to the Illinois Freedom of Information Act (5 ILCS 140/1 et seq.) and/or the federal Freedom of Information Act (5 U.S.C. §552), I am formally requesting access to any publicly available records, reports, testing results, notices, or remediation documentation related to environmental contamination, specifically groundwater or soil contamination, originating from Molon Motor & Coil, 300 North Ridge Ave., located in Arlington Heights, Illinois, ZIP code 60008. This request is made to obtain accurate and verifiable information regarding potential environmental risks affecting a nearby commercial property under my ownership. To ensure proper review and assessment, I am requesting: 1. Any environmental site assessments (Phase I, Phase II, or other reports) 2. Groundwater and soil testing results 3. Notices of violation or enforcement actions 4. Records of any remediation or cleanup activities If any portion of these records is exempt from disclosure, please provide the remainder and cite the applicable exemption. I am requesting a copy of the records in electronic format, if possible, and request a response within the timeframe required by law. I appreciate your attention to this matter and look forward to your prompt response. Guy Neuses (b) (6) (Date Range for Record Search: From 01/01/2012 To 11/01/2025)	11/03/2025

2026-EPA-00737	Utley, Sarah	Harris County Attorney's Office	The Union Pacific Railroad Company (Union Pacific) operates a hazardous waste post closure care facility near 4910 Liberty Road, Houston, Harris County, Texas (the Site or Union Pacific Site) under Hazardous Waste Permit and Compliance Plan No. 50343/ISWR No. 31547. Union Pacific is in the process of amending the terms and conditions of this permit to address on-site soil and groundwater contamination. On February 24, 2023, EPA issued an Administrative Settlement Agreement and Order on Consent for Removal Site Evaluation (ASAOC), which requires an investigation into off-site contamination from the Site into the nearby community. In the intervening years, Union Pacific conducted onSite and off-Site sampling and conducted additional on-Site remediation activities. These activities are ongoing, and we are awaiting reports and the off-site risk assessment/evaluation. It is Harris County's general understanding that Union Pacific has invoked the Dispute Resolution provisions of the ASAOC regarding the risk evaluation. The requested records are as follows: 1) Any risk evaluation / risk assessment provided by Union Pacific to the EPA and all supporting documents and records related to the risk evaluation/ risk assessment (time period requested is October 2025). We would like to receive records electronically. Additionally, we ask for this request to be fulfilled on a rolling basis, such that documents are provided to us while others are in the process of identification and retrieval. Scope of "Records" For the purposes of this request, the term "records" include, but are not limited to information of any kind, including, but not limited to, documents (handwritten, typed, electronic or otherwise produced, reproduced, or stored), letters, e-mails, facsimiles, memoranda, correspondence, summaries, notes, databases, studies, drawings, graphs, charts, photographs, videos, recordings, slides minutes of meetings, electronic and magnetic recordings of meetings, and any other compilation of data from which information can be obtained.	11/04/2025

2026-EPA-00780	Reinstein, Linda	Asbestos Disease Awareness Org	FOIA Request – Asbestos Permits and Oversight for White House East Wing Demolition Under D.C. Code § 2-532, I request all records dated January 1, 2025, through December 31, 2025, concerning asbestos abatement during the White House East Wing demolition. Scope of Request: As reported in the press, concerns have been raised about possible releases of asbestos during the recent demolition of the White House East Wing. The White House press office released the following statement in response to concerns about the presence and abatement of asbestos during the East Wing demolition: Any hazardous material abatement was done in September. A very extensive abatement and remediation assessment was followed, complying with all applicable federal standards. We understand that the DC Department of Energy and Environment (DOEE) is responsible for issuing permits for asbestos inspection and removal work for federal buildings in the District and for overseeing compliance with these permits under DC and federal asbestos abatement requirements. Our FOIA request seeks copies of asbestos abatement permits issued for the East Wing demolition and all related records that refer, relate to, address, document or reflect: 1. Any “hazardous material abatement” conducted in relation to the East Wing renovation. 2. The “abatement and remediation assessment” that was performed and how that assessment was “followed.” 3. All actions that were taken to comply with applicable federal and District Columbia standards, such as the EPA Asbestos NESHAP (40 C.F.R. Part 61, Subpart M), OSHA Asbestos Construction Standards (29 CFR 1926.1101), and District of Columbia Asbestos Control Regulations (Chapter 20-800), including the following: a. Inspection and testing of the East Wing prior to demolition or renovation to identify the presence of asbestos-containing material; b. Asbestos abatement licenses issued to contractors performing asbestos abatement activities for the East Wing; c. Permits issued authorizing asbestos abatement work for the East Wing; d. Notification submissions to licensing and permitting authorities in advance of permit issuance and the commencement of asbestos abatement work; e. Adherence to work practice standards to prevent asbestos emissions and safe removal of asbestos-containing materials, including monitoring of asbestos levels, use of respirators and other personal protective equipment to prevent worker exposure, installation of exhaust ventilation, negative pressure enclosures and glove-bag procedures, wetting all asbestos-containing material to prevent airborne releases that could endanger bystanders or workers, and sealing the removed material in leak-tight containers; f. Presence of an onsite representative trained in the regulatory provisions and the means of compliance;. g. Training and education of abatement workers; h. Warning signs and physical barriers to prevent bystanders and unauthorized personnel from entering asbestos abatement areas; i. Handling, securing and labeling procedures to prevent air releases of removed asbestos while transporting it from the demolition site to an asbestos landfill; j. Disposal of asbestos waste at a landfill implementing special requirements for handling and securing the waste to prevent air releases; k. Records maintained by contractors, waste shippers, disposal sites and . . . The description has exceeded the character limit.	11/05/2025

2026-EPA-00781	Reinstein, Linda	Asbestos Disease Awareness Org	remediation assessment was followed, complying with all applicable federal standards. We understand that the DC Department of Energy and Environment (DOEE) is responsible for issuing permits for asbestos inspection and removal work for federal buildings in the District and for overseeing compliance with these permits under DC and federal asbestos abatement requirements. Our FOIA request seeks copies of asbestos abatement permits issued for the East Wing demolition and all related records that refer, relate to, address, document or reflect: 1. Any "hazardous material abatement" conducted in relation to the East Wing renovation. 2. The "abatement and remediation assessment" that was performed and how that assessment was "followed." 3. All actions that were taken to comply with applicable federal and District Columbia standards, such as the EPA Asbestos NESHAP (40 C.F.R. Part 61, Subpart M), OSHA Asbestos Construction Standards (29 CFR 1926.1101), and District of Columbia Asbestos Control Regulations (Chapter 20-800), including the following: a. Inspection and testing of the East Wing prior to demolition or renovation to identify the presence of asbestos-containing material; b. Asbestos abatement licenses issued to contractors performing asbestos abatement activities for the East Wing; c. Permits issued authorizing asbestos abatement work for the East Wing; d. Notification submissions to licensing and permitting authorities in advance of permit issuance and the commencement of asbestos abatement work; e. Adherence to work practice standards to prevent asbestos emissions and safe removal of asbestos-containing materials, including monitoring of asbestos levels, use of respirators and other personal protective equipment to prevent worker exposure, installation of exhaust ventilation, negative pressure enclosures and glove-bag procedures, wetting all asbestos-containing material to prevent airborne releases that could endanger bystanders or workers, and sealing the removed material in leak-tight containers; f. Presence of an onsite representative trained in the regulatory provisions and the means of compliance;. g. Training and education of abatement workers; h. Warning signs and physical barriers to prevent bystanders and unauthorized personnel from entering asbestos abatement areas; i. Handling, securing and labeling procedures to prevent air releases of removed asbestos while transporting it from the demolition site to an asbestos landfill; j. Disposal of asbestos waste at a landfill implementing special requirements for handling and securing the waste to prevent air releases; k. Records maintained by contractors, waste shippers, disposal sites and government oversight personnel for all stages of the inspection, abatement and disposal process. This request covers all correspondence, memoranda, meeting notes, Web postings, reports of site visits, presentations, manifests, test data, emails, text messages, instant message chats, and other communications originated by DOEE, federal Executive Branch entities, the District of Columbia government and non-governmental parties, including construction, demolition and asbestos abatement and disposal contractors, testing laboratories, and waste handlers, transporters and management facilities.	11/12/2025

My April 26, 2018 request with control number EPA-HQ-2018-007088 with two (2) quality control forms for the two (2) centralized searches (OIG and Non-OIG), 2. My October 11, 2018 request with control number EPA-HQ-2019-000357, and 3. My June 22, 2020 request with control number EPA-2020-005329. The EPA identified that these quality control forms are in excel worksheets format that begins with the EPA's Relativity workspace name. The EPA identified Relativity workspaces ED_002281 and ED-002281A for my April 26, 2018 request, ED_002298 for my October 11, 2018 request, and Relativity workspace ED_004848 for my EPA-2020-005329 request. The EPA produced an email identifying the existence of EPA quality control forms for processing centralized email searches. See the following May 19, 2023 email identifying the existence of a quality control form for another centralized email search. [Clarification Note: Snapshot of referenced May 19, 2023 email contained in clarification attachment submitted by requester 11.17.25] This FOIA request is for only the four (4) completed EPA quality control forms not the emails. 1. 2026-EPA-00959	Collen, Cassandra	Siena University	To Whom It May Concern, This is a request under the Freedom of Information Act (FOIA). I am requesting any and all records, documents, emails, reports and material that includes, discusses, or mentions anything related to reports for hazardous chemical releases filed with the Environmental Protection Agency in between 2023-2024 within New York, in hard copy or electronic format. For your reference, I am a college student who resides in Glenmont, New York and has lived here all my life. I greatly value my safety in terms of the environment which is why I would like to be aware of hazardous chemical releases. This is greatly tied to the Freedom of Information Act (FOIA) because as a citizen I should be able to know any potential environmental issues that could have an impact. My reasons for this material are for educational, academic, and non-commercial purposes only. Thank you for your time and consideration. Please feel free to contact me at (b) (6) [redacted] with any questions or if I need to provide any more information.. Sincerely, Cassandra L, Collen Siena University.	11/17/2025

2026-EPA-01014	Bogardus, Kevin	E&E News	I request records sufficient to identify members of the Strategic Hiring Committee at EPA. This committee was to be established within 30 days of President Donald Trump's executive order titled "Ensuring Continued Accountability in Federal Hiring," dated Oct. 15, 2025, so no later than Nov. 17, 2025 (please see https://www.whitehouse.gov/presidential-actions/2025/10/ensuring-continued-accountability-in-federal-hiring/). This committee is described in the following excerpt of that order: "(b) Strategic Hiring Committees. Within 30 days of the date of this order, each agency head shall establish a Strategic Hiring Committee to approve the creation or filling, as applicable, of each vacancy within their agency. The Strategic Hiring Committee shall include the deputy agency head and the chief of staff to the agency head, along with such other senior officials as the agency head may designate. The Strategic Hiring Committee shall ensure that agency hiring is consistent with the national interest, agency needs, and the priorities of my Administration. Agency Strategic Hiring Committees shall provide written notice of approved hires to OPM following the approval of such hires." The deadline for establishing this committee is described in the following excerpt of the Office of Management and Budget and Office of Personnel Management memorandum, titled "Guidance on Executive Order 14356, Ensuring Continued Accountability in Federal Hiring" and dated Nov. 5, 2025 (please see https://www.opm.gov/chcoc/latest-memos/guidance-on-executive-order-14356-ensuring-continued-accountability-in-federal-hiring.pdf): "To help fulfill these requirements, Continued Accountability requires each agency head to establish a Strategic Hiring Committee no later than November 17, 2025."	11/18/2025
2026-EPA-00961	Bogardus, Kevin	E&E News	I request the quarterly workforce and staffing report, also known as the full-time equivalent, or FTE, report, for the fiscal year 2025 fourth quarter, or FY25 Q4, described in the following excerpt from House Report 118-155: "The Agency is directed to follow all guidance in House Report 117–83 under the headings titled 'Reprogramming', 'Congressional Budget Justification', 'Operating Plan', and 'Workforce and Staff-ing Plans'." Please see page 57 of House Report 118-155 (https://www.congress.gov/118/crpt/hrpt155/CRPT-118hrpt155.pdf). House Report 117-83 states, "Workforce and Staffing Plans.—The explanatory statement ac-companying the fiscal year 2021 appropriations included directions for the Agency to develop workforce and staffing plans to achieve the Agency's FTE targets in fiscal year 2021. For fiscal year 2022, the Committee expects the Agency to submit as part of its oper-ating plan, staffing targets by National Program Management area, with separate staffing targets for headquarters and each re-gional office within each Program, in line with the Agency's en-acted appropriation. The Committee expects the Agency to continue to develop workforce and staffing plans to achieve the staffing tar-gets submitted with the operating plan, and directs the Agency to submit its fiscal year 2022 workforce and staffing plans to the Committee not more than 45 days after the submission of the Agency's operating plan. Further, not later than 45 days after the end of each quarter, the Agency shall submit data on the number of FTE employed by the Agency in the same format as the fiscal year 2022 FTE target data was submitted. The Committee expects quarterly briefings on the Agency's progress in achieving its staff-ing targets." (please see page 77 of https://www.congress.gov/117/crpt/hrpt83/CRPT-117hrpt83.pdf) This report is also described in the following excerpt from Senate Report 118-83, which is to be submitted no later than 45 days after the end of the quarter (please see page 81 of https://www.congress.gov/118/crpt/srpt83/CRPT-118srpt83.pdf). The joint explanatory statement of Division E of the Consolidated Appropriations Act, 2024, Public Law No: 118-42, states "the language set forth in House Report 118-155 and Senate Report 118-83 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement." (please see page 1 of https://docs.house.gov/billsthisweek/20240304/FY24%20INT%20Conference%20JES%20scan%203.1.24.pdf). Please consider any final briefing materials accompanying this report for members of Congress and/or congressional staff that were provided to them and/or EPA participants who gave the briefing on this report as responsive records to my request.	11/18/2025

2026-EPA-01060	Richards, Heather	Politico's E&E News	To whom it may concern: This is a request under the Freedom of Information Act (FOIA). Please provide any permit applications or permits issued by this agency to the Donald J. Trump administration, White House staff or its proxies associated with the demolition of the East Wing of the White House, including but not limited to any National Emissions Standards for Hazardous Air Pollutants permits related to asbestos testing, abatement or removal. I prefer to receive the response to this request in electronic form. I am filing this FOIA request as a "representative of the news media" since I am a reporter for E&E News, a POLITICO publication. This designation entitles me to a waiver of fees accumulated during the actual search and review process. Nevertheless, if your agency does determine that I should be charged for any part of these requests, please contact me before estimated costs exceed $25.This request is made as part of news-gathering activity and is not for commercial use. The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, https://www.eenews.net/, which has more than 40,000 unique visitors a day. We expect the information that is produced through these and other FOIA requests to serve as the basis for articles that explain the government's actions and operations to the public. For more information about E&E News, please refer to https://www.eenews.net/. FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination. As required by FOIA, I look forward to hearing from your office within 20 days in response to this request. If you have any questions about the nature or scope of this request, please call me at (b) (6) [redacted] .Thank you for your consideration of this request. 2026-EPA-01099	Bair, Ashley	Self	I want all of the records available for all tables in the SDWIS/State database. This is separate from the SDWIS/Federal database which is available for public access online. As I understand it the SDWIS/State database contains water quality data and other information on drinking water required by the USEPA to be collected. Access to this data is sometimes available by state maintained web interfaces. I am looking for all records for all states. This is likely to be a large amount of data, so read access to the database via SQL or XML queries (requiring a username and password I believe) would be acceptable to me and I can run the queries myself. I believe this is the correct data.gov reference site, where there is no data download available: https://catalog.data.gov/dataset/safe-drinking-water-information-system-state-system-sdwis-state	11/25/2025
2026-EPA-01418	Steele, Alton	-	I am requesting information on any chemicals, devices, and known technology, laws, organizations ad companies, government agencies with abilities to produce the effect and abilities I'm about to describe which are a direct effect to the environment and people of California as well as the world in a direct cause and effect to the homeostasis of the planet. Here is some incidences that I have experienced since 2023 in Northern California. I've been victim of controlled animal attacks with individuals with devices at a distance using what i believe was a laser with a red light. There have been devices that caused people's vision and actions to be controlled with a triangle and a reverse of a three prong with a assorted color variation that by my own personal experience had different affects to my mental state. Strobe lights used in multiple ways to cause mental effects. Not only were endangered animals used on the Sacramento River to attack and antagonize me and to put them into danger. I've seen fish made to stop feeding in Glenn County on Stony Creek in Orland CA.. As well as the insects used to attack me in complete control and coordination. They used other animals to do many unusual acts not typical to normal animal behavior. When I say they there has been people on the ground, drones with triangle lights and a much larger source I am trying to pinpoint with this letter of request for FOIA assistance to an ongoing threat to myself and others. I am trying to get a formal investigation started. The unseen larger force has control of the weather. I have been personally attacked and targeted by many unnatural abilities. They have the ability to control combustion by suppressing it or antagonizing it, with the use of complete wind control. Pinpoint direction change as well as intensity. I've seen it used in tandem with arsonist that tried to set me up as a terrorist which is tied to other incidents. I have seen new weather patterns in the skies in coordination with pinpoint rainfall control. Which in itself in itself is an obvious weapon and abuse of the environment. It has been used many ways to control my actions. I am seeking the truth so the people can make make a decision properly before it gets worse for our whole country and the world. As people put in place to be watchdogs for the planet not just our country I call to you for any assistance and knowledge is key.	11/25/2025

2026-EPA-01425	Crandall, Janna	ProGuard, Inc.	Good morning. This is Janna Caron Crandall "Carie", CEO of ProGuard, Inc. as of 9/22/22. ProGuard has no agents, please contact me directly or our cpa Todd Montgomery. All others are access denied. Our request today is to understand the migration of "GreenAll" labels. My parents Lynne and Brand Crandall Sr founded two companies EB Stone epa 11204 and ProGuard, Inc. epa 58866. GreenAll is a sub brand of ProGuard, Inc., with some labels migrated without shareholder approval by my brother and others to EB Stone and it appears out the back the back door to others such as Bandini. Could we have the title and control of GreenAll labels registered at the EPA. I believe we received the data for ProGuard, Inc. but still require what transpired from	12/02/2025

			there over the period of 1994 to current 2025 and into next year if this requests takes a while please. By reviewing epa label look up I see a few, but please let me know if there are more and related labels off of labels... in view are: GreenAll 62719-178-1092, 9198-124 2217-539-58866 has many alternate labels including ProGuard Lawn and Weed Killer and 2 GreenAll labels 33955-394-58866 an insect control has GreenAll and ProGuard related labels 9198-124 GreenAll Prohibit with 42 related labels. GreenAll, Anderson's, Baracade, TruGreen, etc. Who authorized those, can we see chain of title and control there please. I believe I saw this product went FIFRA in some states is that true? 5481-337-58866. GreenAll Sure Start 2. 58866 is ProGuard, Inc. epa 58866. Which I believe became FIFRA, and is this distributed by Corteva Agriscience recent IPO of 2019? Who authorized this taking? 33955-112-11204. GreenAll dusting sulpher. Is this from 11204 that went into 400?, a cdpr registration that my brother falsely cancelled 12/31/23? Is this the path from Mycotrol 65626 MT2? I can help explain this as related labels were taken with cdpr for Brant and Bio (BioLab dba ProGuard, falsely). Is this being distributed by Corteva Agriscience or Certis Bio? Let's start here if we could. (Date Range for Record Search: From 01/03/1994 To 12/31/2025)

2026-EPA-01394	Scacchi, John	Pacific Legal Foundation	Hello. I am requesting the disclosure of all notices of intent to sue submitted to the EPA under four statutes: Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, and the Resource Conservation and Recovery Act. Specifically, I am seeking notices of intent where private parties plan to sue private defendants under 33 U.S.C. 1365(a)(1), 42 U.S.C. 7604(a)(1), 42 U.S.C. 9659(a)(1), and 42 U.S.C. 6972(a)(1)(A)-(B). I would like records dated November 1, 2025, to November 30, 2025. If logs are available, I would like the information to include the name of the party who submitted the NOI, the complainant, the party receiving the NOI, and the NOI type (i.e., title of the anticipated action) in an electronic format please. I would prefer both a list of the notices as well as copies of the notices themselves, but I am happy to accept just copies of the NOIs if logs are unavailable. This is a monthly request in accordance with prior conversations with Royan Teter and Kevin Hill. I am happy to clarify anything about this request. (including but not limited to Thomas Craig, Daisy Gordon, Jessica Bednarcik, and Taylor Meredith) and the law firm Bracewell LLP (including Joseph Brazauskas and Michael Kafka) and officials or employees of the U.S. Environmental Protection Agency at EPA Headquarters in Washington, D.C. This request includes these categories of records, created/received from Jan. 1 through May 31, 2025: * Calendars and scheduling materials. * Emails, text messages, chats, letters, and attachments between EPA and Duke Energy and/or Bracewell concerning the meeting and/or its subject matter. * Materials prepared for the meeting. * Notes, minutes, summaries, or memos documenting what happened during/after the meeting. * Visitor/security sign-in logs or other attendance records. * Handouts, slide decks, or written materials provided in connection with the meeting. Since the request may take some time to fulfill, please provide records as they're available, if possible. Please include any responsive records maintained in electronic or paper form. Fee Waiver and News Media Status The Energy and Policy Institute (EPI) is a 501(c)(3) nonpartisan research nonprofit whose mission is to promote transparency in energy and environmental policymaking and expose attacks on clean, affordable energy. EPI regularly publishes the findings of FOIA requests on its public website and blog. It also disseminates those findings to journalists and other media outlets to inform public debate. The organization's research has been cited by major national and regional news outlets and used by policymakers, academics, and members of the public. You can see examples of our public-facing work here: https://energyandpolicy.org/epi-research/ The disclosure of information that I'm seeking is in the public interest because it will contribute significantly to the public's understanding of operations and activities of the government – specifically how EPA is being lobbied by the companies it regulates. The topic of the request concerns the activities of the EPA as it creates regulations that impact the public. The requested materials will shed light on how EPA responds to lobbying by a company's lobbyists and lawyers. EPI has no commercial interest in the disclosure, so public interest in disclosure is greater than the commercial interest in the request. Delivery If you foresee fees exceeding $25, please contact me before proceeding. Please provide all responsive records in electronic form (PDF or native email format) via the FOIA portal or email. If you have any questions regarding the scope or processing of this request, contact me at (b) (6) . Thank you. 2026-EPA-01076	Sturgis, Susan	Energy and Policy Institute	Dear FOIA Officer: Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request copies of all records related to a meeting held on October 10, 2025, between representatives of Duke Energy (including Thomas/Tom Craig and Daisy Gordon), Ameren (including Chris Hickling), and the law firm Bracewell LLP (including Joseph Brazauskas, Jeff Holmstead, and Scott Segal) and officials or employees of the U.S. Environmental Protection Agency at EPA Headquarters in Washington, D.C. This request includes these categories of records, created/received from May 1 through November 15, 2025: * Calendars and scheduling	12/05/2025

			materials. * Emails, text messages, chats, letters, and attachments between EPA and Duke Energy and/or Ameren and/or Bracewell concerning the meeting and/or its subject matter. * Materials prepared for the meeting. * Notes, minutes, summaries, or memos documenting what happened during/after the meeting. * Visitor/security sign-in logs or other attendance records. * Handouts, slide decks, or written materials provided in connection with the meeting. Since the request may take some time to fulfill, please provide records as they're available, if possible. Please include any responsive records maintained in electronic or paper form. Fee Waiver and News Media Status The Energy and Policy Institute (EPI) is a 501(c)(3) nonpartisan research nonprofit whose mission is to promote transparency in energy and environmental policymaking and expose attacks on clean, affordable energy. EPI regularly publishes the findings of FOIA requests on its public website and blog. It also disseminates those findings to journalists and other media outlets to inform public debate. The organization's research has been cited by major national and regional news outlets and used by policymakers, academics, and members of the public. You can see examples of our public-facing work here: https://energyandpolicy.org/epi-research/ The disclosure of information that I'm seeking is in the public interest because it will contribute significantly to the public's understanding of operations and activities of the government – specifically how EPA is being lobbied by the companies it regulates. The topic of the request concerns the activities of the EPA as it creates regulations that impact the public. The requested materials will shed light on how EPA responds to lobbying by a company's lobbyists and lawyers. EPI has no commercial interest in the disclosure, so public interest in disclosure is greater than the commercial interest in the request. Delivery If you foresee fees exceeding $25, please contact me before proceeding. Please provide all responsive records in electronic form (PDF or native email format) via the FOIA portal or email. If you have questions about the scope or processing of this request, contact me at (b) (6) Thank you. Sincerely, Sue Sturgis Energy and Policy Institute (Date Range for Record Search: From 05/01/2025 To 11/15/2025)

2026-EPA-01388	Ramirez, Mia	University of Texas at Rio Grande Valley	Dear, U.S. Environmental Protection Agency Hello, my name is Mia Ramirez. I am a student at the University of Texas at Rio Grande Valley. I am doing research to see how our environment is being impacted by the current emergence of AI (artificial intelligence). I would like to see information on the negative impact that AI is having on our environment be readily available on the U.S. Environmental Protection Agency (EPA). With AI being more and more common in people’s everyday life I would like for people to be aware of the impact it is making on the world around us with the data center’s known to take up water, I would like to know how it is impacting the environment and what pollution it can cause in the future. I know that AI is inevitable in today’s society, which is why I would like to know what the EPA is planning to do to either regulate the use of it for our environment's sake or to combat it. Thank you, Mia Ramirez	12/08/2025

2026-EPA-01644	Steiner, Claudia	-	This is a request under the Freedom of Information Act, 5 USC 552. I request the following records: All correspondence between staff in the EPA’s Office of Air and Radiation, and the company Stardust Solutions, including emails To, From, and CC staff in the Office of Air and Radiation and the domains stardustsolutions.com and stardust-initative.com, from Jan. 1, 2023 to the date this request is fulfilled. All communications, including internal ones between EPA staff of the EPA Office of Air and Radiation including the phrase "Stardust Solutions," from Jan. 1, 2023 to the date this request is fulfilled. Please provide these records in electronic format, such as PDF files for documents, .eml or .msg files for email correspondence. .csv or other delimited text files for data. I am a freelance journalist and a graduate student in science communication at the University of California, Santa Cruz. My work has been featured in the Monterey Herald, Mongabay, and the Xylom. This request is made for the purpose of gathering news, not for commercial use. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552(a)(8)): (A) An agency shall— (i) withhold information under this section only if— (I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption described in subsection (b); or (II) disclosure is prohibited by law; and (ii) (I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and (II) take reasonable steps necessary to segregate and release nonexempt information. EPA should not fail to meet the requirements of Section 552(a)(8) when processing my request and release responsive records to me in full or at least in part. In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. (Date Range for Record Search: From 01/01/2023 To 12/06/2025)	12/08/2025

2026-EPA-01698	India Aldana, Sandra	National Institute of Environmental Health Science	I was referred by NY Mayor’s Office of Environmental Remediation which mentions that it does not maintain the following records. I was heavily exposed to an asbestos abatement gone wrong at Columbia University Medical Center (CUMC) when I was a master's student. I need Columbia University to release all files related to the asbestos abatements that happened during October 2015, as well as the work permits/ air quality testing available, for address 100 Haven Avenue, Floor 30 (namely Apt G and Apt 30F), New York NY 10032 (Columbia University Medical Center Campus, Tower 3 where staff lived). Columbia University did not conduct abatement following the law as they contaminated our apartment while they were conducting an abatement next door. There was a hole in the kitchen where asbestos particles seeped for several weeks and months through the air.	12/08/2025

			They did not take the blame and did not even provide a HEPA filter for proper clean up, which is procedure for all asbestos abatement breaches. Yvonne Wojcicki (executive director of Campus Life Safety and Regulatory Compliance) did not properly conduct her job and is not willing to provide the information requested. I need proof that the asbestos abatement took place so that in case I get cancer I can file a lawsuit if I choose to. (Date Range for Record Search: From 9/1/2015 To 3/1/2016)

2026-EPA-01666	Samra, Gregory	-	Good Morning Sir/Ma'am, I am seeking any and all records, particularly contracting records, with respect to any Media Monitoring products created by government contracting entities for your organization. The range of the request is from 06 Dec 2024 to present. Media Monitoring products are produced at the behest of government organizations for internal public relations purposes and for global awareness purposes. They are typically unclassified and generally distributed on a daily basis to mid- and senior-level public relations leaders,	12/11/2025

			but may also be widely released across the organization. For reference, I've included an example of such a Media Monitoring product for the Department of War, titled "Pentagon Morning Clips". There should be a relevant analogue, or analogues, for your department at-large, as well as possibly for sub-units within the greater organization, depending on each sub-unit's function. Additionally, I request all of the following: 1.) A copy of one of the daily Media Monitoring products, in final releasable format which is distributed and consumed by recipients. 2.) If the Media Monitoring product is produced by a contracting organization, then I would like a copy of the contract which it supports, its statement of work, and all ancillary contracting records therein. 3.) The name and contact information of the contracting officer which oversees the contract. If the above does not make sense, then please feel free to reach out at any time. Thank you.	
2026-EPA-01672	Kapuscinski, Nicole	Madison County Water Watch	, I respectfully request access to and copies of all records related to Brownfield, Superfund, Facility Registry Service (FRS), and related program entries for the industrial corridor in Anderson, Madison County, Indiana, generally described as the area: Near or including AMACOR, Italipolena/Italipolina, Purdue Polytechnic, and former General Motors facilities along Scatterfield Road and adjacent parcels; and Any facility or site within [define approximate boundaries or give parcel numbers if you have them]. Specifically, I request: All Brownfields Program records (including ACRES entries, Comfort Letters, Site Status Letters, and assessment/cleanup files) for sites in the above-described area from 1990 to present. All FRS records and historical identifiers for facilities in this area, including any changes to facility IDs, mergers, reclassifications, or archival actions. All CERCLA/NPL and Superfund-related records referencing this corridor, including site screening, preliminary assessments, hazard ranking, or pathway evaluations. All internal EPA communications (emails, memos, meeting notes) that discuss the removal, archiving, or non-display of Brownfield or FRS records from public-facing tools, especially where those actions affected properties in Anderson, Indiana. Any documentation of coordination with the Indiana Finance Authority (IFA), Indiana Brownfields Program, or Indiana Department of Environmental Management (IDEM) concerning Brownfield or contaminated sites in this industrial corridor, including comfort letters, site status letters, and funding decisions. 2026-EPA-01713	Boubal, Ethan	-	Dear Records Officer: Pursuant to the Freedom of Information Act, I request access to and copies of indoor air quality reports for all public secondary schools in the United States from 2022 and 2023. This information will help me understand what standard the air quality is being held in public schools along the country. This will help me understand where inequities exist and need to be corrected. This information is being compiled for a high school class project on the Freedom of Information Act and the ways it can be used to connect individuals with our representative government. This disclosure will very likely contribute to an understanding of government operations or activities. As this disclosure serves an educational purpose, I am requesting a fee waiver. To assist in minimizing costs, I am requesting that the information be emailed to me. If my request is denied in whole or part, please justify all withholdings by reference to specific exemptions. If you have questions regarding this request, please feel free to contact me. I look forward to your response within five business days of receipt of this request. Thank you in advance for your assistance. Sincerely, Ethan Boubal	12/11/2025

2026-EPA-01144	Howell, Mike	Oversight Project	[This is an aggregation of 86 Office of the Administrator requests]. Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: From the timeframe of November 4, 2024 through November 8, 2024, all of the following records from [Insert EPA Employee Name here]: Documents sufficient to account for all communications sent to or from the custodian containing the text ('Trump' OR 'election' OR 'day off'). See attached spreadsheet for the employee names. For any potentially responsive documents please include all file attachments regardless of type and the entire email chain for completeness. I am amicable to a rolling production as records are available. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms “pertaining to”, “referring”, “relating”, or “concerning” with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term “record” means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as IRC, WebIRC, Rocketchat, Signal, iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Search Instructions: Please include the full email chain, and all attachments for potentially responsive documents. Please search all email inboxes assigned/issued/used by the custodian, regardless of classification, such as NIPR, SIPR, and JWICS or the agency's equivalents.	12/15/2025
2026-EPA-01796	O'Loughlin, Brien	Pyxis Regulatory Consulting, Inc.	Please provide the complete, unredacted registration jacket for Permethrin Technical (EPA Reg. No. 70553-2). This product was previously registered under the registration number 51036-295 before it was transferred to Meghmani Organics Limited on February 7, 2007. Meghmani Organics Limited owns this registration, and a letter of authorization permitting Pyxis Regulatory Consulting, Inc. to act as its Agent is attached.	12/15/2025
2026-EPA-01142	Pacey, Lesley	Government Accountability Project	), I respectfully request access to and copies of records concerning the Norfolk Southern train derailment in East Palestine, Ohio, on February 3, 2023, and the subsequent controlled burn of five vinyl chloride tank cars on February 6, 2023. The Government Accountability Project (GAP), a non-profit watchdog organization acting in the public interest, seeks these records to better understand environmental, atmospheric, and exposure modeling conducted by U.S. Environmental Protection Agency (EPA) or its contractors. Requested Records include all records, data, communications, and modeling related to air dispersion, plume behavior, chemical transport, and health or exposure assessments—whether performed, commissioned, or reviewed by the agency or its interagency partners. This includes assumptions, parameters, 3D terrain data, spatiotemporal inputs, model inputs and outputs, and communication with FEMA, DHS/IMAAC, DOE/NARAC, EPA, NOAA, DTRA, and ATSDR. (Date Range for Record Search: From 2/3/2023 To 5/1/2025)	12/15/2025
2026-EPA-01826	Spaeth, Matthew	ISGS	Please send files that are releasable under the RCRA system for the following RCRA sites: 1) Agency Facilities II, 9540 W Ogden Ave, Brookfield, IL, USEPA #ILD981779036; 2) Brookfield Auto Center, 9136 W Ogden Ave, Brookfield, IL, USEPA #ILD984847749; 3) European and Japanese Auto Svc, 9022 West Ogden, Brookfield, IL, USEPA #ILR000065151; 4) MT&T Inc, 9137 Ogden Ave, Brookfield, IL, USEPA #ILD984925214; 5) SH Refinishing Systems, 9417 Ogden Ave, Brookfield, IL, USEPA #984903617; 6) Aamco Transmission, 8812 W Ogden Ave, Brookfield, IL, USEPA #ILD982419483. I am only requesting files that are already approved for public release; I do not need files that will require additional fees for USEPA to review and redact information. I am primarily interested in amount, type, and years of generation of RCRA wastes. You may omit files unrelated to waste generation. Thank you.	12/15/2025

2026-EPA-01719	Chelmowski, James	-	This is a first-party FOIA request for EPA's eDiscovery Services and/or Relativity Support emails with facts in processing my prior requests. Produced the two (2) types of EPA's eDiscovery Services and Relativity Support emails for each of the identified Relativity workspaces in these requests (examples of these emails are attached to this request). 1) EPA's eDiscovery Services and/or Relativity Support emails which include "Response Needed: Preliminary Search Results" in the subject of the emails for each of these Relativity workspaces in referenced in this request. This email would include the search criteria as in the attached Example #1 with the email subject includes "Response Needed: Preliminary Search Results" and "ED_001308" (Relativity workspace name). 2) EPA's eDiscovery Services and/or Relativity Support emails which include "Complete and Ready for Review" in the subject of the emails for each of these Relativity workspaces in referenced in this request. This email will include the number of records in the Relativity workspace for review or number of documents added to the Relativity workspace. See Example #2 with email subject includes "ED_002298" (Relativity workspace name) and "Complete and Ready for Review". The Relativity Workspace names are for ALL the main Relativity workspaces ED_014002, ED_014386, and ED_014391 with ALL the supplemental workspaces with a letter added to the main Relativity workspace. The following are the Relativity workspaces names include this request for both the two (2) types of emails "Preliminary Search Results" and "Complete and Ready for Review" to be produced. 2026-EPA-01725	Chelmowski, James	-	This is a separate FOIA request for 149 documents in the RelativityOne Government workspace ED_002298 and 315 documents in the RelativityOne Government workspace ED_004848. The EPA identified the existence of these RelativityOne Government workspaces which ED_002298 contains 149 documents in EPA's Relativity Support November 6, 2023 email to EPA system owner Carolyn Scully stating, "Your Relativity 10.3 workspace, ED_002298, has been migrated to the RelOne Gov platform and is ready for review in RelOne Gov. A total of 149 documents were migrated to RelOne Gov." See EPA's 11/6/23 email to system owner Carolyn Scully and others in the attached file. The EPA identified the existence of these RelativityOne Government workspaces which ED_004848 contains 315 documents in EPA's Relativity Support November 7, 2023 email to EPA system owner Carolyn Scully stating, "Your Relativity 10.3 workspace, ED_004848 EPA-2020-005329_10.3, has been migrated to the RelOne Gov platform and is ready for review in RelOne Gov. A total of 315 documents were migrated to RelOne Gov." See EPA's 11/7/23 email to system owner Carolyn Scully and others in the attached file. I have filed a Privacy Act request for a similar request earlier today. EPA system owner Carolyn Scully must provide my rights to the 149 documents in the RelativityOne Government workspace ED_002298 and 315 documents in the RelativityOne Government workspace ED_004848 within 20 business days. Therefore, the EPA must provide both the FOIA and Privacy Act exemptions for withholding any of the 149 documents in ED_002298 and the 315 documents in part or in full. Any releasable, segregable portions of the requested record should still be provided to the requester because requesters are "entitled to the cumulative result of what both [statutes] provide." 2026-EPA-01824	Cagle, James	-	Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I am requesting access to any and all records, reports, correspondence, memoranda, investigations, sampling data, maps, enforcement actions, consent orders, remediation plans, and closure documents related to chemical spills, releases, or contamination incidents occurring on Bragg Street in Lima, New York, dating back to approximately 1954. The specific properties of concern are identified as 175 Bragg Street and 1175 Bragg Street, Lima, NY. It is suspected that these addresses may refer to the same property due to historical or clerical inconsistencies, and I request records associated with either or both address designations. I am specifically seeking information including, but not limited to: - The nature and type of chemicals released - Dates and duration of any releases - The	12/15/2025

			extent of contamination and any documented affected radius or plume mapping - Groundwater impacts and monitoring results - Any remediation actions taken, including dates and methods - Current remediation or site status, including closure determinations - Any institutional controls, water use restrictions, or related public health actions This information is requested to assess the safety of groundwater use on my property located at 7750 Martin Road, Lima, New York. I understand that the original well at this location was closed and that a special water district was established as a result of chemical contamination originating from Bragg Street. I am evaluating whether it is safe to recondition the original well or drill a new well, depending on the documented contamination and remediation history. If responsive records exist in electronic format, I request they be provided electronically. Thank you for your assistance. Sincerely, James Cagle (Date Range for Record Search: From 01/01/1954 To 12/15/2025)

2026-EPA-01854	Sheahin, Marc	SciReg, Inc.	On behalf of our client, J.J. Mauget, I would like to request studies pertaining to the manufacturing process for two of their products. They have no record of this data due to working with various consulting companies. The products are Abasol (Reg.#7946-20) and Imisol (Reg.#7946-21). The relevant MRIDs are 43693401-03 and 43727701-03. I would also like to request the most recently approved data matrices on file for both products and the CSFs on file for Imisol. I requested the CSFs on file for Abasol in a separate FOIA request (Case# 2026-EPA-01582). I will attach an agent letter for reference.	12/16/2025
2026-EPA-01830	Haskins, Caroline	N/A	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records (from January 1, 2022 to the time this request is processed: - Any complaints received by this agency that mention or relate to the company "Saronic" / "SARONIC TECHNOLOGIES, INC" I am a news reporter for WIRED (wired.com), so the requested documents will be made available to the general public, and this request is not being made for commercial purposes. Therefore, I request that any fees are waived. But in the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available. I am also asking for my request to be expedited. The documents I am requesting are newsworthy, given the Secretary of the Navy's recent rhetoric about a "Golden Fleet" "big, beautiful ship," indicating that shipbuilding is a priority for the president. (https://x.com/SECNAV/status/1997495262722334769) The Navy also reportedly recently penned a $392 million deal with Saronic. 2026-EPA-01815	Bogardus, Kevin	E&E News	I request the Annual Staffing Plan at EPA. This plan was to be prepared within 60 days of President Donald Trump's executive order titled "Ensuring Continued Accountability in Federal Hiring," dated Oct. 15, 2025, so no later than Dec. 14, 2025 (please see https://www.whitehouse.gov/presidential-actions/2025/10/ensuring-continued-accountability-in-federal-hiring/). This plan is described in the following excerpt of that order: "(i) Within 60 days of the date of this order, each agency shall prepare an Annual Staffing Plan, in coordination with OPM and the Office of Management and Budget (OMB), to ensure that new career appointments in the upcoming fiscal year are in the highest-need areas and aligned with the priorities of my Administration. Agencies shall submit final Annual Staffing Plans to OPM and OMB. In these plans, agencies shall seek to improve operational efficiency; eliminate duplicative or unnecessary functions and positions; reduce unnecessary or low-value contractor positions; promote employee accountability; enhance delivery of essential services; appropriately prioritize hiring for national security, homeland security, and public safety positions; and implement the recruitment initiatives described in the Merit Hiring Plan. 2026-EPA-01877	Murphy, Erin	Environmental Defense Fund	"Environmental Defense Fund ("EDF") respectfully requests records, as that term is defined at 5 U.S.C. § 552(f)(2) of the Freedom of Information Act ("FOIA"), of Environmental Protection Agency ("EPA") materials related to its internal use of artificial intelligence ("AI") tools. Specifically, EDF requests the following records: 1. The most recent version of EPA's AI Use Case Inventory. Federal agencies are required by law to maintain an inventory of their artificial intelligence use cases (including current and planned uses), and to make these inventories available to the public periodically.1 EPA last publicly shared its AI Use Case Inventory on December 2, 2024.2 However, media sources have reported that the number of use cases documented in the internal inventory has "skyrocketed," increasing from 17 to 103 instances where AI systems have been implemented, designed, or conceptualized.3 EPA's website states it releases updated versions of the inventory annually in the "late fall/early winter," but the inventory remains unavailable as of the date of this request.4 EDF is making this request now to ensure the information in the most up-to-date EPA AI Use Case Inventory can inform public understanding of EPA rulemakings that may be finalized imminently. EDF requests that the AI Use Case Inventory be produced in a readily accessible electronic format such as a .csv, .xlsx, or .pdf file. 2. The "Generative AI Rules of Behavior" guidance document EPA produced for employees, which outlines the rules for appropriate use of generative AI tools. This document is mentioned in EPA's publicly available "Compliance Plan for OMB Memorandum M-25-21."5 The document provides internal guidance for employees and EPA contractors on the safe and appropriate use of generative AI tools, including responsibilities for records management and limitations on specific use cases. EDF requests that this document be produced in a readily accessible electronic format 3. Any other EPA internal AI usage policy or guidelines for employees. For example, in May 2025, Bloomberg Law reported that "EPA has drafted a five page document that lays out rules for agency employees, contractors, subcontractors, grantees, and volunteers in how to use any form of generalized AI."6 EDF requests the most recent versions, and any prior versions, of any documents that fit this description.	12/29/2025

2026-EPA-01932	Amanda Garcia, Amanda Garcia	-	Please see attached [for full request]. Under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, as amended, the Southern Environmental Law Center ("SELC") requests records created, received, or reviewed by the U.S. Environmental Protection Agency ("EPA") related to a "Petition to Eliminate the Disparate Treatment of Portable Combustion Turbines Compared to Portable Reciprocating Internal Combustion Engines" ("Petition") drafted by the Coalition of Mobile Electric Turbine Users ("COMET"). In 2025, COMET prepared a draft Petition to EPA under Section 553(e) of the Administrative Procedure Act and Sections 111, 112, 213 and 216 of the Clean Air Act to encourage EPA to classify portable internal combustion turbine engines as nonroad engines under the Clean Air Act, and posted that draft Petition on its website. We are requesting the following documents related to this Petition: 1. Any final "Petition to Eliminate the Disparate Treatment of Portable Combustion Turbines Compared to Portable Reciprocating Internal Combustion Engines" submitted to EPA by COMET or by any other person or entity.	12/29/2025
2026-EPA-01934	Colburn, Ethan	-	I am requesting complete laboratory analytical reports for groundwater sampling at Fort Benning, Georgia (EPA ID: GA3210020084), Site FBSB-100 (Athletic Field), including the full analyte list, including whether vinyl chloride, TCE, PCE, DCE, benzene, and other VOCs were tested, detection limits, methodology used, and sampling dates. I am also requesting any drinking water quality testing records from 1995-2010 when Fort Benning itself operated the base water system as well as when it was in the process of transitioning the operation of the water system to Columbus Water Works, and any groundwater testing records from 1995-2025. I am specifically interested in any records showing testing for or detections of volatile organic compounds (VOCs), including but not limited to: TCE (trichloroethylene), PCE (tetrachloroethylene), vinyl chloride, DCE (dichloroethylene), and benzene. I am an individual requester. If my fee for this request exceeds $200.00, please contact me before proceeding. (Requester emailed the following on 12.22.2025 to add to their request) I am writing to clarify that my request also includes: Consumer Confidence Reports (CCRs) for Fort Benning's public water system from 1999-2004. 2026-EPA-01988	Jolles, Ward	KPTV FOX 12 OREGON	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request records related to the facility operated by The Boeing Company located at 19000 NE Sandy Blvd, Portland, Oregon, identified in EPA's ECHO database as Facility ID 110000487633. This facility has been listed as having ongoing High Priority Violations (HPVs) under the Clean Air Act across multiple consecutive quarters. I am seeking records that explain the nature, duration, and regulatory response to these violations, including why they remain unresolved according to EPA compliance data. Specifically, I request the following records from January 1, 2023, to present: All communications (including emails, memoranda, letters, and attachments) between EPA Region 10 and the Oregon Department of Environmental Quality (DEQ) regarding Clean Air Act compliance, enforcement actions, or compliance determinations for the Boeing facility at 19000 NE Sandy Blvd. All internal EPA communications, analyses, or evaluations concerning: The designation of this facility as a High Priority Violator The duration and persistence of the violations Any delays, barriers, or considerations affecting enforcement or resolution Any Notices of Violation, enforcement referrals, compliance orders, or enforcement recommendations issued, considered, or drafted by EPA related to this facility. Records explaining why the facility continues to be listed as "Unaddressed" in EPA's ECHO database, including documentation supporting quarterly compliance determinations. Communications between EPA and Boeing (or its representatives) regarding air emissions, permit compliance, corrective actions, timelines for resolution, or enforcement discretion. Records submitted to or generated by EPA for purposes of updating or maintaining compliance status information in the ECHO database for this facility. If any portion of these records is withheld, please identify the specific FOIA exemption(s) relied upon and release all reasonably segregable non-exempt information. I request that records be provided in electronic format whenever possible. I also request a waiver of all search, review, and duplication fees. Disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of how federal environmental laws are enforced, particularly regarding air quality compliance at a major industrial facility located in a densely populated area of Portland. I am a journalist reporting for a Portland-based television news organization, and the information obtained will be used for factual news reporting and dissemination to the general public through broadcast and digital platforms. 2026-EPA-01857	Gulledge, Bill	American Chemistry Council	we hereby request the following information supporting the EPA assessments: • Statistical files (input and output) for statistical dose-response modeling of the NIOSH epidemiological data that was provided by Dr. Steenland, Dr. Deddens and/or other NIOS scientists to EPA. This should include all analysis that were conducted for the different spline models for both cancers, and sequential testing of different knots and lags. For example, the main report indicates statistical analysis for different increments of knots using both linear and log-linear models, but did not provide complete details in Appendix D. • Communications between EPA and consultants (e.g., Dr. Steenland, Dr. Deddens and others at NIOSH) regarding the statistical modeling analysis applied to the NIOSH data. • Communications between EPA and consultants regarding lost exposure modeling data for the NIOSH data. • E-mail communications between EPA (e.g., chemical manager Jennifer Jinot) and Dr. Steenland or other NIOSH scientists regarding EPA figures or figure legend notes about comparisons along the y-axis. More recent communications between EPA and outside consultants regarding EPA figures or figure legend notes about comparisons along the y-axis. • Analysis and emails regarding EPA's statistical and graphical analysis of dose-response patterns in rodent inhalation studies presented on P. 79-85 of the EPA's response to comments on the MON . • Analysis and emails with consultants regarding the TCEQ "reality check" presented on pp. 87-91 of EPA's RTC on the MON. • Analysis and emails with consultants supporting Table 1 on p. 101 of EPA's RTC on the HON and regarding TCEQ analysis in section 1.2.1.3.4.2 on pp. 95-103 • EPA's evaluation and emails with consultants regarding TCEQ(2023) response to EPA's critiques of TCEQ Assessment. • Materials related to EPA's presentation to NAS including email communications between EPA	12/30/2025

			scientists and NIOSH scientists regarding the Kelly-Reif, et al that EPA cites as further evidence supporting the EPA IRIS dose-response model . • Statistical input/output files for breast cancer incidence data and lymphoid cancer mortality data conducted by Dr. Steenland, Dr. Deddens and/or others at NIOSH under contract with EPA. This includes SAS or other statistical package files that were used to generate Figures 4-3, 4-5, and 4-6 in the EPA (2016) IRIS Assessment. 2026-EPA-01996	Chelmowski, James	-	Please provide my right to the EPA's FOIA appeal decision for my December 16, 2024 FOIA appeal for FOIA request 2025-EPA-001049. EPA Kevin Miller's December 10, 2024 full denial of my November 6, 2024 request for four (4) documents that would either support or impeach the EPA attorneys' October 14, 2020 Declarations relied on by the US District Court and US Court of Appeals. No one at the EPA would email my rights to the EPA's FOIA appeal decision from my December 19, 2025, to December 23, 2025 email requests. Therefore, I pray the EPA will provide my rights to the EPA's FOIA appeal decision for my December 16, 2024 FOIA appeal for EPA's full denial of my request 2025-EPA-001049 through this December 29, 2025 FOIA request. Of course, all EPA attorneys must comply with their attorney ethic requirements including Candor to Tribunals, "It is professional misconduct for a lawyer to engage in conduct involving dishonesty, fraud, deceit or misrepresentation" and all attorneys' must report other attorney's misconduct especially if the facts in the responsive records in the November 6, 2024 request and the December 16, 2024 FOIA appeal do not affirm attorney Timothy Epp's Declaration statements. Attached is my December 16, 2024 FOIA appeal with EPA attorney Kevin Miller's December10, 2024 full denial letter.	12/30/2025

2026-EPA-02034	Russell, Pye	-	Please direct this request to the office that was previously the Climate Change Division, or whoever currently manages Greenhouse Gas Reporting Program data. Please provide the Greenhouse Gas Reporting Program subpart W data described below for the 2024 reporting year. The quantity of residue gas leaving that has been processed by the facility and any gas that passes through the facility to sales without being processed by the facility, as required to be reported by 40 CFR 98.236(aa)(3)(ix). Please provide this information for all facilities in the natural gas processing industry segment that reported under subpart W in the 2024 reporting year. Please provide data in Excel format, with one column with the public facility ID and one column with the corresponding throughput volume. The quantity of natural gas transported through the compressor station in the calendar year, in thousand standard cubic feet, as required to be reported by 0 CFR 98.236(aa)(4)(i). Please provide this information for all facilities in the natural gas transmission compression industry segment that reported under subpart W in the 2024 reporting year. Please provide data in Excel format, with one column with the public facility ID and one column with the corresponding throughput volume. Because this FOIA request is being submitted before the publication of reporting year 2024 data, please provide the requested information as soon as the 2024 data are made public. I recognize that the processing data are currently considered CBI and EPA has not made a CBI determination for the transmission compression data. However, these data would have become publicly available under the Waste Emissions Charge (WEC) rule, which is no longer in effect. In the proposed WEC rule, EPA specifically requested comment on the fact that these two data metrics would become public. EPA did not receive any comments on this subject, indicating that industry and subpart W reporters do not oppose the release of this information.	12/31/2025

2026-EPA-02028	Carey, Myles	US Embassy	Subject FOIA Request – EPA Superfund Records for Puget Sound Naval Shipyard (Bremerton, WA) To Whom It May Concern, Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I respectfully request access to records maintained by the U.S. Environmental Protection Agency (EPA) related to environmental investigations, assessments, or remediation activities associated with Puget Sound Naval Shipyard (PSNS), Bremerton, Washington. Specifically, I am requesting records that relate to environmental conditions, contamination, or hazardous substances associated with the shipyard during or prior to calendar year 1982, including any materials later used to support Superfund or CERCLA-related actions. This request includes, but is not limited to: Site inspection reports, preliminary assessments, or remedial investigation documents related to Puget Sound Naval Shipyard. Environmental sampling or monitoring data, including soil, groundwater, air, or sediment sampling results, particularly those reflecting conditions prior to or during the early 1980s. Records identifying hazardous substances or contaminants known to be present at the shipyard, including but not limited to solvents, fuels, metals, PCBs, asbestos, or other industrial contaminants. Risk assessments, health assessments, or environmental evaluations conducted by or for the EPA that reference conditions at Puget Sound Naval Shipyard. Correspondence or reports between the EPA and the U.S. Navy or other federal entities concerning environmental conditions, contamination, or remediation planning at the shipyard. This request is made to document historical environmental conditions associated with industrial and ship repair operations at Puget Sound Naval Shipyard during the early 1980s. It is not intended to assert fault or liability, but rather to obtain accurate historical information maintained by the Agency. If responsive records have been archived, transferred, or retired, please advise where such materials may be accessed. If any portion of the requested records is exempt from disclosure, I respectfully request release of all reasonably segregable non-	12/31/2025
